HCS/Q7202: Block Print Supervisor

Brief Job Description

A Block Print Supervisor supervises the entire process of block printing, both for sampling as well as production, as per requirements. Block Print Supervisor should be able to supervise the matching of colour of the printing paste, preparation of fabric and blocks, block printing and post printing processes. The job requires the Block Print Supervisor to have the skill to carry out and supervise block printing processes along with an understanding of printing designs/ layouts to produce suitable outcomes.

Personal Attributes

A Block Print Supervisor should have good eyesight, handeye coordination and vision (including near vision, distance vision, colour vision, peripheral vision, depth perception and ability to change focus).

Applicable National Occupational Standards (NOS)

Compulsory NOS:

1. [HCS/N7204: Carry out and supervise the preparatory process of hand block printing](#)
2. [HCS/N7205: Carry out hand block printing as per given specifications](#)
3. [HCS/N7206: Supervise the printing and post printing processes](#)
4. [HCS/N7203: Contribute to achieve quality in hand block printing](#)
5. [HCS/N9908: Working in a Team](#)
6. [HCS/N9906: Maintain Work Area, Tools and Machines](#)
7. [HCS/N9913: Maintain health, safety and security at workplace](#)
8. [DGT/VSQ/N0102: Employability Skills \(60 Hours\)](#)

Qualification Pack

HCS/N7204: Carry out and supervise the preparatory process of hand block printing

Description

This unit is about supervising the preparatory processes to be undertaken for block printing as per given requirements.

Scope

The scope covers the following :

- understand design specifications
- carry out making and matching of printing paste
- carry out preparation of fabric for hand block printing
- carry out preparation of other tools and equipments

Elements and Performance Criteria

Understand design specifications

To be competent, the user/individual on the job must be able to:

- PC1.** analyse the given design specification or design artwork or design sample
- PC2.** choose the appropriate type/technique of printing to be used
- PC3.** identify the colours to be used in the given design

Carry out making and matching of printing paste

To be competent, the user/individual on the job must be able to:

- PC4.** identify the different ingredients for making the required colours
- PC5.** make the printing paste as per requirement
- PC6.** ensure that the shade of the colour matches the sample or reference
- PC7.** ensure that the proportion of colours and gum are appropriate

Carry out preparation of fabric for hand block printing

To be competent, the user/individual on the job must be able to:

- PC8.** check the fabric and ensure that it meets the requirements provided
- PC9.** ensure that the fabric is washed and pre-processed appropriately
- PC10.** ensure that the fabric is dyed properly as per requirement

Carry out preparation of other tools and equipments

To be competent, the user/individual on the job must be able to:

- PC11.** identify and select the appropriate blocks
- PC12.** ensure that the blocks are prepared appropriately
- PC13.** ensure that the printing paste tray is prepared appropriately
- PC14.** estimate the time required to complete the given work
- PC15.** minimise and dispose the waste materials in the approved manner
- PC16.** carry out operations at a rate which maintains workflow

Qualification Pack

PC17. supervise the above processes during the production

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** your organizations policies, procedures, guidelines and standards for quality
- KU2.** safe working practices and organisational procedures
- KU3.** quality systems and other processes practiced in the organization
- KU4.** types of problems with quality and how to report them to appropriate people
- KU5.** the importance of complying with written instructions
- KU6.** reporting procedure in case of faults in own/ other processes
- KU7.** who to refer problems to when they are outside the limit of your authority
- KU8.** your organizations tools, templates and processes for block printing and its supervision in production
- KU9.** process of producing hand block prints
- KU10.** the basics of colours and combinations
- KU11.** preparation of the printing table
- KU12.** preparation of the printing paste tray
- KU13.** carved blocks , parts and its handling
- KU14.** different types of fabrics and their usage
- KU15.** different types of block designs

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** write in local language
- GS2.** read a instructions/specifications in local language
- GS3.** listen effectively and orally communicate information accurately
- GS4.** ask for clarification and advice from others
- GS5.** follow organization rule-based decision making process
- GS6.** take decision with systematic course of actions and/or response
- GS7.** plan and organize your work to achieve targets and deadlines
- GS8.** manage relationships with customers
- GS9.** build customer relationships and use customer centric approach
- GS10.** think through the problem, evaluate the possible solution(s) and suggest a optimum /best possible solution(s)
- GS11.** identify immediate or temporary solutions to resolve delays
- GS12.** analyze data and activities
- GS13.** pass on relevant information to others

Qualification Pack

- GS14.** apply, analyze, and evaluate the information gathered from observation, experience, reasoning, or communication, as a guide to thought and action

HCS/N7205: Carry out hand block printing as per given specifications

Description

This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required to carrying out hand block printing as per given specifications.

Scope

The scope covers the following :

- carry out hand block printing of samples as per the given specifications

Elements and Performance Criteria

Carry out hand block printing of samples as per the given specifications

To be competent, the user/individual on the job must be able to:

- PC1.** ensure that the fabric is pinned appropriately on the printing table
- PC2.** mark the layout, if required
- PC3.** dip the block in the printing paste on the tray appropriately
- PC4.** stamp the block on the marked area/ position/ appropriate position
- PC5.** test the colour on waste cloth and judge if the colour is appropriate
- PC6.** apply optimum pressure on the handle of the block
- PC7.** print the outline block (often called rekh)
- PC8.** print the filling blocks appropriately on the registered outline, if required
- PC9.** appropriately place succeeding block impressions as per design layout
- PC10.** ensure that the fabric is dried appropriately
- PC11.** ensure that the print is even
- PC12.** avoid damage to fabric/ product while carrying out printing

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** the organisations policies and procedures
- KU2.** guidelines for storage and disposal of waste materials
- KU3.** potential hazards associated with the machines and the safety precautions that must be taken
- KU4.** protocol to obtain more information on work related tasks
- KU5.** contact person in case of queries on procedure or products and for resolving issues related to defective machines, tools and/or equipment
- KU6.** details of the job role and responsibilities
- KU7.** work target and review mechanism with your supervisor

Qualification Pack

- KU8.** method of obtaining/ giving feedback related to performance
- KU9.** importance of team work and harmonious working relationships
- KU10.** process for offering/ obtaining work related assistance
- KU11.** different techniques of block printing
- KU12.** process of producing hand block prints
- KU13.** step by step process of block printing
- KU14.** types of carved blocks , parts and its handling
- KU15.** carved block designs for different layouts
- KU16.** different types of fabrics and their usage
- KU17.** different motifs and designs
- KU18.** the uniqueness of the indigenous block printing technique
- KU19.** the quality aspects of hand block printing

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** write in local language
- GS2.** read instructions, guidelines, procedures and rules in local language
- GS3.** communicate orally with colleagues
- GS4.** follow organization rule-based decision making process
- GS5.** take decision with systematic course of actions and/or response
- GS6.** plan and organize your work to achieve targets and deadlines
- GS7.** manage relationships with customers
- GS8.** build customer relationships and use customer centric approach
- GS9.** think through the problem, evaluate the possible solution(s) and suggest an optimum /best possible solution(s)
- GS10.** identify immediate or temporary solutions to resolve delays
- GS11.** analyze data and activities
- GS12.** pass on relevant information to others
- GS13.** apply, analyze, and evaluate the information gathered from observation, experience, reasoning, or communication, as a guide to thought and action

HCS/N7206: Supervise the printing and post printing processes

Description

This unit is about carrying out supervision of printing and the post production processes to be undertaken for block printing as per given requirements.

Elements and Performance Criteria

Supervise post printing processes

To be competent, the user/individual on the job must be able to:

- PC1.** ensure that the block printing has been done as per the specifications provided
- PC2.** understand the post printing requirements of the client
- PC3.** identify the post-printing processes to be undertaken for the given lot
- PC4.** ensure that the curing is done appropriately (if required)
- PC5.** ensure that the steaming is done appropriately (if required)
- PC6.** ensure that the fabric is washed appropriately
- PC7.** ensure that the fabric is ironed appropriately
- PC8.** supervise appropriate folding of the given lot
- PC9.** ensure that the packaging is done appropriately

Assess production quality

To be competent, the user/individual on the job must be able to:

- PC10.** segregate the rejects
- PC11.** carry out periodic or random checks during production
- PC12.** carry out replenishment of raw materials, if needed
- PC13.** ensure that the processes are carried in given timelines

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** safe working practices and organisational procedures
- KU2.** the organisation's procedures and guidelines
- KU3.** quality systems and processes practiced in the organization
- KU4.** equipment operating procedures / manufacturers instructions
- KU5.** types of problems with quality and how to report them to appropriate people
- KU6.** methods to present any ideas for improvement to supervisor
- KU7.** the importance of complying with written instructions
- KU8.** limits of personal responsibility
- KU9.** reporting procedure in case of faults in own/ other processes
- KU10.** different quality aspects
- KU11.** basic of different post-printing processes

HCS/N7203: Contribute to achieve quality in hand block printing

Description

This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required for maintaining the quality while carrying out hand block printing and related activities to ensure that the embroidered product meet specifications and quality.

Scope

The scope covers the following :

- Contribute to achieving the quality in hand block printing and related operations

Elements and Performance Criteria

Contribute to achieving the quality in hand block printing and related operations

To be competent, the user/individual on the job must be able to:

- PC1.** identify and use materials required based on the specifications provided
- PC2.** ensure that the fabric is pre-treated as per requirement
- PC3.** ensure that uniform tension is maintained while pinning the fabric on the printing table
- PC4.** ensure that the dye paste is mixed appropriately
- PC5.** ensure that the correct set of blocks are used for outline and filling prints
- PC6.** ensure appropriate registering of blocks
- PC7.** ensure proper handling of fabric while printing and post- printing to avoid transfer of colour to other areas
- PC8.** ensure that the shape/ size/ pattern/ design is not distorted while printing
- PC9.** ensure that there is no shade difference in the colours used
- PC10.** store the block printed fabric/ product appropriately
- PC11.** ensure uniformity in raw materials, design and techniquea. within a productb. between pair/ set of products
- PC12.** apply allowed tolerances
- PC13.** take the necessary action when materials do not conform to quality standards
- PC14.** maintain the required productivity and quality levels
- PC15.** report to the responsible person when the work flow of other production areas disrupts work

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** safe working practices and organisational procedures
- KU2.** the organisation's procedures and guidelines
- KU3.** quality systems and processes practiced in the organization
- KU4.** equipment operating procedures / manufacturers instructions

HCS/N9908: Working in a Team

Description

This unit is about working as part of a team in the process.

Elements and Performance Criteria

Commitment and trust

To be competent, the user/individual on the job must be able to:

- PC1.** Be accountable to one's own role in whole process.
- PC2.** Perform all roles with full responsibility.

Communication

To be competent, the user/individual on the job must be able to:

- PC3.** Report problems faced during the process.
- PC4.** Talk politely with other team members and colleagues.
- PC5.** Submit daily report of own performance.

Adaptability

To be competent, the user/individual on the job must be able to:

- PC6.** Adjust in different work situations.
- PC7.** Give due importance to others point of view.
- PC8.** Avoid conflicting situations.

Creative freedom

To be competent, the user/individual on the job must be able to:

- PC9.** Develop new ideas for work procedures
- PC10.** Improve upon the existing techniques to increase process efficiency

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** General rules and regulations in the sector.
- KU2.** Procedure followed to get the final output.
- KU3.** Safe working practices to be adopted.
- KU4.** Reporting to the supervisor or higher authority about any grievances faced.
- KU5.** Understanding the importance of the previous and next step of the process.
- KU6.** Process flow in the handicraft section.
- KU7.** Material sequence of flow.
- KU8.** Functions of different parts of product development.
- KU9.** Tools and equipments used.
- KU10.** Guidelines for operating the equipment.
- KU11.** Safety procedures to be followed as applicable.

Qualification Pack

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Prepare status and progress reports.
- GS2.** Write memos and e-mail to co-workers, and vendors to provide them with work updates and to request appropriate information without English language errors regarding grammar or sentence construct.
- GS3.** Keep abreast with the latest knowledge by reading brochures, pamphlets, and product information sheets.
- GS4.** Discuss task lists, schedules, and work-loads with co-workers.
- GS5.** Keep co-workers and supervisors informed about progress.
- GS6.** Make decisions pertaining to the concerned area of work.
- GS7.** Plan and organize service feedback files/documents.
- GS8.** Manage relationships with customers.
- GS9.** Build customer relationships and use customer centric approach.
- GS10.** Think through the problem, evaluate the possible solution(s) and suggest an optimum /best possible solution(s).
- GS11.** Identify immediate or temporary solutions to resolve delays.
- GS12.** Use the existing data to arrive at specific data points.
- GS13.** Apply, analyze, and evaluate the information gathered from observation, experience, reasoning, or communication, as a guide to thought and action.

Qualification Pack

HCS/N9906: Maintain Work Area, Tools and Machines

Description

This unit provides performance criteria, knowledge & understanding and skills & abilities required to organize/maintain work areas and activities to ensure tools and machines are maintained as per norms

Scope

The scope covers the following :

- proper maintaining of work area and activities
- maintenance of work related hand tools and equipment
- regular maintenance of tools and equipment.
- maintaining the work area clean and hazard free.
- material conservation practices

Elements and Performance Criteria

Maintain the work area, tools and machines

To be competent, the user/individual on the job must be able to:

- PC1.** handle materials, tools and equipment with care and use them in correct way
- PC2.** use correct and handling procedures
- PC3.** maintain clean and hazard free working area
- PC4.** carry out running maintenance within agreed schedules
- PC5.** carry out maintenance and/or cleaning within ones responsibility
- PC6.** report unsafe equipment and other dangerous occurrences
- PC7.** use clean equipment and methods appropriate for the work to be carried out
- PC8.** dispose of waste safely in the designated location
- PC9.** store equipment safely after use

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** personal hygiene and duty of care
- KU2.** safe working practices and organizational procedures
- KU3.** ways of resolving conflicts/problems within the work area
- KU4.** the design process and the specific work activities that relate to the process
- KU5.** organizations rules, codes and guidelines
- KU6.** the company's quality standards
- KU7.** importance of complying with written instructions
- KU8.** work instructions and ability to interpret them accurately
- KU9.** relation between work role and the overall manufacturing process

Qualification Pack

- KU10.** hazards likely to be encountered when carrying out the maintenance process
- KU11.** maintenance procedures
- KU12.** importance of running maintenance and regular cleaning
- KU13.** safe working practices for maintenance
- KU14.** the importance of taking action when problems are identified
- KU15.** effects of contamination on products
- KU16.** common faults with equipment and the method to rectify

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** prepare status and progress reports
- GS2.**
 - write memos and e-mail to co-workers, and vendors to provide them with work updates and
 - to request appropriate information without English language errors in grammar or sentence
 - construct
- GS3.**
 - keep abreast with the latest knowledge by reading brochures, pamphlets, and product
 - information sheets
- GS4.** discuss task lists, schedules, and work-loads with co-workers
- GS5.** keep coworker and supervisor informed about progress
- GS6.** make decisions pertaining to the concerned area of work
- GS7.** plan and manage work routine based on company procedure
- GS8.** plan and organize service feedback files/documents
- GS9.** manage relationships with customers
- GS10.** build customer relationships and use customer centric approach
- GS11.**
 - think through a problem, evaluate the possible solution(s) and suggest an optimum /best
 - possible solution(s)
- GS12.** identify immediate or temporary solutions to resolve delays
- GS13.** use the existing data to arrive at specific data points
- GS14.**
 - apply, analyze, and evaluate the information gathered from observation, experience,
 - reasoning, or communication, as a guide to thought and action

HCS/N9913: Maintain health, safety and security at workplace

Description

This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required to comply with health, safety and security requirements at the workplace and covers procedures to prevent, control and minimise risk to self and others.

Elements and Performance Criteria

Comply with health, safety and security requirements at work

To be competent, the user/individual on the job must be able to:

- PC1.** Comply with health and safety related instructions applicable to the workplace.
- PC2.** Use and maintain personal protective equipment as per protocol.
- PC3.** Carry out own activities in line with approved guidelines and procedures.
- PC4.** Maintain a healthy lifestyle and guard against dependency on intoxicants.
- PC5.** Follow environment management system related procedures.
- PC6.** Store materials and tools in line with manufacturers and organisational requirements.
- PC7.** Safely handle and move waste and debris.
- PC8.** Minimize health and safety risks to self and others due to own actions.
- PC9.** Seek clarifications, from supervisors or other authorized personnel in case of perceived risks.
- PC10.** Monitor the workplace and work processes for potential risks and threats.
- PC11.** Carry out periodic walk-through to keep work area free from hazards and obstructions, if assigned.
- PC12.** Report hazards and potential risks/ threats to supervisors or other authorized personnel.
- PC13.** Participate in mock drills/ evacuation procedures organized at the workplace.
- PC14.** Undertake first aid, fire-fighting and emergency response training, if asked to do so.
- PC15.** Take action based on instructions in the event of fire, emergencies or accidents.
- PC16.** Follow organisation procedures for evacuation when required.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Health and safety related practices applicable at the workplace.
- KU2.** Potential hazards, risks and threats based on nature of operations.
- KU3.** Organizational procedures for safe handling of tools.
- KU4.** Potential risks due to own actions and methods to minimize these.
- KU5.** Environmental management system related procedures at the workplace.
- KU6.** Layout of the plant and details of emergency exits, escape routes, emergency equipment and assembly points.
- KU7.** Potential accidents and emergencies and response to these scenarios.

Qualification Pack

- KU8.** Reporting protocol and documentation required.
- KU9.** Details of personnel trained in first aid, fire-fighting and emergency response.
- KU10.** Actions to take in the event of a mock drills/ evacuation procedures or actual accident, emergency or fire.
- KU11.** Occupational health and safety risks and methods.
- KU12.** Personal protective equipment and method of use.
- KU13.** Identification, handling and storage of hazardous substances.
- KU14.** Proper disposal system for waste and by-products.
- KU15.** Signage related to health and safety and their meaning.
- KU16.** Importance of sound health, hygiene and good habits.
- KU17.** Ill-effects of alcohol, tobacco and drugs.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Write in local language.
- GS2.** Read measurement instructions.
- GS3.** Communicate orally with colleagues.
- GS4.** Follow organization rule-based decision making process.
- GS5.** Take decision with systematic course of actions and/or response.
- GS6.** Plan and organize your work to achieve targets and deadlines.
- GS7.** Manage relationships with customers.
- GS8.** Build customer relationships and use customer centric approach.
- GS9.** Think through the problem, evaluate the possible solution(s) and suggest an optimum /best possible solution(s).
- GS10.** Identify immediate or temporary solutions to resolve delays.
- GS11.** Analyze data and activities.
- GS12.** Pass on relevant information to others.
- GS13.** Apply, analyze, and evaluate the information gathered from observation, experience, reasoning, or communication, as a guide to thought and action.

Qualification Pack

DGT/VSQ/N0102: Employability Skills (60 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Career Development & Goal Setting
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** identify employability skills required for jobs in various industries
- PC2.** identify and explore learning and employability portals

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

- PC3.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. and personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC4.** follow environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC5.** recognize the significance of 21st Century Skills for employment
- PC6.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life

Basic English Skills

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC7.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC8.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC9.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC10.** understand the difference between job and career
- PC11.** prepare a career development plan with short- and long-term goals, based on aptitude

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC12.** follow verbal and non-verbal communication etiquette and active listening techniques in various settings
- PC13.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC14.** communicate and behave appropriately with all genders and PwD
- PC15.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC16.** select financial institutions, products and services as per requirement
- PC17.** carry out offline and online financial transactions, safely and securely
- PC18.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC19.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC20.** operate digital devices and carry out basic internet operations securely and safely
- PC21.** use e-mail and social media platforms and virtual collaboration tools to work effectively
- PC22.** use basic features of word processor, spreadsheets, and presentations

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC23.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC24.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC25.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC26.** identify different types of customers
- PC27.** identify and respond to customer requests and needs in a professional manner.

Qualification Pack

PC28. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC29. create a professional Curriculum vitae (Résumé)

PC30. search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively

PC31. apply to identified job openings using offline /online methods as per requirement

PC32. answer questions politely, with clarity and confidence, during recruitment and selection

PC33. identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills and different learning and employability related portals

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up

KU6. importance of career development and setting long- and short-term goals

KU7. about effective communication

KU8. POSH Act

KU9. Gender sensitivity and inclusivity

KU10. different types of financial institutes, products, and services

KU11. how to compute income and expenditure

KU12. importance of maintaining safety and security in offline and online financial transactions

KU13. different legal rights and laws

KU14. different types of digital devices and the procedure to operate them safely and securely

KU15. how to create and operate an e- mail account and use applications such as word processors, spreadsheets etc.

KU16. how to identify business opportunities

KU17. types and needs of customers

KU18. how to apply for a job and prepare for an interview

KU19. apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. read and write different types of documents/instructions/correspondence

GS2. communicate effectively using appropriate language in formal and informal settings

Qualification Pack

- GS3.** behave politely and appropriately with all
- GS4.** how to work in a virtual mode
- GS5.** perform calculations efficiently
- GS6.** solve problems effectively
- GS7.** pay attention to details
- GS8.** manage time efficiently
- GS9.** maintain hygiene and sanitization to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Qualification Pack

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
