Qualification Pack

HAR/ITS/N0902: IT Foundation and Digital Tools

Description

The NOS provides basic knowledge and skills to operate computer and prepares you to perform basic office jobs.

Scope

The scope covers the following :

- The NOS builds essential skills in Word, Excel, PowerPoint, and Internet usage, preparing students for basic office tasks and serving as a foundation for advanced computer applications.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Understand the meaning, characteristics, history, generations, and classification of computers.
- PC2.** Identify and explain the main components, input/output devices, and the working of a computer system.
- PC3.** Differentiate between data and information, and perform basic number conversions.
- PC4.** Demonstrate understanding of operating systems, including the settings and functions of Windows..
- PC5.** Diagnose and resolve common peripheral malfunctions and connectivity issues.
- PC6.** Create and edit documents using word processing tools with proper formatting and layout.
- PC7.** Apply formulas and functions in spreadsheets and use spreadsheet tools effectively.
- PC8.** Design and present information visually using digital presentation software.
- PC9.** Develop correct typing posture and accuracy with improved speed.
- PC10.** Utilize networking and internet skills to communicate online, manage email accounts, ensure cybersecurity, and understand cloud storage

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Demonstrates understanding of the evolution, characteristics, and classification of computers, including their historical development and technological generations.
- KU2.** Identifies and explains the main hardware components, input/output devices, and the overall functional process of a computer system.
- KU3.** Explains the purpose, functions, and configuration of operating systems, particularly Windows, in managing computer resources and settings.
- KU4.** Understands methods for diagnosing and resolving common hardware, peripheral, and connectivity issues within a computer system.

Qualification Pack

- KU5.** Demonstrates knowledge of digital productivity tools, including word processors, spreadsheets, and presentation software, for creating and managing professional documents and visual materials.
- KU6.** Distinguishes between data and information and applies basic number system conversions relevant to computing.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** set goals for career development.
- GS2.** efficiently plan daily data entry tasks to meet deadlines.
- GS3.** Identify and resolve data inconsistencies or system errors.
- GS4.** Ensure accuracy and confidentiality of customer data.

HAR/ITS/N0903: Digital Communication & Collaboration

Description

The NOS provides professional communication skills using tools like Google Meet and Google Docs for workplace collaboration and online interaction.

Scope

The scope covers the following :

- Builds skills in digital communication and collaboration using tools like Google Meet and Google Docs.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Understand Instant Messages, types and features of Instant Messages.
- PC2.** Know the benefit of Video Conferencing and various devices and apps used in Video Conferencing.
- PC3.** Know the various social media platforms
- PC4.** Know about Google workspace and various Google Collaboration Tools.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Types of instant messaging used for personal and professional communication.
- KU2.** Uses of video conferencing, including required devices and applications such as Google Meet and Zoom.
- KU3.** Meaning, advantages, disadvantages, and responsible use of social media platforms
- KU4.** Features and functions of Google Workspace including Gmail, Google Calendar, and Google Meet
- KU5.** Creating and managing files using Google Docs, Google Sheets, Google Slides, and Google Forms.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Organize and prioritize tasks to manage time efficiently and meet deadlines
- GS2.** Work collaboratively in a team, contributing to shared goals and helping others when needed
- GS3.** Handling technical issues during online meetings or collaboration tasks.
- GS4.** Follow instructions accurately and work independently when required

HAR/ITS/N0904: Introduction to e-Governance and Digital Financial Services

Description

The NOS provides the knowledge of using digital government services and online banking safely and effectively.

Scope

The scope covers the following :

- The NOS covers e-Governance, digital programs, online banking, and safe digital transactions.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

PC1. Understand e-Governance and its scope.

PC2. Know the types of Interactions in e-Governance

PC3. Know about various National e-Governance Programs

PC4. Know Digital Financial Services in India

PC5. Know the types of Digital Banking Services and safety and Security required at the time of Digital Payments

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. e-Governance, digital programs, online banking, and payment security.

KU2. How government and banks provide safe and efficient digital services to citizens.

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. Use digital services effectively and troubleshooting basic issues

GS2. Communicate with users and team members

GS3. Ensuring payment security and maintaining confidentiality.

HAR/ITS/N1201: Creating Website using HTML, CSS and JavaScript

Description

Provides knowledge and skills to create web pages using HTML, CSS and JavaScript

Scope

The scope covers the following :

- The NOS covers the fundamental skills required to create, design, and validate interactive web pages.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Create web pages using HTML and CSS.
- PC2.** Use HTML elements, tags & attributes.
- PC3.** Create lists, links, and tables using HTML tags
- PC4.** Make WebPages more attractive using CSS
- PC5.** Understand JavaScript basics- variables, functions, and control structures
- PC6.** Create interactive web pages using Javascript.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Basic structure of web pages (HTML elements, tags, attributes)
- KU2.** CSS styling techniques: inline, internal, and external stylesheets
- KU3.** Core JavaScript concepts: variables, data types, operators, loops, and functions
- KU4.** Debugging and error handling in JavaScript.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Analyze client requirements and design solutions that meet functional needs.
- GS2.** Clearly communicate ideas and requirements to team members and clients.
- GS3.** Manage time and priorities to meet project deadlines.

HAR/ITS/N0905: Introduction to Open AI (AI and Gen AI)

Description

Provides knowledge of AI and ChatGPT and their applications in daily tasks.

Scope

The scope covers the following :

- The NOS enable to understand AI and ChatGPT, apply them in daily tasks, and explore their future trends, ethical considerations, challenges, and opportunities.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Understand the meaning of AI and Chatgpt
- PC2.** Understand how AI helps in daily tasks
- PC3.** Use Chatgpt for various tasks
- PC4.** Know the Future of AI, Ethical consideration of AI, Challenges & Opportunities

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Concepts and meaning of Artificial Intelligence (AI)
- KU2.** to use ChatGPT for tasks like content generation, problem-solving, research, and automation
- KU3.** Challenges, risks, and limitations of AI technology.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Analyze tasks and determine how AI and ChatGPT can provide solutions.
- GS2.** Apply AI solutions responsibly.
- GS3.** Apply ethical considerations in AI usage, including privacy, security, and fairness, to ensure responsible and compliant implementation
- GS4.** Manage time efficiently to integrate AI solutions into workflows.

DGT/VSQ/N0101: Employability Skills (30 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

PC1. understand the significance of employability skills in meeting the job requirements

Constitutional values - Citizenship

To be competent, the user/individual on the job must be able to:

PC2. identify constitutional values, civic rights, duties, personal values and ethics and environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

PC3. explain 21st Century Skills such as Self-Awareness, Behavior Skills, Positive attitude, self-motivation, problem-solving, creative thinking, time management, social and cultural awareness, emotional awareness, continuous learning mindset etc.

Basic English Skills

To be competent, the user/individual on the job must be able to:

PC4. speak with others using some basic English phrases or sentences

Communication Skills

To be competent, the user/individual on the job must be able to:

PC5. follow good manners while communicating with others

PC6. work with others in a team

Qualification Pack

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

PC7. communicate and behave appropriately with all genders and PwD

PC8. report any issues related to sexual harassment

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

PC9. use various financial products and services safely and securely

PC10. calculate income, expenses, savings etc.

PC11. approach the concerned authorities for any exploitation as per legal rights and laws

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

PC12. operate digital devices and use its features and applications securely and safely

PC13. use internet and social media platforms securely and safely

Entrepreneurship

To be competent, the user/individual on the job must be able to:

PC14. identify and assess opportunities for potential business

PC15. identify sources for arranging money and associated financial and legal challenges

Customer Service

To be competent, the user/individual on the job must be able to:

PC16. identify different types of customers

PC17. identify customer needs and address them appropriately

PC18. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC19. create a basic biodata

PC20. search for suitable jobs and apply

PC21. identify and register apprenticeship opportunities as per requirement

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use basic spoken English language

KU6. Do and dont of effective communication

KU7. inclusivity and its importance

KU8. different types of disabilities and appropriate communication and behaviour towards PwD

KU9. different types of financial products and services

Qualification Pack

- KU10.** how to compute income and expenses
- KU11.** importance of maintaining safety and security in financial transactions
- KU12.** different legal rights and laws
- KU13.** how to operate digital devices and applications safely and securely
- KU14.** ways to identify business opportunities
- KU15.** types of customers and their needs
- KU16.** how to apply for a job and prepare for an interview
- KU17.** apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** communicate effectively using appropriate language
- GS2.** behave politely and appropriately with all
- GS3.** perform basic calculations
- GS4.** solve problems effectively
- GS5.** be careful and attentive at work
- GS6.** use time effectively
- GS7.** maintain hygiene and sanitisation to avoid infection

HAR/ITS/N0906: OJT/Project & Viva

Description

The NOS enabling students to apply their acquired skills and knowledge in real work or job-oriented environments.

Scope

The scope covers the following :

- Provides practical exposure, enhance skills, and prepare students for real work environments by bridging the gap between theory and practice

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

PC1. Demonstrates application of theoretical knowledge in practical tasks

PC2. Adapts to workplace requirements and follows instructions

PC3. Demonstrates clear understanding of concepts during viva

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. Workplace practices and professional standards

KU2. Basic problem-solving techniques

KU3. Communication skills in a work environment

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. Work collaboratively as part of a team

GS2. Follow instructions and organizational procedures

GS3. Manage time and meet deadline

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
