LSS/N1205: Carry out sales by explaining to the customers about the footwear products

Description

This unit describes the performance outcomes required to Carry out sales and explaining to the customers about the various footwear products

Scope

The scope covers the following :

- Making customers aware of footwear products
- Carry out sales activity

Elements and Performance Criteria

Making customers aware of footwear products

To be competent, the user/individual on the job must be able to:

- PC1.** explain the customer about the footwear types and benefits
- PC2.** make customers to understand the upper materials, sole materials and various fasteners used in the footwear
- PC3.** measure the foot size and girth from the customer
- PC4.** propose the correct fitting shoes or open footwear to the customer
- PC5.** check the shoe is perfectly fitted to the customer's feet and ask them to take a trail walk or run to feel the comfortability

Carry out sales activity

To be competent, the user/individual on the job must be able to:

- PC6.** explain to the customer about standards, testing, and certification for the footwear and brands
- PC7.** ensure that customer is fully aware of all the aspects of the product they bought
- PC8.** check the comfortability of the customer with the product they are choosing
- PC9.** assist customers to understand the product in terms of relevance, fitting, making, size, etc.,
- PC10.** ensure that customer does not feel unattended
- PC11.** address customers queries confidently and without misleading
- PC12.** provide acceptable suggestions or solutions to customer queries
- PC13.** pack the customer selected products and share it with the customer
- PC14.** close the sales with discounts (If applicable) as per the company policy or guidelines
- PC15.** carry out sales closing process by billing to the customer (By cash/card or any digital method available in store)
- PC16.** make sure that the customer is sent off happily and satisfied

Knowledge and Understanding (KU)

Qualification Pack

The individual on the job needs to know and understand:

- KU1.** the different types of footwear like derby, oxford, moccasin, slip-on, boot, sandal, clogs, etc.,
- KU2.** any specialty footwear like diabetic footwear, pressure relief insoles or in socks, etc.,
- KU3.** the different types of upper materials like leather, fabric/resin, knitted footwear, molded shoes., etc.,
- KU4.** the different types of polymeric soles like Poly Urethane (PU), Thermo-Plastic Rubber (TPR), Ethyl Vinyl ACetate (EVA), Poly Vinyl Chloride (PVC), Micr Cellular Rubber (MCR), Leather soles and different types of heels available
- KU5.** The Indian, UK, US and French footwear sizing systems
- KU6.** the various fitting standards and comfortability
- KU7.** various testing standards
- KU8.** company policies on: personnel management, relevant legislation, standards, policies, and procedures followed in the company
- KU9.** non-disclosure of confidential information provided by the company either orally or in writing marked as confidential
- KU10.** retail store layout and different departments in the store
- KU11.** stock management/stock replenishment/customized orders procedures followed in organisation
- KU12.** the billing process using the billing or sales software
- KU13.** usage of Point of Sales (POS) machines and other digital payment systems

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** read the manuals, health and safety instructions, memos, reports, job cards, etc.,
- GS2.** communicate proficiently in the local and English language
- GS3.** listen the issues and comments given by the co-workers, supervisors, and managers
- GS4.** communicate effectively with co-workers, supervisors, managers, etc.,
- GS5.** fill up appropriate technical forms, process charts, and activity logs in the prescribed format of the company
- GS6.** complete the tasks efficiently and accurately within the stipulated time
- GS7.** organize the material requirements sequentially
- GS8.** select the optimal process and appropriate tools & equipment to complete the work efficiently
- GS9.** use reasoning skills to make proper decisions and troubleshoot concerns related to own responsibilities
- GS10.** use problem-solving skills to solve the problems that occurred during relevant operation

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down the proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on the knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for the theory part for each candidate at each examination/training center (as per the assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.

Qualification Pack

7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Minimum Aggregate Passing % at QP Level : 50

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
