HCS/Q2501: Decorative Glass Cutter (Glassware)

Brief Job Description

The decorative cutter-glassware makes required decorative shapes on glass articles with the help of cutting machine. To perform the work competently the person is required to work with precision in delivering outcomes with the help of appropriate cutting techniques. The individual works under supervision and follows instructions related to the work. The individual understands the different kinds of etching machines used in glass manufacturing and how to operate the etching machines.

Personal Attributes

Needs to be focused, alert and physically active as well as capable of working for long hours in sitting position. Must understand the importance of quality work. He should have to ability to handle glassware safely during the cutting process.

Applicable National Occupational Standards (NOS)

Compulsory NOS:

1. [HCS/N2501: Prepare for making decorative design on glass articles](#)
2. [HCS/N2404: Etch the Glass products](#)
3. [HCS/N9916: Follow basic health and safety practices for glassware crafts](#)
4. [HCS/N9901: Coordinate with colleagues and work as a team](#)
5. [HCS/N9902: Maintain Safe and Healthy Work Environment](#)
6. [DGT/VSQ/N0102: Employability Skills \(60 Hours\)](#)

HCS/N2501: Prepare for making decorative design on glass articles

Description

Decorative glass cutter makes required decorative shapes on glass articles with the help of cutting machine. To perform the work competently the person is required to work with precision in delivering outcomes with the help of appropriate cutting techniques.

Scope

The scope covers the following :

- prepare work area for making decorative design on glass articles
- work safely

Elements and Performance Criteria

Prepare work area for making decorative design on glass articles

To be competent, the user/individual on the job must be able to:

- PC1.** Obtain job instructions from responsible personnel Job instruction: Design, cutting requirement, dimensions of the product to be cut, area etc.
- PC2.** Read and confirm that the given instructions and design are complete and correct.
- PC3.** Obtain appropriate machine and materials suitable for the required work Machine: Basic cutting machines Raw materials: Glass articles
- PC4.** Report on any shortage or defect of raw materials to the concerned person before commencement of work Concerned person: Supervisor, line in charge, store keeper etc.
- PC5.** Plan out an efficient sequence of work as per the job requirement in accordance with approved procedure.
- PC6.** Check that the selected tools and machine are in safe working condition and ready to use.
- PC7.** Select wheel for cutting machine as per design requirement
- PC8.** Use approved procedures to inspect glass articles visually for any possible defects as per required standard parameters prior to work Defects: Unevenness, chipped glass, holes on surface, rough texture, etc.
- PC9.** Identify the surfaces and dimensions of the article
- PC10.** Fix wheel on cutting machine for making decorative design on glass articles

Work safely

To be competent, the user/individual on the job must be able to:

- PC11.** Comply with health and safety requirements and procedures for decorative glass cutting at all the times.
- PC12.** Work safely at all times, complying with health and safety legislation, regulations and other relevant guidelines.
- PC13.** Maintain correct body postures while seating for long hours in allocated work space.
- PC14.** Lift, carry or move glass articles from one place to another using safe working practices.

Qualification Pack

- PC15.** Ensure that the work area is free of clutters and the environment favourable to carry out glass cutting work Suitable environment: Proper ventilation, lighting, spacious, clear of wastes, etc.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Relevant legislation, standards, policies, and procedures followed in the company.
- KU2.** Relevant health and safety requirements applicable in the work place.
- KU3.** Own job role and responsibilities and sources for information pertaining to employment terms, entitlements, job role and responsibilities.
- KU4.** Who to approach for support in order to obtain work related instructions, clarifications and support.
- KU5.** Importance of following health, hygiene, safety and quality standards and the impact of not following the standards on consumers and the business.
- KU6.** Relevant people and their responsibilities within the work area.
- KU7.** Documentation and related procedures applicable in the context of employment and work.
- KU8.** Importance of using personal protective equipment appropriate to the glass cutting work.
- KU9.** Hazards and risks associated with glass cutting and how to minimize accidents and injury to self and others.
- KU10.** Different types of machines and raw material and their uses Machine: Basic cutting machines Raw materials: Glass articles.
- KU11.** Machine preparation process and tasks including testing machines for work readiness.
- KU12.** Different defects in machinery that can increase risk or damage production.
- KU13.** Importance of documenting completed work in relevant service logbooks, data book, register, etc.
- KU14.** Safe disposal of glass wastes materials importance of maintaining healthy work environment.
- KU15.** Different types of tools and machine and their uses.
- KU16.** Different kinds of wheel for cutting machine as per design requirement.
- KU17.** Importance of storing glass scraps in secure location after the completion of work.
- KU18.** Actions to be taken in case of malfunction of machines.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Take notes in local language or Hindi of instructions received from supervisor.
- GS2.** How to keep log book and details of work done.
- GS3.** Interpret pictorial representations and written signs or instructions mentioned in work specification document.
- GS4.** Read and interpret numbers written in Hindi or local language.
- GS5.** Understand safety symbols and basic warning signs wherever needed.

Qualification Pack

- GS6.** Read the job specification provided in local language or Hindi.
- GS7.** Read instructions from supervisor provided in local language or Hindi.
- GS8.** Inform supervisor or co-workers of work related problems in any locally understood language.
- GS9.** Take instructions completely so that no instruction is missed or misunderstood.
- GS10.** Seek clarification on any unclear instructions in locally understood language.
- GS11.** How to decide on material requirement for cutting operation.
- GS12.** Make decisions pertaining to the concerned area of work.
- GS13.** Plan and organize own work in a way that all activities are completed in time and as per specifications.
- GS14.** Basic concepts of working effectively including waste reduction, recycle use of glass scraps, efficient material usage, and optimization of time.
- GS15.** Determine timely correction of errors to minimize rejection of pieces.
- GS16.** Resolve problems / conflicts through proper communication.

HCS/N2404: Etch the Glass products

Description

This unit is about the etching of raw glass products to ensure that the surface of the product is smooth by working the same on the etching machine.

Scope

The scope covers the following :

- identify the etching requirements of the product
- etch the product
- achieve quality
- take safety measures to be adopted during etching

Elements and Performance Criteria

Identify the etching requirements of the product

To be competent, the user/individual on the job must be able to:

- PC1.** Understand instructions from production supervisor regarding product dimensions for etching.
- PC2.** Obtain instructions from production supervisor regarding daily targets for etching.
- PC3.** Identify design and pattern to be etched on the surface.
- PC4.** Identify the measure of precision and surface finished to be produced.
- PC5.** Work on different types of etching wheels used in the process.
- PC6.** Return products and etching wheel to designated locations.

Etch the product

To be competent, the user/individual on the job must be able to:

- PC7.** Assemble etching wheel correctly to ensure they are properly balanced and fit to use.
- PC8.** Ensure that the proper method of dressing an etching wheel is followed.
- PC9.** Handle etching wheel.
- PC10.** Control speed of etching wheel.
- PC11.** Control functions of all the components used the etching wheel.
- PC12.** Make pattern/ design for etching on the product by pencil or sketch.
- PC13.** Place the surface to be etched on the etching wheel.
- PC14.** Apply appropriate quantities of water as lubricant during the process.
- PC15.** Ensure minimum damage during the process of etching.
- PC16.** Ensure that the machinery is suitable for its intended use and properly maintained.
- PC17.** Control the stoppage of devices.
- PC18.** Get specific work related instructions from supervisor, if required.

Achieve quality

To be competent, the user/individual on the job must be able to:

Qualification Pack

PC19. Get instructions from production supervisor regarding product characteristics and dimensions that have to be adhered to.

PC20. Identify suitable type of wheel used in the process.

PC21. Control the operating speed for finer finishing.

PC22. Understand the shelf life of wheel used for etching.

PC23. Ensure zero material loss during the etching process.

Take safety measures to be adopted during etching

To be competent, the user/individual on the job must be able to:

PC24. Ensure safety measures during examination, handling and storage of etching wheel are followed.

PC25. Ensure use of suitable personal protective equipments.

PC26. Minimize hazards and risks arising from the use of etching wheels and the precautions to be observed.

PC27. Ensure damaged wheel is not used for etching.

PC28. Ensure proper balancing and dressing wheel before the usage.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. Company's policies on: human resource management, benefits and code of conduct.

KU2. Company's code of conduct.

KU3. Organisation culture and typical product profile.

KU4. Company's reporting structure.

KU5. Company's documentation policy.

KU6. Existing facilities within company regarding safety measures.

KU7. Type of materials used in etching wheel construction.

KU8. The grades of wheels (soft or hard) used in etching.

KU9. Structure (level of porosity) of wheel used.

KU10. Different types of wheels used and their operating procedures.

KU11. Maximum operating speed.

KU12. Precautions to be taken while handling etching wheel.

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. How to keep log book and details of work done.

GS2. How to read the directions on etching wheel and interpret details such as markings regarding type, size and maximum operating speed.

GS3. How to interpret the markings on the wheel indicating specific restrictions for use.

GS4. How to seek work instructions from the supervisor.

Qualification Pack

- GS5.** How to listen to supervisor to know daily targets.
- GS6.** How to seek out and listen to co-workers.
- GS7.** Means to express the information, both technical and non-technical, to seniors and colleagues effectively.
- GS8.** How to decide on material requirement for blowing activity.
- GS9.** To prioritize and organise to achieve the daily targets.
- GS10.** The customer preference on craft products.
- GS11.** To solve work related problems.
- GS12.** How to analyse the shape of the product and accordingly perform etching operation.
- GS13.** How to spot process disruptions and delays.

HCS/N9916: Follow basic health and safety practices for glassware crafts

Description

This unit covers health, safety and security at the workplace. This includes procedures and practices that candidates need to follow to help maintain a healthy, safe and secure work environment.

Scope

The scope covers the following :

- General Safety Practices
- Workplace Hazard Identification
- Safe Work Practices
- Fire Safety
- First Aid and Emergency Response
- Good Housekeeping Practices
- Awareness and Compliance

Elements and Performance Criteria

General Safety Practices

To be competent, the user/individual on the job must be able to:

- PC1.** Handle glass, tools, materials, and chemicals with care to prevent injuries or damage.
- PC2.** Wear appropriate personal protective equipment (PPE), such as gloves, goggles, and masks, while working.
- PC3.** Inspect tools, machines, and equipment for safety before use.
- PC4.** Adhere to safe material handling practices to avoid breakage or injury.
- PC5.** Dispose of broken glass, chemical waste, and other waste materials as per workplace guidelines.
- PC6.** Report accidents, near misses, or unsafe conditions immediately to the supervisor.

Workplace Hazard Identification

To be competent, the user/individual on the job must be able to:

- PC7.** Identify potential hazards in the work area, such as sharp edges, hot surfaces, fumes, or improper lighting.
- PC8.** Take precautions while working with hazardous materials, including molten glass and chemicals.
- PC9.** Ensure proper ventilation in areas where glass cutting, heating, or chemical processes are conducted.

Safe Work Practices

To be competent, the user/individual on the job must be able to:

- PC10.** Follow safe handling and storage practices for glass and glassware tools.
- PC11.** Maintain a clutter-free and well-organized workspace.
- PC12.** Use machines and equipment only as per instructions and ensure proper maintenance.

Qualification Pack

PC13. Follow electrical safety practices, such as avoiding overloading circuits or using damaged wires.

PC14. Lift and carry glass objects carefully using appropriate techniques to avoid strain or injury.

Fire Safety

To be competent, the user/individual on the job must be able to:

PC15. Identify different types of fires and the appropriate extinguishers for each.

PC16. Use fire extinguishers correctly in case of emergencies involving glass crafting materials.

PC17. Keep flammable materials away from heat sources and ensure safe storage of chemicals.

First Aid and Emergency Response

To be competent, the user/individual on the job must be able to:

PC18. Administer basic first aid for minor injuries, such as cuts, burns, or exposure to chemicals.

PC19. Demonstrate methods to handle emergencies, such as freeing someone from electrocution or treating chemical burns.

PC20. Respond promptly to emergencies by raising alarms, evacuating safely, and assisting others.

Good Housekeeping Practices

To be competent, the user/individual on the job must be able to:

PC21. Clean and organize the workspace regularly to minimize risks.

PC22. Ensure safe storage and labeling of hazardous materials and tools.

PC23. Keep walkways and exits clear of clutter to facilitate easy movement during emergencies.

Awareness and Compliance

To be competent, the user/individual on the job must be able to:

PC24. Follow organizational health and safety policies while working with glassware crafts.

PC25. Recognize and comply with hazard signs, safety instructions, and warning labels.

PC26. Participate in safety drills and training sessions conducted at the workplace.

PC27. Familiarize yourself with the location and use of safety equipment, such as first aid kits and fire extinguishers.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. Names (and job titles if applicable), and where to find, all the people responsible for health and safety in a workplace.

KU2. Names and location of documents that refer to health and safety in the workplace.

KU3. Meaning of hazards and risks.

KU4. Health and safety hazards commonly present in the work environment and related precautions.

KU5. Possible causes of risk, hazard or accident in the workplace and why risk and/or accidents are possible.

KU6. Possible causes of risk and accident. Possible causes of risk and accident: Physical actions; not listening to given instructions; inattention; improper disposal of carcass wastes & fluids; sickness and incapacity (such as drunkenness); health hazards (such as untreated injuries and contagious illness).

Qualification Pack

- KU7.** Methods of accident prevention. Methods of accident prevention: Training in health and safety procedures; using health and safety procedures; use of equipment and working practices (such as safe carrying procedures); safety notices, advice; instruction from colleagues and supervisors.
- KU8.** Safe working practices while working at various hazardous sites.
- KU9.** Where to find all the general health and safety equipment in the workplace.
- KU10.** Various dangers associated with the use of electrical equipment.
- KU11.** Preventative and remedial actions to be taken in the case of exposure to toxic materials. Exposure: Ingested, contact with skin, inhaled. Preventative action: Ventilation, masks, protective clothing/ equipment). Remedial action: Immediate first aid, report to supervisor. Toxic materials: Solvents, flux, lead.
- KU12.** Importance of using protective clothing/equipment while working.
- KU13.** Adherence to environmental management policies.
- KU14.** Safe disposal of metal scraps in appropriate locations.
- KU15.** Precautionary activities to prevent the fire accident.
- KU16.** Various causes of fire. Causes of fires: Heating of metal; spontaneous ignition; sparking; electrical heating; loose fires (smoking, welding, etc.); chemical fires; etc.
- KU17.** Techniques of using the different fire extinguishers.
- KU18.** Different methods of extinguishing fire.
- KU19.** Different materials used for extinguishing fire. Materials: Sand, water, foam, CO2, dry powder, rescue techniques applied during a fire hazard.
- KU20.** Various types of safety signs and what they mean.
- KU21.** Appropriate basic first aid treatment relevant to the condition eg. shock, electrical shock, bleeding, breaks to bones, minor burns, resuscitation, poisoning, eye injuries, etc.
- KU22.** Potential injuries and ill health associated with incorrect manual handling.
- KU23.** Safe lifting and carrying practices.
- KU24.** Personal safety, health and dignity issues relating to the movement of a person by others.
- KU25.** Potential impact to a person who is moved incorrectly.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Take notes in local language or Hindi of instructions received from supervisor.
- GS2.** Keep log book and details of work done.
- GS3.** Interpret pictorial representations and written signs or instructions mentioned in work specification document.
- GS4.** Read and interpret numbers written in Hindi or local language.
- GS5.** Understand safety symbols and basic warning signs wherever needed.
- GS6.** Read the job specification provided in local language or Hindi.
- GS7.** Read instructions from supervisor provided in local language or Hindi.
- GS8.** Inform supervisor or co-workers of work related problems in any locally understood language.

Qualification Pack

- GS9.** Take instructions completely so that no instruction is missed or misunderstood.
- GS10.** Seek clarification on any unclear instructions in locally understood language.
- GS11.** Decide on material requirement for painting operation.
- GS12.** Make decisions pertaining to the concerned area of work.
- GS13.** Plan and organize own work in a way that all activities are completed in time and as per specifications.
- GS14.** Basic concepts of working effectively including waste reduction, recycle use of metal scraps, efficient material usage, and optimization of time.
- GS15.** Determine timely correction of errors to minimize rejection of pieces.
- GS16.** Resolve problems / conflicts through proper communication.

HCS/N9901: Coordinate with colleagues and work as a team

Description

This NOS describes the communication and coordination skills and knowledge to work with colleagues and supervisor to achieve a smooth and hazard-free workflow.

Scope

The scope covers the following :

- interact with supervisor or superior
- work as a team by coordinating with colleagues within and outside the department and include inputs on PwD & Gender Sensitisation
- report and Document

Elements and Performance Criteria

Interact with supervisor or superior

To be competent, the user/individual on the job must be able to:

- PC1.** comply with health, safety gender, and PwD (People with disability) related instructions applicable to the workplace
- PC2.** actively participate in mock drills/ evacuation procedures; group discussions, training sensitization programs for gender, and PwD awareness organized at the workplace.
- PC3.** receive job orders and instructions from reporting supervisor and receive feedback on work standards.
- PC4.** understand the work output requirements, targets, performance indicators and incentives.
- PC5.** deliver quality work on time and report any anticipated reasons for delays and handover completed work to supervisor
- PC6.** report on any grievances, production defects and any potential hazards.

Work as a team by coordinating with colleagues within and outside the department and include inputs on PwD & Gender Sensitisation

To be competent, the user/individual on the job must be able to:

- PC7.** communicate maintenance and repair schedule proactively to the supervisor
- PC8.** interact and clarify doubts on design, usage of materials & tools, quality & standards compliance, etc.

Report and Document

To be competent, the user/individual on the job must be able to:

- PC9.** report in time for shortage or need of raw materials
- PC10.** communicate with colleagues from within and other departments, clearly and effectively on all aspects to carry out the work among the team
- PC11.** maintain the etiquette, use polite language, demonstrate responsible and disciplined behavior towards colleagues.
- PC12.** put team over individual goals and multi-task or share work where necessary supporting the colleagues.

Qualification Pack

PC13. document all the details accurately relating to ones role as required.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** knowledge about the importance of gender equality being followed in the organization and policies for reporting any harassment or inappropriate behavior
- KU2.** knowledge about how to accommodate employees with disabilities etiquette to adhere to and proper language and terminology
- KU3.** knowledge about how to communicate, offer help, respecting space, parking etc. for people with disabilities or special needs
- KU4.** knowledge about promoting a safe, accessible and healthy workplace for disabled employees
- KU5.** company's policies on preferred language of communication, incentives, quality standards, personnel management, reporting and escalation matrix policy.
- KU6.** company's standard operating procedure (sop) and the risk and impact of not following them.
- KU7.** procedures for working with colleagues, his/her role and responsibilities in relation to this
- KU8.** organizational hierarchy and the line of reporting structure and work target and review mechanism
- KU9.** procedures to report employment related issues and to deal with conflicts
- KU10.** importance of the individuals role in the organizational workflow and details of the individual responsibilities
- KU11.** tools and equipment handling procedure and common potential hazards in the work place and the procedures to deal with them
- KU12.** effective communication with various categories of people and the different departments in the organization
- KU13.** to document the job activity as required like the check sheets, history sheets, etc
- KU14.** expressing and addressing grievances appropriately, deal with difficult work relationships and manage the internal conflicts effectively

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** create a positive and inclusive workplace atmosphere without any kind of bias/discrimination towards any employee
- GS2.** actively take part in any discussion/workshop organized for gender sensitization training
- GS3.** read and comprehend written instructions related to gender equality issues in the organization
- GS4.** identify and report any harassment or inappropriate behavior towards any employee
- GS5.** create a positive and inclusive workplace atmosphere without any kind of bias/discrimination towards any employee with disability or special needs
- GS6.** actively take part in any discussion/workshop organized for disability sensitization training.

Qualification Pack

- GS7.** read and comprehend written instructions related to equality issues in the organization related to disabled persons
- GS8.** read job sheets, design sheet and information displayed at the workplace
- GS9.** read and understand manuals, health and safety instructions, memos etc
- GS10.** fill up documentation to ones role
- GS11.** communicate effectively with supervisor
- GS12.** contribute to quality of team work and achieve smooth workflow
- GS13.** improve work processes by interacting with others and adopting best practices

HCS/N9902: Maintain Safe and Healthy Work Environment

Description

This NOS is about following adequate safety procedures to make the work environment safe and Healthy.

Scope

The scope covers the following :

- follow safety procedures and practices.
- achieve safety standards

Elements and Performance Criteria

Follow safety procedures and practices

To be competent, the user/individual on the job must be able to:

- PC1.** carry out work functions in accordance with organizational standards, greening solutions, procedures, policies, legislation and regulations
- PC2.** apply and follow these policies and procedures within your work practices and inculcate sustainable consumption practices
- PC3.** actively get involved in improving the performance of the organization in line with their own role and responsibilities and support adaptation to more environmentally friendly processes
- PC4.** comply with safety procedures while on work to prevent accidents
- PC5.** take adequate safety measures while handling materials, chemicals and tools
- PC6.** wear appropriate personal protective gears such as gloves, protective goggles, masks etc. while working
- PC7.** wear appropriate and recommended clothing as per the work environment
- PC8.** follow recommended material handling procedure to control material and personal damage.
- PC9.** perform all procedures as per company's work instructions for controlling operational risk

Achieve safety standards

To be competent, the user/individual on the job must be able to:

- PC10.** perform the duties in a manner which minimizes environmental damage
- PC11.** dispose off waste safely and correctly in a designated area as per company's SOP
- PC12.** report any accidents, incidents or problems without delay to the supervisor and take necessary immediate action to reduce further danger
- PC13.** ensure zero accident at workplace
- PC14.** adhere to safety standards and ensure no material damage

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** making conscious and sustainable decisions for achieving effective and green workplace.

Qualification Pack

- KU2.** company's policies on work safety and occupational hazard management
- KU3.** knowledge about company's HR policies and reporting structure
- KU4.** company emergency evacuation procedure
- KU5.** accidental risks to the worker
- KU6.** how to maintain the work area safe and secure
- KU7.** how to perform the duties in a way to minimize accidental risks
- KU8.** how to handle chemicals in a safe manner
- KU9.** purpose and usage of protective gears such as gloves, protective goggles, masks, etc. while working
- KU10.** safe and correct material handling procedure
- KU11.** standard operating procedure (sop) of processes
- KU12.** precautionary activities to be followed in the processes
- KU13.** how to operate tools and electrical equipment
- KU14.** emergency procedures to be followed in case of a mishap such as fire accidents etc.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** make conscious and sustainable decisions that help reduce, rescue, and recycle the company resources
- GS2.** identify and replace processes that create unnecessary waste.
- GS3.** read safety instructions, safety signage and safety manuals
- GS4.** read the usage of various safety tools and equipment
- GS5.** take notes on descriptions and details of various safety precautions and procedures as instructed
- GS6.** communicate supervisor about the work safety issues.
- GS7.** receive instructions from supervisor on minimizing the accidental risks
- GS8.** communicate co-workers about the precautions to be taken for accident-free work.
- GS9.** how to select appropriate safety tools and equipment
- GS10.** improve work processes by adopting best safety practices
- GS11.** coordinate with different departments on briefing the safety aspects
- GS12.** guide the team members on use of various safety tools and equipment
- GS13.** spot errors and any other disruptions and communicate with solutions
- GS14.** how to use safety equipment such as fire extinguisher during fire accidents.
- GS15.** how to store chemicals and tools in a safe way.

DGT/VSQ/N0102: Employability Skills (60 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Career Development & Goal Setting
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** identify employability skills required for jobs in various industries
- PC2.** identify and explore learning and employability portals

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

- PC3.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. and personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC4.** follow environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC5.** recognize the significance of 21st Century Skills for employment
- PC6.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life

Basic English Skills

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC7.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC8.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC9.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC10.** understand the difference between job and career
- PC11.** prepare a career development plan with short- and long-term goals, based on aptitude

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC12.** follow verbal and non-verbal communication etiquette and active listening techniques in various settings
- PC13.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC14.** communicate and behave appropriately with all genders and PwD
- PC15.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC16.** select financial institutions, products and services as per requirement
- PC17.** carry out offline and online financial transactions, safely and securely
- PC18.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC19.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC20.** operate digital devices and carry out basic internet operations securely and safely
- PC21.** use e- mail and social media platforms and virtual collaboration tools to work effectively
- PC22.** use basic features of word processor, spreadsheets, and presentations

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC23.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC24.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC25.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC26.** identify different types of customers
- PC27.** identify and respond to customer requests and needs in a professional manner.

Qualification Pack

PC28. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC29. create a professional Curriculum vitae (Résumé)

PC30. search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively

PC31. apply to identified job openings using offline /online methods as per requirement

PC32. answer questions politely, with clarity and confidence, during recruitment and selection

PC33. identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills and different learning and employability related portals

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up

KU6. importance of career development and setting long- and short-term goals

KU7. about effective communication

KU8. POSH Act

KU9. Gender sensitivity and inclusivity

KU10. different types of financial institutes, products, and services

KU11. how to compute income and expenditure

KU12. importance of maintaining safety and security in offline and online financial transactions

KU13. different legal rights and laws

KU14. different types of digital devices and the procedure to operate them safely and securely

KU15. how to create and operate an e- mail account and use applications such as word processors, spreadsheets etc.

KU16. how to identify business opportunities

KU17. types and needs of customers

KU18. how to apply for a job and prepare for an interview

KU19. apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. read and write different types of documents/instructions/correspondence

GS2. communicate effectively using appropriate language in formal and informal settings

Qualification Pack

- GS3.** behave politely and appropriately with all
- GS4.** how to work in a virtual mode
- GS5.** perform calculations efficiently
- GS6.** solve problems effectively
- GS7.** pay attention to details
- GS8.** manage time efficiently
- GS9.** maintain hygiene and sanitization to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Qualification Pack

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
Green Jobs	Green jobs are decent jobs that contribute to preserve or restore the environment, be they in traditional sectors such as manufacturing and construction, or in new, emerging green sectors such as renewable energy and energy efficiency.
Gender sensitivity	Gender sensitising is about changing behaviour and instilling empathy into the views that we hold about our own and the other genders. It helps people in examining their personal attitudes and beliefs and questioning the realities they know.
PwD Sensitivity	PwD sensitivity and inclusion covers instilling empathy, etiquette and inclusion practices for individuals, companies and organisations to interact and work with individuals, who have a disability, which could be sensory, physical and/ or intellectual.
