MEP/N1225: Plan and Prepare for Management Audit

Description

This NOS involves understanding the organizational context, identifying key business processes, and planning the audit by defining scope, objectives, and necessary documentation.

Scope

The scope covers the following :

- Understand organizational context
- Prepare for the audit engagement

Elements and Performance Criteria

Understand organizational context

To be competent, the user/individual on the job must be able to:

- PC1.** Research about the industry, business domain, and internal control mechanisms of the organization.
- PC2.** Analyse key business processes and their relevance to audit objectives.
- PC3.** Evaluate organizational auditability based on the availability of data and stakeholder cooperation.
- PC4.** Determine the scope, objectives, and limitations of the audit.

Prepare for the audit engagement

To be competent, the user/individual on the job must be able to:

- PC5.** Prepare a comprehensive checklist of financial and operational documents to be audited.
- PC6.** Assess potential control risks based on preliminary information.
- PC7.** List audit techniques and tools to be employed, such as sampling or analytical reviews.
- PC8.** Draft a letter of engagement outlining the scope, nature, and timeline of the audit.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Understand the industry, business domain, and internal control mechanisms relevant to audit planning.
- KU2.** Know the principles of audit engagement, including scope definition, risk assessment, and documentation requirements.
- KU3.** Learn the methods for identifying financial and operational records required for a comprehensive audit.

Generic Skills (GS)

User/individual on the job needs to know how to:

Qualification Pack

- GS1.** Ability to research and analyze business processes to determine audit focus areas.
- GS2.** Strong written communication skills for drafting audit plans, checklists, and engagement letters.
- GS3.** Critical thinking and problem-solving skills to assess auditability and potential risks.

MEP/N1226: Evaluate Internal Controls and Risk Management

Description

This unit details auditing different non-financial procedures in the organization or company like Human Resources, legal compliance and industry standards, management strategies and resources, lines of reporting and the like.

Scope

The scope covers the following :

- Inspect and assess internal controls
- Evaluate operational risks and processes
- Review human resource and stakeholder processes

Elements and Performance Criteria

Inspect and assess internal controls

To be competent, the user/individual on the job must be able to:

- PC1.** Document components of the organization's internal control system.
- PC2.** Examine information and communication systems used for decision-making.
- PC3.** Analyze control activities for adequacy and effectiveness.
- PC4.** Develop and implement a test of control to validate system reliability.

Evaluate operational risks and processes

To be competent, the user/individual on the job must be able to:

- PC5.** Assess risks and existing risk management measures for adequacy.
- PC6.** Analyze operational cycles, including production, revenue, and conversion.
- PC7.** Verify compliance in investing and financing activities.
- PC8.** Track the effectiveness of resource allocation across departments.
- PC9.** Document irregularities, errors, and other process gaps in risk management.

Review human resource and stakeholder processes

To be competent, the user/individual on the job must be able to:

- PC10.** Examine the organization's personnel training, recruitment, and promotion processes.
- PC11.** Analyze stakeholder and shareholder engagement and its alignment with growth strategies.
- PC12.** Evaluate decision-making strategies for operational and strategic goals.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Understand the components of internal control systems and their role in organizational governance.

Qualification Pack

- KU2.** Learn risk assessment frameworks and techniques for evaluating operational and financial risks.
- KU3.** Know how human resource policies and stakeholder engagement impact business continuity and growth.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Analytical thinking to assess control mechanisms and identify process inefficiencies.
- GS2.** Risk evaluation and problem-solving skills to recommend mitigation strategies.
- GS3.** Decision-making skills to interpret stakeholder engagement and its impact on business operations.

MEP/N1227: Audit Financial Policies, Procedures, and Performance

Description

This NOS involves verifying audit strategies, overseeing financial functions, and analyzing financial data to ensure accuracy, compliance, and efficiency in financial reporting.

Scope

The scope covers the following :

- Verify audit strategy
- Oversee financial functions
- Analyze and interpret the financial data

Elements and Performance Criteria

Verify audit strategy

To be competent, the user/individual on the job must be able to:

- PC1.** Check the availability and reliability of financial documents and records.
- PC2.** Define the nature, extent, and timing of audit activities.
- PC3.** Conduct vouching and tracing to ensure transaction accuracy.
- PC4.** Identify and report material misstatements and inconsistencies.

Oversee financial functions

To be competent, the user/individual on the job must be able to:

- PC5.** Assess financial statements' adherence to relevant accounting standards.
- PC6.** Examine cost control and project management mechanisms.
- PC7.** Verify compliance with statutory and regulatory financial requirements.

Analyze and interpret the financial data

To be competent, the user/individual on the job must be able to:

- PC8.** Prepare analytical procedures to compare financial metrics.
- PC9.** Verify income accounts for completeness and accuracy.
- PC10.** Scrutinize expense accounts for proper allocation and authorization.
- PC11.** Validate assets and liabilities against records and physical verification.
- PC12.** Document financial insights and discrepancies.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Understand financial auditing principles, including vouching, tracing, and material misstatement detection.
- KU2.** Learn the application of accounting standards, cost control mechanisms, and statutory compliance in financial audits.

Qualification Pack

KU3. Know analytical techniques for evaluating income statements, expenses, assets, and liabilities.

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. Financial analysis skills to interpret key financial metrics and identify discrepancies.

GS2. Attention to detail for verifying financial records and ensuring compliance.

GS3. Problem-solving skills to recommend corrective actions for financial inefficiencies.

MEP/N1228: Document Audit Findings and Prepare Reports

Description

This NOS involves collecting and validating audit evidence, preparing structured documentation, and drafting comprehensive audit reports with key findings, risks, and recommendations for stakeholders.

Scope

The scope covers the following :

- Collect and validate audit evidence
- Prepare audit documentation
- Draft and present audit reports

Elements and Performance Criteria

Collect and validate audit evidence

To be competent, the user/individual on the job must be able to:

- PC1.** Identify sources of audit evidence, including financial and operational data.
- PC2.** Obtain sufficient, relevant, and reliable audit evidence for key findings.
- PC3.** Perform detailed inspections and inquiries to confirm evidence validity.
- PC4.** Reconcile discrepancies between financial data and operational outputs.

Prepare audit documentation

To be competent, the user/individual on the job must be able to:

- PC5.** Verify data and validate its authenticity for documentation.
- PC6.** Define the form, content, and extent of audit documentation to meet standards.
- PC7.** Ensure documentation reflects findings, issues, and recommendations clearly.

Draft and present audit reports

To be competent, the user/individual on the job must be able to:

- PC8.** Prepare a structured audit report with executive summaries and actionable insights.
- PC9.** Highlight critical risks, irregularities, and improvement areas.
- PC10.** Present findings to stakeholders using clear, concise, and visual communication.
- PC11.** Provide recommendations to address gaps and enhance compliance and efficiency.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Understand the principles of audit evidence, including types, sources, and reliability assessment.
- KU2.** Learn the standards for audit documentation, including format, content, and regulatory compliance.

Qualification Pack

KU3. Know the best practices for drafting audit reports and presenting findings effectively to stakeholders.

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. Strong analytical skills to assess and interpret audit evidence.

GS2. Report writing skills to document audit findings clearly and concisely.

GS3. Presentation and communication skills to convey audit insights to stakeholders effectively.

MEP/N9903: Apply health and safety practices at the workplace

Description

This unit deals in detail with application of health and safety practices in the workplace

Scope

The scope covers the following :

- Apply relevant health and safety practices at the workplace
- Maintain a healthy and hygienic environment
- Deal with emergency situations
- Follow fire safety requirements

Elements and Performance Criteria

Apply relevant health and safety practices at the workplace

To be competent, the user/individual on the job must be able to:

- PC1.** identify, control and report health and safety issues relating to immediate work environment according to procedures
- PC2.** follow procedures and instructions for dealing with hazards, within the scope of responsibilities and competencies
- PC3.** document and report all hazards, accidents and near-miss incidents as per set process
- PC4.** document safety records according to organisational policies

Maintain a healthy and hygienic environment

To be competent, the user/individual on the job must be able to:

- PC5.** maintain the work area in a clean and tidy condition
- PC6.** ensure that the work area is sanitised as and when required
- PC7.** maintain personal hygiene
- PC8.** use appropriate personal protective equipment (PPE) where required
- PC9.** wash hands using soap and water or alcohol based sanitiser
- PC10.** report hygiene related concerns promptly to the relevant authority

Emergencies, rescue and first-aid procedures

To be competent, the user/individual on the job must be able to:

- PC11.** administer appropriate first aid to victims wherever required e.g. in case of bleeding, burns, choking, electric shock, poisoning etc.
- PC12.** respond promptly and appropriately to an accident situation or medical emergency in real or simulated environments
- PC13.** perform rescue activity during an accident if applicable (e.g. if moving victim is advisable)

Follow fire safety requirements

To be competent, the user/individual on the job must be able to:

- PC14.** follow fire safety practices
- PC15.** identify the type of fire and its stage

Qualification Pack

PC16. use the various appropriate fire extinguishers on different types of fires correctly

PC17. follow procedures to rescue victim of fire without endangering self

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Health Safety and Environment (HSE) practices
- KU2.** relevant Occupational Health and Safety (OHS) regulations
- KU3.** enterprise /site emergency procedures and techniques
- KU4.** waste and dangerous materials disposal procedures and practices
- KU5.** procedures for recording, reporting and maintenance of workplace safety and hygiene
- KU6.** meaning of hazards and risks
- KU7.** health and safety hazards commonly present in the work environment and related precautions
- KU8.** possible causes of risk, hazard or accident in the workplace
- KU9.** where to find all the general health and safety equipment in the workplace
- KU10.** various dangers associated with the use of electrical equipment
- KU11.** preventative and remedial actions to be taken in the case of exposure to toxic materials
- KU12.** importance of using protective clothing/equipment while working
- KU13.** precautionary activities to prevent the fire accident
- KU14.** various causes of fire
- KU15.** techniques of using the different fire extinguishers
- KU16.** different methods of extinguishing fire
- KU17.** different materials used for extinguishing fire
- KU18.** rescue techniques applied during a fire hazard
- KU19.** various types of safety signs and their meaning
- KU20.** appropriate basic first aid treatment relevant to the condition eg. shock, electrical shock, bleeding, breaks to bones, minor burns, resuscitation, poisoning, eye injuries
- KU21.** safe lifting and carrying practices

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** write Health and safety compliance report
- GS2.** interpret general health and safety guidelines
- GS3.** communicate general health and safety guidelines to co workers
- GS4.** take decision about the corrective action to be taken in case of any potential hazards

DGT/VSQ/N0103: Employability Skills (90 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Career Development & Goal Setting
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** understand the significance of employability skills in meeting the current job market requirement and future of work
- PC2.** identify and explore learning and employability relevant portals
- PC3.** research about the different industries, job market trends, latest skills required and the available opportunities

Constitutional values - Citizenship

To be competent, the user/individual on the job must be able to:

- PC4.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. and personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC5.** follow environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC6.** recognize the significance of 21st Century Skills for employment

Qualification Pack

- PC7.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life
- PC8.** adopt a continuous learning mindset for personal and professional development

Basic English Skills

To be competent, the user/individual on the job must be able to:

- PC9.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC10.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC11.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC12.** identify career goals based on the skills, interests, knowledge, and personal attributes
- PC13.** prepare a career development plan with short- and long-term goals

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC14.** follow verbal and non-verbal communication etiquette while communicating in professional and public settings
- PC15.** use active listening techniques for effective communication
- PC16.** communicate in writing using appropriate style and format based on formal or informal requirements
- PC17.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC18.** communicate and behave appropriately with all genders and PwD
- PC19.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC20.** identify and select reliable institutions for various financial products and services such as bank account, debit and credit cards, loans, insurance etc.
- PC21.** carry out offline and online financial transactions, safely and securely, using various methods and check the entries in the passbook
- PC22.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC23.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC24.** operate digital devices and use their features and applications securely and safely
- PC25.** carry out basic internet operations by connecting to the internet safely and securely, using the mobile data or other available networks through Bluetooth, Wi-Fi, etc.
- PC26.** display responsible online behaviour while using various social media platforms

Qualification Pack

- PC27.** create a personal email account, send and process received messages as per requirement
- PC28.** carry out basic procedures in documents, spreadsheets and presentations using respective and appropriate applications
- PC29.** utilize virtual collaboration tools to work effectively

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC30.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC31.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC32.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC33.** identify different types of customers and ways to communicate with them
- PC34.** identify and respond to customer requests and needs in a professional manner
- PC35.** use appropriate tools to collect customer feedback
- PC36.** follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

- PC37.** create a professional Curriculum vitae (Résumé)
- PC38.** search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively
- PC39.** apply to identified job openings using offline /online methods as per requirement
- PC40.** answer questions politely, with clarity and confidence, during recruitment and selection
- PC41.** identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** need for employability skills and different learning and employability related portals
- KU2.** various constitutional and personal values
- KU3.** different environmentally sustainable practices and their importance
- KU4.** Twenty first (21st) century skills and their importance
- KU5.** how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up
- KU6.** importance of career development and setting long- and short-term goals
- KU7.** about effective communication
- KU8.** POSH Act
- KU9.** Gender sensitivity and inclusivity
- KU10.** different types of financial institutes, products, and services

Qualification Pack

- KU11.** components of salary and how to compute income and expenditure
- KU12.** importance of maintaining safety and security in offline and online financial transactions
- KU13.** different legal rights and laws
- KU14.** different types of digital devices and the procedure to operate them safely and securely
- KU15.** how to create and operate an e- mail account
- KU16.** use applications such as word processors, spreadsheets etc.
- KU17.** how to identify business opportunities
- KU18.** types and needs of customers
- KU19.** how to apply for a job and prepare for an interview

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down the proportion of marks for Theory and Skills Practical for each PC.
2. The assessment for the theory part will be based on the knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for the theory part for each candidate at each examination/training center (as per assessment criteria below).

Qualification Pack

5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score a minimum % aggregate marks to successfully clear the assessment.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
