HCS/N1503: Carve stone to create stoneware product

Description

This unit is about producing stoneware products by strategically cutting and shaping the stone as per the desired product design. The process starts with envisioning and sketching the design as per customer requirements and ends with the desired product in form of a finished stoneware product

Scope

The scope covers the following :

- Preparing the Workspace and Materials
- Carving the Stone
- Refining and Polishing the Stone
- Finalizing and Packaging the Stoneware Product

Elements and Performance Criteria

Preparing the Workspace and Materials

To be competent, the user/individual on the job must be able to:

- PC1.** Organize the workspace to ensure a clean and safe environment for carving.
- PC2.** Select the appropriate stone based on design requirements and product durability.
- PC3.** Inspect the stone for cracks or imperfections and remove unsuitable sections.
- PC4.** Gather and inspect all necessary tools, such as chisels, hammers, rasps, grinders, and protective gear.
- PC5.** Set up the workstation to ensure tools are within easy reach and properly aligned for efficient carving.

Carving the Stone

To be competent, the user/individual on the job must be able to:

- PC6.** Mark the stone with a design template or sketch, ensuring accurate layout for carving.
- PC7.** Use tools (e.g., hammers and point chisels) to roughly shape the stone according to the design outline.
- PC8.** Refine the shape by using finer chisels and rasps, working in stages to achieve the desired depth and detail.
- PC9.** Continuously check alignment with the design, adjusting as necessary to maintain precision and symmetry.
- PC10.** Use specialized tools for detailed carvings and intricate patterns, ensuring clean and sharp edges.

Refining and Polishing the Stone

To be competent, the user/individual on the job must be able to:

- PC11.** Smooth the rough surfaces using rasps, sandpaper, or grinding tools to eliminate tool marks.
- PC12.** Apply finer abrasives for a polished finish, ensuring an even texture and surface appearance.
- PC13.** Perform water or oil polishing to enhance the stone's natural shine and remove surface dust.

Qualification Pack

- PC14.** Inspect the carved product for imperfections and address any issues, ensuring uniform quality.
- PC15.** Ensure the product is free from sharp edges or rough areas that may affect the quality or usability.

Finalizing and Packaging the Stoneware Product

To be competent, the user/individual on the job must be able to:

- PC16.** Apply protective coatings, such as sealants or varnishes, to preserve the stone's integrity and finish.
- PC17.** Perform a final quality check to ensure the product matches the original design and customer specifications.
- PC18.** Package the product securely for delivery, ensuring safe transportation without damage.
- PC19.** Clean and maintain tools after use, storing them properly to prevent wear and damage.
- PC20.** Dispose of waste materials, including stone dust and debris, in an environmentally responsible manner.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Understand the properties, characteristics, and uses of different stones.
- KU2.** Identify stones suitable for specific designs or products.
- KU3.** Knowledge of tools like hammers, chisels, rasps, grinders, and polishing wheels.
- KU4.** Understanding how to use and maintain tools for precision and longevity.
- KU5.** Knowledge of symmetry, proportions, and artistic techniques in stone carving.
- KU6.** Understanding roughing techniques for shaping stones.
- KU7.** Knowledge of detailing methods for intricate patterns and designs.
- KU8.** Awareness of quality standards for stoneware products.
- KU9.** Techniques to ensure finished products meet customer specifications.
- KU10.** Methods for organizing tools and materials for efficient workflow.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Ability to understand and follow verbal and written instructions.
- GS2.** Effective communication with clients, team members, and supervisors to discuss designs, timelines, and expectations.
- GS3.** Skill in planning and prioritizing tasks to meet deadlines efficiently.
- GS4.** Creative thinking to adapt designs or processes based on unexpected challenges.
- GS5.** Basic calculations for measuring dimensions, proportions, and material requirements.
- GS6.** Precision in carving intricate designs and achieving symmetrical patterns.
- GS7.** Careful inspection to ensure there are no flaws in the final product.
- GS8.** Expertise in using carving tools like chisels, hammers, rasps, and grinders.

Qualification Pack

- GS9.** Skill in applying techniques for shaping, detailing, and finishing stoneware.
- GS10.** Ability to maintain high standards throughout the carving and finishing process.

HCS/N8523: Entrepreneurship skills for Stonecraft Carving Artisan

Description

This unit covers the key entrepreneurial skills required by a Stonecraft Carving Artisan to successfully manage, sustain, and grow their stonecraft business.

Scope

The scope covers the following :

- Market Research and Opportunity Identification
- Innovation and Product Development
- Business Planning
- Financial Management
- Marketing and Sales
- Customer Relationship Management
- Quality Control and Craftsmanship
- Legal and Regulatory Compliance

Elements and Performance Criteria

Market Research and Opportunity Identification

To be competent, the user/individual on the job must be able to:

- PC1.** Analyze current market trends related to stonecraft, cultural designs, and consumer demands.
- PC2.** Identify niche markets and emerging opportunities in stone carving, evaluate customer demographics and geographic locations where the products are most in demand.

Innovation and Product Development

To be competent, the user/individual on the job must be able to:

- PC3.** Research and develop innovative designs by blending traditional craftsmanship with contemporary trends.
- PC4.** Stay updated with new carving techniques, tools, and materials to enhance the efficiency and quality of work.

Business Planning

To be competent, the user/individual on the job must be able to:

- PC5.** Develop a comprehensive business plan that includes vision, mission, objectives, strategies, and financial projections.
- PC6.** Set short-term, mid-term, and long-term business goals that align with market opportunities and business capabilities.

Financial Management

To be competent, the user/individual on the job must be able to:

- PC7.** Establish and maintain a budget for stone carving projects, managing costs effectively. Track expenses related to raw materials, tools, labor, shipping, and marketing.

Qualification Pack

- PC8.** Implement effective pricing strategies that cover costs and ensure profitability while being competitive.

Marketing and Sales

To be competent, the user/individual on the job must be able to:

- PC9.** Build a brand identity that reflects the artisan's unique craftsmanship, story, and product quality.
- PC10.** Establish and maintain an online presence through social media marketing, online craft marketplaces, and personal websites.

Customer Relationship Management

To be competent, the user/individual on the job must be able to:

- PC11.** Build and maintain strong relationships with customers by offering personalized services such as custom designs and orders.
- PC12.** Implement a customer feedback mechanism to ensure satisfaction and improve product and service quality.

Quality Control and Craftsmanship

To be competent, the user/individual on the job must be able to:

- PC13.** Maintain high standards of craftsmanship, paying attention to details in carving, finishing, and polishing.
- PC14.** Implement a quality control process to check the durability and aesthetic appeal of each piece before it reaches the customer.

Legal and Regulatory Compliance

To be competent, the user/individual on the job must be able to:

- PC15.** Understand and comply with local, national, and international regulations related to stonecraft production and sales.
- PC16.** Protect intellectual property rights by registering designs, trademarks, or patents where applicable.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Knowledge of current trends in stonecraft and customer preferences.
- KU2.** Ability to conduct competitor analysis and evaluate market opportunities.
- KU3.** Understanding the components of a business plan (vision, mission, objectives, financials).
- KU4.** Knowledge of SWOT analysis for assessing business strengths and risks.
- KU5.** Awareness of available funding options (loans, government schemes) for business growth.
- KU6.** Knowledge of budgeting, expense tracking, and financial forecasting.
- KU7.** Understanding of pricing strategies, cost management, and profit margins.
- KU8.** Understanding brand development and positioning in the stonecraft market.
- KU9.** Knowledge of new stone carving techniques, tools, and material innovations.
- KU10.** Ability to create unique, marketable products based on customer demand.
- KU11.** Understanding effective communication and customer service strategies.
- KU12.** Knowledge of customer feedback systems and loyalty-building techniques.

Qualification Pack

- KU13.** Ability to handle custom orders and build long-term relationships with clients.
- KU14.** Knowledge of sourcing high-quality raw materials and managing suppliers.
- KU15.** Understanding the importance of maintaining high-quality standards in every product.
- KU16.** Knowledge of local and international labor laws, environmental regulations, trade laws and intellectual property rights.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Research skills for gathering information on competitors and market demands.
- GS2.** Analytical thinking to assess market trends and customer behavior.
- GS3.** Networking abilities to connect with industry professionals, potential clients, and partners.
- GS4.** Organizational skills to structure and plan business operations.
- GS5.** Problem-solving to address risks and challenges in the business environment.
- GS6.** Business strategy development to outline short-term and long-term goals.
- GS7.** Numerical skills to accurately handle budgets, pricing, and financial records.
- GS8.** Financial planning and budgeting to ensure business sustainability.
- GS9.** Creativity to design compelling marketing strategies and promotional materials.
- GS10.** Communication skills for effective client interaction and customer service.
- GS11.** Digital marketing proficiency, including social media management.
- GS12.** Creativity in designing new products and introducing innovations in craftsmanship.
- GS13.** Product development to align with market trends and customer preferences.
- GS14.** Customer service management for repeat business and long-term client retention.
- GS15.** Precision and attention to detail in executing designs and ensuring craftsmanship quality.
- GS16.** Legal knowledge to ensure the business operates within labor, environmental, and trade laws.
- GS17.** Intellectual property management to protect designs and trademarks.
- GS18.** Social awareness to understand the impact of the business on the community and culture.

HCS/N9929: Working in a team

Description

This NOS describes the communication and coordination skills and knowledge to work with colleagues and supervisor to achieve a smooth and hazard-free workflow.

Scope

The scope covers the following :

- interact with supervisor or superior
- work as a team by coordinating with colleagues within and outside the department and include
- inputs on PwD & Gender Sensitisation
- report and Document

Elements and Performance Criteria

Interact with supervisor or superior

To be competent, the user/individual on the job must be able to:

- PC1.** comply with health, safety gender, and PwD (People with disability) related instructions applicable to the workplace
- PC2.** actively participate in mock drills/ evacuation procedures; group discussions, training sensitization programs for gender, and PwD awareness organized at the workplace.
- PC3.** receive job orders and instructions from reporting supervisor and receive feedback on work standards.
- PC4.** understand the work output requirements, targets, performance indicators and incentives.
- PC5.** deliver quality work on time and report any anticipated reasons for delays and handover completed work to supervisor
- PC6.** report on any grievances, production defects and any potential hazards.

Work as a team by coordinating with colleagues within and outside the department and include inputs on PwD & Gender Sensitisation

To be competent, the user/individual on the job must be able to:

- PC7.** communicate maintenance and repair schedule proactively to the supervisor
- PC8.** interact and clarify doubts on design, usage of materials & tools, quality & standards compliance, etc.

Report and Document

To be competent, the user/individual on the job must be able to:

- PC9.** report in time for shortage or need of raw materials
- PC10.** communicate with colleagues from within and other departments, clearly and effectively on all aspects to carry out the work among the team
- PC11.** maintain the etiquette, use polite language, demonstrate responsible and disciplined behavior towards colleagues.
- PC12.** put team over individual goals and multi-task or share work where necessary supporting the colleagues.

Qualification Pack

PC13. document all the details accurately relating to ones role as required.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** knowledge about the importance of gender equality being followed in the organization and policies for reporting any harassment or inappropriate behavior
- KU2.** knowledge about how to accommodate employees with disabilities etiquette to adhere to and proper language and terminology
- KU3.** knowledge about how to communicate, offer help, respecting space, parking etc. for people with disabilities or special needs
- KU4.** knowledge about promoting a safe, accessible and healthy workplace for disabled employees
- KU5.** company's policies on preferred language of communication, incentives, quality standards, personnel management, reporting and escalation matrix policy.
- KU6.** company's standard operating procedure (sop) and the risk and impact of not following them.
- KU7.** procedures for working with colleagues, his/her role and responsibilities in relation to this
- KU8.** organizational hierarchy and the line of reporting structure and work target and review mechanism
- KU9.** procedures to report employment related issues and to deal with conflicts
- KU10.** importance of the individuals role in the organizational workflow and details of the individual responsibilities
- KU11.** tools and equipment handling procedure and common potential hazards in the work place and the procedures to deal with them
- KU12.** effective communication with various categories of people and the different departments in the organization
- KU13.** to document the job activity as required like the check sheets, history sheets, etc
- KU14.** expressing and addressing grievances appropriately, deal with difficult work relationships and manage the internal conflicts effectively

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** create a positive and inclusive workplace atmosphere without any kind of bias/discrimination towards any employee
- GS2.** actively take part in any discussion/workshop organized for gender sensitization training
- GS3.** read and comprehend written instructions related to gender equality issues in the organization
- GS4.** identify and report any harassment or inappropriate behavior towards any employee
- GS5.** create a positive and inclusive workplace atmosphere without any kind of bias/discrimination towards any employee with disability or special needs
- GS6.** actively take part in any discussion/workshop organized for disability sensitization training.

Qualification Pack

- GS7.** read and comprehend written instructions related to equality issues in the organization related to disabled persons
- GS8.** read job sheets, design sheet and information displayed at the workplace
- GS9.** read and understand manuals, health and safety instructions, memos etc
- GS10.** fill up documentation to ones role
- GS11.** communicate effectively with supervisor
- GS12.** contribute to quality of team work and achieve smooth workflow
- GS13.** improve work processes by interacting with others and adopting best practices

HCS/N9931: Maintain health and safety at workplace

Description

This unit provides Performance Criteria, Knowledge & Understanding, and Skills & Abilities required to comply with health, safety, and security requirements at the workplace and covers procedures to prevent, control, and minimize risk to self and others.

Scope

The scope covers the following :

- Comply with health, safety, and security requirements at work

Elements and Performance Criteria

Comply with health, safety, and security requirements at work

To be competent, the user/individual on the job must be able to:

- PC1.** comply with health and safety related instructions applicable to the workplace.
- PC2.** use and maintain personal protective equipment as per protocol.
- PC3.** carry out own activities in line with approved guidelines and procedures
- PC4.** maintain a healthy lifestyle and guard against dependency on intoxicants.
- PC5.** follow environment management system related procedures
- PC6.** store materials and tools in line with manufacturers and organisational requirements
- PC7.** safely handle and move waste and debris.
- PC8.** minimize health and safety risks to self and others due to own actions
- PC9.** seek clarifications, from supervisors or other authorized personnel in case of perceived risks
- PC10.** monitor the workplace and work processes for potential risks and threats.
- PC11.** carry out periodic walk-through to keep work area free from hazards and obstructions, if assigned
- PC12.** report hazards and potential risks/ threats to supervisors or other authorized personnel
- PC13.** participate in mock drills/ evacuation procedures organized at the workplace
- PC14.** undertake first aid, fire-fighting and emergency response training, if asked to do so
- PC15.** take action based on instructions in the event of fire, emergencies or accidents
- PC16.** follow organisation procedures for evacuation when required

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** health and safety related practices applicable at the workplace
- KU2.** potential hazards, risks and threats based on nature of operations
- KU3.** organizational procedures for safe handling of tools

Qualification Pack

- KU4.** potential risks due to own actions and methods to minimize these
- KU5.** environmental management system related procedures at the workplace.
- KU6.** layout of the plant and details of emergency exits, escape routes, emergency equipment and assembly points
- KU7.** potential accidents and emergencies and response to these scenarios
- KU8.** reporting protocol and documentation required
- KU9.** details of personnel trained in first aid, fire-fighting and emergency response
- KU10.** actions to take in the event of a mock drills/ evacuation procedures or actual accident, emergency or fire.
- KU11.** occupational health and safety risks and methods
- KU12.** personal protective equipment and method of use
- KU13.** identification, handling and storage of hazardous substances
- KU14.** proper disposal system for waste and by-products
- KU15.** signage related to health and safety and their meaning
- KU16.** importance of sound health, hygiene and good habits
- KU17.** ill-effects of alcohol, tobacco and drugs

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** write in local language.
- GS2.** read measurement instructions
- GS3.** communicate orally with colleagues
- GS4.** follow organization rule-based decision making process
- GS5.** take decision with systematic course of actions and/or response
- GS6.** plan and organize your work to achieve targets and deadlines
- GS7.** manage relationships with customers
- GS8.** build customer relationships and use customer centric approach.
- GS9.** think through the problem, evaluate the possible solution(s) and suggest an optimum /best possible solutions
- GS10.** identify immediate or temporary solutions to resolve delays
- GS11.** analyze data and activities.
- GS12.** pass on relevant information to others
- GS13.** apply, analyze, and evaluate the information gathered from observation, experience, reasoning, or communication, as a guide to thought and action

Qualification Pack

HCS/N9934: Managing Personal Sanitation

Description

This NOS provides the abilities required for taking responsibility for their own health at the workplace and is about using the correct procedures to prevent, control and minimize risk to them and others at the workplace.

Scope

The scope covers the following :

- adopt healthy work practices
- achieve work productivity while maintaining health

Elements and Performance Criteria

Adopt healthy work practices

To be competent, the user/individual on the job must be able to:

- PC1.** always cover the mouth and nose with a dust mask while working and keep on changing when it gets blocked with dust
- PC2.** follow work instructions strictly to reduce the amount of pollution at the work place e.g. wet the rock / craft material before working on it
- PC3.** wear protective goggles over eyes and replace them when scratches on it obscure the vision
- PC4.** wear gloves as per the materials used for making handicraft to avoid blisters; scratches and cuts
- PC5.** undergo preventive health checkups at regular intervals
- PC6.** take prompt treatment from the doctor in case of illness

Achieve work productivity while maintaining health

To be competent, the user/individual on the job must be able to:

- PC7.** follow SOPs for dealing with blisters; scratches; accidental fires or any other type of emergencies at work
- PC8.** ensure the absence of no productivity loss or absenteeism from work due to illness
- PC9.** ensure no long term ill effect on the personal health

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** companys policies on personal health and occupational hazard management
- KU2.** companys hr policies
- KU3.** companys reporting structure
- KU4.** companys emergency evacuation procedure
- KU5.** health risks to the worker at the work place

Qualification Pack

- KU6.** healthy work practices
- KU7.** how to perform the duties in a way to minimize pollution at the work place
- KU8.** what personal protective equipments should be worn and how it is cared for
- KU9.** safe disposal methods for waste
- KU10.** how to provide the first aid treatment at workplace
- KU11.** emergency procedures to be followed in case of an mishap such as fire accidents etc.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** read personal health instructions and manual
- GS2.** read the usage of various hand tools and personal protection equipments
- GS3.** take notes on descriptions and details of various personal health maintenance procedures
- GS4.** communicate with supervisor about the physical symptoms
- GS5.** receive instructions from doctor and supervisor on medical care
- GS6.** how to select appropriate hand tools and personal protection equipment
- GS7.** when to change personal protection equipment during work
- GS8.** how to identify first aid needs in case and of an injury
- GS9.** how to select appropriate hand tools and personal protection equipment
- GS10.** when to change personal protection equipment during work
- GS11.** how to use materials that does not affect customer health / make injury
- GS12.** improve work processes by adopting best safety practices
- GS13.** analyze the usage of appropriate tools and consumables
- GS14.** spot errors and any other disruptions and communicate with solutions

HCS/N9940: Managing people and Resources in Business

Description

This OS unit focuses on business planning, internal strategy, timelines.

Scope

The scope covers the following :

- people management
- product planning
- procurement of raw materials
- market interfacing
- financial management
- record keeping

Elements and Performance Criteria

People management

To be competent, the user/individual on the job must be able to:

- PC1.** arrange Interactive meetings of managers of sales and production teams and categorize the issues and feedbacks of both the teams
- PC2.** train the employees of his/her unit with the appropriate skills required to make market relevant and quality products
- PC3.** motivate the employees

Product planning

To be competent, the user/individual on the job must be able to:

- PC4.** compile a report based on old production reports
- PC5.** address the issues faced in previous productions and try to resolve them
- PC6.** gather and analyze the cues from the market
- PC7.** ascertain the customer preference
- PC8.** develop product range lines based on current market preference
- PC9.** develop product range lines that are unique and able to price high
- PC10.** price the products according to market trends
- PC11.** identify the competent marketing strategy for the product range

Procurement of raw materials

To be competent, the user/individual on the job must be able to:

- PC12.** list of the raw material s and prepare a B.O.M according to the product lines
- PC13.** ascertain the quantity and right price to procure the materials
- PC14.** identify the right locations/agents from where the raw materials can be procured
- PC15.** negotiate to get the best price
- PC16.** ensure quality materials are procured

Qualification Pack

- PC17.** ensure the procured materials are stored in appropriate conditions
- PC18.** compile a record of price quotations, POs, and bills of procurement for future reference

Market interfacing

To be competent, the user/individual on the job must be able to:

- PC19.** maintain a healthy and professional relationship with vendor
- PC20.** the competitive market falls in order with the company policies of best price, quality, and delivery parameters
- PC21.** analyze the prevalent price for product lines
- PC22.** decide on the most effective means to access the market
- PC23.** plan for cost-effective transportation to the market
- PC24.** position the product according to market requirements
- PC25.** identify and address the expectations of customer

Financial management

To be competent, the user/individual on the job must be able to:

- PC26.** analyze and ascertain the cost of production
- PC27.** maintain the book of accounts related to the business
- PC28.** maintain export documents like a letter of credit, custom clearance
- PC29.** identify cost-effective means of running the business

Record keeping

To be competent, the user/individual on the job must be able to:

- PC30.** identify various aspects of business that require recording
- PC31.** design formats for recording
- PC32.** compile various records of all aspects of the business
- PC33.** maintain these records with periodic updations
- PC34.** maintain necessary documents as per local government and regulatory requirements
- PC35.** reframe the procurement strategy according to local scenarios like weather conditions, transport strikes, affected prices, etc.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** interpersonal skills and communication with a cross-section of stakeholders
- KU2.** understanding of basics accounting so that he/she can monitor the transactions between company and vendor
- KU3.** knowledge of banking basics to keep the export process flawless
- KU4.** understanding of costing principles to calculate the cost of production with all the overheads and the actual price
- KU5.** product and craft knowledge including material and tools requirements
- KU6.** gathering market intelligence.
- KU7.** various transportation means and implications on costing
- KU8.** various product lines that can be created depending on the sector of operation

Qualification Pack

- KU9.** basic record-keeping techniques
- KU10.** basic laws, rules, regulations, etc. regarding business
- KU11.** vendor management and development
- KU12.** pricing techniques
- KU13.** business profitability assessment

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** analyse product range and keep abreast of market trends
- GS2.** document various aspects of the business
- GS3.** compile descriptions and details about investment, expenditures, and sales
- GS4.** interact with teams to work efficiently
- GS5.** communicate and manage vendors for cost-effective outsourcing and procurements
- GS6.** interface with fellow entrepreneurs to exchange ideas on the business
- GS7.** communicate with the customers for their feedback about the product
- GS8.** comprehend information shared by various stakeholders
- GS9.** plan and organize the product lines
- GS10.** fix the appropriate price.
- GS11.** hire employees with the appropriate skill set and experience
- GS12.** predict the profit margin to be achieved by the business
- GS13.** decide target segment of the market
- GS14.** schedule production cycles for better efficiency of resources
- GS15.** planning of production efficiency based on manpower and equipment available
- GS16.** schedule market visits for surveys and feedback
- GS17.** gather information on preference and taste of the customer
- GS18.** interact with various types of customers and understand the trends
- GS19.** analyze and solve conflicts and problems of the business.
- GS20.** ensure that the problems do not arise repeatedly.
- GS21.** anticipate various problems/challenges that can crop up
- GS22.** analyze the market for increasing sales
- GS23.** spot errors and any other disruptions and communicate with solutions

Qualification Pack

DGT/VSQ/N0101: Employability Skills (30 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

PC1. understand the significance of employability skills in meeting the job requirements

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

PC2. identify constitutional values, civic rights, duties, personal values and ethics and environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

PC3. explain 21st Century Skills such as Self-Awareness, Behavior Skills, Positive attitude, self-motivation, problem-solving, creative thinking, time management, social and cultural awareness, emotional awareness, continuous learning mindset etc.

Basic English Skills

To be competent, the user/individual on the job must be able to:

PC4. speak with others using some basic English phrases or sentences

Communication Skills

To be competent, the user/individual on the job must be able to:

PC5. follow good manners while communicating with others

PC6. work with others in a team

Qualification Pack

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

PC7. communicate and behave appropriately with all genders and PwD

PC8. report any issues related to sexual harassment

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

PC9. use various financial products and services safely and securely

PC10. calculate income, expenses, savings etc.

PC11. approach the concerned authorities for any exploitation as per legal rights and laws

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

PC12. operate digital devices and use its features and applications securely and safely

PC13. use internet and social media platforms securely and safely

Entrepreneurship

To be competent, the user/individual on the job must be able to:

PC14. identify and assess opportunities for potential business

PC15. identify sources for arranging money and associated financial and legal challenges

Customer Service

To be competent, the user/individual on the job must be able to:

PC16. identify different types of customers

PC17. identify customer needs and address them appropriately

PC18. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC19. create a basic biodata

PC20. search for suitable jobs and apply

PC21. identify and register apprenticeship opportunities as per requirement

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use basic spoken English language

KU6. Do and dont of effective communication

KU7. inclusivity and its importance

KU8. different types of disabilities and appropriate communication and behaviour towards PwD

KU9. different types of financial products and services

Qualification Pack

- KU10.** how to compute income and expenses
- KU11.** importance of maintaining safety and security in financial transactions
- KU12.** different legal rights and laws
- KU13.** how to operate digital devices and applications safely and securely
- KU14.** ways to identify business opportunities
- KU15.** types of customers and their needs
- KU16.** how to apply for a job and prepare for an interview
- KU17.** apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** communicate effectively using appropriate language
- GS2.** behave politely and appropriately with all
- GS3.** perform basic calculations
- GS4.** solve problems effectively
- GS5.** be careful and attentive at work
- GS6.** use time effectively
- GS7.** maintain hygiene and sanitisation to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Qualification Pack

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
