AAS/N0502: Follow safety and security procedures

Description

This unit is about following awareness of safety and security procedures as defined by organisational policies and regulatory guidelines

Elements and Performance Criteria

Comprehending the safety and security procedures for conduct of operations

To be competent, the user/individual on the job must be able to:

- PC1.** comply with the organisations safety and security policies and procedures
- PC2.** comply with the regulatory guidelines on safe conduct of operations and maintenance of conditions to thwart any acts of unlawful interference
- PC3.** report any identified breaches of safety, and security policies and procedures to the designated person
- PC4.** coordinate with other resources at the workplace (within and outside the organisation) to achieve safe and secure environment
- PC5.** identify and mitigate any safety and security hazards like illness, accidents, fires or acts of unlawful interference if it falls within the limits of individuals authority
- PC6.** report any hazards outside the individuals authority to the relevant person in line with organisational procedures and regulatory guidelines
- PC7.** follow organisations emergency procedures for accidents, fires or acts of unlawful interference
- PC8.** identify and recommend opportunities for improving health, safety, and security to the designated person
- PC9.** complete all health and safety records are updates and procedures well defined

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** hazard identification and risk management as defined within the organisational policy and procedures
- KU2.** regulatory requirements and organisations procedures for maintenance of safety and security standards and individuals role and responsibilities in relation to this
- KU3.** how and when to report hazards
- KU4.** the limits of responsibility for dealing with hazards
- KU5.** the organisations emergency procedures for different emergency situations and the importance of following these
- KU6.** importance of maintaining high standards of safety and security
- KU7.** implications that any non-compliance with safety and security may have on individuals and the organisation
- KU8.** different types of breaches of safety and security and how and when to report these
- KU9.** evacuation procedures for workers and passengers

Qualification Pack

- KU10.** how to summon medical assistance and the emergency services, where necessary
KU11. how to use the health, safety and accident reporting procedures and the importance of these
KU12. regulatory guidelines on dealing with safety and security emergencies

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** complete accurately a well written report in English language detailing the situations of emergency with attention to detail
GS2. read instructions/guidelines/procedures/rules
GS3. listen to and orally communicate information with all concerned
GS4. make decisions on a suitable course of action or response if permitted by the authority matrix
GS5. monitor efficient functioning of all activities
GS6. plan and organize work to achieve targets and deadlines
GS7. communicate with passengers and other stakeholders in a courteous manner
GS8. maintain cordial work relationship
GS9. identify trends/common causes for errors and suggest possible solutions to the supervisor / management
GS10. identify and correct errors
GS11. analyse best possible solutions (cost, time, effort, etc.) suited for operations
GS12. concentrate on task at hand and complete it without error
GS13. apply balanced judgments to different situations

AAS/N0701: Prestart inspection of equipment/ vehicle

Description

This unit is about performing prestart inspection of equipment or vehicle

Elements and Performance Criteria

Reviewing prestart inspection checklist

To be competent, the user/individual on the job must be able to:

- PC1.** identify the appropriate prestart inspection checklist for the respective equipment/vehicle
- PC2.** perform the prestart inspection on the respective equipment/vehicle as per the checklist and the guidelines of the supervisor
- PC3.** identify any defects on the equipment/vehicle and determine if the same can impact the operations of the equipment/vehicle

Recording of inspection findings

To be competent, the user/individual on the job must be able to:

- PC4.** ensure that all the findings against the prestart inspection checklist are duly filled in the appropriate checklist forms
- PC5.** record any additional defects found beyond the prestart inspection checklist in the appropriate form in relevant detail
- PC6.** file the duly filled form in the manner as defined by the organisation or regulatory policies and procedures

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** organisation safety policy and procedures; basic compliance to technical requirements and standards; safety and hazards
- KU2.** organisation structure
- KU3.** escalation procedure
- KU4.** types of equipment/vehicles in use
- KU5.** basic knowledge of the various operating parts of an equipment/vehicle
- KU6.** basic knowledge of the kinds of defects that can be observed on an equipment/vehicle
- KU7.** airside safety regulations
- KU8.** airside driving regulations
- KU9.** aviation security regulations

Generic Skills (GS)

User/individual on the job needs to know how to:

Qualification Pack

- GS1.** write in English language the inspection findings and defects observed on the equipment / vehicle
- GS2.** read the details of any instructions
- GS3.** read and understand the organisation policy & procedures
- GS4.** read the equipment/vehicle maintenance manual
- GS5.** communicate clearly with supervisors and peers
- GS6.** regularly communicate with all employees in the chain of activities to ensure efficient operations
- GS7.** share best practices with peers and subordinates
- GS8.** make decisions on a suitable course of action or response if permitted by the authority matrix
- GS9.** monitor efficient functioning of all activities
- GS10.** plan and organise work to achieve targets and deadlines
- GS11.** identify trends/common causes for errors and suggest possible solutions to the supervisor / management

AAS/N0702: Operate a vehicle airside

Description

This unit is about driving safely on the airfield in a controlled manner, following airside signage/ markings and driving regulations

Elements and Performance Criteria

Prepare a vehicle for airside use

To be competent, the user/individual on the job must be able to:

- PC1.** make sure that airside driving authorisation/ license is appropriate to the vehicle
- PC2.** confirm that the vehicle is lit and marked according to airside driving requirements
- PC3.** complete documents relating to using the vehicle in line with the organisation procedures

Manoeuvre a vehicle airside

To be competent, the user/individual on the job must be able to:

- PC4.** manoeuvre the vehicle in a controlled manner in all conditions
- PC5.** park the vehicle safely in appropriate areas in line with organisation procedures
- PC6.** follow airside signage/ markings
- PC7.** give priority to moving aircraft at all times
- PC8.** maintain a safe distance between the vehicle and aircraft at all time as defined by regulatory guidelines
- PC9.** make sure that all doors and shutters (where relevant) are closed while driving the vehicle
- PC10.** reverse the vehicle according to organisational and regulatory guidelines
- PC11.** be constantly vigilant when driving

Maintain procedures and practices which contribute to safety of airside traffic and apron operations

To be competent, the user/individual on the job must be able to:

- PC12.** wear appropriate Personal Protective Equipment (PPE) while driving
- PC13.** secure vehicle loads in line with the organisation procedures
- PC14.** carry an airside driving pass or license in line with the organisation procedures and regulatory guidelines
- PC15.** take appropriate remedial action when foreign object debris (FOD) or spillage is seen on the airfield/apron
- PC16.** report dangerous or unsafe practices to appropriate authority
- PC17.** get rid of all waste products in line with the organisation procedures and regulatory guidelines
- PC18.** provide unhindered access for emergency services at all times

Comply with airside accident, hazard and emergency procedures

To be competent, the user/individual on the job must be able to:

- PC19.** report all airside accidents and emergencies in line with organisation procedures and regulatory guidelines
- PC20.** respond to airside accidents and emergencies in line with organisation procedures and regulatory guidelines

Qualification Pack

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** organisation safety policy and procedures; basic compliance to technical requirements and standards; safety and hazards
- KU2.** organisation structure
- KU3.** escalation procedure
- KU4.** organisation and regulatory procedures as they may apply to airside operations.
- KU5.** airside safety instruction
- KU6.** airside safety areas (roads, manoeuvring areas, stands) in relation to license categories
- KU7.** airside signs and markings
- KU8.** aircraft crossing points
- KU9.** airport and stand layout
- KU10.** speed limits
- KU11.** airside parking regulations
- KU12.** regulations concerning reversing
- KU13.** low visibility notification and operating procedures
- KU14.** the effect that poor weather conditions including snow and ice, high winds, rain/surface water, lightning and heat on driving airside

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** complete documents related to use of vehicle
- GS2.** interpret airport and stand layout
- GS3.** read airside safety instructions
- GS4.** read airside parking regulations
- GS5.** communicate clearly with supervisors and peers
- GS6.** regularly communicate with all employees in the chain of activities to ensure efficient operations
- GS7.** share best practices with peers and subordinates
- GS8.** understand types of faults occurring and how to deal with it
- GS9.** monitor efficient functioning of all activities
- GS10.** prioritize and execute tasks in within the scheduled time limits
- GS11.** identify trends/common causes for errors and suggest possible solutions to the supervisor / management
- GS12.** identify and correct errors
- GS13.** take the most appropriate remedial action when hazards are identified on the airfield
- GS14.** concentrate on the task at hand and complete it without errors

ELE/N9905: Work effectively at the workplace

Description

This unit is about the communicating and managing work effectively at the workplace as well as taking measures to enhance own competence and working in a disciplined and ethical manner.

Scope

The scope covers the following :

- Communicate effectively at the workplace
- Work effectively
- Maintain and enhance professional competence
- Work in a disciplined and ethical manner
- Uphold social diversity at the workplace

Elements and Performance Criteria

Communicate effectively at the workplace

To be competent, the user/individual on the job must be able to:

- PC1.** exchange information and instruction with colleagues, and seek clarifications and feedback as necessary
- PC2.** assist colleagues where required
- PC3.** follow business communication etiquette in all interactions and communicative formats (online, digital, and in-person)
- PC4.** document and share all relevant information with stakeholders in agreed formats and as per agreed timelines

Work effectively

To be competent, the user/individual on the job must be able to:

- PC5.** identify and obtain clarity regarding organisational, team and own goals and targets
- PC6.** prioritise and plan work in order to achieve goals and targets
- PC7.** monitor own and team performance as per agreed plan
- PC8.** complete duties accurately, systematically and within required timeframes
- PC9.** express emotions appropriately at the workplace and manage own response to heightened emotions
- PC10.** maintain orderliness and cleanliness in the work area

Maintain and enhance professional competence

To be competent, the user/individual on the job must be able to:

- PC11.** identify own strengths and weaknesses in relation to goals and targets
- PC12.** adapt self, service, or product to meet success criteria
- PC13.** seek and select opportunities for continuous professional development
- PC14.** formulate a professional development plan to enhance capabilities

Qualification Pack

- PC15.** build or contribute to the organizational knowledge base of cases, clients, issues, solutions, and innovations
- PC16.** examine developments and trends in field of work and their potential impact on work
- PC17.** take feedback from peers, supervisors and clients to improve own performance and practices

Work in a disciplined and ethical manner

To be competent, the user/individual on the job must be able to:

- PC18.** perform tasks as per workplace standards, organisational policies and legislative requirements
- PC19.** display appropriate professional appearance at the workplace and adhere to the organisational dress code
- PC20.** demonstrate responsible and disciplined behaviour at the workplace such as punctuality; completing tasks as per given time and standards; demonstrating professional behaviour at all times, adopting environment- friendly practices, etc.
- PC21.** identify the cause of conflict and options for resolution with peers or escalate grievances and problems to appropriate authority as per procedure for conflict resolution
- PC22.** protect the rights of the client and organisation when delivering services
- PC23.** ensure services are delivered equally to all clients regardless of personal and cultural beliefs
- PC24.** operate within an agreed ethical code of practice and report unethical conduct to the appropriate authorities
- PC25.** follow organisational guidelines and legal requirements on disclosure and confidentiality

Uphold social diversity at the workplace

To be competent, the user/individual on the job must be able to:

- PC26.** recognize and evaluate biased practices against underrepresented groups like women and persons with disabilities, in workplace systems and processes
- PC27.** identify and report discrimination and harassment based on gender, disability, or cultural difference at the workplace
- PC28.** use inclusive or neutral language and gestures in all interactions
- PC29.** respect the personal and professional space of others
- PC30.** access grievance redressal mechanisms as per legislations

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** organisation's policies on dress code, workplace timings, workplace behaviour, performance management, incentives, delivery standards, information security, etc.
- KU2.** organizational hierarchy and escalation matrix
- KU3.** importance of the individual's role in the workflow
- KU4.** organisational norms on health, safety and sustainability
- KU5.** work area inspection procedures and practices
- KU6.** professional etiquette and grooming

Qualification Pack

- KU7.** communication etiquette across communicative mediums (online, digital, and in-person) including strategies/methods for sharing information, documentation, and providing and receiving feedback
- KU8.** importance of self-evaluations and developing a continuous learning and professional development plan
- KU9.** developments and trends impacting professional practice
- KU10.** importance of taking and using feedback from colleagues and clients to identify and introduce improvements in work performance
- KU11.** professional ethics and workplace norms on reporting and/or penalizing unethical behaviour and practices.
- KU12.** guidelines and legal requirements on disclosure, confidentiality, and conflicts of interest
- KU13.** strategies for collaboration with colleagues and clients.
- KU14.** professional responses and strategies against inappropriate language or behaviour toward self and others
- KU15.** Implicit bias (based on gender, disability, class, caste, colour, race, culture, religion, etc.) and its consequences in the workplace
- KU16.** organizational guidelines, prevalent legislations and accessibility norms and processes to support PwDs at the workplace
- KU17.** strategies for time, effort and resource allocation towards the goals.
- KU18.** basic concepts of work productivity including waste reduction, efficient material usage and optimization of time

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** complete documentation and forms such as work orders, invoices maintenance records activity logs, attendance sheets as per organizational format in English and/or local language
- GS2.** write basic accident or incident report accurately in an appropriate format
- GS3.** read warnings, instructions and other text material on product labels, components, etc. and relevant signages, warnings, labels or descriptions on equipment, etc. while carrying out work activities
- GS4.** convey and share technical information clearly using appropriate language
- GS5.** clarify task-related information
- GS6.** liaise with authorities and supervisors as per organizational protocol
- GS7.** listen, speak, and write in an inclusive, respectful manner in line with organizational protocol
- GS8.** seek clarification from immediate supervisor or responsible authority or exercise most appropriate solutions to safety breaches at work
- GS9.** report to the supervisor and when to deal with a colleague depending on the type of concern
- GS10.** deliver product to next work process on time
- GS11.** improve work process and report potential areas of delays and disruptions
- GS12.** communicate problems appropriately to others
- GS13.** identify symptoms of the fault to the cause of the problem and resolve, otherwise seek assistance and support from other sources to solve the problem

Qualification Pack

- GS14.** anticipate and avoid hazards that may occur during repairs because of tools, materials used or repair processes
- GS15.** complete tasks efficiently and accurately within stipulated time
- GS16.** appreciate and respect social diversity in all professional settings
- GS17.** develop awareness and accountability for perspectives on gender, disabilities, and socio-cultural issues leading to discrimination, bias, or harassment at the workplace
- GS18.** maintain positive and effective relationships with colleagues and customers

Qualification Pack

THC/N9916: Follow and Maintain Green Practices

Description

This unit is about adopting sustainable practices and optimizing use of resources, especially energy and waste, in day-to-day operations at work.

Scope

The scope covers the following :

- Following material conservation practices
- Ensuring effective waste management/recycling practices
- Ensuring use of eco-friendly practices

Elements and Performance Criteria

Following material conservation practices

To be competent, the user/individual on the job must be able to:

- PC1.** identify ways to optimize usage of material including water in various tasks/activities
- PC2.** check for spills/leakages, plug them and escalate to appropriate authority if unable to rectify
- PC3.** ensure electrical equipment and appliances are switched off when not in use

Ensuring effective waste management/recycling practices

To be competent, the user/individual on the job must be able to:

- PC4.** identify recyclable and non-recyclable, and hazardous waste generated
- PC5.** dispose non-recyclable waste appropriately
- PC6.** follow processes specified for disposal of hazardous waste
- PC7.** ensure reuse and recycling of waste wherever applicable

Ensuring use of eco-friendly practices

To be competent, the user/individual on the job must be able to:

- PC8.** identify materials which can be replaced by environment friendly substitutes
- PC9.** follow SOPs to conserve and re-use water

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** organization's procedures for minimizing waste
- KU2.** common sources of pollution and ways to minimize it
- KU3.** methods of optimum utilization of waste and best practices for waste disposal
- KU4.** categorization of waste into dry, wet, recyclable, non-recyclable and items of single-use plastics

Generic Skills (GS)

Qualification Pack

User/individual on the job needs to know how to:

- GS1.** decide on appropriate waste disposal methods
- GS2.** analyse and select best suited environment friendly practices

HSS/N9624: Maintain a safe and secure working environment

Description

This OS unit is about the ensuring a safe and secure working environment

Scope

The scope covers the following :

- Workplace safety and security

Elements and Performance Criteria

Workplace safety and security

To be competent, the user/individual on the job must be able to:

- PC1.** identify potential hazards of safe work practices
- PC2.** use various hospital codes for emergency situations
- PC3.** comply with safety, and security procedures within the defined scope of competence and authority
- PC4.** provide Basic Life Support (BLS) and first aid whenever applicable under defined scope of work
- PC5.** follow organizations' procedures related to any emergency efficiently
- PC6.** report any identified breaches in health, safety, and security procedures to the designated person
- PC7.** complete any health and safety records accurately

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** the importance of health, safety, and security in the workplace
- KU2.** how to identify safety and security hazards
- KU3.** the importance of identifying individual responsibilities in relation to maintaining workplace safety and security requirements
- KU4.** the relevant up-to-date information on safety, and security that applies to the workplace
- KU5.** how to report any emergency
- KU6.** various hospital codes for emergency situations
- KU7.** how to create safety records and maintain them
- KU8.** concept of first aid and BLS
- KU9.** the importance of raising alarm about hazards for safety of others

Generic Skills (GS)

User/individual on the job needs to know how to:

Qualification Pack

- GS1.** read and understand organization policies and procedures
- GS2.** prepare status and progress reports
- GS3.** • communicate information (for example, facts, ideas, or messages) in a brief, clear, and
• organized manner
- GS4.** make decisions pertaining to the area of work
- GS5.** plan for safety of the work environment
- GS6.** identify hazards, evaluate possible solutions and suggest effective solutions
- GS7.** analyze the seriousness of hazards

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Qualification Pack

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Assessment Weightage

Compulsory NOS

National Occupational Standards	Theory Marks	Practical Marks	Project Marks	Viva Marks	Total Marks	Weightage

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
