Qualification Pack

HCS/Q5101: Dyer (Rangsaaz) (Carpets)

Brief Job Description

The Dyer is a job role responsible for dyeing of yarn of various chemical origins like cotton, viscose, wool, silk to synthetic materials either with traditional methods with little automation to specially developed hank dyeing machines. The dyed materials are expected to match with standard shades for hue, tone as well as conform to requirements for desired level of fastness.

Personal Attributes

The dyer should be keen, vigilant, good eyesight, patient and investigative. He should be free from defects of colour vision. He should have keen interest on learnings

Applicable National Occupational Standards (NOS)

Compulsory NOS:

1. [HCS/N5101: Operating the weighing scale and weighing of dyes & chemicals](#)
2. [HCS/N5102: Dissolving & dispensing of dyes, chemicals & auxiliaries](#)
3. [HCS/N5103: Developing recipe for dyeing of textile materials](#)
4. [HCS/N9906: Maintaining work area, tools and machines](#)

HCS/N5101: Operating the weighing scale and weighing of dyes & chemicals

Description

This unit is about inventory of supervisory skills, knowledge, tools and techniques needed for execution of the task of planning, execution and proper implementation of plan so as to ensure tufted carpets are being produced with specified quality level and delivered as per schedule defined.

Scope

The scope covers the following :

- carrying out preparatory activities to weighing of dyes and chemicals
- activities related to weighing of Dyes & Chemical

Elements and Performance Criteria

Carrying out preparatory activities to weighing of dyes and chemicals

To be competent, the user/individual on the job must be able to:

- PC1.** understand the task mentioned in the job order received for dyeing.
- PC2.** understand msds (material safety data sheet) as applicable to dyes and chemicals.
- PC3.** use proper ppe like hand gloves and nose mask etc as applicable.
- PC4.** ensure the workplace is well lit and ventilated.
- PC5.** ensure weighing machine with correct resolution is used.
- PC6.** ensure that all weighing scale are calibrated and clean.
- PC7.** where mixers are used, ensure they are clean.
- PC8.** ensure suitable spoon/spatula is used for handling of dyes and chemicals.
- PC9.** check that previously mixed dyes / chemicals are dispensed and dyeing tank is clean.

Activities related to weighing of Dyes & Chemical

To be competent, the user/individual on the job must be able to:

- PC10.** check the zero setting of weighing balance.
- PC11.** read & understand the dyestuff and chemicals to be weighed.
- PC12.** use correct spoon, spatula and/or correct carrier to pick dyes & chemicals.
- PC13.** check the quantity of dyestuff to be weighed.
- PC14.** weigh all dyestuff separately.
- PC15.** weigh all the chemicals separately.
- PC16.** weigh the bigger quantity first & smaller in the last.
- PC17.** use non-sticky papers for weighing of dyes.
- PC18.** weigh smaller quantity (less than 20 gm) on precision balance.
- PC19.** clean the weighing pan after every use.
- PC20.** check and reconfirm the total weight.

Reporting and Recording of Inspection Results

Qualification Pack

To be competent, the user/individual on the job must be able to:

PC21. where applicable create batch for dyes and chemicals with suitable lot indication.

PC22. record details of batch in log book.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** general rules and regulations in a carpet processing section.
- KU2.** msds about dyes and chemicals.
- KU3.** safe working practices.
- KU4.** the process of dyeing and how it is affected by previous processes and how it affects subsequent processes.
- KU5.** basic knowledge about dyes, chemicals and substrates of dyeing.
- KU6.** understandings about a. types of fibres.b. types of yarn.c. yarn thickness, surface characteristics and texture.d. chemistry of dyes and chemicals.e. process parameters.f. machine parameters.g. dyeing cycle.h. types of dyeing defects and their remedy.i. fastness of dyes.j. measurement/estimation of dye fastness.k. tools and equipments used like spoon, coops, beaker, jar, flask, stirrer etc.l. precision and accuracy of weighing methods and weighing balance.m. control functions on equipment.
- KU7.** rinsing tank and process of injecting/dispensing chemicals and dyestuff solutions at intervals.
- KU8.** process flow in handmade carpet manufacturing processing sector.
- KU9.** importance of marking/coding/labelling etc followed at various process stages for identification and traceability.
- KU10.** importance of cleanliness at workplace.
- KU11.** explain difference between correctable and non-correctable dyeing faults.
- KU12.** acceptable solutions for specific faults identified/detected.
- KU13.** method to make use of the information detailed in specifications and work instructions.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** write instruction clearly and legibly.
- GS2.** prepare status and progress reports.
- GS3.** write memos and e-mail to customers, co-workers, and vendors to provide them with work updates and to request appropriate information without english language errors regarding grammar or sentence construct.
- GS4.** read and comprehend written instructions.
- GS5.** keep abreast with the latest knowledge by reading brochures, pamphlets, and product information sheets.
- GS6.** discuss task lists, schedules, and work-loads with co-workers.
- GS7.** keep co-workers and supervisors informed about progress.
- GS8.** communicate with supervisor appropriately.

Qualification Pack

- GS9.** make decisions pertaining to the concerned area of work.
- GS10.** plan and organize service feedback files/documents.
- GS11.** manage relationships with customers.
- GS12.** build customer relationships and use customer centric approach.
- GS13.** apply problem-solving approaches in different situations.
- GS14.** seek clarification on problems from others.
- GS15.** think through the problem, evaluate the possible solution(s) and suggest an optimum /best possible solution(s).
- GS16.** identify immediate or temporary solutions to resolve delays.
- GS17.** use the existing data to arrive at specific data points.
- GS18.** apply, analyze, and evaluate the information gathered from observation, experience, reasoning, or communication, as a guide to thought and action.
- GS19.** apply good attention to detail.
- GS20.** check work is complete and free from errors.

HCS/N5102: Dissolving & dispensing of dyes, chemicals & auxiliaries

Description

This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required to dissolve dyestuff, chemicals and dispensing the mixture to assist level dyeing.

Scope

The scope covers the following :

- Dissolving & Dispensing of Dyestuff and Chemicals

Elements and Performance Criteria

Dissolving & Dispensing of Dyestuff and Chemicals

To be competent, the user/individual on the job must be able to:

- PC1.** take a little amount of water with/without a small amount of wetting agent.
- PC2.** add first a small amount of dyestuff and make paste.
- PC3.** dilute with required amount of water and dilute while stirring continuously.
- PC4.** add amount of chemicals and auxiliaries and stir to mix well.
- PC5.** take the required quantity of water in tank.
- PC6.** heat it up to the specified mixing temp.
- PC7.** pour the solution prepared with weighed dyestuff, chemicals & auxiliaries slowly into the tank while stirring.
- PC8.** avoid dusting or splashing of dyes & chemicals while preparing solution.
- PC9.** dispense the solution of dissolved dyes with chemicals & auxiliaries to the machine tanks at regular intervals at defined installment.
- PC10.** flush the line after every dispensing.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** safe working practices and organizational procedures.
- KU2.** limits of your own responsibility.
- KU3.** ways of resolving problems within the work area.
- KU4.** the effect of the process of dissolution and dispensing on the whole process manufacturing processes.
- KU5.** the importance of effective communication with supervisors.
- KU6.** the approved lines of communication, authority and reporting procedures.
- KU7.** the organizations rules, codes and guidelines (including timekeeping).
- KU8.** the companys quality standards.
- KU9.** the importance of complying with written instructions.

Qualification Pack

- KU10.** role of wetting agent.
- KU11.** dyeing defects due poor dissolution and improper dispersion.
- KU12.** checking of proper dissolution of dyestuffs.
- KU13.** purpose of dispensing in installment.
- KU14.** process of dyeing.
- KU15.** understanding about:a. chemistry of colour.b. additive and subtractive colour mixture.
- KU16.** techniques and technology of dyeing of cellulosic, synthetic and proteinous materials.
- KU17.** safe working practices for house keeping.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** prepare status and progress reports.
- GS2.** write memos and e-mail to customers, co-workers, and vendors to provide them with work updates and to request appropriate information without english language errors regarding grammar or sentence construct.
- GS3.** keep abreast with the latest knowledge by reading brochures, pamphlets, and product information sheets.
- GS4.** discuss task lists, schedules, and work-loads with co-workers.
- GS5.** keep co-workers and supervisors informed about progress.
- GS6.** make decisions pertaining to the concerned area of work.
- GS7.** plan and manage work in line with company procedure and priority.
- GS8.** plan and organize service feedback files/documents.
- GS9.** manage relationships with customers.
- GS10.** build customer relationships and use customer centric approach.
- GS11.** think through the problem, evaluate the possible solution(s) and suggest an optimum /best possible solution(s).
- GS12.** identify immediate or temporary solutions to resolve delays.
- GS13.** use the existing data to arrive at specific data points.
- GS14.** apply, analyze, and evaluate the information gathered from observation, experience, reasoning, or communication, as a guide to thought and action.

HCS/N5103: Developing recipe for dyeing of textile materials

Description

This unit provides performance criteria, knowledge & understanding and skills & abilities required to develop dyeing recipe for dyeing of textile materials.

Scope

The scope covers the following :

- Developing Recipe for Dyeing

Elements and Performance Criteria

Developing Recipe for Dyeing

To be competent, the user/individual on the job must be able to:

- PC1.** can identify textiles materials for broad class of origins cellulosic, protein, synthetic.
- PC2.** can identify substantive dye class as per textile material class.
- PC3.** can identify dye class with suitable colour fastness and other parameters.
- PC4.** can describe techniques and technology of dyeing of different textile materials.
- PC5.** can identify hues and tones of coloured textile materials.
- PC6.** can dissolve dyes to prepare dye solution.
- PC7.** can define dyeing process cycle with complete steps of dyeing.
- PC8.** operate lab dip machine or suitable method for developing dyeing recipe.
- PC9.** store equipment safely after use.
- PC10.** maintain clean and hazard free working area.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** personal hygiene and duty of care.
- KU2.** safe working practices and organizational procedures.
- KU3.** ways of resolving conflicts/problems within the work area.
- KU4.** the production process and the specific work activities that relate to the whole process.
- KU5.** organizations rules, codes and guidelines (including timekeeping).
- KU6.** the companys quality standards.
- KU7.** importance of complying with written instructions.
- KU8.** chemistry of dye class and affinity.
- KU9.** chemistry of various textile materials.
- KU10.** msds of dyes and chemicals.
- KU11.** water quality parameters like tds, tss, ph, etc.

Qualification Pack

- KU12.** effect of mlr on overall dyeing process.
- KU13.** physical and chemicals parameters affecting process of dyeing.
- KU14.** monitoring and control of parameters.
- KU15.** dyeing programme and dyeing cycle.
- KU16.** techniques and purpose of rinsing, washing etc.
- KU17.** fastness of dyes e.g. washing, rubbing, light etc.
- KU18.** measurement of colour fastness.
- KU19.** operation and control of hank dyeing machine.
- KU20.** work instructions related to dyeing and ability to interpret them accurately.
- KU21.** relation between work role and the overall manufacturing process.
- KU22.** hazards likely to be encountered when carrying the process.
- KU23.** safe working practices.
- KU24.** common faults with equipment and the method to rectify.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** prepare status and progress reports.
- GS2.** write memos and e-mail to customers, co-workers, and vendors to provide them with work updates and to request appropriate information without english language errors regarding grammar or sentence construct.

HCS/N9906: Maintaining work area, tools and machines

Description

This unit provides performance criteria, knowledge, understanding, skills and abilities required to organize/maintain work areas and activities to ensure the maintenance of tools and machines as per norms.

Elements and Performance Criteria

Maintain the work area, tools and machines

To be competent, the user/individual on the job must be able to:

- PC1.** handle materials, tools and equipment with care and use them in correct way
- PC2.** Use correct and handling procedures
- PC3.** Maintain clean and hazard free working area
- PC4.** Carry out running maintenance within agreed schedules
- PC5.** Carry out maintenance and/or cleaning within ones responsibility
- PC6.** Report unsafe equipment and other dangerous occurrences
- PC7.** Use clean equipment and methods appropriate for the work to be carried out
- PC8.** Dispose of waste safely in the designated location
- PC9.** Store equipment safely after use

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Personal hygiene and duty of care
- KU2.** Safe working practices and organizational procedures
- KU3.** Ways of resolving conflicts/problems within the work area
- KU4.** The design process and the specific work activities that relate to the process
- KU5.** Organizations rules, codes and guidelines
- KU6.** The companys quality standards
- KU7.** Importance of complying with written instructions
- KU8.** Work instructions and ability to interpret them accurately
- KU9.** Relation between work role and the overall manufacturing process
- KU10.** Hazards likely to be encountered when carrying out the maintenance process
- KU11.** Maintenance procedures
- KU12.** Importance of running maintenance and regular cleaning
- KU13.** Safe working practices for maintenance
- KU14.** The importance of taking action when problems are identified
- KU15.** Effects of contamination on products
- KU16.** Common faults with equipment and the method to rectify

HCS/N9901: Coordinate with colleagues and work as a team

Description

This NOS describes the communication and coordination skills and knowledge to work with colleagues and supervisor to achieve a smooth and hazard-free workflow.

Scope

The scope covers the following :

- interact with supervisor or superior
- work as a team by coordinating with colleagues within and outside the department and include inputs on PwD & Gender Sensitisation
- report and Document

Elements and Performance Criteria

Interact with supervisor or superior

To be competent, the user/individual on the job must be able to:

- PC1.** comply with health, safety gender, and PwD (People with disability) related instructions applicable to the workplace
- PC2.** actively participate in mock drills/ evacuation procedures; group discussions, training sensitization programs for gender, and PwD awareness organized at the workplace.
- PC3.** receive job orders and instructions from reporting supervisor and receive feedback on work standards.
- PC4.** understand the work output requirements, targets, performance indicators and incentives.
- PC5.** deliver quality work on time and report any anticipated reasons for delays and handover completed work to supervisor
- PC6.** report on any grievances, production defects and any potential hazards.

Work as a team by coordinating with colleagues within and outside the department and include inputs on PwD & Gender Sensitisation

To be competent, the user/individual on the job must be able to:

- PC7.** communicate maintenance and repair schedule proactively to the supervisor
- PC8.** interact and clarify doubts on design, usage of materials & tools, quality & standards compliance, etc.

Report and Document

To be competent, the user/individual on the job must be able to:

- PC9.** report in time for shortage or need of raw materials
- PC10.** communicate with colleagues from within and other departments, clearly and effectively on all aspects to carry out the work among the team
- PC11.** maintain the etiquette, use polite language, demonstrate responsible and disciplined behavior towards colleagues.
- PC12.** put team over individual goals and multi-task or share work where necessary supporting the colleagues.

Qualification Pack

PC13. document all the details accurately relating to ones role as required.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** knowledge about the importance of gender equality being followed in the organization and policies for reporting any harassment or inappropriate behavior
- KU2.** knowledge about how to accommodate employees with disabilities etiquette to adhere to and proper language and terminology
- KU3.** knowledge about how to communicate, offer help, respecting space, parking etc. for people with disabilities or special needs
- KU4.** knowledge about promoting a safe, accessible and healthy workplace for disabled employees
- KU5.** company's policies on preferred language of communication, incentives, quality standards, personnel management, reporting and escalation matrix policy.
- KU6.** company's standard operating procedure (sop) and the risk and impact of not following them.
- KU7.** procedures for working with colleagues, his/her role and responsibilities in relation to this
- KU8.** organizational hierarchy and the line of reporting structure and work target and review mechanism
- KU9.** procedures to report employment related issues and to deal with conflicts
- KU10.** importance of the individuals role in the organizational workflow and details of the individual responsibilities
- KU11.** tools and equipment handling procedure and common potential hazards in the work place and the procedures to deal with them
- KU12.** effective communication with various categories of people and the different departments in the organization
- KU13.** to document the job activity as required like the check sheets, history sheets, etc
- KU14.** expressing and addressing grievances appropriately, deal with difficult work relationships and manage the internal conflicts effectively

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** create a positive and inclusive workplace atmosphere without any kind of bias/discrimination towards any employee
- GS2.** actively take part in any discussion/workshop organized for gender sensitization training
- GS3.** read and comprehend written instructions related to gender equality issues in the organization
- GS4.** identify and report any harassment or inappropriate behavior towards any employee
- GS5.** create a positive and inclusive workplace atmosphere without any kind of bias/discrimination towards any employee with disability or special needs
- GS6.** actively take part in any discussion/workshop organized for disability sensitization training.

Qualification Pack

HCS/N9913: Maintain health, safety and security at workplace

Description

This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required to comply with health, safety and security requirements at the workplace and covers procedures to prevent, control and minimise risk to self and others.

Elements and Performance Criteria

Comply with health, safety and security requirements at work

To be competent, the user/individual on the job must be able to:

- PC1.** Comply with health and safety related instructions applicable to the workplace.
- PC2.** Use and maintain personal protective equipment as per protocol.
- PC3.** Carry out own activities in line with approved guidelines and procedures.
- PC4.** Maintain a healthy lifestyle and guard against dependency on intoxicants.
- PC5.** Follow environment management system related procedures.
- PC6.** Store materials and tools in line with manufacturers and organisational requirements.
- PC7.** Safely handle and move waste and debris.
- PC8.** Minimize health and safety risks to self and others due to own actions.
- PC9.** Seek clarifications, from supervisors or other authorized personnel in case of perceived risks.
- PC10.** Monitor the workplace and work processes for potential risks and threats.
- PC11.** Carry out periodic walk-through to keep work area free from hazards and obstructions, if assigned.
- PC12.** Report hazards and potential risks/ threats to supervisors or other authorized personnel.
- PC13.** Participate in mock drills/ evacuation procedures organized at the workplace.
- PC14.** Undertake first aid, fire-fighting and emergency response training, if asked to do so.
- PC15.** Take action based on instructions in the event of fire, emergencies or accidents.
- PC16.** Follow organisation procedures for evacuation when required.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Health and safety related practices applicable at the workplace.
- KU2.** Potential hazards, risks and threats based on nature of operations.
- KU3.** Organizational procedures for safe handling of tools.
- KU4.** Potential risks due to own actions and methods to minimize these.
- KU5.** Environmental management system related procedures at the workplace.
- KU6.** Layout of the plant and details of emergency exits, escape routes, emergency equipment and assembly points.
- KU7.** Potential accidents and emergencies and response to these scenarios.

Qualification Pack

- KU8.** Reporting protocol and documentation required.
- KU9.** Details of personnel trained in first aid, fire-fighting and emergency response.
- KU10.** Actions to take in the event of a mock drills/ evacuation procedures or actual accident, emergency or fire.
- KU11.** Occupational health and safety risks and methods.
- KU12.** Personal protective equipment and method of use.
- KU13.** Identification, handling and storage of hazardous substances.
- KU14.** Proper disposal system for waste and by-products.
- KU15.** Signage related to health and safety and their meaning.
- KU16.** Importance of sound health, hygiene and good habits.
- KU17.** Ill-effects of alcohol, tobacco and drugs.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Write in local language.
- GS2.** Read measurement instructions.
- GS3.** Communicate orally with colleagues.
- GS4.** Follow organization rule-based decision making process.
- GS5.** Take decision with systematic course of actions and/or response.
- GS6.** Plan and organize your work to achieve targets and deadlines.
- GS7.** Manage relationships with customers.
- GS8.** Build customer relationships and use customer centric approach.
- GS9.** Think through the problem, evaluate the possible solution(s) and suggest an optimum /best possible solution(s).
- GS10.** Identify immediate or temporary solutions to resolve delays.
- GS11.** Analyze data and activities.
- GS12.** Pass on relevant information to others.
- GS13.** Apply, analyze, and evaluate the information gathered from observation, experience, reasoning, or communication, as a guide to thought and action.

Qualification Pack

DGT/VSQ/N0102: Employability Skills (60 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Career Development & Goal Setting
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** identify employability skills required for jobs in various industries
- PC2.** identify and explore learning and employability portals

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

- PC3.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. and personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC4.** follow environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC5.** recognize the significance of 21st Century Skills for employment
- PC6.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life

Basic English Skills

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC7.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC8.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC9.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC10.** understand the difference between job and career
- PC11.** prepare a career development plan with short- and long-term goals, based on aptitude

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC12.** follow verbal and non-verbal communication etiquette and active listening techniques in various settings
- PC13.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC14.** communicate and behave appropriately with all genders and PwD
- PC15.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC16.** select financial institutions, products and services as per requirement
- PC17.** carry out offline and online financial transactions, safely and securely
- PC18.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC19.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC20.** operate digital devices and carry out basic internet operations securely and safely
- PC21.** use e- mail and social media platforms and virtual collaboration tools to work effectively
- PC22.** use basic features of word processor, spreadsheets, and presentations

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC23.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC24.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC25.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC26.** identify different types of customers
- PC27.** identify and respond to customer requests and needs in a professional manner.

Qualification Pack

PC28. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC29. create a professional Curriculum vitae (Résumé)

PC30. search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively

PC31. apply to identified job openings using offline /online methods as per requirement

PC32. answer questions politely, with clarity and confidence, during recruitment and selection

PC33. identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills and different learning and employability related portals

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up

KU6. importance of career development and setting long- and short-term goals

KU7. about effective communication

KU8. POSH Act

KU9. Gender sensitivity and inclusivity

KU10. different types of financial institutes, products, and services

KU11. how to compute income and expenditure

KU12. importance of maintaining safety and security in offline and online financial transactions

KU13. different legal rights and laws

KU14. different types of digital devices and the procedure to operate them safely and securely

KU15. how to create and operate an e- mail account and use applications such as word processors, spreadsheets etc.

KU16. how to identify business opportunities

KU17. types and needs of customers

KU18. how to apply for a job and prepare for an interview

KU19. apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. read and write different types of documents/instructions/correspondence

GS2. communicate effectively using appropriate language in formal and informal settings

Qualification Pack

- GS3.** behave politely and appropriately with all
- GS4.** how to work in a virtual mode
- GS5.** perform calculations efficiently
- GS6.** solve problems effectively
- GS7.** pay attention to details
- GS8.** manage time efficiently
- GS9.** maintain hygiene and sanitization to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Qualification Pack

Minimum Aggregate Passing % at QP Level : 50

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.

Qualification Pack

National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.
Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
