AAS/N0103: Unloading of an aircraft load

Description

This unit is about performing unloading of loads from an aircraft

Elements and Performance Criteria

Approaching the aircraft

To be competent, the user/individual on the job must be able to:

- PC1.** understand the signs which indicate that it is safe to approach the aircraft
- PC2.** identify the Personal Protective Equipment (PPE) required to perform the function
- PC3.** ensure that the equipment or personnel approach the aircraft from the right direction and as per the operational guidelines set forth by the organisation or regulators
- PC4.** ensure that the equipment is parked at the designated location to perform its function
- PC5.** ensure that the equipment is secured and no movement of equipment can take place which can damage the aircraft

Opening of cargo doors on the aircraft

To be competent, the user/individual on the job must be able to:

- PC6.** identify the location of the cargo door controls
- PC7.** ensure that the equipment is in a safe configuration and shall not restrict or hit the cargo door in the process of its opening
- PC8.** ensure that no external force is applied to the cargo doors in case of any fault in the process of cargo door opening
- PC9.** ensure that the cargo door is opened only by individuals who are authorized as per organisation policy or by regulatory guidelines
- PC10.** ensure that any visual defect observed on the cargo door is immediately escalated to appropriate personnel without any delay

Initiate unloading of the aircraft load

To be competent, the user/individual on the job must be able to:

- PC15.** ensure that during the process of moving the cargo in the cargo compartment there is no damage to the cargo or the aircraft.
- PC16.** escalate to the appropriate personnel if any cargo is found damaged or in case of any issue observed which can impact the security or safety of aircraft.
- PC11.** align the unloading equipment in line with the cargo door sill
- PC12.** ensure that the load can be transferred from the aircraft cargo, equipment or aircraft
- PC13.** ensure that the unloading sequence is in line with the instructions from the loading supervisor and organisation policies.
- PC14.** ensure that the person is physically fit to enter into confined space and move or lift cargo in a sitting or kneeling position, if the space is not enough for the personnel to stand.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

Qualification Pack

- KU1.** organisation safety policy and procedures, basic compliance to technical requirements and standards; safety and hazards, PPE
- KU2.** organisation structure
- KU3.** escalation procedure
- KU4.** types of aircraft and the location of cargo doors on the aircraft
- KU5.** the opening mechanism of cargo doors on different types of aircraft
- KU6.** the location reference or design of location numbers within the cargo compartment of different types of aircraft
- KU7.** self-evaluation of health concerns like back pain or injury
- KU8.** basic first aid procedures
- KU9.** airside safety regulations
- KU10.** aviation security regulations

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** write either in English or in the preferred local language events that took place on a flight if required due to any circumstances.
- GS2.** read the details of any instructions
- GS3.** read and understand the organisation policies & procedures
- GS4.** communicate clearly with supervisors and peers
- GS5.** regularly communicate with all employees in the chain of activities to ensure activities are running smoothly
- GS6.** share best practices with peers and subordinates
- GS7.** make decisions on a suitable course of action or response if permitted by the authority matrix
- GS8.** monitor efficient functioning of all activities
- GS9.** plan and organise work to achieve targets and deadlines
- GS10.** identify trends/common causes for errors and suggest possible solutions to the supervisor / management
- GS11.** identify and correct errors
- GS12.** concentrate on task at hand and complete it without errors
- GS13.** apply balanced judgments to different situations

DGT/VSQ/N0102: Employability Skills (60 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Career Development & Goal Setting
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** identify employability skills required for jobs in various industries
- PC2.** identify and explore learning and employability portals

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

- PC3.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. and personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC4.** follow environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC5.** recognize the significance of 21st Century Skills for employment
- PC6.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life

Basic English Skills

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC7.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC8.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC9.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC10.** understand the difference between job and career
- PC11.** prepare a career development plan with short- and long-term goals, based on aptitude

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC12.** follow verbal and non-verbal communication etiquette and active listening techniques in various settings
- PC13.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC14.** communicate and behave appropriately with all genders and PwD
- PC15.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC16.** select financial institutions, products and services as per requirement
- PC17.** carry out offline and online financial transactions, safely and securely
- PC18.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC19.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC20.** operate digital devices and carry out basic internet operations securely and safely
- PC21.** use e- mail and social media platforms and virtual collaboration tools to work effectively
- PC22.** use basic features of word processor, spreadsheets, and presentations

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC23.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC24.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC25.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC26.** identify different types of customers
- PC27.** identify and respond to customer requests and needs in a professional manner.

Qualification Pack

PC28. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC29. create a professional Curriculum vitae (Résumé)

PC30. search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively

PC31. apply to identified job openings using offline /online methods as per requirement

PC32. answer questions politely, with clarity and confidence, during recruitment and selection

PC33. identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills and different learning and employability related portals

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up

KU6. importance of career development and setting long- and short-term goals

KU7. about effective communication

KU8. POSH Act

KU9. Gender sensitivity and inclusivity

KU10. different types of financial institutes, products, and services

KU11. how to compute income and expenditure

KU12. importance of maintaining safety and security in offline and online financial transactions

KU13. different legal rights and laws

KU14. different types of digital devices and the procedure to operate them safely and securely

KU15. how to create and operate an e- mail account and use applications such as word processors, spreadsheets etc.

KU16. how to identify business opportunities

KU17. types and needs of customers

KU18. how to apply for a job and prepare for an interview

KU19. apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. read and write different types of documents/instructions/correspondence

GS2. communicate effectively using appropriate language in formal and informal settings

Qualification Pack

- GS3.** behave politely and appropriately with all
- GS4.** how to work in a virtual mode
- GS5.** perform calculations efficiently
- GS6.** solve problems effectively
- GS7.** pay attention to details
- GS8.** manage time efficiently
- GS9.** maintain hygiene and sanitization to avoid infection

Qualification Pack

AAS/N0702: Operate a vehicle airside

Description

This unit is about driving safely on the airfield in a controlled manner, following airside signage/ markings and driving regulations

Elements and Performance Criteria

Prepare a vehicle for airside use

To be competent, the user/individual on the job must be able to:

- PC1.** make sure that airside driving authorisation/ license is appropriate to the vehicle
- PC2.** confirm that the vehicle is lit and marked according to airside driving requirements
- PC3.** complete documents relating to using the vehicle in line with the organisation procedures

Manoeuvre a vehicle airside

To be competent, the user/individual on the job must be able to:

- PC4.** manoeuvre the vehicle in a controlled manner in all conditions
- PC5.** park the vehicle safely in appropriate areas in line with organisation procedures
- PC6.** follow airside signage/ markings
- PC7.** give priority to moving aircraft at all times
- PC8.** maintain a safe distance between the vehicle and aircraft at all time as defined by regulatory guidelines
- PC9.** make sure that all doors and shutters (where relevant) are closed while driving the vehicle
- PC10.** reverse the vehicle according to organisational and regulatory guidelines
- PC11.** be constantly vigilant when driving

Maintain procedures and practices which contribute to safety of airside traffic and apron operations

To be competent, the user/individual on the job must be able to:

- PC12.** wear appropriate Personal Protective Equipment (PPE) while driving
- PC13.** secure vehicle loads in line with the organisation procedures
- PC14.** carry an airside driving pass or license in line with the organisation procedures and regulatory guidelines
- PC15.** take appropriate remedial action when foreign object debris (FOD) or spillage is seen on the airfield/apron
- PC16.** report dangerous or unsafe practices to appropriate authority
- PC17.** get rid of all waste products in line with the organisation procedures and regulatory guidelines
- PC18.** provide unhindered access for emergency services at all times

Comply with airside accident, hazard and emergency procedures

To be competent, the user/individual on the job must be able to:

- PC19.** report all airside accidents and emergencies in line with organisation procedures and regulatory guidelines
- PC20.** respond to airside accidents and emergencies in line with organisation procedures and regulatory guidelines

Qualification Pack

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** organisation safety policy and procedures; basic compliance to technical requirements and standards; safety and hazards
- KU2.** organisation structure
- KU3.** escalation procedure
- KU4.** organisation and regulatory procedures as they may apply to airside operations.
- KU5.** airside safety instruction
- KU6.** airside safety areas (roads, manoeuvring areas, stands) in relation to license categories
- KU7.** airside signs and markings
- KU8.** aircraft crossing points
- KU9.** airport and stand layout
- KU10.** speed limits
- KU11.** airside parking regulations
- KU12.** regulations concerning reversing
- KU13.** low visibility notification and operating procedures
- KU14.** the effect that poor weather conditions including snow and ice, high winds, rain/surface water, lightning and heat on driving airside

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** complete documents related to use of vehicle
- GS2.** interpret airport and stand layout
- GS3.** read airside safety instructions
- GS4.** read airside parking regulations
- GS5.** communicate clearly with supervisors and peers
- GS6.** regularly communicate with all employees in the chain of activities to ensure efficient operations
- GS7.** share best practices with peers and subordinates
- GS8.** understand types of faults occurring and how to deal with it
- GS9.** monitor efficient functioning of all activities
- GS10.** prioritize and execute tasks in within the scheduled time limits
- GS11.** identify trends/common causes for errors and suggest possible solutions to the supervisor / management
- GS12.** identify and correct errors
- GS13.** take the most appropriate remedial action when hazards are identified on the airfield
- GS14.** concentrate on the task at hand and complete it without errors

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Qualification Pack

Minimum Aggregate Passing % at QP Level : 60

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Assessment Weightage

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
