HYC/N9401: Preparation for secretarial office administrative task in oil & gas industry

Description

This unit is about preparation for office administration task, agenda and schedule of the day, collecting information, interpreting the data for preparation of report specifically tailored to the oil & gas industry.

Scope

The scope covers the following :

- Prepare agenda and schedule meeting for the day
- Prepare reports and update MIS
- Check readiness of general office administrative tools

Elements and Performance Criteria

Prepare agenda and schedule meetings for the day

To be competent, the user/individual on the job must be able to:

- PC1.** prepare and update agenda of the day for reporting officer using digital tools
- PC2.** prioritize the important meetings or tasks
- PC3.** consider logistical details such as reserving a meeting room, setting up audiovisual equipment or arranging for any necessary refreshments.
- PC4.** send meeting invitations to all participants, including the date, time, location and agenda for each meeting and assisting in these tasks
- PC5.** Assist in coordination with participants well in advance

Prepare reports and update MIS

To be competent, the user/individual on the job must be able to:

- PC6.**
 - collect updated information/data from departments/field/plants/offices subject to hydrocarbon value chain operation and administration such as
 - Upstream - Drilling Report, Mud Logging Report, Well Testing Report, Geophysical Survey Report etc.; Midstream - Inventory Report, Logistics Report, Supply Chain Report, Pipeline Report etc.;
 - Downstream - Production Summary Report, Maintenance Report, Safety Report, Energy Consumption Report, Environmental Compliance Report, Safety Incident Report,
- PC7.** Take dictation, transcript it and all types of correspondence, prepare presentations, report, documents as per the standard formats defined in oil & gas companies or PSUs

Check readiness of general office administrative tools

To be competent, the user/individual on the job must be able to:

- PC8.** arrange stationary, related documents, refreshment, etc. for day-to-day office activity
- PC9.** check the readiness of equipment and tools required for general safety of office
- PC10.** arrange preventive maintenance of digital devices used in office

Knowledge and Understanding (KU)

Qualification Pack

The individual on the job needs to know and understand:

- KU1.** the basics of office management
- KU2.** the importance of reporting and systematic working
- KU3.** standard operating procedures of organizations while working
- KU4.** relevant health and safety requirements applicable to the Oil & Gas industry
- KU5.** the importance of personal protective equipment used in OMCs
- KU6.** ways of efficiently managing the resources required
- KU7.** the difference between recyclable/reusable and waste material
- KU8.** the concept of Mission Karmayogi
- KU9.** the concept of Swachhata Hi Seva

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** read and interpret received data
- GS2.** analyze and compare the data
- GS3.** assess complexity and criticality of task
- GS4.** communicate effectively with team members
- GS5.** Proficient in basic mathematical calculation
- GS6.** plan and organize the day-to-day activity

- PC7.** schedule and coordinate meetings, conferences, and events with various internal and external stakeholders' such as executives, employees, clients, suppliers, etc
- PC8.** prepare meeting agenda, relevant documents and communicate it with respective stakeholder
- PC9.** check the readiness of event / meeting venue and coordinate for the event / meeting
- PC10.** record Minutes of the Meeting (MoM), prepare actionable and circulate it with the respective stakeholders after approval

Maintain records and documentation, draft and edit documents

To be competent, the user/individual on the job must be able to:

- PC11.** prepare and maintain digital and physical copy of files

Qualification Pack

- PC12.** collect data and information from respective sub sector - upstream/midstream/downstream or department as per instruction from reporting officers
- PC13.** record documents as per file indexing
- PC14.** prepare draft letter, documents, contracts, permits, licenses, presentation, etc. and get it approved before sending it to stakeholders

Making travel arrangements

To be competent, the user/individual on the job must be able to:

- PC15.** handle travel arrangements such as booking flights/train, accommodations, local transportation, visas, etc
- PC16.** coordinate with respective stakeholders during travel
- PC17.** assist in preparing travel expenses
- PC18.** coordinate with finance department for reimbursements of expenses

Manage office supplies and equipment, provide general administrative support

To be competent, the user/individual on the job must be able to:

- PC19.** manage and maintain office supplies, equipment, and facilities are well-maintained and stocked
- PC20.** arrange preventive / breakdown maintenance of device or equipment as per SOP
- PC21.** maintain health and safety compliance as per the relevant regulations and procedures in the oil & gas setup
- PC22.** organize safety training sessions and maintain safety-related documentation
- PC23.** perform photocopy, scanning, faxing, etc. as and when required
- PC24.** handle procurement processes and manage vendor relationships

Reporting

To be competent, the user/individual on the job must be able to:

- PC25.** determine the objective of the report
- PC26.** collect data and information from respective plants/offices/oil fields
- PC27.**
 - maintain and update MIS subject to hydrocarbon value chain operation and administration such as
 - Upstream - Different Oil Field reports, Drilling Report, Mud Logging Report, Well Testing Report, Geophysical Survey Report etc.;
 - Midstream - Inventory Report, Logistics Report, Supply Chain Report, Pipeline Report etc.;
 - Downstream - Production Summary Report(O&M), Maintenance Report(O&M), Energy Consumption Report, Environmental Compliance Report, Safety Incident Report, Financial Performance
- PC28.** analyze and compile the data, prepare the report using statistical analysis or data visualization tools in the form of presentations
- PC29.** ensure accuracy and relevance of the data, revise if necessary
- PC30.** Add executive summary at the beginning of the report to provide a brief overview and interpret it properly
- PC31.** Assist in distributing the digital and physical report with the relevant stakeholders

HYC/N9302: Maintain health, safety and security procedures

Description

This unit covers maintaining health, safety and security procedures at the workplace. This includes procedures and practices that candidates need to follow to help maintain a healthy, safe and secure work environment

Scope

The scope covers the following :

- This unit/task covers the following:
- Practice health and safety measures
- Follow fire safety procedures
- Follow emergencies, rescue and first-aid procedures

Elements and Performance Criteria

Follow health and safety measures

To be competent, the user/individual on the job must be able to:

- PC1.** use protective clothing/equipment for specific tasks and work conditions
- PC2.** identify documents, location and people responsible for health and safety in the workplace
- PC3.** identify possible causes of risk or accident in the workplace
- PC4.** carry out safe working practices while dealing with hazards to ensure the safety of self and others
- PC5.** lift heavy objects safely using correct procedures
- PC6.** identify common safety signs, displayed in various areas

Follow fire safety procedures

To be competent, the user/individual on the job must be able to:

- PC7.** use the various appropriate fire extinguishers on different types of fires correctly
- PC8.** follow rescue techniques applied during fire hazard
- PC9.** follow good housekeeping practice in order to prevent fire hazards
- PC10.** list issues concerning the safety in work place
- PC11.** inform fire safety department about any near-miss incidents in the work place
- PC12.** follow the applicable laws, regulations and codes as per safety standard
- PC13.** prepare written accident/incident report and share with the concerned officer/department

Follow emergencies, rescue and first-aid procedures

To be competent, the user/individual on the job must be able to:

- PC14.** provide appropriate first aid to victims in emergency situation
- PC15.** demonstrate basic techniques of bandaging
- PC16.** respond promptly and appropriately to an accident

Qualification Pack

- PC17.** Use various rescue equipment & techniques and perform rescue activity during an accident in real or simulated environments
- PC18.** demonstrate correct method to rescue injured people and others during an emergency

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** company's policies on personnel management and duty reporting procedure
- KU2.** reporting structure within organization
- KU3.** how to escalate problem
- KU4.** concept of hazards and risks during scaffolding work
- KU5.** health condition of individual as well as health and safety hazards commonly affecting the work environment and related precautions
- KU6.** preventative and remedial actions to be taken in the case of exposure to toxic materials

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down the proportion of marks for Theory and Skills Practical for each PC.
2. The assessment for the theory part will be based on the knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for the theory part for each candidate at each examination/training centre (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training centre based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score a minimum of 50% of aggregate marks to successfully clear the assessment.

Qualification Pack

7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Minimum Aggregate Passing % at QP Level : 50

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
