AMH/Q1401: QC Executive - Stitched Items

Brief Job Description

QC Executive is responsible for ensuring that physical inspections are conducted at all stages of production to secure quality and check that all technical details are received, verified & signed off prior to starting production. QC executive also establishes quality plans, parameters and inspection systems, records deviations and sends feedback to the concerned department. He/ she oversees all aspects of sewing related quality control function and ensures product meets organizational standards and buyer requirements.

Personal Attributes

A QC executive should be able to understand the basic quality requirements. Maximise the production of goods within the specified tolerances correctly the first time. Look into further improvement in a product. Must have excellent communication and listening skills, knowledge of measurement basics with strong observational, analytical, and problem-solving skills. Also, should understand regulatory compliance and be skilled in understanding technical data.

Applicable National Occupational Standards (NOS)

Compulsory NOS:

1. [AMH/N1401: Identify and assess the quality of raw material](#)
2. [AMH/N1402: Identify and assess the quality in sewing room](#)
3. [AMH/N1403: Identify and assess the quality after finishing of garment](#)
4. [AMH/N1404: Coordination with different Departments](#)
5. [AMH/N0620: Promote and sustain safety, health, and security in workplace, while fostering Gender and Persons with Disabilities \(PwD\) Sensitization](#)
6. [AMH/N0621: Adhere to industry, regulatory, and organizational standards and embrace environmentally sustainable practices](#)
7. [DGT/VSQ/N0102: Employability Skills \(60 Hours\)](#)

Qualification Pack

AMH/N1401: Identify and assess the quality of raw material

Description

This unit is about how a quality controller checks the quality of raw materials received and during cutting stage.

Scope

The scope covers the following :

- Performing random inspection and quality check of the raw materials received.

Elements and Performance Criteria

Perform random inspection and quality check of the raw materials received

To be competent, the user/individual on the job must be able to:

- PC1..** Inspect the work area is free from hazards as per the organizational code of conduct
- PC2.** Inspect the work area and check for the cleanliness and as per the organizational standards
- PC3.** Ensure that the work is carried out as per the quality specifications mentioned
- PC4.** Randomly inspect and check the various types of raw materials received are free from defects and is as per the quality standards
- PC5. .** Identify and inspect the accuracy of pattern and template before cutting of fabric
- PC6. .** Identify and check the machine setting and attachments as per production standards
- PC7..** Control charts are prepared and implemented to monitor quality during production according to workplace procedures
- PC8. .** PC8. Analyse and interpret in relation to product specification, the data and results of quality monitoring and recorded according to the workplace procedures like work order, trim card, style history file, measurement charts and approved pilot sample.
- PC9. .** Maintain all documents related to inspection

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** The organizations policies and procedures and reporting structure
- KU2.** Protocol to obtain more information on work related tasks.
- KU3.** Details and limits of your role and responsibilities
- KU4.** Who to refer problems to when they are outside the limit of your authority
- KU5.** Common hazards in the work area and workplace procedures for dealing with them
- KU6.** Importance of team work and harmonious working relationships
- KU7.** The manufacturing processes.
- KU8.** Types of raw materials required by each type of product manufactured by the organization
- KU9.** Raw materials defects and handling defects

Qualification Pack

- KU10.** Organizations standard operating procedures
- KU11.** How to identify the process and product problems
- KU12.** Escalation hierarchy

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Complete accurate well written work
- GS2.** Communicate with others in writing (wherever applicable)
- GS3.** Follow guidelines/procedures/rules
- GS4.** Listen effectively and orally communicate information accurately
- GS5.** Ask for clarification and advice from others in the team and heads
- GS6.** Follow rule-based decision-making processes and make decisions on a suitable course of action or response
- GS7.** Plan and organize your work to achieve targets and deadlines
- GS8.** Apply problem-solving approaches in different situations
- GS9.** Refer anomalies to the particular personnel
- GS10.** Seek clarification on problems from others
- GS11.** Analyse the stitching process
- GS12.** Analyse needs, requirements and dependencies in order to meet your work requirements.
- GS13.** Provide opinions on work in a detailed and constructive way to the concerned personnel.
- GS14.** Apply balance judgments to different situations

AMH/N1403: Identify and assess the quality after finishing of garment

Description

This unit is about how the quality controller checks the quality at various stages during the finishing of the garment

Scope

The scope covers the following :

- Perform quality checks at various stages during the finishing of the garment

Elements and Performance Criteria

Perform quality checks at various stages during the finishing of the garment

To be competent, the user/individual on the job must be able to:

- PC1.** Inspect the work area is free from hazards as per organizational code of conduct
- PC2.** Inspect the work area and check for the cleanliness and as per the organizational standards
- PC3.** Ensure that the work is carried out as per the quality specifications mentioned.
- PC4.** Inspect the garments after it has come from any special finishing process and send for rectification in case of any defect or quality issue
- PC5.** Inspect and check the quality during the trimming process
- PC6.** Perform a random check to see if garments are free from defects
- PC7.** Inspect and handle damages as per the quality standards and reject pieces which do not meet the quality specifications
- PC8.** Identify and inspect the pressing and packing operations
- PC9.** Pressing operation problems and faults are explained in terms of cause and corrective action taken.
- PC10.** Ensure the parameters are set as per the manufacturer's instruction and buyer requirements
- PC11.** Ensure the quality is as per the specified quality standards and free from production and handling damages
- PC12.** Audit of the packed goods prior to offering shipment to buyer QA.
- PC13.** Control charts are prepared and implemented to monitor quality during production according to workplace procedures
- PC14.** Give feedback on the quality of the pieces on continuous basis

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Expectations and responsibilities of the job role
- KU2.** The organizations rules, codes, guidelines and standard operating procedures
- KU3.** Procedures for operating stitching machine

Qualification Pack

- KU4.** Main types of products manufactured by the company
- KU5.** Statutory responsibilities under health, safety and environmental legislation and regulations
- KU6.** Common hazards in the work area and workplace procedures for dealing with them
- KU7.** Importance of team work and harmonious working relationships

AMH/N1404: Coordination with different Departments

Description

This unit is about how the quality controller interacts and coordinates across various levels and department.

Scope

The scope covers the following :

- Interact and coordinate with superiors Interact and coordinate with colleagues within and outside the department

Elements and Performance Criteria

Interact and coordinate with superiors

To be competent, the user/individual on the job must be able to:

- PC1.** Receive work instructions and feedback from reporting manager or senior personnel
- PC2.** Communicate to superior about process-flow improvements, product; defects received from previous process, repairs and maintenance of tools and machinery as required
- PC3.** Communicate to superior about employee management, i.e., shortages or performance related
- PC4.** Report any potential hazards or expected process disruptions
- PC5.** Re-work based on feedback provided by superior on product, process and people
- PC6.** Handover completed work to superior.

Interact and coordinate with colleagues within and outside the department

To be competent, the user/individual on the job must be able to:

- PC7.** Work as a team with colleagues and share work as per their or own work load and skills
- PC8.** Work with colleagues of other departments (wherever required)
- PC9.** Communicate and discuss work flow related difficulties in order to find solutions with mutual agreement
- PC10.** Receive the feedback from other departments , given if any, and rework in order to complete work on time

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Details of the various job roles and responsibilities
- KU2.** Responsibilities and line of reporting within the work area
- KU3.** Protocol to obtain more information on work related tasks
- KU4.** Organizational policies, procedures, quality standards and operating procedures
- KU5.** Work target and review mechanism

Qualification Pack

- KU6.** Method of obtaining/ giving feedback related to performance
- KU7.** Importance of team work and harmonious working relationships
- KU8.** Process for offering/ obtaining work related assistance
- KU9.** Protocol and format for reporting work related risks/ problems
- KU10.** Contact person in case of queries on procedure or products
- KU11.** Common hazards in the work area and procedures for dealing with them
- KU12.** Procedures for handling the tools and equipment
- KU13.** Procedures with regard to material re-usage and disposal
- KU14.** Documentation required as part of the process
- KU15.** Fabrics/apparels and garments.
- KU16.** The stitching and finishing process
- KU17.** Sewing and types of stitching required by different products.
- KU18.** Stitching defects and handling defects knowledge on quality
- KU19.** The escalation hierarchy

AMH/N0620: Promote and sustain safety, health, and security in workplace, while fostering Gender and Persons with Disabilities (PwD) Sensitization

Description

This unit provides performance criteria, knowledge & understanding, and skills & abilities required to comply with health, safety, and security requirements at the workplace and covers procedures to prevent, control and minimize risk to self and others

Scope

The scope covers the following :

- Potential risks associated with hazardous processes and guidelines for medical emergencies.

Elements and Performance Criteria

Identify process hazards, follow medical emergency and evacuation guidelines, and promote gender and PwD sensitivity.

To be competent, the user/individual on the job must be able to:

- PC1.** Demonstrate strict adherence to health, safety, gender, and PwD (People with Disability) guidelines governing the workplace environment.
- PC2.** Engage actively in mock drills, evacuation exercises, and group discussions pertaining to workplace safety and security protocols.
- PC3.** Participate in advanced training and sensitization programs focused on gender equality and PwD awareness, facilitating a more inclusive workplace environment.
- PC4.** Execute proper handling and maintenance of materials and equipment in accordance with established protocols and standards.
- PC5.** Exhibit proficiency in performing first-aid, firefighting, and other emergency response procedures, promptly adhering to organizational shutdown and evacuation protocols when necessary.
- PC6.** Monitor workplace conditions, identify risks, report promptly, ensure safety, including for individuals with disabilities, and uphold gender equality principles.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** The importance of gender equality being followed in the organization and policies for reporting any harassment or inappropriate behavior
- KU2.** How to accommodate employees with disabilities; etiquette to adhere to and proper language and terminology
- KU3.** How to communicate, offer help, respecting space, parking etc. for people with disabilities or special needs.

Qualification Pack

- KU4.** Promote a safe, accessible and healthy workplace for disabled employees.
- KU5.** Health and safety related practices applicable at the workplace.
- KU6.** Potential hazards, risks and threats based on nature of operations; the ways to minimize these and response to these scenarios.
- KU7.** The code of conduct (COC) and Social Accountability standards followed by the organization/ industry
- KU8.** Layout of the plant and details of emergency exits, escape routes, emergency equipment and assembly points.
- KU9.** Reporting protocol and documentation required.
- KU10.** The occupational health and safety risks and methods; importance of personal protective equipment and method of use.
- KU11.** Identification, handling and storage of hazardous substances.
- KU12.** Proper disposal system for waste and by-products.
- KU13.** Signage related to health and safety and their meaning.
- KU14.** The importance of personal health and hygiene and the ill effects of usage of intoxicants such as alcohol, tobacco and drugs.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Create a positive and inclusive workplace atmosphere without any kind of bias/discrimination towards any employee.
- GS2.** Actively take part in any discussion/workshop organized for gender sensitization training
- GS3.** Read and comprehend written instructions related to gender equality and Pwd awareness/issues in the organization
- GS4.** Identify and report any harassment or inappropriate behavior towards any employee
- GS5.** Identify and report any distinction, exclusion, harassment or inappropriate behavior towards any employee
- GS6.** Document and report any health and safety related incidents/ accidents to the authorized personnel.
- GS7.** Read all organizational and equipment related health and safety manuals and documents
- GS8.** Read instructions, guidelines/procedures/rules related to the worksite and machine operations
- GS9.** Keep abreast with the latest developments for innovative safety services and tools by reading brochures, pamphlets, magazines etc
- GS10.** Discuss the latest approach for safety and security with the team
- GS11.** Evaluate and use correct PPE kit and other safety gear while at the workplace
- GS12.** Work with supervisors/ team mates to carry out work related tasks as per schedule
- GS13.** Keep work area free from potential hazards
- GS14.** Follow organizational procedures pertaining to health and safety.
- GS15.** Take appropriate actions during emergencies, accidents or fire at the workplace
- GS16.** Resolve issues pertaining to malfunctions in machineries and report if required

Qualification Pack

- GS17.** Identify emergency situations; their cause & effect relationship and suggest probable solutions
- GS18.** Analyze, evaluate and apply the information gathered from observation, experience, reasoning, or communication to act efficiently
- GS19.** Create a positive and inclusive workplace atmosphere without any kind of bias/discrimination towards any employee
- GS20.** Actively take part in any discussion/workshop organized for gender sensitization training
- GS21.** Read and comprehend written instructions related to gender equality issues in the organization

This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required for complying with legal, regulatory organizational requirements.

Scope

The scope covers the following :

- Observe organizational norms and follow green procedures at workplace.

Elements and Performance Criteria

Adhere to industry, regulatory, and organizational standards and embrace environmentally sustainable practices

To be competent, the user/individual on the job must be able to:

- PC1.** Execute job responsibilities according to organizational standards, with a strong emphasis on eco-friendly solutions, while strictly adhering to established procedures, policies, and legal regulations.
- PC2.** Implement and uphold organizational policies and procedures, integrating sustainable consumption practices into daily operations.
- PC3.** Actively engage in enhancing organizational performance by driving the transition towards environmentally friendly processes and practices.
- PC4.** Safely handle materials, equipment, computers, and software to maintain a clean and hazard-free work environment, actively supporting the adoption of eco-friendly practices throughout the workplace.
- PC5.** Perform routine maintenance and cleaning tasks within assigned duties and agreed-upon schedules, effectively managing any interruptions to workflow.
- PC6.** Immediately report any instances of unsafe equipment or hazardous incidents to the appropriate personnel to ensure swift resolution and mitigate risks.
- PC7.** Utilize appropriate cleaning equipment and techniques tailored to specific tasks, promoting efficiency and sustainability in workplace maintenance.
- PC8.** Proactively request system or software upgrades as necessary to optimize work efficiency, while also maintaining backup files to ensure data integrity and security when using various design software.
- PC9.** Maintain digital copies of design work in organized files for future reference, ensuring accessibility and preservation of valuable project assets.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

Qualification Pack

- KU1.** Conscious and sustainable decisions/information for achieving an effective and green workplace.
- KU2.** The importance of safe working practices and code of conduct (COC) and Social Accountability standards followed by the organization/ industry
- KU3.** The production procedures and the specific work activities relate to the whole process.
- KU4.** The organization's rules, codes, quality standards, reporting procedures and guidelines (including timekeeping)
- KU5.** The work instructions and specifications and interpret them accurately
- KU6.** To make use of the information detailed in specifications and instructions
- KU7.** The importance of taking action when problems are identified
- KU8.** The importance of running maintenance and regular cleaning and Maintenance procedures
- KU9.** Effects of contamination on products i.e., Machine oil, dirt and different ways of minimizing waste.
- KU10.** The common faults with equipment and the method to rectify.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Make conscious and sustainable decisions that help reduce, reuse, and recycle the company resources.
- GS2.** Identify and replace processes that create unnecessary waste
- GS3.** Communicate with others in writing (wherever applicable)
- GS4.** Use the accurate terminology
- GS5.** Follow manuals/procedures/and compliance policies
- GS6.** Update actively with modifications through written print and mail communication (digital)
- GS7.** Listen effectively and orally communicate information accurately and Make decisions on a suitable course of action or response.
- GS8.** Communicate proactively on critical issues and Follow rule-based decision-making processes
- GS9.** Identify situation that need escalation on quality issues and seek intervention
- GS10.** Plan and organize your work to achieve targets and deadlines and consult/coordinate for effective delivery.
- GS11.** Apply problem-solving approaches in different situations
- GS12.** Refer anomalies to the particular personnel
- GS13.** Analyze needs, requirements and dependencies in order to meet your work requirements
- GS14.** Seek participation of members from Quality, Production, Audit or any other team for effective solutions
- GS15.** Provide opinions on work in a detailed and constructive way to the concerned personnel

Qualification Pack

DGT/VSQ/N0102: Employability Skills (60 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Career Development & Goal Setting
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** identify employability skills required for jobs in various industries
- PC2.** identify and explore learning and employability portals

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

- PC3.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. and personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC4.** follow environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC5.** recognize the significance of 21st Century Skills for employment
- PC6.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life

Basic English Skills

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC7.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC8.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC9.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC10.** understand the difference between job and career
- PC11.** prepare a career development plan with short- and long-term goals, based on aptitude

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC12.** follow verbal and non-verbal communication etiquette and active listening techniques in various settings
- PC13.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC14.** communicate and behave appropriately with all genders and PwD
- PC15.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC16.** select financial institutions, products and services as per requirement
- PC17.** carry out offline and online financial transactions, safely and securely
- PC18.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC19.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC20.** operate digital devices and carry out basic internet operations securely and safely
- PC21.** use e- mail and social media platforms and virtual collaboration tools to work effectively
- PC22.** use basic features of word processor, spreadsheets, and presentations

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC23.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC24.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC25.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC26.** identify different types of customers
- PC27.** identify and respond to customer requests and needs in a professional manner.

Qualification Pack

PC28. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC29. create a professional Curriculum vitae (Résumé)

PC30. search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively

PC31. apply to identified job openings using offline /online methods as per requirement

PC32. answer questions politely, with clarity and confidence, during recruitment and selection

PC33. identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills and different learning and employability related portals

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up

KU6. importance of career development and setting long- and short-term goals

KU7. about effective communication

KU8. POSH Act

KU9. Gender sensitivity and inclusivity

KU10. different types of financial institutes, products, and services

KU11. how to compute income and expenditure

KU12. importance of maintaining safety and security in offline and online financial transactions

KU13. different legal rights and laws

KU14. different types of digital devices and the procedure to operate them safely and securely

KU15. how to create and operate an e- mail account and use applications such as word processors, spreadsheets etc.

KU16. how to identify business opportunities

KU17. types and needs of customers

KU18. how to apply for a job and prepare for an interview

KU19. apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. read and write different types of documents/instructions/correspondence

GS2. communicate effectively using appropriate language in formal and informal settings

Qualification Pack

- GS3.** behave politely and appropriately with all
- GS4.** how to work in a virtual mode
- GS5.** perform calculations efficiently
- GS6.** solve problems effectively
- GS7.** pay attention to details
- GS8.** manage time efficiently
- GS9.** maintain hygiene and sanitization to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each PC
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS. examination/training center (as per assessment criteria below)
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each.
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/training center based on this criteria.
6. To pass the Qualification Pack, every trainee should score a minimum of 70% aggregate in QP.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Qualification Pack

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Assessment Weightage

Compulsory NOS

National Occupational Standards	Theory Marks	Practical Marks	Project Marks	Viva Marks	Total Marks	Weightage
AMH/N1401. Identify and assess the quality of raw material	20	75	-	10	105	21

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
