MEP/Q7202: Security Officer

Brief Job Description

Security Officers oversee the operations, administration, and training of security units, incorporating advanced risk assessment, SOP development, and multi-site coordination. They leverage modern tools such as IoT-enabled systems, cloud-based platforms, and virtual learning solutions to enhance efficiency and ensure compliance with updated security standards. Their responsibilities include deployment, incident management, documentation, and liaising with stakeholders.

Personal Attributes

Security Officers should be intelligent, educated, physically fit, mentally alert and capable of managing security personnel, equipment and operations independently. They should possess good communication skills and be able to set personal example to motivate their subordinates. In emergencies, a Security Officer should use initiative and get assistance from other agencies to control the situation.
