AAS/N4302: Assist in different cargo operations at the airport

Description

This unit is about assisting in various cargo handling operations at the airport, including loading, unloading, storing, and moving cargo safely and efficiently. It also involves supporting equipment operators, handling special cargo types, and reporting any damages or irregularities to ensure smooth and secure cargo operations

Scope

The scope covers the following :

- Assist in loading/unloading cargo from ULDs, trolleys, and trucks.
- Handle special cargo types like DG, AVI, PER, VAL as per guidelines.
- Support cargo retrieval and build-up at workstations.
- Report any cargo damage to supervisors or security.

Elements and Performance Criteria

Assisting in cargo operations at the airport

To be competent, the user/individual on the job must be able to:

- PC1.** assist the cargo supervisor/ team leader
- PC2.** perform loading and unloading cargo to/ from ULD/ BTs
- PC3.** assist Equipment Operator (export) to retrieve cargo from storage location to facilitate build-up of cargo at the workstations
- PC4.** load cargo into ULDs and trolleys; secure cargo loaded onto pallets
- PC5.** store cargo as per specific requirements like DG, AVI, PER, VAL etc.
- PC6.** perform loading/unloading shipments from trucks
- PC7.** lift the cargo carefully to avoid damages from trolley or ULDs and take assistance from Forklift operators to handle heavy Cargo
- PC8.** report to Supervisors/ Security if any damage found
- PC9.** follow the guidelines when handle special cargos like DG, AVI, PER, VAL etc

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** procedures and policies of the organisation relevant to his/her work
- KU2.** fill forms related to transportation of cargo and mail by air
- KU3.** policies and procedures for handling sensitive cargo
- KU4.** appropriate reporting processes
- KU5.** procedure for accepting cargo and the requisite documents for different types of cargo example dangerous goods
- KU6.** how to identify hidden dangerous goods

Qualification Pack

- KU7.** information contained on cargo airway bills
- KU8.** approved airport codes
- KU9.** types of loading devices like ULDs, pallets, trolleys
- KU10.** how to use the loading equipment in safe manner and the complementary safe manual handling procedures
- KU11.** the consequences of inappropriate handling of cargo
- KU12.** protection available for loads in different weather conditions
- KU13.** appropriate reporting processes as per regulatory guidelines

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** fill any forms related to passenger screening
- GS2.** interpret the screening messages
- GS3.** read the schedule and plan for cargo movement
- GS4.** read and understand the instructions and conditions during cargo movement
- GS5.** read and interpret guidelines with regards to dangerous goods by air
- GS6.** share best practices with peers and juniors
- GS7.** communicate clearly with supervisor and peers
- GS8.** regularly communicate with all employees in the chain of activities to ensure activities are running smoothly
- GS9.** share best practices with peers and juniors
- GS10.** decide if the cargo and mal are fir for acceptance and transportation by air
- GS11.** monitor smooth functioning of all activities
- GS12.** prioritise and execute tasks in within the schedule time limits
- GS13.** communicate with customers with etiquettes and share all relevant information
- GS14.** identify trends/ common causes for errors and suggest possible solutions to the supervisor/ management
- GS15.** identify and correct errors
- GS16.** analyse on best possible solution (cost, time, effort, etc) suited for operations requirement
- GS17.** concentrate on task at hand and complete it without errors

AAS/N4306: Verifying that Import and Export Documents Meet Standards at the Airport

Description

This NOS focuses on ensuring that import and export documents meet the regulatory and organizational standards at the airport, ensuring smooth clearance and transport of goods.

Scope

The scope covers the following :

- Verify and ensure accuracy of import/export documents and match with actual cargo.
- Check and support compliance with customs regulations, including HS codes, permits, and certificates.
- Identify and report discrepancies, restricted, or unlicensed cargo to authorities.

Elements and Performance Criteria

Assist in reviewing and verifying cargo documentation

To be competent, the user/individual on the job must be able to:

- PC1.** Assist the cargo supervisor/team leader in reviewing and verifying import and export documents.
- PC2.** Ensure that the documents match the actual cargo being handled, including bills of landing, commercial invoices, airway bills, and customs declarations.
- PC3.** Verify that all required forms are completed accurately for different types of cargo, such as dangerous goods, perishables, valuables, etc.
- PC4.** Cross-check the cargo descriptions on documents like the commercial invoice and airway bill with the actual goods to ensure consistency.
- PC5.** Ensure that the correct Harmonized System (HS) codes are used for tariff and customs duty calculations.

Support customs clearance and compliance procedures

To be competent, the user/individual on the job must be able to:

- PC6.** Assist in the submission of documents to relevant authorities or electronic systems for customs clearance and cargo processing.
- PC7.** Check if all applicable permits, licenses, and certificates (such as export licenses, certificate of origin) are provided and valid.
- PC8.** Ensure the correct declaration of dangerous goods (DG) and other sensitive cargo types, adhering to the guidelines and regulations.

Identify and report discrepancies or regulatory issues

To be competent, the user/individual on the job must be able to:

- PC9.** Report any discrepancies or issues with documents or cargo to the supervisor/security personnel for further action.
- PC10.** Follow the procedures to identify and report any illegal, restricted, or unlicensed cargo items.

Maintain records and assist in special cargo handling

Qualification Pack

To be competent, the user/individual on the job must be able to:

- PC11.** Maintain documentation of cargo transactions as per regulatory guidelines.
- PC12.**
 - Verify that the cargo weight, dimensions, and value listed in the documents match the actual shipment and are properly documented for customs clearance.
- PC13.**
 - Assist in the inspection of any special cargo (e.g., live animals, perishable goods) to confirm that
 - All relevant handling and documentation procedures are followed.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** The procedures and policies related to cargo documentation and customs clearance are relevant to the organization and airport regulations.
- KU2.** How to fill out and process documents related to the transportation of cargo and mail by air.
- KU3.** The policies and procedures for handling different types of cargo, especially sensitive cargo like dangerous goods (DG), perishables (PER), valuables (VAL), and animals (AVI).
- KU4.** The process of reviewing and cross-referencing shipping documents for accuracy and compliance.
- KU5.** The process for identifying and handling discrepancies in cargo documents.
- KU6.** The regulations and requirements for customs documentation, including how to correctly use HS codes and submit forms for tariff and tax assessments.
- KU7.** The importance of accurately completing and submitting the correct import/export documentation for regulatory compliance.
- KU8.** How to identify hidden dangerous goods and restricted items during cargo inspection and document verification.
- KU9.** The role and content of cargo airway bills, including information like consignee details, shipping instructions, and cargo classification.
- KU10.** The different types of documentation required for cargo movements, including certificates of origin, invoices, and special handling instructions.
- KU11.** Approved airport codes, and how they are used in cargo documentation to identify origin and destination.
- KU12.** Regulatory guidelines for the transportation of dangerous goods, including documentation and labelling requirements.
- KU13.** The consequences of failing to properly verify cargo documents, including delays, fines, or security risks.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Accurately fill out forms related to import and export cargo documentation and cargo security screening.
- GS2.** Interpret and follow the screening messages related to cargo security and documentation.

Qualification Pack

- GS3.** Read and understand cargo schedules and plan for the proper movement of goods according to regulatory guidelines.
- GS4.** Read and interpret instructions from cargo documentation and regulations, ensuring compliance in all stages of the process.
- GS5.** Ensure the proper handling and documentation of dangerous goods by following relevant guidelines.
- GS6.** Share best practices for document verification with peers and junior staff to ensure efficient cargo operations.
- GS7.** Communicate clearly with supervisors, colleagues, and customers to ensure all parties are informed and updated on document verification statuses.
- GS8.** Communicate regularly with various departments (e.g., customs, cargo handlers) to ensure smooth operations and adherence to standards.
- GS9.** Identify and resolve common document discrepancies, such as incorrect details, missing signatures, or improper classifications.
- GS10.** Prioritize and execute document verification tasks efficiently, ensuring they meet scheduled timelines.
- GS11.** Ensure compliance with airport and international regulations by adhering to established guidelines for cargo documentation.
- GS12.** Correct errors in cargo documentation and recommend appropriate corrective actions to management.
- GS13.** Identify trends or common issues in document discrepancies and suggest improvements to processes or training programs.
- GS14.** Analyze complex document-related issues and recommend solutions that balance regulatory requirements with operational efficiency.
- GS15.** Maintain attention to detail during the verification process to avoid errors or delays in cargo clearance

AAS/N4307: Transferring Cargo with Warehouse and Between Storage Facilities and Land Transport

Description

This NOS involves transferring cargo between the warehouse, storage facilities, and land transport within the airport. It includes tasks related to ensuring that cargo is properly handled, transported, and securely stored in compliance with safety and operational guidelines.

Scope

The scope covers the following :

- Transfer and handle cargo safely between warehouse, storage areas, and transport vehicles.
- Ensure cargo is secured properly and protected from damage during movement.
- Identify and manage special cargo types (e.g., DG, perishables, valuables) as per guidelines.
- Follow airport safety, security, and operational procedures during cargo transfer.

Elements and Performance Criteria

Transferring Cargo with Warehouse and Between Storage Facilities and Land Transport at the Airport

To be competent, the user/individual on the job must be able to:

- PC1.** Assist the cargo supervisor/team leader in overseeing cargo transfer activities between storage facilities and land transport vehicles.
- PC2.** Safely load and unload cargo from warehouse storage areas to trucks or other transport vehicles.
- PC3.** Move cargo between warehouse areas and storage facilities, ensuring proper handling and storage procedures are followed.
- PC4.** Ensure that cargo is correctly secured for transport to avoid damage during transit.
- PC5.** Assist in sorting and prioritizing cargo for movement based on urgency, destination, or special handling requirements.
- PC6.** Identify and segregate cargo that requires special handling (e.g., Dangerous Goods, Perishable Items, Valuable Cargo).
- PC7.** Assist in coordinating the transport of cargo to its correct destination or storage location, maintaining safety and efficiency.
- PC8.** Report any discrepancies, damages, or issues with cargo to supervisors immediately.
- PC9.** Follow specific operational guidelines for moving sensitive or hazardous cargo to prevent accidents or contamination.
- PC10.** Ensure compliance with airport security and safety procedures while transferring cargo.
- PC11.** Assist in inventory management by ensuring that cargo is tracked accurately through barcoding or other tracking methods.
- PC12.** Ensure proper protection of cargo in transit by using appropriate materials (e.g., shrink wrap, strapping, cushioning) to prevent damage.

Knowledge and Understanding (KU)

Qualification Pack

The individual on the job needs to know and understand:

- KU1.** Procedures and policies of the organization relevant to cargo transportation and storage.
- KU2.** Forms and documentation required for the transportation of cargo, including customs paperwork and transport manifests.
- KU3.** Guidelines for handling special cargo types (e.g., Dangerous Goods, Perishables, Valuables) and the importance of compliance with safety standards.
- KU4.** Reporting processes for cargo handling, including reporting damage or missing items.
- KU5.** Airport layout and location of various cargo storage areas, warehouses, and transport docks.
- KU6.** The types of equipment used in transferring cargo (e.g., forklifts, trolleys, pallet jacks, and conveyor systems) and how to operate them safely.
- KU7.** Procedures for receiving and inspecting cargo before transferring it, ensuring proper labeling and documentation.
- KU8.** Understanding the consequences of improper cargo handling, including potential damage, delays, or safety risks.
- KU9.** The importance of accurate cargo tracking and maintaining a systematic record of cargo movement.
- KU10.** How to identify potential risks during cargo transfer and the measures in place to mitigate these risks.
- KU11.** Safety procedures for handling hazardous or sensitive cargo during transport and storage.
- KU12.** The different types of vehicles used for cargo transport (e.g., trucks, trailers, containers) and their loading/unloading procedures.
- KU13.** Weather-related considerations when moving cargo (e.g., protection from rain, wind, or temperature extremes).
- KU14.** The importance of maintaining clear communication with colleagues, supervisors, and other stakeholders involved in cargo operations.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Complete necessary forms for cargo acceptance and shipment tracking.
- GS2.** Interpret cargo documentation and ensure all information matches the cargo being transported.
- GS3.** Plan and organize tasks to ensure smooth cargo transfer between warehouses, storage, and transport vehicles.
- GS4.** Follow operational instructions for moving and storing cargo, paying attention to deadlines and schedules.
- GS5.** Communicate effectively with warehouse staff, transport operators, and supervisors to ensure smooth operations.
- GS6.** Share best practices for cargo handling with peers and juniors to improve overall operational efficiency.
- GS7.** Identify potential issues that may cause delays or safety risks during cargo transfer and take proactive steps to address them.
- GS8.** Prioritize tasks to ensure time-sensitive or special cargo is handled first.

Qualification Pack

- GS9.** Follow regulations and guidelines specific to special cargo like Dangerous Goods, perishables, and valuables.
- GS10.** Ensure effective and safe use of equipment during cargo movement and loading/unloading activities.
- GS11.** Ensure smooth coordination between all teams involved in the cargo transfer process.
- GS12.** Report any issues or discrepancies in the cargo transfer process to supervisors for resolution.
- GS13.** Communicate with customers to provide updates on cargo status, ensuring they receive accurate and timely information.
- GS14.** Analyze trends or common causes for delays or errors in cargo transfers and suggest improvements to the process.
- GS15.** Monitor all processes to ensure that cargo is being transferred as planned and in line with operational requirements.
- GS16.** Stay focused on task completion, ensuring no errors are made during cargo handling and transfer.
- GS17.** Troubleshoot problems during cargo transfer and find efficient solutions to minimize operational disruptions.

DGT/VSQ/N0101: Employability Skills (30 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

PC1. understand the significance of employability skills in meeting the job requirements

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

PC2. identify constitutional values, civic rights, duties, personal values and ethics and environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

PC3. explain 21st Century Skills such as Self-Awareness, Behavior Skills, Positive attitude, self-motivation, problem-solving, creative thinking, time management, social and cultural awareness, emotional awareness, continuous learning mindset etc.

Basic English Skills

To be competent, the user/individual on the job must be able to:

PC4. speak with others using some basic English phrases or sentences

Communication Skills

To be competent, the user/individual on the job must be able to:

PC5. follow good manners while communicating with others

PC6. work with others in a team

Qualification Pack

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

PC7. communicate and behave appropriately with all genders and PwD

PC8. report any issues related to sexual harassment

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

PC9. use various financial products and services safely and securely

PC10. calculate income, expenses, savings etc.

PC11. approach the concerned authorities for any exploitation as per legal rights and laws

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

PC12. operate digital devices and use its features and applications securely and safely

PC13. use internet and social media platforms securely and safely

Entrepreneurship

To be competent, the user/individual on the job must be able to:

PC14. identify and assess opportunities for potential business

PC15. identify sources for arranging money and associated financial and legal challenges

Customer Service

To be competent, the user/individual on the job must be able to:

PC16. identify different types of customers

PC17. identify customer needs and address them appropriately

PC18. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC19. create a basic biodata

PC20. search for suitable jobs and apply

PC21. identify and register apprenticeship opportunities as per requirement

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use basic spoken English language

KU6. Do and dont of effective communication

KU7. inclusivity and its importance

KU8. different types of disabilities and appropriate communication and behaviour towards PwD

KU9. different types of financial products and services

Qualification Pack

- KU10.** how to compute income and expenses
- KU11.** importance of maintaining safety and security in financial transactions
- KU12.** different legal rights and laws
- KU13.** how to operate digital devices and applications safely and securely
- KU14.** ways to identify business opportunities
- KU15.** types of customers and their needs
- KU16.** how to apply for a job and prepare for an interview
- KU17.** apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** communicate effectively using appropriate language
- GS2.** behave politely and appropriately with all
- GS3.** perform basic calculations
- GS4.** solve problems effectively
- GS5.** be careful and attentive at work
- GS6.** use time effectively
- GS7.** maintain hygiene and sanitisation to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Qualification Pack

Minimum Aggregate Passing % at QP Level : 60

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Assessment Weightage

Compulsory NOS

National Occupational Standards	Theory Marks	Practical Marks	Project Marks	Viva Marks	Total Marks	Weightage
AAS/N4302.Assist in different cargo operations at the airport	40	60	-	-	100	35
AAS/N4306.Verifying that Import and Export Documents Meet Standards at the Airport	40	60	-	-	100	20
AAS/N4307.Transferring Cargo with Warehouse and Between Storage Facilities and Land Transport	45	55	-	-	100	35
DGT/VSQ/N0101.Employability Skills (30 Hours)	20	30	-	-	50	10
Total	145	205	-	-	350	100

Qualification Pack

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
