MES/Q0520: Costume Designer - Indiaskills Worldskills

Brief Job Description

Costume designer is a person who designs costumes for a film, stage, production, or television show. The role of the costume designer is to create the characters' outfits/costumes and balance the scenes with texture and colour, etc. Costume Designer must deliver initial ideas to Directors about the overall costume vision, character plots and original costume designs, using sketches and fabric samples. They also discuss colour palettes with the Director of Photography and Production Designer. The costume designer may also collaborate with hair stylist, wig master, or makeup artist

Personal Attributes

A costume designer must have a deep knowledge and appreciation of clothing and fashion across history and local. Costume designer is a fashion professional who is tasked to develop wardrobes, footwear, accessories and other fashion apparels that will be used in theatre, film, and television. Costume designers must also possess the artistic ability to draw freehand and oftentimes with computer aids. The blueprint for every costume is generally a hand drawn sketch that the designer creates and is seen as an essential skill for costume designers

MES/N0108: Analyze the script- Worldskills

Description

Analyze the script involves a detailed examination of a written text, typically a screenplay or theatrical script, to understand its narrative structure, character development, themes, dialogue, and overall effectiveness. This process aims to uncover deeper insights into the storytelling techniques, intended messages, and potential impact on audiences.

Scope

The scope covers the following :

- Analyzing a script involves examining its plot, characters, themes, dialogue, visual elements, audience reception, and the author's intent. This process helps understand the script's narrative structure, character development, underlying messages, and its potential impact on viewers or readers. Additionally, script analysis can inform decisions related to production, performance, or critical evaluation.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** analyse the script and making a careful analysis of the plot, tone, and period of the story being told
- PC2.** Break down scripts scene by scene to work out how many characters are involved and what costumes are required.
- PC3.** Check with the director or production manager on the exact number of characters needing costumes, as any non-speaking characters the director plans to include may not have been listed in the script.
- PC4.** Develop costume plots for each character
- PC5.** Costume colours and styles do not mimic each other in the same scene, unless required.
- PC6.** Costumes designed highlight the characters' emotional journeys by varying the intensity and depth of colours
- PC7.** Create the look of each character by designing clothes and accessories the actors will wear in performance
- PC8.** Individual props and wardrobes created / designed reflect the story being told and portray the character's personalities, cultures, ages, status and relationships.
- PC9.** Design costumes such way they depict characters Social position, economic status, occupation, gender, age, sense of style, tendencies towards conformity or individualism, etc.
- PC10.** Relationship of characters to each other.
- PC11.** Carry out research into the costume styles, designs and construction methods suitable for the time period depicted in the script or era of the story and the production concept
- PC12.** Using resources such as libraries, museums and the Internet to design the style.
- PC13.** Design costume such a way that they sets mood and establishes setting of the plot.

Qualification Pack

PC14. Ability and desire to research and continually learn about scenarios, cultures and periods of history which help demonstrate the director's vision

MES/N0566: Costume design and development- Worldskills

Description

Costume design and development involve creating attire that enhances the visual storytelling of a production. This process includes researching historical and thematic elements, conceptualizing designs, fabric selection, costume construction, and fittings. The aim is to create garments that reflect characters' personalities, evoke emotions, and contribute to the overall aesthetic and narrative of the performance or production.

Scope

The scope covers the following :

- Costume design and development focus on creating attire that enhances character portrayal, supports storytelling, and aligns with production requirements. It involves researching historical and cultural contexts, collaborating with directors and other creatives, sketching designs, selecting fabrics, and overseeing construction. The scope includes considering character traits, practicality, budget constraints, and ensuring costumes are suitable for performance conditions.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Interpret the script and conceptualise ways to represent the character creatively through costumes and accessories that particular character wears.
- PC2.** conduct research and continually learn about scenarios, cultures and periods of history which help demonstrate the director's vision.
- PC3.** conduct research on target materials, designs, processes and marketing materials according to the needs of the character costume design
- PC4.** break down and identify the creative and technical requirements for different creative aspects in a manner that helps in realizing the overall creative vision (eg: Use- storyboard, shooting script, critical sequences and shot breakdown)
- PC5.** ensure that individual props and wardrobes reflect the story being told and portray the character's personalities, cultures, ages, status and relationships
- PC6.** ensure costume requirements with the Director and visual development team
- PC7.** use sketches, drawings and samples to illustrate design requirements, as appropriate
- PC8.** design and develop many costumes as they may be required for each character as costumes define the attitude and feel which may change with every new scene, setting or development
- PC9.** use the shapes, colors and textures during costume design which make an immediate and powerful visual statement to the audience in accordance to the script
- PC10.** identify Quality standards for designs
- PC11.** include any accessories such as canes, hats, gloves, shoes, jewelry or masks, etc
- PC12.** add a great deal of visual interest to the overall costume design by using these costume props.
- PC13.** use accessories to be objects of beauty in their own right

Qualification Pack

- PC14.** use costume props as items that truly distinguish one character from another, distinguish between major and minor characters, primary and secondary characters
- PC15.** create a costume plot which follows characters through the progression of the production, changing their attire when appropriate

MES/N0578: Mentor and monitor the costume Team- Worldskills

Description

Mentoring and monitoring the costume team involves providing guidance, support, and feedback to team members in creating and managing costumes for productions. This includes assisting with design decisions, overseeing costume creation, ensuring adherence to budget and timelines, and providing constructive feedback for improvement. The role also involves monitoring progress, addressing challenges, and fostering a collaborative and creative environment within the team.

Scope

The scope covers the following :

- Mentoring and monitoring the costume team involves providing guidance, support, and feedback to ensure the successful execution of costume design for a production. This includes overseeing costume creation, fittings, alterations, and coordinating with other production departments. Additionally, it involves monitoring progress, addressing challenges, and ensuring adherence to timelines and budget constraints.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Select design development personnel and brief scope of work
- PC2.** Develop design as communicated with the team members
- PC3.** Construct the prototype and given to concerned department for better
- PC4.** Communicate the creative vision, project outcomes, functional roles, responsibilities, expectations, requirements, budget and timelines to functional heads prior to the production
- PC5.** Monitor periodic updates and ensure that any major changes agreed upon are recorded and communicated to the appropriate people
- PC6.** Develop a function-wise action plan to help execute the vision, as appropriate
- PC7.** Ensure that the teams are aware of their role towards realizing the creative vision of the project.
- PC8.** Articulate and encourage the need for team work and work standards that are expected to match the production's requirements
- PC9.** Oversee the construction and running of any servicing rooms needed, e.g., work rooms, dyeing rooms, Costume Workshop etc.
- PC10.** Coordinate with tailors and other costume makers who turn the costume design sketches into real garments or wardrobes.
- PC11.** Ensure that a continuity book is maintained, including notes on character plots, photographs of individual costumes and instructions on how they should be worn.
- PC12.** Oversee the work of Assistants, Dailies and Standbys, and schedule their responsibilities for each particular day.
- PC13.** Drawing up and managing the departmental budgets and schedules

Qualification Pack

- PC14.** Facilitate dress rehearsals and be on set whenever a new costume is worn for the first time, to make sure that performers are comfortable, to explain special features, and to oversee any alterations

DGT/VSQ/N0101: Employability Skills (30 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

PC1. understand the significance of employability skills in meeting the job requirements

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

PC2. identify constitutional values, civic rights, duties, personal values and ethics and environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

PC3. explain 21st Century Skills such as Self-Awareness, Behavior Skills, Positive attitude, self-motivation, problem-solving, creative thinking, time management, social and cultural awareness, emotional awareness, continuous learning mindset etc.

Basic English Skills

To be competent, the user/individual on the job must be able to:

PC4. speak with others using some basic English phrases or sentences

Communication Skills

To be competent, the user/individual on the job must be able to:

PC5. follow good manners while communicating with others

PC6. work with others in a team

Qualification Pack

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

PC7. communicate and behave appropriately with all genders and PwD

PC8. report any issues related to sexual harassment

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

PC9. use various financial products and services safely and securely

PC10. calculate income, expenses, savings etc.

PC11. approach the concerned authorities for any exploitation as per legal rights and laws

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

PC12. operate digital devices and use its features and applications securely and safely

PC13. use internet and social media platforms securely and safely

Entrepreneurship

To be competent, the user/individual on the job must be able to:

PC14. identify and assess opportunities for potential business

PC15. identify sources for arranging money and associated financial and legal challenges

Customer Service

To be competent, the user/individual on the job must be able to:

PC16. identify different types of customers

PC17. identify customer needs and address them appropriately

PC18. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC19. create a basic biodata

PC20. search for suitable jobs and apply

PC21. identify and register apprenticeship opportunities as per requirement

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use basic spoken English language

KU6. Do and dont of effective communication

KU7. inclusivity and its importance

KU8. different types of disabilities and appropriate communication and behaviour towards PwD

KU9. different types of financial products and services

Qualification Pack

- KU10.** how to compute income and expenses
- KU11.** importance of maintaining safety and security in financial transactions
- KU12.** different legal rights and laws
- KU13.** how to operate digital devices and applications safely and securely
- KU14.** ways to identify business opportunities
- KU15.** types of customers and their needs
- KU16.** how to apply for a job and prepare for an interview
- KU17.** apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** communicate effectively using appropriate language
- GS2.** behave politely and appropriately with all
- GS3.** perform basic calculations
- GS4.** solve problems effectively
- GS5.** be careful and attentive at work
- GS6.** use time effectively
- GS7.** maintain hygiene and sanitisation to avoid infection

MES/N0104: Maintain Workplace Health & Safety

Description

This OS unit is about contributing towards maintaining a healthy, safe and secure working environment

Elements and Performance Criteria

Understanding the health, safety and security risks prevalent in the workplace

To be competent, the user/individual on the job must be able to:

- PC1.** understand and comply with the organizations current health, safety and security policies and procedures
- PC2.** understand the safe working practices pertaining to own occupation
- PC3.** understand the government norms and policies relating to health and safety including emergency procedures for illness, accidents, fires or others which may involve evacuation of the premises
- PC4.** participate in organization health and safety knowledge sessions and drills

Knowing the people responsible for health and safety and the resources available

To be competent, the user/individual on the job must be able to:

- PC5.** identify the people responsible for health and safety in the workplace, including those to contact in case of an emergency
- PC6.** identify security signals e.g. fire alarms and places such as staircases, fire warden stations, first aid and medical rooms

Identifying and reporting risks

To be competent, the user/individual on the job must be able to:

- PC7.** identify aspects of your workplace that could cause potential risk to own and others health and safety

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

Assessment System Overview:

Batches assigned to the assessment agencies for conducting the assessment on SDMS/SIP or email

Assessment agencies send the assessment confirmation to VTP/TC looping SSC

Assessment agency deploys the ToA certified Assessor for executing the assessment

SSC monitors the assessment process & records

Testing Environment:

Confirm that the centre is available at the same address as mentioned on SDMS or SIP

Check the duration of the training.

Check the Assessment Start and End time to be as 10 a.m. and 5 p.m.

Qualification Pack

If the batch size is more than 30, then there should be 2 Assessors.

Check that the allotted time to the candidates to complete Theory & Practical Assessment is correct.

Check the mode of assessment—Online (TAB/Computer) or Offline (OMR/PP).

Confirm the number of TABs on the ground are correct to execute the Assessment smoothly.

Check the availability of the Lab Equipment for the particular Job Role.

Assessment Quality Assurance levels / Framework:

Question papers created by the Subject Matter Experts (SME)

Question papers created by the SME verified by the other subject Matter Experts

Questions are mapped with NOS and PC

Question papers are prepared considering that level 1 to 3 is for the unskilled & semi-skilled individuals, and level 4 and above are for the skilled, supervisor & higher management.

Assessor must be ToA certified & trainer must be ToT Certified

Assessment agency must follow the assessment guidelines to conduct the assessment.

Types of evidence or evidence-gathering protocol:

Time-stamped & geotagged reporting of the assessor from assessment location

Centre photographs with signboards and scheme specific branding

Biometric or manual attendance sheet (stamped by TP) of the trainees during the training period

Time-stamped & geotagged assessment (Theory + Viva + Practical) photographs & videos

Method of verification or validation:

Surprise visit to the assessment location

Random audit of the batch

Random audit of any candidate

Method for assessment documentation, archiving, and access

Qualification Pack

Hard copies of the documents are stored

Soft copies of the documents & photographs of the assessment are uploaded / accessed from Cloud Storage

Soft copies of the documents & photographs of the assessment are stored in the Hard Drives

Minimum Aggregate Passing % at QP Level : 70

(**Please note:** Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.
Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.

Qualification Pack

Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
National Occupational Standard	NOS define the measurable performance outcomes required from an individual engaged in a particular task. They list down what an individual performing that task should know and also do.
Qualification	A formal outcome of an assessment and validation process which is obtained when a competent body determines that an individual has achieved learning outcomes to given standards
Qualification File	A Qualification File is a template designed to capture necessary information of a Qualification from the perspective of NSQF compliance. The Qualification File will be normally submitted by the awarding body for the qualification.
Sector	A grouping of professional activities on the basis of their main economic function, product, service or technology.
Long Term Training	Long-term skilling means any vocational training program undertaken for a year and above. https://ncvet.gov.in/sites/default/files/NCVET.pdf
