LSC/Q2117: Claims Coordinator - Warehouse

Brief Job Description

Claims coordinator - Warehouse is also known as Warehouse Claims Processor. Individuals in this role are responsible for receiving claims, assessing the goods concerned to ensure the claim is genuine and estimating the reimbursable amount. They are also required to verify all the documents, send the claims to the insurance companies and provide detailed reports to the management.

Personal Attributes

This job requires the individual to work well with his/her team and achieve joint goals. The individual must be able to prioritise and execute tasks within scheduled time limits. The individual should be able to maintain high concentration levels throughout his/her shift. The individual must perform all functions without having any bias.

Applicable National Occupational Standards (NOS)

Compulsory NOS:

1. [LSC/N0324: Prepare for Claims Processing](#)
2. [LSC/N0325: Inspect Goods and Validate Claims](#)
3. [LSC/N0326: Process claim requests](#)
4. [LSC/N0327: Compliance and Record Keeping](#)
5. [LSC/N9911: Follow health, safety, security procedures and maintain integrity, ethics at workplace](#)
6. [DGT/VSQ/N0101: Employability Skills \(30 Hours\)](#)

LSC/N0324: Prepare for Claims Processing

Description

This unit is about preparing for processing claims.

Scope

The scope covers the following :

- Analyse the schedule and receive claim forms
- Gather the required equipment to perform the inspection

Elements and Performance Criteria

Analyse the schedule and receive claim forms

To be competent, the user/individual on the job must be able to:

- PC1.** Receive the work schedule for the day from the manager.
- PC2.** Obtain the list of claims, individual claim forms, claims processing, and inspection checklists for the day from the Warehouse manager.
- PC3.** Analyse any pending claims and check how they are included in the schedule.
- PC4.** Review all the claims received and identify priorities (if any) among claims.
- PC5.** Categorise the claims received according to the incident, criticality, priority, location, value, etc.
- PC6.** Acquire all the documents submitted along with the claims, such as invoices, transportation receipts, dispatch lists, etc.

Gather the required equipment and perform the inspection

To be competent, the user/individual on the job must be able to:

- PC7.** Collect and wear all the necessary Personal Protective Equipment (PPE) as required by the product or the environment.
- PC8.** Gather the camera and testing equipment required, such as vernier callipers, screw gauges, densimeters, etc.
- PC9.** Inspect the camera and testing equipment to ensure that they are in good working condition.
- PC10.** Perform a trial run and make configuration adjustments to ensure the testing equipment is ready.
- PC11.** Check for any existing CCTV footage captured during the incident and collect it from relevant security personnel/department.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Knowledge of organisational products and procedures.

Qualification Pack

- KU2.** Procedures for dealing with loss/damage to goods/missing goods from intact packaging/damaged outer packaging but intact inside material/both outer packaging and inside material in damaged condition etc.
- KU3.** Risk and impact of not following defined procedures/work instructions.
- KU4.** Nature and characteristics of goods in the warehouse.
- KU5.** Knowledge of all relevant safety and security procedures.
- KU6.** Knowledge of Standard Operating Procedures (SOPs) and how to react in emergencies.
- KU7.** Knowledge of how to process claims and how to deal with false claims.
- KU8.** Knowledge of insurance companies and how they work along with their processes.
- KU9.** Complying with all norms of the organisation (Compliances) and managing risks related to claims analysis.
- KU10.** Collaboration and close follow-ups with stakeholders such as claimants, clients, insurance companies, and transporters.
- KU11.** Knowledge of specifications desired for each product.
- KU12.** Knowledge of testing equipment to test the quarantined goods and awareness about the least count of each testing equipment.
- KU13.** Knowledge of how to use the testing equipment and how to take readings.
- KU14.** Knowledge of how to decide whether the claim is genuine or not based on the readings taken.
- KU15.** Ability to carry out visual inspection and determine if further testing is required.
- KU16.** Types of workplace hazards one can encounter on the job and safe operating practices.
- KU17.** Knowledge of possible difficulties in claims processing.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Note down the readings from the testing equipment.
- GS2.** Fill out inspection checklists and maintain records of claims investigated.
- GS3.** Prepare detailed reports for management.
- GS4.** Read claim forms and understand the claim.
- GS5.** Read manuals and understand the characteristics of different products.
- GS6.** Read safety manuals and safety signs on the warehouse floor.
- GS7.** Communicate clearly with managers and peers.
- GS8.** Regularly communicate with all employees in the chain of activities on the shop floor to ensure activities are running smoothly.
- GS9.** Provide advice and guidance to peers and juniors.
- GS10.** Act objectively, rather than impulsively or emotionally when faced with difficult/stressful or emotional situations.
- GS11.** Ability to make a judgment as to whether the claim is genuine or not.
- GS12.** Adjust according to volume, capacity and manpower needs during peak and non-peak hours.
- GS13.** Prioritise and execute tasks within the scheduled time limits.

Qualification Pack

- GS14.** Maintain schedules and punctuality & avoid absenteeism.
- GS15.** Be a team player and achieve joint goals.
- GS16.** Flexibility to re-assess schedule in case of delays/additional orders.
- GS17.** Value the customer requirements and ensure that they are met.
- GS18.** Identify trends/common causes for errors and suggest possible solutions to the warehouse supervisor.
- GS19.** Manage day-to-day problems like delays and staffing shortages. Etc.
- GS20.** Suggest methods to streamline claims processing.
- GS21.** Ability to assess the reimbursable amount for each claim.
- GS22.** Ability to concentrate on the task at hand and complete it without errors.
- GS23.** Ability to show claims trends in the form of graphs for a better understanding of senior management.

LSC/N0325: Inspect Goods and Validate Claims

Description

This OS unit is about inspecting goods and validating the claims.

Scope

The scope covers the following :

- Inspect the quarantined goods
- Conduct interviews, get expert opinions and segregate false claims
- Clean up after inspection

Elements and Performance Criteria

Inspect the quarantined goods

To be competent, the user/individual on the job must be able to:

- PC1.** Check the reason in the claim form and visually inspect the quarantined goods.
- PC2.** Use the testing equipment to verify the accuracy of the claim or refer it to the quality assurance team if required.
- PC3.** Note down the results of the tests and fill out inspection checklists.
- PC4.** Analyse the claim in detail and perform Root cause analysis as required.
- PC5.** Form a hypothesis on the reason for the damage and the accuracy of the claim and estimate the reimbursable amount.
- PC6.** Take photographs to use as evidence.

Conduct interviews, get expert opinions and segregate false claims

To be competent, the user/individual on the job must be able to:

- PC7.** Interview the claimants, witnesses (if any), clients, suppliers or insurance companies to check the genuineness and the reason for the claim.
- PC8.** Validate the documents received against the claims.
- PC9.** Follow up with relevant stakeholders/ departments if any additional documents, such as shipping documents or inventory logs, are required.
- PC10.** Discuss the cause of damage with workers who are experienced in the area or industry/subject matter experts to validate the hypothesis.
- PC11.** Check whether the claims were filed within the allowable period and are not outdated.
- PC12.** Refer to earlier cases and previous similar claims.
- PC13.** Investigate each claim based on the documentation, interviews conducted and testing results.
- PC14.** Segregate genuine claims from false claims based on rationale.
- PC15.** Escalate false or outdated claims to the manager along with the supporting documentation.
- PC16.** Update the client/claimant on the claim status throughout the claim's analysis process.

Clean up after inspection

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC17.** Return any PPE and the testing equipment used to the respective storage rack.
- PC18.** Have the housekeeping staff dispose of quarantined goods and clean up any spills or breakages while testing.
- PC19.** Inspect the quarantine area to ensure it is clean and safe.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Knowledge of organisational products and procedures.
- KU2.** Procedures for dealing with loss/damage to goods/missing goods from intact packaging/damaged outer packaging but intact inside material/both outer packaging and inside material in damaged condition etc.
- KU3.** Risk and impact of not following defined procedures/work instructions.
- KU4.** Nature and characteristics of goods in the warehouse.
- KU5.** Knowledge of all relevant safety and security procedures.
- KU6.** Knowledge of Standard Operating Procedures (SOPs) and how to react in emergencies.
- KU7.** Knowledge of how to process claims and how to deal with false claims.
- KU8.** Knowledge of insurance companies and how they work along with their processes.
- KU9.** Complying with all norms of the organisation (Compliances) and managing risks related to claims analysis.

LSC/N0326: Process claim requests

Description

This unit is about processing claim requests and coordinating with insurance companies to resolve claims.

Scope

The scope covers the following :

- Fill out forms and forward them to insurance companies
- Coordinate for claims resolution

Elements and Performance Criteria

Fill out forms and forward them to insurance companies

To be competent, the user/individual on the job must be able to:

- PC1.** Ensure that all the documents required (assessment certificate, invoice/bill, claims and insurance forms, etc.) are in the claims processing checklist.
- PC2.** Verify the genuineness of the documents received from external sources.
- PC3.** Confirm that the claim amounts are within the maximum legally permitted range.
- PC4.** Inform the claimant whether the claim will be processed or not, explain the maximum permissible claim amounts and resolve any other issues.
- PC5.** Process the claim forms and forward them to the concerned insurance companies, along with evidence and recommendations.

Coordinate for claims resolution

To be competent, the user/individual on the job must be able to:

- PC6.** Prepare detailed reports about the inspection results, claim amounts, etc.
- PC7.** Prepare a report with reasons why certain claims were considered false.
- PC8.** Update the stakeholders on difficulties or delays due to formalities or interaction with claimants, government departments, or other agencies.
- PC9.** Coordinate with the insurance companies with the list of claims still being processed and the reasons for the delay.
- PC10.** Resolve any clarifications or issues the insurance company raises.
- PC11.** Escalate the pending cases to the manager if required.
- PC12.** Follow up with the insurance companies till the claims are settled.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Knowledge of organisational products and procedures.
- KU2.** Procedures for dealing with loss/damage to goods/missing goods from intact packaging/damaged outer packaging but intact inside material/both outer packaging and inside material in damaged condition etc.

LSC/N0327: Compliance and Record Keeping

Description

This unit is about adhering to policies and maintaining records.

Scope

The scope covers the following :

- Record Keeping
- Compliance in Claims Management

Elements and Performance Criteria

Record Keeping

To be competent, the user/individual on the job must be able to:

- PC1.** Keep copies of all claim submissions, including claimant details, incident date, and item descriptions.
- PC2.** Organise all supporting documents such as photographs, shipping records, inventory logs, and purchase orders.
- PC3.** Retain emails and communication records for each claim, including interactions with claimants, insurance companies and management.
- PC4.** Store physical records securely, ideally indexed in labelled folders or files, readily accessible for audits and future reference.
- PC5.** Ensure the documents are organised and readily available for audits and future reference.
- PC6.** Prepare regular reports summarising claims activity, trends, and outcomes to provide insights for management.
- PC7.** Analyse data from processed claims to identify patterns or recurring issues.
- PC8.** Suggest improvements to warehouse practices/operations, inventory management, or training to reduce future claims.

Compliance in Claims Management

To be competent, the user/individual on the job must be able to:

- PC9.** Adhere to regulatory laws and policies governing insurance claims, such as consumer protection laws, industry standards, and data privacy regulations (e.g., GDPR or General Data Protection Regulation).
- PC10.** Comply with internal policies for claims processing, including criteria for claim validity, required documentation, and timelines for processing.
- PC11.** Ensure policy enforcement among internal stakeholders to maintain consistency and fairness in claims handling.
- PC12.** Prepare reports summarising compliance issues in claims processing and share them with management for oversight.
- PC13.** Conduct regular reviews of the claims processed to ensure ongoing compliance with policies and regulations, adjusting as necessary.

Qualification Pack

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Knowledge of organisational products and procedures.
- KU2.** Procedures for dealing with loss/damage to goods/missing goods from intact packaging/damaged outer packaging but intact inside material/both outer packaging and inside material in damaged condition etc.

LSC/N9911: Follow health, safety, security procedures and maintain integrity, ethics at workplace

Description

This unit deals in detail with application of health, safety, security procedures at workplace and maintaining integrity, ensuring data security, professional and ethical practice.

Scope

The scope covers the following :

- Follow health, safety and security measures during all activities
- Maintain a healthy and hygienic workplace
- Handle emergency situations
- Maintain integrity and ensure data security
- Professional and ethical practice
- Ensure regulatory compliance

Elements and Performance Criteria

Follow health, safety and security measures during all activities

To be competent, the user/individual on the job must be able to:

- PC1.** Comply with safety regulations and procedures to avoid fire hazards, biohazards, etc.
- PC2.** Wear all safety equipment including protective gear, helmets etc., in relevant bay areas.
- PC3.** Follow organisation procedures concerning documentation.
- PC4.** Recognise unsafe workplace conditions and safety practices and report them to concerned authorities.

Maintain a healthy and hygienic workplace

To be competent, the user/individual on the job must be able to:

- PC5.** Ensure that the work area and supplies are organised and cleaned regularly.
- PC6.** Comply with data safety regulations of the organisation and follow clear worktable area policy.
- PC7.** Maintain personal hygiene and wash hands regularly using soap and water or alcohol-based sanitizer.
- PC8.** Undertake periodical preventive health check-ups.
- PC9.** Participate in fire drills and follow 5S at workplace.

Handle emergency situations

To be competent, the user/individual on the job must be able to:

- PC10.** Act immediately during emergencies and move to safety.
- PC11.** Provide first aid to affected victims e.g., in case of bleeding, burns, choking, electric shock, poisoning etc.
- PC12.** In case of fire, follow fire safety practices taught during fire drills.
- PC13.** Follow procedures to rescue victims of fire without endangering self.

Qualification Pack

Maintain integrity and ensure data security

To be competent, the user/individual on the job must be able to:

- PC14.** Refrain from indulging in corrupt practices.
- PC15.** Protect customers' information and ensure acquired information is not used for personal advantage.
- PC16.** Protect data and information related to business or commercial decisions.

Professional and ethical practice

To be competent, the user/individual on the job must be able to:

- PC17.** Sensitize the workforce towards ethical behaviour in the workplace and performing jobs with integrity.
- PC18.** Conduct regular reviews, check reports for unethical behaviour and corrupt practices and promptly report all violations of the code of ethics.
- PC19.** Consult senior management when in an ethical dilemma.

Ensure regulatory compliance

To be competent, the user/individual on the job must be able to:

- PC20.** Check that documentation concerning operations is up to date and in accordance with the regulations.
- PC21.** Coordinate with regulatory authorities and assist in inspections and clearances.
- PC22.** Report any issues with regulatory compliance.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Company's policies on the use of language, Human Resources policies, code of ethics and business
- KU2.** Company's whistle-blower policy and rules related to sexual harassment
- KU3.** Company's reporting structure and documentation policy
- KU4.** Principles of code of ethics and business ethics
- KU5.** Different regulations and acts that are applicable for the sub-sector and logistics sector as a whole
- KU6.** The documentary compliance required for different type of products for Health Safety and Environment (HSE) practices
- KU7.** Relevant Occupational Health and Safety (OHS) regulations
- KU8.** Enterprise /site emergency procedures and techniques
- KU9.** Procedures for recording, reporting and maintenance of workplace safety and hygiene
- KU10.** Health and safety hazards commonly present in the work environment and related precautions
- KU11.** Possible causes of risk, hazard or accident in the workplace
- KU12.** Where to find all the general health and safety equipment in the workplace
- KU13.** Various dangers associated with the use of electrical equipment
- KU14.** Preventative and remedial actions to be taken in the case of exposure to toxic materials
- KU15.** Importance of using protective clothing/equipment while working

Qualification Pack

- KU16.** Various causes of fire and precautionary activities to prevent the fire accident
- KU17.** Different methods of extinguishing fire and techniques of using the different fire extinguishers
- KU18.** Rescue techniques applied during a fire hazard and safe lifting and carrying practices
- KU19.** Various types of safety signs and their meaning
- KU20.** Appropriate basic first aid treatment relevant to the condition e.g., shock, electrical shock, bleeding, breaks to bones, minor burns, resuscitation, poisoning, eye injuries

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Read policy documents, work-related documents, various acts and regulations
- GS2.** Write instructions, communications to internal staff, emails and letters, and reports
- GS3.** Interact with internal and external stakeholders
- GS4.** Communicate with peers and subordinates
- GS5.** Take appropriate action in a vulnerable situation
- GS6.** Identify breaches and take necessary actions
- GS7.** Identify the documentary requirement for a specific product or regulation and take necessary action
- GS8.** Plan and organise steps/ actions as per the company's guidelines, if any violation of the code of ethics is noticed in the company
- GS9.** Plan and organise training sessions and sensitisation sessions for workforce
- GS10.** Plan review meetings to monitor compliance with ethics and regulations
- GS11.** Prevent company and customer information leakage
- GS12.** Provide proper advice or guidance to colleagues to deal with sensitive issues
- GS13.** Suggest solutions to managers and workers when in an ethical dilemma
- GS14.** Identify conflict of interests and take necessary actions
- GS15.** Review reports to identify common trends of defaults
- GS16.** Conduct a review to analyse the reasons for the default
- GS17.** Check that all regulatory compliances are adhered to
- GS18.** Check that any unethical behaviour gets captured before damage or negative impact happens
- GS19.** Write Health and safety compliance report
- GS20.** Interpret general health and safety guidelines
- GS21.** Communicate general health and safety guidelines to co-workers
- GS22.** Decide on the corrective action to be taken in case of any potential hazards

Qualification Pack

DGT/VSQ/N0101: Employability Skills (30 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

PC1. understand the significance of employability skills in meeting the job requirements

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

PC2. identify constitutional values, civic rights, duties, personal values and ethics and environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

PC3. explain 21st Century Skills such as Self-Awareness, Behavior Skills, Positive attitude, self-motivation, problem-solving, creative thinking, time management, social and cultural awareness, emotional awareness, continuous learning mindset etc.

Basic English Skills

To be competent, the user/individual on the job must be able to:

PC4. speak with others using some basic English phrases or sentences

Communication Skills

To be competent, the user/individual on the job must be able to:

PC5. follow good manners while communicating with others

PC6. work with others in a team

Qualification Pack

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

PC7. communicate and behave appropriately with all genders and PwD

PC8. report any issues related to sexual harassment

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

PC9. use various financial products and services safely and securely

PC10. calculate income, expenses, savings etc.

PC11. approach the concerned authorities for any exploitation as per legal rights and laws

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

PC12. operate digital devices and use its features and applications securely and safely

PC13. use internet and social media platforms securely and safely

Entrepreneurship

To be competent, the user/individual on the job must be able to:

PC14. identify and assess opportunities for potential business

PC15. identify sources for arranging money and associated financial and legal challenges

Customer Service

To be competent, the user/individual on the job must be able to:

PC16. identify different types of customers

PC17. identify customer needs and address them appropriately

PC18. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC19. create a basic biodata

PC20. search for suitable jobs and apply

PC21. identify and register apprenticeship opportunities as per requirement

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use basic spoken English language

KU6. Do and dont of effective communication

KU7. inclusivity and its importance

KU8. different types of disabilities and appropriate communication and behaviour towards PwD

KU9. different types of financial products and services

Qualification Pack

- KU10.** how to compute income and expenses
- KU11.** importance of maintaining safety and security in financial transactions
- KU12.** different legal rights and laws
- KU13.** how to operate digital devices and applications safely and securely
- KU14.** ways to identify business opportunities
- KU15.** types of customers and their needs
- KU16.** how to apply for a job and prepare for an interview
- KU17.** apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** communicate effectively using appropriate language
- GS2.** behave politely and appropriately with all
- GS3.** perform basic calculations
- GS4.** solve problems effectively
- GS5.** be careful and attentive at work
- GS6.** use time effectively
- GS7.** maintain hygiene and sanitisation to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions validated and approved by the SSC.
3. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
4. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
5. To pass the Qualification Pack, every trainee should score a minimum of 70% for NSQF level 4 & above job roles and 50% for NSQF level 1 to 3 job roles.
6. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Minimum Aggregate Passing % at QP Level : 70

Qualification Pack

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Minimum Passing % at NOS Level: 50

(Please note: A Trainee must score the minimum percentage for each NOS separately as well as on the QP as a whole.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
