HCS/N5601: Understanding of quality parameters and perform quality checks

Description

This OS unit is about understanding of necessary quality parameters that are defined for quality checking.

Scope

The scope covers the following :

- discuss on quality check parameters with management
- perform quality checks and suggest solution
- report issues to the management
- present the work done by workers and provide feedback
- develop and maintain quality procedures and checklist and share with the production managers and field supervisors

Elements and Performance Criteria

Discuss on quality check parameters with management / QC Head

To be competent, the user/individual on the job must be able to:

- PC1.** communicate with management / qc head on various quality parameters.
- PC2.** understand the rationale behind the defined parameters.
- PC3.** relate the stage of production which is associated with the parameter.
- PC4.** discuss the parameters with the quality team.
- PC5.** clarify any doubts with management / qc head.
- PC6.** provide suggestions on various quality criteria wherever required.
- PC7.** highlight any discrepancy if observed due to changes in the process.
- PC8.** identify what aids must be used for checking.
- PC9.** know the precise manner of examining the carpet.
- PC10.** communicate within the team and workers.

Perform quality checks and suggest solutions

To be competent, the user/individual on the job must be able to:

- PC11.** perform quality checks keeping the various stages of carpet manufacturing.

Qualification Pack

PC12. conduct checks on critical areas which could hamper the final output. some of these quality checks are as follows: a. dyeing: checks if there are any uneven or patchy stains on the carpet, wool not dyed as per design map etc. b. washing: checks whether the carpet is washed properly with appropriate chemicals, color fade etc. c. weaving: ensure that there is no uneven pile cutting, no broken threads, wrong weaving design, holes other than weaving pattern etc. d. latexing and third-backing: ensure that latex is dried properly, tufted withdrawal force is adequate, there are no defects in third backing, proper pasting of nevaar etc. e. binding: ensure the carpet is stitched properly from all ends. f. embossing: ensure that design is appearing over the yarn pile and is visible properly; yarn is not overlapping the design etc. g. finishing: ensure that carpet is sheared and trimmed properly, there are no dusts or any metal or spools on the carpet, it is not torn from anywhere, colors are matching in terms of their finish, the final product is matching with the buyers requirements. h. packing: ensure that labelling is done, color codes are marked, bar codes are there, carpet is cleaned and properly rolled etc.

PC13. suggest solutions at every stage where the defects are found.

PC14. ensures that end product is free from any defect.

PC15. provides final approval and sign on the clearance receipt.

Report issues to the management

To be competent, the user/individual on the job must be able to:

PC16. informs management on some anticipated delays on account of quality.

PC17. explain clearly the reason for delays and corrective action taken to expedite.

PC18. communicate tentative timelines by when the defect shall be addressed.

PC19. seek management views and advise.

PC20. demonstrate ownership and responsibility.

Present the work done by workers and provide feedback

To be competent, the user/individual on the job must be able to:

PC21. identify the area of concern at particular stage(s).

PC22. discuss with the worker engaged for undertaking that specific activity.

PC23. give feedback on the quality of work.

PC24. discuss on the corrective measures with the worker.

PC25. discuss with the field supervisor (if applicable).

PC26. discuss timelines by when the corrective measures can be implemented.

PC27. understand technical gaps with the worker for performing a particular task.

Develop and maintain quality procedures and checklist and share with the production managers and field supervisors

To be competent, the user/individual on the job must be able to:

PC28. determine standards operating procedures, checklists etc and discuss with management / quality head.

PC29. share the checklists / manuals with the production managers, field supervisors and workers.

PC30. suggest process improvements methods and techniques based on past learning or experiences.

PC31. document each and every check-point minutely and comprehensively.

PC32. ensure complete adherence to the process.

Qualification Pack

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** organizational policies related to quality compliance.
- KU2.** organization structure and escalation matrix.
- KU3.** policies and procedures for conducting quality checks.
- KU4.** quality assurance methods approved by the company.
- KU5.** format of presenting the information captured during quality checks.
- KU6.** importance of inspection.
- KU7.** techniques of carpet inspection.
- KU8.** understanding of value chain in the carpet manufacturing process.
- KU9.** various stages of production.
- KU10.** quality checklists.
- KU11.** analysis of repeated issues during quality checking.
- KU12.** tools and techniques used in the quality process.
- KU13.** good vision and experience for colors and aesthetics.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** prepare status and progress reports.
- GS2.** write memos and e-mail to customers, co-workers, and vendors to provide them with work updates and to request appropriate information without english language errors regarding grammar or sentence construct.
- GS3.** keep abreast with the latest knowledge by reading brochures, pamphlets, and product information sheets.
- GS4.** discuss task lists, schedules, and work-loads with co-workers.
- GS5.** keep co-workers and supervisors informed about progress.
- GS6.** make decisions on a suitable course of action.
- GS7.** plan and work in an effective and balanced manner.
- GS8.** plan work assigned on a daily basis and provide estimates of time required for each piece of work.
- GS9.** build customer relationships and use customer centric approach.
- GS10.** think through the problem, evaluate the possible solution(s) and suggest an optimum /best possible solution(s).
- GS11.** use effective problem solution techniques depending on the rating and context of the problem.
- GS12.** use the existing data to arrive at specific data points.
- GS13.** use the existing data points for improving current systems and processes.
- GS14.** use the existing data points to make revisions and improvisations in the quality data checklists.

Qualification Pack

- GS15.** apply, analyze, and evaluate the information gathered from observation, experience, reasoning, or communication, as a guide to thought and action.

HCS/N5602: Understanding of the value chain involved in carpet manufacturing

Description

This OS unit is about understanding of value chain involved and basic business management of the carpet manufacturing sector.

Scope

The scope covers the following :

- basic understanding of value chain
- coordination with other team members

Elements and Performance Criteria

Basic understanding of value chain

To be competent, the user/individual on the job must be able to:

- PC1.** basic understanding about the value chain right from procurement of raw materials till the final inspection and dispatch.
- PC2.** understanding the importance of role of quality inspection in the carpet manufacturing process.
- PC3.** understanding the impact and importance of various processes involved in the carpet manufacturing process (put this in qualification also).
- PC4.** manage the work pressure in case of high volumes.
- PC5.** create a back-up and train other individual to meet contingencies.
- PC6.** resolve queries of supervisor and manage expectations.

Coordination with other team members

To be competent, the user/individual on the job must be able to:

- PC7.** receive orders and instructions from supervisors.
- PC8.** manage and train other people in the assembly line.
- PC9.** interact and clarify doubts.
- PC10.** adhere to instructions given by supervisor.
- PC11.** help other people and provide active support in their tasks.
- PC12.** obtain regular feedback from supervisors.
- PC13.** communicate clearly and effectively with other team members, supervisors for effective delivery of work.
- PC14.** maintain etiquettes, politeness and demonstrate responsible and disciplined behaviour to other team members.
- PC15.** resolve conflicts for smooth workflow.
- PC16.** work harmoniously with other colleagues, coordinate and cooperate and support each other on their performance goals.

Qualification Pack

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** knowledge about the organization and its nature of business.
- KU2.** knowledge about the target customers.
- KU3.** understand the impact of Final quality check in carpet manufacturing process
- KU4.** understand the impact on company's reputation attached with this particular job role.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** read the specific instructions provided by the supervisor.
- GS2.** read company's brochures, annual reports for better understanding about the organization.
- GS3.** discuss with supervisors and senior leadership about the company's growth.
- GS4.** listen to the supervisor instructions and follow carefully.
- GS5.** communicate properly and effectively with seniors and other members of the team.
- GS6.** make decisions pertaining to the concerned area of work.
- GS7.** plan and organize tasks to be done during a day.
- GS8.** build customer relationships and use customer centric approach.
- GS9.** think through the problem, evaluate the possible solution(s) and suggest an optimum /best possible solution(s).
- GS10.** identify immediate or temporary solutions to resolve delays.
- GS11.** use the existing data to arrive at specific data points.
- GS12.** use the existing data points to generate required reports for business.
- GS13.** apply, analyze, and evaluate the information gathered from observation, experience, reasoning, or communication, as a guide to thought and action.

HCS/N9901: Coordinate with colleagues and work as a team

Description

This NOS describes the communication and coordination skills and knowledge to work with colleagues and supervisor to achieve a smooth and hazard-free workflow.

Scope

The scope covers the following :

- interact with supervisor or superior
- work as a team by coordinating with colleagues within and outside the department and include inputs on PwD & Gender Sensitisation
- report and Document

Elements and Performance Criteria

Interact with supervisor or superior

To be competent, the user/individual on the job must be able to:

- PC1.** comply with health, safety gender, and PwD (People with disability) related instructions applicable to the workplace
- PC2.** actively participate in mock drills/ evacuation procedures; group discussions, training sensitization programs for gender, and PwD awareness organized at the workplace.
- PC3.** receive job orders and instructions from reporting supervisor and receive feedback on work standards.
- PC4.** understand the work output requirements, targets, performance indicators and incentives.
- PC5.** deliver quality work on time and report any anticipated reasons for delays and handover completed work to supervisor
- PC6.** report on any grievances, production defects and any potential hazards.

Work as a team by coordinating with colleagues within and outside the department and include inputs on PwD & Gender Sensitisation

To be competent, the user/individual on the job must be able to:

- PC7.** communicate maintenance and repair schedule proactively to the supervisor
- PC8.** interact and clarify doubts on design, usage of materials & tools, quality & standards compliance, etc.

Report and Document

To be competent, the user/individual on the job must be able to:

- PC9.** report in time for shortage or need of raw materials
- PC10.** communicate with colleagues from within and other departments, clearly and effectively on all aspects to carry out the work among the team
- PC11.** maintain the etiquette, use polite language, demonstrate responsible and disciplined behavior towards colleagues.
- PC12.** put team over individual goals and multi-task or share work where necessary supporting the colleagues.

Qualification Pack

PC13. document all the details accurately relating to ones role as required.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** knowledge about the importance of gender equality being followed in the organization and policies for reporting any harassment or inappropriate behavior
- KU2.** knowledge about how to accommodate employees with disabilities etiquette to adhere to and proper language and terminology
- KU3.** knowledge about how to communicate, offer help, respecting space, parking etc. for people with disabilities or special needs
- KU4.** knowledge about promoting a safe, accessible and healthy workplace for disabled employees
- KU5.** company's policies on preferred language of communication, incentives, quality standards, personnel management, reporting and escalation matrix policy.
- KU6.** company's standard operating procedure (sop) and the risk and impact of not following them.
- KU7.** procedures for working with colleagues, his/her role and responsibilities in relation to this
- KU8.** organizational hierarchy and the line of reporting structure and work target and review mechanism
- KU9.** procedures to report employment related issues and to deal with conflicts
- KU10.** importance of the individuals role in the organizational workflow and details of the individual responsibilities
- KU11.** tools and equipment handling procedure and common potential hazards in the work place and the procedures to deal with them
- KU12.** effective communication with various categories of people and the different departments in the organization
- KU13.** to document the job activity as required like the check sheets, history sheets, etc
- KU14.** expressing and addressing grievances appropriately, deal with difficult work relationships and manage the internal conflicts effectively

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** create a positive and inclusive workplace atmosphere without any kind of bias/discrimination towards any employee
- GS2.** actively take part in any discussion/workshop organized for gender sensitization training
- GS3.** read and comprehend written instructions related to gender equality issues in the organization
- GS4.** identify and report any harassment or inappropriate behavior towards any employee
- GS5.** create a positive and inclusive workplace atmosphere without any kind of bias/discrimination towards any employee with disability or special needs
- GS6.** actively take part in any discussion/workshop organized for disability sensitization training.

Qualification Pack

- GS7.** read and comprehend written instructions related to equality issues in the organization related to disabled persons
- GS8.** read job sheets, design sheet and information displayed at the workplace
- GS9.** read and understand manuals, health and safety instructions, memos etc
- GS10.** fill up documentation to ones role
- GS11.** communicate effectively with supervisor
- GS12.** contribute to quality of team work and achieve smooth workflow
- GS13.** improve work processes by interacting with others and adopting best practices

HCS/N9913: Maintain health, safety and security at workplace

Description

This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required to comply with health, safety and security requirements at the workplace and covers procedures to prevent, control and minimise risk to self and others.

Elements and Performance Criteria

Comply with health, safety and security requirements at work

To be competent, the user/individual on the job must be able to:

- PC1.** Comply with health and safety related instructions applicable to the workplace.
- PC2.** Use and maintain personal protective equipment as per protocol.
- PC3.** Carry out own activities in line with approved guidelines and procedures.
- PC4.** Maintain a healthy lifestyle and guard against dependency on intoxicants.
- PC5.** Follow environment management system related procedures.
- PC6.** Store materials and tools in line with manufacturers and organisational requirements.
- PC7.** Safely handle and move waste and debris.
- PC8.** Minimize health and safety risks to self and others due to own actions.
- PC9.** Seek clarifications, from supervisors or other authorized personnel in case of perceived risks.
- PC10.** Monitor the workplace and work processes for potential risks and threats.
- PC11.** Carry out periodic walk-through to keep work area free from hazards and obstructions, if assigned.
- PC12.** Report hazards and potential risks/ threats to supervisors or other authorized personnel.
- PC13.** Participate in mock drills/ evacuation procedures organized at the workplace.
- PC14.** Undertake first aid, fire-fighting and emergency response training, if asked to do so.
- PC15.** Take action based on instructions in the event of fire, emergencies or accidents.
- PC16.** Follow organisation procedures for evacuation when required.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Health and safety related practices applicable at the workplace.
- KU2.** Potential hazards, risks and threats based on nature of operations.
- KU3.** Organizational procedures for safe handling of tools.
- KU4.** Potential risks due to own actions and methods to minimize these.
- KU5.** Environmental management system related procedures at the workplace.
- KU6.** Layout of the plant and details of emergency exits, escape routes, emergency equipment and assembly points.
- KU7.** Potential accidents and emergencies and response to these scenarios.

Qualification Pack

- KU8.** Reporting protocol and documentation required.
- KU9.** Details of personnel trained in first aid, fire-fighting and emergency response.
- KU10.** Actions to take in the event of a mock drills/ evacuation procedures or actual accident, emergency or fire.
- KU11.** Occupational health and safety risks and methods.
- KU12.** Personal protective equipment and method of use.
- KU13.** Identification, handling and storage of hazardous substances.
- KU14.** Proper disposal system for waste and by-products.
- KU15.** Signage related to health and safety and their meaning.
- KU16.** Importance of sound health, hygiene and good habits.
- KU17.** Ill-effects of alcohol, tobacco and drugs.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Write in local language.
- GS2.** Read measurement instructions.
- GS3.** Communicate orally with colleagues.
- GS4.** Follow organization rule-based decision making process.
- GS5.** Take decision with systematic course of actions and/or response.
- GS6.** Plan and organize your work to achieve targets and deadlines.
- GS7.** Manage relationships with customers.
- GS8.** Build customer relationships and use customer centric approach.
- GS9.** Think through the problem, evaluate the possible solution(s) and suggest an optimum /best possible solution(s).
- GS10.** Identify immediate or temporary solutions to resolve delays.
- GS11.** Analyze data and activities.
- GS12.** Pass on relevant information to others.
- GS13.** Apply, analyze, and evaluate the information gathered from observation, experience, reasoning, or communication, as a guide to thought and action.

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Qualification Pack

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Assessment Weightage

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
