BSC/N3810: Identify and approach potential clients

Description

This OS unit is about identifying prospective investors, understanding their financial goals, and engaging them through targeted outreach to promote mutual fund investments.

Scope

The scope covers the following :

- Identify and acquire potential investors
- Explain mutual fund investment benefits and risks

Elements and Performance Criteria

Identify and acquire potential investors

To be competent, the user/individual on the job must be able to:

- PC1.** conduct market research to identify prospective investors based on financial demographics and investment preferences
- PC2.** utilize multiple channels such as referrals, online platforms, and business networking to generate leads
- PC3.** engage with individuals, High Net-Worth Individuals (HNIs), and businesses to explain the benefits of mutual fund investments
- PC4.** evaluate investors' financial objectives, risk tolerance, and time horizons before recommending suitable funds
- PC5.** maintain and update a structured database of potential investors, ensuring periodic follow-ups

Explain mutual fund investment benefits and risks

To be competent, the user/individual on the job must be able to:

- PC6.** clearly explain the advantages of mutual funds, including diversification, liquidity, and professional fund management
- PC7.** educate investors about different types of mutual fund schemes such as equity, debt, hybrid, and sectorial funds
- PC8.** clarify investment risks associated with mutual funds, including market fluctuations, interest rate risks, and credit risks
- PC9.** ensure investors understand fund-related fees, exit loads, and taxation implications before investing
- PC10.** address queries and concerns related to mutual fund products and recommend appropriate investment strategies

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

Qualification Pack

- KU1.** basics of financial markets, mutual funds, and asset allocation strategies
- KU2.** different types of mutual fund schemes and their suitability based on risk profiles
- KU3.** regulatory requirements, including SEBI (Securities and Exchange Board of India) guidelines for mutual fund distribution
- KU4.** techniques for investor profiling and risk assessment
- KU5.** key performance indicators such as NAV (Net Asset Value), fund returns, expense ratios, and benchmark comparisons

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** read and interpret organizational and regulatory guidelines, and legitimacy of documents submitted by prospective customers
- GS2.** communicate effectively with supervisors and the customers using language understandable by the individual
- GS3.** organize work and time in order to maximize productivity
- GS4.** build customer relationships and use customer-centric approach
- GS5.** address operational problems effectively and escalate unresolved concerns

BSC/N3811: Assist clients in mutual fund application and KYC process

Description

This OS unit focuses on guiding investors through the mutual fund investment process, assisting in KYC (Know Your Customer) compliance, and ensuring seamless documentation.

Scope

The scope covers the following :

- Assist clients in completing mutual fund applications
- Verify and process KYC documentation

Elements and Performance Criteria

Assist clients in completing mutual fund applications

To be competent, the user/individual on the job must be able to:

- PC1.** explain the procedure for mutual fund investments, including SIP (Systematic Investment Plan) and lump sum investment options
- PC2.** guide investors in filling out mutual fund application forms accurately
- PC3.** ensure all details such as nominee selection, scheme preference, and investment amount are correctly filled
- PC4.** submit applications to the respective Asset Management Company (AMC) for processing

Verify and process KYC documentation

To be competent, the user/individual on the job must be able to:

- PC5.** collect and verify investor KYC documents, including PAN, Aadhaar, and bank account details
- PC6.** ensure compliance with SEBI's KYC guidelines by completing e-KYC or in-person verification (IPV)
- PC7.** validate investor signatures and cross-check against submitted documents
- PC8.** upload and update investor KYC details in the regulatory database for approval
- PC9.** address discrepancies in KYC documentation and guide clients to resolve them

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** SEBI guidelines for KYC compliance and investor onboarding
- KU2.** different KYC verification modes such as Aadhaar-based e-KYC and in-person verification
- KU3.** importance of nominee registration and FATCA (Foreign Account Tax Compliance Act) declarations
- KU4.** online investment platforms and mutual fund application submission procedures
- KU5.** documentation and record-keeping practices to ensure compliance

Qualification Pack

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** read and interpret organizational and regulatory guidelines, and legitimacy of documents submitted by prospective customers
- GS2.** communicate effectively with supervisors and the customers using language understandable by the individual
- GS3.** organize work and time in order to maximize productivity
- GS4.** build customer relationships and use customer-centric approach
- GS5.** address operational problems effectively and escalate unresolved concerns

BSC/N3820: Provide ongoing support for investment portfolio monitoring and redemptions

Description

This OS unit covers post-investment client servicing, including portfolio tracking, investment rebalancing, redemptions, and investor queries.

Scope

The scope covers the following :

- Monitor and review mutual fund investments
- Assist with portfolio rebalancing and redemptions

Elements and Performance Criteria

Monitor and review mutual fund investments

To be competent, the user/individual on the job must be able to:

- PC1.** regularly track clients' mutual fund investments and provide portfolio performance updates
- PC2.** use digital platforms and Annual Maintenance Contract (AMC) reports to analyze investment growth, risk exposure, and returns
- PC3.** assist investors in reviewing their investment strategies based on market conditions
- PC4.** educate clients on mutual fund performance indicators, including CAGR (Compound Annual Growth Rate) and rolling returns
- PC5.** maintain records of investor transactions, portfolio changes, and reinvestment strategies

Assist with portfolio rebalancing and redemptions

To be competent, the user/individual on the job must be able to:

- PC6.** guide investors in switching between mutual fund schemes based on their changing financial goals
- PC7.** provide insights on asset rebalancing to maintain a risk-adjusted portfolio
- PC8.** assist clients in initiating mutual fund redemption requests and processing withdrawals
- PC9.** explain tax implications and exit load charges on redemptions
- PC10.** ensure timely execution of redemption requests while maintaining compliance with investor protection guidelines

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** mutual fund performance metrics and tracking tools
- KU2.** market trends and their impact on portfolio returns
- KU3.** rules regarding mutual fund switches, redemptions, and exit loads
- KU4.** taxation policies on short-term and long-term capital gains from mutual funds

Qualification Pack

KU5. investor protection norms and fraud prevention measures

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** read and interpret organizational and regulatory guidelines, and legitimacy of documents submitted by prospective customers
- GS2.** communicate effectively with supervisors and the customers using language understandable by the individual
- GS3.** organize work and time in order to maximize productivity

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. SSC/Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. SSC/Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Qualification Pack

Qualification Pack

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organization.
NOS	NOS are Occupational Standards which apply uniquely in the Indian context
Qualifications Pack	Qualifications Pack comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A Qualifications Pack is assigned a unique qualification pack code.
Unit Code	Unit Code is a unique identifier for an Occupational Standard , which is denoted by an N
Unit Title	Unit Title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
