MEP/N9903: Apply health and safety practices at the workplace

Description

This unit deals in detail with application of health and safety practices in the workplace

Scope

The scope covers the following :

- Apply relevant health and safety practices at the workplace
- Maintain a healthy and hygienic environment
- Deal with emergency situations
- Follow fire safety requirements

Elements and Performance Criteria

Apply relevant health and safety practices at the workplace

To be competent, the user/individual on the job must be able to:

- PC1.** identify, control and report health and safety issues relating to immediate work environment according to procedures
- PC2.** follow procedures and instructions for dealing with hazards, within the scope of responsibilities and competencies
- PC3.** document and report all hazards, accidents and near-miss incidents as per set process
- PC4.** document safety records according to organisational policies

Maintain a healthy and hygienic environment

To be competent, the user/individual on the job must be able to:

- PC5.** maintain the work area in a clean and tidy condition
- PC6.** ensure that the work area is sanitised as and when required
- PC7.** maintain personal hygiene
- PC8.** use appropriate personal protective equipment (PPE) where required
- PC9.** wash hands using soap and water or alcohol based sanitiser
- PC10.** report hygiene related concerns promptly to the relevant authority

Emergencies, rescue and first-aid procedures

To be competent, the user/individual on the job must be able to:

- PC11.** administer appropriate first aid to victims wherever required e.g. in case of bleeding, burns, choking, electric shock, poisoning etc.
- PC12.** respond promptly and appropriately to an accident situation or medical emergency in real or simulated environments
- PC13.** perform rescue activity during an accident if applicable (e.g. if moving victim is advisable)

Follow fire safety requirements

To be competent, the user/individual on the job must be able to:

- PC14.** follow fire safety practices
- PC15.** identify the type of fire and its stage

Qualification Pack

PC16. use the various appropriate fire extinguishers on different types of fires correctly

PC17. follow procedures to rescue victim of fire without endangering self

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Health Safety and Environment (HSE) practices
- KU2.** relevant Occupational Health and Safety (OHS) regulations
- KU3.** enterprise /site emergency procedures and techniques
- KU4.** waste and dangerous materials disposal procedures and practices
- KU5.** procedures for recording, reporting and maintenance of workplace safety and hygiene
- KU6.** meaning of hazards and risks
- KU7.** health and safety hazards commonly present in the work environment and related precautions
- KU8.** possible causes of risk, hazard or accident in the workplace
- KU9.** where to find all the general health and safety equipment in the workplace
- KU10.** various dangers associated with the use of electrical equipment
- KU11.** preventative and remedial actions to be taken in the case of exposure to toxic materials
- KU12.** importance of using protective clothing/equipment while working
- KU13.** precautionary activities to prevent the fire accident
- KU14.** various causes of fire
- KU15.** techniques of using the different fire extinguishers
- KU16.** different methods of extinguishing fire
- KU17.** different materials used for extinguishing fire
- KU18.** rescue techniques applied during a fire hazard
- KU19.** various types of safety signs and their meaning
- KU20.** appropriate basic first aid treatment relevant to the condition eg. shock, electrical shock, bleeding, breaks to bones, minor burns, resuscitation, poisoning, eye injuries
- KU21.** safe lifting and carrying practices

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** write Health and safety compliance report
- GS2.** interpret general health and safety guidelines
- GS3.** communicate general health and safety guidelines to co workers
- GS4.** take decision about the corrective action to be taken in case of any potential hazards

DGT/VSQ/N0101: Employability Skills (30 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

PC1. understand the significance of employability skills in meeting the job requirements

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

PC2. identify constitutional values, civic rights, duties, personal values and ethics and environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

PC3. explain 21st Century Skills such as Self-Awareness, Behavior Skills, Positive attitude, self-motivation, problem-solving, creative thinking, time management, social and cultural awareness, emotional awareness, continuous learning mindset etc.

Basic English Skills

To be competent, the user/individual on the job must be able to:

PC4. speak with others using some basic English phrases or sentences

Communication Skills

To be competent, the user/individual on the job must be able to:

PC5. follow good manners while communicating with others

PC6. work with others in a team

Qualification Pack

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

PC7. communicate and behave appropriately with all genders and PwD

PC8. report any issues related to sexual harassment

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

PC9. use various financial products and services safely and securely

PC10. calculate income, expenses, savings etc.

PC11. approach the concerned authorities for any exploitation as per legal rights and laws

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

PC12. operate digital devices and use its features and applications securely and safely

PC13. use internet and social media platforms securely and safely

Entrepreneurship

To be competent, the user/individual on the job must be able to:

PC14. identify and assess opportunities for potential business

PC15. identify sources for arranging money and associated financial and legal challenges

Customer Service

To be competent, the user/individual on the job must be able to:

PC16. identify different types of customers

PC17. identify customer needs and address them appropriately

PC18. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC19. create a basic biodata

PC20. search for suitable jobs and apply

PC21. identify and register apprenticeship opportunities as per requirement

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use basic spoken English language

KU6. Do and dont of effective communication

KU7. inclusivity and its importance

KU8. different types of disabilities and appropriate communication and behaviour towards PwD

KU9. different types of financial products and services

Qualification Pack

- KU10.** how to compute income and expenses
- KU11.** importance of maintaining safety and security in financial transactions
- KU12.** different legal rights and laws
- KU13.** how to operate digital devices and applications safely and securely
- KU14.** ways to identify business opportunities
- KU15.** types of customers and their needs
- KU16.** how to apply for a job and prepare for an interview
- KU17.** apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** communicate effectively using appropriate language
- GS2.** behave politely and appropriately with all
- GS3.** perform basic calculations
- GS4.** solve problems effectively
- GS5.** be careful and attentive at work
- GS6.** use time effectively
- GS7.** maintain hygiene and sanitisation to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

Assessment system Overview

Assessment will be carried out by assessment partners with no link to training partners. Based on the results of assessment, MEPSC will certify the learners. Assessor has to pass online assessment of theoretical knowledge of the job role and approved by MEPSC. The assessment will have both theory and practical components in 40:60 ratio.

Testing Environment

Training partner has to share the batch start date and end date, number of trainees and the job role. Assessment will be fixed for a day after the end date of training. It could be next day or later. Assessment will be conducted at the training venue.

Assessment Quality Assurance framework

Qualification Pack

Assessor has to go through orientation program organized by Assessment Agency. The training will give an overview to the assessors on the overall framework of QP evaluation. Assessor will also be given a NOS and PC level overview of each QP as applicable. Overall structure of assessment and objectivity of the marking scheme will be explained to them. The giving of marks will be driven by an objective framework which will maintain standardization of marking scheme. The weightages given to each module will be adhered to in the question paper. For practical, the instructions for taking the test are clearly written on the board in the lab or shared with the candidates verbally.

Methods of Validation

Unless the trainee is registered, the person cannot undergo assessment. To further ensure that the person registered is the person appearing for assessment, id verification will be carried out. Aadhar card number is part of registering the candidate for training. This will form the basis of further verification during the assessment. Assessor conducts the assessment in accordance with the assessment guidelines and question bank as per the job role. The assessor carries tablet with the loaded questions. This tablet is geotagged and so it is monitored to check their arrival and completion of assessment. The training partner will also intimate the time of arrival of the assessor and time of leaving the venue. The assessment will be video recorded and submitted to MEPSC. Video of the practical session is prepared and submitted to MEPSC. Random spot checks/audit is conducted by MEPSC assigned persons to check the quality of assessment. Assessment agency will be responsible to put details in SID. MEPSC will also validate the data and result received from the assessment agency.

Method of assessment documentation and access

The assessment agency will upload the result of assessment in the portal. The data will not be accessible for change by the assessment agency after the upload. The assessment data will be validated by MEPSC assessment team. After upload, only MEPSC can access this data.

MEPSC approves the results within a week and uploads on SID.

Minimum Aggregate Passing % at QP Level : 50

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
