Qualification Pack

HCS/N7212: Preparation of Tools, Materials, and Work Area for Hand Block Printing

Description

This unit covers the skills and knowledge required to prepare tools, materials, and the work area for hand block printing.

Scope

The scope covers the following :

- Fabric Selection and Preparation
- Dye and Mordant Preparation
- Tool Maintenance and Preparation
- Work Area Organization

Elements and Performance Criteria

Fabric Selection and Preparation

To be competent, the user/individual on the job must be able to:

- PC1.** Identify and select suitable fabrics for printing (e.g., cotton, silk, linen).
- PC2.** Pre-wash and dry the fabric to remove impurities and enhance dye absorption.

Dye and Mordant Preparation

To be competent, the user/individual on the job must be able to:

- PC3.** Procure required dyes, chemicals, and mordants.
- PC4.** Mix dyes to achieve desired shades and consistencies.
- PC5.** Perform small-scale testing on sample fabric for shade accuracy.

Tool Maintenance and Preparation

To be competent, the user/individual on the job must be able to:

- PC6.** Clean and inspect wooden blocks for damage or wear.
- PC7.** Ensure printing tools such as trays, brushes, and spatulas are in working order.
- PC8.** Organize blocks for sequential use based on the design layout.

Work Area Organization

To be competent, the user/individual on the job must be able to:

- PC9.** Set up a clean, spacious workstation with adequate lighting.
- PC10.** Arrange tools and materials in an easily accessible manner.
- PC11.** Ensure proper ventilation and safety measures for dye and chemical handling.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Guidelines for maintaining quality in hand block printing.

Qualification Pack

- KU2.** Workplace safety rules and regulations, including handling chemicals and tools.
- KU3.** Understanding of production schedules and deadlines.
- KU4.** Reporting structure and communication protocols.
- KU5.** Team hierarchy and coordination among different roles in the printing process.
- KU6.** Procedures for recording completed work, quality checks, and maintenance activities.
- KU7.** Knowledge of tools used in hand block printing, such as wooden blocks, brushes, scrapers, and printing tables.
- KU8.** Methods for cleaning, inspecting, and maintaining wooden blocks and other tools.
- KU9.** Proper usage and storage of printing aids like mixing bowls, color trays, and measuring equipment.
- KU10.** Types of fabrics suitable for hand block printing, such as cotton, silk, linen, and synthetic blends.
- KU11.** Characteristics of dyes and pigments, including natural, reactive, and synthetic dyes.
- KU12.** Techniques for preparing fabrics, such as washing, drying, and starching.
- KU13.** Understanding of traditional and modern hand block printing methods.
- KU14.** Knowledge of positioning and alignment of blocks for pattern continuity.
- KU15.** Techniques for layering multiple colors and creating intricate designs.
- KU16.** Common defects in hand block printing, such as smudges, misalignment, and uneven colors.
- KU17.** Standards for finished product quality, including color consistency and pattern clarity.
- KU18.** Safe handling of dyes, chemicals, and tools to avoid accidents.
- KU19.** Cleaning and storage procedures for tools and materials.
- KU20.** Maintenance of printing tables, blocks, and other equipment to ensure longevity.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Ability to understand and interpret design briefs and instructions effectively.
- GS2.** Clear communication with team members, supervisors, and clients regarding design requirements and feedback.
- GS3.** Planning and prioritizing tasks to meet deadlines for production schedules.
- GS4.** Identifying and addressing common issues, such as color bleeding, pattern misalignment, or damaged blocks.
- GS5.** Learning and implementing new tools, materials, or techniques in hand block printing.
- GS6.** Maintaining precision during block placement, alignment, and printing.
- GS7.** Sharing knowledge and assisting others to maintain productivity and quality.
- GS8.** Measuring and mixing dyes and pigments in accurate proportions.
- GS9.** Familiarity with basic digital tools to maintain inventory records and design references.
- GS10.** Understanding customer requirements and preferences for personalized products.

HCS/N7213: Execution of Hand Block Printing Process

Description

This unit covers arranging prepared tools and materials, performing the printing operation, and ensuring consistency, precision, and quality in printed fabrics while adhering to safety and organizational standards.

Scope

The scope covers the following :

- Fabric Alignment and Stabilization
- Dye Application to Blocks
- Block Placement and Printing
- Design Customization and Multi-Color Patterns

Elements and Performance Criteria

Fabric Alignment and Stabilization

To be competent, the user/individual on the job must be able to:

- PC1.** Spread the fabric on the printing table evenly, ensuring no wrinkles.
- PC2.** Secure the fabric with pins, clamps, or adhesives to avoid movement during printing.

Dye Application to Blocks

To be competent, the user/individual on the job must be able to:

- PC3.** Dip wooden blocks into prepared dye evenly to avoid excess or uneven application.
- PC4.** Use a sponge or brush for precise and controlled dye application when required.

Block Placement and Printing

To be competent, the user/individual on the job must be able to:

- PC5.** Align blocks accurately with design outlines or previous prints.
- PC6.** Press blocks firmly onto the fabric to achieve even pressure and sharp prints.
- PC7.** Repeat stamping process with precision to create continuous or repeating patterns.

Design Customization and Multi-Color Patterns

To be competent, the user/individual on the job must be able to:

- PC8.** Apply additional blocks for overlapping, borders, or multi-color designs.
- PC9.** Monitor color consistency and adjust dye application as needed.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Guidelines for maintaining quality in hand block printing.
- KU2.** Workplace safety rules and regulations, including handling chemicals and tools.
- KU3.** Understanding of production schedules and deadlines.
- KU4.** Reporting structure and communication protocols.

Qualification Pack

- KU5.** Team hierarchy and coordination among different roles in the printing process.
- KU6.** Procedures for recording completed work, quality checks, and maintenance activities.
- KU7.** Knowledge of tools used in hand block printing, such as wooden blocks, brushes, scrapers, and printing tables.
- KU8.** Methods for cleaning, inspecting, and maintaining wooden blocks and other tools.
- KU9.** Proper usage and storage of printing aids like mixing bowls, color trays, and measuring equipment.

HCS/N7214: Post-Processing, Quality Check, and Finishing

Description

This unit covers inspecting the printed fabric for defects, ensuring the quality of the prints, performing post-processing techniques such as color fixing, and ensuring the fabric is ready for delivery or display.

Scope

The scope covers the following :

- Drying the Printed Fabric
- Color Fixation
- Quality Check
- Finishing and Packaging

Elements and Performance Criteria

Drying the Printed Fabric

To be competent, the user/individual on the job must be able to:

- PC1.** Allow the fabric to air dry in a dust-free environment.
- PC2.** Use mechanical drying techniques if necessary, ensuring no damage to the prints.

Color Fixation

To be competent, the user/individual on the job must be able to:

- PC3.** Treat the fabric using steaming, washing, or chemical processes to fix colors.
- PC4.** Ensure proper handling of chemicals to maintain safety and fabric quality.

Quality Check

To be competent, the user/individual on the job must be able to:

- PC5.** Inspect fabrics for defects such as smudges, misalignment, or faded prints.
- PC6.** Compare the output to the original design for accuracy and consistency.
- PC7.** Document identified defects and necessary corrections.

Finishing and Packaging

To be competent, the user/individual on the job must be able to:

- PC8.** Conduct touch-ups for minor defects using small brushes or dyes.
- PC9.** Iron and fold fabrics neatly for storage or packaging.
- PC10.** Label and pack finished products per customer or market requirements.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Guidelines for maintaining quality in hand block printing.
- KU2.** Workplace safety rules and regulations, including handling chemicals and tools.
- KU3.** Understanding of production schedules and deadlines.

Qualification Pack

HCS/N9901: Coordinate with colleagues and work as a team

Description

This NOS describes the communication and coordination skills and knowledge to work with colleagues and supervisor to achieve a smooth and hazard-free workflow.

Scope

The scope covers the following :

- interact with supervisor or superior
- work as a team by coordinating with colleagues within and outside the department and include inputs on PwD & Gender Sensitisation
- report and Document

Elements and Performance Criteria

Interact with supervisor or superior

To be competent, the user/individual on the job must be able to:

- PC1.** comply with health, safety gender, and PwD (People with disability) related instructions applicable to the workplace
- PC2.** actively participate in mock drills/ evacuation procedures; group discussions, training sensitization programs for gender, and PwD awareness organized at the workplace.
- PC3.** receive job orders and instructions from reporting supervisor and receive feedback on work standards.
- PC4.** understand the work output requirements, targets, performance indicators and incentives.
- PC5.** deliver quality work on time and report any anticipated reasons for delays and handover completed work to supervisor
- PC6.** report on any grievances, production defects and any potential hazards.

Work as a team by coordinating with colleagues within and outside the department and include inputs on PwD & Gender Sensitisation

To be competent, the user/individual on the job must be able to:

- PC7.** communicate maintenance and repair schedule proactively to the supervisor
- PC8.** interact and clarify doubts on design, usage of materials & tools, quality & standards compliance, etc.

Report and Document

To be competent, the user/individual on the job must be able to:

- PC9.** report in time for shortage or need of raw materials
- PC10.** communicate with colleagues from within and other departments, clearly and effectively on all aspects to carry out the work among the team
- PC11.** maintain the etiquette, use polite language, demonstrate responsible and disciplined behavior towards colleagues.
- PC12.** put team over individual goals and multi-task or share work where necessary supporting the colleagues.

Qualification Pack

PC13. document all the details accurately relating to ones role as required.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** knowledge about the importance of gender equality being followed in the organization and policies for reporting any harassment or inappropriate behavior
- KU2.** knowledge about how to accommodate employees with disabilities etiquette to adhere to and proper language and terminology
- KU3.** knowledge about how to communicate, offer help, respecting space, parking etc. for people with disabilities or special needs
- KU4.** knowledge about promoting a safe, accessible and healthy workplace for disabled employees
- KU5.** company's policies on preferred language of communication, incentives, quality standards, personnel management, reporting and escalation matrix policy.
- KU6.** company's standard operating procedure (sop) and the risk and impact of not following them.
- KU7.** procedures for working with colleagues, his/her role and responsibilities in relation to this
- KU8.** organizational hierarchy and the line of reporting structure and work target and review mechanism
- KU9.** procedures to report employment related issues and to deal with conflicts
- KU10.** importance of the individuals role in the organizational workflow and details of the individual responsibilities
- KU11.** tools and equipment handling procedure and common potential hazards in the work place and the procedures to deal with them
- KU12.** effective communication with various categories of people and the different departments in the organization
- KU13.** to document the job activity as required like the check sheets, history sheets, etc
- KU14.** expressing and addressing grievances appropriately, deal with difficult work relationships and manage the internal conflicts effectively

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** create a positive and inclusive workplace atmosphere without any kind of bias/discrimination towards any employee
- GS2.** actively take part in any discussion/workshop organized for gender sensitization training
- GS3.** read and comprehend written instructions related to gender equality issues in the organization
- GS4.** identify and report any harassment or inappropriate behavior towards any employee
- GS5.** create a positive and inclusive workplace atmosphere without any kind of bias/discrimination towards any employee with disability or special needs
- GS6.** actively take part in any discussion/workshop organized for disability sensitization training.

Qualification Pack

- GS7.** read and comprehend written instructions related to equality issues in the organization related to disabled persons
- GS8.** read job sheets, design sheet and information displayed at the workplace
- GS9.** read and understand manuals, health and safety instructions, memos etc
- GS10.** fill up documentation to ones role
- GS11.** communicate effectively with supervisor
- GS12.** contribute to quality of team work and achieve smooth workflow
- GS13.** improve work processes by interacting with others and adopting best practices

HCS/N9913: Maintain health, safety and security at workplace

Description

This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required to comply with health, safety and security requirements at the workplace and covers procedures to prevent, control and minimise risk to self and others.

Elements and Performance Criteria

Comply with health, safety and security requirements at work

To be competent, the user/individual on the job must be able to:

- PC1.** Comply with health and safety related instructions applicable to the workplace.
- PC2.** Use and maintain personal protective equipment as per protocol.
- PC3.** Carry out own activities in line with approved guidelines and procedures.
- PC4.** Maintain a healthy lifestyle and guard against dependency on intoxicants.
- PC5.** Follow environment management system related procedures.
- PC6.** Store materials and tools in line with manufacturers and organisational requirements.
- PC7.** Safely handle and move waste and debris.
- PC8.** Minimize health and safety risks to self and others due to own actions.
- PC9.** Seek clarifications, from supervisors or other authorized personnel in case of perceived risks.
- PC10.** Monitor the workplace and work processes for potential risks and threats.
- PC11.** Carry out periodic walk-through to keep work area free from hazards and obstructions, if assigned.
- PC12.** Report hazards and potential risks/ threats to supervisors or other authorized personnel.
- PC13.** Participate in mock drills/ evacuation procedures organized at the workplace.
- PC14.** Undertake first aid, fire-fighting and emergency response training, if asked to do so.
- PC15.** Take action based on instructions in the event of fire, emergencies or accidents.
- PC16.** Follow organisation procedures for evacuation when required.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Health and safety related practices applicable at the workplace.
- KU2.** Potential hazards, risks and threats based on nature of operations.
- KU3.** Organizational procedures for safe handling of tools.
- KU4.** Potential risks due to own actions and methods to minimize these.
- KU5.** Environmental management system related procedures at the workplace.
- KU6.** Layout of the plant and details of emergency exits, escape routes, emergency equipment and assembly points.
- KU7.** Potential accidents and emergencies and response to these scenarios.

Qualification Pack

- KU8.** Reporting protocol and documentation required.
- KU9.** Details of personnel trained in first aid, fire-fighting and emergency response.
- KU10.** Actions to take in the event of a mock drills/ evacuation procedures or actual accident, emergency or fire.
- KU11.** Occupational health and safety risks and methods.
- KU12.** Personal protective equipment and method of use.
- KU13.** Identification, handling and storage of hazardous substances.
- KU14.** Proper disposal system for waste and by-products.
- KU15.** Signage related to health and safety and their meaning.
- KU16.** Importance of sound health, hygiene and good habits.
- KU17.** Ill-effects of alcohol, tobacco and drugs.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Write in local language.
- GS2.** Read measurement instructions.
- GS3.** Communicate orally with colleagues.
- GS4.** Follow organization rule-based decision making process.
- GS5.** Take decision with systematic course of actions and/or response.
- GS6.** Plan and organize your work to achieve targets and deadlines.
- GS7.** Manage relationships with customers.
- GS8.** Build customer relationships and use customer centric approach.
- GS9.** Think through the problem, evaluate the possible solution(s) and suggest an optimum /best possible solution(s).
- GS10.** Identify immediate or temporary solutions to resolve delays.

Qualification Pack

HCS/N9904: Basic Business Management

Description

This OS unit focuses on business planning, internal strategy, timelines.

Scope

The scope covers the following :

- People management
- Product planning
- Procurement of raw materials
- Market interfacing
- Financial management
- Record keeping

Elements and Performance Criteria

People management

To be competent, the user/individual on the job must be able to:

- PC1.** arrange Interactive meetings of managers of sales and production teams and categorize the issues and feedbacks of both the teams
- PC2.** train the employees of his/her unit with the appropriate skills required to make marketrelevant and quality products
- PC3.** motivate the employees

Product planning

To be competent, the user/individual on the job must be able to:

- PC4.** compile a report based on old production reports
- PC5.** address the issues faced in previous productions and try to resolve them
- PC6.** gather and analyze the cues from the market
- PC7.** ascertain the customer preference
- PC8.** develop product range lines based on current market preference
- PC9.** develop product range lines that are unique and able to price high
- PC10.** price the products according to market trends
- PC11.** identify the competent marketing strategy for the product range

Procurement of raw materials

To be competent, the user/individual on the job must be able to:

- PC12.** list of the raw material s and prepare a B.O.M according to the product lines
- PC13.** ascertain the quantity and right price to procure the materials
- PC14.** identify the right locations/agents from where the raw materials can be procured
- PC15.** negotiate to get the best price
- PC16.** ensure quality materials are procured

Qualification Pack

PC17. ensure the procured materials are stored in appropriate conditions

PC18. compile a record of price quotations, POs, and bills of procurement for future reference

Market interfacing

To be competent, the user/individual on the job must be able to:

PC19. maintain a healthy and professional relationship with vendor

PC20. the competitive market falls in order with the company policies of best price, quality, and delivery parameters

PC21. analyze the prevalent price for product lines

PC22. decide on the most effective means to access the market

PC23. plan for cost-effective transportation to the market

PC24. position the product according to market requirements

PC25. identify and address the expectations of customer

Financial management

To be competent, the user/individual on the job must be able to:

PC26. analyze and ascertain the cost of production

PC27. maintain the book of accounts related to the business

PC28. maintain export documents like a letter of credit, custom clearance

PC29. identify cost-effective means of running the business

Record keeping

To be competent, the user/individual on the job must be able to:

PC30. identify various aspects of business that require recording

PC31. design formats for recording

PC32. compile various records of all aspects of the business

PC33. maintain these records with periodic updations

PC34. maintain necessary documents as per local government and regulatory requirements

PC35. reframe the procurement strategy according to local scenarios like weather conditions, transport strikes, affected prices, etc.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. interpersonal skills and communication with a cross-section of stakeholders

KU2. understanding of basics accounting so that he/she can monitor the transactions between company and vendor

KU3. knowledge of banking basics to keep the export process flawless

KU4. understanding of costing principles to calculate the cost of production with all the overheads and the actual price

KU5. product and craft knowledge including material and tools requirements

KU6. gathering market intelligence.

KU7. various transportation means and implications on costing

KU8. various product lines that can be created depending on the sector of operation

Qualification Pack

- KU9.** basic record-keeping techniques
- KU10.** basic laws, rules, regulations, etc. regarding business
- KU11.** vendor management and development
- KU12.** pricing techniques
- KU13.** business profitability assessment

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** analyse product range and keep abreast of market trends
- GS2.** document various aspects of the business
- GS3.** compile descriptions and details about investment, expenditures, and sales
- GS4.** interact with teams to work efficiently
- GS5.** communicate and manage vendors for cost-effective outsourcing and procurements
- GS6.** interface with fellow entrepreneurs to exchange ideas on the business
- GS7.** communicate with the customers for their feedback about the product
- GS8.** comprehend information shared by various stakeholders
- GS9.** plan and organize the product lines
- GS10.** fix the appropriate price.
- GS11.** hire employees with the appropriate skill set and experience
- GS12.** predict the profit margin to be achieved by the business
- GS13.** decide target segment of the market
- GS14.** schedule production cycles for better efficiency of resources
- GS15.** planning of production efficiency based on manpower and equipment available
- GS16.** schedule market visits for surveys and feedback
- GS17.** gather information on preference and taste of the customer
- GS18.** interact with various types of customers and understand the trends
- GS19.** analyze and solve conflicts and problems of the business.
- GS20.** ensure that the problems do not arise repeatedly.
- GS21.** anticipate various problems/challenges that can crop up
- GS22.** analyze the market for increasing sales
- GS23.** spot errors and any other disruptions and communicate with solutions

Qualification Pack

DGT/VSQ/N0102: Employability Skills (60 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Career Development & Goal Setting
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** identify employability skills required for jobs in various industries
- PC2.** identify and explore learning and employability portals

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

- PC3.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. and personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC4.** follow environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC5.** recognize the significance of 21st Century Skills for employment
- PC6.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life

Basic English Skills

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC7.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC8.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC9.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC10.** understand the difference between job and career
- PC11.** prepare a career development plan with short- and long-term goals, based on aptitude

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC12.** follow verbal and non-verbal communication etiquette and active listening techniques in various settings
- PC13.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC14.** communicate and behave appropriately with all genders and PwD
- PC15.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC16.** select financial institutions, products and services as per requirement
- PC17.** carry out offline and online financial transactions, safely and securely
- PC18.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC19.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC20.** operate digital devices and carry out basic internet operations securely and safely
- PC21.** use e-mail and social media platforms and virtual collaboration tools to work effectively
- PC22.** use basic features of word processor, spreadsheets, and presentations

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC23.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC24.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC25.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC26.** identify different types of customers
- PC27.** identify and respond to customer requests and needs in a professional manner.

Qualification Pack

PC28. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC29. create a professional Curriculum vitae (Résumé)

PC30. search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively

PC31. apply to identified job openings using offline /online methods as per requirement

PC32. answer questions politely, with clarity and confidence, during recruitment and selection

PC33. identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills and different learning and employability related portals

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up

KU6. importance of career development and setting long- and short-term goals

KU7. about effective communication

KU8. POSH Act

KU9. Gender sensitivity and inclusivity

KU10. different types of financial institutes, products, and services

KU11. how to compute income and expenditure

KU12. importance of maintaining safety and security in offline and online financial transactions

KU13. different legal rights and laws

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Qualification Pack

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Minimum Passing % at NOS Level: 50

(Please note: A Trainee must score the minimum percentage for each NOS separately as well as on the QP as a whole.)

TVET	Technical and Vocational Education and Training

Qualification Pack

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
