MEP/Q0204: Receptionist

Brief Job Description

The Receptionist qualification will equip the individual with advanced skills in AI-powered tools and modern technologies essential for dynamic office environments. It will provide comprehensive training in digital communication, visitor management, and administrative tasks, enabling the individual to efficiently manage responsibilities while leveraging the latest technological advancements. The qualification will ensure the individual is adept at using AI and digital tools to enhance productivity, streamline operations, and deliver superior service.

Personal Attributes

The individual must have excellent communication and interpersonal skills, a customer-centric approach, strong organizational abilities, and adaptability to learn and use AI-powered tools. They must demonstrate attention to detail, problem-solving abilities, professionalism, and a commitment to maintaining confidentiality and data privacy.

Applicable National Occupational Standards (NOS)

MEP/N0213: Receive visitors and direct them as per requirement

Description

This unit focuses on effectively managing visitor interactions by welcoming, identifying their needs, and directing them appropriately, ensuring a professional and seamless visitor experience.

Scope

The scope covers the following :

- Visitor management
- Handling communications

Elements and Performance Criteria

Visitor Management

To be competent, the user/individual on the job must be able to:

- PC1.** Greet visitors warmly and address their inquiries using automated response systems
- PC2.** Use Visitor Management System (VMS) for streamlined visitor check-in and check-out.
- PC3.** Ensure visitor badges/ cards are issued and collected using the visitor management system.
- PC4.** Verify the purpose of the appointment, duration, and any special requirements.
- PC5.** Provide visitors with necessary information and assistance during their visit.
- PC6.** Assist visitors in filling out forms, if any, accurately and efficiently by providing clear instructions and necessary assistance
- PC7.** Record visitor complaints and escalate them using CRM (Customer Relationship Management) tools
- PC8.** Maintain a log of visitor details and ensure data privacy compliance.
- PC9.** Manage appointment request received via phone call, email, in-person request, or online booking system.
- PC10.** Schedule and manage visitor appointments via calendar management apps/ software
- PC11.** Ensure that there are no conflicting appointments.
- PC12.** Send automated confirmations and reminders to relevant stakeholders.
- PC13.** Identify the appropriate department and personnel to be contacted to address the requirement of the visitor
- PC14.** Inform department and personnel on the nature of business of the visitor
- PC15.** Provide access to the visitor to that area after obtaining necessary approvals, as per organisational process
- PC16.** Direct visitors to the appropriate areas or individuals in the office.
- PC17.** Monitor and manage visitor flow to ensure a smooth and orderly process.
- PC18.** Handle any changes or cancellations of appointments promptly and update relevant stakeholders.
- PC19.** Coordinate with security personnel to ensure visitor safety and compliance with protocols.

Handling communications

Qualification Pack

To be competent, the user/individual on the job must be able to:

- PC20.** Utilize telecommunication systems to answer and forward calls promptly.
- PC21.** Greet the customer and speak clearly and slowly
- PC22.** Listen carefully when collecting information from the caller
- PC23.** Use effective and assertive questions to clarify caller requests
- PC24.** Give clear and concise information to caller in response to questions or requests in line with established organisational guidelines
- PC25.** Use purposeful questions and answers to control the length of the conversation
- PC26.** Take permission from caller to put their call on hold for necessary action during a call
- PC27.** Summarize the outcome of the call and any actions that are required to be taken
- PC28.** Complete any follow up actions agreed during the call
- PC29.** Take a clear message for passing on to the appropriate staff
- PC30.** Maintain a log of all incoming and outgoing calls using telecommunication software.
- PC31.** Provide callers with accurate information and resolve inquiries using a knowledge base.
- PC32.** Ensure all telecommunications equipment are functioning properly and report any issues.
- PC33.** Respond to emails promptly using email management tools as used by the organisation
- PC34.** Handle queries received through the official company website using live chat tools.
- PC35.** Communicate effectively with visitors in person, providing assistance and information as needed.
- PC36.** Maintain records of all communications, including phone calls, emails, and website queries, for future reference and follow-up.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Understand the use of Visitor Management Systems (VMS) and appointment scheduling tools.
- KU2.** Be aware of data protection and privacy compliance when handling visitor information.
- KU3.** Know how to use CRM tools, telecommunication systems, and email management software.
- KU4.** Understand methods for handling complaints and escalating issues appropriately.
- KU5.** Be familiar with security protocols for ensuring visitor safety and access compliance.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Communicate clearly and professionally with visitors and callers.
- GS2.** Provide excellent customer service and address inquiries effectively.
- GS3.** Manage appointments efficiently and respond promptly to changes.
- GS4.** Resolve unforeseen issues and problems effectively.
- GS5.** Maintain accurate logs and records of visitor details and communications.

MEP/N0252: Manage office correspondence and inventory

Description

This unit involves handling incoming and outgoing communication, maintaining accurate records, and managing office supplies and inventory to ensure smooth administrative operations and efficient resource utilization.

Scope

The scope covers the following :

- Handling office correspondence
- Managing office inventory and expenses
- Handling travel and booking arrangements

Elements and Performance Criteria

Handling office correspondence

To be competent, the user/individual on the job must be able to:

- PC1.** Manage and organize office correspondence using document management tools.
- PC2.** Use automated/ manual systems as used by the organisation for sorting and distributing mails/ packages.
- PC3.** Ensure receipt of incoming mail by completing the necessary procedure
- PC4.** Segregate incoming mail and dispose of unwanted 'junk' mail after taking necessary approvals
- PC5.** Organise for the distribution or handover of the incoming mail or packages
- PC6.** Track mail movement and confirm receipt
- PC7.** Follow the correct procedures of escalation when there are problems with incoming mail
- PC8.** Collect and sort outgoing mail or packages as per urgency, local/outstation, weight and type or packet, etc.
- PC9.** Ensure timely delivery and dispatch of all office correspondence.
- PC10.** Arrange for courier service to collect outgoing mail or packages where requested
- PC11.** Maintain a record of all incoming and outgoing correspondence.
- PC12.** Use secure methods for handling confidential documents and information.
- PC13.** Handle transcription, printing, photocopying, and faxing tasks efficiently using tools.

Managing office inventory and expenses

To be competent, the user/individual on the job must be able to:

- PC14.** Utilize tools to maintain an accurate record of office supplies.
- PC15.** Implement automated reordering alerts to ensure continuous availability of office supplies.
- PC16.** Record and manage petty office expenses related to reception with tools
- PC17.** Download detailed expense reports for record keeping.
- PC18.** Conduct regular audits of reception/ office inventory and reconcile with records using relevant tools.

Qualification Pack

PC19. Coordinate with vendors for procurement and ensure timely delivery of supplies

Handling travel and booking arrangements

To be competent, the user/individual on the job must be able to:

PC20. Take necessary approval from the Senior/ competent authority to book any official travel and accommodation as per the requirement

PC21. Collect comprehensive details such as location, purpose, stakeholder information, availability, specific requirements, and duration for any official booking.

PC22. Plan and organize the booking in advance to ensure all necessary arrangements are made.

PC23. Ensure that all relevant stakeholders receive timely reminders about upcoming bookings

PC24. Utilize automated systems to send notifications well in advance to relevant stakeholders and prior to the scheduled time.

PC25. Use online booking platforms to arrange travel and accommodation.

PC26. Book conference halls or venues for any external official meeting

PC27. Ensure all travel and lodging arrangements comply with company policies and budget.

PC28. Maintain a log of travel bookings and related expenses.

PC29. Provide travelers with itineraries and necessary travel documentation.

PC30. Handle any changes or cancellations of travel arrangements and update relevant parties.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. Know company policies for correspondence, inventory, and travel.

KU2. Understand tools for document management and inventory tracking.

KU3. Know how to handle mail securely and manage confidential documents.

KU4. Be aware of courier services and mail classification methods.

KU5. Understand procedures for travel bookings and expense reporting.

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. Use digital tools for correspondence and inventory tasks.

GS2. Organize and manage time effectively.

GS3. Communicate clearly with stakeholders.

GS4. Solve problems related to mail, inventory, or bookings.

GS5. Pay attention to details in records and reports.

MEP/N0253: Event coordination and office services

Description

This unit focuses on planning, organizing, and executing office events and meetings, ensuring seamless coordination of logistics, resources, and communication, while managing office services to maintain operational efficiency and a productive work environment.

Scope

The scope covers the following :

- Supporting office events
- Managing meeting room availability
- Overseeing basic office services and safety and hygiene standards

Elements and Performance Criteria

Supporting office events

To be competent, the user/individual on the job must be able to:

- PC1.** Coordinate internal and external events using relevant tools
- PC2.** Coordinate processes like recruitment, onboarding, and termination to support the HR team
- PC3.** Coordinate with event vendors and service providers to ensure smooth event execution.
- PC4.** Manage event logistics, including venue setup, catering, and equipment.
- PC5.** Collect feedback from event participants and generate reports for future improvements.

Managing meeting room availability

To be competent, the user/individual on the job must be able to:

- PC6.** Maintain a booking log or calendar for conference/meeting rooms.
- PC7.** Ensure that meeting rooms are prepared and equipped for scheduled meetings.
- PC8.** Coordinate with staff to resolve any conflicts or overlapping bookings.
- PC9.** Provide support during meetings, such as setting up equipment and providing refreshments if needed.
- PC10.** Monitor the usage of meeting rooms to optimize availability and efficiency.

Overseeing basic office services and safety and hygiene standards

To be competent, the user/individual on the job must be able to:

- PC11.** Communicate effectively with the cleaning and maintenance staff using tools
- PC12.** Schedule routine maintenance and cleaning to ensure the office environment remains clean and operational.
- PC13.** Ensure the reception area and common areas are clean and presentable at all times.
- PC14.** Use simple checklists to conduct daily checks
- PC15.** Report any safety or hygiene issues to the appropriate personnel or service providers promptly.
- PC16.** Keep a log of cleaning schedules and maintenance activities using relevant tools.

Qualification Pack

- PC17.** Store service agreements and contact details of service providers in a centralized document management system like Google Drive or OneDrive for easy access.
- PC18.** Ensure that visitor logs are maintained accurately as part of security protocols.
- PC19.** Follow company policies for emergency procedures and communicate them effectively to visitors and staff when necessary.
- PC20.** Ensure the reception area is equipped with necessary safety information and emergency contact numbers.
- PC21.** Regularly check and replenish the first aid safety box to ensure it is fully stocked with necessary supplies and compliant with safety regulations.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Understand event coordination processes, including vendor management and logistics setup.
- KU2.** Be familiar with managing meeting room bookings and resolving scheduling conflicts.
- KU3.** Know safety and hygiene standards for maintaining a clean and operational office.
- KU4.** Understand the use of tools for storing and accessing service agreements and logs.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Communicate effectively with vendors, service providers, and office staff.

MEP/N0711: Computer Application and Information Security Standards

Description

This OS unit is about using comprehensive knowledge and skills in computer hardware, software, operating systems, troubleshooting, maintenance, document creation, data analysis, database management, presentation design, access controls, data security, and information security best practices.

Scope

The scope covers the following :

- computer fundamentals and operating system
- computer applications and software proficiency
- information security and data management

Elements and Performance Criteria

computer fundamentals and operating system

To be competent, the user/individual on the job must be able to:

- PC1.** demonstrate knowledge of computer hardware components, including processors, memory, storage devices, and input/output devices
- PC2.** demonstrate the ability to differentiate between various types of computers, including desktops, laptops, and servers, based on their intended use, architecture, and capabilities
- PC3.** understand the functions and features of different operating systems such as Windows, macOS, and Linux, including file management, user interface navigation, and system settings
- PC4.** troubleshoot common hardware and software issues, such as hardware malfunctions, driver conflicts, and software crashes, using diagnostic tools and troubleshooting techniques
- PC5.** apply basic computer maintenance tasks, such as disk cleanup, software updates, and antivirus scans, to ensure optimal system performance and security

computer applications and software proficiency

To be competent, the user/individual on the job must be able to:

- PC6.** utilize word processing software like MS Word, Google Doc., to create, edit, and format documents with features such as fonts, styles, tables, and graphics
- PC7.** perform spreadsheet analysis using spreadsheet software like MS Excel, Google Spreadsheet, to input, organize, analyze, and visualize data through functions like SUM, Vlook Up, formulas, charts, and graphs
- PC8.** manage databases using database management like MS Access, Google Tables, software to create, query, update, and maintain databases with structured data and relational tables
- PC9.** design presentations using presentation software like MS PPT, Google Slides, to create slides, add multimedia content, apply transitions, and deliver engaging presentations to audiences

information security and data management

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC10.** implement access controls and user permissions to restrict access to sensitive information and ensure data privacy and confidentiality
- PC11.** employ encryption techniques to secure data in transit and at rest, protecting it from unauthorized access and data breaches
- PC12.** conduct regular data backups and recovery procedures to safeguard against data loss and ensure business continuity in case of system failures or disasters
- PC13.** follow best practices for information security, such as strong password policies, software patch management, and employee security awareness training, to mitigate cybersecurity risks and threats

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Understanding the various components of computer hardware, including processors, memory, storage devices, and input/output devices, and their functions within a computer system.
- KU2.** Knowledge of the differences between desktops, laptops, and servers, including their intended uses, architectural differences, and capabilities.
- KU3.** Understanding the features and functions of different operating systems like Windows, macOS, and Linux, including file management, user interface navigation, and system settings.
- KU4.** Familiarity with common hardware and software issues, diagnostic tools, and troubleshooting techniques to resolve problems such as hardware malfunctions, driver conflicts, and software crashes.
- KU5.** Knowledge of basic computer maintenance tasks, such as disk cleanup, software updates, and antivirus scans, to ensure optimal system performance and security.
- KU6.** Understanding the use of word processing, spreadsheet, database management, and presentation software to create, edit, format, analyze, and present data and documents.
- KU7.** Knowledge of access controls, user permissions, encryption techniques, data backup and recovery procedures, and best practices for information security to protect sensitive information and ensure data privacy and confidentiality.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Ability to identify and understand computer hardware components, differentiate between various types of computers, and navigate different operating systems effectively.
- GS2.** Skill in troubleshooting hardware and software issues using diagnostic tools and techniques, and applying basic computer maintenance tasks to maintain system performance.
- GS3.** Competence in using word processing software (e.g., MS Word, Google Docs) for document creation, editing, and formatting.
- GS4.** Competence in using spreadsheet software (e.g., MS Excel, Google Sheets) for data analysis and visualization
- GS5.** Competence in using database management software (e.g., MS Access, Google Tables) for managing structured data

Qualification Pack

- GS6.** Competence in using presentation software (e.g., MS PowerPoint, Google Slides) for designing and delivering presentations
- GS7.** Ability to implement access controls, user permissions, and encryption techniques to secure data, conduct regular data backups, and follow best practices for information security
- GS8.** Skill in performing detailed and thorough computer maintenance tasks, ensuring accurate data entry and analysis in spreadsheets, and maintaining the security of sensitive information
- GS9.** Competence in managing and organizing data, files, and systems to ensure efficiency and security, and in coordinating maintenance and troubleshooting activities

MEP/N0254: Leverage AI tools for enhanced efficiency

Description

This unit focuses on utilizing advanced AI technologies like chatbots, virtual assistants, voice recognition systems, and productivity tools to streamline communication, automate routine tasks, and improve overall operational efficiency in the workplace.

Scope

The scope covers the following :

- Using chatbots and virtual assistants
- Utilizing voice recognition and IVR systems
- Use AI tools and features to communicate and manage tasks effectively

Elements and Performance Criteria

Using chatbots and virtual assistants

To be competent, the user/individual on the job must be able to:

- PC1.** Implement chatbots for initial customer interactions and query handling using tools.
- PC2.** Use virtual assistants for appointment scheduling, reminders, and cancellations.
- PC3.** Customize chatbot responses to align with company policies and procedures.
- PC4.** Monitor and analyse chatbot interactions to identify areas for improvement.

Utilizing voice recognition and IVR systems

To be competent, the user/individual on the job must be able to:

- PC5.** Implement IVR systems for automated call routing and responses.
- PC6.** Use voice recognition tools for efficient call management.
- PC7.** Ensure IVR scripts are up-to-date and provide accurate information.
- PC8.** Monitor call logs and performance metrics to improve call handling processes.
- PC9.** Integrate voice recognition systems with other communication tools for seamless operation.

Use AI tools and features to communicate and manage tasks effectively

To be competent, the user/individual on the job must be able to:

- PC10.** Use AI tools/ smart features on email management system, to filter, categorize, and respond to routine emails.
- PC11.** Implement automated systems for important email flagging and follow-up.
- PC12.** Customize automated email responses to align with company policies.
- PC13.** Monitor email performance metrics and adjust automated responses as needed.
- PC14.** Use relevant AI tools to compose professional emails or create important official documents
- PC15.** Schedule emails and appointments, manage calendar and set automated reminders using AI enabled tools/ software
- PC16.** Use AI enabled tools for note taking

Qualification Pack

PC17. Use AI features in MS Office/ Google Workspace for creating, managing and storing various official documents.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Understand chatbot, virtual assistant, and AI tool applications.
- KU2.** Know how to use and customize IVR and voice recognition systems.
- KU3.** Be familiar with AI-based email and calendar management.
- KU4.** Understand AI tools for document creation and storage.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Communicate using AI tools for queries and emails.
- GS2.** Monitor and improve AI system performance.
- GS3.** Manage tasks with AI tools for scheduling and reminders.
- GS4.** Adapt to new AI technologies in daily tasks.

- PC13.** demonstrate responsible and disciplined behaviours at the workplace (Disciplined behaviours: e.g. punctuality; completing tasks as per given time and standards; not gossiping and idling time; eliminating waste, honesty, etc.)
- PC14.** follow organisational protocol to resolve conflicts at the work place

Qualification Pack

Communicate effectively with visitors and customers

To be competent, the user/individual on the job must be able to:

- PC15.** meet and greet visitors promptly, treating them politely and making them feel welcome
- PC16.** provide clear and accurate information visitors as per their requirement, while following organisation policies for information access and confidentiality
- PC17.** communicate with the visitors in a polite, professional and friendly manner
- PC18.** use feedback to clarify communicated message
- PC19.** communicate respecting the gender, cultural and social differences such as modes of greeting, formality, etc.
- PC20.** identify customer dissatisfaction, reason for dissatisfaction and address them as per standard procedures
- PC21.** maintain proper body language, dress code, gestures and etiquette towards customers and visitors
- PC22.** engage in active listening with visitors and customers on phone
- PC23.** avoid negative questions and statements for clear communication
- PC24.** inform the customers and visitors on delays, any issues or problems before hand and also on the developments involving them
- PC25.** respond to voice messages, e-mails, etc. of customer immediately

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** organisations HR systems, policies and procedures
- KU2.** organizational hierarchy and escalation matrix
- KU3.** company policies on personnel management, effective team work at workplace
- KU4.** companys reporting structure
- KU5.** companys documentation policy
- KU6.** various categories of people that one is required to communicate and coordinate with in the organization
- KU7.** importance of teamwork in organizational and individual success
- KU8.** various components of effective communication
- KU9.** key elements of active listening
- KU10.** value and importance of active listening and assertive communication
- KU11.** KISS principle of communication
- KU12.** barriers to effective communication
- KU13.** importance of tone and pitch in effective communication
- KU14.** importance of avoiding casual expletives and unpleasant terms while communicating professional circles
- KU15.** importance of ethics for professional success
- KU16.** importance of discipline for professional success
- KU17.** what constitutes disciplined and professional behaviour

Qualification Pack

- KU18.** common reasons for interpersonal conflict
- KU19.** importance of developing effective working relationships for professional success
- KU20.** expressing and addressing grievances appropriately and effectively
- KU21.** importance and ways of managing interpersonal conflict effectively
- KU22.** importance of dealing with grievances effectively
- KU23.** guidelines and legal requirements on disclosure and confidentiality
- KU24.** types of inappropriate behaviours at the workplace and how to recognize them
(Inappropriate behaviour: violence, inappropriate language, verbal or physical abuse or bullying, insensitive verbal or physical behaviour in terms of cultural, racial, disability and gender-based insensitivities, dominant or overbearing behaviour, disruptive behaviour, non-compliance with safety instructions, unethical behaviour)
- KU25.** organisational guidelines and policies on dealing with inappropriate and unethical behaviour

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** fill in relevant forms and formats clearly and accurately
- GS2.** write messages, notes and short descriptive text with reasonable accuracy for accurate reading comprehension and interpretation of the information text
- GS3.** write factual and quantitative information such as details of people, location or areas, dates, timelines, quantities, etc
- GS4.** write both in English and Local language to carry out work related tasks
- GS5.** write numbers in figures and words using decimal system
- GS6.** read and interpret correctly roman numerals
- GS7.** document and maintain the record as per company's policy
- GS8.** read official documents in English and local Language and interpret main points correctly
- GS9.** read job sheets, company policy documents and information displayed at the workplace
- GS10.** read notes or comments from the supervisor or customer
- GS11.** read and extract relevant information from visitor documentation including identity proofs, introductory letters, documents from or for the organisation, etc
- GS12.** interact with visitors, co-workers (seniors, peers, sub-ordinates and temporary staff) and others, responding to their queries using clear speech, professionally acceptable tone of voice, words, and phrases
- GS13.** interact in English and/or the local language to respond to visitors in a language they are comfortable with
- GS14.** use effective listening and probing /questioning skills to understand requirement of the visitors
- GS15.** provide clear instructions to the visitors for where they need to go and the formalities they need to complete
- GS16.** identify category of visitor, purpose of visit and the appropriate department and personnel to serve them
- GS17.** spot and communicate potential areas of disruptions to work process and report the same so that customer service is smooth

Qualification Pack

- GS18.** prioritise tasks while planning and assigning work based on importance and urgency
- GS19.** plan ones day-to-day tasks to achieve optimum productivity
- GS20.** plan and organise official and personal work so as to have minimum downtime at work
- GS21.** manage distractions and maintain workplace discipline
- GS22.** plan and allocate workers, time, equipment and materials
- GS23.** create basic work plans detailing tasks/activities, time allocations, materials resources, assigned responsibilities, required to achieve desired results in a time-bound manner
- GS24.** identify potential impact on customer and organisation of misinterpreting, misguiding or delayed responses to visitors
- GS25.** listen to visitors carefully and interpret their requirement and viewpoints accurately
- GS26.** maintain etiquettes such as maintaining the appropriate physical distance with visitor or co-worker during conversation
- GS27.** be patient and courteous with different types of visitors and workers under all circumstances and situations
- GS28.** apply problem solving skills that require negotiation to resolve problems of a difficult nature within organisation protocols
- GS29.** take action as appropriate to requests or problems, based on company policy
- GS30.** escalate matters to seniors or resolve matters by oneself, based on nature of the issue and limits of authority required to address it
- GS31.** segment visitors based on various factors such as needs, age, gender, area or location, etc
- GS32.** list risks associated with various categories of visitors
- GS33.** observe, record, analyse and modify work practices to achieve productivity gains
- GS34.** breakdown relevant work process into its constituent activities for ease of analysis
- GS35.** prioritise customers and addressing their needs based on urgency and importance in various situations
- GS36.** identify and classify impact of various worker behaviour and practices as beneficial or damaging to organisational success
- GS37.** explain which staff behaviours and work practices need to be encouraged or discouraged, on the basis of how they contribute to development of positive or negative organisational culture

MEP/N9912: Apply principles of professional practice at the workplace

Description

This unit deals in detail with the application of principles of professional practice like professional image, professional competence, discipline, ethics and work effectiveness.

Scope

The scope covers the following :

- Maintain a professional image and behaviour
- Maintain and enhance professional competence
- Work in a disciplined and ethical manner
- Work effectively with all stakeholders

Elements and Performance Criteria

Maintain a professional image and behaviour

To be competent, the user/individual on the job must be able to:

- PC1.** display appropriate professional appearance for the workplace
- PC2.** interact with team members, clients, vendors, visitors and other stakeholders in a Professional manner

Maintain and enhance professional competence

To be competent, the user/individual on the job must be able to:

- PC3.** develop personal and professional goals and objectives
- PC4.** identify strengths and weaknesses in relation to goals and objectives
- PC5.** evaluate own capacity to meet goals and objectives
- PC6.** determine personal development needs to perform role as per desired standards
- PC7.** develop a professional development plan to enhance professional capabilities
- PC8.** document a professional practice plan designed to support the achievement of goals
- PC9.** select and implement development opportunities to support continuous learning and maintain currency of professional practice
- PC10.** research developments and trends impacting on professional practice and integrate information into work performance
- PC11.** seek feedback on performance from others and incorporate it to improve

Work in a disciplined and ethical manner

To be competent, the user/individual on the job must be able to:

- PC12.** perform tasks to the required workplace standard
- PC13.** protect the rights of the client and organisation when delivering services
- PC14.** recognise potential ethical issues in the workplace and discuss with an appropriate person
- PC15.** recognise unethical conduct and report to an appropriate person
- PC16.** operate within an agreed ethical code of practice

Qualification Pack

PC17. maintain confidentiality as per the organisational guidelines

Work effectively with all stakeholders

To be competent, the user/individual on the job must be able to:

PC18. identify and obtain clarity regarding organisational, team and own goals

PC19. prioritise tasks at work as per organisational, team and own goals

PC20. plan to meet team performance targets and standards

PC21. monitor own and team performance as per agreed plan

PC22. share all relevant information with stakeholders in agreed formats and as per agreed timelines

PC23. work collaboratively with colleagues through sharing information and ideas and working together on agreed outcomes

PC24. recognise, avoid and/or address any conflict of interest

PC25. recognize and respond to inappropriate behaviour towards self or others in a professional manner and as per organisational policy (Inappropriate behaviour: violence, inappropriate language, verbal or physical abuse or bullying, insensitive verbal or physical behaviour in terms of cultural, racial, disability and gender-based insensitivities, dominant or overbearing behaviour, disruptive behaviour, non-compliance with safety instructions, unethical behaviour)

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. organisations HR systems, policies and procedures

KU2. organizational hierarchy and escalation matrix

KU3. organisational health safety and environment

KU4. work area inspection procedures and practices

KU5. importance of displaying professional appearance behaviour at all times

KU6. importance of developing personal and professional goals and objectives

KU7. importance of identifying strengths and weaknesses in relation to goals and objectives

KU8. how to identify strengths and weaknesses and evaluate own capacity to meet goals and objectives

KU9. how to determine personal development needs

KU10. importance of continuous learning and developing professional development plan

KU11. development opportunities to support continuous learning and maintain currency of professional practice

KU12. developments and trends impacting on professional practice

KU13. importance of taking and using feedback from colleagues and clients to identify and introduce, improvements in work performance

KU14. perform tasks to the required workplace standard

KU15. importance of discipline and ethics in a professional workplace

KU16. importance of recognising unethical conduct and reporting to appropriate authority

KU17. guidelines and legal requirements on disclosure and confidentiality

Qualification Pack

- KU18.** importance of collaboratively with colleagues through sharing information and ideas and working together on agreed outcomes
- KU19.** how to recognise, avoid and/or address any conflict of interest
- KU20.** types of inappropriate behaviours at the workplace and how to recognize them
Inappropriate behaviour: violence, inappropriate language, verbal or physical abuse or bullying, insensitive verbal or physical behaviour in terms of cultural, racial, disability and gender-based insensitivities, dominant or overbearing behaviour, disruptive behaviour, non-compliance with safety instructions, unethical behaviour
- KU21.** how to respond to inappropriate behaviour towards self and others in a professional manner

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** prepare a personal development plan
- GS2.** read organisational guidelines and legal requirements
- GS3.** search and study from various information sources in order to learn about latest updates for self-development
- GS4.** read and interpret feedback received from peers
- GS5.** receive feedback from clients or concerned stake holders
- GS6.** communicate development plan with superiors
- GS7.** plan to meet own and team performance targets and standards
- GS8.** describe own role in achieving the goal
- GS9.** describe others role in achieving the goal
- GS10.** list activities, milestones and timelines
- GS11.** identify the support and resources needed to help work towards the goal.
- GS12.** plan and organise a personal development plan for self
- GS13.** provide quality services to all clients
- GS14.** display professional appearance and behaviours to all internal and external clients
- GS15.** use of conflict resolution and negotiation skills to identify critical points, issues, concerns and problems, identify options for changing behaviours
- GS16.** recognise, avoid and/or address any conflict of interest
- GS17.** identify own strengths and weaknesses with respect achieving performance standards on the job
- GS18.** identify inappropriate behaviour and how to deal with it

DGT/VSQ/N0101: Employability Skills (30 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

PC1. understand the significance of employability skills in meeting the job requirements

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

PC2. identify constitutional values, civic rights, duties, personal values and ethics and environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

PC3. explain 21st Century Skills such as Self-Awareness, Behavior Skills, Positive attitude, self-motivation, problem-solving, creative thinking, time management, social and cultural awareness, emotional awareness, continuous learning mindset etc.

Basic English Skills

To be competent, the user/individual on the job must be able to:

PC4. speak with others using some basic English phrases or sentences

Communication Skills

To be competent, the user/individual on the job must be able to:

PC5. follow good manners while communicating with others

PC6. work with others in a team

Qualification Pack

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

PC7. communicate and behave appropriately with all genders and PwD

PC8. report any issues related to sexual harassment

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

PC9. use various financial products and services safely and securely

PC10. calculate income, expenses, savings etc.

PC11. approach the concerned authorities for any exploitation as per legal rights and laws

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

PC12. operate digital devices and use its features and applications securely and safely

PC13. use internet and social media platforms securely and safely

Entrepreneurship

To be competent, the user/individual on the job must be able to:

PC14. identify and assess opportunities for potential business

PC15. identify sources for arranging money and associated financial and legal challenges

Customer Service

To be competent, the user/individual on the job must be able to:

PC16. identify different types of customers

PC17. identify customer needs and address them appropriately

PC18. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC19. create a basic biodata

PC20. search for suitable jobs and apply

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down the proportion of marks for Theory and Skills Practical for each PC.
2. The assessment for the theory part will be based on the knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for the theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score recommended pass % aggregate for the QP.

Qualification Pack

7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Minimum Aggregate Passing % at QP Level : 50

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Assessment Weightage

Compulsory NOS

National Occupational Standards	Theory Marks	Practical Marks	Project Marks	Viva Marks	Total Marks	Weightage

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
