Qualification Pack

MES/N1302: Sourcing financiers

Description

This OS unit is about determining the financial resources that would be required for production and pitching the project to potential financiers. It is especially relevant in cases where the director is also the producer

Elements and Performance Criteria

Preparing the budget for the production

To be competent, the user/individual on the job must be able to:

- PC1.** prepare and finalise the production budget accounting for all cost components (can include actors/artists, production and post-production resources, location cost, sets, make-up, costume and props, travel and stay, logistics, equipment, food and snacks)
- PC2.** allocating a separate budget for film enhancing/ correction based on critical evaluation (internal and external)

Preparing a list of potential sponsors

To be competent, the user/individual on the job must be able to:

- PC3.** source potential financiers whose investment philosophy/ objectives match the production

Preparing and pitching the production proposal to financiers

To be competent, the user/individual on the job must be able to:

- PC4.** prepare and pitch the production proposal to financiers, deploying persuasive skill and justifications to finalise the financier(s) and arrive at a final number for the overall production budget
- PC5.** negotiate the mode of finance with the financiers
- PC6.** prepare a docket highlighting the key choices made for production
- PC7.** finalise contracts with financiers

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** the objective and outcomes of the production such as commercial success, public service, information dissemination and/or audience engagement
- KU2.** the production genre, locations, language, culture and region
- KU3.** the target audience and how the production would appeal to them
- KU4.** the principles of film-making and the necessary skill sets for executing a project
- KU5.** the various softwares used for editing, Sound Mixing, color-correction, grading, pre-visualization, storyboarding, 2-D and 3-D Animation; and knowledge of the possibilities that these softwares and technologies provide in value-addition to any production a general knowledge of these aspects is required, and not proficiency. (Software currently being used on the industry include FCP, AVID, Adobe Premier Pro, Apple Color, Soundtrack Pro, Nuendo, ProTools, Adobe After Effects, SMOKE, Adobe Flash and FrameForge 3D)

Qualification Pack

- KU6.** how to calculate the accurate amount of resources that would be required for production and the time that it will take to produce
- KU7.** general understanding of the various softwares used for scheduling and budgeting productions (e.g. EP Scheduling and EP Budgeting)
- KU8.** how to put together a proposal in accordance to industry best practices
- KU9.** how to be a good story-teller and ensure that all stakeholders understand the story and narrative
- KU10.** how to identify the financiers for various kinds of projects and understand their investment philosophy
- KU11.** how to identify and project the key aspects that would attract financiers
- KU12.** how to build a rationale/case for each individual financier, based on their investment philosophy
- KU13.** how to defend and negotiate for finances, with reasonable justifications and persuasive skill
- KU14.** the relevant copyright norms and intellectual property rights

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** document the project budget including a break-up of the key components
- GS2.** prepare a pitch presentation, to be used for discussion with key decision makers
- GS3.** prepare a detailed proposal, that would include a detailed description of key production aspects
- GS4.** guide the documentation and maintenance of contracts signed with financiers
- GS5.** research various aspects of production to develop a pitch presentation for the producer and/or any other key decision makers
- GS6.** research/delve into specific areas of the production to help detail out the proposal
- GS7.** benchmark the budget with other productions of a similar scale/type executed in the past/available in the public domain
- GS8.** read and interpret contractual terms
- GS9.** network with key industry professionals to help identify financiers for the production
- GS10.** pitch potential ideas to the financiers with appropriate reasoning and negotiate financial terms effectively
- GS11.** finalize the production budget and its components
- GS12.** plan the allocation of funds across the cost components of the budget e.g. location, resources, equipment and sets
- GS13.** foresee and account for contingencies in the production budget
- GS14.** evaluate the scale of the production in relation to the budget

MES/N1304: Communicate requirements to the team

Description

This OS unit is about communicating a cohesive creative vision across teams and developing a function-wise action plan to help execute it

Elements and Performance Criteria

Communicating the key aspects of production to the teams

To be competent, the user/individual on the job must be able to:

- PC1.** communicate the creative vision, project outcomes, functional roles, responsibilities, expectations, requirements, budget and timelines to functional heads prior to the production
- PC2.** receive periodic updates and ensure that any major changes agreed upon are recorded and communicated to the appropriate people
- PC3.** develop a function-wise action plan to help execute the vision, as appropriate
- PC4.** ensure that the teams are aware of their role towards realizing the creative vision of the project
- PC5.** articulate and encourage the need for team work and work standards that are expected to match the productions requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** the creative vision of the project
- KU2.** the production budget and timelines
- KU3.** the roles and responsibilities of the production team
- KU4.** the language of film-making and cinematography
- KU5.** stage and repertory acting
- KU6.** the various pre-production, production and post-production processes involved in creating animation
- KU7.** how to set and communicate action areas for each team
- KU8.** how to set realistic requirements that would be achievable within the given budget and timelines
- KU9.** how to convey expectations and requirements in a manner that is easy to understand and adapted to each individual person
- KU10.** applicable health and safety guidelines

Generic Skills (GS)

User/individual on the job needs to know how to:

Qualification Pack

- GS1.** document action plans including functional roles, responsibilities, expectations, requirements, budget and timelines for circulation to functional heads
- GS2.** document issues, feedback and suggestions after discussions with production team
- GS3.** conduct technical readings of the script with the production team
- GS4.** communicate the creative vision and production aspects to the entire production team
- GS5.** discuss and agree on the roles, responsibilities, expectations, requirements, budget and timelines with the functional heads of various departments
- GS6.** solicit feedback and suggestions from the teams
- GS7.** finalise action plans for all teams
- GS8.** prepare a work schedule/ sequence of activities to help the entire production unit plan their work on a daily basis, if appropriate

MES/N1305: Direct the production process

Description

This OS unit is about realising the creative vision of the project by guiding efforts of actors/ artists and production teams towards creating a cohesive product

Elements and Performance Criteria

Guiding performance of actors/artists

To be competent, the user/individual on the job must be able to:

- PC1.** guide the actors/artists on their performance (dialogues, movements, and expressions) during rehearsals and during takes
- PC2.** guide other departments such as camera, sound, light, set crafts and costumes to ensure they all contribute towards the common creative vision

Managing technical and creative areas

To be competent, the user/individual on the job must be able to:

- PC3.** sign-off on all the creative aspects of production (eg: camera, sound, lighting, production design, costumes, set design etc)
- PC4.** ensure that decisions about new developments on creative aspects, are communicated to relevant personnel either by yourself or others as instructed

Directing rehearsals and actual takes

To be competent, the user/individual on the job must be able to:

- PC5.** direct rehearsals, evaluate the performance, highlight areas of improvement and ensure the performance meets requirements
- PC6.** direct actual takes that meet creative and technical requirements
- PC7.** collaborate creatively with the actors and technical crew to make the shot natural, changing it when necessary and allowing inspiration
- PC8.** ensure continuity during production

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** the creative vision of the production
- KU2.** the production budget and timelines
- KU3.** roles and responsibilities of members of the production team
- KU4.** the principles of film-making and cinematography
- KU5.** history of cinema, narrative film making vs. avant garde filmmaking, evolution of film making over time, including: a. movements in cinema (eg. neo-realism, expressionism) b. documentary films and their history c. theoretical approaches to the documentary film
- KU6.** theories of filmmaking and its various components.
- KU7.** approaches to directing for the screen: a. mise-en-scene b. montage theory c. auteur theory
- KU8.** understanding of linear as well as non-linear narrative in film.

Qualification Pack

- KU9.** the technical aspects of production
- KU10.** the principles of continuity
- KU11.** the principles of visual communication, composition and continuity in filmmaking with respect to the technological as well as technical ways of putting them into practice
- KU12.** previsualization of the film as it will be played to an audience
- KU13.** understanding of screen grammar, shot- breakdown, shot design, scene design and film structure
- KU14.** how to guide and motivate the production team to realise overall production objectives cohesively as a team
- KU15.** how to evaluate the performance each member of the production team
- KU16.** how to make decisions and lead a team
- KU17.** relevant copyright norms and intellectual property rights
- KU18.** applicable health and safety guidelines

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** track the action plans and schedules during the production process
- GS2.** read the script, dialogues and narratives
- GS3.** work collaboratively with members of the production team to achieve the common production vision
- GS4.** develop a good working relationship with the entire production team
- GS5.** discuss scene-wise expectations i.e. dialogues, movements, expressions and timing with the actors/artists
- GS6.** manage work according to the requirements and agreed timelines
- GS7.** manage within the agreed budget and minimize overruns
- GS8.** foresee/address key issues in the production process and provide guidance on ways to resolve them
- GS9.** conflict management and negotiation skills
- GS10.** analyze the quality of shoots to ensure it will meet the requirements of post-production
- GS11.** appraise the quality of the production to ensure it is in line with the expected quality standards and suggest areas of improvement and re-takes, if required

MES/N2844: Manage the production's marketing and release

Description

This OS unit is about managing the productions marketing, public relations and initiatives and managing media relations during its release/ airing

Scope

The scope covers the following :

- preparation of a press -kit (including aspects such as the making, bloopers, key moments and challenges) to use during the film's promotion

Elements and Performance Criteria

Preparing for marketing and promotion of the production

To be competent, the user/individual on the job must be able to:

- PC1.** guide the preparation of a press-kit (including aspects such as the making, bloopers, key moments and challenges) to use during the films promotion

Participating in promotional initiatives and crowding activities

To be competent, the user/individual on the job must be able to:

- PC2.** prepare a communication strategy for promotion on each medium and guide artists and other key members to project the key messages effectively
- PC3.** Research and identify appropriate promotional activities, in conjunction with producers and the marketing team

Directing rehearsals and actual takes

To be competent, the user/individual on the job must be able to:

- PC4.** Participate actively in the marketing and public relations campaign to project the production's unique elements i.e. Story, performances and statistics

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** attributes and unique elements of the production including the storyline, budget, time taken, key moments and statistics of the production
- KU2.** tastes and preferences of the productions target audience
- KU3.** the storyline, unique elements, artists, attributes and budget of other productions with a similar storyline and of those released/ running during the same time period
- KU4.** marketing and communication channels used during promotion
- KU5.** components of a press-kit
- KU6.** attributes of other productions within the same genre
- KU7.** how to study the statistics such as collections, advertising revenues, downloads and dvd sales related to a production

Qualification Pack

KU8. applicable health and safety guidelines

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** prepare material for press-interviews and written interviews
- GS2.** adapt stance on the basis of the reviews, feedback and inputs from agencies, and consultants
- GS3.** study all production related statistics, feedback and reviews
- GS4.** understand competition activities to incorporate findings into key messages, develop unique positioning for own production or prepare responses to media questions
- GS5.** effectively communicate aspects such as the productions unique selling points, funny moments and bloopers to drive audiences to watch the production
- GS6.** appear for public events, award shows and performances
- GS7.** plan calendar to accommodate time for public appearances, events and interviews for the films promotion
- GS8.** plan communication strategy, messages and responses for each medium
- GS9.** critically appraise own production and prepare responses for statements that may need to be made in response to difficult questions

MES/N0104: Maintain Workplace Health & Safety

Description

This OS unit is about contributing towards maintaining a healthy, safe and secure working environment

Elements and Performance Criteria

Understanding the health, safety and security risks prevalent in the workplace

To be competent, the user/individual on the job must be able to:

- PC1.** understand and comply with the organizations current health, safety and security policies and procedures
- PC2.** understand the safe working practices pertaining to own occupation
- PC3.** understand the government norms and policies relating to health and safety including emergency procedures for illness, accidents, fires or others which may involve evacuation of the premises
- PC4.** participate in organization health and safety knowledge sessions and drills

Knowing the people responsible for health and safety and the resources available

To be competent, the user/individual on the job must be able to:

- PC5.** identify the people responsible for health and safety in the workplace, including those to contact in case of an emergency
- PC6.** identify security signals e.g. fire alarms and places such as staircases, fire warden stations, first aid and medical rooms

Identifying and reporting risks

To be competent, the user/individual on the job must be able to:

- PC7.** identify aspects of your workplace that could cause potential risk to own and others health and safety
- PC8.** ensure own personal health and safety, and that of others in the workplace through precautionary measures
- PC9.** identify and recommend opportunities for improving health, safety, and security to the designated person
- PC10.** report any hazards outside the individuals authority to the relevant person in line with organizational procedures and warn other people who may be affected

Complying with procedures in the event of an emergency

To be competent, the user/individual on the job must be able to:

- PC11.** follow organizations emergency procedures for accidents, fires or any other natural calamity in case of a hazard
- PC12.** identify and correct risks like illness, accidents, fires or any other natural calamity safely and within the limits of individuals authority

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

Qualification Pack

- KU1.** Organizations norms and policies relating to health and safety
- KU2.** Government norms and policies regarding health and safety and related emergency procedures
- KU3.** Limits of authority while dealing with risks/ hazards
- KU4.** The importance of maintaining high standards of health and safety at a workplace
- KU5.** The different types of health and safety hazards in a workplace
- KU6.** Safe working practices for own job role
- KU7.** Evacuation procedures and other arrangements for handling risks
- KU8.** Names and contact numbers of people responsible for health and safety in a workplace
- KU9.** How to summon medical assistance and the emergency services, where necessary
- KU10.** Vendors or manufacturers instructions for maintaining health and safety while using equipment, systems and/or machines

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** how to write and provide feedback regarding health and safety to the concerned people
- GS2.** how to write and highlight potential risks or report a hazard to the concerned people
- GS3.** read instructions, policies, procedures and norms relating to health and safety
- GS4.** highlight potential risks and report hazards to the designated people
- GS5.** listen and communicate information with all anyone concerned or affected
- GS6.** make decisions on a suitable course of action or plan
- GS7.** plan and organize people and resources to deal with risks/ hazards that lie within the scope of ones individual authority
- GS8.** apply problem solving approaches in different situations
- GS9.** understand hazards that fall within the scope of individual authority and report all hazards that may supersede ones authority
- GS10.** apply balanced judgments in different situations
- GS11.** How to write and provide feedback regarding health and safety to the concerned people
- GS12.** How to write and highlight potential risks or report a hazard to the concerned people
- GS13.** Read instructions, policies, procedures and norms relating to health and safety
- GS14.** Highlight potential risks and report hazards to the designated people
- GS15.** Listen and communicate information with all anyone concerned or affected

MES/N1301: Evaluate production concepts and ideas

Description

This OS unit is about evaluating production concepts and ideas and selecting an appropriate idea that the individual can deliver creatively

Elements and Performance Criteria

Sourcing ideas for production

To be competent, the user/individual on the job must be able to:

- PC1.** source innovative and creative ideas for production, which could include animation, advertisements (commercials and public service campaigns), documentaries, feature films, short films, television series

Evaluating and selecting ideas

To be competent, the user/individual on the job must be able to:

- PC2.** select ideas that are aligned to ones creative vision, and that can be executed with currently possible production techniques

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** constraints such as budget, time, logistics and skills-sets
- KU2.** the capabilities of the resources that could potentially be employed on the project
- KU3.** the objective and expected outcomes of production such as commercial success, public service, information dissemination and/ or audience engagement
- KU4.** the principles of film-making. this is a broad field and could cover aspects such as: trends in contemporary film making, different types of films being produced and appreciated around the world. major issues with regard to storytelling (genre and style) as well as cultural and socio-political issues history of films and film making current trends in international cinema history of complementary fields including fine art, literature and theatre theatre and repertory acting in order to create unique characters who interact to tell the story knowledge and appreciation of contemporary art and contemporary history of alternative arts, folk traditions, non-classical and subaltern traditions in visual art, story-telling traditions and music
- KU5.** the technical aspects of production across all processes from pre-production to post-production
- KU6.** the principles of script-writing and how to write a script from an idea
- KU7.** how to visualise a story from the script
- KU8.** the sources of procuring ideas for production
- KU9.** how to estimate the cost, number of resources required and skill-sets that would be required to produce the idea
- KU10.** possible avenues for showcasing the production including knowledge of prevailing content distribution norms and the film festival route

Qualification Pack

- KU11.** relevant copyright norms and intellectual property rights
- KU12.** relevant production software and hardware relating to cameras, film and vfx
- KU13.** applicable health and safety guidelines

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** document the pros and cons for each production idea
- GS2.** read and understand the script
- GS3.** keep updated on the industry trends and developments and the types of productions (genre, language and budget) that are successful in the market
- GS4.** research the profile and preferences of the target audience, the genre, culture and region of the production
- GS5.** network with script-writers, industry experts, creative personnel, producers to source ideas
- GS6.** work across departments within film production
- GS7.** pitch potential ideas to the key decision makers and solicit feedback
- GS8.** evaluate scripts and select the most feasible option for production
- GS9.** identify the target audience for the idea and select an idea that would most appeal the targeted audience

MES/N1303: Conceptualise the creative vision

Description

This OS unit is about conceptualising the creative vision for the production

Elements and Performance Criteria

Conceptualising the creative aspects to set a common vision

To be competent, the user/individual on the job must be able to:

- PC1.** interpret the script and conceptualise ways to represent it creatively through visuals and sound

Managing creative areas

To be competent, the user/individual on the job must be able to:

- PC2.** collaborate with the producers, supporting staff (production designers, artistic directors and music directors), technical crew (lighting, sound, set and costume designers) to ensure a common vision is communicated for the film

Modifying and finalising the script

To be competent, the user/individual on the job must be able to:

- PC3.** break down and identify the creative and technical requirements for different creative aspects in a manner that helps in realizing the overall creative vision (eg: break down the script into the following units storyboard, shooting script, critical sequences and shot breakdown)

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** the target audience and their tastes and preferences
- KU2.** the production budget and timelines
- KU3.** the principles of film-making and cinematography
- KU4.** the creative production processes including script-writing, cinematography, production design, sound design, post-production
- KU5.** how to translate the script into creative aspects that would need to be built into the production such as special effects, style and set design
- KU6.** how to assess the creative aspects of production in light of their costs, technical requirements and relevance to the content
- KU7.** how to determine the technical requirements - based on the production vision and creative style
- KU8.** the various methodologies of directing for the screen, traditional as well as newer approaches (e.g. French School, Soviet School, Indian theatrical traditions)
- KU9.** understanding film making technologies and workflows with regard to cinematography (both celluloid and digital), audiography (location synch recording, dubbing, track laying, sound mixing, music recording and arrangement) and editing (synchronising, splicing and structuring)
- KU10.** relevant copyright norms and intellectual property rights

Qualification Pack

KU11. applicable health and safety guidelines

KU12. how to defend and negotiate for finances, with reasonable justifications and persuasive skill

KU13. the relevant copyright norms and intellectual property rights

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. document the creative vision, for circulation to the production team

GS2. document key aspects from the research undertaken, for circulation to the production team

GS3. document aspects such as the narrative, characters profiles and turning points to help script-writers refine the script

GS4. read and understand the script

GS5. research the profile and preferences of the target audience

GS6. research attributes of end-products from the genre, language, culture, region of the production to determine creative and technical attributes that may need to be reflected in the final output

GS7. research creative and innovative ways to represent the script

GS8. discuss and solicit ideas to refine and finalise the creative vision with the producer and key members of the production team

GS9. collaborate with the scriptwriters to refine the script, if required

GS10. finalise the creative vision of the production

GS11. foresee technical issues that may arise during production/post-production of the idea and explore options to modify script/ resolve issues proactively

GS12. conflict management and negotiaton skills

DGT/VSQ/N0102: Employability Skills (60 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Career Development & Goal Setting
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** identify employability skills required for jobs in various industries
- PC2.** identify and explore learning and employability portals

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

- PC3.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. and personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC4.** follow environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC5.** recognize the significance of 21st Century Skills for employment
- PC6.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life

Basic English Skills

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC7.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC8.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC9.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC10.** understand the difference between job and career
- PC11.** prepare a career development plan with short- and long-term goals, based on aptitude

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC12.** follow verbal and non-verbal communication etiquette and active listening techniques in various settings
- PC13.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC14.** communicate and behave appropriately with all genders and PwD
- PC15.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC16.** select financial institutions, products and services as per requirement
- PC17.** carry out offline and online financial transactions, safely and securely
- PC18.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC19.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC20.** operate digital devices and carry out basic internet operations securely and safely
- PC21.** use e-mail and social media platforms and virtual collaboration tools to work effectively
- PC22.** use basic features of word processor, spreadsheets, and presentations

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC23.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC24.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC25.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC26.** identify different types of customers
- PC27.** identify and respond to customer requests and needs in a professional manner.

Qualification Pack

PC28. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC29. create a professional Curriculum vitae (Résumé)

PC30. search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively

PC31. apply to identified job openings using offline /online methods as per requirement

PC32. answer questions politely, with clarity and confidence, during recruitment and selection

PC33. identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills and different learning and employability related portals

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up

KU6. importance of career development and setting long- and short-term goals

KU7. about effective communication

KU8. POSH Act

KU9. Gender sensitivity and inclusivity

KU10. different types of financial institutes, products, and services

KU11. how to compute income and expenditure

KU12. importance of maintaining safety and security in offline and online financial transactions

KU13. different legal rights and laws

KU14. different types of digital devices and the procedure to operate them safely and securely

KU15. how to create and operate an e- mail account and use applications such as word processors, spreadsheets etc.

KU16. how to identify business opportunities

KU17. types and needs of customers

KU18. how to apply for a job and prepare for an interview

KU19. apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. read and write different types of documents/instructions/correspondence

GS2. communicate effectively using appropriate language in formal and informal settings

Qualification Pack

- GS3.** behave politely and appropriately with all
- GS4.** how to work in a virtual mode
- GS5.** perform calculations efficiently
- GS6.** solve problems effectively
- GS7.** pay attention to details
- GS8.** manage time efficiently
- GS9.** maintain hygiene and sanitization to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Qualification Pack

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Qualification Pack

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
BUDGET	Budget is an estimate of the total cost of production that may include a break-up of cost components
COLOUR GRADING	Colour grading is the process of modifying/enhancing the colour of productions
COMPOSITING	Compositing is the process of combining layers of images/elements into a single frame
COMPUTER-GENERATED EFFECT	Computer-generated effects is the process of creating illusionary images for use in productions
CONTINUITY	Continuity represents the seamless transition from one shot to another
COPYRIGHT LAWS	A legal framework linked to intellectual property and the rights given to creators of original products/ concepts

Qualification Pack

CREATIVE BRIEF	Creative brief is a document that captures the key questions that serve as a guide for the production including the vision, objective of the project, target audience, timelines, budgets, milestones, stakeholders etc.
DIGITAL INTERMEDIATE	Digital Intermediate is the process of altering the colour characteristics of a digital version of the production
EDITING	Editing is the process of cutting, organising and putting together audio, visual footage to prepare an accurate, condensed and consistent final output
FINENCER	An entity (individual or organization) that provides financing for a project
FUNCTION	Function is an activity necessary for achieving the key purpose of the sector, occupation, or area of work, which can be carried out by a person or a group of persons. Functions are identified through functional analysis and form the basis of OS.
INGEST	Ingest is the process of importing the relevant audio visual files and/or images to the computer's hard disk and uploading them to the editing software
JOB ROLE	Job role defines a unique set of functions that together form a unique employment opportunity in an organization.
MODELING	Modeling is the process of creating three-dimensional models for animation using a specialised software application.
NATIONAL OCCUPATIONAL STANDARDS (NOS)	NOS are Occupational Standards which apply uniquely in the Indian context.
OCCUPATION	Occupation is a set of job roles, which perform similar/related set of functions in an industry
OCCUPATIONAL STANDARDS (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the knowledge and understanding they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
PERFORMANCE CRITERIA	Performance Criteria are statements that together specify the standard of performance required when carrying out a task
QUALIFICATION PACK CODE	Qualifications Pack Code is a unique reference code that identifies a qualifications pack.

Qualification Pack

QUALIFICATION PACK (QP)	Qualifications Pack comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A Qualifications Pack is assigned a unique qualification pack code.
RENDERING	Rendering is the process of converting three-dimensional models into two-dimensional images with 3D effects
ROTOSCOPY	Rotoscopy is the process of breaking down content into individual frames, tracing out individual images and altering content according to requirements
SCREEN CONVERSION	Screen conversion is the process of conversion from 2D to 3D
SCRIPT	Script is a structured narrative of a story
SECTOR	Sector is a conglomeration of different business operations having similar businesses and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
SOUND EDITING	Sound editing
SUB-FUNCTION	Sub-functions are sub-activities essential to fulfill the achieving the objectives of the function.
SUB-SECTOR	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
TARGET AUDIENCE	Group of people at whom content/ advertising is aimed. A target audience is typically defined by age, gender, economic classification, geography and any other relevant parameters
TIMELINES	Timelines is a listing of dates by which the production milestones/stages need to be completed
VERTICAL	Vertical may exist within a sub-sector representing different domain areas or the client industries served by the industry.
VISUAL EFFECTS	Visual effects is the process of integrating live-action footage with computer-generated effects
