MEP/N0204: Manage routine office activities

Description

This unit is about managing day to day activities of the organization.

Scope

The scope covers the following :

- Manage phone calls and queries
- Maintain records and documentation
- Organise meeting
- Ensure gender mainstreaming and inclusivity

Elements and Performance Criteria

Manage phone calls and queries

To be competent, the user/individual on the job must be able to:

- PC1.** Receive and manage communications (calls, chats, emails, or video meetings) from stakeholders and direct them to the right person using digital tools.
- PC2.** Greet stakeholders politely across phone, video, email, or chat, following organizational rules and showing cultural respect.
- PC3.** Listen carefully, record details manually and digitally (AI transcription or speech-to-text tools) and ask questions to understand the query.
- PC4.** Use AI assistants or CRM systems to give quick responses, check past records, and confirm information with clients/customers.
- PC5.** Summarize and document queries with the help of note-taking or knowledge management tools so they can be easily accessed later.
- PC6.** Resolve queries within your scope using AI knowledge bases and FAQs or pass them to the right authority if needed.
- PC7.** Access and update digital knowledge hubs (CRM, intranet, AI systems) to provide accurate and up-to-date answers to stakeholders.

Maintain records and documentation

To be competent, the user/individual on the job must be able to:

- PC8.** Maintain updated contact details of staff, service providers, suppliers, and stakeholders using manually and digitally (CRM tools, shared directories, or AI-driven contact management systems)
- PC9.** Maintain correspondence, contracts, and official documents in cloud-based filing systems (Google Drive, OneDrive, SharePoint, DMS platforms, etc.) with proper authorization and access control.
- PC10.** Maintain a manual or digital catalogue or database of all files and documentation, with periodic AI-assisted audits and auto-inventory features.
- PC11.** Use search-enabled digital filing systems or AI document retrieval tools to quickly access, share, and replace files, ensuring proper digital/physical order is maintained.

Qualification Pack

- PC12.** Maintain manual or digital (e-tracking systems, audit trails, or AI-powered workflow trackers) to record and monitor file/document movement across departments or external stakeholders.

Meeting Management

To be competent, the user/individual on the job must be able to:

- PC13.** Prepare and set up the venue (physical or virtual), ensuring agenda and meeting details are shared digitally in advance.
- PC14.** Coordinate and schedule meetings manually or using digital tools (e.g., calendar apps, AI-based scheduling assistants, video conferencing platforms).
- PC15.** Arrange and test required equipment/technology (projectors, conferencing systems, AI transcription tools, virtual whiteboards, etc.).
- PC16.** Organize necessary support such as refreshments for in-person meetings or digital resources for online meetings.
- PC17.** Manage post-meeting tasks including sharing minutes, follow-up actions, and maintaining digital records.

Ensure Inclusivity and Gender Mainstreaming

To be competent, the user/individual on the job must be able to:

- PC18.** Show inclusive and respectful behavior in all workplace interactions, ensuring gender-neutral communication with colleagues and teams (including emails, chats, and meetings).
- PC19.** Use non-gendered language and respectful phrases in verbal, written, and digital communication (e.g., phone calls, client interactions, social media, AI-enabled chat tools).
- PC20.** Leverage digital platforms, AI tools, and workplace apps to promote inclusivity (e.g., using AI grammar checkers for bias-free language, inclusive templates for presentations, and virtual meeting guidelines).
- PC21.** Stay updated with organizational policies, diversity guidelines, and new workplace trends related to gender equity, inclusivity, and accessibility.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Knowledge of the organisations profile, area of operations, statutes, hierarchy, departments, reporting structure, and escalation matrix.
- KU2.** Understanding of access control, data security, confidentiality, file naming conventions, backups, version control, archiving procedures, file retention periods, and authorization requirements as per company policy.
- KU3.** Awareness of management tools, CRM systems, AI-powered chatbots, and knowledge bases used for recording, categorizing, tracking, and resolving customer queries.
- KU4.** Familiarity with standard scripts, templates, and communication protocols for handling customer queries across multiple channels (phone, email, chat, video).
- KU5.** Importance of keeping customers informed about timescales for resolution, maintaining transparency, and using digital tools for real-time updates and follow-ups.
- KU6.** Use of information systems, databases, and software applications for data storage, retrieval, analysis, and secure communication, including AI-enabled search and auto-summarization.

Qualification Pack

- KU7.** Different styles and approaches for working with customers, techniques for conveying concern and commitment, and ensuring gender-sensitive and egalitarian communication practices.
- KU8.** Knowledge of rights of women, persons with disabilities, and ensuring respectful, inclusive, and non-discriminatory communication and service delivery.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Ability to write messages, notes, descriptive texts, factual/quantitative details, and fill online/paper forms accurately, read and extract relevant information from documents, manuals, and instructions.
- GS2.** Maintaining work-related notes, records, and staying updated by reading relevant literature and developments in the field of work.
- GS3.** Listening attentively, communicating clearly and politely with co-workers and clients, and coordinating effectively to achieve common work objectives.
- GS4.** Planning, organizing, and prioritizing tasks to ensure timely completion of work while anticipating and preventing possible disruptions
- GS5.** Taking quick and appropriate decisions to handle workplace challenges, emergencies, or accidents efficiently.

MEP/N0216: Use computers to store, retrieve and communicate information

Description

This unit deals in detail with storing, retrieval and communication of information using computers

Scope

The scope covers the following :

- Retrieve and Manage Information using Digital Systems and AI Tools
- Store information using word processors and spread sheets
- Manage digital communication and ensure safe use of technology
- Work safely and securely with technology

Elements and Performance Criteria

Retrieve and Manage Information using Digital Systems and AI Tools

To be competent, the user/individual on the job must be able to:

- PC1.** Recognize different operating systems, cloud storage platforms, and AI-driven applications used for storing and retrieving data.
- PC2.** Use computer drives, cloud storage, and AI search features to locate files, data, and documents quickly and accurately
- PC3.** Use AI tools and automated systems to quickly find, organize, label, and safely store digital files, while following the organization's rules for data access and security

Store information using word processors and spreadsheets

To be competent, the user/individual on the job must be able to:

- PC4.** Enter, edit, and save data or information (letters, reports, tables, etc.) using word processors, spreadsheets, and AI-enabled digital tools.
- PC5.** Format, design, and present information professionally using features like templates, styles, references, review tools, and AI-assisted formatting.
- PC6.** Apply basic and AI-supported formulas, functions, charts, and data visualization techniques in spreadsheets to simplify data presentation.
- PC7.** Follow organizational data policies on file naming, backups, privacy, and cyber security while using digital and AI tools.

Manage digital communication and ensure safe use of technology

To be competent, the user/individual on the job must be able to:

- PC8.** Use computers to prepare and share information through printouts, reports, or digital formats.
- PC9.** Communicate using emails, AI-powered writing assistants, or workplace collaboration tools (e.g., MS Teams, Slack, Google Workspace) while following security rules.
- PC10.** Ensure compliance with organizational data security and privacy policies while sharing files or messages.

Work safely and securely with technology

Qualification Pack

To be competent, the user/individual on the job must be able to:

- PC11.** follow electrical safety precautions while using while using computers, laptops, or mobile devices.
- PC12.** Use secure practices for storing, retrieving, and sharing information online (e.g., strong passwords, multi-factor authentication, cloud storage safety).
- PC13.** Stay updated with organizational cyber security guidelines
- PC14.** Seek help from IT support or digital helpdesk in case of technical issues.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Knowledge of different operating systems (Windows, Linux, MacOS), devices (desktop, laptop, mobile), and cloud-based platforms used for storing and retrieving information.
- KU2.** Understanding local drives, shared servers, cloud storage (e.g., Google Drive, OneDrive), and AI-powered search features for quick and accurate retrieval of files and data.
- KU3.** Awareness of AI-enabled systems for organizing, tagging, labeling, auto-classifying, and archiving files, ensuring compliance with organizational data security rules.
- KU4.** Knowledge of word processors (MS Word, Google Docs, AI-assisted editors) for creating, editing, formatting, and saving professional documents such as reports, letters, and presentations.
- KU5.** Familiarity with spreadsheet software (MS Excel, Google Sheets) and AI-powered features for applying formulas, creating charts, analyzing data, and visualizing information.
- KU6.** Understanding organizational policies on file naming conventions, backups, version control, privacy, and compliance with data security standards.
- KU7.** Knowledge of email systems, AI writing assistants, and workplace collaboration platforms (e.g., MS Teams, Slack, Google Workspace) along with protocols for professional, secure, and effective communication.
- KU8.** Awareness of safe digital practices including strong passwords, multi-factor authentication, phishing awareness, and compliance with organizational cybersecurity guidelines.
- KU9.** Knowledge of ergonomic posture, screen time management, electrical safety, and responsible use of digital devices to prevent health risks.
- KU10.** Understanding when and how to approach IT support or digital helpdesks, and the importance of staying updated with evolving digital tools, AI applications, and organizational technology policies.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Ability to write messages, notes, descriptive texts, factual/quantitative details, and fill online/paper forms accurately, read and extract relevant information from documents, manuals, and instructions.
- GS2.** Maintaining work-related notes, records, and staying updated by reading relevant literature and developments in the field of work.

Qualification Pack

- GS3.** Listening attentively, communicating clearly and politely with co-workers and clients, and coordinating effectively to achieve common work objectives.
- GS4.** Planning, organising, and prioritising tasks to ensure timely completion of work while anticipating and preventing possible disruptions.
- GS5.** Taking quick and appropriate decisions to handle workplace challenges, emergencies, or accidents efficiently.

MEP/N0224: Check forms and applications for completeness as per norms

Description

This unit is about checking forms and applications for completeness as per norms.

Scope

The scope covers the following :

- Check forms and applications
- Check, Enter and Manage Data in Digital Forms and Applications
- Carry out material and energy conservation practices

Elements and Performance Criteria

Check forms and applications for completeness as per norms

To be competent, the user/individual on the job must be able to:

- PC1.** Access and interpret organizational norms, digital instructions, or AI-generated checklists for processing applications.
- PC2.** Create/update digital checklists (manual or AI-based) to verify completeness of forms and applications.
- PC3.** Follow organizational protocols for receiving forms (physical or digital), ensuring safe handling and tracking through digital logs
- PC4.** Check that all required documents, attachments, and digital signatures are submitted as per the checklist.
- PC5.** Ensure all fields are correctly filled
- PC6.** Flag incomplete or incorrect applications and return them for corrections as per defined procedures.
- PC7.** Collate, label, and prepare verified documents (physical/digital) for further processing.
- PC8.** Share/transfer validated forms to authorized personnel or digital workflow systems.
- PC9.** Maintain accuracy, avoid document damage (physical) or corruption (digital), and use secure storage systems.
- PC10.** Follow data privacy standards, access-control policies, and use secure digital platforms to protect sensitive information.

Check, Enter and Manage Data in Digital Forms and Applications

To be competent, the user/individual on the job must be able to:

- PC11.** Identify and access the correct digital form/template (online or offline) using workplace software, AI-powered dashboards, or applications.
- PC12.** Understand instructions about what data is needed, its source, order, codes and do's & don'ts.
- PC13.** Accurately enter or auto-fill data in the required format using computer applications, AI-assisted data entry, or voice-to-text tools.
- PC14.** Review and validate data with built-in validation checks, AI tools, to ensure accuracy.
- PC15.** Correct mistakes using approved procedures, digital audit trails, or AI-suggested corrections.

Qualification Pack

PC16. Save and store data securely using cloud storage, encryption tools, and following the organization's cybersecurity policies

Carry out material and energy conservation practices

To be competent, the user/individual on the job must be able to:

PC17. Identify areas where material and energy use can be reduced

PC18. Use digital alternatives (e-files, e-signatures, cloud storage) to minimize paper and ink usage.

PC19. Configure smart equipment settings (auto-sleep, power-saving modes) and ensure devices are turned off when not in use.

PC20. Promote awareness of green practices (e.g., AI-enabled reminders, eco-apps) among colleagues to create a sustainable workplace.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. Knowledge of organizational rules, procedures, and protocols for receiving, handling, and processing physical/digital forms and applications.

KU2. Use of digital or AI-generated checklists and automated validation tools to ensure completeness and accuracy of forms and applications.

KU3. Safe handling, collation, labeling, and tracking of documents (physical/digital) using workflow systems, logs, and version control.

KU4. Understanding required formats, data sources, codes, and templates for accurate entry in physical and digital forms.

KU5. Familiarity with AI-based autofill, predictive text, voice-to-text tools, and error-detection mechanisms for efficient data entry and review.

KU6. Knowledge of built-in validation checks, audit trails, and approved procedures for correcting mistakes without compromising data integrity.

KU7. Awareness of cybersecurity standards, encryption, access control, and safe storage practices for protecting sensitive data.

KU8. Use of cloud platforms, e-signatures, and secure storage solutions for archiving, retrieval, and communication of verified data.

KU9. Knowledge of material and energy conservation practices, including reducing paper usage, enabling smart device settings, and using e-tools.

KU10. Promotion of eco-friendly practices through digital reminders, eco-apps, and sensitization of colleagues for creating a sustainable workplace.

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. Ability to write messages, notes, descriptive texts, factual/quantitative details, and fill online/paper forms accurately read and extract relevant information from documents, manuals, and instructions.

Qualification Pack

- GS2.** Maintaining work-related notes, records, and staying updated by reading relevant literature and developments in the field of work.

MEP/N0225: Coordinate with internal and external agencies to complete operational requirements

Description

This unit deals in detail with conducting co-ordination work with internal and external agencies in order to complete operational requirements as per the tasks assigned.

Scope

The scope covers the following :

- Prepare to co-ordinate work tasks
- Execute follow-up activities
- Co-ordinate for finance and administrative work
- Maintain records

Elements and Performance Criteria

Prepare to co-ordinate work tasks

To be competent, the user/individual on the job must be able to:

- PC1.** Identify and interpret work requirements using digital dashboards, or organizational guidelines.
- PC2.** Identify and connect with relevant personnel/agencies using cloud directories, CRM tools, or team collaboration platforms (e.g., MS Teams, Slack, AI contact finders).
- PC3.** Communicate with agencies through emails, instant messaging, video calls, or AI-enabled chatbots for support/service coordination.
- PC4.** Obtain, review, and update workplans and schedules
- PC5.** Prepare manual or digital to-do lists, AI-generated workflows, and smart reminders, and share them with concerned stakeholders via cloud storage or shared dashboards.
- PC6.** Assign priorities, responsibilities, and timelines using automated scheduling, dependency-mapping tools, and AI-based task optimizers.
- PC7.** Set reminders, track progress, and flag items using digital calendars, AI assistants (Google Assistant, Alexa, Copilot), and smart notifications.
- PC8.** Book appointments, schedule virtual/hybrid meetings, and send auto-generated e-invites with joining links and agenda through integrated platforms (e.g., Zoom, Google Meet, Outlook).

Execute follow-up activities

To be competent, the user/individual on the job must be able to:

- PC9.** Check digital planners, AI-driven task trackers, or automated reminders to identify pending or incomplete tasks that require follow-up.
- PC10.** Coordinate with relevant personnel by using appropriate communication tools (phone, email, chat, collaborative platforms, video conferencing, AI chatbots) while respecting communication preferences and professional protocols.

Qualification Pack

- PC11.** Request updates, information, or task completion using professional communication etiquette across both traditional and digital channels (e.g., Teams, WhatsApp, CRM tools).
- PC12.** Clarify and resolve queries by accessing digital knowledge bases, AI assistants, or authorized personnel to provide accurate information and support.
- PC13.** Record responses and actions in digital formats (CRM, ERP systems, AI logs, shared drives) as per organizational SOPs.
- PC14.** Update task trackers, calendars, to reflect current status and progress.
- PC15.** send updated status and progress in agreed formats to relevant personnel through agreed digital formats and collaboration platforms in a timely manner.
- PC16.** Prepare accurate meeting notes/minutes using digital templates, AI transcription tools, or voice-to-text features, and share them promptly with stakeholders.
- PC17.** Share required documents (orders, approvals, RFIs, quotations, expense vouchers, etc.) securely through digital workflows, cloud storage, or e-signature platforms.

Co-ordinate for finance and administrative work

To be competent, the user/individual on the job must be able to:

- PC18.** follow organizational process for official purchases and expenses
- PC19.** negotiate with vendors to get optimum value for money as possible
- PC20.** Register and verify vendors digitally in coordination with finance using automated platforms.
- PC21.** check bills and invoices to ensure that they are correct as per the products/services purchased or sold respectively
- PC22.** Co-ordinate between vendor and finance department for timely release of payment to the vendor
- PC23.** follow organization process for claiming allowed re-imbursements
- PC24.** Perform digital and basic banking transactions (online transfers, UPI, net banking, cheque deposit, demand draft, etc.) securely.

Maintain records

To be competent, the user/individual on the job must be able to:

- PC25.** Receive, acknowledge and record incoming documentation (in physical and digitally forms) related to projects and tasks and file them in an organized and safe manner
- PC26.** Record outgoing documentation accurately, save and file copies of outgoing documentation in physical and digital forms as per organizational standards
- PC27.** Save and file copies of outgoing documents as per organizational standards
- PC28.** Check and Verify documents for accuracy, completeness, compliance, and approvals, using checklists to detect gaps and errors.
- PC29.** Interpret information in documents (manual, digital, or AI-assisted) to identify actions, timelines, and key parameters for further processing.
- PC30.** Check for authorization before sending or sharing any documentation to any person or firm/agency requesting for information
- PC31.** Take necessary and timely back-ups for essential documentation or messages, using authorized actions and tools, using cloud storage to avoid loss due to exigencies.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

Qualification Pack

- KU1.** Knowledge of the organizations profile, departments, reporting structure, escalation matrix, and coordination requirements with internal and external agencies.
- KU2.** Awareness of traditional and digital channels (phone, email, chat, video calls, instant messaging) and AI-enabled communication tools (chatbots, contact finders, collaboration platforms like Teams/Slack/Zoom) for coordinating tasks.
- KU3.** Understanding of digital dashboards, project management software (Trello, Asana, MS Project, Monday.com), Gantt charts, AI-generated workflows, and smart reminders for assigning, monitoring, and optimizing tasks.
- KU4.** Knowledge of AI-driven task trackers, automated reminders, digital calendars, smart notifications, and CRM systems to follow up on pending work, track progress, and flag delays.
- KU5.** Understanding of organizational SOPs for maintaining records, documentation standards (manual, digital, and AI-assisted), automated checklists, cloud storage, version control, archiving, and backup protocols.
- KU6.** Familiarity with digital finance tools and workflows, vendor registration systems, invoice verification, negotiation practices, digital banking/UPI transactions, reimbursement processes, and secure coordination between vendors and finance.
- KU7.** Knowledge of organizational policies on authorization, access controls, confidentiality, secure digital workflows, e-signature platforms, and compliance with data privacy norms while sharing information.
- KU8.** Techniques for effective professional communication (written, verbal, and digital), use of inclusive and culturally sensitive language, and the importance of providing timely updates, accurate meeting minutes, and transparent information to stakeholders.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Ability to write messages, notes, descriptive texts, factual/quantitative details, and fill online/paper forms accurately, read and extract relevant information from documents, manuals, and instructions.
- GS2.** Maintaining work-related notes, records, and staying updated by reading relevant literature and developments in the field of work.
- GS3.** Listening attentively, communicating clearly and politely with co-workers and clients, and coordinating effectively to achieve common work objectives,
- GS4.** Planning, organizing, and prioritizing tasks to ensure timely completion of work while anticipating and preventing possible disruptions.
- GS5.** Taking quick and appropriate decisions to handle workplace challenges, emergencies, or accidents efficiently.

Qualification Pack

Assessment Criteria

Assessment Criteria for Outcomes	Theory Marks	Practical Marks	Project Marks	Viva Marks
<i>Prepare to co-ordinate work tasks</i>	10	10	-	-
PC1. Identify and interpret work requirements using digital dashboards, or organizational guidelines.	-	-	-	-
PC2. Identify and connect with relevant personnel/agencies using cloud directories, CRM tools, or team collaboration platforms (e.g., MS Teams, Slack, AI contact finders).	-	-	-	-
PC3. Communicate with agencies through emails, instant messaging, video calls, or AI-enabled chatbots for support/service coordination.	-	-	-	-
PC4. Obtain, review, and update workplans and schedules	-	-	-	-
PC5. Prepare manual or digital to-do lists, AI-generated workflows, and smart reminders, and share them with concerned stakeholders via cloud storage or shared dashboards.	-	-	-	-
PC6. Assign priorities, responsibilities, and timelines using automated scheduling, dependency-mapping tools, and AI-based task optimizers.	-	-	-	-
PC7. Set reminders, track progress, and flag items using digital calendars, AI assistants (Google Assistant, Alexa, Copilot), and smart notifications.	-	-	-	-
PC8. Book appointments, schedule virtual/hybrid meetings, and send auto-generated e-invites with joining links and agenda through integrated platforms (e.g., Zoom, Google Meet, Outlook).	-	-	-	-
<i>Execute follow-up activities</i>	10	10	-	-
PC9. Check digital planners, AI-driven task trackers, or automated reminders to identify pending or incomplete tasks that require follow-up.	-	-	-	-

Qualification Pack

Assessment Criteria for Outcomes	Theory Marks	Practical Marks	Project Marks	Viva Marks
PC10. Coordinate with relevant personnel by using appropriate communication tools (phone, email, chat, collaborative platforms, video conferencing, AI chatbots) while respecting communication preferences and professional protocols.	-	-	-	-
PC11. Request updates, information, or task completion using professional communication etiquette across both traditional and digital channels (e.g., Teams, WhatsApp, CRM tools).	-	-	-	-
PC12. Clarify and resolve queries by accessing digital knowledge bases, AI assistants, or authorized personnel to provide accurate information and support.	-	-	-	-
PC13. Record responses and actions in digital formats (CRM, ERP systems, AI logs, shared drives) as per organizational SOPs.	-	-	-	-
PC14. Update task trackers, calendars, to reflect current status and progress.	-	-	-	-
PC15. send updated status and progress in agreed formats to relevant personnel through agreed digital formats and collaboration platforms in a timely manner.	-	-	-	-
PC16. Prepare accurate meeting notes/minutes using digital templates, AI transcription tools, or voice-to-text features, and share them promptly with stakeholders.	-	-	-	-

MEP/N9903: Apply health and safety practices at the workplace

Description

This unit deals in detail with application of health and safety practices in the workplace

Scope

The scope covers the following :

- Apply relevant health and safety practices at the workplace
- Maintain a healthy and hygienic environment
- Deal with emergency situations
- Follow fire safety requirements

Elements and Performance Criteria

Apply relevant health and safety practices at the workplace

To be competent, the user/individual on the job must be able to:

- PC1.** identify, control and report health and safety issues relating to immediate work environment according to procedures
- PC2.** follow procedures and instructions for dealing with hazards, within the scope of responsibilities and competencies
- PC3.** document and report all hazards, accidents and near-miss incidents as per set process
- PC4.** document safety records according to organisational policies

Maintain a healthy and hygienic environment

To be competent, the user/individual on the job must be able to:

- PC5.** maintain the work area in a clean and tidy condition
- PC6.** ensure that the work area is sanitised as and when required
- PC7.** maintain personal hygiene
- PC8.** use appropriate personal protective equipment (PPE) where required
- PC9.** wash hands using soap and water or alcohol based sanitiser
- PC10.** report hygiene related concerns promptly to the relevant authority

Emergencies, rescue and first-aid procedures

To be competent, the user/individual on the job must be able to:

- PC11.** administer appropriate first aid to victims wherever required e.g. in case of bleeding, burns, choking, electric shock, poisoning etc.
- PC12.** respond promptly and appropriately to an accident situation or medical emergency in real or simulated environments
- PC13.** perform rescue activity during an accident if applicable (e.g. if moving victim is advisable)

Follow fire safety requirements

To be competent, the user/individual on the job must be able to:

- PC14.** follow fire safety practices
- PC15.** identify the type of fire and its stage

Qualification Pack

PC16. use the various appropriate fire extinguishers on different types of fires correctly

PC17. follow procedures to rescue victim of fire without endangering self

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Health Safety and Environment (HSE) practices
- KU2.** relevant Occupational Health and Safety (OHS) regulations
- KU3.** enterprise /site emergency procedures and techniques
- KU4.** waste and dangerous materials disposal procedures and practices
- KU5.** procedures for recording, reporting and maintenance of workplace safety and hygiene
- KU6.** meaning of hazards and risks
- KU7.** health and safety hazards commonly present in the work environment and related precautions
- KU8.** possible causes of risk, hazard or accident in the workplace
- KU9.** where to find all the general health and safety equipment in the workplace
- KU10.** various dangers associated with the use of electrical equipment
- KU11.** preventative and remedial actions to be taken in the case of exposure to toxic materials
- KU12.** importance of using protective clothing/equipment while working
- KU13.** precautionary activities to prevent the fire accident
- KU14.** various causes of fire
- KU15.** techniques of using the different fire extinguishers
- KU16.** different methods of extinguishing fire
- KU17.** different materials used for extinguishing fire
- KU18.** rescue techniques applied during a fire hazard
- KU19.** various types of safety signs and their meaning
- KU20.** appropriate basic first aid treatment relevant to the condition eg. shock, electrical shock, bleeding, breaks to bones, minor burns, resuscitation, poisoning, eye injuries
- KU21.** safe lifting and carrying practices

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** write Health and safety compliance report
- GS2.** interpret general health and safety guidelines
- GS3.** communicate general health and safety guidelines to co workers
- GS4.** take decision about the corrective action to be taken in case of any potential hazards

MEP/N9912: Apply principles of professional practice at the workplace

Description

This unit deals in detail with the application of principles of professional practice like professional image, professional competence, discipline, ethics and work effectiveness.

Scope

The scope covers the following :

- Maintain a professional image and behaviour
- Maintain and enhance professional competence
- Work in a disciplined and ethical manner
- Work effectively with all stakeholders

Elements and Performance Criteria

Maintain a professional image and behaviour

To be competent, the user/individual on the job must be able to:

- PC1.** display appropriate professional appearance for the workplace
- PC2.** interact with team members, clients, vendors, visitors and other stakeholders in a Professional manner

Maintain and enhance professional competence

To be competent, the user/individual on the job must be able to:

- PC3.** develop personal and professional goals and objectives
- PC4.** identify strengths and weaknesses in relation to goals and objectives
- PC5.** evaluate own capacity to meet goals and objectives
- PC6.** determine personal development needs to perform role as per desired standards
- PC7.** develop a professional development plan to enhance professional capabilities
- PC8.** document a professional practice plan designed to support the achievement of goals
- PC9.** select and implement development opportunities to support continuous learning and maintain currency of professional practice
- PC10.** research developments and trends impacting on professional practice and integrate information into work performance
- PC11.** seek feedback on performance from others and incorporate it to improve

Work in a disciplined and ethical manner

To be competent, the user/individual on the job must be able to:

- PC12.** perform tasks to the required workplace standard
- PC13.** protect the rights of the client and organisation when delivering services
- PC14.** recognise potential ethical issues in the workplace and discuss with an appropriate person
- PC15.** recognise unethical conduct and report to an appropriate person
- PC16.** operate within an agreed ethical code of practice

Qualification Pack

PC17. maintain confidentiality as per the organisational guidelines

Work effectively with all stakeholders

To be competent, the user/individual on the job must be able to:

PC18. identify and obtain clarity regarding organisational, team and own goals

PC19. prioritise tasks at work as per organisational, team and own goals

PC20. plan to meet team performance targets and standards

PC21. monitor own and team performance as per agreed plan

PC22. share all relevant information with stakeholders in agreed formats and as per agreed timelines

PC23. work collaboratively with colleagues through sharing information and ideas and working together on agreed outcomes

PC24. recognise, avoid and/or address any conflict of interest

PC25. recognize and respond to inappropriate behaviour towards self or others in a professional manner and as per organisational policy (Inappropriate behaviour: violence, inappropriate language, verbal or physical abuse or bullying, insensitive verbal or physical behaviour in terms of cultural, racial, disability and gender-based insensitivities, dominant or overbearing behaviour, disruptive behaviour, non-compliance with safety instructions, unethical behaviour)

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. organisations HR systems, policies and procedures

KU2. organizational hierarchy and escalation matrix

KU3. organisational health safety and environment

KU4. work area inspection procedures and practices

KU5. importance of displaying professional appearance behaviour at all times

KU6. importance of developing personal and professional goals and objectives

KU7. importance of identifying strengths and weaknesses in relation to goals and objectives

KU8. how to identify strengths and weaknesses and evaluate own capacity to meet goals and objectives

KU9. how to determine personal development needs

KU10. importance of continuous learning and developing professional development plan

KU11. development opportunities to support continuous learning and maintain currency of professional practice

KU12. developments and trends impacting on professional practice

KU13. importance of taking and using feedback from colleagues and clients to identify and introduce, improvements in work performance

KU14. perform tasks to the required workplace standard

KU15. importance of discipline and ethics in a professional workplace

KU16. importance of recognising unethical conduct and reporting to appropriate authority

KU17. guidelines and legal requirements on disclosure and confidentiality

Qualification Pack

- KU18.** importance of collaboratively with colleagues through sharing information and ideas and working together on agreed outcomes
- KU19.** how to recognise, avoid and/or address any conflict of interest
- KU20.** types of inappropriate behaviours at the workplace and how to recognize them
Inappropriate behaviour: violence, inappropriate language, verbal or physical abuse or bullying, insensitive verbal or physical behaviour in terms of cultural, racial, disability and gender-based insensitivities, dominant or overbearing behaviour, disruptive behaviour, non-compliance with safety instructions, unethical behaviour
- KU21.** how to respond to inappropriate behaviour towards self and others in a professional manner

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** prepare a personal development plan
- GS2.** read organisational guidelines and legal requirements
- GS3.** search and study from various information sources in order to learn about latest updates for self-development
- GS4.** read and interpret feedback received from peers
- GS5.** receive feedback from clients or concerned stake holders
- GS6.** communicate development plan with superiors
- GS7.** plan to meet own and team performance targets and standards
- GS8.** describe own role in achieving the goal
- GS9.** describe others role in achieving the goal
- GS10.** list activities, milestones and timelines
- GS11.** identify the support and resources needed to help work towards the goal.
- GS12.** plan and organise a personal development plan for self
- GS13.** provide quality services to all clients
- GS14.** display professional appearance and behaviours to all internal and external clients
- GS15.** use of conflict resolution and negotiation skills to identify critical points, issues, concerns and problems, identify options for changing behaviours
- GS16.** recognise, avoid and/or address any conflict of interest
- GS17.** identify own strengths and weaknesses with respect achieving performance standards on the job
- GS18.** identify inappropriate behaviour and how to deal with it

DGT/VSQ/N0102: Employability Skills (60 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Career Development & Goal Setting
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** identify employability skills required for jobs in various industries
- PC2.** identify and explore learning and employability portals

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

- PC3.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. and personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC4.** follow environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC5.** recognize the significance of 21st Century Skills for employment
- PC6.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life

Basic English Skills

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC7.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC8.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC9.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC10.** understand the difference between job and career
- PC11.** prepare a career development plan with short- and long-term goals, based on aptitude

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC12.** follow verbal and non-verbal communication etiquette and active listening techniques in various settings
- PC13.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC14.** communicate and behave appropriately with all genders and PwD
- PC15.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC16.** select financial institutions, products and services as per requirement
- PC17.** carry out offline and online financial transactions, safely and securely
- PC18.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC19.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC20.** operate digital devices and carry out basic internet operations securely and safely
- PC21.** use e-mail and social media platforms and virtual collaboration tools to work effectively
- PC22.** use basic features of word processor, spreadsheets, and presentations

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC23.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC24.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC25.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC26.** identify different types of customers
- PC27.** identify and respond to customer requests and needs in a professional manner.

Qualification Pack

PC28. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC29. create a professional Curriculum vitae (Résumé)

PC30. search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively

PC31. apply to identified job openings using offline /online methods as per requirement

PC32. answer questions politely, with clarity and confidence, during recruitment and selection

PC33. identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills and different learning and employability related portals

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up

KU6. importance of career development and setting long- and short-term goals

KU7. about effective communication

KU8. POSH Act

KU9. Gender sensitivity and inclusivity

KU10. different types of financial institutes, products, and services

KU11. how to compute income and expenditure

KU12. importance of maintaining safety and security in offline and online financial transactions

KU13. different legal rights and laws

KU14. different types of digital devices and the procedure to operate them safely and securely

KU15. how to create and operate an e- mail account and use applications such as word processors, spreadsheets etc.

KU16. how to identify business opportunities

KU17. types and needs of customers

KU18. how to apply for a job and prepare for an interview

KU19. apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. read and write different types of documents/instructions/correspondence

GS2. communicate effectively using appropriate language in formal and informal settings

Qualification Pack

- GS3.** behave politely and appropriately with all
- GS4.** how to work in a virtual mode
- GS5.** perform calculations efficiently
- GS6.** solve problems effectively
- GS7.** pay attention to details
- GS8.** manage time efficiently
- GS9.** maintain hygiene and sanitization to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each PC. 2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC. 3. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below.) 4. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria. 5. To pass the Qualification Pack, every trainee should score a minimum of 70% in every NOS. 6. In case of successfully passing only certain number of NOSs, the trainee is eligible to take subsequent assessment on the balance NOS's to pass the Qualification Pack.

7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to

Qualification Pack

successfully clear the Qualification Pack assessment.)

Assessment Weightage

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
