HCS/N9914: Contribute to achieve quality in traditional hand embroidery work

Description

This unit is about achievement of quality excellence while carrying out traditional hand embroidery and related activities to ensure that the embroidered product meet specifications and quality.

Scope

The scope covers the following :

- contribute to achieving quality in hand embroidery work and related operations

Elements and Performance Criteria

Contribute to achieving quality in hand embroidery work and related operations

To be competent, the user/individual on the job must be able to:

- PC1.** identify and use materials required based on the specifications provided
- PC2.** ensure that the correct type of fabric is used
- PC3.** ensure that the correct quality of thread is used for the given embroidery technique
- PC4.** ensure that the shape/ size/ pattern/ design is not distorted while embroidering
- PC5.** avoid damage to fabric while embroidering and prevent defects such as needle holes, cuts, etc
- PC6.** ensure that the embroidery floats are of the appropriate size
- PC7.** ensure that the embroidered fabric backs are neat
- PC8.** ensure that there is no shade difference in the colours used
- PC9.** maintain the correct tension while embroidering to avoid puckering and uneven embroidery
- PC10.** avoid soiling of the fabric/ product while carrying out embroidery
- PC11.** store the embroidered fabric/ product appropriately
- PC12.** rip the embroidery appropriately to rework on repairable defects in embroidery
- PC13.** ensure uniformity in raw materials, design and techniquea. within a productb. between pair/ set of products
- PC14.** apply allowed tolerances
- PC15.** ensure that the extra yarns are clipped neatly
- PC16.** take the necessary actions when materials do not conform to quality standards
- PC17.** identify repairable defects and rework on them
- PC18.** maintain the required productivity and quality levels
- PC19.** report to the concerned authority when the workflow of other production areas disrupts work
- PC20.** carry out quality checks at specified intervals according to instructions

Knowledge and Understanding (KU)

Qualification Pack

The individual on the job needs to know and understand:

- KU1.** safe working practices and organisational procedures
- KU2.** the organisation's procedures and guidelines
- KU3.** quality systems and processes practiced in the organization
- KU4.** equipment operating procedures / manufacturer's instructions
- KU5.** types of problems with quality and how to report them to appropriate people
- KU6.** methods to present any ideas for improvement to supervisor
- KU7.** the importance of complying with written instructions
- KU8.** limits of personal responsibility
- KU9.** reporting procedure in case of faults in own/ other processes
- KU10.** different types of stitches and their use
- KU11.** types of fabrics used for embroidery
- KU12.** types of threads used for embroidery
- KU13.** appropriate usage of the measuring tape
- KU14.** appropriate usage of tools used in embroidery
- KU15.** common embroidery defects

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** write in local language
- GS2.** read measurements and instructions
- GS3.** listen effectively and orally communicate information accurately
- GS4.** ask for clarification and advice from others
- GS5.** follow organization's rule-based decision making process
- GS6.** take decision with systematic course of actions and/or response
- GS7.** plan and organize your work to achieve targets and deadlines
- GS8.** manage relationships with customers
- GS9.** build customer relationships and use customer centric approach
- GS10.**
 - think through a problem, evaluate the possible solution(s) and suggest an optimum /best
 - possible solution(s)
- GS11.** identify immediate or temporary solutions to resolve delays
- GS12.** analyze data and activities
- GS13.** pass on relevant information to others
- GS14.**
 - apply, analyze, and evaluate the information gathered from observation, experience,
 - reasoning, or communication, as a guide to thought and action

HCS/N9915: Supervise hand embroidery production

Description

This unit provides performance criteria, knowledge & understanding and skills & abilities required to supervise the production of traditional hand embroidery products as per order specifications.

Scope

The scope covers the following :

- understanding design
- collecting raw material
- distributing raw materials for production
- assessing production quality
- collecting embroidered pieces

Elements and Performance Criteria

Understanding design

To be competent, the user/individual on the job must be able to:

- PC1.** collect all the information required for making the product or embroidered piece
- PC2.** understand the design specifications
- PC3.** make instructions or sample/ prototype for explaining to the traditional hand embroiderers
- PC4.** understand the raw material specification

Collecting raw material

To be competent, the user/individual on the job must be able to:

- PC5.** collect the threads required for production as per specifications
- PC6.** ensure the optimum quantity of yarns/ threads are sourced for distribution
- PC7.** collect the block printed or traced fabric for production
- PC8.** ensure the correct quantity and correct design (layout and size) are embroidered

Distributing raw materials for production

To be competent, the user/individual on the job must be able to:

- PC9.** identify the traditional hand embroiderers suitable for carrying out the production
- PC10.** distribute the correct quantity of raw materials to each traditional hand embroiderer
- PC11.** set timelines for production
- PC12.** explain the design specifications to the traditional hand embroiderer
- PC13.** clear doubts about design and techniques, if any

Assessing production quality

To be competent, the user/individual on the job must be able to:

- PC14.** carry out periodic or random checks during production
- PC15.** carry out replenishment of raw materials/ threads, if needed
- PC16.** carry out checking and rectification of defects/ anomalies/ inappropriate embroidery

Qualification Pack

PC17. take steps to ensure that the production is delivered on time

Collecting embroidered pieces

To be competent, the user/individual on the job must be able to:

PC18. carry out collection of embroidered pieces as per schedule

PC19. ensure that the collected pieces meet requirements

PC20. apply permissible tolerances and take appropriate steps for rejects

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. safe working practices and organisational procedures

KU2. the organisation's procedures and guidelines

KU3. quality systems and processes practiced in the organization

KU4. equipment operating procedures / manufacturers instructions

KU5. types of problems with quality and how to report them to appropriate people

KU6. methods to present any ideas for improvement to supervisor

KU7. the importance of complying with written instructions

KU8. limits of personal responsibility

KU9. reporting procedure in case of faults in own/ other processes

KU10. design specifications

KU11. process flow of traditional hand embroidery

KU12. different types of stitches and their use

KU13. types of fabrics used for embroidery

KU14. types of threads used for embroidery

KU15. common embroidery defects

KU16. rectifiable and non-rectifiable defects

KU17. basic quality standards/requirements

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. write in local language

GS2. read measurements and instructions

GS3. listen effectively and orally communicate information accurately

GS4. ask for clarification and advice from others

GS5. follow organisation's rule-based decision making process

HCS/N9908: Working in a Team

Description

This unit is about working as part of a team in the process.

Elements and Performance Criteria

Commitment and trust

To be competent, the user/individual on the job must be able to:

- PC1.** Be accountable to ones own role in whole process.
- PC2.** Perform all roles with full responsibility.

Communication

To be competent, the user/individual on the job must be able to:

- PC3.** Report problems faced during the process.
- PC4.** Talk politely with other team members and colleagues.
- PC5.** Submit daily report of own performance.

Adaptability

To be competent, the user/individual on the job must be able to:

- PC6.** Adjust in different work situations.
- PC7.** Give due importance to others point of view.
- PC8.** Avoid conflicting situations.

Creative freedom

To be competent, the user/individual on the job must be able to:

- PC9.** Develop new ideas for work procedures
- PC10.** Improve upon the existing techniques to increase process efficiency

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** General rules and regulations in the sector.
- KU2.** Procedure followed to get the final output.
- KU3.** Safe working practices to be adopted.
- KU4.** Reporting to the supervisor or higher authority about any grievances faced.
- KU5.** Understanding the importance of the previous and next step of the process.
- KU6.** Process flow in the handicraft section.
- KU7.** Material sequence of flow.
- KU8.** Functions of different parts of product development.
- KU9.** Tools and equipments used.
- KU10.** Guidelines for operating the equipment.
- KU11.** Safety procedures to be followed as applicable.

Qualification Pack

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Prepare status and progress reports.
- GS2.** Write memos and e-mail to co-workers, and vendors to provide them with work updates and to request appropriate information without English language errors regarding grammar or sentence construct.
- GS3.** Keep abreast with the latest knowledge by reading brochures, pamphlets, and product information sheets.
- GS4.** Discuss task lists, schedules, and work-loads with co-workers.
- GS5.** Keep co-workers and supervisors informed about progress.
- GS6.** Make decisions pertaining to the concerned area of work.

- PC5.** recognize the significance of 21st Century Skills for employment
- PC6.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life

Basic English Skills

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC7.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC8.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC9.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC10.** understand the difference between job and career
- PC11.** prepare a career development plan with short- and long-term goals, based on aptitude

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC12.** follow verbal and non-verbal communication etiquette and active listening techniques in various settings
- PC13.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC14.** communicate and behave appropriately with all genders and PwD
- PC15.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC16.** select financial institutions, products and services as per requirement
- PC17.** carry out offline and online financial transactions, safely and securely
- PC18.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC19.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC20.** operate digital devices and carry out basic internet operations securely and safely
- PC21.** use e- mail and social media platforms and virtual collaboration tools to work effectively
- PC22.** use basic features of word processor, spreadsheets, and presentations

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC23.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC24.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC25.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC26.** identify different types of customers
- PC27.** identify and respond to customer requests and needs in a professional manner.

Qualification Pack

PC28. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC29. create a professional Curriculum vitae (Résumé)

PC30. search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively

PC31. apply to identified job openings using offline /online methods as per requirement

PC32. answer questions politely, with clarity and confidence, during recruitment and selection

PC33. identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills and different learning and employability related portals

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up

KU6. importance of career development and setting long- and short-term goals

KU7. about effective communication

KU8. POSH Act

KU9. Gender sensitivity and inclusivity

KU10. different types of financial institutes, products, and services

KU11. how to compute income and expenditure

KU12. importance of maintaining safety and security in offline and online financial transactions

KU13. different legal rights and laws

KU14. different types of digital devices and the procedure to operate them safely and securely

KU15. how to create and operate an e- mail account and use applications such as word processors, spreadsheets etc.

KU16. how to identify business opportunities

KU17. types and needs of customers

KU18. how to apply for a job and prepare for an interview

KU19. apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. read and write different types of documents/instructions/correspondence

GS2. communicate effectively using appropriate language in formal and informal settings

Qualification Pack

- GS3.** behave politely and appropriately with all
- GS4.** how to work in a virtual mode
- GS5.** perform calculations efficiently
- GS6.** solve problems effectively
- GS7.** pay attention to details
- GS8.** manage time efficiently
- GS9.** maintain hygiene and sanitization to avoid infection

HCS/N7321: Prepare and carry out making of Phulkari embroidery as per given specifications

Description

This unit is about undertaking preparations and carrying out making of Phulkari embroidery sample making as per specifications provided.

Scope

The scope covers the following :

- prepare for Phulkari embroidery sample embroidering
- carry out making of Phulkari embroidery sample as per the given specifications

Elements and Performance Criteria

Prepare for Phulkari embroidery sample embroidering

To be competent, the user/individual on the job must be able to:

- PC1.** understand client brief/ requirements for sample making
- PC2.** analyse the given design specification or design artwork or design sample of the embroidered product
- PC3.** understand the embroidery stitches to be used for making the sample
- PC4.** check the fabric and ensure that it meets the requirements provided
- PC5.** select the appropriate quality, colours and quantity of the threads to be used for embroidery
- PC6.** select the appropriate needle as per the fabric and threads to be used
- PC7.** select the correct block/s or get the correct tracing made for the required design
- PC8.** ensure that the tracing/ block printing of design on the fabric is appropriately done
- PC9.** attach the embroidery frame to the fabric appropriately
- PC10.** estimate the time required to complete the given embroidery work
- PC11.** report defective materials to the person concerned
- PC12.** minimise and dispose the waste materials in the approved manner
- PC13.** carry out operations at a rate which maintains workflow

Carry out making of Phulkari embroidery sample as per the given specifications

To be competent, the user/individual on the job must be able to:

- PC14.** ensure that the raw materials are prepared as per requirements
- PC15.** carry out long and short darning stitch (locally known as phulkari stitch)
- PC16.** carry out phulkari stitch to fill the given motif/ shape as per requirement
- PC17.** ensure that the phulkari stitch length is about cm or inch or as per requirement
- PC18.** carry out chain stitch
- PC19.** carry out herringbone stitch
- PC20.** carry out satin stitch
- PC21.** carry out stem stitch

Qualification Pack

- PC22.** Carry out blanket stitch
- PC23.** Carry out cross stitch
- PC24.** Embroider designs using phulkari stitch and other above mentioned stitches
- PC25.** Ensure that the correct colour threads are used to embroider the design as per specifications
- PC26.** Avoid damage to fabric/ product while carrying out embroidery
- PC27.** Start and end the embroidery thread neatly
- PC28.** Cut the extra threads appropriately while embroidering

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** your organizations policies, procedures, guidelines and standards for quality
- KU2.** safe working practices and organisational procedures
- KU3.** quality systems and other processes practiced in the organization
- KU4.** types of problems with quality and how to report them to appropriate people
- KU5.** the importance of complying with written instructions
- KU6.** reporting procedure in case of faults in own/ other processes
- KU7.** who to refer problems to when they are outside the limit of your authority
- KU8.** your organizations tools, templates and processes for phulkari embroidery and supervision in production
- KU9.** guidelines for storage and disposal of waste materials
- KU10.** potential hazards associated with the machines and the safety precautions that must be taken
- KU11.** protocol to obtain more information on work related tasks
- KU12.** contact person in case of queries on procedure or products and for resolving issues related to defective machines, tools and/or equipment
- KU13.** details of the job role and responsibilities
- KU14.** process for offering/ obtaining work related assistance
- KU15.** process of producing phulkari embroidery
- KU16.** types of threads used in phulkari embroidery
- KU17.** different types of fabrics and their usage
- KU18.** tools used for embroidery like needles, clippers, scissors, etc
- KU19.** about the embroidery frame and its usage
- KU20.** basics of colour and colour combinations
- KU21.** the embroidering of long and short darning stitch (also known as phulkari stitch) in different phulkari designs
- KU22.** The other stitches used in phulkari namely, chain stitch, herringbone, satin stitch, stem stitch and blanket stitch
- KU23.** The usage of the above embroidery stitches
- KU24.** Different motifs and designs used in Phulkari
- KU25.** The uniqueness of Phulkari embroidery

Qualification Pack

KU26. The quality aspects of Phulkari embroidery

Generic Skills (GS)

HCS/N7302: Prepare and carry out making Chikankari embroidery

Description

This unit is about preparing for carrying out Chikankari embroidery.

Scope

The scope covers the following :

- prepare for carrying out Chikankari embroidery
- carry out Chikankari embroidery as per the given specifications

Elements and Performance Criteria

Prepare for carrying out Chikankari embroidery

To be competent, the user/individual on the job must be able to:

- PC1.** analyse the given design specification or design artwork or design sample of the embroidered product
- PC2.** understand the chikankari stitches to be used in the given design
- PC3.** check with supervisor when in doubt about new product details
- PC4.** check the fabric and ensure that it meets the requirements provided
- PC5.** select the appropriate quality, colours and quantity of the threads to be used for embroidery
- PC6.** select the appropriate needle as per the fabric and threads to be used
- PC7.** ensure that the tracing/ block printing of design on the fabric is appropriately done
- PC8.** attach the embroidery frame to the fabric appropriately
- PC9.** estimate the time required to complete the given embroidery work
- PC10.** report defective materials to the concerned authority
- PC11.** minimise wastage and dispose the waste materials in the approved manner
- PC12.** carry out operations at a rate which maintains workflow

Carry out Chikankari embroidery as per the given specifications

To be competent, the user/individual on the job must be able to:

- PC13.** ensure that the raw materials are prepared as per requirements
- PC14.** carry out tepchi or running stitch
- PC15.** carry out rahet or stem stitch
- PC16.** carry out zanjeera or chain stitch
- PC17.** carry out kaaj or buttonhole stitch
- PC18.** carry out pechni stitch
- PC19.** carry out ulta bakhiya stitch
- PC20.** carry out seedha bakhiya stitch
- PC21.** carry out kaudi stitch
- PC22.** carry out ghas patti

Qualification Pack

- PC23.** carry out kangan
- PC24.** carry out keel
- PC25.** carry out bijli
- PC26.** carry out phanda
- PC27.** carry out murri
- PC28.** carry out hathkati
- PC29.** carry out hool
- PC30.** carry out the different types of jaalis used in Chikankari embroidery
- PC31.** carry out the making of embroidery designs using a combination of the above stitches
- PC32.** ensure that the embroidery stitches are even
- PC33.** avoid damage to fabric/ product while carrying out embroidery

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** the organization's policies, procedures, guidelines and standards for quality
- KU2.** safe working practices and organisational procedures
- KU3.** quality systems and other processes practiced in the organization
- KU4.** guidelines for storage and disposal of waste materials
- KU5.** different types of quality problems that can occur in an embroidered product and how to report them to concerned authority
- KU6.** the importance of complying with written instructions
- KU7.** who to refer problems to when they are outside the purview of one's authority
- KU8.** the organization's tools, templates and processes for Chikankari embroidery in production
- KU9.** protocol to seek more information on work related tasks
- KU10.** the concerned authority in case of queries related to on procedure or products and for resolving issues related to own/ other processes, defective machines, tools and/or equipment
- KU11.** details of the job role and responsibilities
- KU12.** work target and review mechanism with your supervisor
- KU13.** method of obtaining/ giving feedback related to performance
- KU14.** process for offering/ obtaining work related assistance
- KU15.** process of producing Chikankari embroidery
- KU16.** types of threads used in Chikankari embroidery
- KU17.** different types of fabrics and their usage
- KU18.** tools used for embroidery like needles, clippers, scissors, etc
- KU19.** about the embroidery frame and its usage
- KU20.** basics of colour and combinations

Qualification Pack

- KU21.** the different stitches used in Chikankari, such as - tepchi or running stitch, rahet or stem stitch, zanjeera or chain stitch, kaaj or buttonhole stitch, pechni stitch, ulta bakhiya stitch, seedha bakhiya stitch, kaudi stitch, ghas patti, kangan, keel, bijli, phanda, murri, hathkati, hool

Qualification Pack

HCS/N7323: Prepare and carry out making zari zardozi embroidery sample as per given specification

Description

This unit is about undertaking preparations and carrying out making of Zari- Zardozi embroidery samples as per specifications provided.

Scope

The scope covers the following :

- understand sample details
- collect and prepare raw materials and tools
- prepare the adda/ wooden frame
- carry out making of Zari
- Zardozi embroidery sample as per given specifications

Elements and Performance Criteria

Understand sample details

To be competent, the user/individual on the job must be able to:

- PC1.** understand client brief/ requirements for sample making
- PC2.** analyse the given design specification or design artwork or design sample of the embroidered product
- PC3.** identify the embellishments and stitches to be used for the sample
- PC4.** check with in charge /others when unsure of new product details

Collect and prepare raw materials and tools

To be competent, the user/individual on the job must be able to:

- PC5.** identify and select the correct fabric as per requirement
- PC6.** check the fabric and ensure that it meets the requirements provided
- PC7.** select the appropriate quality, colours and quantity of the threads to be used for embroidery
- PC8.** select and prepare the appropriate needle/aari as per the technique to be used
- PC9.** mark the fabric as per requirement/pattern
- PC10.** ensure that the tracing of design on the fabric is appropriately done as per requirement
- PC11.** prepare the different kinds of metallic wires like dabka, gizai as per requirements
- PC12.** prepare the tilla/kasab and other threads

Prepare the adda/wooden frame

To be competent, the user/individual on the job must be able to:

- PC13.** select the appropriate size of adda
- PC14.** attach the fabric to the wooden beams (farad) appropriately
- PC15.** maintain appropriate tension while rolling and attaching the fabric to the beam
- PC16.** fix all the four beams of the adda with opposite beams parallel to each other

Qualification Pack

- PC17.** ensure that the fabric is not damaged during the above process
- PC18.** estimate the time required to complete the given sample
- PC19.** report or replace defective materials
- PC20.** minimise and dispose the waste materials in the approved manner
- PC21.** carry out operations at a rate which maintains workflow

Carry out making of Zari- Zardozi embroidery sample as per given specifications

To be competent, the user/individual on the job must be able to:

- PC22.** Ensure that the raw materials are prepared as per requirements
- PC23.** Handle the aari appropriately to carry out chain stitch
- PC24.** Ensure that the appropriate tension of threads and evenness while carrying out chain stitch using aari
- PC25.** Carry out couching using aari/needle
- PC26.** Carry out satin stitch using aari/needle
- PC27.** Carry couching of different metallic springs like dabka, gizai, etc
- PC28.** Carry out embroidery using different types of beads (moti, cutdan, etc)
- PC29.** Carry out couching of metallic threads (tilla, kasab, etc)
- PC30.** Carry out embroidery using different varieties and shapes of sequins
- PC31.** Carry out embroidery using chain stitch with different threads to make decorative designs
- PC32.** Carry out the use of different sizes of aari needles for attaching different beads & sequins
- PC33.** Make decorative designs using a combination of different techniques and embellishments as per given specifications
- PC34.** Ensure that the correct colour of embellishments and threads are used to embroider the design as per specifications
- PC35.** Avoid damage to fabric/ product while carrying out embroidery

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** your organizations policies, procedures, guidelines and standards for quality
- KU2.** safe working practices and organisational procedures
- KU3.** quality systems and other processes practiced in the organization
- KU4.** guidelines for storage and disposal of waste materials
- KU5.** types of problems with quality and how to report them to appropriate people
- KU6.** the importance of complying with written instructions
- KU7.** who to refer problems to when they are outside the limit of your authority
- KU8.** your organizations tools, templates and processes for zari-zardozi embroidery in production
- KU9.** protocol to obtain more information on work related tasks
- KU10.** contact person in case of queries on procedure or products and for resolving issues related to own/ other processes, defective machines, tools and/or equipment
- KU11.** details of the job role and responsibilities
- KU12.** work target and review mechanism with your supervisor

Qualification Pack

- KU13.** method of obtaining/ giving feedback related to performance
- KU14.** process for offering/ obtaining work related assistance
- KU15.** process of producing zari-zardozi embroidery
- KU16.** about the adda, its type, parts, sizes and other details
- KU17.** step by step process of preparing the adda
- KU18.** about aari and its appropriate use
- KU19.** different metallic wires used
- KU20.** different embellishments used like sequins, beads, etc.
- KU21.** different metallic springs like dabka, gizai and their varieties used
- KU22.** Types of threads used in Zari-Zardozi embroidery
- KU23.** Properties of different embellishments used like sequins, beads, etc.
- KU24.** Different types of fabrics and their usage
- KU25.** Different designs used in Zari-Zardozi embroidery
- KU26.** Basics of colour and combinations
- KU27.** Techniques and stitches used- chain stitch using aari, satin stitch using aari
- KU28.** Design tracing process
- KU29.** The uniqueness of Zari-Zardozi embroidery

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** write in local language
- GS2.** read a instructions/specifications in local language
- GS3.** listen effectively and orally communicate information accurately
- GS4.** ask for clarification and advice from others
- GS5.** follow organization rule-based decision making process
- GS6.** take decision with systematic course of actions and/or response
- GS7.** plan and organize your work to achieve targets and deadlines
- GS8.** manage relationships with customers
- GS9.** build customer relationships and use customer centric approach
- GS10.** think through the problem, evaluate the possible solution(s) and suggest an optimum /best possible solution(s)
- GS11.** identify immediate or temporary solutions to resolve delays
- GS12.** analyze data and activities
- GS13.** pass on relevant information to others
- GS14.** apply, analyze, and evaluate the information gathered from observation, experience, reasoning, or communication, as a guide to thought and action

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.

Qualification Pack

7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Minimum Passing % at NOS Level: 50

(Please note: A Trainee must score the minimum percentage for each NOS separately as well as on the QP as a whole.)

Assessment Weightage

Compulsory NOS

National Occupational Standards	Theory Marks	Practical Marks	Project Marks	Viva Marks	Total Marks	Weightage

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
