CII/THC/Q1201: Fundamental course in Culinary Operations

Brief Job Description

The Fundamental course in Culinary Operations, aligned with EHL standards, develops foundational and intermediary culinary skills with emphasis on nutrition, hygiene, stewarding, and occupational health. It prepares professionals to manage goods, plan menus, lead kitchen teams, and apply innovative cooking techniques while ensuring food quality, safety, and presentation, enhancing guest experiences and contributing to the success of hospitality establishments.

Personal Attributes

For culinary operations, one needs attention to detail, creativity, teamwork, time management, and resilience to perform efficiently in high-pressure environments. The job also requires the individual to be calm, composed, and able to work with strong team management, administrative, communication, and planning skills, ensuring quality and consistency.

Applicable National Occupational Standards (NOS)

CII/THC/N1201: Fundamentals of Culinary Theory and Practice

Description

This NOS defines the core competencies required of culinary professionals at entry level. It covers knowledge, skills, and abilities essential for working effectively in a professional kitchen, including kitchen organization, food hygiene, cooking techniques, mise en place, ingredient handling, knife skills, stocks and sauces, safe equipment use, and basic plating and presentation.

Scope

The scope covers the following :

- This NOS covers the core competencies in basic culinary operations, including kitchen hygiene and safety, mise en place, ingredient handling, cooking methods, knife skills, and preparation of simple dishes. It also emphasizes portion control, plating, and safe use of kitchen equipment to ensure quality and consistency in food production.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Identify and describe different kitchen layouts, workstations, and tools used in professional kitchens.
- PC2.** Explain the principles of food hygiene, kitchen safety, and sanitation practices.
- PC3.** Identify various cooking methods (e.g., boiling, steaming, frying) and describe their appropriate uses.
- PC4.** Explain the process of mise en place and its importance in culinary preparation.
- PC5.** Describe the basic characteristics, storage, and uses of primary ingredients such as vegetables, meats, dairy, and grains.
- PC6.** Differentiate between moist heat and dry heat cooking techniques with examples.
- PC7.** Demonstrate the process of knife handling, including common cuts like julienne, brunoise, and chiffonade.
- PC8.** Recognize the function and types of stocks, sauces, and soups in classical cuisine.
- PC9.** Prepare simple dishes using basic culinary techniques following standard recipes.
- PC10.** Demonstrate basic skills in seasoning, tasting, and adjusting food preparation.
- PC11.** Explain the basic concepts of portion control and plating presentation.
- PC12.** Identify common culinary terms and measurements used in recipe standardization.
- PC13.** Follow SOPs for safe use and cleaning of equipment like ovens, mixers, and blenders.
- PC14.** Identify various thickening agents and their use in sauce or soup preparation.
- PC15.** Explain the role of fats, oils, and emulsifiers in basic food preparation.
- PC16.** Demonstrate preparation of basic doughs and batters for breads and pastries.
- PC17.** Use standard cooking temperatures and timings to prepare a variety of dishes.
- PC18.** Identify common kitchen hazards and describe appropriate preventive measures.
- PC19.** Perform basic plating techniques to enhance dish presentation and appeal.

Confederation of Indian Industry

Qualification Pack

PC20. Clean and maintain the workstation and tools post-preparation according to hygiene protocols.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Kitchen layouts, workstations, tools, and SOPs for hygiene, sanitation, and safety.
- KU2.** Cooking methods, moist-heat vs dry-heat techniques, and the importance of mise en place.
- KU3.** Characteristics, storage, and uses of primary ingredients, stocks, sauces, soups, fats, oils, emulsifiers, and thickening agents.
- KU4.** Knife handling, preparation of simple dishes, seasoning, doughs, batters, and standard cooking temperatures/timings.
- KU5.** Portion control, culinary terms, recipe standardization, and plating techniques.
- KU6.** Safe use, cleaning, and maintenance of kitchen equipment and workstations.
- KU7.** Awareness of hazards, sustainability practices, basic numeracy for measurements, and communication for teamwork and safety.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Communicate clearly and follow instructions.
- GS2.** Use simple numeracy for measurements and portioning.
- GS3.** Maintain personal hygiene, grooming, and workplace discipline.
- GS4.** Work effectively in a team and support others in the kitchen.
- GS5.** Manage time and complete tasks efficiently.

CII/THC/N1202: Nutrition, Hygiene and Stewarding Practices

Description

This NOS covers the knowledge and skills required for ensuring proper nutrition, safe food handling, and maintaining high standards of hygiene and stewarding practices in food service and kitchen operations.

Scope

The scope covers the following :

- The individual will be able to plan nutritionally balanced meals, calculate nutritional values, and adapt menus to dietary needs and restrictions. They will ensure food safety, hygiene, storage, and preservation practices to maintain quality and prevent risks. The individual will also perform stewarding operations such as cleaning, sanitation, waste management, and equipment upkeep in line with eco friendly and sustainable kitchen practices.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Explain the basic principles of nutrition and the role of macronutrients and micronutrients in the human body.
- PC2.** Identify food ingredients rich in proteins, carbohydrates, fats, vitamins, and minerals used in balanced diets.
- PC3.** Plan a nutritionally balanced menu for different age groups or dietary needs.
- PC4.** Calculate calorific and nutritional value of food ingredients and meals
- PC5.** Identify food allergies, intolerances, and dietary restrictions, and adapt meal plans accordingly
- PC6.** Explain the effects of poor nutrition on health and productivity
- PC7.** Apply proper storage and preservation methods to retain the nutritional quality of food.
- PC8.** Describe safe food handling practices to avoid contamination and nutrient loss
- PC9.** Follow hygiene protocols including personal hygiene, kitchen hygiene, and food safety measures.
- PC10.** Identify and manage risks related to pests, spoilage, and cross-contamination in food environments
- PC11.** Carry out routine cleaning and sanitation activities for kitchen surfaces, tools, and utensils
- PC12.** Operate dishwashing and cleaning equipment as per manufacturer's instructions.
- PC13.** Use cleaning agents and chemicals safely, understanding labeling and hazard signs.
- PC14.** Maintain waste disposal and recycling systems as per kitchen SOPs and environmental guidelines.
- PC15.** Maintain logs and checklists for hygiene and sanitation tasks for audit readiness.
- PC16.** Monitor inventory and supplies for stewarding and cleaning operations.
- PC17.** Perform basic maintenance checks on stewarding equipment and report any malfunctions
- PC18.** Follow standard procedures for energy-efficient and eco-friendly kitchen operations.

CII/THC/N1203: Hospitality Operations, Inventory Handling and Health Practices

Description

This NOS defines the skills and knowledge required for an individual to deliver professional guest services, follow SOPs for reservations, billing, and event support, and maintain confidentiality and service standards. It also covers managing inventory through stock registers, storage, documentation, and audits while adhering to FIFO/LIFO methods, safety protocols, and hygiene practices. Additionally, the individual will follow occupational health, food safety, and workplace safety guidelines to ensure smooth, safe, and sustainable hospitality operations.

Scope

The scope covers the following :

- The individual will be able to provide professional guest services, follow hospitality SOPs, and coordinate with departments for smooth operations. They will manage inventory by maintaining stock, storage, and documentation as per standards. The individual will also ensure workplace health, safety, and hygiene to support efficient and sustainable hospitality operations.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Describe the structure and departments of a hospitality establishment (e.g., hotel, resort, restaurant).
- PC2.** Identify roles and responsibilities of different departments in delivering guest services.
- PC3.** Demonstrate standard guest interaction and communication etiquette.
- PC4.** Follow SOPs for check-in, check-out, reservation handling, and complaint resolution.
- PC5.** Assist in handling basic hospitality software or documentation related to bookings or billing.
- PC6.** Coordinate with various departments to ensure smooth operations and guest satisfaction.
- PC7.** Support event setups and execution as per instructions (e.g., banquets, conferences).
- PC8.** Apply service recovery techniques in responding to guest dissatisfaction or feedback.
- PC9.** Maintain confidentiality, grooming, and service standards while representing the establishment.
- PC10.** Demonstrate awareness of tourism trends, sustainability practices, and local culture for guest interactions.
- PC11.** Prepare and update stock registers for kitchen and service materials.
- PC12.** Receive, inspect, and store goods as per FIFO/LIFO inventory methods.
- PC13.** Handle documentation for ordering, issuing, and recording goods.
- PC14.** Monitor temperature, labeling, and expiration dates for perishable items.
- PC15.** Identify different types of storage areas (dry, cold, frozen) and maintain them as per SOP.
- PC16.** Follow safety and hygiene protocols during receiving and storing of inventory.
- PC17.** Report damaged, expired, or low-stock materials as per the escalation matrix.

Confederation of Indian Industry

Qualification Pack

- PC18.** Assist in monthly inventory audits and stock rotation processes.
- PC19.** Identify potential health hazards in hospitality and kitchen environments.
- PC20.** Follow workplace safety guidelines including fire exits, PPE use, and hazard signage.
- PC21.** Assist in implementing cleanliness schedules and pest control activities.
- PC22.** Report any accidents or unsafe conditions to the supervisor immediately.
- PC23.** Participate in mock drills or basic first aid training sessions organized at the workplace.
- PC24.** Apply knowledge of occupational health and food safety (e.g., HACCP principles).

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Structure and roles of hospitality departments and their coordination for guest services.
- KU2.** Guest interaction etiquette, service recovery methods, and SOPs for reservations, billing, and documentation.
- KU3.** Basics of hospitality software, event support, tourism trends, sustainability, and local culture.
- KU4.** Procedures for inventory handling including FIFO/LIFO, storage, labeling, expiry control, and hygiene protocols.
- KU5.** Workplace health, safety, and food safety practices including HACCP, PPE use, pest control, and accident reporting.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Communicate clearly with guests, supervisors, and team members using professional etiquette.
- GS2.** Read and interpret SOPs, labels, guest records, hazard signs, and basic hospitality software.
- GS3.** Use basic numeracy skills for billing, documentation, and inventory calculations.
- GS4.** Work effectively in a team, coordinate across departments, and manage time efficiently.
- GS5.** Maintain accurate records, logs, and checklists for guest services, inventory, and safety compliance.
- GS6.** Demonstrate problem-solving skills in handling guest complaints, service recovery, or operational issues.

CII/THC/N1204: Culinary Techniques (Intermediate) and Customer Service Skills for culinary staff

Description

This NOS defines the skills and knowledge required for culinary staff to prepare intermediate-level dishes across Indian, Continental, and Asian cuisines, while ensuring hygiene, safety, and quality standards. The individual is also expected to coordinate with service teams, respond to customer requirements, and maintain professional grooming and workplace behavior to deliver consistent culinary and service excellence.

Scope

The scope covers the following :

- The individual will be able to prepare intermediate-level dishes across Indian, Continental, and Asian cuisines while ensuring hygiene, safety, and quality standards. They will coordinate with service staff, address customer requirements, and maintain professional behavior to support efficient and guest-focused culinary operations.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Prepare a variety of intermediate-level dishes from Indian, Continental, and Asian cuisines using appropriate cooking methods.
- PC2.** Demonstrate correct knife handling, cutting techniques, and workstation organization.
- PC3.** Use food plating and garnishing techniques suitable for mid-level service standards.
- PC4.** Apply portion control, temperature checks, and quality control during food preparation.
- PC5.** Identify and use herbs, spices, and condiments effectively to enhance flavor profiles.
- PC6.** Follow hygiene, sanitation, and food safety protocols throughout the cooking process.
- PC7.** Utilize commercial kitchen equipment (e.g., salamander, griddle, deep fryer) safely and efficiently.
- PC8.** Adapt recipes based on customer feedback or ingredient availability without compromising quality.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Cooking methods for preparing intermediate-level Indian, Continental, and Asian dishes, including recipe adaptation.
- KU2.** Proper knife handling, workstation organization, portion control, temperature checks, and quality control in food preparation.
- KU3.** Principles of plating, garnishing, flavor balancing, and use of herbs, spices, and condiments to enhance dishes.

Confederation of Indian Industry

Qualification Pack

- KU4.** Safe and efficient use of commercial kitchen equipment such as salamander, griddle, and deep fryer, along with hygiene, sanitation, and food safety practices.
- KU5.** Professional communication and coordination with service staff, including handling dietary requirements, allergies, and customer feedback.
- KU6.** Teamwork, time management, grooming standards, and SOPs for maintaining cleanliness and readiness of the kitchen.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Communicate effectively with team members, service staff, and customers using professional etiquette.
- GS2.** Read and interpret recipes, menus, dietary instructions, and kitchen SOPs accurately.
- GS3.** Apply basic numeracy skills for portion control, temperature checks, and recipe adjustments.
- GS4.** Work collaboratively in a team, manage time efficiently, and stay composed during high-volume service.
- GS5.** Adaptability of problem-solving skills in handling customer feedback, dietary requirements, and operational challenges.

CII/THC/N1205: Goods Purchasing and Kitchen Department Operations

Description

This NOS defines the competencies required for managing the purchasing cycle and supporting kitchen department operations. The individual is expected to create and maintain purchase records, evaluate vendors, apply FIFO/LIFO principles, and ensure compliance with hygiene and safety standards. They will also monitor daily kitchen operations, maintain stock levels, coordinate with stores and finance, and implement ecological and cost-saving practices while upholding cleanliness and order in storage and service areas.

Scope

The scope covers the following :

- The individual will manage the purchasing cycle through requisitions, vendor evaluation, record-keeping, and FIFO/LIFO compliance. They will support kitchen operations by maintaining stock levels, coordinating with stores and finance, and ensuring hygiene and documentation.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Identify the key steps of the purchasing cycle including indenting, ordering, receiving, and storage.
- PC2.** Create accurate order requisitions and maintain purchasing records
- PC3.** Evaluate vendors/suppliers based on quality, reliability, and cost-efficiency.
- PC4.** Apply FIFO (First In, First Out) and LIFO (Last In, First Out) inventory principles in purchasing decisions.
- PC5.** Maintain compliance with safety and hygiene standards during goods procurement.
- PC6.** Coordinate with the finance and stores department to manage purchase budgets and stock availability.
- PC7.** Ensure proper documentation and reconciliation of invoices and delivery notes.
- PC8.** Monitor daily kitchen operations including receiving, stocking, and issuing of ingredients.
- PC9.** Maintain par stock levels for raw materials, cleaning supplies, and other consumables.
- PC10.** Ensure coordination between kitchen and stores for timely availability of ingredients.
- PC11.** Follow SOPs for labeling, shelving, and rotation of perishable and non-perishable goods.
- PC12.** Identify kitchen operational issues related to goods handling and recommend corrective measures.
- PC13.** Comply with ecological and cost-saving practices in kitchen operations such as waste control and energy efficiency.
- PC14.** Maintain cleanliness, orderliness, and safety standards in the storage and kitchen service areas.

Knowledge and Understanding (KU)

Confederation of Indian Industry

Qualification Pack

The individual on the job needs to know and understand:

- KU1.** The purchasing cycle including indenting, ordering, receiving, storing, and maintaining records.
- KU2.** Vendor evaluation criteria, budgeting, coordination with stores/finance, and invoice reconciliation.
- KU3.** Application of FIFO/LIFO principles and SOPs for labeling, shelving, and stock rotation.
- KU4.** Safety, hygiene, and compliance standards in procurement, storage, and kitchen operations.
- KU5.** Monitoring stock levels, issuing ingredients, and identifying operational issues with corrective actions.
- KU6.** Ecological, cost-saving, and sustainability practices along with standards of cleanliness and safety in kitchen areas.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Read and interpret purchase orders, invoices, stock records, and SOPs accurately (literacy skills).
- GS2.** Communicate and coordinate effectively with vendors, suppliers, and internal teams (oral communication skills).
- GS3.** Apply decision-making, problem-solving, and planning skills to manage shortages, delays, and operational challenges.
- GS4.** Use of analytical, critical thinking, and customer-centric approaches to evaluate vendors, control budgets, and ensure smooth kitchen operations.

CII/THC/N1206: Communication, Numeracy and Digital Skills for Hospitality

Description

This NOS defines the ability to communicate effectively with guests, colleagues, and supervisors using professional etiquette in verbal, written, and digital forms. It also covers applying basic numeracy for recipes, billing, and inventory, and using digital tools and hospitality software for reservations, record-keeping, and secure communication.

Scope

The scope covers the following :

- The individual will be able to apply effective communication, basic numeracy, and digital skills to support day-to-day hospitality operations. They will ensure professionalism, accuracy, and data security while handling guest interactions, billing, inventory, and reservations.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Use appropriate verbal and non-verbal communication with guests, supervisors, and colleagues.
- PC2.** Follow professional telephone and face-to-face etiquette while interacting with guests.
- PC3.** Read and interpret basic written instructions, notices, and signage used in hospitality operations
- PC4.** Write simple messages, notes, and forms used in daily hotel or restaurant operations.
- PC5.** Demonstrate active listening skills while taking guest requests or feedback.
- PC6.** Handle guest queries and complaints in a polite, clear, and professional manner.
- PC7.** Use basic hospitality-related vocabulary to describe products, services, and processes.
- PC8.** Use basic arithmetic (addition, subtraction, multiplication, division) in hospitality operations.
- PC9.** Calculate quantities, weights, and measures for recipes and inventory.
- PC10.** Convert units (e.g., grams to kilograms, milliliters to liters) as required in the kitchen or stores.
- PC11.** Calculate service charges, discounts, and basic taxes for food bills or purchase orders.
- PC12.** Use percentages to assess food cost, wastage, and profit margins.
- PC13.** Understand and apply simple data like room occupancy, guest count, and inventory records.
- PC14.** Operate basic digital tools like mobile phones, tablets, or POS systems for daily tasks.
- PC15.** Use hospitality-specific software/applications for reservations, billing, or feedback.
- PC16.** Enter data accurately in digital formats such as spreadsheets or forms.
- PC17.** Follow basic cybersecurity and data privacy practices in digital communication.
- PC18.** Use email or messaging apps for communication with team members or supervisors.
- PC19.** Access information using internet search engines to find recipes, hygiene protocols, or guest details.

Confederation of Indian Industry

Qualification Pack

PC20. Apply digital etiquette and professionalism in online communication

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Basics of verbal, non-verbal, and written communication, including hospitality etiquette and active listening.
- KU2.** Reading and writing simple instructions, notices, forms, and using basic hospitality vocabulary.
- KU3.** Fundamental arithmetic, unit conversions, and percentages for recipes, billing, and inventory management.
- KU4.** Use of digital tools, POS systems, and hospitality software for reservations, billing, and record-keeping.
- KU5.** Principles of digital etiquette, data privacy, and secure online communication.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Read and write simple messages, forms, recipes, and instructions used in hospitality operations
- GS2.** Communicate effectively with guests, supervisors, and colleagues using verbal, non-verbal, and telephone etiquette, while practicing active listening
- GS3.** Apply decision-making, problem-solving, and basic numeracy skills to calculate quantities, conversions, service charges, taxes, and food costs
- GS4.** Demonstrate customer centricity, digital etiquette, and professionalism while using POS systems, hospitality software, and online communication tools

CII/THC/N1207: On the Job Training (Fundamental Course in Culinary Operations)

Description

This NOS defines the competencies to be demonstrated during On-the-Job Training (OJT) in a professional kitchen. The individual will assist in basic food preparation, storage, stewarding, and inventory tasks while following hygiene and safety standards. It also emphasizes teamwork, discipline, use of simple digital tools, and logbook maintenance to build work readiness for entry-level culinary roles.

Scope

The scope covers the following :

- The individual will be able to support basic food preparation, storage, stewarding, and inventory tasks under supervision while maintaining hygiene, safety, and workplace discipline. They will also practice teamwork, use simple digital tools, and record learnings during live kitchen operations to build readiness for entry-level culinary roles.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Report on time to the assigned kitchen area and follow professional grooming and hygiene standards.
- PC2.** Assist in basic food preparation tasks such as cutting, peeling, boiling, and organizing ingredients for mise-en-place.
- PC3.** Support the preparation of simple dishes and accompaniments under supervision, applying basic culinary techniques.
- PC4.** Maintain cleanliness of workstations and equipment as per food safety and sanitation SOPs.
- PC5.** Observe and participate in stewarding duties like dishwashing, waste disposal, and maintaining inventory of cleaning materials.
- PC6.** Assist in storage operations including checking delivery, labeling, stock rotation, and organizing cold/dry storage as per FIFO/LIFO.
- PC7.** Practice hand hygiene, wear PPE, and ensure workplace cleanliness as per hygiene and occupational health protocols.
- PC8.** Apply knowledge of personal and workplace hygiene during live operations, especially when handling raw and cooked foods.
- PC9.** Participate in real-time kitchen operations during meal service hours and coordinate with team members to meet timelines.
- PC10.** Support basic inventory tasks like counting, recording, and reporting stock levels to supervisors.
- PC11.** Apply basic numeracy to measure quantities, portion sizes, and conversion of units in recipe preparation.
- PC12.** Observe and understand customer-facing functions like food plating, service coordination, and response to complaints.

Confederation of Indian Industry

Qualification Pack

- PC13.** Use simple digital tools like kitchen displays or order tracking systems, where applicable, under supervision.
- PC14.** Maintain a logbook recording daily tasks, observations, and learnings as per institutional or employer format.
- PC15.** Receive feedback from mentors and implement improvements in culinary practices and personal discipline.
- PC16.** Work effectively as part of a team, communicate clearly with supervisors, and support fellow trainees or colleagues.
- PC17.** Follow instructions with minimal reminders and take responsibility for completing assigned routine tasks.
- PC18.** Demonstrate consistent attention to quality, cleanliness, and safety in all assigned practical tasks.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Workplace norms of punctuality, grooming, hygiene standards, and basic organizational protocols.
- KU2.** Fundamentals of food preparation, mise-en-place, simple dish production, plating, and portioning techniques.
- KU3.** Food safety and hygiene standards including FIFO/LIFO, cross-contamination prevention, sanitation, and occupational health practices.
- KU4.** Use of kitchen tools, equipment, PPE, dishwashing, waste disposal, and storage operations for perishable and non-perishable goods.
- KU5.** Application of basic numeracy and record-keeping for measurements, conversions, portion sizes, and stock levels.
- KU6.** Teamwork, communication, logbook maintenance, use of simple digital tools, and implementation of feedback during live kitchen operations.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Follow punctuality, grooming, hygiene, and workplace discipline while reporting to assigned tasks
- GS2.** Communicate clearly with supervisors, colleagues, and team members, and maintain logbooks and records as per instructions
- GS3.** Apply literacy and numeracy skills to read/write simple kitchen instructions, measure quantities, portion sizes, convert units, and maintain inventory records
- GS4.** Demonstrate teamwork, coordination, and customer awareness during kitchen operations, service support, and plating functions
- GS5.** Use problem-solving, planning, and adaptability to complete food preparation, storage, and stewarding tasks safely and efficiently

DGT/VSQ/N0103: Employability Skills (90 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Career Development & Goal Setting
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** understand the significance of employability skills in meeting the current job market requirement and future of work
- PC2.** identify and explore learning and employability relevant portals
- PC3.** research about the different industries, job market trends, latest skills required and the available opportunities

Constitutional values - Citizenship

To be competent, the user/individual on the job must be able to:

- PC4.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. and personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC5.** follow environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC6.** recognize the significance of 21st Century Skills for employment

Confederation of Indian Industry

Qualification Pack

- PC7.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life
- PC8.** adopt a continuous learning mindset for personal and professional development

Basic English Skills

To be competent, the user/individual on the job must be able to:

- PC9.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC10.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC11.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC12.** identify career goals based on the skills, interests, knowledge, and personal attributes
- PC13.** prepare a career development plan with short- and long-term goals

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC14.** follow verbal and non-verbal communication etiquette while communicating in professional and public settings
- PC15.** use active listening techniques for effective communication
- PC16.** communicate in writing using appropriate style and format based on formal or informal requirements
- PC17.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC18.** communicate and behave appropriately with all genders and PwD
- PC19.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC20.** identify and select reliable institutions for various financial products and services such as bank account, debit and credit cards, loans, insurance etc.
- PC21.** carry out offline and online financial transactions, safely and securely, using various methods and check the entries in the passbook
- PC22.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC23.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC24.** operate digital devices and use their features and applications securely and safely
- PC25.** carry out basic internet operations by connecting to the internet safely and securely, using the mobile data or other available networks through Bluetooth, Wi-Fi, etc.
- PC26.** display responsible online behaviour while using various social media platforms

Confederation of Indian Industry

Qualification Pack

- PC27.** create a personal email account, send and process received messages as per requirement
- PC28.** carry out basic procedures in documents, spreadsheets and presentations using respective and appropriate applications
- PC29.** utilize virtual collaboration tools to work effectively

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC30.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC31.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC32.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC33.** identify different types of customers and ways to communicate with them
- PC34.** identify and respond to customer requests and needs in a professional manner
- PC35.** use appropriate tools to collect customer feedback
- PC36.** follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

- PC37.** create a professional Curriculum vitae (Résumé)
- PC38.** search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively
- PC39.** apply to identified job openings using offline /online methods as per requirement
- PC40.** answer questions politely, with clarity and confidence, during recruitment and selection
- PC41.** identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** need for employability skills and different learning and employability related portals
- KU2.** various constitutional and personal values
- KU3.** different environmentally sustainable practices and their importance
- KU4.** Twenty first (21st) century skills and their importance
- KU5.** how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up
- KU6.** importance of career development and setting long- and short-term goals
- KU7.** about effective communication
- KU8.** POSH Act
- KU9.** Gender sensitivity and inclusivity
- KU10.** different types of financial institutes, products, and services

Confederation of Indian Industry

Qualification Pack

- KU11.** components of salary and how to compute income and expenditure
- KU12.** importance of maintaining safety and security in offline and online financial transactions
- KU13.** different legal rights and laws
- KU14.** different types of digital devices and the procedure to operate them safely and securely
- KU15.** how to create and operate an e- mail account
- KU16.** use applications such as word processors, spreadsheets etc.
- KU17.** how to identify business opportunities
- KU18.** types and needs of customers
- KU19.** how to apply for a job and prepare for an interview
- KU20.** apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** read and write different types of documents/instructions/correspondence in English and other languages
- GS2.** communicate effectively using appropriate language in formal and informal settings
- GS3.** behave politely and appropriately with all to maintain effective work relationship
- GS4.** how to work in a virtual mode, using various technological platforms
- GS5.** perform calculations efficiently
- GS6.** solve problems effectively
- GS7.** pay attention to details
- GS8.** manage time efficiently
- GS9.** maintain hygiene and sanitization to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Awarding Body. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. AB will also lay down the proportion of marks for Theory and Skills Practical for each PC.
2. The assessment for the theory part will be based on the knowledge bank of questions created by the Awarding Body/ Assessment Body.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for the theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score a minimum of 60% of aggregate marks to successfully clear the assessment.

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
