Qualification Pack

MEP/Q0210: Hindi Typist

Brief Job Description

A Hindi typist is responsible for formatting and typing various types of documents in Hindi with speed and accuracy. The individual is involved in typing letters, reports, forms, correspondence, policies, tabular statements, or other documents from rough drafts, handwritten copies, dictated notes, or voice recordings using word processing software or typewriter. The individual also checks documents for errors in spelling, grammar, punctuation and format, and corrects identified errors.

Personal Attributes

The individual must be well-groomed, attentive, comfortable with multi-tasking and disciplined. The individual must have good communication skills and be attentive to detail with an ability to spot grammar, spelling and punctuation errors. The individual must also have dexterity of hands and fingers, clarity of vision, and verbal, auditory and written capabilities. The individual must have a positive attitude and the ability to work in a team.

Applicable National Occupational Standards (NOS)

Compulsory NOS:

1. [MEP/N0216: Use computers to store, retrieve and communicate information](#)
2. [MEP/N0236: Install and use various Hindi fonts and typing tools](#)
3. [MEP/N0238: Prepare various types of Hindi documents](#)
4. [MEP/N0239: Proofread Hindi documents](#)
5. [MEP/N0241: Maintain records and documentation](#)
6. [MEP/N9903: Apply health and safety practices at the workplace](#)
7. [MEP/N9912: Apply principles of professional practice at the workplace](#)
8. [DGT/VSQ/N0102: Employability Skills \(60 Hours\)](#)

Options(Not mandatory):

Option : Hindi Shorthand / Stenography

This unit covers the skills required for taking shorthand notes and producing accurate and correct text in an agreed format. It includes checking the content of document for accuracy and correcting text as necessary and storing both the text and the original shorthand notes safely and securely.

Qualification Pack

1. [MEP/N0237: Use Hindi Shorthand/Hindi Stenography to prepare documents](#)

Qualification Pack

MEP/N0216: Use computers to store, retrieve and communicate information

Description

This unit deals in detail with storing, retrieval and communication of information using computers

Scope

The scope covers the following :

- Retrieve and Manage Information using Digital Systems and AI Tools
- Store information using word processors and spread sheets
- Manage digital communication and ensure safe use of technology
- Work safely and securely with technology

Elements and Performance Criteria

Retrieve and Manage Information using Digital Systems and AI Tools

To be competent, the user/individual on the job must be able to:

- PC1.** Recognize different operating systems, cloud storage platforms, and AI-driven applications used for storing and retrieving data.
- PC2.** Use computer drives, cloud storage, and AI search features to locate files, data, and documents quickly and accurately
- PC3.** Use AI tools and automated systems to quickly find, organize, label, and safely store digital files, while following the organization's rules for data access and security

Store information using word processors and spreadsheets

To be competent, the user/individual on the job must be able to:

- PC4.** Enter, edit, and save data or information (letters, reports, tables, etc.) using word processors, spreadsheets, and AI-enabled digital tools.
- PC5.** Format, design, and present information professionally using features like templates, styles, references, review tools, and AI-assisted formatting.
- PC6.** Apply basic and AI-supported formulas, functions, charts, and data visualization techniques in spreadsheets to simplify data presentation.
- PC7.** Follow organizational data policies on file naming, backups, privacy, and cyber security while using digital and AI tools.

Manage digital communication and ensure safe use of technology

To be competent, the user/individual on the job must be able to:

- PC8.** Use computers to prepare and share information through printouts, reports, or digital formats.
- PC9.** Communicate using emails, AI-powered writing assistants, or workplace collaboration tools (e.g., MS Teams, Slack, Google Workspace) while following security rules.
- PC10.** Ensure compliance with organizational data security and privacy policies while sharing files or messages.

Work safely and securely with technology

Qualification Pack

To be competent, the user/individual on the job must be able to:

- PC11.** follow electrical safety precautions while using while using computers, laptops, or mobile devices.
- PC12.** Use secure practices for storing, retrieving, and sharing information online (e.g., strong passwords, multi-factor authentication, cloud storage safety).
- PC13.** Stay updated with organizational cyber security guidelines
- PC14.** Seek help from IT support or digital helpdesk in case of technical issues.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Knowledge of different operating systems (Windows, Linux, MacOS), devices (desktop, laptop, mobile), and cloud-based platforms used for storing and retrieving information.
- KU2.** Understanding local drives, shared servers, cloud storage (e.g., Google Drive, OneDrive), and AI-powered search features for quick and accurate retrieval of files and data.
- KU3.** Awareness of AI-enabled systems for organizing, tagging, labeling, auto-classifying, and archiving files, ensuring compliance with organizational data security rules.
- KU4.** Knowledge of word processors (MS Word, Google Docs, AI-assisted editors) for creating, editing, formatting, and saving professional documents such as reports, letters, and presentations.
- KU5.** Familiarity with spreadsheet software (MS Excel, Google Sheets) and AI-powered features for applying formulas, creating charts, analyzing data, and visualizing information.
- KU6.** Understanding organizational policies on file naming conventions, backups, version control, privacy, and compliance with data security standards.
- KU7.** Knowledge of email systems, AI writing assistants, and workplace collaboration platforms (e.g., MS Teams, Slack, Google Workspace) along with protocols for professional, secure, and effective communication.
- KU8.** Awareness of safe digital practices including strong passwords, multi-factor authentication, phishing awareness, and compliance with organizational cybersecurity guidelines.
- KU9.** Knowledge of ergonomic posture, screen time management, electrical safety, and responsible use of digital devices to prevent health risks.
- KU10.** Understanding when and how to approach IT support or digital helpdesks, and the importance of staying updated with evolving digital tools, AI applications, and organizational technology policies.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Ability to write messages, notes, descriptive texts, factual/quantitative details, and fill online/paper forms accurately, read and extract relevant information from documents, manuals, and instructions.
- GS2.** Maintaining work-related notes, records, and staying updated by reading relevant literature and developments in the field of work.

Qualification Pack

- GS3.** Listening attentively, communicating clearly and politely with co-workers and clients, and coordinating effectively to achieve common work objectives.
- GS4.** Planning, organising, and prioritising tasks to ensure timely completion of work while anticipating and preventing possible disruptions.
- GS5.** Taking quick and appropriate decisions to handle workplace challenges, emergencies, or accidents efficiently.

MEP/N0236: Install and use various Hindi fonts and typing tools

Description

This unit is about acquiring knowledge about Unicode system and using various Hindi typing tools in computer.

Scope

The scope covers the following :

- This unit/ task covers the following:
- Acquire knowledge of Unicode system and Unicode encoded Hindi fonts
- Install and use Hindi typing tools in computer

Elements and Performance Criteria

Acquire knowledge of Unicode system and Unicode encoded Hindi fonts

To be competent, the user/individual on the job must be able to:

- PC1.** Understand how the Unicode system operates across multiple platforms, devices, and operating systems (Windows, macOS, Android, iOS) to enable seamless exchange of Hindi text.
- PC2.** Identify and compare Unicode and non-Unicode (ASCII) fonts and recognize compatibility issues in cloud documents or PDFs.
- PC3.** Select correct Unicode encoded Hindi font as per organizational requirement and perform the typing tasks in Hindi
- PC4.** Enable and configure Hindi language input in various versions of operating systems and applications (e.g., Microsoft Windows, Google Docs, and cloud-based editors) in line with organizational procedures.

Install and use Hindi typing tools in computer

To be competent, the user/individual on the job must be able to:

- PC5.** Download and install Unicode-encoded Hindi fonts from verified and licensed sources following safe download practices.
- PC6.** Input data using Input Method Editors (IMEs) and digital input tools, including Google Input Tools, Bhashini, and Indic Keyboard, to improve typing flexibility.
- PC7.** Install or activate Microsoft Indic Language Input Tool and similar AI-based predictive typing utilities for Hindi input.
- PC8.** Type text in Hindi using English QWERTY keyboard layouts such as INSCRIPT, Phonetic, or Remington, ensuring accuracy and speed.
- PC9.** Use cloud-based transliteration and voice typing options (e.g., Google Voice Typing, Speech-to-Text) to enhance productivity.
- PC10.** Ensure secure handling and storage of digital Hindi fonts and typing tool settings as per organizational IT and cybersecurity policy.

Knowledge and Understanding (KU)

Qualification Pack

The individual on the job needs to know and understand:

- KU1.** Organizational policies, procedures, and guidelines relevant to one's role, including IT usage and software installation norms.
- KU2.** Organizational structure, hierarchy, and reporting relationships for approvals and coordination.
- KU3.** Organizational privacy, data security, and backup procedures to ensure safe handling of digital information.
- KU4.** Processes and permissions for downloading and installing tools or fonts through verified online sources as per company policy.
- KU5.** Unicode system and Unicode-supported Hindi fonts (e.g., Mangal, Nirmala UI, Aparajita) and their advantages over non-Unicode fonts.
- KU6.** Installation and configuration of Hindi typing tools and IMEs, such as Microsoft Indic Input Tool, Google Input Tools, and Bhashini.
- KU7.** Keyboard layouts and input methods (INSCRIPT, Remington, Phonetic, QWERTY) for efficient and accurate Hindi typing.
- KU8.** Basic troubleshooting techniques for display or encoding issues in word processors and cloud-based platforms.
- KU9.** Awareness of AI-assisted predictive typing, transliteration, and voice typing tools (e.g., Google Voice Typing, Lipikaar).
- KU10.** Cross-platform compatibility and cloud usage for Hindi documents in Google Workspace, MS Office 365, or LibreOffice.
- KU11.** Cybersecurity and ethical practices for installing, storing, and using digital fonts and typing tools safely
- KU12.** Government initiatives and standards for Indian language computing, such as Bhashini and TDIL, promoting Unicode compliance.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Read, interpret, and extract relevant information from all work-related documentation
- GS2.** Know the common words, signs, and set phrases consistently used within the work environment
- GS3.** Communicate clearly and effectively with client staff and team members
- GS4.** Listen carefully to all instructions and ensure they are followed precisely
- GS5.** Always demonstrate courtesy and professionalism to customers and all external contacts
- GS6.** Plan day-to-day tasks strategically to maximize productivity and proactively prepare checklists for quick reference
- GS7.** Be punctual and prioritize work according to agreed schedules
- GS8.** Identify various approaches to problem resolution, weigh their pros and cons, then select and implement the optimal, cost-effective solution, and review the solution at various stages for necessary course correction

MEP/N0238: Prepare various types of Hindi documents

Description

This unit is about identifying and using the keyboard/ Hindi fonts for typing to prepare various documents.

Scope

The scope covers the following :

- This unit/ task covers the following:
- Establish document purpose, format and layout
- Carry out Hindi typing tasks using various types of keyboard systems
- Develop speed and accuracy in typing

Elements and Performance Criteria

Establish document purpose, format and layout

To be competent, the user/individual on the job must be able to:

- PC1.** Identify various types of source material (printed, handwritten, or scanned) to carry out typing or digitization tasks using OCR tools where required.
- PC2.** Identify types and purpose of documents to type in correct format
- PC3.** Select the correct format or template that fits the purpose of the document
- PC4.** Identify various Hindi keyboarding systems (InScript, Remington, Phonetic, Google Input Tools) and choose the appropriate one.
- PC5.** Select fonts, tools, and applications (Word, Google Docs, LibreOffice) as per organizational requirements.

Carry out Hindi typing tasks using various types of keyboard systems

To be competent, the user/individual on the job must be able to:

- PC6.** Use word processing and cloud-based software to create, edit, and format documents as per prescribed standards
- PC7.** Enable or configure the required Hindi keyboard or input tool (Microsoft Indic Tool, Bhashini, Google Input Tools)
- PC8.** Use correct keys and combinations to type letters, conjugate letters, matras, numbers and special symbols
- PC9.** Prepare different types of documents within given timeline
- PC10.** Perform formatting, including boxed, open, and ruled tables
- PC11.** Ensure data security and confidentiality of documents as per organizational and IT policies.
- PC12.** Use AI-assisted proofreading and grammar tools (Grammarly, Quillbot, ChatGPT) to improve accuracy and presentation

Develop speed and accuracy in typing

To be competent, the user/individual on the job must be able to:

- PC13.** use touch method of typing to accomplish the typing tasks with higher speed and greater

Qualification Pack

- PC14.** place fingers in their designated positions and move them automatically to the key to be pressed without looking at the keyboard
- PC15.** prepare different types of documents with speed and accuracy
- PC16.** demonstrate correct body posture or ergonomics while typing to maximise productivity
- PC17.** Use typing practice or performance tracking tools (e.g., TypingClub, Ratatype) to enhance skill

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Organizational policies, procedures, and guidelines related to document preparation, formatting, and data security.
- KU2.** Organizational structure and reporting relationships for approval and review of documents.
- KU3.** Organizational privacy and cybersecurity policies, including cloud access and password protection.
- KU4.** Processes and standards for preparing and approving official correspondence, including templates and file-naming protocols.
- KU5.** Various Hindi keyboard systems (InScript, Remington, Phonetic) and their practical usage in modern digital tools.
- KU6.** Unicode fonts and cross-platform compatibility for Hindi documents in software like MS Word, Google Docs, and LibreOffice.
- KU7.** Basic and advanced functions of word processing applications, including formatting, referencing, and table creation.
- KU8.** Use of AI-assisted tools for proofreading, translation, and layout improvement (Grammarly, Quillbot, ChatGPT).
- KU9.** Typing ergonomics and touch-typing techniques to achieve consistent accuracy and speed.
- KU10.** Different types of documents and correspondence formats, such as letters, memos, notices, circulars, and reports.
- KU11.** Use of printers, PDF tools, and e-signature applications for printing and sharing documents digitally.
- KU12.** Safe and ethical handling of official data, ensuring confidentiality and compliance with organizational norms.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Read, interpret, and extract relevant information from all work-related documentation
- GS2.** Know the common words, signs, and set phrases consistently used within the work environment

MEP/N0239: Proofread Hindi documents

Description

This unit is about proofreading of various types of documents to ensure accuracy of the information and layout.

Scope

The scope covers the following :

- Check and correct the language and content of documents
- Check and correct the format of documents
- Ensure gender mainstreaming and inclusivity

Elements and Performance Criteria

Check and correct the language and content of documents

To be competent, the user/individual on the job must be able to:

- PC1.** Evaluate the given text for any spelling, grammatical and typographical errors
- PC2.** Flag errors and track changes
- PC3.** Correct the identified errors
- PC4.** Determine that the tone and language are in sync with the context of the document
- PC5.** Compare the typed proofs against the original copy to identify errors or omissions
- PC6.** Review all titles, headings, the case caption, names and correct any errors or omissions identified
- PC7.** Review use of abbreviations and its expansion for correctness and appropriateness and correct any errors or omissions identified
- PC8.** Utilize AI-powered grammar and style checkers specifically designed for Hindi, to detect complex grammatical and stylistic errors beyond standard software checks

Check and correct the format of documents

To be competent, the user/individual on the job must be able to:

- PC9.** Determine that the rules about presentation of images, tables and the like are correctly followed
- PC10.** Organise page numbers, captions and headings correctly and in order while taking care that they are not repeated or omitted
- PC11.** Perform proofreading for consistency of layout and style

Ensure gender mainstreaming and inclusivity

To be competent, the user/individual on the job must be able to:

- PC12.** Ensure gender egalitarianism in preparation of documents
- PC13.** Identify processes to promote gender egalitarianism in different processes. For example, be unbiased in communication and behaviour while discussing documents
- PC14.** Evaluate and apply corrections suggested by context-aware AI tools for stylistic consistency and language flow in the Hindi text

Qualification Pack

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** organizational policies, procedures and guidelines in relation to own job role and responsibilities
- KU2.** organisational hierarchy, various department, reporting structure and escalation matrix
- KU3.** organisational privacy and data security policies
- KU4.** organisational processes related to own work
- KU5.** priorities for own area of work
- KU6.** types and purpose of documents: letter, contract, report, order, notice, correspondence, curriculum vitae, tabular statement, balance sheet, salary sheet, advertisement, and envelop or mailing label
- KU7.** types of official or government correspondence: official letter, demi-official letter (D.O. letter), office memorandum (memo), circular, endorsement, notification, resolution, and press release
- KU8.** basic knowledge of word processing software
- KU9.** various styles of formatting used for typing documents
- KU10.** guidelines, procedures and pre-described formats for typing letters/reports/correspondence
- KU11.** use printers connected to computers to obtain printouts of typed documents
- KU12.** purpose of proofreading and correcting the errors in spelling, grammar, punctuation and format
- KU13.** punctuation marks and their correct use
- KU14.** proofread signs and their use at correct place
- KU15.** correct ergonomics postures for typing and sitting for a long period
- KU16.** organisational policy for naming stored files, maintaining backups and version control
- KU17.** purpose of maintaining the privacy and confidentiality of documents
- KU18.** organisational policies while sharing the information through internet
- KU19.** procedure to report any data security related issues
- KU20.** Capabilities and limitations of modern AI/ML proofreading tools (e.g., contextual suggestion engines) for the Hindi language.
- KU21.** Understanding of how to manage and override automated AI corrections when the tool misinterprets the specific document context or dialect.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Read, interpret, and extract relevant information from all work-related documentation
- GS2.** Know the common words, signs, and set phrases consistently used within the work environment
- GS3.** Communicate clearly and effectively with client staff and team members
- GS4.** Listen carefully to all instructions and ensure they are followed precisely

MEP/N0241: Maintain records and documentation

Description

This unit deals in detail with the maintenance of office related records and documentation.

Scope

The scope covers the following :

- Maintain record and file documents
- Material and energy/electricity conservation practices

Elements and Performance Criteria

Maintain record and file documents

To be competent, the user/individual on the job must be able to:

- PC1.** Maintain the list of contact details of staff, service providers, suppliers and other stakeholders as physical and digital records
- PC2.** File essential correspondences
- PC3.** Maintain a catalogue of the files/documentation in the office and record and update data in eOffice or cloud systems
- PC4.** Establish measures for smooth retrieval of documents and information from the filing system
- PC5.** Ensure that file retention periods are adhered to
- PC6.** Report any concerns to the authorised person
- PC7.** Seek clarification about filing documents
- PC8.** Ensure that the work is correctly documented

Material and energy/electricity conservation practices

To be competent, the user/individual on the job must be able to:

- PC9.** Identify processes where material utilization can be optimized
- PC10.** Ensure computer, printer, scanner and other appliances are switched off when not in use

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** organizational policies, procedures and guidelines in relation to own job role and responsibilities
- KU2.** organisational hierarchy, various department, reporting structure and escalation matrix
- KU3.** organisational privacy and data security policies
- KU4.** organisational processes related to own work
- KU5.** common information and data relevant to ones job role as per the organisational context

Qualification Pack

- KU6.** types and purpose of documents: letter, contract, report, order, notice, correspondence (official or government), curriculum vitae, tabular statement, balance sheet, salary sheet, advertisement, and envelop or mailing label
- KU7.** purpose of maintaining the privacy and confidentiality of documents
- KU8.** procedure to report any data security related issues
- KU9.** the reporting procedure and follow up procedure
- KU10.** Manual and digital filing systems.
- KU11.** Cloud documentation and metadata management

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Read, interpret, and extract relevant information from all work-related documentation
- GS2.** Know the common words, signs, and set phrases consistently used within the work environment
- GS3.** Communicate clearly and effectively with client staff and team members
- GS4.** Listen carefully to all instructions and ensure they are followed precisely
- GS5.** Always demonstrate courtesy and professionalism to customers and all external contacts
- GS6.** Plan day-to-day tasks strategically to maximize productivity and proactively prepare checklists for quick reference
- GS7.** Be punctual and prioritize work according to agreed schedules
- GS8.** Identify various approaches to problem resolution, weigh their pros and cons, then select and implement the optimal, cost-effective solution, and review the solution at various stages for necessary course correction

MEP/N9903: Apply health and safety practices at the workplace

Description

This unit deals in detail with application of health and safety practices in the workplace

Scope

The scope covers the following :

- Apply relevant health and safety practices at the workplace
- Maintain a healthy and hygienic environment
- Deal with emergency situations
- Follow fire safety requirements

Elements and Performance Criteria

Apply relevant health and safety practices at the workplace

To be competent, the user/individual on the job must be able to:

- PC1.** identify, control and report health and safety issues relating to immediate work environment according to procedures
- PC2.** follow procedures and instructions for dealing with hazards, within the scope of responsibilities and competencies
- PC3.** document and report all hazards, accidents and near-miss incidents as per set process
- PC4.** document safety records according to organisational policies

Maintain a healthy and hygienic environment

To be competent, the user/individual on the job must be able to:

- PC5.** maintain the work area in a clean and tidy condition
- PC6.** ensure that the work area is sanitised as and when required
- PC7.** maintain personal hygiene
- PC8.** use appropriate personal protective equipment (PPE) where required
- PC9.** wash hands using soap and water or alcohol based sanitiser
- PC10.** report hygiene related concerns promptly to the relevant authority

Emergencies, rescue and first-aid procedures

To be competent, the user/individual on the job must be able to:

- PC11.** administer appropriate first aid to victims wherever required e.g. in case of bleeding, burns, choking, electric shock, poisoning etc.
- PC12.** respond promptly and appropriately to an accident situation or medical emergency in real or simulated environments
- PC13.** perform rescue activity during an accident if applicable (e.g. if moving victim is advisable)

Follow fire safety requirements

To be competent, the user/individual on the job must be able to:

- PC14.** follow fire safety practices
- PC15.** identify the type of fire and its stage

Qualification Pack

PC16. use the various appropriate fire extinguishers on different types of fires correctly

PC17. follow procedures to rescue victim of fire without endangering self

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Health Safety and Environment (HSE) practices
- KU2.** relevant Occupational Health and Safety (OHS) regulations
- KU3.** enterprise /site emergency procedures and techniques
- KU4.** waste and dangerous materials disposal procedures and practices
- KU5.** procedures for recording, reporting and maintenance of workplace safety and hygiene
- KU6.** meaning of hazards and risks
- KU7.** health and safety hazards commonly present in the work environment and related precautions
- KU8.** possible causes of risk, hazard or accident in the workplace
- KU9.** where to find all the general health and safety equipment in the workplace
- KU10.** various dangers associated with the use of electrical equipment
- KU11.** preventative and remedial actions to be taken in the case of exposure to toxic materials
- KU12.** importance of using protective clothing/equipment while working
- KU13.** precautionary activities to prevent the fire accident
- KU14.** various causes of fire
- KU15.** techniques of using the different fire extinguishers
- KU16.** different methods of extinguishing fire
- KU17.** different materials used for extinguishing fire
- KU18.** rescue techniques applied during a fire hazard
- KU19.** various types of safety signs and their meaning
- KU20.** appropriate basic first aid treatment relevant to the condition eg. shock, electrical shock, bleeding, breaks to bones, minor burns, resuscitation, poisoning, eye injuries
- KU21.** safe lifting and carrying practices

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** write Health and safety compliance report
- GS2.** interpret general health and safety guidelines
- GS3.** communicate general health and safety guidelines to co workers
- GS4.** take decision about the corrective action to be taken in case of any potential hazards

DGT/VSQ/N0102: Employability Skills (60 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Career Development & Goal Setting
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** identify employability skills required for jobs in various industries
- PC2.** identify and explore learning and employability portals

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

- PC3.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. and personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC4.** follow environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC5.** recognize the significance of 21st Century Skills for employment
- PC6.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life

Basic English Skills

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC7.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC8.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC9.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC10.** understand the difference between job and career
- PC11.** prepare a career development plan with short- and long-term goals, based on aptitude

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC12.** follow verbal and non-verbal communication etiquette and active listening techniques in various settings
- PC13.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC14.** communicate and behave appropriately with all genders and PwD
- PC15.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC16.** select financial institutions, products and services as per requirement
- PC17.** carry out offline and online financial transactions, safely and securely
- PC18.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC19.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC20.** operate digital devices and carry out basic internet operations securely and safely
- PC21.** use e- mail and social media platforms and virtual collaboration tools to work effectively
- PC22.** use basic features of word processor, spreadsheets, and presentations

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC23.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC24.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC25.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC26.** identify different types of customers
- PC27.** identify and respond to customer requests and needs in a professional manner.

Qualification Pack

PC28. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC29. create a professional Curriculum vitae (Résumé)

PC30. search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively

PC31. apply to identified job openings using offline /online methods as per requirement

PC32. answer questions politely, with clarity and confidence, during recruitment and selection

PC33. identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills and different learning and employability related portals

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up

KU6. importance of career development and setting long- and short-term goals

KU7. about effective communication

KU8. POSH Act

KU9. Gender sensitivity and inclusivity

KU10. different types of financial institutes, products, and services

KU11. how to compute income and expenditure

KU12. importance of maintaining safety and security in offline and online financial transactions

KU13. different legal rights and laws

KU14. different types of digital devices and the procedure to operate them safely and securely

Qualification Pack

MEP/N0237: Use Hindi Shorthand/Hindi Stenography to prepare documents

Description

This unit covers the skills required for taking shorthand notes and producing accurate and correct text in an agreed format. It includes checking the content of document for accuracy and correcting text as necessary and storing both the text and the original shorthand notes safely and securely.

Scope

The scope covers the following :

- Take dictation/notes and record in Hindi using shorthand technique
- Transcribe Hindi shorthand documents

Elements and Performance Criteria

Take dictation/notes and record in Hindi using shorthand technique

To be competent, the user/individual on the job must be able to:

- PC1.** Acquire proficiency in shorthand using both traditional and digital stenography tools (Pitman-style or Hindi Steno apps such as StenoKing, BharatShorthand, or Dictation.io)
- PC2.** Use voice recognition and AI transcription software (Google Recorder, Otter.ai, Microsoft 365 Dictate, Whisper AI) to capture Hindi dictations.
- PC3.** Apply phraseography and logogram techniques while integrating digital shorthand stylus or tablets for notetaking
- PC4.** Record, tag, and organize shorthand notes digitally in cloud folders (Google Drive/OneDrive) for retrieval.

Transcribe Hindi shorthand documents

To be competent, the user/individual on the job must be able to:

- PC5.** Transcribe Hindi shorthand using speech-to-text software or manual typing in Unicode
- PC6.** Use AI grammar and formatting tools (Grammarly, Quillbot, ChatGPT) to refine Hindi text before submission
- PC7.** Compare versions using Track Changes/Version History to ensure accurate transcription
- PC8.** Ensure data confidentiality by encrypting digital shorthand and recordings
- PC9.** Perform proofreading and correct the identified errors including using digital review tools (Comments, Suggest mode)
- PC10.** Store both shorthand notes and transcribed text securely on digital platforms following organizational naming and archiving protocols.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Organizational policies and priorities

Qualification Pack

- KU2.** Role and responsibilities in own work
- KU3.** Importance of speed and accuracy
- KU4.** Importance of confidentiality
- KU5.** Statutory compliance requirements.
- KU6.** Understanding of both manual and digital stenography systems, including Pitman, Rajbhasha, and AI-based shorthand tools.
- KU7.** Knowledge of speech recognition systems for Hindi (Google Voice, Microsoft Dictate, Whisper AI)
- KU8.** Familiarity with digital transcription formats, Unicode text handling, and formatting standards.
- KU9.** Awareness of data privacy, storage encryption, and copyright compliance for recorded dictations.
- KU10.** Knowledge of cloud collaboration tools (Google Workspace, MS Teams, Notion) for sharing and editing shorthand outputs.
- KU11.** Understanding of AI proofreading and translation tools for improving quality and bilingual accuracy.
- KU12.** Awareness of accessibility standards (clear speech, background noise reduction, caption tools).
- KU13.** Updated knowledge on organizational IT policies for secure transcription and sharing.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Read, interpret, and extract relevant information from all work-related documentation
- GS2.** Know the common words, signs, and set phrases consistently used within the work environment
- GS3.** Communicate clearly and effectively with client staff and team members
- GS4.** Listen carefully to all instructions and ensure they are followed precisely
- GS5.** Always demonstrate courtesy and professionalism to customers and all external contacts
- GS6.** Plan day-to-day tasks strategically to maximize productivity and proactively prepare checklists for quick reference
- GS7.** Be punctual and prioritize work according to agreed schedules
- GS8.** Identify various approaches to problem resolution, weigh their pros and cons, then select and implement the optimal, cost-effective solution, and review the solution at various stages for necessary course correction

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down the proportion of marks for Theory and Skills Practical for each PC.
2. The assessment for the theory part will be based on the knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for the theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.

Qualification Pack

7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Minimum Aggregate Passing % at QP Level : 50

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Assessment Weightage

Compulsory NOS

National Occupational Standards	Theory Marks	Practical Marks	Project Marks	Viva Marks	Total Marks	Weightage

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
