MEP/N5122: Manage Payroll Processing and Statutory Compliance for MSMEs

Description

This unit defines the skills and knowledge required for an accountant or compliance advisor to manage payroll, compute deductions (PF, ESI, TDS, PT), and ensure routine statutory compliance for various business entities, particularly MSMEs.

Scope

The scope covers the following :

- Payroll Calculation and Record Management
- Core Statutory Filings (PF, ESI, TDS)
- Multi-State Professional Tax (PT) Compliance
- General Compliance, Dispute Resolution & Technology Usage

Elements and Performance Criteria

Payroll Processing and filling of returns

To be competent, the user/individual on the job must be able to:

- PC1.** Prepare a monthly salary sheet showing all earnings and accurate deductions for PF, ESI, TDS, and PT.
- PC2.** Pass necessary salary journals (expenses and liabilities) in the books of accounts at month-end.
- PC3.** Generate monthly salary slips to all employees.
- PC4.** Verify new joining and leaving employee data to ensure correct enrolment/removal from statutory schemes.
- PC5.** Maintain the statutory Salary Muster/Register in the legally required format

Core Statutory Filings (PF, ESI, TDS)

To be competent, the user/individual on the job must be able to:

- PC6.** Compute the correct employee and employer contributions for PF and ESI based on current legal rates and wage ceilings.
- PC7.** Deposit the collected statutory amounts using the correct challans (PF, ESI, TDS) before the monthly due dates.
- PC8.** File the monthly Electronic Challan cum Return (ECR) for PF on the EPFO portal.
- PC9.** File the half-yearly ESIC returns on the ESIC portal as per schedule.
- PC10.** File the quarterly TDS statements (Form 24Q) and generate annual Form 16 for employees.

Multi-State Professional Tax (PT) Compliance

To be competent, the user/individual on the job must be able to:

- PC11.** Explain the constitutional backing (Article 276) and identify state-wise differences in PT liability and rules.

Qualification Pack

- PC12.** Determine the correct PT registration type (Employer/Employee) and complete the registration process on the state's portal.
- PC13.** Apply the correct state-specific PT slab rate to compute the deduction based on employee gross income and location.
- PC14.** Prepare and file the periodic PT returns (monthly/quarterly/annual) strictly by the state's due dates and format.
- PC15.** Identify and apply exemptions for certain professionals or individuals (e.g., disabled persons, army personnel) from PT liability.

General Compliance, Dispute Resolution & Technology Usage

To be competent, the user/individual on the job must be able to:

- PC16.** Navigate and conduct all compliance tasks (registration, payment, filing) using government e-governance portals (EPFO, ESIC, State PT).
- PC17.** Use specialized payroll software/ERP systems for automated calculation and generation of statutory reports (e.g., PF/ESI ECR data).
- PC18.** Prepare a list of all applicable compliances for a client based on their business entity and size (e.g., MSME checklist).
- PC19.** Gather and reconcile required MIS data (salary, headcount, turnover) from stakeholders for compliance reporting.
- PC20.** Maintain organized electronic and physical statutory records to ensure readiness for compliance audits.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** In-depth knowledge of contribution rates, wage ceilings, and eligibility criteria for PF, ESI, and TDS deduction under central laws.
- KU2.** Detailed understanding of the constitutional basis (Art. 276), state-wise variations (slab rates, due dates), and exemption categories for Professional Tax (PT).
- KU3.** Knowledge of the end-to-end procedural steps for monthly payment (challans) and periodic returns (ECR, Form 24Q, PT Returns) using e-governance portals.
- KU4.** Understanding how to identify and map the complete statutory compliance list applicable to different business entities (e.g., Company, LLP, Proprietorship).
- KU5.** Knowledge of maintaining prescribed statutory registers (Muster, PT Register) and preparing documentation for audit/review by legal professionals.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** maintain work-related notes and records
- GS2.** communicate clearly and politely with co-workers and clients
- GS3.** plan and prioritize tasks to ensure timely completion
- GS4.** take quick decisions to deal with workplace emergencies/ accidents
- GS5.** listen attentively to understand the information/ instructions being shared by the speaker

Qualification Pack

- GS6.** identify possible disruptions to work and take appropriate preventive measures
- GS7.** coordinate with co-workers to achieve work objectives

MEP/N5121: Handle GST Compliance, Litigation & Consultancy

Description

This unit defines the skills and knowledge required for a Consultant / GST Tax Practitioner to handle Goods and Services Tax (GST) compliance.

Scope

The scope covers the following :

- GST Registration and Periodic Return Preparation
- Return Filing, Reconciliation, and Annual Compliance
- Advanced GST Provisions (Imports, Exports, and Exemptions)
- GST Litigation and Advisory Services

Elements and Performance Criteria

GST Registration and Periodic Return Preparation

To be competent, the user/individual on the job must be able to:

- PC1.** Identify the correct category (e.g., normal, composite, non-resident) and legal threshold for compulsory GST registration.
- PC2.** Collect and prepare all necessary documents and file the appropriate GST registration form (REG-01, etc.).
- PC3.** Identify the correct return form (GSTR-1/3B/4/9) and filing frequency based on the client's business type and turnover.
- PC4.** Gather and categorize all periodic financial data, including RCM, Exempt, Inter/Intra-State sales, and Purchases.
- PC5.** Prepare the final outward and inward supply statements for filing the monthly/quarterly returns.

Return Filing, Reconciliation, and Annual Compliance

To be competent, the user/individual on the job must be able to:

- PC6.** Verify sales data against E-Invoices and E-Way bills to ensure 100% accuracy in the return data.
- PC7.** Reconcile the Computed Input Tax Credit (ITC) with the auto-populated data on the GST portal (GSTR-2B) to find mismatches.
- PC8.** Post the final data using the GST portal or offline utility, pay the final tax liability, and submit the return.
- PC9.** Complete the annual reconciliation and file the GSTR-9 (Annual Return) and GSTR-9C (Reconciliation Statement) correctly.

Advanced GST Provisions (Imports, Exports, and Exemptions)

To be competent, the user/individual on the job must be able to:

- PC10.** Differentiate between the two types of zero-rated supplies (Export with IGST/Refund vs. Export under LUT without IGST).

Qualification Pack

- PC11.** Prepare and file the Letter of Undertaking (LUT - Form GST RFD-11) to facilitate tax-free exports.
- PC12.** Explain the GST treatment of Imports (levy of IGST, BCD) and the Reverse Charge Mechanism (RCM) on Import of Services.
- PC13.** Analyze scenarios to correctly claim ITC on IGST paid for imports and select the proper refund mechanism.
- PC14.** Verify the eligibility for specific GST exemptions based on official CGST/IGST notifications and *GST Litigation and Advisory Services*
- To be competent, the user/individual on the job must be able to:
- PC15.** Analyze GST notices, audit reports, or assessment orders to identify the core legal issues and data requirements.
- PC16.** Extract necessary financial data and legal justifications to prepare a comprehensive written submission to the authorities.
- PC17.** Identify and prepare the legal grounds, facts of the case, and required evidence to file an Appeal against an assessment order.
- PC18.** Prepare and submit applications for Advance Rulings to gain clarity on complex tax matters for the client.
- PC19.** Prepare final submission documents, including paper books and necessary affidavits, for review by senior counsel.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Core principles of CGST, IGST, UTGST, and SGST, including rates, RCM, and tax ledgers
- KU2.** Detailed knowledge of registration thresholds, return types (GSTR-1, 3B, 9, 9C), and timelines for different entities
- KU3.** In-depth understanding of zero-rated supplies (Exports/LUT), GST on Imports, and the legal framework for Exemptions
- KU4.** Customs Act and Regulations, Foreign Trade Policy, Customs, DGFT, FTP Applicable Forms, application filing procedure for IEC code
- KU5.** Knowledge of the process for replying to notices, filing appeals, and submitting applications for Advance Rulings
- KU6.** Documentation of required records for compliance: E-Invoices, E-Way bills, financial statements, and statutory registers

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** maintain work-related notes and records
- GS2.** communicate clearly and politely with co-workers and clients
- GS3.** read the relevant literature to get information about the latest developments in the field of work
- GS4.** plan and prioritize tasks to ensure timely completion

Qualification Pack

- GS5.** take quick decisions to deal with workplace emergencies/ accidents

MEP/N9903: Apply health and safety practices at the workplace

Description

This unit deals in detail with application of health and safety practices in the workplace

Scope

The scope covers the following :

- Apply relevant health and safety practices at the workplace
- Maintain a healthy and hygienic environment
- Deal with emergency situations
- Follow fire safety requirements

Elements and Performance Criteria

Apply relevant health and safety practices at the workplace

To be competent, the user/individual on the job must be able to:

- PC1.** identify, control and report health and safety issues relating to immediate work environment according to procedures
- PC2.** follow procedures and instructions for dealing with hazards, within the scope of responsibilities and competencies
- PC3.** document and report all hazards, accidents and near-miss incidents as per set process
- PC4.** document safety records according to organisational policies

Maintain a healthy and hygienic environment

To be competent, the user/individual on the job must be able to:

- PC5.** maintain the work area in a clean and tidy condition
- PC6.** ensure that the work area is sanitised as and when required
- PC7.** maintain personal hygiene
- PC8.** use appropriate personal protective equipment (PPE) where required
- PC9.** wash hands using soap and water or alcohol based sanitiser
- PC10.** report hygiene related concerns promptly to the relevant authority

Emergencies, rescue and first-aid procedures

To be competent, the user/individual on the job must be able to:

- PC11.** administer appropriate first aid to victims wherever required e.g. in case of bleeding, burns, choking, electric shock, poisoning etc.
- PC12.** respond promptly and appropriately to an accident situation or medical emergency in real or simulated environments
- PC13.** perform rescue activity during an accident if applicable (e.g. if moving victim is advisable)

Follow fire safety requirements

To be competent, the user/individual on the job must be able to:

- PC14.** follow fire safety practices
- PC15.** identify the type of fire and its stage

Qualification Pack

PC16. use the various appropriate fire extinguishers on different types of fires correctly

PC17. follow procedures to rescue victim of fire without endangering self

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Health Safety and Environment (HSE) practices
- KU2.** relevant Occupational Health and Safety (OHS) regulations
- KU3.** enterprise /site emergency procedures and techniques
- KU4.** waste and dangerous materials disposal procedures and practices
- KU5.** procedures for recording, reporting and maintenance of workplace safety and hygiene
- KU6.** meaning of hazards and risks
- KU7.** health and safety hazards commonly present in the work environment and related precautions
- KU8.** possible causes of risk, hazard or accident in the workplace
- KU9.** where to find all the general health and safety equipment in the workplace
- KU10.** various dangers associated with the use of electrical equipment
- KU11.** preventative and remedial actions to be taken in the case of exposure to toxic materials
- KU12.** importance of using protective clothing/equipment while working
- KU13.** precautionary activities to prevent the fire accident
- KU14.** various causes of fire
- KU15.** techniques of using the different fire extinguishers
- KU16.** different methods of extinguishing fire
- KU17.** different materials used for extinguishing fire
- KU18.** rescue techniques applied during a fire hazard
- KU19.** various types of safety signs and their meaning
- KU20.** appropriate basic first aid treatment relevant to the condition eg. shock, electrical shock, bleeding, breaks to bones, minor burns, resuscitation, poisoning, eye injuries
- KU21.** safe lifting and carrying practices

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** write Health and safety compliance report
- GS2.** interpret general health and safety guidelines
- GS3.** communicate general health and safety guidelines to co workers
- GS4.** take decision about the corrective action to be taken in case of any potential hazards

DGT/VSQ/N0102: Employability Skills (60 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Career Development & Goal Setting
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** identify employability skills required for jobs in various industries
- PC2.** identify and explore learning and employability portals

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

- PC3.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. and personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC4.** follow environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC5.** recognize the significance of 21st Century Skills for employment
- PC6.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life

Basic English Skills

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC7.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC8.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC9.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC10.** understand the difference between job and career
- PC11.** prepare a career development plan with short- and long-term goals, based on aptitude

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC12.** follow verbal and non-verbal communication etiquette and active listening techniques in various settings
- PC13.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC14.** communicate and behave appropriately with all genders and PwD
- PC15.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC16.** select financial institutions, products and services as per requirement
- PC17.** carry out offline and online financial transactions, safely and securely
- PC18.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC19.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC20.** operate digital devices and carry out basic internet operations securely and safely
- PC21.** use e- mail and social media platforms and virtual collaboration tools to work effectively
- PC22.** use basic features of word processor, spreadsheets, and presentations

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC23.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC24.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC25.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC26.** identify different types of customers
- PC27.** identify and respond to customer requests and needs in a professional manner.

Qualification Pack

PC28. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC29. create a professional Curriculum vitae (Résumé)

PC30. search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively

PC31. apply to identified job openings using offline /online methods as per requirement

PC32. answer questions politely, with clarity and confidence, during recruitment and selection

PC33. identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills and different learning and employability related portals

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up

KU6. importance of career development and setting long- and short-term goals

KU7. about effective communication

KU8. POSH Act

KU9. Gender sensitivity and inclusivity

KU10. different types of financial institutes, products, and services

KU11. how to compute income and expenditure

KU12. importance of maintaining safety and security in offline and online financial transactions

KU13. different legal rights and laws

KU14. different types of digital devices and the procedure to operate them safely and securely

KU15. how to create and operate an e- mail account and use applications such as word processors, spreadsheets etc.

KU16. how to identify business opportunities

KU17. types and needs of customers

KU18. how to apply for a job and prepare for an interview

KU19. apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. read and write different types of documents/instructions/correspondence

GS2. communicate effectively using appropriate language in formal and informal settings

Qualification Pack

- GS3.** behave politely and appropriately with all
- GS4.** how to work in a virtual mode
- GS5.** perform calculations efficiently
- GS6.** solve problems effectively
- GS7.** pay attention to details
- GS8.** manage time efficiently
- GS9.** maintain hygiene and sanitization to avoid infection

MEP/N5139: Operate Office IT Systems for Accounting Tasks

Description

This unit covers the skills and knowledge required to effectively operate basic computer hardware and office IT systems specifically for accounting and administrative tasks

Scope

The scope covers the following :

- Operate Computer Hardware and System Basics
- Utilize Applications for Accounting and Documentation
- Ensure Security and Collaboration
- Maintain IT Health and Safety

Elements and Performance Criteria

Operate Computer Hardware and System Basics

To be competent, the user/individual on the job must be able to:

- PC1.** Identify basic parts of a computer system (CPU, monitor, keyboard, mouse) and their functions in office operations.
- PC2.** Identify various storage devices (HDDs, SSDs, USB drives, memory cards, DVDs) and differentiate between local and cloud-based storage (e.g. Google Drive, OneDrive).
- PC3.** Power on, log in, and shut down computer systems using secure credentials and proper shutdown procedures
- PC4.** Install drivers and applications, install commonly used accounting/tax applications and required drivers (e.g. Tally, Saral, Tax Cloud, MS Office)

Utilize Applications for Accounting and Documentation

To be competent, the user/individual on the job must be able to:

- PC5.** Navigate file directories, organize client files in folders, and manage digital records using proper naming conventions.
- PC6.** Use office productivity software (MS Word, Excel, Google Sheets) for preparing reports, summaries, payroll data, and tax working sheets
- PC7.** Use Excel functions relevant for accounting and tax calculations (e.g. VLOOKUP, SUMIFS, pivot tables, data validation)
- PC8.** Use document scanning, PDF tools (e.g. Adobe Acrobat, PDF24), and e-signature tools for digital documentation and submission
- PC9.** Upload/download invoices, return files, and reports on statutory portals (GST, Income Tax, EPFO, ESIC, PT)
- PC10.** Use cloud-based accounting and tax platforms (e.g. Zoho Books, QuickBooks, Clear Tax, Tally Prime with remote access)

Ensure Security and Collaboration

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC11.** Collaborate using shared drives (Google Drive, OneDrive) and manage client folders with version control and shared permissions
- PC12.** Use email (e.g., Outlook, Gmail) securely to communicate with clients, attach filings, and follow access protocols
- PC13.** Adhere to organizational IT policies, including access control, file backups, and secure data
- PC14.** Apply basic cybersecurity principles: avoid phishing scams, use strong passwords, and manage client data confidentiality

Maintain IT Health and Safety

To be competent, the user/individual on the job must be able to:

- PC15.** Coordinate with it department/service provider issues not under person's purview
- PC16.** Follow electrical safety precautions while using computers and peripherals in office setup
- PC17.** Perform basic troubleshooting (printer errors, system freeze, connectivity issues) and escalate unresolved issues to it team/service provider

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Knowledge of the basic architecture of a computer system (input, processing, output, storage).
- KU2.** Knowledge of the function of common peripherals (printer, scanner, webcam) and their connectivity (USB, wireless).
- KU3.** Understanding the difference between various storage types (local vs. cloud) and their respective advantages/risks.
- KU4.** Knowledge of basic Operating System (OS) concepts (Windows, macOS), including file structures, directories, and navigation.
- KU5.** Understanding of the correct procedures for software installation, driver updates, and secure power management (shutdown, restart).
- KU6.** Knowledge of licensing requirements and basic troubleshooting for software and driver conflicts.
- KU7.** Understanding of the purpose and basic functions of major accounting/tax applications (e.g., Tally, Tax Cloud, Zoho) and MS Office suite.
- KU8.** Knowledge of data types, formulas, and functions in spreadsheet software (Excel/Google Sheets) relevant to financial data manipulation (e.g., referencing, relative/absolute cell addressing).
- KU9.** Understanding the process of using digital documentation tools (scanning, PDF conversion, e-signatures) for official submissions.
- KU10.** Knowledge of the features and interface of major cloud-based accounting platforms and shared drives (e.g., Google Drive, OneDrive).
- KU11.** Understanding the data upload/download protocols and navigation of common statutory portals (e.g., GST, Income Tax, EPFO, ESIC, PT).
- KU12.** Knowledge of version control, access permissions, and best practices for collaborative document management.
- KU13.** Knowledge of organizational IT policies regarding data security, access control, password complexity, and file backup procedures.

Qualification Pack

- KU14.** Understanding of basic cybersecurity threats, including phishing, malware, and unauthorized access, and methods for mitigation.
- KU15.** Knowledge of secure email communication practices, including file attachment protocols and client data confidentiality standards.
- KU16.** Knowledge of electrical safety standards for computer equipment and peripherals in an office setting.
- KU17.** Understanding of common hardware/software failure symptoms (e.g., system freeze, printer error, connectivity loss) and basic troubleshooting steps.
- KU18.** Knowledge of the correct procedure for logging and escalating unresolved technical issues to the IT support team or service provider.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Read and accurately interpret technical documents, such as IT policies, software manuals, security guidelines, and statutory notifications
- GS2.** Communicate clearly and professionally via email and using the correct technical language when coordinating with clients and the IT department
- GS3.** Use active listening and probing skills to fully understand requirements, client queries, and IT instructions
- GS4.** Plan and organize digital file structures, folder hierarchies, and shared drives for efficiency, version control, and timely task completion
- GS5.** Manage time and organize tasks to ensure documentation, reporting, and statutory filings are completed within deadlines
- GS6.** Make sound decisions to adhere to data security policies, confidentiality standards, and internal controls, ensuring compliance in all communications and data handling

Qualification Pack

MEP/N5140: Manage Customs and Foreign Trade Compliance and Documentation

Description

This unit covers the skills and knowledge required to manage end-to-end documentation and compliance for import/export activities.

Scope

The scope covers the following :

- Prepare application for IEC code under customs
- Manage Export/Import Documentation and Duties
- Prepare Submissions and Responses to Notices
- File Appeal, Revision, and Advanced Ruling Applications

Elements and Performance Criteria

Prepare application for IEC code under customs

To be competent, the user/individual on the job must be able to:

- PC1.** Gather all required entity and ownership data necessary for filing the Import Export Code (IEC) application.
- PC2.** Navigate the DGFT portal and accurately fill out the online IEC application form.
- PC3.** Execute the payment of required statutory fees and submit the completed IEC form on the portal.

Manage Export/Import Documentation and Duties

To be competent, the user/individual on the job must be able to:

- PC4.** Collect and verify all necessary export data and supporting documentation.
- PC5.** Compute the export duty amount eligible for drawbacks or refund under applicable customs and Foreign Trade Policy (FTP) schemes.
- PC6.** File the drawback or refund application with the customs authority, attaching verified evidence of export.
- PC7.** Gather detailed import order data, including product classification and value.
- PC8.** Calculate the total Import Duty payable, applying relevant customs tariffs, including duties on declared baggage.

Prepare Submissions and Responses to Notices

To be competent, the user/individual on the job must be able to:

- PC9.** Accept the assignment from the client and file the necessary authority letter with the regulatory body concerned.
- PC10.** Analyze the statutory notice or order to identify the core issues, allegations, and specific requirements for response.
- PC11.** Extract and reconcile all required financial, transactional, and computation data from company records to support the submission.

Qualification Pack

PC12. Prepare formal submissions and responses for assessment work to be presented to the authorities.

File Appeal, Revision, and Advanced Ruling Applications

To be competent, the user/individual on the job must be able to:

PC13. Determine and identify the valid legal grounds for filing an Appeal against an assessment or adjudication order.

PC14. Draft the detailed ground of appeal and the comprehensive facts of the case supported by collected information.

PC15. Compile and prepare the complete paper book and any required stay of demand applications for final appeal filing.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. Know the DGFT framework (Foreign Trade Policy) and the process/fees for filing an IEC (Import Export Code) application

KU2. Understand the various types of customs duties (basic, countervailing, anti-dumping, etc.) and the methodology for computing import duty (including baggage)

KU3. Know the export benefit schemes (e.g., Drawback) and the eligibility criteria and procedures for filing refund applications with required evidence

KU4. Understand the legal hierarchy of assessment/adjudication orders (Notice, Order, Appeal) and the statutory process for filing appeals, revisions, and advanced ruling applications

KU5. Know the process for extracting and compiling financial and transactional data from company records for official submissions

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. Ability to efficiently extract and reconcile required financial/transactional data from diverse records (financials, returns, computations) for compliance purposes

GS2. Skill in analyzing statutory notices to identify core issues and determine the legally sound grounds for appeal or revision

GS3. Competence in preparing legally accurate and well-structured documents (e.g., appeal grounds, affidavits, paper books, submissions)

GS4. Organize and manage complex compliance processes (IEC filing, refund claims, legal responses) and adhere to strict statutory timelines

GS5. Draft formal, clear, and unambiguous communications with clients (authority letters) and statutory authorities

MEP/N5141: International Tax Compliance, Transfer Pricing, and DTAA Application

Description

This unit covers the skills and knowledge required to manage compliance under International Taxation, Transfer Pricing (TP), and Non-Resident Indian (NRI) provisions of the Income-tax Act

Scope

The scope covers the following :

- International Taxation, Transfer Pricing and NRI Compliance

Elements and Performance Criteria

International Taxation, Transfer Pricing and NRI Compliance

To be competent, the user/individual on the job must be able to:

- PC1.** Analyze residential status to determine the global income taxability under Sections 5 and 6 and identify the taxability of non-resident income earned by non-residents and foreign companies including interest, royalty, FTS, capital gains.
- PC2.** Interpret and apply Double Taxation Avoidance Agreement (DTAA) provisions (Sec 90/90A), distinguishing between exemption and tax credit methods.
- PC3.** Explain the concept and tax implications of Permanent Establishment (PE) as per OECD/UN Models.
- PC4.** Apply TDS provisions (Sec 195) on non-resident payments, including Forms 15CA/15CB.
- PC5.** Compute the Arm's Length Price (ALP) using prescribed methods and prepare required documentation for Transfer Pricing (TP) compliance (Sec 92C/92D).
- PC6.** Identify international transactions and Associated Enterprises (AEs) under Sec 92A/92B, and prepare advanced transfer Pricing (TP) reports, including Country-by-Country Reporting (CbCR) for international transactions and specified domestic transactions
- PC7.** Evaluate scenarios to identify impermissible avoidance arrangements under GAAR.
- PC8.** Explain the impact of BEPS/MLI, and the functioning and purpose of Advance Pricing Agreements (APA), Safe Harbour Rules, and Mutual Agreement Procedures (MAP) under Indian law.
- PC9.** Assess the tax treatment, return filing obligations, and DTAA relief for NRIs, including foreign asset disclosure requirements.
- PC10.** Analyze and resolve complex, real-life cross-border tax scenarios by integrating treaty interpretation, compliance norms, and anti-abuse measures.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Know the statutory provisions (Sec 5, 6, 9, 195) for taxability of non-residents and the procedural compliance for TDS (Forms 15CA/15CB).

Qualification Pack

- KU2.** Understand the structure, interpretation, and application of DTAA provisions (Sec 90/90A), including the concept of Permanent Establishment (PE).
- KU3.** Know the principles of Arm's Length Price (ALP) computation and the complete documentation and reporting requirements for Transfer Pricing (Sec 92C, 92D, CbCR).
- KU4.** Understand the anti-avoidance framework, specifically the application and impact of GAAR, BEPS, and MLI
- KU5.** Know the operational aspects of alternative dispute resolution mechanisms (APA, Safe Harbour, MAP) and NRI compliance rules (return filing, foreign asset disclosures).

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Analytical skills, Ability to efficiently extract and reconcile required data from diverse records
- GS2.** Skill in evaluating financial data and transactions
- GS3.** Competence in preparing accurate and detailed statutory reports
- GS4.** Organise and manage complex compliance processes
- GS5.** Problem solving skills
- GS6.** Communicating, reading and writing in clear manner.

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
4. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
5. In case of successfully passing only certain number of NOSs, the trainee is eligible to take subsequent assessment on the balance NOS's to pass the Qualification Pack.
6. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack

Minimum Aggregate Passing % at QP Level : 50

Qualification Pack

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
