Qualification Pack

MEP/N2602: Deliver competency based, instructor-led training sessions as per session plan

Description

This unit deals in detail with the delivery of competency based, instructor led sessions as per session plan.

Scope

The scope covers the following :

- Deliver and facilitate training sessions
- Support and monitor learning
- Undertake post training activities

Elements and Performance Criteria

Deliver and facilitate training sessions

To be competent, the user/individual on the job must be able to:

- PC1.** conduct each session according to the session plan, modify where appropriate to meet learner needs
- PC2.** explain the objectives of the training session and how it would benefit the trainees.
- PC3.** gather learners expectations and modify the session plan to incorporate the valid ones in the delivery which were not covered
- PC4.** deliver training using a range of training methods and training processes as instructed in trainers guide
Training methods: lecture, group discussion & presentation, group activities, role-plays, demonstration and practice, field trips, case-studies, self-study
Training processes: connecting to previous learning, delivering information in a step by step fashion, explanation with examples, two-way interaction, step by step demonstration, guided learner practice and recap/consolidation to optimise learner experiences
- PC5.** ensure effective participation and group management by using basic facilitation techniques
Basic facilitation techniques: active listening, questioning, brainstorming, setting ground rules, encouraging participation, not criticizing, use existing knowledge in the group effectively
- PC6.** apply learning principles to make reasonable adjustments to delivery - and session plans if required - according to individual and group learner needs
- PC7.** create and maintain a positive learning environment
- PC8.** be polite and courteous with all learners at all times
- PC9.** manage inappropriate behaviour professionally as per established organisational policy
- PC10.** ensure safe and comfortable environment for learning

Support and monitor learning

To be competent, the user/individual on the job must be able to:

- PC11.** monitor, and document, learner progress to ensure outcomes are being achieved, and individual learner needs are being met

Qualification Pack

- PC12.** share feedback with learners on a regular basis to keep them updated on their progress and areas that require more focus
- PC13.** make adjustments to the delivery sessions to reflect specific needs and circumstances
- PC14.** provide additional assistance to individual learners as required to achieve session outcomes
- PC15.** maintain and store learner records according to organisational requirements

Undertake post training activities

To be competent, the user/individual on the job must be able to:

- PC16.** securing equipment and tools in safe places in accordance with procedures
- PC17.** ensure that training equipment and tools are used and left in good condition
- PC18.** complete learner records accurately and in the required timeframes

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Training Organisations system policies and procedures such as: a. candidate selection b. rationale and purpose of competency-based assessment c. costs/resourcing
- KU2.** organizational record-management systems and reporting requirements
- KU3.** Health Safety and Environment (HSE) issues relating to delivery of competency based training
- KU4.** work area inspection procedures and practices
- KU5.** waste and dangerous materials disposal procedures and practices
- KU6.** procedures for the recording, reporting and maintenance of workplace equipment
- KU7.** principles of adult learning and how to apply them in training delivery: a). training needs to be learner-centred to engage learners, b). adults have a need to be self-directing and decide for themselves what they want to learn, c). adults have a range of life experience, so connecting learning to experience is meaningful, d). adults have a need to know why they are learning something, e). the learning process needs to support increasing learner independence, f). emphasis on experiential and participative learning. g) use of modelling. the learning process should reflect individual circumstances
- KU8.** factors that affect learning such as: a. physical e.g. temperature, health, personal concerns b. social, emotional e.g. attitude, motivation, behaviour, cognitive, environmental
- KU9.** techniques to create and maintain a positive learning environment such as: a). encouraging learner participation, b). using interactive learning approaches to transfer skills and knowledge to learners, c). using presentation skills to convey understanding of key concepts and central ideas, d). being aware of non-verbal and verbal communication of participants, e). using learning resources to enhance the learning experience for all learners, f). delivering at appropriate pace, g). ensuring and encouraging two-way communication including provide opportunities for learners to seek clarification on central ideas and concepts, and adjust the presentation to meet participant needs and preferences, h). summarising key concepts and ideas at strategic points to facilitate learner understanding, i). monitoring learner progress with tasks and learning activities based on session plan. n. measuring the achievement of learning outcomes by formative assessment, j). using the diversity of the group as a resource to support learning, k). using facilitation skills to ensure effective participation and group management
- KU10.** ways to implement program delivery based on session delivery plans and facilitation guides

Qualification Pack

- KU11.** • commonly used training delivery methods, processes and facilitation techniques appropriate to face-to-face group delivery (Training methods: lecture, group discussion & presentation, group activities, role-plays, demonstration and practice, field trips, case-studies, self-study)
• (Training processes: connecting to previous learning, delivering information in a step by step fashion, explanation with examples, two-way interaction, step by step demonstration, guided learner practice and recap/consolidation to optimise learner experiences)
• (Basic facilitation techniques: active listening, questioning, brainstorming, setting ground rules, encouraging participation, not making anyone wrong, use existing knowledge in the group effectively)
- KU12.** • various ways to handle inappropriate behaviour in a professional manner (Inappropriate behaviours: Abusing; violence; harassment; disruption of session; pilfering; intentional mishandling of equipment and materials; habitual absenteeism, etc.)
• Various ways to handle: Set ground rules at the beginning of the session and implement strictly, identifying the reason for inappropriate behaviour and suggesting a more appropriate method of expressing discontent; prepare and follow escalation matrix for reporting inappropriate behaviour; discuss consequences of inappropriate behaviour to self and others; counselling; detention/suspension/rustication in accordance with the rules of the organisation/institution, etc.
- KU13.** importance of monitoring and documenting learning progress of the learners and providing them feedback
- KU14.** importance of ensuring safety, hygiene, tidiness before, during and after the sessions
- KU15.** importance of completing learner records accurately and processing within required timeframes

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** write factual and quantitative information correctly
- GS2.** read and extract relevant information from documentation including purpose, nature of document, etc.
- GS3.** communicate effectively with co-workers and clients
- GS4.** use effective listening and probing/questioning skills
- GS5.** plan ones day to day tasks to achieve optimum productivity
- GS6.** manage distractions
- GS7.** be patient and courteous under all circumstances and situations
- GS8.** apply problem solving skills that require negotiation to resolve problems of a difficult nature
- GS9.** breakdown relevant work process into its constituent activities for ease of analysis
- GS10.** estimate time and effort required to complete a task accurately
- GS11.** seek clarification on problems and its solution from others

MEP/N2703: Evaluate on-field assessment and provide recommendations for improving assessment effectiveness

Description

This unit is about evaluation of on-field assessment and providing recommendations for improving the effectiveness of the assessment process and assessor output.

Scope

The scope covers the following :

- Evaluate effectiveness of assessment
- Evaluate performance of assessors on the job
- Perform checks on the decisions made by assessors and the evidences presented

Elements and Performance Criteria

Evaluate effectiveness of assessment

To be competent, the user/individual on the job must be able to:

- PC1.** establish standard parameters that are important to ensure assessment effectiveness
- PC2.** identify the data and information required and access sources of information (Possible sources of information: Student feedback forms; on-site observation report; assessment results, documentation and evidences collected; assessor feedback; assessment instructions docket from ID team; assessment tools/checklists/forms; audit results; Government training and assessment related norms and scheme norms; placement records);
- PC3.** collect data and information and store in compliance with the record keeping and privacy policies and procedures of an organisation
- PC4.** identify and record potentially useful and relevant information that is not identified in the evaluation plan
- PC5.** analyse the data and information to identify the effectiveness of the various evidences collected; and other aspects of the assessment as per the standard parameters selected (Aspects of assessment: Standards and assessment criteria; assessment design and tools; assessment questions; assessment process; assessment decisions)
- PC6.** cross-check findings where possible by comparing with the results from different evaluation sources
- PC7.** develop conclusions about the effectiveness and efficiency of assessments, as per the evaluation parameters selected
- PC8.** prepare document on areas or aspects of assessments that are satisfactory and those requiring improvement
- PC9.** suggest possible improvements to the assessment program

Evaluate performance of assessors on the job

To be competent, the user/individual on the job must be able to:

- PC10.** obtain competencies, occupational standards and performance criteria for assessors

Qualification Pack

- PC11.** share occupational standards and performance criteria with assessors and resolve related queries
- PC12.** obtain the assessment schedule from assessment co-ordination team for all assessors whose performance is to be evaluated
- PC13.** create and share own schedule of sample observation visits with administration and respective assessors in advance
- PC14.** . observe an assessment session in progress and gather evidence of achievement of occupational standard as well as evidence of non-achievement of performance standard as the case may be
- PC15.** observe all assessment tasks (pre-assessment, during assessment and post assessment)
- PC16.** conduct on-site visits or on-line assessment platform and assess performance
- PC17.** discuss observations with the assessor after assessment session and validate the observations
- PC18.** obtain and analyse data pertaining to various assessor performance indicators to identify performance level of the assessors (Assessor Performance indicators: Adherence to schedule, process adherence, feedback from students; quality of decisions, quality of evidences, handling of evidences, feedback from training provider, turnaround time of posting results, etc.)
- PC19.** identify areas of development for assessors based on information received from on-the-job evaluation against occupational standards, performance indicators and self-assessment
- PC20.** document results of assessor performance evaluation in prescribed format

Perform checks on the decisions made by assessors and the evidences presented

To be competent, the user/individual on the job must be able to:

- PC21.** select a sample of assessments for evaluation along with their evidences
- PC22.** ensure that the selected sample includes examples from all assessors and assessment centres, assessments with borderline results; assessments with no results recommended or identified by assessors as a problem case
- PC23.** review assessors decisions and evidences independently and in line with the pre-determined standard of performance
- PC24.** identify inconsistencies and non-adherence to the established principles, rules and process of assessment in the assessors decisions and evidences
- PC25.** check if the decisions have been fair and consistent across all assessors and assessment centres allocated
- PC26.** deliberate on the evidence with the assessors before coming to a conclusion wherein a change of decision is suggested during evaluation
- PC27.** . provide recommendation for decisions where the evaluation suggests that a change of decision is required
- PC28.** document the results of the evaluation along with the recommendations in the prescribed formats and submit to the authorised person
- PC29.** ensure the evaluation and submission of report for the same is conducted at agreed interval and within agreed turn-around time
- PC30.** document recommendations and share with stakeholders on areas of possible improvement in the prescribed format

Knowledge and Understanding (KU)

Qualification Pack

The individual on the job needs to know and understand:

- KU1.** assessment policies and procedures (e.g. candidate selection; rationale and purpose of competency-based assessment; assessment records and data and information management; recognition of prior learning and credit arrangements; assessment reporting procedures; assessment appeals; candidate grievances and complaints; validation and moderation; evaluation and internal audit; costs and resourcing; access and equity, and reasonable adjustment; partnership arrangements; links with overall quality management system)
- KU2.** organizational record-management systems and reporting requirements
- KU3.** procedures for the recording, reporting and maintenance of workplace equipment
- KU4.** competency-based assessment, including: Technical and vocational education and training as a competency-based system; NOS as the basis of qualifications; the Principles of Assessment; the Rules of Evidence; criterion referenced assessment as distinct from norm referenced assessment; reporting of competency-based assessment
- KU5.** how to conduct assessor training needs identification and its tools
- KU6.** assessor competencies, occupational standards and performance criteria
- KU7.** Possible parameters to measure assessment effectiveness (Possible parameters: Student experience, adherence to schedule, process adherence, quality of decisions in terms of reliability, fairness, consistency, quality of evidences, handling of evidences, feedback from training provider, timelines for posting results, quality of assessment tools, appropriateness of assessment methods selected, appropriateness of assessment questions and language, adherence to budgets etc.)
- KU8.** possible sources of information for identifying assessor development requirements (Possible sources of information: student feedback forms; on-site observation; assessment results documentation and evidences collected; assessor feedback; audit results; placement records; interviews with potential and actual employers of students from the centre; etc.)
- KU9.** parameters that are important to ensure assessment effectiveness adherence, feedback from students; quality of decisions, quality of evidences, handling of evidences, feedback from training provider, turnaround time of posting results, quality of assessment tools, appropriateness of assessment methods selected; adherence to Health and Safety standards; Productivity of assessor; adherence to budgets; compliance to scheme or Government norms and quality standards; alignment to industry/employability requirements; etc. Possible parameters: Student experience, adherence to schedule, process
- KU10.** methods and techniques to systematically monitor assessment practice (Methods and Techniques: how effectively and accurately the designated Occupational Standards or competencies are being interpreted by assessors as the benchmarks for assessment; how the Principles of Assessment are being applied in assessment practice; assessors application of assessment instruments and tools; how the Rules of Evidence are being applied in gathering evidence; whether assessment is being conducted in accord with the policies and procedures of the organisations assessment system; whether stakeholder and organisational, legal and ethical requirements are being met)
- KU11.** different types of assessment tools, what tools work for what types of evidence, what are the characteristics of well-constructed assessment tools
- KU12.** how to interpret and apply the Principles of Assessment (Principles of Assessment: Fairness; Flexibility; Validity (face, content, criterion (i.e. predictive and concurrent), construct and consequential; Reliability (reliability: internal consistency; parallel forms; split half; inter-rater; and, intra-rater) and how they guide assessment, validation, appeals processes)

Qualification Pack

- KU13.** how to interpret and apply the Rules of Evidence - Validity; Sufficiency; Authenticity; Currency;
- KU14.** principles of reasonable adjustment
- KU15.** assessment strategies, assessment plans and their components
- KU16.** applications of technology to improve or assist in quality assessment
- KU17.** roles and responsibilities of assessors and others, such as vocational experts, workplace supervisors and support persons in the assessment process
- KU18.** organisational and ethical responsibilities associated with the assessment system, including - maintaining client privacy and confidentiality; providing accurate information; duty of care under common law; compliance with stakeholder and legal requirements
- KU19.** different types of assessment methods, including suitability for collecting various types of evidence (Assessment method: direct observation (eg. real work/real time activities at the workplace, work activities in a simulated workplace environment); structured activities (eg. simulation exercises and role-plays such as hypotheticals, problem-based exercises, simulated 'real world' scenarios, projects, presentations, activity/job sheets); questioning (eg. written questions, interviews, self-assessment, verbal questioning, questionnaires, oral or written examinations); portfolios of evidence (eg. collection of work samples compiled by candidate, product with supporting documentation, historical evidence, journal or log book, information about life experience); review of products (eg. testimonials and reports from employers and supervisors, evidence of training, authenticated prior achievements, interview with employer, supervisor, or peer)
- KU20.** list various types of assessment tools and their application (Assessment Tools: checklists of practical performance, questionnaires, quizzes, etc.)
- KU21.** list various components of assessment tools (Components: instructions, guidelines, items, marking scheme, etc.)
- KU22.** common errors and malpractices found in assessment environments
- KU23.** methods to analyse assessment tool and effectiveness

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** write reports and recommendations logically, accurately and clearly
- GS2.** read, interpret and evaluate policies and procedures
- GS3.** communicate own point of view to others in a logical, clear and accurate manner
- GS4.** communicate to groups instructions accurately and clearly
- GS5.** communicate appropriately with people from diverse backgrounds
- GS6.** write messages, notes and short descriptive text with reasonable accuracy
- GS7.** read and extract relevant information from documentation including purpose, nature of document, etc.
- GS8.** use effective listening and probing/questioning skills
- GS9.** plan ones day to day tasks to achieve optimum productivity
- GS10.** manage distractions
- GS11.** be patient and courteous under all circumstances and situations

Qualification Pack

- GS12.** apply problem solving skills that require negotiation to resolve problems of a difficult nature
- GS13.** breakdown relevant work process into its constituent activities for ease of analysis
- GS14.** seek clarification on problems and its solution from others
- GS15.** spot potential disruptions and delays and what can be done to prevent the same as well as handle the same if it occurs

MEP/N2704: Plan and facilitate assessor development

Description

This unit details competencies required for planning and facilitating the development program for assessors

Scope

The scope covers the following :

- Plan and organise assessor development program
- Deliver and facilitate learning by assessors

Elements and Performance Criteria

Plan and organise assessor development program

To be competent, the user/individual on the job must be able to:

- PC1.** identify training needs of the assessors after studying the occupational standards and skill gap analysis of the assessor
- PC2.** list available learning and development resources and constraints
- PC3.** select the methods best suited for the training needs that can be applied within the available resources and constraints
- PC4.** prepare a training plan and schedule that fits in the assessors schedule without disrupting the work
- PC5.** develop training material taking help from content development team
- PC6.** prepare and implement a monitoring plan to ensure all assessors undergo the development plan
- PC7.** receive calendar for assessor training from authorised source (Authorised source: Assessment Organisation, Sector Skill Council, certifying body, etc.)

Deliver and facilitate learning by assessors

To be competent, the user/individual on the job must be able to:

- PC8.** analyse profile of assessor candidates to identify special requirements if any (Special requirements: Language adjustment; seating arrangement; learners with special needs; timings of trainer)
- PC9.** prepare session plan using the occupational standards and training materials provided by authorised source
- PC10.** deliver training and facilitate assessor learning
- PC11.** conduct formative assessment of learning by using appropriate methods
- PC12.** monitor and document learner progress to ensure outcomes are being achieved and individual learner needs are being met
- PC13.** make adjustments to the delivery sessions to reflect specific needs and circumstances
- PC14.** provide additional assistance to individual candidates as required
- PC15.** manage inappropriate behaviour to ensure that effective learning can take place

Qualification Pack

- PC16.** collect feedback from all candidates in the prescribed format, while ensuring that all mandatory fields are filled
- PC17.** undertake post training activities like replacement of training equipment, submission of learner records etc.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** assessment policies and procedures (e.g. candidate selection; rationale and purpose of competency-based assessment; assessment records and data and information management; recognition of prior learning and credit arrangements; assessment reporting procedures; assessment appeals; candidate grievances and complaints; validation and moderation; evaluation and internal audit; costs and resourcing; access and equity, and reasonable adjustment; partnership arrangements; links with overall quality management system)
- KU2.** organizational record-management systems and reporting requirements
- KU3.** procedures for the recording, reporting and maintenance of workplace equipment
- KU4.** various methods of assessor development (e.g.: Training from Industry SMEs; self-learning modules; Train the assessor program; on-the-job observation and feedback; attending forums, conferences, workshops; networking through assessor networks, communities of practice and membership of representative organisations; participating in projects; professional and staff development activities; etc.)
- KU5.** resources and constraints for selection of training method (e.g.: Budgets; trainer schedule-time availability; availability of SMEs; availability of assessor self-development modules; etc.)
- KU6.** assessor competencies and occupational standards

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** write messages, notes and short descriptive text with reasonable accuracy
- GS2.** read and extract relevant information from documentation including purpose, nature of document, etc.
- GS3.** communicate effectively with co-workers and clients
- GS4.** use effective listening and probing/questioning skills
- GS5.** plan ones day to day tasks to achieve optimum productivity
- GS6.** manage distractions
- GS7.** be patient and courteous under all circumstances and situations
- GS8.** apply problem solving skills that require negotiation to resolve problems of a difficult nature
- GS9.** breakdown relevant work process into its constituent activities for ease of analysis
- GS10.** seek clarification on problems and its solution from others
- GS11.** spot potential disruptions and delays and what can be done to prevent the same as well as handle the same if it occurs

MEP/N2705: Mobilize assessors and support in their recruitment and on-boarding

Description

This unit deals in detail with the mobilizing of assessors and their recruitment and onboarding.

Scope

The scope covers the following :

- Mobilize assessor as per requirement
- Support in the recruitment and on-boarding of assessors

Elements and Performance Criteria

Mobilize assessor as per requirement

To be competent, the user/individual on the job must be able to:

- PC1.** identify assessor requirement from authorised source (Assessor requirement: No. of assessor required, location where they are required, assessor qualification and work experience required, etc.)
- PC2.** identify possible sources in own region from where the assessors could be sourced (Possible sources: Regional industry, recruitment firms, alumni from educational institutions, associations, etc.)
- PC3.** match details of potential candidates with the required criteria
- PC4.** explain the assessor job profile and the process of becoming an assessor to prospective assessors
- PC5.** forward the selected profiles to authorised personnel conducting the recruitment process
- PC6.** adhere to established turnaround time and inform the authorised personnel in case any delay
- PC7.** maintain data base of possible sources and candidates

Support in the recruitment and onboarding of assessors

To be competent, the user/individual on the job must be able to:

- PC8.** conduct reference check with local sources as instructed by the recruitment personnel
- PC9.** explain the joining formalities to the assessors
- PC10.** conduct orientation session for assessors through a face to face session or webinar or video conference
- PC11.** coordinate with the on-boarding team to ensure formalities on both sides are completed within turnaround time
- PC12.** make the on-boarding processes hassle free experience for the assessors

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

Qualification Pack

- KU1.** sources from where potential candidates can be sourced
- KU2.** assessor recruitment process
- KU3.** on-boarding formalities for assessor
- KU4.** organisations system policies and procedures (such as: a). candidate selection, b). rationale and purpose of competency-based assessment, c). costs/resourcing)
- KU5.** organizational record-management systems and reporting requirements
- KU6.** assessor recruitment criteria

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** read and extract relevant information from documentation including purpose, nature of document etc.
- GS2.** communicate effectively with co-workers and clients
- GS3.** use effective listening and probing/questioning skills
- GS4.** plan ones day to day tasks to achieve optimum productivity
- GS5.** manage distractions
- GS6.** be patient and courteous under all circumstances and situations
- GS7.** apply problem solving skills that require negotiation to resolve problems of a difficult nature
- GS8.** breakdown relevant work process into its constituent activities for ease of analysis
- GS9.** seek clarification on problems and its solution from others
- GS10.** spot potential disruptions and delays and what can be done to prevent the same as well as handle the same if it occurs

MEP/N9903: Apply health and safety practices at the workplace

Description

This unit deals in detail with application of health and safety practices in the workplace

Scope

The scope covers the following :

- Apply relevant health and safety practices at the workplace
- Maintain a healthy and hygienic environment
- Deal with emergency situations
- Follow fire safety requirements

Elements and Performance Criteria

Apply relevant health and safety practices at the workplace

To be competent, the user/individual on the job must be able to:

- PC1.** identify, control and report health and safety issues relating to immediate work environment according to procedures
- PC2.** follow procedures and instructions for dealing with hazards, within the scope of responsibilities and competencies
- PC3.** document and report all hazards, accidents and near-miss incidents as per set process
- PC4.** document safety records according to organisational policies

Maintain a healthy and hygienic environment

To be competent, the user/individual on the job must be able to:

- PC5.** maintain the work area in a clean and tidy condition
- PC6.** ensure that the work area is sanitised as and when required
- PC7.** maintain personal hygiene
- PC8.** use appropriate personal protective equipment (PPE) where required
- PC9.** wash hands using soap and water or alcohol based sanitiser
- PC10.** report hygiene related concerns promptly to the relevant authority

Emergencies, rescue and first-aid procedures

To be competent, the user/individual on the job must be able to:

- PC11.** administer appropriate first aid to victims wherever required e.g. in case of bleeding, burns, choking, electric shock, poisoning etc.
- PC12.** respond promptly and appropriately to an accident situation or medical emergency in real or simulated environments
- PC13.** perform rescue activity during an accident if applicable (e.g. if moving victim is advisable)

Follow fire safety requirements

To be competent, the user/individual on the job must be able to:

- PC14.** follow fire safety practices
- PC15.** identify the type of fire and its stage

Qualification Pack

PC16. use the various appropriate fire extinguishers on different types of fires correctly

PC17. follow procedures to rescue victim of fire without endangering self

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Health Safety and Environment (HSE) practices
- KU2.** relevant Occupational Health and Safety (OHS) regulations
- KU3.** enterprise /site emergency procedures and techniques
- KU4.** waste and dangerous materials disposal procedures and practices
- KU5.** procedures for recording, reporting and maintenance of workplace safety and hygiene
- KU6.** meaning of hazards and risks
- KU7.** health and safety hazards commonly present in the work environment and related precautions
- KU8.** possible causes of risk, hazard or accident in the workplace
- KU9.** where to find all the general health and safety equipment in the workplace
- KU10.** various dangers associated with the use of electrical equipment
- KU11.** preventative and remedial actions to be taken in the case of exposure to toxic materials
- KU12.** importance of using protective clothing/equipment while working
- KU13.** precautionary activities to prevent the fire accident
- KU14.** various causes of fire
- KU15.** techniques of using the different fire extinguishers
- KU16.** different methods of extinguishing fire
- KU17.** different materials used for extinguishing fire
- KU18.** rescue techniques applied during a fire hazard
- KU19.** various types of safety signs and their meaning
- KU20.** appropriate basic first aid treatment relevant to the condition eg. shock, electrical shock, bleeding, breaks to bones, minor burns, resuscitation, poisoning, eye injuries
- KU21.** safe lifting and carrying practices

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** write Health and safety compliance report
- GS2.** interpret general health and safety guidelines
- GS3.** communicate general health and safety guidelines to co workers
- GS4.** take decision about the corrective action to be taken in case of any potential hazards

DGT/VSQ/N0103: Employability Skills (90 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Career Development & Goal Setting
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** understand the significance of employability skills in meeting the current job market requirement and future of work
- PC2.** identify and explore learning and employability relevant portals
- PC3.** research about the different industries, job market trends, latest skills required and the available opportunities

Constitutional values - Citizenship

To be competent, the user/individual on the job must be able to:

- PC4.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. and personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC5.** follow environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC6.** recognize the significance of 21st Century Skills for employment

Qualification Pack

- PC7.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life
- PC8.** adopt a continuous learning mindset for personal and professional development

Basic English Skills

To be competent, the user/individual on the job must be able to:

- PC9.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC10.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC11.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC12.** identify career goals based on the skills, interests, knowledge, and personal attributes
- PC13.** prepare a career development plan with short- and long-term goals

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC14.** follow verbal and non-verbal communication etiquette while communicating in professional and public settings
- PC15.** use active listening techniques for effective communication
- PC16.** communicate in writing using appropriate style and format based on formal or informal requirements
- PC17.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC18.** communicate and behave appropriately with all genders and PwD
- PC19.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC20.** identify and select reliable institutions for various financial products and services such as bank account, debit and credit cards, loans, insurance etc.
- PC21.** carry out offline and online financial transactions, safely and securely, using various methods and check the entries in the passbook
- PC22.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC23.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC24.** operate digital devices and use their features and applications securely and safely
- PC25.** carry out basic internet operations by connecting to the internet safely and securely, using the mobile data or other available networks through Bluetooth, Wi-Fi, etc.
- PC26.** display responsible online behaviour while using various social media platforms

Qualification Pack

- PC27.** create a personal email account, send and process received messages as per requirement
- PC28.** carry out basic procedures in documents, spreadsheets and presentations using respective and appropriate applications
- PC29.** utilize virtual collaboration tools to work effectively

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC30.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC31.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC32.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC33.** identify different types of customers and ways to communicate with them
- PC34.** identify and respond to customer requests and needs in a professional manner
- PC35.** use appropriate tools to collect customer feedback
- PC36.** follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

- PC37.** create a professional Curriculum vitae (Résumé)
- PC38.** search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively
- PC39.** apply to identified job openings using offline /online methods as per requirement
- PC40.** answer questions politely, with clarity and confidence, during recruitment and selection
- PC41.** identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** need for employability skills and different learning and employability related portals
- KU2.** various constitutional and personal values
- KU3.** different environmentally sustainable practices and their importance
- KU4.** Twenty first (21st) century skills and their importance
- KU5.** how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up
- KU6.** importance of career development and setting long- and short-term goals
- KU7.** about effective communication
- KU8.** POSH Act
- KU9.** Gender sensitivity and inclusivity
- KU10.** different types of financial institutes, products, and services

Qualification Pack

- KU11.** components of salary and how to compute income and expenditure
- KU12.** importance of maintaining safety and security in offline and online financial transactions
- KU13.** different legal rights and laws
- KU14.** different types of digital devices and the procedure to operate them safely and securely
- KU15.** how to create and operate an e- mail account
- KU16.** use applications such as word processors, spreadsheets etc.
- KU17.** how to identify business opportunities
- KU18.** types and needs of customers
- KU19.** how to apply for a job and prepare for an interview
- KU20.** apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** read and write different types of documents/instructions/correspondence in English and other languages
- GS2.** communicate effectively using appropriate language in formal and informal settings
- GS3.** behave politely and appropriately with all to maintain effective work relationship
- GS4.** how to work in a virtual mode, using various technological platforms
- GS5.** perform calculations efficiently
- GS6.** solve problems effectively
- GS7.** pay attention to details
- GS8.** manage time efficiently
- GS9.** maintain hygiene and sanitization to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Qualification Pack

Minimum Aggregate Passing % at QP Level : 90

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
