HCS/Q2901: Embossing Artisan (Metalware)

Brief Job Description

The individual at work is responsible to create designs on the metal surface by raising one side of the metal using embossing tools, creating a raised design on the surface.

Personal Attributes

The job requires the individual to have: attention to details, good eyesight, steady hands, ability to sit in same position for longer hours and patience

Applicable National Occupational Standards (NOS)

Compulsory NOS:

1. [HCS/N2901: Emboss the metal surface](#)
2. [HCS/N9901: Coordinate with colleagues and work as a team](#)
3. [HCS/N9902: Maintain Safe and Healthy Work Environment](#)
4. [HCS/N9903: Maintain Personal Hygiene](#)
5. [HCS/N9904: Basic Business Management](#)
6. [DGT/VSQ/N0101: Employability Skills \(30 Hours\)](#)

HCS/N2901: Emboss the metal surface

Description

This unit is about creating design on the metal surface by protruding it with an embossing tools, raising the opposite side of the metal and creating a raised design pattern on the surface.

Scope

The scope covers the following :

- understanding design and work requirement
- gathering and arranging the required raw materials
- embossing the metal surface
- checking for defects
- achieving quality standards

Elements and Performance Criteria

Understanding design and work requirement

To be competent, the user/individual on the job must be able to:

- PC1.** receive instructions on work requirement from superior
- PC2.** receive the design from concerned person
- PC3.** understand the design requirements and determine the type of embossing required
- PC4.** plan the target on number of pieces to be completed

Gathering and arranging the required raw materials

To be competent, the user/individual on the job must be able to:

- PC5.** collect and arrange the appropriate materials to begin the process
- PC6.** report on any shortage or defect of raw materials to the concerned person
- PC7.** ensure to stock the required materials in advance

Embossing the metal surface

To be competent, the user/individual on the job must be able to:

- PC8.** clean and smoothen the metal surface before embossing
- PC9.** ensure embossing is done placing the metal on a soft surface such as clay or wax
- PC10.** place the template design sheet on top of the metal sheet
- PC11.** ensure to hold the template firm to avoid it from slipping
- PC12.** place the scrap metal facing down
- PC13.** trace and transfer the design template to metal sheet
- PC14.** ensure not to use too much pressure
- PC15.** remove the template design
- PC16.** deepen the design on the metal surface using the embossing tools
- PC17.** turn the metal sheet and rack harder between the design lines with embossing tool to emboss the design

Qualification Pack

PC18. dry the piece overnight

PC19. use different embossing tools depending on the design pattern to be created

PC20. ensure the tools are of appropriate sizes to create the required depth

PC21. clean the outline design pattern

PC22. smoothen the embossed areas

PC23. turn the metal piece to the front side and clean the embossed portion

PC24. refine and smoothen the embossed portion

Checking for defects

To be competent, the user/individual on the job must be able to:

PC25. check the metal after embossing, if it matches requirement

PC26. make necessary adjustments if any

PC27. rectify and rework if any mistakes are found un-matching the design specifications and requirements

Achieving quality standards

To be competent, the user/individual on the job must be able to:

PC28. ensure that the appropriate heat and pressure are used for embossing on the sheet metal

PC29. ensure to maintain the same metal thickness before and after embossing

PC30. ensure the target number of pieces are polished

PC31. ensure the design patterns and the finished products are according to the requirements

PC32. ensure the output delivered is defect free and on time

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. companys policies on incentives, safety and hazards, personnel management and quality standards

KU2. workflow involved in metal craft making process of the company

KU3. the importance of the individuals role in the work process

KU4. reporting structure

KU5. documentation policy

KU6. customer profile

KU7. metalcraft details

KU8. metal making process and types of products

KU9. various kinds of raw materials involved in the process

KU10. about creating designs and tracing the outline

KU11. the application of various tools, consumables and equipments for embossing

KU12. the essence of bringing the required tools and equipments to get the desired shape

KU13. the application of various embossing tools and equipments such as adhesives

KU14. the ways of maintaining the tools and equipments for embossing

KU15. about creating tools and equipments for embossing

Qualification Pack

- KU16.** the use of hazardous acids and chemicals
- KU17.** safety standards and precautions to be taken
- KU18.** quality standards to be maintained
- KU19.** standard operating procedures
- KU20.** market trend and customer preferences

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** take notes or read about metal making techniques
- GS2.** read and write the notes from design
- GS3.** read company policy documents
- GS4.** interact with team members to work efficiently
- GS5.** communicate effectively with supervisor
- GS6.** how to share work load with the colleagues in the process
- GS7.** multi task and deliver the final finished piece on time adhering to quality standards
- GS8.** plan for daily production
- GS9.** plan for budget and material requirement
- GS10.** utilise customer preference, taste, etc. and accordingly make crafts
- GS11.** solve issues relating to material, cost and labour while ensuring smooth production
- GS12.** analyse material requirements and corrective actions required during craft making
- GS13.** spot process disruptions and delays

HCS/N9901: Coordinate with colleagues and work as a team

Description

This NOS describes the communication and coordination skills and knowledge to work with colleagues and supervisor to achieve a smooth and hazard-free workflow.

Scope

The scope covers the following :

- interact with supervisor or superior
- work as a team by coordinating with colleagues within and outside the department and include inputs on PwD & Gender Sensitisation
- report and Document

Elements and Performance Criteria

Interact with supervisor or superior

To be competent, the user/individual on the job must be able to:

- PC1.** comply with health, safety gender, and PwD (People with disability) related instructions applicable to the workplace
- PC2.** actively participate in mock drills/ evacuation procedures; group discussions, training sensitization programs for gender, and PwD awareness organized at the workplace.
- PC3.** receive job orders and instructions from reporting supervisor and receive feedback on work standards.
- PC4.** understand the work output requirements, targets, performance indicators and incentives.
- PC5.** deliver quality work on time and report any anticipated reasons for delays and handover completed work to supervisor
- PC6.** report on any grievances, production defects and any potential hazards.

Work as a team by coordinating with colleagues within and outside the department and include inputs on PwD & Gender Sensitisation

To be competent, the user/individual on the job must be able to:

- PC7.** communicate maintenance and repair schedule proactively to the supervisor
- PC8.** interact and clarify doubts on design, usage of materials & tools, quality & standards compliance, etc.

Report and Document

To be competent, the user/individual on the job must be able to:

- PC9.** report in time for shortage or need of raw materials
- PC10.** communicate with colleagues from within and other departments, clearly and effectively on all aspects to carry out the work among the team
- PC11.** maintain the etiquette, use polite language, demonstrate responsible and disciplined behavior towards colleagues.
- PC12.** put team over individual goals and multi-task or share work where necessary supporting the colleagues.

Qualification Pack

PC13. document all the details accurately relating to ones role as required.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** knowledge about the importance of gender equality being followed in the organization and policies for reporting any harassment or inappropriate behavior
- KU2.** knowledge about how to accommodate employees with disabilities etiquette to adhere to and proper language and terminology
- KU3.** knowledge about how to communicate, offer help, respecting space, parking etc. for people with disabilities or special needs
- KU4.** knowledge about promoting a safe, accessible and healthy workplace for disabled employees
- KU5.** company's policies on preferred language of communication, incentives, quality standards, personnel management, reporting and escalation matrix policy.
- KU6.** company's standard operating procedure (sop) and the risk and impact of not following them.
- KU7.** procedures for working with colleagues, his/her role and responsibilities in relation to this
- KU8.** organizational hierarchy and the line of reporting structure and work target and review mechanism
- KU9.** procedures to report employment related issues and to deal with conflicts
- KU10.** importance of the individuals role in the organizational workflow and details of the individual responsibilities
- KU11.** tools and equipment handling procedure and common potential hazards in the work place and the procedures to deal with them
- KU12.** effective communication with various categories of people and the different departments in the organization
- KU13.** to document the job activity as required like the check sheets, history sheets, etc
- KU14.** expressing and addressing grievances appropriately, deal with difficult work relationships and manage the internal conflicts effectively

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** create a positive and inclusive workplace atmosphere without any kind of bias/discrimination towards any employee
- GS2.** actively take part in any discussion/workshop organized for gender sensitization training
- GS3.** read and comprehend written instructions related to gender equality issues in the organization
- GS4.** identify and report any harassment or inappropriate behavior towards any employee
- GS5.** create a positive and inclusive workplace atmosphere without any kind of bias/discrimination towards any employee with disability or special needs
- GS6.** actively take part in any discussion/workshop organized for disability sensitization training.

Qualification Pack

- GS7.** read and comprehend written instructions related to equality issues in the organization related to disabled persons
- GS8.** read job sheets, design sheet and information displayed at the workplace
- GS9.** read and understand manuals, health and safety instructions, memos etc
- GS10.** fill up documentation to ones role
- GS11.** communicate effectively with supervisor
- GS12.** contribute to quality of team work and achieve smooth workflow
- GS13.** improve work processes by interacting with others and adopting best practices

HCS/N9902: Maintain Safe and Healthy Work Environment

Description

This NOS is about following adequate safety procedures to make the work environment safe and Healthy.

Scope

The scope covers the following :

- follow safety procedures and practices.
- achieve safety standards

Elements and Performance Criteria

Follow safety procedures and practices

To be competent, the user/individual on the job must be able to:

- PC1.** carry out work functions in accordance with organizational standards, greening solutions, procedures, policies, legislation and regulations
- PC2.** apply and follow these policies and procedures within your work practices and inculcate sustainable consumption practices
- PC3.** actively get involved in improving the performance of the organization in line with their own role and responsibilities and support adaptation to more environmentally friendly processes
- PC4.** comply with safety procedures while on work to prevent accidents
- PC5.** take adequate safety measures while handling materials, chemicals and tools
- PC6.** wear appropriate personal protective gears such as gloves, protective goggles, masks etc. while working
- PC7.** wear appropriate and recommended clothing as per the work environment
- PC8.** follow recommended material handling procedure to control material and personal damage.
- PC9.** perform all procedures as per company's work instructions for controlling operational risk

Achieve safety standards

To be competent, the user/individual on the job must be able to:

- PC10.** perform the duties in a manner which minimizes environmental damage
- PC11.** dispose off waste safely and correctly in a designated area as per company's SOP
- PC12.** report any accidents, incidents or problems without delay to the supervisor and take necessary immediate action to reduce further danger
- PC13.** ensure zero accident at workplace
- PC14.** adhere to safety standards and ensure no material damage

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** making conscious and sustainable decisions for achieving effective and green workplace.

Qualification Pack

- KU2.** company's policies on work safety and occupational hazard management
- KU3.** knowledge about company's HR policies and reporting structure
- KU4.** company emergency evacuation procedure
- KU5.** accidental risks to the worker
- KU6.** how to maintain the work area safe and secure
- KU7.** how to perform the duties in a way to minimize accidental risks
- KU8.** how to handle chemicals in a safe manner
- KU9.** purpose and usage of protective gears such as gloves, protective goggles, masks, etc. while working
- KU10.** safe and correct material handling procedure
- KU11.** standard operating procedure (sop) of processes
- KU12.** precautionary activities to be followed in the processes
- KU13.** how to operate tools and electrical equipment
- KU14.** emergency procedures to be followed in case of a mishap such as fire accidents etc.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** make conscious and sustainable decisions that help reduce, rescue, and recycle the company resources
- GS2.** identify and replace processes that create unnecessary waste.
- GS3.** read safety instructions, safety signage and safety manuals
- GS4.** read the usage of various safety tools and equipment
- GS5.** take notes on descriptions and details of various safety precautions and procedures as instructed
- GS6.** communicate supervisor about the work safety issues.
- GS7.** receive instructions from supervisor on minimizing the accidental risks
- GS8.** communicate co-workers about the precautions to be taken for accident-free work.
- GS9.** how to select appropriate safety tools and equipment
- GS10.** improve work processes by adopting best safety practices
- GS11.** coordinate with different departments on briefing the safety aspects
- GS12.** guide the team members on use of various safety tools and equipment
- GS13.** spot errors and any other disruptions and communicate with solutions
- GS14.** how to use safety equipment such as fire extinguisher during fire accidents.
- GS15.** how to store chemicals and tools in a safe way.

HCS/N9903: Maintain Personal Hygiene

Description

This NOS provides the abilities required for taking responsibility for their own health at the workplace and is about using the correct procedures to prevent, control and minimize risk to them and others at the workplace.

Scope

The scope covers the following :

- adopt healthy work practices
- achieve work productivity while maintaining health

Elements and Performance Criteria

Adopt healthy work practices

To be competent, the user/individual on the job must be able to:

- PC1.** always cover the mouth and nose with a dust mask while working and keep on changing when it gets blocked with dust
- PC2.** wear safety shoes while visiting the production unit to avoid any damage
- PC3.** wear personal protective equipment while visiting the different departments during production. orexample mask in the washing section, glasses and mask in an assembly line, and gloves in the printing section, etc.
- PC4.** always wash sanitize your hands after a factory unit before touching any document, laptop, cell phone, etc.
- PC5.** undergo preventive health checkups at regular intervals.
- PC6.** take prompt treatment from the doctor in case of illness.

Achieve work productivity while maintaining health

To be competent, the user/individual on the job must be able to:

- PC7.** follow SOPs for dealing with blisters; scratches; accidental fires or any other type of emergencies at work
- PC8.** ensure no productivity loss or absenteeism from work due to illness
- PC9.** ensure no long-term ill effect on personal health.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** company's policies on personal health and occupational hazard management
- KU2.** company's HR policies.
- KU3.** company's reporting structure
- KU4.** company's emergency evacuation procedure
- KU5.** health risks to the worker at the workplace

Qualification Pack

- KU6.** healthy work practices
- KU7.** how to perform the duties in a way to minimize pollution at the workplace.
- KU8.** what personal protective equipment should be worn and how it is cared for
- KU9.** safe disposal methods for waste
- KU10.** how to provide first-aid treatment at the workplace
- KU11.** emergency procedures to be followed in case of an mishap such as fire accidents etc.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** read personal health instructions and manual
- GS2.** read the usage of various hand tools and personal protection equipment
- GS3.** take notes on descriptions and details of various personal health maintenance procedures
- GS4.** communicate supervisor about the physical symptoms
- GS5.** receive instructions from doctor and supervisor on medical care
- GS6.** how to select appropriate hand tools and personal protection equipment
- GS7.** when to change personal protection equipment during work
- GS8.** how to identify first aid needs in case and of an injury
- GS9.** how to select appropriate hand tools and personal protection equipment
- GS10.** when to change personal protection equipment during work
- GS11.** how to use materials that does not affect customer health / make injury
- GS12.** improve work processes by adopting best safety practices
- GS13.** analyze the usage of appropriate tools and consumables
- GS14.** spot errors and any other disruptions and communicate with solutions

HCS/N9904: Basic Business Management

Description

This OS unit focuses on business planning, internal strategy, timelines.

Scope

The scope covers the following :

- People management
- Product planning
- Procurement of raw materials
- Market interfacing
- Financial management
- Record keeping

Elements and Performance Criteria

People management

To be competent, the user/individual on the job must be able to:

- PC1.** arrange Interactive meetings of managers of sales and production teams and categorize the issues and feedbacks of both the teams
- PC2.** train the employees of his/her unit with the appropriate skills required to make marketrelevant and quality products
- PC3.** motivate the employees

Product planning

To be competent, the user/individual on the job must be able to:

- PC4.** compile a report based on old production reports
- PC5.** address the issues faced in previous productions and try to resolve them
- PC6.** gather and analyze the cues from the market
- PC7.** ascertain the customer preference
- PC8.** develop product range lines based on current market preference
- PC9.** develop product range lines that are unique and able to price high
- PC10.** price the products according to market trends
- PC11.** identify the competent marketing strategy for the product range

Procurement of raw materials

To be competent, the user/individual on the job must be able to:

- PC12.** list of the raw material s and prepare a B.O.M according to the product lines
- PC13.** ascertain the quantity and right price to procure the materials
- PC14.** identify the right locations/agents from where the raw materials can be procured
- PC15.** negotiate to get the best price
- PC16.** ensure quality materials are procured

Qualification Pack

PC17. ensure the procured materials are stored in appropriate conditions

PC18. compile a record of price quotations, POs, and bills of procurement for future reference

Market interfacing

To be competent, the user/individual on the job must be able to:

PC19. maintain a healthy and professional relationship with vendor

PC20. the competitive market falls in order with the company policies of best price, quality, and delivery parameters

PC21. analyze the prevalent price for product lines

PC22. decide on the most effective means to access the market

PC23. plan for cost-effective transportation to the market

PC24. position the product according to market requirements

PC25. identify and address the expectations of customer

Financial management

To be competent, the user/individual on the job must be able to:

PC26. analyze and ascertain the cost of production

PC27. maintain the book of accounts related to the business

PC28. maintain export documents like a letter of credit, custom clearance

PC29. identify cost-effective means of running the business

Record keeping

To be competent, the user/individual on the job must be able to:

PC30. identify various aspects of business that require recording

PC31. design formats for recording

PC32. compile various records of all aspects of the business

PC33. maintain these records with periodic updations

PC34. maintain necessary documents as per local government and regulatory requirements

PC35. reframe the procurement strategy according to local scenarios like weather conditions, transport strikes, affected prices, etc.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. interpersonal skills and communication with a cross-section of stakeholders

KU2. understanding of basics accounting so that he/she can monitor the transactions between company and vendor

KU3. knowledge of banking basics to keep the export process flawless

KU4. understanding of costing principles to calculate the cost of production with all the overheads and the actual price

KU5. product and craft knowledge including material and tools requirements

KU6. gathering market intelligence.

KU7. various transportation means and implications on costing

KU8. various product lines that can be created depending on the sector of operation

Qualification Pack

- KU9.** basic record-keeping techniques
- KU10.** basic laws, rules, regulations, etc. regarding business
- KU11.** vendor management and development
- KU12.** pricing techniques
- KU13.** business profitability assessment

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** analyse product range and keep abreast of market trends
- GS2.** document various aspects of the business
- GS3.** compile descriptions and details about investment, expenditures, and sales
- GS4.** interact with teams to work efficiently
- GS5.** communicate and manage vendors for cost-effective outsourcing and procurements
- GS6.** interface with fellow entrepreneurs to exchange ideas on the business
- GS7.** communicate with the customers for their feedback about the product
- GS8.** comprehend information shared by various stakeholders
- GS9.** plan and organize the product lines
- GS10.** fix the appropriate price.
- GS11.** hire employees with the appropriate skill set and experience
- GS12.** predict the profit margin to be achieved by the business
- GS13.** decide target segment of the market
- GS14.** schedule production cycles for better efficiency of resources
- GS15.** planning of production efficiency based on manpower and equipment available
- GS16.** schedule market visits for surveys and feedback
- GS17.** gather information on preference and taste of the customer
- GS18.** interact with various types of customers and understand the trends
- GS19.** analyze and solve conflicts and problems of the business.
- GS20.** ensure that the problems do not arise repeatedly.
- GS21.** anticipate various problems/challenges that can crop up
- GS22.** analyze the market for increasing sales
- GS23.** spot errors and any other disruptions and communicate with solutions

Qualification Pack

DGT/VSQ/N0101: Employability Skills (30 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

PC1. understand the significance of employability skills in meeting the job requirements

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

PC2. identify constitutional values, civic rights, duties, personal values and ethics and environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

PC3. explain 21st Century Skills such as Self-Awareness, Behavior Skills, Positive attitude, self-motivation, problem-solving, creative thinking, time management, social and cultural awareness, emotional awareness, continuous learning mindset etc.

Basic English Skills

To be competent, the user/individual on the job must be able to:

PC4. speak with others using some basic English phrases or sentences

Communication Skills

To be competent, the user/individual on the job must be able to:

PC5. follow good manners while communicating with others

PC6. work with others in a team

Qualification Pack

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

PC7. communicate and behave appropriately with all genders and PwD

PC8. report any issues related to sexual harassment

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

PC9. use various financial products and services safely and securely

PC10. calculate income, expenses, savings etc.

PC11. approach the concerned authorities for any exploitation as per legal rights and laws

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

PC12. operate digital devices and use its features and applications securely and safely

PC13. use internet and social media platforms securely and safely

Entrepreneurship

To be competent, the user/individual on the job must be able to:

PC14. identify and assess opportunities for potential business

PC15. identify sources for arranging money and associated financial and legal challenges

Customer Service

To be competent, the user/individual on the job must be able to:

PC16. identify different types of customers

PC17. identify customer needs and address them appropriately

PC18. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC19. create a basic biodata

PC20. search for suitable jobs and apply

PC21. identify and register apprenticeship opportunities as per requirement

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use basic spoken English language

KU6. Do and dont of effective communication

KU7. inclusivity and its importance

KU8. different types of disabilities and appropriate communication and behaviour towards PwD

KU9. different types of financial products and services

Qualification Pack

- KU10.** how to compute income and expenses
- KU11.** importance of maintaining safety and security in financial transactions
- KU12.** different legal rights and laws
- KU13.** how to operate digital devices and applications safely and securely
- KU14.** ways to identify business opportunities
- KU15.** types of customers and their needs
- KU16.** how to apply for a job and prepare for an interview
- KU17.** apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** communicate effectively using appropriate language
- GS2.** behave politely and appropriately with all
- GS3.** perform basic calculations
- GS4.** solve problems effectively
- GS5.** be careful and attentive at work
- GS6.** use time effectively
- GS7.** maintain hygiene and sanitisation to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Qualification Pack

Minimum Aggregate Passing % at QP Level : 50

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
