GCP/HSS/Q0101: Geriatric Care Provider

Brief Job Description

This program aims to develop Geriatric Care Providers dedicated to providing high quality care and support to senior citizens. It offers comprehensive, evidence-based training in geriatric care, equipping caregivers with sub-nursing skills, taking care of an older person who has a chronic illness or disease, elderly in doing their activities of daily living, going for physiotherapy, Helping in medications or talking to doctors and nurses on behalf of client/patient, Helping to bathe or dress someone who is frail or disabled and a deep understanding of the critical role empathy plays in caregiving. Additionally, the course emphasizes the importance of self-care to ensure the well-being of caregivers themselves. With a strong focus on practical skills, the training prepares caregivers to deliver effective interventions in family and community settings, promoting the welfare and quality of life of older adults. Building Geriatric Caregivers as Digital Health Assistance.

Personal Attributes

Patience, Good Communication Skills, Respect, Compassion, Empathy, Observation, Alertness, Teamwork, Positive Attitude, Adaptability and Flexibility

PC3. explain 21st Century Skills such as Self-Awareness, Behavior Skills, Positive attitude, self-motivation, problem-solving, creative thinking, time management, social and cultural awareness, emotional awareness, continuous learning mindset etc.

Basic English Skills

To be competent, the user/individual on the job must be able to:

PC4. speak with others using some basic English phrases or sentences

Communication Skills

To be competent, the user/individual on the job must be able to:

PC5. follow good manners while communicating with others

PC6. work with others in a team

Qualification Pack

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

PC7. communicate and behave appropriately with all genders and PwD

PC8. report any issues related to sexual harassment

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

PC9. use various financial products and services safely and securely

PC10. calculate income, expenses, savings etc.

PC11. approach the concerned authorities for any exploitation as per legal rights and laws

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

PC12. operate digital devices and use its features and applications securely and safely

PC13. use internet and social media platforms securely and safely

Entrepreneurship

To be competent, the user/individual on the job must be able to:

PC14. identify and assess opportunities for potential business

PC15. identify sources for arranging money and associated financial and legal challenges

Customer Service

To be competent, the user/individual on the job must be able to:

PC16. identify different types of customers

PC17. identify customer needs and address them appropriately

PC18. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC19. create a basic biodata

PC20. search for suitable jobs and apply

PC21. identify and register apprenticeship opportunities as per requirement

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use basic spoken English language

KU6. Do and dont of effective communication

KU7. inclusivity and its importance

KU8. different types of disabilities and appropriate communication and behaviour towards PwD

KU9. different types of financial products and services

Qualification Pack

- KU10.** how to compute income and expenses
- KU11.** importance of maintaining safety and security in financial transactions
- KU12.** different legal rights and laws
- KU13.** how to operate digital devices and applications safely and securely
- KU14.** ways to identify business opportunities
- KU15.** types of customers and their needs
- KU16.** how to apply for a job and prepare for an interview
- KU17.** apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** communicate effectively using appropriate language
- GS2.** behave politely and appropriately with all
- GS3.** perform basic calculations
- GS4.** solve problems effectively
- GS5.** be careful and attentive at work
- GS6.** use time effectively
- GS7.** maintain hygiene and sanitisation to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

This section includes the processes involved in identifying, gathering, and interpreting information to evaluate the Candidate on the required competencies of the program.

→ Assessment System Overview:

Batches assigned to the Assessors for conducting the assessment on email – To clarify, the two assessors are evaluating a total of 25 students as follows:

- Assessor 1:
 - o Conducts Viva Voce for 13 students.
 - o Oversees Practical Demonstration for 12 students of (Assessor 2).
- Assessor 2:
 - o Conducts Viva Voce for 12 students.

Qualification Pack

o Oversees Practical Demonstration for 13 students of (Assessor 1).

Although the individual counts of viva and practical students differ slightly between the two assessors, together, they are responsible for assessing all 25 students. Each assessor handles different tasks for a subset of these students, ensuring that the total work is evenly distributed.

- Assessment agencies will send the assessment confirmation to VTP/TC looping
- Assessment agency deploys the ToA certified assessor for executing the assessment
- NISD monitors the assessment process & records the total assessment process.

2. Testing Environment:

- NISD will check the Assessment location, date and time
- For the batch size of 25, there will be 2 Assessors.
- NISD will check that the allotted time to the candidates to complete Viva-voce & Practical Assessment is correct.

3. Assessment Quality Assurance levels/Framework:

- Question bank is created by the Subject Matter Experts (SME) are verified by the other SME
- Questions are mapped to the specified assessment criteria
- Assessor will be ToA (Training of Assessor) certified & trainer must be ToT (Training of Trainer) certified

4. Types of evidence or evidence-gathering protocol:

- Time-stamped & geotagged reporting of the assessor from assessment location
- Centre photographs with signboards and scheme specific branding will be there

5. Method of verification or validation:

- Surprise visit to the assessment location will be done by NISD

6. Method for assessment documentation, archiving, and access

- Hard copies of the documents are stored for future records

Qualification Pack

On the Job:

1. Each module (which covers the job profile of Geriatric Caregivers) will be assessed separately.
2. The candidate must score 70% overall to successfully complete the examination.
3. Tools of Assessment will be used for assessing whether the candidate is having desired skills and etiquette of dealing with elderly, understanding needs & requirements and perform Soft Skills effectively:
 - Videos of Trainees during examination should be recorded and kept for viewing for the regulator body.
4. Assessment of each Module will ensure that the candidate is able to:
 - Effective engage with elderly.
 - Understand the working of various tools and equipment.

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
National Occupational Standard	NOS define the measurable performance outcomes required from an individual engaged in a particular task. They list down what an individual performing that task should know and also do. A formal outcome of an assessment and validation process which is obtained when a competent body determines that an individual has achieved learning outcomes to given standards A Qualification File is a template designed to capture necessary information of a Qualification from the perspective of NSQF compliance.
