HSS/Q8401: Health & Wellness Coach

Brief Job Description

Health and wellness coaches are the professionals who are trained to coach the client to adopt and adhere to a healthy lifestyle for the promotion of their well-being by identifying risk factors of select chronic diseases, applying biometric findings and suggesting lifestyle recommendations for optimizing health. These professionals follow the prescription/medical advice from a licensed physician or healthcare specialist and work under the limits of competence and authority to coach the client. These professionals do not diagnose or prescribe any medical intervention.

Personal Attributes

They should exhibit good coordination, self-discipline, dedication, persistence, ethical behaviour and the ability to deal empathetically with clients and their families. They should have good communication skills in Hindi, English or any other local language.

HSS/N8404: Ensure confidentiality while maintaining proper documentation

Description

This unit is about providing the required knowledge and skills to maintain confidentiality and documentation related to the session.

Scope

The scope covers the following :

- Maintain confidentiality and documentation

Elements and Performance Criteria

Maintain confidentiality and documentation

To be competent, the user/individual on the job must be able to:

- PC1.** Obtain informed consent from clients before collecting or sharing any personal information.
- PC2.** Explain about the Anthropometric measurements (Height, Weight and Body Mass Index) that can be used to assess body composition.
- PC3.** Ensure accuracy and reliability by using standardized techniques and calibrated equipment.
- PC4.** Collect comprehensive and accurate information, verifying with relevant documentation when possible.
- PC5.** Check the document findings consistently.
- PC6.** Maintain the client information securely, using appropriate physical and electronic measures to protect against unauthorized access.
- PC7.** Maintain accurate and complete documentation of all client interactions, assessments, and interventions.
- PC8.** Ensure that records are up-to-date and accessible.
- PC9.** Verify the accuracy of recorded information, ensuring that it is consistent with the client's actual experiences and outcomes.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Concept of informed consent from clients before collecting or sharing any personal information
- KU2.** Basic knowledge of the Anthropometric measurements
- KU3.** Concept of standardized techniques and calibrated equipment
- KU4.** Knowledge of documentation of the relevant information on client interactions, assessments, and interventions.

HSS/N9623: Ensure sanitization and infection control guidelines are followed at workplace

Description

This OS unit is about ensuring that sanitization and infection control guidelines are followed as per sectoral working requirements.

Scope

The scope covers the following :

- Social distancing practices
- Personal and workplace hygiene
- Waste disposal methods
- Reporting and documentation
- Mental and emotional wellbeing

Elements and Performance Criteria

Social distancing practices

To be competent, the user/individual on the job must be able to:

- PC1.** ensure daily tasks are executed using alternative ways, e.g. marking attendance without using biometric devices, virtual meetings, e-payments, etc.
- PC2.** facilitate social distancing at workplace, e.g. increased space, 2 meters or more, between employee work areas, prevent crowding of common areas, etc.

Personal and workplace hygiene

To be competent, the user/individual on the job must be able to:

- PC3.** promote awareness about latest hygiene and sanitation regulations
- PC4.** ensure recommended personal hygiene and sanitation practices are followed, for example, washing/sanitizing hands, covering face with a bent elbow while coughing/sneezing, using PPE, etc.
- PC5.** conduct routine hygiene and sanitation checks of work area and equipment as per SOP
- PC6.** ensure the availability of the products required to maintain hygiene and sanitation
- PC7.** ensure entry and exit SOP are followed
- PC8.** ensure disinfection procedures related to material and supplies are followed

Waste disposal methods

To be competent, the user/individual on the job must be able to:

- PC9.** ensure waste segregation and disposal is done as per SOP

Reporting and documentation

To be competent, the user/individual on the job must be able to:

- PC10.** assess risks and take corrective action as per SOPs
- PC11.** report incidents to appropriate authority, e.g., reporting of people with any symptoms, etc.
- PC12.** ensure employees' and visitors' records are maintained as per SOPs

Qualification Pack

PC13. ensure SOPs are followed in case of health emergency

PC14. update organizational SOPs as per latest hygiene and sanitation regulations

Mental and emotional wellbeing

To be competent, the user/individual on the job must be able to:

PC15. support employees to cope with stress, anxiety, etc.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. solid waste management Rules 2016

KU2. significance of personal hygiene practice including hand hygiene

KU3. social distancing norms

KU4. correct method of donning and doffing of PPE

KU5. significance of appropriate waste disposal methods and organizational and national waste management principles and procedures

KU6. ways to handle waste appropriately to reduce the risk of contamination

KU7. the logistics of waste management

KU8. the current national legislation, guidelines, local policies, and protocols related to work

KU9. ways to manage infectious risks in the workplace

KU10. the path of disease transmission

KU11. different methods of cleaning, disinfection, sterilization, and sanitization

KU12. the types of cleaning agents

KU13. symptoms of infections like fever, cough, redness, swelling and inflammation

KU14. signs of stress and anxiety

KU15. actions to be taken during emergency conditions in the event of medical and facility emergencies

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. use writing skills to prepare status, progress reports, memos, and e-mails, etc.

GS2. communicate effectively with others

GS3. comprehend latest guidelines of state and national infection control policies, technical documents, instructions, reports, charts, graphs, tables, etc.

GS4. balance responsibilities as a professional with organizational and contractual requirements

GS5. delegate work to the team

GS6. make sound, well-informed, and objective decisions pertaining to the concerned area of work

GS7. prioritize, organize, and accomplish work within prescribed timelines

GS8. address work-related issues and problems

Qualification Pack

- GS9.** review the information gathered from observation, experience, reasoning, or communication to act efficiently
- GS10.** report hazards and incidents clearly with the appropriate level of urgency
- GS11.** evaluate own practices to identify areas of improvement that will contribute to enhanced employee satisfaction

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
4. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
5. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack

Minimum Aggregate Passing % at QP Level : 70

Qualification Pack

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
