MEP/N0226: Plan and prepare to conduct fieldwork

Description

This unit is about planning and preparing to do fieldwork.

Scope

The scope covers the following :

- Access and identify fieldwork details
- Accept fieldwork tasks after due consideration
- Prepare plan for carrying out field work as per assigned targets

Elements and Performance Criteria

Access and identify fieldwork details

To be competent, the user/individual on the job must be able to:

- PC1.** clarify and confirm work objectives
- PC2.** clarify own and other team members roles and responsibilities for the job
- PC3.** identify and address potential risks, hazards and environmental issues
- PC4.** identify work specifications Specifications: eg. location, timelines, quality measures and compensation of the work, etc.

Accept fieldwork tasks after due consideration

To be competent, the user/individual on the job must be able to:

- PC5.** estimate cost, time and effort required for completion of fieldwork tasks
- PC6.** identify synergies with other field jobs in terms of location, type of job, support available, etc.
- PC7.** select and accept fieldwork tasks based on various factors Factors: eg. contractual obligations, cost-benefit analysis, constraints and limitations, opportunities and synergies, etc.
- PC8.** accept the fieldwork tasks, following organisation procedure and documentation
- PC9.** ensure necessary permissions, consents or specific licences for both site access and field work are obtained

Prepare plan for carrying out field work as per assigned targets

To be competent, the user/individual on the job must be able to:

- PC10.** compile data for all fieldwork tasks to be completed in a specific time period
- PC11.** prepare a priority list based on timelines, return on investment and synergy of work
- PC12.** prepare an efficient schedule and route plan after referring to area maps, priority list and job requirements
- PC13.** make necessary travel arrangements as per requirement
- PC14.** check plan to ensure all fieldwork tasks can be completed within the allocated time and resources with adequate buffers built-in for exigencies
- PC15.** select and wear personal protective equipment appropriate for work activities
- PC16.** confirm equipment to be used in the fieldwork tasks

Qualification Pack

- PC17.** collect necessary contact numbers, addresses, information and documentation required for the fieldwork tasks to be completed
- PC18.** Ensure the hand-held device/laptop is properly configured, updated with the required survey application, and tested for connectivity before deployment.
- PC19.** Verify all necessary digital resources, such as client guidelines (PDFs/videos) and codebooks, are securely downloaded and accessible on the device.
- PC20.** Apply mobile device security measures (e.g., screen lock, encrypted storage) to protect sensitive client and respondent data during transit and fieldwork.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Understand the company's standards, policies, and procedures relevant to your job, performance, and employment conditions
- KU2.** Know the departments, their roles, and required authorization procedures within the organization
- KU3.** Organizational policies for data storage and data protection.
- KU4.** Be aware of the various types of fieldwork that may be assigned and the types of organizations that utilize data/field verification services.
- KU5.** Know how to clarify work objectives, roles, and essential specifications (location, timelines, quality, compensation) for the fieldwork.
- KU6.** Information needed to assess job suitability and feasibility and familiarity with the contracting, job commissioning requirements, processes, and documentation.
- KU7.** How to estimate required cost, time, and effort, identify potential synergies with other jobs, and apply cost-benefit analysis and contractual obligations to formally select and accept tasks according to organizational procedures
- KU8.** Be aware of all necessary permissions, consents, or licenses required for site access and fieldwork, and know the procedures for making travel arrangements.
- KU9.** Understand how to compile data for all tasks and create an efficient priority list based on timelines and return on investment.
- KU10.** Know how to prepare an efficient schedule and route plan using maps and priority lists, and how to check the plan to ensure tasks fit within allocated time and resources, including buffers for exigencies.
- KU11.** The appropriate PPE for work activities, the necessary equipment/tools required for task.
- KU12.** How to recognize potential risks, hazards, and environmental issues with measures to address them.
- KU13.** The process for gathering all necessary contact information, addresses, and documentation.
- KU14.** The procedures for configuring, updating, and testing hand-held devices, securely downloading all digital resources (client guidelines, codebooks) and applying mobile device security measures to protect sensitive data.

Generic Skills (GS)

User/individual on the job needs to know how to:

Qualification Pack

- GS1.** Read, interpret, and extract relevant information from all work-related documentation
- GS2.** Know the common words, signs, and set phrases consistently used within the work environment
- GS3.** Communicate clearly and effectively with client staff and team members
- GS4.** Listen carefully to all instructions and ensure they are followed precisely
- GS5.** Always demonstrate courtesy and professionalism to customers and all external contacts
- GS6.** Plan day-to-day tasks strategically to maximize productivity and proactively prepare checklists for quick reference
- GS7.** Be punctual and prioritize work according to agreed schedules
- GS8.** Identify various approaches to problem resolution, weigh their pros and cons, then select and implement the optimal, cost-effective solution, and review the solution at various stages for necessary course correction

MEP/N0227: Collect and manage data through field surveys

Description

This unit is about collecting data through field surveys as per requirement and managing these so that they are delivered to the clients.

Scope

The scope covers the following :

- Determine the data to be collected
- Access and collate data/documents
- Evaluate data collected
- Manage and retrieve data

Elements and Performance Criteria

Determine the data to be collected

To be competent, the user/individual on the job must be able to:

- PC1.** determine the type and extent of data to be collected and define data requirements
- PC2.** identify relevant data sources
- PC3.** identify work health and safety hazards associated with data collection from fieldwork
- PC4.** define data collection methods and techniques relative to requirements

Access and collate data/documents

To be competent, the user/individual on the job must be able to:

- PC5.** format data collection sheets to assist collection
- PC6.** research or collect data from field source using appropriate methods and technologies
- PC7.** collate data by using appropriate electronic means
- PC8.** monitor appropriateness of data and record during collection
- PC9.** take opportunities to establish and maintain contacts with those who may provide useful information
- PC10.** follow appropriate work health and safety precautions and work practices

Evaluate data collected

To be competent, the user/individual on the job must be able to:

- PC11.** verify that data collected is relevant, valid and sufficient
- PC12.** seek clarification and assistance where data is unclear or difficult to interpret
- PC13.** obtain additional data where collected data is inadequate

Manage and retrieve data

To be competent, the user/individual on the job must be able to:

- PC14.** store data safely in physical and electronic formats
- PC15.** present data using appropriate graphical aids and techniques
- PC16.** assemble data and provide to the appropriate people within the required timescale

Qualification Pack

- PC17.** retrieve data efficiently as required
- PC18.** report problems and issues to concerned client representative, following organisational protocols
- PC19.** maintain confidentiality of information in accordance with the survey specification
- PC20.** Accurately operate the Mobile Data Collection (MDC) application features, including interview initiation, navigation, and submission of the completed form.
- PC21.** Capture required geo-tagged photographs or audio recordings within the survey application to authenticate the interview location and condition, as per client mandate.
- PC22.** Utilize in-app quality checks (e.g., range checks, internal consistency alerts) to review and correct data immediately before final electronic submission.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Understand the company's standards, policies, and procedures relevant to your job, performance, and employment conditions
- KU2.** Know the departments, their roles, and required authorization procedures within the organization
- KU3.** Organizational policies for data storage and data protection
- KU4.** How to determine the type, extent, and specific requirements of the data to be collected, and how to identify relevant data sources.
- KU5.** The appropriate data collection methods and techniques relative to survey requirements.
- KU6.** How to format data collection sheets (digital or physical) to maximize ease and accuracy of collection.
- KU7.** The use of appropriate methods and technologies (including Mobile Data Collection (MDC) application features) to research or collect data from field sources
- KU8.** How to collate data using appropriate electronic means and the process for monitoring data appropriateness and recording during collection
- KU9.** The requirement and procedure for capturing required geo-tagged photographs or audio recordings within the survey application to authenticate location and conditions.
- KU10.** How to utilize in-app quality checks (e.g., range checks, consistency alerts) to review and correct data immediately before electronic submission.
- KU11.** The criteria and procedures for verifying data relevance, validity, and sufficiency, and knowing when and how to seek clarification or obtain additional data where information is inadequate or unclear.
- KU12.** How to safely store data in both physical and electronic formats and how to retrieve it efficiently when required.
- KU13.** Methods for presenting data using appropriate graphical aids, and the procedure for assembling and submitting data to the appropriate people within the required timescale.
- KU14.** Relevant Work Health and Safety (WHS) hazards and precautions associated with field data collection, and the requirement to maintain confidentiality of information in accordance with survey specifications.

Qualification Pack

KU15. The organizational protocols for reporting problems and issues to the concerned client representative, and the importance of establishing and maintaining contacts for useful information.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Read, interpret, and extract relevant information from all work-related documentation
- GS2.** Know the common words, sign, and set phrases consistently used within the work environment

MEP/N0228: Verify and scrutinise background information and/or documentation of individuals through fieldwork

Description

This unit deals in detail about verifying background information and/or documentation of individuals through fieldwork.

Scope

The scope covers the following :

- Verify and scrutinise respondent's background information and/or documentation

Elements and Performance Criteria

Verify and scrutinise respondent's background information and/or documentation

To be competent, the user/individual on the job must be able to:

- PC1.** Follow client's prescribed process and prepare for fieldwork by collecting necessary background information from various sources before the visit.
- PC2.** Conduct the field visit by asking relevant questions to appropriate people.
- PC3.** Physically scrutinize and verify all necessary documents (e.g., address, identity, employment proofs).
- PC4.** Handle challenging situations safely and professionally, maintaining the dignity of all parties involved.
- PC5.** Capture comprehensive evidence by operating digital equipment (like smartphone apps or cameras) to collect clear, legible documentary, written, digital, or photographic proof.
- PC6.** Cross-verify document authenticity using authorized electronic protocols (e.g., QR codes, e-verification links) and sourcing additional supportive information from the internet or relevant institutions.
- PC7.** Secure and store all data by ensuring correct labeling and linkage to respondent records, and strictly adhering to data privacy, security, and disposal norms as required by the client
- PC8.** Prepare and submit a complete status report in the required written and/or digital formats, including all collected documents, reports, and evidence, following established submission processes
- PC9.** Escalate issues immediately by raising an alarm or flagging insufficiency if the verification is unsuccessful or if more details are required, as per the established process.
- PC10.** Provide feedback to the client for future process and quality improvements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Understand the company's standards, policies, and procedures relevant to your job, performance, and employment conditions

Qualification Pack

- KU2.** Know the departments, their roles, and required authorization procedures within the organization
- KU3.** Organisational policies for data storage and data protection
- KU4.** The client's prescribed process for background verification and the necessary steps for collecting preliminary background information from various sources before the field visit.
- KU5.** How to conduct a professional field visit and techniques for asking relevant and probing questions to the appropriate individuals.
- KU6.** The protocols and standards required to physically scrutinize and verify the authenticity and validity of various necessary documents (e.g., identity, address, employment proofs).
- KU7.** How to operate digital equipment (e.g., smartphone apps, cameras) to capture comprehensive, clear, and legible evidence (documentary, written, digital, or photographic proof).
- KU8.** How to use authorized electronic protocols (like QR codes, e-verification links) and methods for sourcing additional supportive information from the internet or relevant institutions to cross-verify document authenticity.
- KU9.** How to safely and professionally handle challenging situations encountered during fieldwork while maintaining the dignity of all involved parties.
- KU10.** Procedures for securing, storing, labeling, and linking all collected data to respondent records, while strictly adhering to data privacy, security, and disposal norms required by the client.
- KU11.** The required written and/or digital formats for preparing a complete status report, including all collected documents, reports, and evidence, and the established submission processes.
- KU12.** The established procedures for immediately escalating issues (raising an alarm or flagging insufficiency) when verification is unsuccessful or if more details are required.
- KU13.** The importance and methods for providing constructive feedback to the client to aid in future process and quality improvements.

MEP/N0230: Manage work as a freelancer or independent worker

Description

This unit deals in detail with managing work as a freelancer or independent worker.

Scope

The scope covers the following :

- Manage work as a freelancer or independent worker
- Taking dictation/writing in shorthand
- Transcribing shorthand documents
- Knowledge and use of appropriate symbols and business management skills

Elements and Performance Criteria

Manage work as a freelancer or independent worker

To be competent, the user/individual on the job must be able to:

- PC1.** Establish, maintain, and periodically follow up with professional and business contacts within the industry to generate potential work opportunities.
- PC2.** Identify and engage with relevant professional networks, online platforms, and expert organizations that can support freelance or independent work.
- PC3.** Develop and implement appropriate strategies to enhance personal brand, credibility, and visibility among potential clients.
- PC4.** Ensure systems or processes (manual or digital) are in place to identify new work opportunities and client requirements early.
- PC5.** Maintain and circulate an up-to-date professional profile, portfolio, and summary of past work or achievements through digital platforms.

Taking dictation/writing in short hand

To be competent, the user/individual on the job must be able to:

- PC6.** Accurately take dictation or record notes using shorthand, transcription tools, or voice-recording applications as per assignment requirements.
- PC7.** Apply appropriate shorthand symbols, abbreviations, and conventions to ensure speed and clarity of recorded material.
- PC8.** Review and verify shorthand notes or digital recordings for completeness before transcription.
- PC9.** Maintain confidentiality and secure storage of all dictated or transcribed materials.

Transcribing shorthand documents

To be competent, the user/individual on the job must be able to:

- PC10.** Transcribe shorthand notes or voice recordings accurately into professional documents, ensuring grammatical and factual correctness.
- PC11.** Use relevant software tools (e.g., word processors, transcription applications) to prepare clean, formatted copies of transcribed content.

Qualification Pack

- PC12.** Incorporate feedback from clients or supervisors to improve transcription quality and turnaround time.
- PC13.** Ensure final documents are proofread, formatted, and delivered in the agreed format and within the stipulated timeline.

Knowledge & use of appropriate symbols

To be competent, the user/individual on the job must be able to:

- PC14.** Set SMART (Specific, Measurable, Achievable, Relevant, Time-bound) goals for skill and business development based on feedback and performance evaluation.
- PC15.** Maintain accurate and up-to-date records of work assignments, contracts, and payments using manual or digital systems.
- PC16.** Use digital tools or applications to track income, expenses, and client invoices for financial transparency and compliance.
- PC17.** Establish and maintain access to support services such as IT assistance, accounting, or legal guidance as required.
- PC18.** Plan business development activities aligned with income targets, resource availability, and cash flow needs.
- PC19.** Demonstrate adaptability by managing diverse client requirements, timelines, and deliverables while maintaining professional ethics.
- PC20.** Estimate and agree on realistic fees, timelines, and deliverables with clients in advance.
- PC21.** Clearly define performance expectations, quality standards, and communication protocols with clients before starting an engagement
- PC22.** Ensure that all contracts contain essential clauses such as scope of work, deliverables, payment schedule, ownership of output, and dispute resolution terms.
- PC23.** Verify that the signed contract accurately reflects agreed terms and store it securely in physical or digital format.
- PC24.** Utilize email, cloud platforms, or professional messaging tools to maintain transparent and traceable communication with clients.
- PC25.** Use simple digital invoicing templates or apps to raise, send, and track payments for completed work.
- PC26.** Document work-related expenses digitally using mobile apps or spreadsheets to support budgeting and reimbursement tracking.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Standard procedures, codes of conduct, and professional ethics expected of independent or freelance workers.
- KU2.** The importance of maintaining confidentiality, intellectual property rights, and data protection in all client interactions and document handling.
- KU3.** The structure of freelance contracts, including key clauses such as deliverables, timelines, payment terms, and dispute resolution.
- KU4.** The significance of establishing clear communication and performance expectations with clients and stakeholders.

Qualification Pack

- KU5.** The operation and basic troubleshooting of digital tools commonly used by freelancers (e.g., email clients, cloud storage, messaging apps).
- KU6.** The use of digital productivity and finance tools such as spreadsheets, invoicing software, and expense tracking apps.
- KU7.** The principles of data security, password management, and safe online communication to prevent data breaches or misuse.
- KU8.** The purpose and application of shorthand or digital dictation/transcription tools for documentation and correspondence.
- KU9.** The basics of file formatting, document version control, and secure digital archiving practices.
- KU10.** Methods for identifying and accessing work opportunities through professional networks, job portals, and client referrals.
- KU11.** The concept of personal branding and self-promotion strategies suitable for freelancers (e.g., digital portfolio, testimonials, social media presence).
- KU12.** The process of setting SMART goals and monitoring performance for continuous professional growth.
- KU13.** Basic principles of financial management, including budgeting, cash flow planning, and tax compliance for freelancers.
- KU14.** The importance of adaptability, time management, and maintaining work-life balance while managing multiple clients or assignments.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Read, interpret, and extract relevant information from all work-related documentation
- GS2.** Know the common words, signs, and set phrases consistently used within the work environment
- GS3.** Communicate clearly and effectively with client staff and team members
- GS4.** Listen carefully to all instructions and ensure they are followed precisely
- GS5.** Always demonstrate courtesy and professionalism to customers and all external contacts
- GS6.** Plan day-to-day tasks strategically to maximize productivity and proactively prepare checklists for quick reference
- GS7.** Be punctual and prioritize work according to agreed schedules
- GS8.** Identify various approaches to problem resolution, weigh their pros and cons, then select and implement the optimal, cost-effective solution, and review the solution at various stages for necessary course correction

Qualification Pack

MEP/N9903: Apply health and safety practices at the workplace

Description

This unit deals in detail with application of health and safety practices in the workplace

Scope

The scope covers the following :

- Apply relevant health and safety practices at the workplace
- Maintain a healthy and hygienic environment
- Deal with emergency situations
- Follow fire safety requirements

Elements and Performance Criteria

Apply relevant health and safety practices at the workplace

To be competent, the user/individual on the job must be able to:

- PC1.** identify, control and report health and safety issues relating to immediate work environment according to procedures
- PC2.** follow procedures and instructions for dealing with hazards, within the scope of responsibilities and competencies
- PC3.** document and report all hazards, accidents and near-miss incidents as per set process
- PC4.** document safety records according to organisational policies

Maintain a healthy and hygienic environment

To be competent, the user/individual on the job must be able to:

- PC5.** maintain the work area in a clean and tidy condition
- PC6.** ensure that the work area is sanitised as and when required
- PC7.** maintain personal hygiene
- PC8.** use appropriate personal protective equipment (PPE) where required
- PC9.** wash hands using soap and water or alcohol based sanitiser
- PC10.** report hygiene related concerns promptly to the relevant authority

Emergencies, rescue and first-aid procedures

To be competent, the user/individual on the job must be able to:

- PC11.** administer appropriate first aid to victims wherever required e.g. in case of bleeding, burns, choking, electric shock, poisoning etc.
- PC12.** respond promptly and appropriately to an accident situation or medical emergency in real or simulated environments
- PC13.** perform rescue activity during an accident if applicable (e.g. if moving victim is advisable)

Follow fire safety requirements

To be competent, the user/individual on the job must be able to:

- PC14.** follow fire safety practices
- PC15.** identify the type of fire and its stage

Qualification Pack

PC16. use the various appropriate fire extinguishers on different types of fires correctly

PC17. follow procedures to rescue victim of fire without endangering self

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Health Safety and Environment (HSE) practices
- KU2.** relevant Occupational Health and Safety (OHS) regulations
- KU3.** enterprise /site emergency procedures and techniques
- KU4.** waste and dangerous materials disposal procedures and practices
- KU5.** procedures for recording, reporting and maintenance of workplace safety and hygiene
- KU6.** meaning of hazards and risks
- KU7.** health and safety hazards commonly present in the work environment and related precautions
- KU8.** possible causes of risk, hazard or accident in the workplace
- KU9.** where to find all the general health and safety equipment in the workplace
- KU10.** various dangers associated with the use of electrical equipment
- KU11.** preventative and remedial actions to be taken in the case of exposure to toxic materials
- KU12.** importance of using protective clothing/equipment while working
- KU13.** precautionary activities to prevent the fire accident
- KU14.** various causes of fire
- KU15.** techniques of using the different fire extinguishers
- KU16.** different methods of extinguishing fire
- KU17.** different materials used for extinguishing fire
- KU18.** rescue techniques applied during a fire hazard
- KU19.** various types of safety signs and their meaning
- KU20.** appropriate basic first aid treatment relevant to the condition eg. shock, electrical shock, bleeding, breaks to bones, minor burns, resuscitation, poisoning, eye injuries
- KU21.** safe lifting and carrying practices

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** write Health and safety compliance report
- GS2.** interpret general health and safety guidelines
- GS3.** communicate general health and safety guidelines to co workers
- GS4.** take decision about the corrective action to be taken in case of any potential hazards

DGT/VSQ/N0102: Employability Skills (60 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Career Development & Goal Setting
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** identify employability skills required for jobs in various industries
- PC2.** identify and explore learning and employability portals

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

- PC3.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. and personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC4.** follow environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC5.** recognize the significance of 21st Century Skills for employment
- PC6.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life

Basic English Skills

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC7.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC8.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC9.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC10.** understand the difference between job and career
- PC11.** prepare a career development plan with short- and long-term goals, based on aptitude

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC12.** follow verbal and non-verbal communication etiquette and active listening techniques in various settings
- PC13.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC14.** communicate and behave appropriately with all genders and PwD
- PC15.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC16.** select financial institutions, products and services as per requirement
- PC17.** carry out offline and online financial transactions, safely and securely
- PC18.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC19.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC20.** operate digital devices and carry out basic internet operations securely and safely
- PC21.** use e- mail and social media platforms and virtual collaboration tools to work effectively
- PC22.** use basic features of word processor, spreadsheets, and presentations

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC23.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC24.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC25.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC26.** identify different types of customers
- PC27.** identify and respond to customer requests and needs in a professional manner.

Qualification Pack

PC28. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC29. create a professional Curriculum vitae (Résumé)

PC30. search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively

PC31. apply to identified job openings using offline /online methods as per requirement

PC32. answer questions politely, with clarity and confidence, during recruitment and selection

PC33. identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills and different learning and employability related portals

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up

KU6. importance of career development and setting long- and short-term goals

KU7. about effective communication

KU8. POSH Act

KU9. Gender sensitivity and inclusivity

KU10. different types of financial institutes, products, and services

KU11. how to compute income and expenditure

KU12. importance of maintaining safety and security in offline and online financial transactions

KU13. different legal rights and laws

KU14. different types of digital devices and the procedure to operate them safely and securely

KU15. how to create and operate an e- mail account and use applications such as word processors, spreadsheets etc.

KU16. how to identify business opportunities

KU17. types and needs of customers

KU18. how to apply for a job and prepare for an interview

KU19. apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. read and write different types of documents/instructions/correspondence

GS2. communicate effectively using appropriate language in formal and informal settings

Qualification Pack

- GS3.** behave politely and appropriately with all
- GS4.** how to work in a virtual mode
- GS5.** perform calculations efficiently
- GS6.** solve problems effectively
- GS7.** pay attention to details
- GS8.** manage time efficiently
- GS9.** maintain hygiene and sanitization to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.

Qualification Pack

6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.

7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Minimum Aggregate Passing % at QP Level : 50

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Assessment Weightage

Compulsory NOS

National Occupational Standards	Theory Marks	Practical Marks	Project Marks	Viva Marks	Total Marks	Weightage
MEP/N0226.Plan and prepare to conduct fieldwork	40	60	-	-	100	10

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.

Qualification Pack

Key Learning Outcome	Key learning outcome is the statement of what a learner needs to know, understand and be able to do in order to achieve the terminal outcomes. A set of key learning outcomes will make up the training outcomes. Training outcome is specified in terms of knowledge, understanding (theory) and skills (practical application).
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standard	NOS define the measurable performance outcomes required from an individual engaged in a particular task. They list down what an individual performing that task should know and also do.
