HCS/Q7303: Applique Artisan

Brief Job Description

An Applique Artisan creates decorative designs by sewing fabric pieces onto a base material. They use various colours and textures to add unique patterns and embellishments to textiles.

Personal Attributes

An Applique Artisan is creative and detail-oriented, with a strong sense of colour and design. Their patience and precision enable them to produce beautiful, intricate textile art.

HCS/N7373: Prepare for Applique Work

Description

The role involves preparing for applique work by selecting appropriate materials, ensuring proper design interpretation, and organizing the required tools and workspace.

Scope

The scope covers the following :

- Understand Project Requirements
- Select and Prepare Materials
- Set Up the Workstation and Tools

Elements and Performance Criteria

Understand Project Requirements

To be competent, the user/individual on the job must be able to:

- PC1.** Study and interpret the project brief, including design, size, and client specifications.
- PC2.** Identify the purpose of the applique piece (e.g., home decor, apparel, accessories).
- PC3.** Clarify technical or design doubts with the client or designer.
- PC4.** Estimate the time and effort required for completing the project.

Select and Prepare Materials

To be competent, the user/individual on the job must be able to:

- PC5.** Identify and select the appropriate base fabric and applique materials.
- PC6.** Verify fabric properties such as texture, colourfastness, and durability.
- PC7.** Choose complementary threads, embellishments, and trims for the design.
- PC8.** Ensure all materials are free from defects such as stains, holes, or uneven color tones.
- PC9.** Procure additional materials or replacements in case of quality issues.

Set Up the Workstation and Tools

To be competent, the user/individual on the job must be able to:

- PC10.** Organize tools, including scissors, needles, tracing paper, and marking pens, for easy access.
- PC11.** Inspect and ensure proper functioning of tools like sewing machines, tracing tools, and irons.
- PC12.** Maintain an ergonomic workspace to minimize physical strain during work.
- PC13.** Prepare a clean and dust-free workstation to avoid contamination of materials.
- PC14.** Create a checklist of materials and tools to ensure readiness before starting work.
- PC15.** Follow safety procedures when handling sharp tools and electrical equipment.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

Qualification Pack

- KU1.** Organizational standards, guidelines, and quality expectations for applique work.
- KU2.** Roles and responsibilities within the team and workflow hierarchy.
- KU3.** Policies for material usage, waste disposal, and environmental sustainability.
- KU4.** Different types of fabrics used as base material and applique material.
- KU5.** Characteristics of threads, needles, and other sewing supplies.
- KU6.** Usage and maintenance of tools like scissors, rotary cutters, and sewing machines.
- KU7.** Techniques for reading and interpreting design specifications, motifs, and patterns.
- KU8.** Principles of symmetry, alignment, and proportion in applique work.
- KU9.** Methods of cutting fabric pieces accurately to match design templates.
- KU10.** Tracing and marking techniques for precise placement of applique pieces.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Ability to communicate clearly and effectively with supervisors, clients, and team members.
- GS2.** Plan and prioritize tasks to meet production deadlines efficiently.
- GS3.** Identify issues such as material defects or tool malfunctions and take corrective action.
- GS4.** Work effectively in a team environment to coordinate tasks with colleagues.
- GS5.** Use measurements and calculations for precise fabric cutting and placement.
- GS6.** Handle tools such as scissors, rotary cutters, needles, and tracing materials with precision.
- GS7.** Operate sewing machines and other equipment safely and efficiently.
- GS8.** Conduct quality checks for fabric, tools, and finished preparations.
- GS9.** Adhere to organizational standards and client expectations for aesthetic appeal and durability.
- GS10.** Apply color theory and design principles to enhance the visual appeal of applique work.
- GS11.** Optimize the use of materials to minimize waste and reduce costs.
- GS12.** Deliver high-quality work to ensure customer satisfaction and build trust.

HCS/N7374: Perform Applique Stitching

Description

This unit covers the skills and knowledge required to perform applique stitching. The role involves stitching applique pieces onto base fabrics as per design specifications, ensuring precision, durability, and aesthetic quality.

Scope

The scope covers the following :

- Cut Fabrics as Per Design
- Stitch Pieces with Precision
- Use Decorative Techniques

Elements and Performance Criteria

Cut Fabrics as Per Design

To be competent, the user/individual on the job must be able to:

- PC1.** Trace design templates accurately onto applique and base fabrics.
- PC2.** Cut fabric shapes precisely to match the design dimensions and outline.
- PC3.** Use cutting tools effectively to achieve clean edges and prevent fraying.
- PC4.** Optimize fabric usage to minimize wastage while ensuring design accuracy.
- PC5.** Verify the cut shapes against the template for size and alignment consistency.

Stitch Pieces with Precision

To be competent, the user/individual on the job must be able to:

- PC6.** Arrange applique pieces on the base fabric following the design layout.
- PC7.** Secure applique pieces temporarily with pins, adhesive, or basting stitches.
- PC8.** Use suitable hand or machine stitching techniques, such as satin stitch or running stitch, for neat attachment.
- PC9.** Maintain consistent stitch length and tension for durability and aesthetic appeal.
- PC10.** Reinforce edges of the applique pieces to prevent wear and tear during use.
- PC11.** Handle delicate or intricate designs with care to avoid distortion.

Use Decorative Techniques

To be competent, the user/individual on the job must be able to:

- PC12.** Add embellishments such as sequins, beads, or decorative threads to enhance the design.
- PC13.** Match embellishment styles and colors with the overall theme of the project.
- PC14.** Test decorative elements for stability and durability before application.
- PC15.** Apply decorative details in a way that maintains balance and visual harmony in the design.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

Qualification Pack

- KU1.** Organizational standards, guidelines, and quality expectations for applique work.
- KU2.** Roles and responsibilities within the team and reporting structure.
- KU3.** Workflow and timelines for completing stitching tasks.
- KU4.** Guidelines for maintaining safety, cleanliness, and hygiene in the workplace.
- KU5.** Types of fabrics commonly used for applique work (e.g., cotton, silk, polyester).
- KU6.** Characteristics and proper usage of threads, needles, scissors, and fabric markers.
- KU7.** Sewing machine types and their settings (manual and automated).
- KU8.** Types of stitches used in applique work (e.g., straight stitch, zigzag stitch, satin stitch).
- KU9.** Methods for securing applique edges to prevent fraying or detachment.
- KU10.** Understanding color combinations and matching thread colors to applique and base fabric.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Ability to communicate clearly and effectively with supervisors, clients, and team members.
- GS2.** Plan and prioritize tasks to meet production deadlines efficiently.
- GS3.** Identify issues such as material defects or tool malfunctions and take corrective action.
- GS4.** Work effectively in a team environment to coordinate tasks with colleagues.
- GS5.** Use measurements and calculations for precise fabric cutting and placement.
- GS6.** Operate sewing machines and other equipment safely and efficiently.
- GS7.** Conduct quality checks for fabric, tools, and finished preparations.
- GS8.** Adhere to organizational standards and client expectations for aesthetic appeal and durability.
- GS9.** Apply color theory and design principles to enhance the visual appeal of applique work.

HCS/N7375: Ensure Quality and Finishing

Description

This unit covers the skills and knowledge required to ensure the quality and finishing of completed products, of applique work.

Scope

The scope covers the following :

- Inspect Work for Quality
- Finalize the Product
- Maintain Quality Standards

Elements and Performance Criteria

Inspect Work for Quality

To be competent, the user/individual on the job must be able to:

- PC1.** Check the alignment and placement of applique patterns on the base fabric.
- PC2.** Inspect stitching for uniformity, neatness, and strength.
- PC3.** Identify and fix defects such as loose threads, uneven edges, or misaligned patterns.
- PC4.** Ensure all embellishments are securely attached and enhance the design aesthetics.
- PC5.** Verify that the final design meets client specifications and organizational quality standards.

Finalize the Product

To be competent, the user/individual on the job must be able to:

- PC6.** Trim excess threads, adhesive marks, or fabric remnants from the finished piece.
- PC7.** Clean the fabric to remove chalk marks, stains, or dirt accumulated during the process.
- PC8.** Iron the applique work to achieve a smooth and professional finish.
- PC9.** Package the finished product securely to prevent damage during storage or transport.
- PC10.** Label the product with essential details such as fabric type, care instructions, and client order number.

Maintain Quality Standards

To be competent, the user/individual on the job must be able to:

- PC11.** Follow organizational standards for colourfastness, durability, and aesthetic quality.
- PC12.** Ensure all materials used are safe, eco-friendly, and comply with industry standards.
- PC13.** Record details of completed projects, including materials used and time taken, for reference.
- PC14.** Seek feedback from clients on the quality of the finished product.
- PC15.** Use client feedback to identify areas for improvement in design or technique.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

Qualification Pack

- KU1.** Organizational standards, guidelines, and quality expectations for applique work.

HCS/N9901: Coordinate with colleagues and work as a team

Description

This NOS describes the communication and coordination skills and knowledge to work with colleagues and supervisor to achieve a smooth and hazard-free workflow.

Scope

The scope covers the following :

- interact with supervisor or superior
- work as a team by coordinating with colleagues within and outside the department and include inputs on PwD & Gender Sensitisation
- report and Document

Elements and Performance Criteria

Interact with supervisor or superior

To be competent, the user/individual on the job must be able to:

- PC1.** comply with health, safety gender, and PwD (People with disability) related instructions applicable to the workplace
- PC2.** actively participate in mock drills/ evacuation procedures; group discussions, training sensitization programs for gender, and PwD awareness organized at the workplace.
- PC3.** receive job orders and instructions from reporting supervisor and receive feedback on work standards.
- PC4.** understand the work output requirements, targets, performance indicators and incentives.
- PC5.** deliver quality work on time and report any anticipated reasons for delays and handover completed work to supervisor
- PC6.** report on any grievances, production defects and any potential hazards.

Work as a team by coordinating with colleagues within and outside the department and include inputs on PwD & Gender Sensitisation

To be competent, the user/individual on the job must be able to:

- PC7.** communicate maintenance and repair schedule proactively to the supervisor
- PC8.** interact and clarify doubts on design, usage of materials & tools, quality & standards compliance, etc.

Report and Document

To be competent, the user/individual on the job must be able to:

- PC9.** report in time for shortage or need of raw materials
- PC10.** communicate with colleagues from within and other departments, clearly and effectively on all aspects to carry out the work among the team
- PC11.** maintain the etiquette, use polite language, demonstrate responsible and disciplined behavior towards colleagues.
- PC12.** put team over individual goals and multi-task or share work where necessary supporting the colleagues.

Qualification Pack

PC13. document all the details accurately relating to ones role as required.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** knowledge about the importance of gender equality being followed in the organization and policies for reporting any harassment or inappropriate behavior
- KU2.** knowledge about how to accommodate employees with disabilities etiquette to adhere to and proper language and terminology
- KU3.** knowledge about how to communicate, offer help, respecting space, parking etc. for people with disabilities or special needs
- KU4.** knowledge about promoting a safe, accessible and healthy workplace for disabled employees
- KU5.** company's policies on preferred language of communication, incentives, quality standards, personnel management, reporting and escalation matrix policy.
- KU6.** company's standard operating procedure (sop) and the risk and impact of not following them.
- KU7.** procedures for working with colleagues, his/her role and responsibilities in relation to this
- KU8.** organizational hierarchy and the line of reporting structure and work target and review mechanism
- KU9.** procedures to report employment related issues and to deal with conflicts
- KU10.** importance of the individuals role in the organizational workflow and details of the individual responsibilities
- KU11.** tools and equipment handling procedure and common potential hazards in the work place and the procedures to deal with them
- KU12.** effective communication with various categories of people and the different departments in the organization
- KU13.** to document the job activity as required like the check sheets, history sheets, etc
- KU14.** expressing and addressing grievances appropriately, deal with difficult work relationships and manage the internal conflicts effectively

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** create a positive and inclusive workplace atmosphere without any kind of bias/discrimination towards any employee
- GS2.** actively take part in any discussion/workshop organized for gender sensitization training
- GS3.** read and comprehend written instructions related to gender equality issues in the organization
- GS4.** identify and report any harassment or inappropriate behavior towards any employee
- GS5.** create a positive and inclusive workplace atmosphere without any kind of bias/discrimination towards any employee with disability or special needs
- GS6.** actively take part in any discussion/workshop organized for disability sensitization training.

Qualification Pack

- GS7.** read and comprehend written instructions related to equality issues in the organization related to disabled persons
- GS8.** read job sheets, design sheet and information displayed at the workplace
- GS9.** read and understand manuals, health and safety instructions, memos etc
- GS10.** fill up documentation to ones role
- GS11.** communicate effectively with supervisor
- GS12.** contribute to quality of team work and achieve smooth workflow
- GS13.** improve work processes by interacting with others and adopting best practices

HCS/N9913: Maintain health, safety and security at workplace

Description

This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required to comply with health, safety and security requirements at the workplace and covers procedures to prevent, control and minimise risk to self and others.

Elements and Performance Criteria

Comply with health, safety and security requirements at work

To be competent, the user/individual on the job must be able to:

- PC1.** Comply with health and safety related instructions applicable to the workplace.
- PC2.** Use and maintain personal protective equipment as per protocol.
- PC3.** Carry out own activities in line with approved guidelines and procedures.
- PC4.** Maintain a healthy lifestyle and guard against dependency on intoxicants.
- PC5.** Follow environment management system related procedures.
- PC6.** Store materials and tools in line with manufacturers and organisational requirements.
- PC7.** Safely handle and move waste and debris.
- PC8.** Minimize health and safety risks to self and others due to own actions.
- PC9.** Seek clarifications, from supervisors or other authorized personnel in case of perceived risks.
- PC10.** Monitor the workplace and work processes for potential risks and threats.
- PC11.** Carry out periodic walk-through to keep work area free from hazards and obstructions, if assigned.
- PC12.** Report hazards and potential risks/ threats to supervisors or other authorized personnel.
- PC13.** Participate in mock drills/ evacuation procedures organized at the workplace.
- PC14.** Undertake first aid, fire-fighting and emergency response training, if asked to do so.
- PC15.** Take action based on instructions in the event of fire, emergencies or accidents.
- PC16.** Follow organisation procedures for evacuation when required.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Health and safety related practices applicable at the workplace.
- KU2.** Potential hazards, risks and threats based on nature of operations.
- KU3.** Organizational procedures for safe handling of tools.
- KU4.** Potential risks due to own actions and methods to minimize these.
- KU5.** Environmental management system related procedures at the workplace.
- KU6.** Layout of the plant and details of emergency exits, escape routes, emergency equipment and assembly points.
- KU7.** Potential accidents and emergencies and response to these scenarios.

Qualification Pack

- KU8.** Reporting protocol and documentation required.
- KU9.** Details of personnel trained in first aid, fire-fighting and emergency response.
- KU10.** Actions to take in the event of a mock drills/ evacuation procedures or actual accident, emergency or fire.
- KU11.** Occupational health and safety risks and methods.
- KU12.** Personal protective equipment and method of use.
- KU13.** Identification, handling and storage of hazardous substances.
- KU14.** Proper disposal system for waste and by-products.
- KU15.** Signage related to health and safety and their meaning.
- KU16.** Importance of sound health, hygiene and good habits.
- KU17.** Ill-effects of alcohol, tobacco and drugs.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Write in local language.
- GS2.** Read measurement instructions.
- GS3.** Communicate orally with colleagues.
- GS4.** Follow organization rule-based decision making process.
- GS5.** Take decision with systematic course of actions and/or response.
- GS6.** Plan and organize your work to achieve targets and deadlines.
- GS7.** Manage relationships with customers.
- GS8.** Build customer relationships and use customer centric approach.
- GS9.** Think through the problem, evaluate the possible solution(s) and suggest an optimum /best possible solution(s).
- GS10.** Identify immediate or temporary solutions to resolve delays.
- GS11.** Analyze data and activities.
- GS12.** Pass on relevant information to others.
- GS13.** Apply, analyze, and evaluate the information gathered from observation, experience, reasoning, or communication, as a guide to thought and action.

- PC5.** recognize the significance of 21st Century Skills for employment
- PC6.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life

Basic English Skills

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC7.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC8.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC9.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC10.** understand the difference between job and career
- PC11.** prepare a career development plan with short- and long-term goals, based on aptitude

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC12.** follow verbal and non-verbal communication etiquette and active listening techniques in various settings
- PC13.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC14.** communicate and behave appropriately with all genders and PwD
- PC15.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC16.** select financial institutions, products and services as per requirement
- PC17.** carry out offline and online financial transactions, safely and securely
- PC18.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC19.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC20.** operate digital devices and carry out basic internet operations securely and safely
- PC21.** use e- mail and social media platforms and virtual collaboration tools to work effectively
- PC22.** use basic features of word processor, spreadsheets, and presentations

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC23.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC24.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC25.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC26.** identify different types of customers
- PC27.** identify and respond to customer requests and needs in a professional manner.

Qualification Pack

PC28. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC29. create a professional Curriculum vitae (Résumé)

PC30. search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively

PC31. apply to identified job openings using offline /online methods as per requirement

PC32. answer questions politely, with clarity and confidence, during recruitment and selection

PC33. identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills and different learning and employability related portals

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up

KU6. importance of career development and setting long- and short-term goals

KU7. about effective communication

KU8. POSH Act

KU9. Gender sensitivity and inclusivity

KU10. different types of financial institutes, products, and services

KU11. how to compute income and expenditure

KU12. importance of maintaining safety and security in offline and online financial transactions

KU13. different legal rights and laws

KU14. different types of digital devices and the procedure to operate them safely and securely

KU15. how to create and operate an e- mail account and use applications such as word processors, spreadsheets etc.

KU16. how to identify business opportunities

KU17. types and needs of customers

KU18. how to apply for a job and prepare for an interview

KU19. apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. read and write different types of documents/instructions/correspondence

GS2. communicate effectively using appropriate language in formal and informal settings

Qualification Pack

- GS3.** behave politely and appropriately with all
- GS4.** how to work in a virtual mode
- GS5.** perform calculations efficiently
- GS6.** solve problems effectively
- GS7.** pay attention to details
- GS8.** manage time efficiently
- GS9.** maintain hygiene and sanitization to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Qualification Pack

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Minimum Passing % at NOS Level: 50

(Please note: A Trainee must score the minimum percentage for each NOS separately as well as on the QP as a whole.)

Assessment Weightage

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
