Qualification Pack

HAR/ITS/N0908: IT Foundation and Digital Tools (2)

Description

The NOS provides basic knowledge and skills to operate computer and prepares you to perform basic office jobs.

Scope

The scope covers the following :

- The NOS builds essential skills in Word, Excel, PowerPoint, and Internet usage, preparing students for basic office tasks and serving as a foundation for advanced computer applications.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Understand the meaning, characteristics, history, generations, and classification of computers.
- PC2.** Identify and explain the main components, input/output devices, and the working of a computer system.
- PC3.** Differentiate between data and information, and perform basic number conversions.
- PC4.** Demonstrate understanding of operating systems, including the settings and functions of Windows..
- PC5.** Diagnose and resolve common peripheral malfunctions and connectivity issues.
- PC6.** Create and edit documents using word processing tools with proper formatting and layout.
- PC7.** Apply formulas and functions in spreadsheets and use spreadsheet tools effectively.
- PC8.** Design and present information visually using digital presentation software.
- PC9.** Develop correct typing posture and accuracy with improved speed.
- PC10.** Utilize networking and internet skills to communicate online, manage email accounts, ensure cybersecurity, and understand cloud storage

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Demonstrates understanding of the evolution, characteristics, and classification of computers, including their historical development and technological generations.
- KU2.** Identifies and explains the main hardware components, input/output devices, and the overall functional process of a computer system.
- KU3.** Explains the purpose, functions, and configuration of operating systems, particularly Windows, in managing computer resources and settings.
- KU4.** Understands methods for diagnosing and resolving common hardware, peripheral, and connectivity issues within a computer system.

Qualification Pack

- KU5.** Demonstrates knowledge of digital productivity tools, including word processors, spreadsheets, and presentation software, for creating and managing professional documents and visual materials.
- KU6.** Distinguishes between data and information and applies basic number system conversions relevant to computing.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** set goals for career development.
- GS2.** efficiently plan daily data entry tasks to meet deadlines.
- GS3.** Identify and resolve data inconsistencies or system errors.
- GS4.** Ensure accuracy and confidentiality of customer data.

HAR/ITS/N1501: Introduction to Accounting with Tally (90 hrs.)

Description

The NOS covers basics of accounting using Tally software, focusing on ledger creation, voucher management, and generating financial reports for efficient business accounting.

Scope

The scope covers the following :

- Covers the fundamentals of accounting principles and concepts along with practical application using Tally

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Explain basic accounting concepts, principles, and types of accounts.
- PC2.** Apply rules of debit and credit to record financial transactions accurately.
- PC3.** Prepare journal entries and post them into ledger accounts.
- PC4.** Maintain subsidiary books such as cash book, purchase book, sales book, and journal proper.
- PC5.** Prepare and analyze trial balance and identify and rectify accounting errors.
- PC6.** Prepare final accounts including Trading Account, Profit & Loss Account, and Balance Sheet with adjustments.
- PC7.** Create and configure a company in Tally.ERP9 with appropriate features and manage accounting masters, including groups and ledgers.
- PC8.** Create and maintain inventory masters, and record accounting and inventory transactions using appropriate vouchers and invoicing.
- PC9.** Perform statutory compliance (GST, TDS, TCS, EPF, ESIC), manage payroll, ensure data security, and generate financial, inventory, and statutory reports.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Basic accounting concepts, principles, and conventions, including types of accounts and rules of debit and credit.
- KU2.** Accounting processes such as journalizing, ledger posting, trial balance, rectification of errors, and preparation of final accounts.
- KU3.** Computerized accounting systems and working knowledge of Tally.ERP9, including company creation, masters, vouchers, and reporting.
- KU4.** The role of an Accounts Assistant within an organization and coordination with finance, HR, and operations teams.
- KU5.** Workflow in accounting processes, reporting structures, and deadlines in a professional environment.

Qualification Pack

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Read, understand, and prepare financial documents, reports, and records using accounting software.
- GS2.** Communicate effectively with team members, clients, and vendors to convey financial information clearly and professionally.
- GS3.** Organize financial data and prioritize tasks to meet deadlines while applying basic judgment in accounting processes.
- GS4.** Identify errors, reconcile discrepancies, and analyze financial data for accuracy and decision support.

HAR/ITS/N1502: Forms of Organization and Financial Statement Analysis

Description

This NOS covers the understanding of different forms of business organizations such as sole proprietorship, partnership, HUF, and companies along with their features and significance.

Scope

The scope covers the following :

- The scope includes knowledge of organizational structures, types of partnerships and companies, and the importance of goodwill in business operations. It further covers analysis and interpretation of financial statements using liquidity, solvency, activity, and profitability ratios to assess business performance and financial health.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Identify and differentiate various forms of business organizations including sole proprietorship, HUF, partnership, and companies based on their features and functions.
- PC2.** Classify different types of partnerships and companies according to business requirements and legal structure.
- PC3.** Interpret the purpose, objectives, and users of financial statement analysis in business decision-making.
- PC4.** Apply appropriate financial statement analysis tools for evaluating business performance.
- PC5.** Calculate liquidity, solvency, activity, and profitability ratios using financial data accurately.
- PC6.** Analyze and interpret accounting ratios to assess the financial position and operational efficiency of a business.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** The meaning, characteristics, advantages, and limitations of different forms of business organizations.
- KU2.** The concepts of sole proprietorship, HUF business, partnership, goodwill, and companies along with their types.
- KU3.** Different users and tools of financial statement analysis.
- KU4.** methods of interpretation of financial statements for evaluating business performance and financial position.
- KU5.** The role of different business organizations in commercial and economic activities.
- KU6.** How to apply financial analysis concepts for supporting organizational planning and decision-making.

Qualification Pack

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Demonstrate effective oral and written communication skills for explaining business organization concepts and financial analysis reports.
- GS2.** Apply analytical and critical thinking skills while interpreting financial statements and accounting ratios.
- GS3.** Demonstrate problem-solving and decision-making abilities in evaluating business and financial situations.
- GS4.** Plan and organize financial information, records, and analysis activities systematically and accurately.

DGT/VSQ/N0101: Employability Skills (30 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

PC1. understand the significance of employability skills in meeting the job requirements

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

PC2. identify constitutional values, civic rights, duties, personal values and ethics and environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

PC3. explain 21st Century Skills such as Self-Awareness, Behavior Skills, Positive attitude, self-motivation, problem-solving, creative thinking, time management, social and cultural awareness, emotional awareness, continuous learning mindset etc.

Basic English Skills

To be competent, the user/individual on the job must be able to:

PC4. speak with others using some basic English phrases or sentences

Communication Skills

To be competent, the user/individual on the job must be able to:

PC5. follow good manners while communicating with others

PC6. work with others in a team

Qualification Pack

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

PC7. communicate and behave appropriately with all genders and PwD

PC8. report any issues related to sexual harassment

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

PC9. use various financial products and services safely and securely

PC10. calculate income, expenses, savings etc.

PC11. approach the concerned authorities for any exploitation as per legal rights and laws

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

PC12. operate digital devices and use its features and applications securely and safely

PC13. use internet and social media platforms securely and safely

Entrepreneurship

To be competent, the user/individual on the job must be able to:

PC14. identify and assess opportunities for potential business

PC15. identify sources for arranging money and associated financial and legal challenges

Customer Service

To be competent, the user/individual on the job must be able to:

PC16. identify different types of customers

PC17. identify customer needs and address them appropriately

PC18. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC19. create a basic biodata

PC20. search for suitable jobs and apply

PC21. identify and register apprenticeship opportunities as per requirement

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use basic spoken English language

KU6. Do and dont of effective communication

KU7. inclusivity and its importance

KU8. different types of disabilities and appropriate communication and behaviour towards PwD

KU9. different types of financial products and services

Qualification Pack

- KU10.** how to compute income and expenses
- KU11.** importance of maintaining safety and security in financial transactions
- KU12.** different legal rights and laws
- KU13.** how to operate digital devices and applications safely and securely
- KU14.** ways to identify business opportunities
- KU15.** types of customers and their needs
- KU16.** how to apply for a job and prepare for an interview
- KU17.** apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** communicate effectively using appropriate language
- GS2.** behave politely and appropriately with all
- GS3.** perform basic calculations
- GS4.** solve problems effectively
- GS5.** be careful and attentive at work
- GS6.** use time effectively
- GS7.** maintain hygiene and sanitisation to avoid infection

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
