- KU19.** hospital floor and exit plans
- KU20.** process map for emergencies within the facilities and the community
- KU21.** how to receive and make phone calls, including call forward, call hold, and call mute
- KU22.** inventory management techniques
- KU23.** typical problems raised by customers and their solutions, including workaround(alternate/situational) solutions
- KU24.** typical response times and service times for problems
- KU25.** the importance of documenting, classifying, prioritizing queries & escalate to appropriate authority if unresolved
- KU26.** regulatory requirements involved during registration and bill payment
- KU27.** about computer knowledge such as to work on MS word, excel, scanning, faxing & emailing
- KU28.** how to maintain confidentiality
- KU29.** vacant bed position, booked admissions & tentative discharges on a daily basis
- KU30.** out-reach services of the hospital
- KU31.** safety requirements set by accreditation agencies or statutory bodies
- KU32.** what permits and checks are required for the patient including foreign patients
- KU33.** about the legal & ethical aspects in relation to following: a. rights & duties of patients b. rights & duties of healthcare providers c. thefts, misappropriation, report mix-ups, damage to property d. any kind of harassment at workplace e. legal aspects of Medical Records & EMR f. hospital deaths & complications
- KU34.** basic structure and function of the body system and associated component
- KU35.** how to relate information to patients
- KU36.** importance of listening and building rapport
- KU37.** peculiarities of different cultures and backgrounds and how they affect their job

Qualification Pack

- KU38.** importance of equality when serving people with specific needs
- KU39.** importance of complying with equality requirements
- KU40.** significance of Third-Party Administrators
- KU41.** benefits of TPA services for patients and healthcare providers
- KU42.** TPA/Insurance services available including CGHS, ECHS, public sector undertakings, types of special arrangements, ESI and any State Govt health scheme working in different states
- KU43.** various National Health Insurance Scheme, Ayushman Bharat Pradhan Mantri Jan Arogya Yojana and its beneficiaries
- KU44.** the importance of guiding patients through insurance documentation and procedures
- KU45.** the importance of accurate and complete patient documentation for TPA claim processing

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** document call logs, reports, task lists, and schedules with co-workers
- GS2.** prepare status and progress reports
- GS3.** complete appropriate documentation
- GS4.** fill registration form by getting details from visitors/patients
- GS5.** read about services offered with reference to the organization and also from external forums such as websites and blogs
- GS6.** keep abreast with the latest knowledge by reading brochures, pamphlets, and circulars
- GS7.** read comments, suggestions, and responses to Frequently Asked Questions (FAQs)
- GS8.** interpret and follow operational instructions and prioritize work
- GS9.** read doctors prescriptions / orders
- GS10.** discuss task lists, schedules, and work-loads with co-workers
- GS11.** question customers appropriately in order to understand the nature of the problem and assist accordingly
- GS12.** avoid using jargon, slang or acronyms when communicating with a customer, unless it is required
- GS13.** communicate in respectful form and manner in line with organizational protocol
- GS14.** discuss task lists, schedules, and work-loads with co-workers
- GS15.** make decisions pertaining to the concerned area of work
- GS16.** assess if patient needs movement supports (Wheel chair, trolley, escort etc)
- GS17.** to plan and organize service feedback files/documents
- GS18.** coordinate to plan duty rosters/leave/ substitutions at hospital front desk
- GS19.** manage relationships with customers who may be stressed, frustrated, confused, or angry
- GS20.** build customer relationships and use customer centric approach
- GS21.** think through the problem, evaluate the possible solution(s) and suggest an optimum /best possible solution(s)
- GS22.** tackle complaints / grievances from internal & external clients and referring to the other department, if & when required

Qualification Pack

- GS23.** analysis of feedbacks, complaints & grievances related to the front office
- GS24.** apply, analyze, and evaluate the information gathered from observation, experience, reasoning, or communication, as a guide to thought and action
- GS25.** service recovery skills
- GS26.** managing Key Customers/VIPs / Government officials / Police / Media
- GS27.** importance of taking responsibility for own work outcomes Importance of adherence to work timings, dress code and other organizational policies
- GS28.** importance of following laid down rules, procedures, instructions and policies
- GS29.** importance of exercising restraint while expressing dissent and during conflict
- GS30.** know the benefits of TPA services for patients and healthcare providers
- GS31.** act as intermediaries between insurers, hospitals, and policyholders.
- GS32.** know the list of various TPA/Insurance services available including CGHS, ECHS, public sector undertakings, types of special arrangements, ESI and any State Govt health scheme working in different states
- GS33.** various National Health Insurance Scheme, Ayushman Bharat Pradhan Mantri Jan Arogya Yojana and its beneficiaries
- GS34.** key components of a TPA package and identify different rates for the same surgery / room / treatment in each package.
- GS35.** importance of ensuring that the eligible person is availing of the facility of TPA services.

HSS/N9620: Comply with infection control and biomedical waste disposal policies

Description

This OS unit is about the safe handling and management of health care waste and following infection control policies

Scope

The scope covers the following :

- Management of Healthcare Waste (Biomedical and General waste)
- Infection control practices

Elements and Performance Criteria

Management of Healthcare Waste (Biomedical and General waste)

To be competent, the user/individual on the job must be able to:

PC1. segregate healthcare waste as per the updated organizational/ state policies

PC2. handle, package, label, store, transport and dispose off waste appropriately as per scope of work

Infection control practices

To be competent, the user/individual on the job must be able to:

PC3. follow Universal Precautions to avoid contact with patients' bodily fluids, by wearing Personal Protective Equipment (PPE) and maintaining hand hygiene as and when required

PC4. identify infection risks and plan for response appropriately as per organizational policies under scope of work

PC5. follow incident reporting protocols as per SOPs in incidents such as needle stick injuries etc.

PC6. follow spill management protocols

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. significance of appropriate waste disposal methods as per organizational policies and procedures

KU2. person(s) responsible for health, safety, and security in the organization

KU3. ways to handle waste appropriately to reduce the risk of contamination

KU4. good personal hygiene practices including hand hygiene

KU5. types of bio medical waste

KU6. different types of color codes designated for types of wastes

KU7. concept of segregation, disposal and treatment of bio medical waste

KU8. the hazards and risks associated with the waste disposal

Qualification Pack

- KU9.** the required actions and reporting procedures for any accidents and spillages
- KU10.** the requirements of the relevant external agencies involved in the transportation and receiving of waste
- KU11.** the impact of waste on environmental changes
- KU12.** the policies and guidance that clarify scope of practice, accountabilities and the working relationship between oneself and others
- KU13.** management of infection risks at workplace
- KU14.** the path of disease transmission including direct contact and penetrating injuries, risk of acquisition
- KU15.** difference between clean, sterile, and unsterile area
- KU16.** concept of Universal precautions
- KU17.** types of PPE used in healthcare domain such as gloves, gown, goggles etc
- KU18.** correct method of Donning and Doffing of PPE
- KU19.** steps of hand washing according to the updated guidelines
- KU20.** difference between hand rub and hand washing and indications of both
- KU21.** various types of cleaning agents and disinfectants
- KU22.** types of hazardous spills
- KU23.** concept of injection safety
- KU24.** concept of respiratory hygiene

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** • read and understand latest guidelines on managing biomedical waste and
• infection control and prevention
- GS2.** communicate effectively with others
- GS3.** report hazards and incidents clearly with the appropriate level of urgency
- GS4.** plan for safety of the work environment
- GS5.** identify risk, evaluate possible solutions and suggest effective solutions
- GS6.** analyse the seriousness of hazards pertaining to hospital waste and related infections
- GS7.** make decisions pertaining to the area of work
- GS8.** • apply, analyze, and evaluate the information gathered from observation, experience,
• reasoning, or communication, as a guide to act

HSS/N9624: Maintain a safe and secure working environment

Description

This OS unit is about the ensuring a safe and secure working environment

Scope

The scope covers the following :

- Workplace safety and security

Elements and Performance Criteria

Workplace safety and security

To be competent, the user/individual on the job must be able to:

- PC1.** identify potential hazards of safe work practices
- PC2.** use various hospital codes for emergency situations
- PC3.** comply with safety, and security procedures within the defined scope of competence and authority
- PC4.** provide Basic Life Support (BLS) and first aid whenever applicable under defined scope of work
- PC5.** follow organizations' procedures related to any emergency efficiently
- PC6.** report any identified breaches in health, safety, and security procedures to the designated person
- PC7.** complete any health and safety records accurately

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** the importance of health, safety, and security in the workplace
- KU2.** how to identify safety and security hazards
- KU3.** the importance of identifying individual responsibilities in relation to maintaining workplace safety and security requirements
- KU4.** the relevant up-to-date information on safety, and security that applies to the workplace
- KU5.** how to report any emergency
- KU6.** various hospital codes for emergency situations
- KU7.** how to create safety records and maintain them
- KU8.** concept of first aid and BLS
- KU9.** the importance of raising alarm about hazards for safety of others

Generic Skills (GS)

User/individual on the job needs to know how to:

Qualification Pack

- GS1.** read and understand organization policies and procedures

Qualification Pack

DGT/VSQ/N0102: Employability Skills (60 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Career Development & Goal Setting
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** identify employability skills required for jobs in various industries
- PC2.** identify and explore learning and employability portals

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

- PC3.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. and personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC4.** follow environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC5.** recognize the significance of 21st Century Skills for employment
- PC6.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life

Basic English Skills

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC7.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC8.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC9.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC10.** understand the difference between job and career
- PC11.** prepare a career development plan with short- and long-term goals, based on aptitude

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC12.** follow verbal and non-verbal communication etiquette and active listening techniques in various settings
- PC13.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC14.** communicate and behave appropriately with all genders and PwD
- PC15.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC16.** select financial institutions, products and services as per requirement
- PC17.** carry out offline and online financial transactions, safely and securely
- PC18.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC19.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC20.** operate digital devices and carry out basic internet operations securely and safely
- PC21.** use e- mail and social media platforms and virtual collaboration tools to work effectively
- PC22.** use basic features of word processor, spreadsheets, and presentations

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC23.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC24.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC25.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC26.** identify different types of customers
- PC27.** identify and respond to customer requests and needs in a professional manner.

Qualification Pack

PC28. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC29. create a professional Curriculum vitae (Résumé)

PC30. search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively

PC31. apply to identified job openings using offline /online methods as per requirement

PC32. answer questions politely, with clarity and confidence, during recruitment and selection

PC33. identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills and different learning and employability related portals

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up

KU6. importance of career development and setting long- and short-term goals

KU7. about effective communication

KU8. POSH Act

KU9. Gender sensitivity and inclusivity

KU10. different types of financial institutes, products, and services

KU11. how to compute income and expenditure

KU12. importance of maintaining safety and security in offline and online financial transactions

KU13. different legal rights and laws

KU14. different types of digital devices and the procedure to operate them safely and securely

KU15. how to create and operate an e- mail account and use applications such as word processors, spreadsheets etc.

KU16. how to identify business opportunities

KU17. types and needs of customers

KU18. how to apply for a job and prepare for an interview

KU19. apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. read and write different types of documents/instructions/correspondence

GS2. communicate effectively using appropriate language in formal and informal settings

Qualification Pack

- GS3.** behave politely and appropriately with all
- GS4.** how to work in a virtual mode
- GS5.** perform calculations efficiently
- GS6.** solve problems effectively
- GS7.** pay attention to details
- GS8.** manage time efficiently
- GS9.** maintain hygiene and sanitization to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Either each element/Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory, viva and Skills Practical for each element/PC.
2. The assessment for the theory part will be based on knowledge bank of questions approved by the SSC.
3. Individual assessment agencies will create unique question papers for theory part for each candidate/batch at each examination/training center (as per assessment criteria below).
4. Individual assessment agencies will create unique evaluations for skill practical & viva for every student at each examination/ training center based on these criteria.
5. In case of successfully passing as per passing percentage of the job role, the trainee is certified for the Qualification Pack.
6. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Minimum Aggregate Passing % at QP Level : 70

Qualification Pack

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
