HCS/N1201: Perform quality check on the jewellery

Description

This OS unit is about checking on the quality aspects of the jewel and ensuring that the jewellery crafted is defect free and meets the requirements.

Scope

The scope covers the following :

- Receive the jewellery from the concerned person
- Understand job sheet, design and the customer requirement
- Check for defects
- Check if the jewellery matches the market requirement
- Document the results periodically
- Report problems to the supervisor
- Packaging and Labelling of Fashion Jewellery
- Achieve quality standards

Elements and Performance Criteria

Receive the jewellery from the concerned person

To be competent, the user/individual on the job must be able to:

- PC1.** Coordinate with the concerned department to collect the jewel.
- PC2.** Identify the procedures of jewel making and the raw materials used.
- PC3.** Receive the record sheet along with the jewel to note the defects during the specific process.

Understand job sheet, design and the customer requirement

To be competent, the user/individual on the job must be able to:

- PC4.** Receive instructions on the required work from superior.
- PC5.** Receive the design and the job sheet from concerned person.
- PC6.** Interpret the job sheet and the design requirement keeping in mind the different quality parameters of the jewellery and raw materials used to make the same.
- PC7.** Plan the target number of pieces to be checked.

Check for defects

To be competent, the user/individual on the job must be able to:

- PC8.** Identify design and specific process related defects with respect to design defects such as mismatch of design, product processing defects such as - rough edges and surfaces, polishing standards, colouring, shaping, and finishing defects such as - alignment, secure stone setting, etc.
- PC9.** Report to the concerned department and return the jewellery, in case rework is required.
- PC10.** Ensure no functional and specific checks are skipped, for the respective raw material-based jewel.
- PC11.** Ensure to take any safety precautions before checking on any jewel.

Qualification Pack

- PC12.** Pass on the defective jewel to the concerned departments clearly labelling / marking the errors so identified.
- PC13.** Collect the jewel from the respective departments once the identified defects are rectified.
- PC14.** Check if all the highlighted errors are rectified and the jewel is defect free.
- PC15.** Upon ensuring that the finished jewel meets the customer requirements, label the jewels.
- PC16.** Deliver the checked jewellery to the concerned department on time.

Check if the jewellery matches the market requirement

To be competent, the user/individual on the job must be able to:

- PC17.** Ensure the local market requirements are satisfied based on the client location and customer requirement.
- PC18.** Ensure to incorporate the international design and fashion trends according to the different market segments.
- PC19.** Ensure the raw materials used are in accordance with the law of the country to which the jewel is exported.

Document the results periodically

To be competent, the user/individual on the job must be able to:

- PC20.** Record the results of the quality check.
- PC21.** Identify the recurring defects or errors and document the same.
- PC22.** Suggest improvements in the process to avoid the recurring defects.
- PC23.** Record the number of products checked every day.

Report problems to the supervisor

To be competent, the user/individual on the job must be able to:

- PC24.** Report on any anticipated delays that may affect delivery.
- PC25.** Escalate any unresolved problems to the supervisor.
- PC26.** Report on the recurring defects if any, found during the quality check, to the supervisor.

Packaging and Labelling of Fashion Jewellery

To be competent, the user/individual on the job must be able to:

- PC27.** Packaging should be visually attractive and align with brand identity.
- PC28.** Packaging should include compartments or support to prevent movement during transit.
- PC29.** Labels must include essential details.

Achieve quality standards

To be competent, the user/individual on the job must be able to:

- PC30.** Achieve the targeted number of jewels to be quality checked.
- PC31.** Ensure defect free products are sent for packing.
- PC32.** Use only recommended tools for checking every jewel product.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Company's policies on incentives, safety and hazards, personnel management and quality standards.

Qualification Pack

- KU2.** Workflow involved in jewellery making process of the company.
- KU3.** Importance of the individual's role in the work process.
- KU4.** Reporting structure of the company.
- KU5.** Documentation policy of the company.
- KU6.** Various kinds of raw materials used in the process of making the jewellery.
- KU7.** The specifics of preparing raw materials according to the specific jewel requirement.
- KU8.** Common defects and errors which occur in every process of jewel making.
- KU9.** Use of different equipment's and tools to check the quality.
- KU10.** Documentation procedures of the defects to the concerned departments.
- KU11.** Safety equipment's and precautions to be taken.
- KU12.** Market trend on latest fashion and customer preferences.
- KU13.** Quality standards to be followed.
- KU14.** Standard specifications and quality requirements of the jewel as per the job sheet.
- KU15.** Testing methods to be carried out.
- KU16.** Raw materials used and their quality, usage, etc.
- KU17.** The recommended material usage in the jewel as per regulations, etc.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** interpret and write the notes from design
- GS2.** document the results of quality check and the defects
- GS3.** read and comprehend the notes from design
- GS4.** read company policy documents
- GS5.** interact with team members on the defects identified
- GS6.** communicate effectively with supervisor to highlight the recurring defects
- GS7.** identify and decide the critical tools and equipments to check the jewel
- GS8.** prioritize and organise to achieve the daily targets
- GS9.** understand and interpret the customer preference, taste, etc and accordingly make crafts
- GS10.** solve work related problems
- GS11.** analyse the material requirements
- GS12.** spot process disruptions and delays
- GS13.** report on any concerns that may impact the product quality to superiors without delay

HCS/N1203: Entrepreneurship skills for Fashion Jewellery Quality Checker

Description

This OS unit is about An Entrepreneurship-Skilled Fashion Jewellery Quality Checker combines the technical expertise of quality assurance with the entrepreneurial mindset required to manage or grow a fashion jewellery quality-checking business.

Scope

The scope covers the following :

- Quality Control Expertise
- Market Awareness and Trend Adaptation
- Client Relations and Service Delivery
- Business Development and Marketing
- Financial Management
- Legal Standards
- Sustainability Practices

Elements and Performance Criteria

Quality Control Expertise

To be competent, the user/individual on the job must be able to:

- PC1.** Master the techniques of inspecting fashion jewellery for defects, including stone setting, polishing, metal finishes, and structural integrity.
- PC2.** Apply industry standards to ensure that all jewellery pieces meet customer expectations for design and durability.

Market Awareness and Trend Adaptation

To be competent, the user/individual on the job must be able to:

- PC3.** Understand current fashion jewellery trends, materials, and customer preferences.
- PC4.** Adapt quality-checking processes and standards to ensure products align with evolving market demands.
- PC5.** Stay competitive in a dynamic market by maintaining product relevance and quality.

Client Relations and Service Delivery

To be competent, the user/individual on the job must be able to:

- PC6.** Build and maintain strong relationships with clients by delivering timely, high-quality services.
- PC7.** Understand client expectations and tailor quality-checking processes to meet specific requirements.
- PC8.** Enhance customer satisfaction and loyalty, leading to repeat business and positive word-of-mouth.

Business Development and Marketing

To be competent, the user/individual on the job must be able to:

Qualification Pack

PC9. Identify and seize opportunities to grow the quality-checking business through branding, networking, and strategic marketing. Promote services to new markets and clientele.

PC10. Expand the client base and increase revenue by effectively marketing services and leveraging business development strategies.

Financial Management

To be competent, the user/individual on the job must be able to:

PC11. Manage finances, including budgeting, pricing services, and controlling operational costs.

PC12. Ensure profitability by setting competitive yet sustainable rates for quality-checking services.

Legal Standards

To be competent, the user/individual on the job must be able to:

PC13. Ensure the quality-checking business complies with all relevant legal, safety, and regulatory requirements within the fashion jewellery industry, including standards for materials, labor practices, and environmental impact.

PC14. Operate a legally compliant business that avoids penalties and maintains a strong ethical reputation.

Sustainability Practices

To be competent, the user/individual on the job must be able to:

PC15. Incorporate sustainable practices in the quality-checking process, such as reducing material waste and using eco-friendly tools and techniques.

PC16. Attract environmentally conscious clients and enhance the business's reputation for ethical practices.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. Understanding of jewellery-making techniques, including metal crafting, stone setting, engraving, and polishing.

KU2. Familiarity with different types of metals (gold, silver, brass, copper) and stones used in fashion jewellery, and their respective quality standards.

KU3. Knowledge of inspection methods for detecting design flaws, improper finishes, and structural defects.

KU4. Importance of adhering to quality standards to meet customer expectations and industry benchmarks.

KU5. Role of precision and attention to detail in ensuring the quality and longevity of fashion jewellery products.

KU6. Awareness of current fashion jewellery trends, including popular designs, materials, and consumer preferences.

KU7. Knowledge of principles of workflow management, including task prioritization, team coordination, and resource allocation.

KU8. Knowledge of Techniques for optimizing operational efficiency while maintaining quality control standards.

KU9. Fundamentals of branding, marketing, and sales strategies, including online and offline promotion of quality-checking services.

Qualification Pack

- KU10.** Key platforms and channels for marketing services to new clients, such as social media, websites, and craft fairs.
- KU11.** Basic principles of financial management, including budgeting, expense tracking, and profit calculation.
- KU12.** Understanding cost components in jewellery production (material, labor, overhead) and how to price services accordingly.
- KU13.** Awareness of new tools, techniques, and technologies in jewellery quality checking.
- KU14.** Understanding of relevant legal requirements, such as product safety regulations, industry standards for materials, and ethical sourcing practices.
- KU15.** Familiarity with intellectual property rights and trademarks in the fashion jewellery business.
- KU16.** Understanding of eco-friendly materials and processes used in jewellery production.
- KU17.** Knowledge of waste reduction techniques and sustainable resource management.
- KU18.** Techniques for proactive risk identification and mitigation in quality assurance.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Ability to effectively communicate with clients, artisans, and team members.
- GS2.** Capacity to identify flaws or issues in jewellery pieces and implement corrective actions quickly.
- GS3.** Strong ability to manage multiple projects and meet deadlines, ensuring timely completion of quality checks.
- GS4.** Effective prioritization of tasks to balance operational needs with quality control requirements.
- GS5.** High level of accuracy in inspecting jewellery pieces to detect even the smallest flaws.
- GS6.** Flexibility to adapt to changing market trends, client demands, and evolving quality-checking techniques.
- GS7.** Ability to work effectively with artisans, production teams, and other quality checkers.
- GS8.** Expertise in using quality-checking tools and equipment, such as magnifiers, calipers, and microscopes, to inspect jewellery pieces.
- GS9.** Ability to lead a team of quality checkers and guide them in following established quality standards.
- GS10.** Proficiency in building and maintaining long-term relationships with clients by understanding their specific needs and providing tailored services.
- GS11.** Expertise in budgeting, pricing services, and controlling operational costs to ensure profitability.
- GS12.** Knowledge of industry regulations, legal standards, and ethical practices in fashion jewellery quality control.
- GS13.** Proficiency in implementing sustainable and eco-friendly practices in the quality-checking process, such as reducing material waste and using environmentally safe products.
- GS14.** Ability to promote the business as a responsible, eco-conscious service provider, appealing to environmentally conscious clients.

HCS/N9901: Coordinate with colleagues and work as a team

Description

This NOS describes the communication and coordination skills and knowledge to work with colleagues and supervisor to achieve a smooth and hazard-free workflow.

Scope

The scope covers the following :

- interact with supervisor or superior
- work as a team by coordinating with colleagues within and outside the department and include inputs on PwD & Gender Sensitisation
- report and Document

Elements and Performance Criteria

Interact with supervisor or superior

To be competent, the user/individual on the job must be able to:

- PC1.** comply with health, safety gender, and PwD (People with disability) related instructions applicable to the workplace
- PC2.** actively participate in mock drills/ evacuation procedures; group discussions, training sensitization programs for gender, and PwD awareness organized at the workplace.
- PC3.** receive job orders and instructions from reporting supervisor and receive feedback on work standards.
- PC4.** understand the work output requirements, targets, performance indicators and incentives.
- PC5.** deliver quality work on time and report any anticipated reasons for delays and handover completed work to supervisor
- PC6.** report on any grievances, production defects and any potential hazards.

Work as a team by coordinating with colleagues within and outside the department and include inputs on PwD & Gender Sensitisation

To be competent, the user/individual on the job must be able to:

- PC7.** communicate maintenance and repair schedule proactively to the supervisor
- PC8.** interact and clarify doubts on design, usage of materials & tools, quality & standards compliance, etc.

Report and Document

To be competent, the user/individual on the job must be able to:

- PC9.** report in time for shortage or need of raw materials
- PC10.** communicate with colleagues from within and other departments, clearly and effectively on all aspects to carry out the work among the team
- PC11.** maintain the etiquette, use polite language, demonstrate responsible and disciplined behavior towards colleagues.
- PC12.** put team over individual goals and multi-task or share work where necessary supporting the colleagues.

Qualification Pack

PC13. document all the details accurately relating to ones role as required.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** knowledge about the importance of gender equality being followed in the organization and policies for reporting any harassment or inappropriate behavior
- KU2.** knowledge about how to accommodate employees with disabilities etiquette to adhere to and proper language and terminology
- KU3.** knowledge about how to communicate, offer help, respecting space, parking etc. for people with disabilities or special needs
- KU4.** knowledge about promoting a safe, accessible and healthy workplace for disabled employees
- KU5.** company's policies on preferred language of communication, incentives, quality standards, personnel management, reporting and escalation matrix policy.
- KU6.** company's standard operating procedure (sop) and the risk and impact of not following them.
- KU7.** procedures for working with colleagues, his/her role and responsibilities in relation to this
- KU8.** organizational hierarchy and the line of reporting structure and work target and review mechanism
- KU9.** procedures to report employment related issues and to deal with conflicts
- KU10.** importance of the individuals role in the organizational workflow and details of the individual responsibilities
- KU11.** tools and equipment handling procedure and common potential hazards in the work place and the procedures to deal with them
- KU12.** effective communication with various categories of people and the different departments in the organization
- KU13.** to document the job activity as required like the check sheets, history sheets, etc
- KU14.** expressing and addressing grievances appropriately, deal with difficult work relationships and manage the internal conflicts effectively

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** create a positive and inclusive workplace atmosphere without any kind of bias/discrimination towards any employee
- GS2.** actively take part in any discussion/workshop organized for gender sensitization training
- GS3.** read and comprehend written instructions related to gender equality issues in the organization
- GS4.** identify and report any harassment or inappropriate behavior towards any employee
- GS5.** create a positive and inclusive workplace atmosphere without any kind of bias/discrimination towards any employee with disability or special needs
- GS6.** actively take part in any discussion/workshop organized for disability sensitization training.

Qualification Pack

- GS7.** read and comprehend written instructions related to equality issues in the organization related to disabled persons
- GS8.** read job sheets, design sheet and information displayed at the workplace
- GS9.** read and understand manuals, health and safety instructions, memos etc
- GS10.** fill up documentation to ones role
- GS11.** communicate effectively with supervisor
- GS12.** contribute to quality of team work and achieve smooth workflow
- GS13.** improve work processes by interacting with others and adopting best practices

- PC10.** Monitor the workplace and work processes for potential risks and threats.
- PC11.** Carry out periodic walk-through to keep work area free from hazards and obstructions, if assigned.
- PC12.** Report hazards and potential risks/ threats to supervisors or other authorized personnel.
- PC13.** Participate in mock drills/ evacuation procedures organized at the workplace.
- PC14.** Undertake first aid, fire-fighting and emergency response training, if asked to do so.
- PC15.** Take action based on instructions in the event of fire, emergencies or accidents.
- PC16.** Follow organisation procedures for evacuation when required.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Health and safety related practices applicable at the workplace.
- KU2.** Potential hazards, risks and threats based on nature of operations.
- KU3.** Organizational procedures for safe handling of tools.
- KU4.** Potential risks due to own actions and methods to minimize these.
- KU5.** Environmental management system related procedures at the workplace.
- KU6.** Layout of the plant and details of emergency exits, escape routes, emergency equipment and assembly points.
- KU7.** Potential accidents and emergencies and response to these scenarios.

Qualification Pack

- KU8.** Reporting protocol and documentation required.
- KU9.** Details of personnel trained in first aid, fire-fighting and emergency response.
- KU10.** Actions to take in the event of a mock drills/ evacuation procedures or actual accident, emergency or fire.
- KU11.** Occupational health and safety risks and methods.
- KU12.** Personal protective equipment and method of use.
- KU13.** Identification, handling and storage of hazardous substances.
- KU14.** Proper disposal system for waste and by-products.
- KU15.** Signage related to health and safety and their meaning.
- KU16.** Importance of sound health, hygiene and good habits.
- KU17.** Ill-effects of alcohol, tobacco and drugs.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Write in local language.
- GS2.** Read measurement instructions.
- GS3.** Communicate orally with colleagues.
- GS4.** Follow organization rule-based decision making process.
- GS5.** Take decision with systematic course of actions and/or response.
- GS6.** Plan and organize your work to achieve targets and deadlines.
- GS7.** Manage relationships with customers.
- GS8.** Build customer relationships and use customer centric approach.
- GS9.** Think through the problem, evaluate the possible solution(s) and suggest an optimum /best possible solution(s).
- GS10.** Identify immediate or temporary solutions to resolve delays.
- GS11.** Analyze data and activities.
- GS12.** Pass on relevant information to others.
- GS13.** Apply, analyze, and evaluate the information gathered from observation, experience, reasoning, or communication, as a guide to thought and action.

Qualification Pack

DGT/VSQ/N0102: Employability Skills (60 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Career Development & Goal Setting
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** identify employability skills required for jobs in various industries
- PC2.** identify and explore learning and employability portals

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

- PC3.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. and personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC4.** follow environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC5.** recognize the significance of 21st Century Skills for employment
- PC6.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life

Basic English Skills

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC7.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC8.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC9.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC10.** understand the difference between job and career
- PC11.** prepare a career development plan with short- and long-term goals, based on aptitude

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC12.** follow verbal and non-verbal communication etiquette and active listening techniques in various settings
- PC13.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC14.** communicate and behave appropriately with all genders and PwD
- PC15.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC16.** select financial institutions, products and services as per requirement
- PC17.** carry out offline and online financial transactions, safely and securely
- PC18.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC19.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC20.** operate digital devices and carry out basic internet operations securely and safely
- PC21.** use e-mail and social media platforms and virtual collaboration tools to work effectively
- PC22.** use basic features of word processor, spreadsheets, and presentations

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC23.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC24.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC25.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC26.** identify different types of customers
- PC27.** identify and respond to customer requests and needs in a professional manner.

Qualification Pack

PC28. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC29. create a professional Curriculum vitae (Résumé)

PC30. search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively

PC31. apply to identified job openings using offline /online methods as per requirement

PC32. answer questions politely, with clarity and confidence, during recruitment and selection

PC33. identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills and different learning and employability related portals

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up

KU6. importance of career development and setting long- and short-term goals

KU7. about effective communication

KU8. POSH Act

KU9. Gender sensitivity and inclusivity

KU10. different types of financial institutes, products, and services

KU11. how to compute income and expenditure

KU12. importance of maintaining safety and security in offline and online financial transactions

KU13. different legal rights and laws

KU14. different types of digital devices and the procedure to operate them safely and securely

KU15. how to create and operate an e- mail account and use applications such as word processors, spreadsheets etc.

KU16. how to identify business opportunities

KU17. types and needs of customers

KU18. how to apply for a job and prepare for an interview

KU19. apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. read and write different types of documents/instructions/correspondence

GS2. communicate effectively using appropriate language in formal and informal settings

Qualification Pack

- GS3.** behave politely and appropriately with all
- GS4.** how to work in a virtual mode
- GS5.** perform calculations efficiently
- GS6.** solve problems effectively
- GS7.** pay attention to details
- GS8.** manage time efficiently
- GS9.** maintain hygiene and sanitization to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Qualification Pack

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Minimum Passing % at NOS Level: 50

(Please note: A Trainee must score the minimum percentage for each NOS separately as well as on the QP as a whole.)

Assessment Weightage

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
