HSS/N5501: Review patients records for completeness

Description

This OS unit is about reviewing patients health-related data/records for timeliness, completeness and appropriateness. It also includes organizing and evaluating the record of observations, medical or surgical interventions and treatment outcomes for completeness and accuracy.

Scope

The scope covers the following :

- Assess completeness of patient's medical records

Elements and Performance Criteria

Assess completeness of patient's medical records

To be competent, the user/individual on the job must be able to:

- PC1.** collect the patients health related data from concerned department such as inpatient admission sheet, discharge summary, case history, physician progress notes, consultation notes, operation and procedure notes, diagnostic test reports, etc.
- PC2.** check that all patient related documents are authenticate and complete with presence of all the necessary information as per organizational policies
- PC3.** complete the forms and files by seeking relevant information from the concerned department in case of incomplete documentation
- PC4.** record the documentation using Hospital Information System (HIS) as per organizational policy and procedures

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** relevant legislations, standards, policies, and procedures followed by the provider
- KU2.** importance of maintaining patients confidentiality
- KU3.** how to dress appropriately as per the guidelines of the organization
- KU4.** established protocols for keeping and maintaining medical records as per organizations policy
- KU5.** basic structure and functions of the healthcare system in the country
- KU6.** basic structure and functions of healthcare facilities available at various levels e.g. hospice care, clinics
- KU7.** how to collect health information
- KU8.** medical terminology and their usage covering full range of general medical, surgical, pharmaceutical, hospital terms, medical abstracts, and abbreviations
- KU9.** basic structure and function of the body system

Qualification Pack

- KU10.** various bodily processes such as maintenance of body temperature, fluid and electrolyte balance, elimination of body wastes, maintenance of blood pressure; protection from infection, active and passive physical activities
- KU11.** how to check medical records for required data
- KU12.** correlation of laboratory test results, procedures, and treatments with diagnosis
- KU13.** when to seek the help of nurse or concerned doctor
- KU14.** HIMs: computerized data entry and information processing systems
- KU15.** data collection methods for basic health care and research information

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** write medical reports clearly and concisely in a proper format
- GS2.** use effective written communication protocols
- GS3.** read and correctly interpret work related documents
- GS4.** use effective communication with colleagues and other health professionals while maintaining a professional attitude
- GS5.** communicate with the concerned person if the information provided or the medical records are not complete
- GS6.** code files based on notes accompanying the document
- GS7.** classify and file reports for the ease of retrieval by records
- GS8.** arrange the file management area for easy access and efficiency
- GS9.** develop specific goals and plans to prioritize, organize, and accomplish work
- GS10.** maintain confidentiality of patients data and reports
- GS11.** address lost file issues by checking probable locations and contacting concerned individuals
- GS12.** analyze medical records and diagnoses, to decide how best to code them in a patients medical records
- GS13.** evaluate and apply the information gathered from observation, experience, reasoning, or communication to act efficiently

HSS/N5502: Maintain diseases registries and clinical database

Description

This OS unit describes the skills and knowledge required by a medical records assistant to maintain the disease registry and clinical database appropriately.

Scope

The scope covers the following :

- Assign standard codes and maintain records of disease registries and clinical database

Elements and Performance Criteria

assign standard codes and maintain records of disease registries and clinical database

To be competent, the user/individual on the job must be able to:

- PC1.** identify standard codes related to disease, operation and /or procedure using latest International Classification of Disease (ICD) coding guidelines
- PC2.** assign codes to all medical documents as per the organizational policies
- PC3.** maintain the record of all relevant clinical data in Hospital Information and Management System (HIMS)
- PC4.** maintain disease registers analysing from clinical database that how many patients were diagnosed or undergone treatment for different diseases e.g. heart disease patients, cancer patient, etc.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** relevant legislations, standards, policies, and procedures followed by the provider
- KU2.** importance of maintaining patients confidentiality
- KU3.** how to dress appropriately as per the guidelines of the healthcare provider
- KU4.** established protocols for keeping and maintaining medical records as per organizations policy
- KU5.** basic structure and functions of the healthcare system in the country
- KU6.** basic structure and functions of healthcare facilities available at various levels eg. hospice care, clinics
- KU7.** latest ICD codes and guidelines
- KU8.** government policies on maintenance and retrieval of medical records
- KU9.** medical diseases, terminologies and abbreviations
- KU10.** how to accurately assign correct code to a particular disease
- KU11.** how to identify records that are not coded

Qualification Pack

- KU12.** how to compare the final diagnosis of the inpatient admission sheet to the one recorded on the discharge summary, history and physical and progress report, in addition to the operative and pathology reports
- KU13.** what to do when there are discrepancies in information
- KU14.** how to maintain the patient records in Hospital Information Management System (HIMS)
- KU15.** how to use alphabetic index in medical records
- KU16.** how to refer to the notes, modifiers, and sub terms under the main term
- KU17.** how to follow any cross-reference instructions
- KU18.** how to read instructions, terms, symbols, etc. which may further qualify the code
- KU19.** basic structure and function of the body system
- KU20.** measures for protection from infection

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** use effective written communication protocols
- GS2.** read and correctly interpret work related documents
- GS3.** use effective communication with colleagues and other health professionals while maintaining a professional attitude
- GS4.** communicate with the concerned person if the information provided or the medical records are not complete
- GS5.** code files based on notes accompanying the document
- GS6.** classify and file reports for the ease of retrieval by records
- GS7.** arrange the file management area for easy access and efficiency

HSS/N5509: Store medical records and maintain their confidentiality

Description

This OS unit is about the storage of medical records in record room and maintenance of their confidentiality.

Scope

The scope covers the following :

- Storage and retention of medical records
- Maintain confidentiality

Elements and Performance Criteria

Storage and retention of medical records

To be competent, the user/individual on the job must be able to:

- PC1.** review the medical records for completeness and maintain them as per the organization protocol
- PC2.** store current and past records safely and securely as per organizational policy
- PC3.** retain all important documents (e.g., nurses notes, health care provider notes, diagnostic test reports) etc., for a time specified in the organizational policies
- PC4.** dispose of medical records as per Standard Operating Procedure (SOPs)

Maintain confidentiality

To be competent, the user/individual on the job must be able to:

- PC5.** take written consent of authorized officer or follow organizational policy for sharing any patient related information to others
- PC6.** ensure that medical records are kept secured and treated confidential

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** relevant legislations, standards, policies, and procedures followed by the provider
- KU2.** importance of maintaining patients confidentiality
- KU3.** how to dress appropriately as per the guidelines of the healthcare provider
- KU4.** how to follow established protocols as defined in organizations policy while keeping and maintaining the medical records
- KU5.** basic structure and function of the healthcare system in the country
- KU6.** basic structure and function of healthcare facilities available at various levels, hospice care, clinics
- KU7.** process of releasing any information related to patient records as per organizational policies
- KU8.** how to use correct code

Qualification Pack

- KU9.** how to check and address incomplete data
- KU10.** storage duration of different files i.e. for normal cases, death case and medico-legal case, and for cases related to transplant
- KU11.** how to preserve the records and protect them from insects, termites and prevent them from being exposed to heat, fire, dampness and dust
- KU12.** medical records issuance procedures and how to check related authorization
- KU13.** common purpose for which medical records may be sought by various people
- KU14.** measures to ensure maximum security against loss, tampering and from use by any unauthorized individual of medical records
- KU15.** how to ensure that only authorized persons enter in the medical records department or access to patient medical records out of the department;
- KU16.** how to ensure that patients or their relatives doesn't carry the patient files or keep them in their possessions
- KU17.** what constitutes breach of confidentiality in relation to patient medical records
- KU18.** likely implications of disclosure of any information to unauthorized persons
- KU19.** how to maintain the patients records in HIMS

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** write medical reports clearly and concisely and in a proper format
- GS2.** use effective written communication strategies
- GS3.** read and correctly interpret written sentences and paragraphs in work related documents
- GS4.** use effective communication with colleagues and other health professionals while maintaining a professional attitude
- GS5.** communicate with the concerned person if the information provided or the medical records are not complete
- GS6.** code files based on notes accompanying the document

HSS/N9616: Maintain professional & medico-legal conduct

Description

This OS unit is about recognizing the boundaries of the role and responsibilities, practice code of conduct and working within the level of competence in accordance with legislation, protocols and guidelines set up by the healthcare provider.

Scope

The scope covers the following :

- Maintain professional behavior
- Acting within the limit of ones competence and authority
- Following the code of conduct and demonstrating best practices in the field

Elements and Performance Criteria

Maintain professional behavior

To be competent, the user/individual on the job must be able to:

- PC1.** adhere to legislation, protocols and guidelines relevant to ones role and field of practice
- PC2.** work within organizational systems and requirements as appropriate to ones role
- PC3.** recognize the boundary of ones role and responsibility and seek supervision when situations are beyond ones competence and authority
- PC4.** maintain competence within ones role and field of practice
- PC5.** maintain personal hygiene and contribute actively to the healthcare ecosystem

Acting within the limit of ones competence and authority

To be competent, the user/individual on the job must be able to:

- PC6.** use relevant research based protocols and guidelines as evidence to inform ones practice
- PC7.** promote and demonstrate good practice as an individual and as a team member at all times
- PC8.** identify and manage potential and actual risks to the quality and safety of practice
- PC9.** evaluate and reflect on the quality of ones work and make continuing improvements
- PC10.** use relevant research-based protocols and guidelines as evidence to inform ones practice

Following the code of conduct and demonstrating best practices in the field

To be competent, the user/individual on the job must be able to:

- PC11.** recognize the boundary of ones role and responsibility and seek supervision when situations are beyond ones competence and authority
- PC12.** promote and demonstrate good practice as an individual and as a team member at all times
- PC13.** identify and manage potential and actual risks to the quality and safety of practice
- PC14.** maintain personal hygiene and contribute actively to the healthcare ecosystem
- PC15.** maintain a practice environment that is conducive to the provision of medico-legal healthcare

Knowledge and Understanding (KU)

Qualification Pack

The individual on the job needs to know and understand:

- KU1.** relevant legislation, standards, policies & procedures followed in the organization
- KU2.** the medical procedures and functioning of required medical equipment
- KU3.** role and importance of assisting other healthcare providers in delivering care
- KU4.** how to engage and interact with other providers in order to deliver quality and maintain continued care
- KU5.** personal hygiene measures and handling techniques
- KU6.** the limitations and scope of the role and responsibilities of self and others
- KU7.** the importance of working within the limits of ones competence and authority
- KU8.** the importance of personally promoting and demonstrating good practice
- KU9.** The detrimental effects of non-compliance
- KU10.** the importance of intercommunication skills
- KU11.** the legislation, protocols and guidelines affecting ones work
- KU12.** the organizational systems and requirements relevant to ones role
- KU13.** the sources of information and literature to maintain a constant access to upcoming research and changes in the field
- KU14.** the difference between direct and indirect supervision and autonomous practice, and which combination is most applicable in different circumstances
- KU15.** the importance of individual or team compliance with legislation, protocols, and guidelines and organizational systems and requirements
- KU16.** how to report and minimize risks
- KU17.** the principle of meeting the organizations needs, and how this should enable one to recognize ones own limitations and when one should seek support from others
- KU18.** the processes by which improvements to protocols/guidelines and organizational systems/requirements should be reported
- KU19.** the procedure for accessing training, learning and development needs for oneself and/or others within ones organization
- KU20.** the actions that can be taken to ensure a current, clear and accurate understanding of roles and responsibilities is maintained, and how this affects the way one work as an individual or part of a team
- KU21.** the risks to quality and safety arising from:
 - o Working outside the boundaries of competence and authority
 - o Not keeping up to date with best practice
 - o Poor communication
 - o Insufficient support
 - o Lack of resources
- KU22.** the importance of personal hygiene

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** document reports, task lists, and schedules
- GS2.** prepare status and progress reports
- GS3.** record daily activities
- GS4.** update other co-workers

Qualification Pack

- GS5.** read about changes in legislations and organizational policies
- GS6.** keep updated with the latest knowledge
- GS7.** discuss task lists, schedules, and work-loads with co-workers
- GS8.** give clear instructions to patients and co-workers
- GS9.** keep patient informed about progress
- GS10.** avoid using jargon, slang or acronyms when communicating with a patient
- GS11.** make decisions pertaining to the concerned area of work in relation to job role
- GS12.** act decisively by balancing protocols and work at hand
- GS13.** communicate effectively with patients and their family, physicians, and other members of the health care team
- GS14.** be responsive and listen empathetically to establish rapport in a way that promotes openness on issues of concern
- GS15.** be sensitive to potential cultural differences
- GS16.** maintain patient confidentiality
- GS17.** respect the rights of the patient(s)

- PC5.** recognize the significance of 21st Century Skills for employment
- PC6.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life

Basic English Skills

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC7.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC8.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC9.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC10.** understand the difference between job and career
- PC11.** prepare a career development plan with short- and long-term goals, based on aptitude

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC12.** follow verbal and non-verbal communication etiquette and active listening techniques in various settings
- PC13.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC14.** communicate and behave appropriately with all genders and PwD
- PC15.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC16.** select financial institutions, products and services as per requirement
- PC17.** carry out offline and online financial transactions, safely and securely
- PC18.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC19.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC20.** operate digital devices and carry out basic internet operations securely and safely
- PC21.** use e- mail and social media platforms and virtual collaboration tools to work effectively
- PC22.** use basic features of word processor, spreadsheets, and presentations

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC23.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC24.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC25.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC26.** identify different types of customers
- PC27.** identify and respond to customer requests and needs in a professional manner.

Qualification Pack

PC28. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC29. create a professional Curriculum vitae (Résumé)

PC30. search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively

PC31. apply to identified job openings using offline /online methods as per requirement

PC32. answer questions politely, with clarity and confidence, during recruitment and selection

PC33. identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills and different learning and employability related portals

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up

KU6. importance of career development and setting long- and short-term goals

KU7. about effective communication

KU8. POSH Act

KU9. Gender sensitivity and inclusivity

KU10. different types of financial institutes, products, and services

KU11. how to compute income and expenditure

KU12. importance of maintaining safety and security in offline and online financial transactions

KU13. different legal rights and laws

KU14. different types of digital devices and the procedure to operate them safely and securely

KU15. how to create and operate an e- mail account and use applications such as word processors, spreadsheets etc.

KU16. how to identify business opportunities

KU17. types and needs of customers

KU18. how to apply for a job and prepare for an interview

KU19. apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. read and write different types of documents/instructions/correspondence

GS2. communicate effectively using appropriate language in formal and informal settings

Qualification Pack

- GS3.** behave politely and appropriately with all
- GS4.** how to work in a virtual mode
- GS5.** perform calculations efficiently
- GS6.** solve problems effectively
- GS7.** pay attention to details
- GS8.** manage time efficiently
- GS9.** maintain hygiene and sanitization to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

- 1.Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/ set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
4. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/training center based on this criterion.

Qualification Pack

5. To pass the Qualification Pack , every trainee should score a minimum of 70% of aggregate marks to successfully clear the assessment.

6. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
