MEP/Q7204: CCTV Video Footage Auditor

Brief Job Description

A CCTV Video Footage Auditor audits, reviews, examines, and minutely inspects CCTV footage daily, at periodic intervals, as per set guidelines, SOPs, and situational awareness. Using specialized CCTV video footage auditing and investigation tools, the auditor looks out for exceptions, process violations, abnormalities, performance lapses, behavioral patterns, potential threats, risks, and so on.

Personal Attributes

Basic proficiency in using a computer (Windows based) and MS Office and good communication skills is required. The person must be alert, observant, and possess visual faculties which entail object or entity recognition and differentiation, tracking, and detection of movement/anomalies. Further, the person should possess Information handling skills which entail pattern recognition, co-relating events/occurrences (joining the dots), discerning exceptions, and suspicious activity/behavior.

Applicable National Occupational Standards (NOS)

Compulsory NOS:

1. [MEP/N7225: Audit CCTV video footage](#)
2. [MEP/N7226: Report and Document Audit Findings](#)
3. [MEP/N7227: Back up CCTV video footage](#)

Qualification Pack

MEP/N7225: Audit CCTV video footage

Description

This unit covers the knowledge and skills required to audit CCTV video footage as a standard operating procedure in order to detect exceptions, process violations, abnormalities, performance lapses, behavioral patterns, potential threats, risks and so on, to tag audit findings/incidents, and to create a well categorized institutional library for future reference.

Scope

The scope covers the following :

- Analyze CCTV video footage

Elements and Performance Criteria

Analyze CCTV video footage

To be competent, the user/individual on the job must be able to:

- PC1.** operate the requisite software/ AI-powered video analytics software for CCTV video footage auditing, in operation at the said establishment
- PC2.** carry out forensic analysis/ Machine Learning-based anomaly detection systems of the CCTV video footage using the requisite software
- PC3.** Analyze footage from multiple camera angles using synchronized playback systems to ensure context and accuracy.
- PC4.** detect threats, risks, hazards, emergencies, and other kinds of exceptions, process violations/standard operating procedures being flouted/compliance issues, abnormal/suspicious behavior/activity, behavioral patterns/body language, health and safety issues, issues with camera/video feed, issues pertaining to specific scenarios, from the CCTV footage being audited
- PC5.** Tag relevant clips with digital identifiers (incident code, timestamp, camera ID) for ease of reference.
- PC6.** Capture and export critical frames or video segments for reporting, ensuring tamper-proof export format (hash-verified).
- PC7.** Record all observations and anomalies using structured digital templates within the organization's Audit Management System (AMS).
- PC8.** Maintain objectivity, confidentiality, and adherence to ethical AI surveillance practices throughout the audit.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** The layout of the premises and the areas of responsibility
- KU2.** routine activities in the premises
- KU3.** possible threats/risks in the premises

Qualification Pack

- KU4.** the layout and coverage of the CCTV system in the premises
- KU5.** relevant legislation/regulations and organizational procedures related to the use of CCTV and surveillance equipment in private security
- KU6.** organizational procedures and guidelines for dealing with security situations
- KU7.** surveillance techniques and procedures for monitoring CCTV
- KU8.** modus operandi of criminals/miscreants against life and property

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** write relevant information
- GS2.** read relevant information
- GS3.** speak clearly and emphatically
- GS4.** comprehend instructions and put forth relevant queries
- GS5.** give clear instructions to co-workers
- GS6.** plan and organize assigned tasks
- GS7.** think critically through problems, evaluate the possible solution(s), and decide the best possible solution(s)
- GS8.** identify potential risks and threats and take suitable actions
- GS9.** observe people, activities, and movements keenly
- GS10.** analyze and evaluate information gathered from observation and experience, and take appropriate action

MEP/N7226: Report and Document Audit Findings

Description

This unit covers the knowledge and skills required to report and document audit findings, incidents in a standardized format.

Scope

The scope covers the following :

- Report and document audit findings and incidents

Elements and Performance Criteria

Report and document audit findings/incidents

To be competent, the user/individual on the job must be able to:

- PC1.** Summarize findings with supporting snapshots, event timestamps, and data logs using digital audit tools (Excel, Power BI, or VMS dashboards) daily basis
- PC2.** Highlight critical or recurring deviations using visual analytics (heat maps, frequency charts, or incident trend summaries).
- PC3.** Store, back up, and version-control all reports and footage securely in encrypted digital repositories.
- PC4.** Operate the requisite software to document reports of the audit findings/incidents covering the 5 Ws and 1 H (what, when, where, why, who and how), in a standardized format
- PC5.** Ensure reports adhere to organizational formatting, escalation timelines, and data compliance norms (DPDP Act 2023).

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** reporting/recording procedure and formats
- KU2.** the 5 Ws and 1 H (what, when, where, why, who and how) that are essential for information gathering
- KU3.** sources of evidence related to safety/security incidents and the importance of preserving them
- KU4.** signages and notices

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** write relevant information
- GS2.** read relevant information

Qualification Pack

- GS3.** speak clearly and emphatically
- GS4.** comprehend instructions and put forth relevant queries
- GS5.** analyze and evaluate information gathered from observation and experience, and take appropriate action

MEP/N7227: Back up CCTV video footage

Description

This unit covers the knowledge and skills required to back up CCTV video footage at multiple locations for the purpose of disaster recovery.

Scope

The scope covers the following :

- Store and retrieve the CCTV video footage
- Material and energy conservation practices

Elements and Performance Criteria

Store and retrieve CCTV video footage

To be competent, the user/individual on the job must be able to:

- PC1.** operate advanced Video Management and AI-enabled backup systems with automated scheduling.
- PC2.** Use multi-location, cloud-based and hybrid storage solutions for redundancy and disaster recovery.
- PC3.** retrieve and share requested data from the backup with authorized person(s).
- PC4.** Implement digital approval workflows and access logs for traceable data authorization.
- PC5.** Strengthen cybersecurity skills- encryption, secure transmission, and privacy compliance awareness.

Material and energy conservation practices

To be competent, the user/individual on the job must be able to:

- PC6.** Promote Green ICT awareness for optimizing digital storage and resource use.
- PC7.** Learn automated data deduplication and archival management tools to reclaim storage efficiently.
- PC8.** Adopt smart power management and energy-efficient equipment usage practices.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** the establishment's backup policies, procedures and priorities
- KU2.** the importance of confidentiality and data protection
- KU3.** sources of evidence related to safety/security incidents and the importance of preserving them
- KU4.** compliance with data protection laws (DPDP Act 2023, ISO 27001, GDPR) during storage, access, and transmission.

Generic Skills (GS)

Qualification Pack

User/individual on the job needs to know how to:

- GS1.** read and interpret instructions, information
- GS2.** organize systems and required resources
- GS3.** plan and organize assigned tasks
- GS4.** think critically through problems, evaluate the possible solution(s), and decide the best possible solution(s)

MEP/N0216: Use computers to store, retrieve and communicate information

Description

This unit deals in detail with storing, retrieval and communication of information using computers

Scope

The scope covers the following :

- Retrieve and Manage Information using Digital Systems and AI Tools
- Store information using word processors and spread sheets
- Manage digital communication and ensure safe use of technology
- Work safely and securely with technology

Elements and Performance Criteria

Retrieve and Manage Information using Digital Systems and AI Tools

To be competent, the user/individual on the job must be able to:

- PC1.** Recognize different operating systems, cloud storage platforms, and AI-driven applications used for storing and retrieving data.
- PC2.** Use computer drives, cloud storage, and AI search features to locate files, data, and documents quickly and accurately
- PC3.** Use AI tools and automated systems to quickly find, organize, label, and safely store digital files, while following the organization's rules for data access and security

Store information using word processors and spreadsheets

To be competent, the user/individual on the job must be able to:

- PC4.** Enter, edit, and save data or information (letters, reports, tables, etc.) using word processors, spreadsheets, and AI-enabled digital tools.
- PC5.** Format, design, and present information professionally using features like templates, styles, references, review tools, and AI-assisted formatting.
- PC6.** Apply basic and AI-supported formulas, functions, charts, and data visualization techniques in spreadsheets to simplify data presentation.
- PC7.** Follow organizational data policies on file naming, backups, privacy, and cyber security while using digital and AI tools.

Manage digital communication and ensure safe use of technology

To be competent, the user/individual on the job must be able to:

- PC8.** Use computers to prepare and share information through printouts, reports, or digital formats.
- PC9.** Communicate using emails, AI-powered writing assistants, or workplace collaboration tools (e.g., MS Teams, Slack, Google Workspace) while following security rules.
- PC10.** Ensure compliance with organizational data security and privacy policies while sharing files or messages.

Work safely and securely with technology

Qualification Pack

To be competent, the user/individual on the job must be able to:

- PC11.** follow electrical safety precautions while using while using computers, laptops, or mobile devices.
- PC12.** Use secure practices for storing, retrieving, and sharing information online (e.g., strong passwords, multi-factor authentication, cloud storage safety).
- PC13.** Stay updated with organizational cyber security guidelines
- PC14.** Seek help from IT support or digital helpdesk in case of technical issues.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Knowledge of different operating systems (Windows, Linux, MacOS), devices (desktop, laptop, mobile), and cloud-based platforms used for storing and retrieving information.
- KU2.** Understanding local drives, shared servers, cloud storage (e.g., Google Drive, OneDrive), and AI-powered search features for quick and accurate retrieval of files and data.
- KU3.** Awareness of AI-enabled systems for organizing, tagging, labeling, auto-classifying, and archiving files, ensuring compliance with organizational data security rules.
- KU4.** Knowledge of word processors (MS Word, Google Docs, AI-assisted editors) for creating, editing, formatting, and saving professional documents such as reports, letters, and presentations.
- KU5.** Familiarity with spreadsheet software (MS Excel, Google Sheets) and AI-powered features for applying formulas, creating charts, analyzing data, and visualizing information.
- KU6.** Understanding organizational policies on file naming conventions, backups, version control, privacy, and compliance with data security standards.
- KU7.** Knowledge of email systems, AI writing assistants, and workplace collaboration platforms (e.g., MS Teams, Slack, Google Workspace) along with protocols for professional, secure, and effective communication.
- KU8.** Awareness of safe digital practices including strong passwords, multi-factor authentication, phishing awareness, and compliance with organizational cybersecurity guidelines.
- KU9.** Knowledge of ergonomic posture, screen time management, electrical safety, and responsible use of digital devices to prevent health risks.
- KU10.** Understanding when and how to approach IT support or digital helpdesks, and the importance of staying updated with evolving digital tools, AI applications, and organizational technology policies.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Ability to write messages, notes, descriptive texts, factual/quantitative details, and fill online/paper forms accurately, read and extract relevant information from documents, manuals, and instructions.
- GS2.** Maintaining work-related notes, records, and staying updated by reading relevant literature and developments in the field of work.

Qualification Pack

- GS3.** Listening attentively, communicating clearly and politely with co-workers and clients, and coordinating effectively to achieve common work objectives.
- GS4.** Planning, organising, and prioritising tasks to ensure timely completion of work while anticipating and preventing possible disruptions.
- GS5.** Taking quick and appropriate decisions to handle workplace challenges, emergencies, or accidents efficiently.

MEP/N9912: Apply principles of professional practice at the workplace

Description

This unit deals in detail with the application of principles of professional practice like professional image, professional competence, discipline, ethics and work effectiveness.

Scope

The scope covers the following :

- Maintain a professional image and behaviour
- Maintain and enhance professional competence
- Work in a disciplined and ethical manner
- Work effectively with all stakeholders

Elements and Performance Criteria

Maintain a professional image and behaviour

To be competent, the user/individual on the job must be able to:

- PC1.** display appropriate professional appearance for the workplace
- PC2.** interact with team members, clients, vendors, visitors and other stakeholders in a Professional manner

Maintain and enhance professional competence

To be competent, the user/individual on the job must be able to:

- PC3.** develop personal and professional goals and objectives
- PC4.** identify strengths and weaknesses in relation to goals and objectives
- PC5.** evaluate own capacity to meet goals and objectives
- PC6.** determine personal development needs to perform role as per desired standards
- PC7.** develop a professional development plan to enhance professional capabilities
- PC8.** document a professional practice plan designed to support the achievement of goals
- PC9.** select and implement development opportunities to support continuous learning and maintain currency of professional practice
- PC10.** research developments and trends impacting on professional practice and integrate information into work performance
- PC11.** seek feedback on performance from others and incorporate it to improve

Work in a disciplined and ethical manner

To be competent, the user/individual on the job must be able to:

- PC12.** perform tasks to the required workplace standard
- PC13.** protect the rights of the client and organisation when delivering services
- PC14.** recognise potential ethical issues in the workplace and discuss with an appropriate person
- PC15.** recognise unethical conduct and report to an appropriate person
- PC16.** operate within an agreed ethical code of practice

Qualification Pack

PC17. maintain confidentiality as per the organisational guidelines

Work effectively with all stakeholders

To be competent, the user/individual on the job must be able to:

PC18. identify and obtain clarity regarding organisational, team and own goals

PC19. prioritise tasks at work as per organisational, team and own goals

PC20. plan to meet team performance targets and standards

PC21. monitor own and team performance as per agreed plan

PC22. share all relevant information with stakeholders in agreed formats and as per agreed timelines

PC23. work collaboratively with colleagues through sharing information and ideas and working together on agreed outcomes

PC24. recognise, avoid and/or address any conflict of interest

PC25. recognize and respond to inappropriate behaviour towards self or others in a professional manner and as per organisational policy (Inappropriate behaviour: violence, inappropriate language, verbal or physical abuse or bullying, insensitive verbal or physical behaviour in terms of cultural, racial, disability and gender-based insensitivities, dominant or overbearing behaviour, disruptive behaviour, non-compliance with safety instructions, unethical behaviour)

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. organisations HR systems, policies and procedures

KU2. organizational hierarchy and escalation matrix

KU3. organisational health safety and environment

KU4. work area inspection procedures and practices

KU5. importance of displaying professional appearance behaviour at all times

KU6. importance of developing personal and professional goals and objectives

KU7. importance of identifying strengths and weaknesses in relation to goals and objectives

KU8. how to identify strengths and weaknesses and evaluate own capacity to meet goals and objectives

KU9. how to determine personal development needs

KU10. importance of continuous learning and developing professional development plan

KU11. development opportunities to support continuous learning and maintain currency of professional practice

KU12. developments and trends impacting on professional practice

KU13. importance of taking and using feedback from colleagues and clients to identify and introduce, improvements in work performance

KU14. perform tasks to the required workplace standard

KU15. importance of discipline and ethics in a professional workplace

KU16. importance of recognising unethical conduct and reporting to appropriate authority

KU17. guidelines and legal requirements on disclosure and confidentiality

Qualification Pack

- KU18.** importance of collaboratively with colleagues through sharing information and ideas and working together on agreed outcomes
- KU19.** how to recognise, avoid and/or address any conflict of interest
- KU20.** types of inappropriate behaviours at the workplace and how to recognize them
Inappropriate behaviour: violence, inappropriate language, verbal or physical abuse or bullying, insensitive verbal or physical behaviour in terms of cultural, racial, disability and gender-based insensitivities, dominant or overbearing behaviour, disruptive behaviour, non-compliance with safety instructions, unethical behaviour
- KU21.** how to respond to inappropriate behaviour towards self and others in a professional manner

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** prepare a personal development plan
- GS2.** read organisational guidelines and legal requirements
- GS3.** search and study from various information sources in order to learn about latest updates for self-development
- GS4.** read and interpret feedback received from peers
- GS5.** receive feedback from clients or concerned stake holders
- GS6.** communicate development plan with superiors
- GS7.** plan to meet own and team performance targets and standards
- GS8.** describe own role in achieving the goal
- GS9.** describe others role in achieving the goal
- GS10.** list activities, milestones and timelines
- GS11.** identify the support and resources needed to help work towards the goal.
- GS12.** plan and organise a personal development plan for self
- GS13.** provide quality services to all clients
- GS14.** display professional appearance and behaviours to all internal and external clients
- GS15.** use of conflict resolution and negotiation skills to identify critical points, issues, concerns and problems, identify options for changing behaviours
- GS16.** recognise, avoid and/or address any conflict of interest
- GS17.** identify own strengths and weaknesses with respect achieving performance standards on the job
- GS18.** identify inappropriate behaviour and how to deal with it

MEP/N9903: Apply health and safety practices at the workplace

Description

This unit deals in detail with application of health and safety practices in the workplace

Scope

The scope covers the following :

- Apply relevant health and safety practices at the workplace
- Maintain a healthy and hygienic environment
- Deal with emergency situations
- Follow fire safety requirements

Elements and Performance Criteria

Apply relevant health and safety practices at the workplace

To be competent, the user/individual on the job must be able to:

- PC1.** identify, control and report health and safety issues relating to immediate work environment according to procedures
- PC2.** follow procedures and instructions for dealing with hazards, within the scope of responsibilities and competencies
- PC3.** document and report all hazards, accidents and near-miss incidents as per set process
- PC4.** document safety records according to organisational policies

Maintain a healthy and hygienic environment

To be competent, the user/individual on the job must be able to:

- PC5.** maintain the work area in a clean and tidy condition
- PC6.** ensure that the work area is sanitised as and when required
- PC7.** maintain personal hygiene
- PC8.** use appropriate personal protective equipment (PPE) where required
- PC9.** wash hands using soap and water or alcohol based sanitiser
- PC10.** report hygiene related concerns promptly to the relevant authority

Emergencies, rescue and first-aid procedures

To be competent, the user/individual on the job must be able to:

- PC11.** administer appropriate first aid to victims wherever required e.g. in case of bleeding, burns, choking, electric shock, poisoning etc.
- PC12.** respond promptly and appropriately to an accident situation or medical emergency in real or simulated environments
- PC13.** perform rescue activity during an accident if applicable (e.g. if moving victim is advisable)

Follow fire safety requirements

To be competent, the user/individual on the job must be able to:

- PC14.** follow fire safety practices
- PC15.** identify the type of fire and its stage

Qualification Pack

PC16. use the various appropriate fire extinguishers on different types of fires correctly

PC17. follow procedures to rescue victim of fire without endangering self

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Health Safety and Environment (HSE) practices
- KU2.** relevant Occupational Health and Safety (OHS) regulations
- KU3.** enterprise /site emergency procedures and techniques
- KU4.** waste and dangerous materials disposal procedures and practices
- KU5.** procedures for recording, reporting and maintenance of workplace safety and hygiene
- KU6.** meaning of hazards and risks
- KU7.** health and safety hazards commonly present in the work environment and related precautions
- KU8.** possible causes of risk, hazard or accident in the workplace
- KU9.** where to find all the general health and safety equipment in the workplace
- KU10.** various dangers associated with the use of electrical equipment
- KU11.** preventative and remedial actions to be taken in the case of exposure to toxic materials
- KU12.** importance of using protective clothing/equipment while working
- KU13.** precautionary activities to prevent the fire accident
- KU14.** various causes of fire
- KU15.** techniques of using the different fire extinguishers
- KU16.** different methods of extinguishing fire
- KU17.** different materials used for extinguishing fire
- KU18.** rescue techniques applied during a fire hazard
- KU19.** various types of safety signs and their meaning
- KU20.** appropriate basic first aid treatment relevant to the condition eg. shock, electrical shock, bleeding, breaks to bones, minor burns, resuscitation, poisoning, eye injuries
- KU21.** safe lifting and carrying practices

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** write Health and safety compliance report
- GS2.** interpret general health and safety guidelines
- GS3.** communicate general health and safety guidelines to co workers
- GS4.** take decision about the corrective action to be taken in case of any potential hazards

Qualification Pack

DGT/VSQ/N0102: Employability Skills (60 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Career Development & Goal Setting
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** identify employability skills required for jobs in various industries
- PC2.** identify and explore learning and employability portals

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

- PC3.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. and personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC4.** follow environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC5.** recognize the significance of 21st Century Skills for employment
- PC6.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life

Basic English Skills

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC7.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC8.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC9.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC10.** understand the difference between job and career
- PC11.** prepare a career development plan with short- and long-term goals, based on aptitude

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC12.** follow verbal and non-verbal communication etiquette and active listening techniques in various settings
- PC13.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC14.** communicate and behave appropriately with all genders and PwD
- PC15.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC16.** select financial institutions, products and services as per requirement
- PC17.** carry out offline and online financial transactions, safely and securely
- PC18.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC19.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC20.** operate digital devices and carry out basic internet operations securely and safely
- PC21.** use e- mail and social media platforms and virtual collaboration tools to work effectively
- PC22.** use basic features of word processor, spreadsheets, and presentations

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC23.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC24.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC25.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC26.** identify different types of customers
- PC27.** identify and respond to customer requests and needs in a professional manner.

Qualification Pack

PC28. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC29. create a professional Curriculum vitae (Résumé)

PC30. search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively

PC31. apply to identified job openings using offline /online methods as per requirement

PC32. answer questions politely, with clarity and confidence, during recruitment and selection

PC33. identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills and different learning and employability related portals

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up

KU6. importance of career development and setting long- and short-term goals

KU7. about effective communication

KU8. POSH Act

KU9. Gender sensitivity and inclusivity

KU10. different types of financial institutes, products, and services

KU11. how to compute income and expenditure

KU12. importance of maintaining safety and security in offline and online financial transactions

KU13. different legal rights and laws

KU14. different types of digital devices and the procedure to operate them safely and securely

KU15. how to create and operate an e- mail account and use applications such as word processors, spreadsheets etc.

KU16. how to identify business opportunities

KU17. types and needs of customers

KU18. how to apply for a job and prepare for an interview

KU19. apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. read and write different types of documents/instructions/correspondence

GS2. communicate effectively using appropriate language in formal and informal settings

Qualification Pack

- GS3.** behave politely and appropriately with all
- GS4.** how to work in a virtual mode
- GS5.** perform calculations efficiently
- GS6.** solve problems effectively
- GS7.** pay attention to details
- GS8.** manage time efficiently
- GS9.** maintain hygiene and sanitization to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Qualification Pack

Minimum Aggregate Passing % at QP Level : 50

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Qualification Pack

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
