HCS/N5416: Understanding of Basic Activities involved in final finishing of carpet

Description

This OS unit is about the understanding of basic activities involved in finishing of the carpet.

Scope

The scope covers the following :

- application of third backing cloth and tape to strengthen and decorate the edges ensure 100% compliance and adherence to quality standards
- coordinate with other team members

Elements and Performance Criteria

Application of Third backing cloth and tape to strengthen third backing cloth

To be competent, the user/individual on the job must be able to:

- PC1.** assemble the necessary raw material in appropriate quantity
- PC2.** applies third backing cloth at the back of the tufted carpet
- PC3.** ensure that third backing cloth is properly stretched from all ends
- PC4.** ensure that third backing cloth sticks to latex which is applied on the back side of the carpet., from all ends
- PC5.** ensure that third backing cloth is not torn from anywhere
- PC6.** ensure the cloth is of prescribed quality to ensure strength and durability
- PC7.** use backing cloth of different colors as per the buyers requirements
- PC8.** ensures the edges are adequate and cleanly latex and fasten to prevent from fraying
- PC9.** fix the strip from all ends properly
- PC10.** ensure strip covers all the four ends on the third backing cloth
- PC11.** cut the ends properly for proper finishing
- PC12.** set aside the raw material for further usage
- PC13.** return the raw materials back to store on time
- PC14.** ensure third backing and carpet is free from any stains

Ensure quality and productivity standards

To be competent, the user/individual on the job must be able to:

- PC15.** visually examine the raw materials
- PC16.** achieve targets as set by the supervisors
- PC17.** ensure no quality flaws as this is the final stage in tufted carpet manufacturing
- PC18.** inform in advance in case of any anticipated faults
- PC19.** ensure availability of raw materials and coordinate with stores on inventory update

Coordination with other team members

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC20.** coordinate with other team members and communicate properly to undertake the tasks effectively
- PC21.** work as a team and multi-task in case of high volumes
- PC22.** deliver quality work and report in case of any anticipated reasons of delay
- PC23.** understand the target for the day and demonstrate ability to work under pressure
- PC24.** interact and clarify doubts on design, usage of materials & tools, quality standard and compliance, etc.
- PC25.** maintain good behavior at the workplace, avoid disputes and demonstrate responsible and disciplined behavior

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** relevant, nature of business, standards, policies, and procedures followed in the company
- KU2.** understanding of firms client base and exports market
- KU3.** company policies related to personnel management, reporting and escalation matrix policy
- KU4.** work flow in the companys operations and sequence of operations
- KU5.** role and importance of finishing especially while managing large orders and high volumes of same design
- KU6.** documentation and standard operating procedures
- KU7.** ability to work in different climatic conditions
- KU8.** basic functionality involves the application of third backing cloth and tape
- KU9.** understanding of the value chain and assembly line
- KU10.** estimation of height and width for symmetrical adjustments
- KU11.** excellent grip on the cloth and ability to use it diligently with good eye-sight
- KU12.** effective communication with supervisors and other colleagues

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** record keeping of third backing cloth ordered through stores
- GS2.** maintain track of inventory and report timely in case of shortage
- GS3.** read job sheets, other information shown by supervisors
- GS4.** discuss task lists, schedules and carpets finished in a day
- GS5.** discuss on the priority areas for fast delivery or time bound delivery
- GS6.** give clear instructions to people within the assembly line
- GS7.** avoid using jargon, slang or acronyms when communicating with a customer, unless it is required
- GS8.** make decisions pertaining to the concerned area of work
- GS9.** plan and organize tasks to be done during a day
- GS10.** build customer relationships and use customer centric approach

Qualification Pack

- GS11.** think through the problem, evaluate the possible solution(s) and suggest an optimum /best possible solution(s)
- GS12.** identify immediate or temporary solutions to resolve delays
- GS13.** use the existing data to arrive at specific data points
- GS14.** use the existing data points for improving the current method of application of third backing cloth and tape
- GS15.** use the existing data points to generate required reports for business
- GS16.** apply, analyze, and evaluate the information gathered from observation, experience, reasoning, or communication, as a guide to thought and action

HCS/N5417: Entrepreneurship skills for Carpet finisher

Description

This unit specializes in performing the final stages of carpet production, ensuring quality, finishing, and preparing the product for sale. The role requires a combination of technical expertise, artistic skills, and entrepreneurial capabilities to manage the business aspects of carpet finishing.

Scope

The scope covers the following :

- Business Planning and Strategy
- Financial Management
- Quality Assurance and Innovation
- Marketing and Sales Strategy
- Legal and Regulatory Compliance

Elements and Performance Criteria

Business Planning and Strategy

To be competent, the user/individual on the job must be able to:

- PC1.** Develop a detailed business plan, outlining objectives, market analysis, product offerings, target customers, pricing strategy, and operational goals.
- PC2.** Create short-term and long-term strategies for business growth, including market expansion and product diversification.
- PC3.** Identify and exploit market opportunities for custom-designed or niche carpets, including eco-friendly or luxury carpets.
- PC4.** Develop contingency plans and maintain financial reserves to manage potential risks and operational challenges.

Financial Management

To be competent, the user/individual on the job must be able to:

- PC5.** Set up effective budgeting and financial control systems to monitor production costs, overheads, and revenue.
- PC6.** Establish pricing strategies that balance affordability, quality, and profitability, taking into account production costs and market competition.

Quality Assurance and Innovation

To be competent, the user/individual on the job must be able to:

- PC7.** Ensure that the carpet finishing process maintains high-quality standards by paying attention to design precision, material selection, and final detailing.
- PC8.** Innovate in finishing techniques to differentiate products from competitors and appeal to evolving consumer tastes.

Marketing and Sales Strategy:

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC9.** Develop and implement marketing strategies to promote finished carpets, including digital marketing, social media promotion, and participation in trade fairs or exhibitions.
- PC10.** Identify target markets, both domestic and international, and develop sales channels, such as online platforms, retail partnerships, and interior designers.
- PC11.** Build strong relationships with clients through personalized services, consistent communication, and quality delivery.
- PC12.** Provide post-sale support, handle customer feedback, and address complaints to ensure long-term customer satisfaction and retention.

Legal and Regulatory Compliance

To be competent, the user/individual on the job must be able to:

- PC13.** Comply with legal requirements, including business registration, tax obligations, intellectual property rights for custom designs, and environmental regulations related to carpet finishing.
- PC14.** Stay informed about new regulations in the carpet industry, especially regarding sustainability and ethical production practices.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Knowledge of the global and local carpet industry, including current trends, market demands, and competition.
- KU2.** Understanding of various finishing techniques such as edge binding, carving, shearing, and the use of finishing chemicals.
- KU3.** Awareness of quality standards and guidelines to ensure product durability, appearance, and appeal.
- KU4.** Knowledge of business planning, including the structure of a business plan and components such as product lines, marketing, financial forecasts, and growth strategies.
- KU5.** Financial literacy, including pricing strategies, profit margin analysis, and cost management.
- KU6.** Familiarity with sales and distribution channels for carpets, including online platforms, retail stores, and partnerships with designers and wholesalers.
- KU7.** Marketing strategies to promote finished carpets, such as digital marketing, influencer collaborations, and trade fair participation.
- KU8.** Customer relationship management techniques, including post-sales service, grievance handling, and feedback collection for product improvement.
- KU9.** Awareness of legal and regulatory requirements, including business registration, taxation, and intellectual property rights.
- KU10.** Understanding of environmental sustainability in carpet finishing, including eco-friendly materials and processes.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Problem-solving and decision-making skills to address production or client challenges.

Qualification Pack

- GS2.** Communication skills to clearly present product information and business proposals to clients and stakeholders.
- GS3.** Digital literacy to promote products online, manage inventory, and conduct digital marketing.
- GS4.** Financial management skills, including budget creation, cost tracking, and revenue forecasting.
- GS5.** Ability to work collaboratively with teams or external partners to deliver quality products and services.
- GS6.** Strong organizational skills to manage multiple tasks, such as production, client interaction, and business operations.
- GS7.** Critical thinking to evaluate market trends and apply them to business opportunities.
- GS8.** Negotiation skills to secure favorable deals with suppliers, distributors, and clients.
- GS9.** Time management to ensure that production schedules are met without compromising quality.
- GS10.** Attention to detail in finishing carpets, ensuring that final products meet design and quality standards.

HCS/N9901: Coordinate with colleagues and work as a team

Description

This NOS describes the communication and coordination skills and knowledge to work with colleagues and supervisor to achieve a smooth and hazard-free workflow.

Scope

The scope covers the following :

- interact with supervisor or superior
- work as a team by coordinating with colleagues within and outside the department and include inputs on PwD & Gender Sensitisation
- report and Document

Elements and Performance Criteria

Interact with supervisor or superior

To be competent, the user/individual on the job must be able to:

- PC1.** comply with health, safety gender, and PwD (People with disability) related instructions applicable to the workplace
- PC2.** actively participate in mock drills/ evacuation procedures; group discussions, training sensitization programs for gender, and PwD awareness organized at the workplace.
- PC3.** receive job orders and instructions from reporting supervisor and receive feedback on work standards.
- PC4.** understand the work output requirements, targets, performance indicators and incentives.
- PC5.** deliver quality work on time and report any anticipated reasons for delays and handover completed work to supervisor
- PC6.** report on any grievances, production defects and any potential hazards.

Work as a team by coordinating with colleagues within and outside the department and include inputs on PwD & Gender Sensitisation

To be competent, the user/individual on the job must be able to:

- PC7.** communicate maintenance and repair schedule proactively to the supervisor
- PC8.** interact and clarify doubts on design, usage of materials & tools, quality & standards compliance, etc.

Report and Document

To be competent, the user/individual on the job must be able to:

- PC9.** report in time for shortage or need of raw materials
- PC10.** communicate with colleagues from within and other departments, clearly and effectively on all aspects to carry out the work among the team
- PC11.** maintain the etiquette, use polite language, demonstrate responsible and disciplined behavior towards colleagues.
- PC12.** put team over individual goals and multi-task or share work where necessary supporting the colleagues.

Qualification Pack

PC13. document all the details accurately relating to ones role as required.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** knowledge about the importance of gender equality being followed in the organization and policies for reporting any harassment or inappropriate behavior
- KU2.** knowledge about how to accommodate employees with disabilities etiquette to adhere to and proper language and terminology
- KU3.** knowledge about how to communicate, offer help, respecting space, parking etc. for people with disabilities or special needs
- KU4.** knowledge about promoting a safe, accessible and healthy workplace for disabled employees
- KU5.** company's policies on preferred language of communication, incentives, quality standards, personnel management, reporting and escalation matrix policy.
- KU6.** company's standard operating procedure (sop) and the risk and impact of not following them.
- KU7.** procedures for working with colleagues, his/her role and responsibilities in relation to this
- KU8.** organizational hierarchy and the line of reporting structure and work target and review mechanism
- KU9.** procedures to report employment related issues and to deal with conflicts
- KU10.** importance of the individuals role in the organizational workflow and details of the individual responsibilities
- KU11.** tools and equipment handling procedure and common potential hazards in the work place and the procedures to deal with them
- KU12.** effective communication with various categories of people and the different departments in the organization
- KU13.** to document the job activity as required like the check sheets, history sheets, etc
- KU14.** expressing and addressing grievances appropriately, deal with difficult work relationships and manage the internal conflicts effectively

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** create a positive and inclusive workplace atmosphere without any kind of bias/discrimination towards any employee
- GS2.** actively take part in any discussion/workshop organized for gender sensitization training
- GS3.** read and comprehend written instructions related to gender equality issues in the organization
- GS4.** identify and report any harassment or inappropriate behavior towards any employee
- GS5.** create a positive and inclusive workplace atmosphere without any kind of bias/discrimination towards any employee with disability or special needs
- GS6.** actively take part in any discussion/workshop organized for disability sensitization training.

Qualification Pack

- GS7.** read and comprehend written instructions related to equality issues in the organization related to disabled persons
- GS8.** read job sheets, design sheet and information displayed at the workplace
- GS9.** read and understand manuals, health and safety instructions, memos etc
- GS10.** fill up documentation to ones role
- GS11.** communicate effectively with supervisor
- GS12.** contribute to quality of team work and achieve smooth workflow
- GS13.** improve work processes by interacting with others and adopting best practices

HCS/N9913: Maintain health, safety and security at workplace

Description

This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required to comply with health, safety and security requirements at the workplace and covers procedures to prevent, control and minimise risk to self and others.

Elements and Performance Criteria

Comply with health, safety and security requirements at work

To be competent, the user/individual on the job must be able to:

- PC1.** Comply with health and safety related instructions applicable to the workplace.
- PC2.** Use and maintain personal protective equipment as per protocol.
- PC3.** Carry out own activities in line with approved guidelines and procedures.
- PC4.** Maintain a healthy lifestyle and guard against dependency on intoxicants.
- PC5.** Follow environment management system related procedures.
- PC6.** Store materials and tools in line with manufacturers and organisational requirements.
- PC7.** Safely handle and move waste and debris.
- PC8.** Minimize health and safety risks to self and others due to own actions.
- PC9.** Seek clarifications, from supervisors or other authorized personnel in case of perceived risks.
- PC10.** Monitor the workplace and work processes for potential risks and threats.
- PC11.** Carry out periodic walk-through to keep work area free from hazards and obstructions, if assigned.
- PC12.** Report hazards and potential risks/ threats to supervisors or other authorized personnel.
- PC13.** Participate in mock drills/ evacuation procedures organized at the workplace.
- PC14.** Undertake first aid, fire-fighting and emergency response training, if asked to do so.
- PC15.** Take action based on instructions in the event of fire, emergencies or accidents.
- PC16.** Follow organisation procedures for evacuation when required.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Health and safety related practices applicable at the workplace.
- KU2.** Potential hazards, risks and threats based on nature of operations.
- KU3.** Organizational procedures for safe handling of tools.
- KU4.** Potential risks due to own actions and methods to minimize these.
- KU5.** Environmental management system related procedures at the workplace.
- KU6.** Layout of the plant and details of emergency exits, escape routes, emergency equipment and assembly points.
- KU7.** Potential accidents and emergencies and response to these scenarios.

Qualification Pack

- KU8.** Reporting protocol and documentation required.
- KU9.** Details of personnel trained in first aid, fire-fighting and emergency response.
- KU10.** Actions to take in the event of a mock drills/ evacuation procedures or actual accident, emergency or fire.
- KU11.** Occupational health and safety risks and methods.
- KU12.** Personal protective equipment and method of use.
- KU13.** Identification, handling and storage of hazardous substances.
- KU14.** Proper disposal system for waste and by-products.
- KU15.** Signage related to health and safety and their meaning.
- KU16.** Importance of sound health, hygiene and good habits.
- KU17.** Ill-effects of alcohol, tobacco and drugs.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Write in local language.
- GS2.** Read measurement instructions.
- GS3.** Communicate orally with colleagues.
- GS4.** Follow organization rule-based decision making process.
- GS5.** Take decision with systematic course of actions and/or response.
- GS6.** Plan and organize your work to achieve targets and deadlines.
- GS7.** Manage relationships with customers.
- GS8.** Build customer relationships and use customer centric approach.
- GS9.** Think through the problem, evaluate the possible solution(s) and suggest an optimum /best possible solution(s).
- GS10.** Identify immediate or temporary solutions to resolve delays.
- GS11.** Analyze data and activities.
- GS12.** Pass on relevant information to others.
- GS13.** Apply, analyze, and evaluate the information gathered from observation, experience, reasoning, or communication, as a guide to thought and action.

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Qualification Pack

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Minimum Passing % at NOS Level: 50

(Please note: A Trainee must score the minimum percentage for each NOS separately as well as on the QP as a whole.)

Assessment Weightage

Compulsory NOS

National Occupational Standards	Theory Marks	Practical Marks	Project Marks	Viva Marks	Total Marks	Weightage

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
