Qualification Pack

MES/N1304: Communicate requirements to the team

Description

This OS unit is about communicating a cohesive creative vision across teams and developing a function-wise action plan to help execute it

Elements and Performance Criteria

Communicating the key aspects of production to the teams

To be competent, the user/individual on the job must be able to:

- PC1.** communicate the creative vision, project outcomes, functional roles, responsibilities, expectations, requirements, budget and timelines to functional heads prior to the production
- PC2.** receive periodic updates and ensure that any major changes agreed upon are recorded and communicated to the appropriate people
- PC3.** develop a function-wise action plan to help execute the vision, as appropriate
- PC4.** ensure that the teams are aware of their role towards realizing the creative vision of the project
- PC5.** articulate and encourage the need for team work and work standards that are expected to match the productions requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** the creative vision of the project
- KU2.** the production budget and timelines
- KU3.** the roles and responsibilities of the production team
- KU4.** the language of film-making and cinematography
- KU5.** stage and repertory acting
- KU6.** the various pre-production, production and post-production processes involved in creating animation
- KU7.** how to set and communicate action areas for each team
- KU8.** how to set realistic requirements that would be achievable within the given budget and timelines
- KU9.** how to convey expectations and requirements in a manner that is easy to understand and adapted to each individual person
- KU10.** applicable health and safety guidelines

Generic Skills (GS)

User/individual on the job needs to know how to:

Qualification Pack

- GS1.** document action plans including functional roles, responsibilities, expectations, requirements, budget and timelines for circulation to functional heads
- GS2.** document issues, feedback and suggestions after discussions with production team
- GS3.** conduct technical readings of the script with the production team
- GS4.** communicate the creative vision and production aspects to the entire production team
- GS5.** discuss and agree on the roles, responsibilities, expectations, requirements, budget and timelines with the functional heads of various departments
- GS6.** solicit feedback and suggestions from the teams
- GS7.** finalise action plans for all teams
- GS8.** prepare a work schedule/ sequence of activities to help the entire production unit plan their work on a daily basis, if appropriate

MES/N1306: Direct the animation process

Description

This OS unit is about realising the creative vision of the project by guiding efforts of the animation teams towards creating a cohesive end product

Elements and Performance Criteria

Understanding the story, script

To be competent, the user/individual on the job must be able to:

- PC1.** work with storyboard and previsualisation artist to establish the mood, feel and style of cinematography
- PC2.** plan the descriptions and timing of actions for every scene. provide inputs on action timing, expressions, dialogue as per the storyboard and directors vision
- PC3.** identify where camera technique, lighting and design relate to the theme of the production

Approving the design/assets

To be competent, the user/individual on the job must be able to:

- PC4.** provide specifics and approve all design/ animation/ assets during the making of the film (characters, backgrounds, models, layouts, animated shots & sequences)
- PC5.** provide design and creative inputs to help guide the production process

Guiding and managing the animation process

To be competent, the user/individual on the job must be able to:

- PC6.** work with the animators to ensure the animation meets the brief
- PC7.** ensure through your direction, that appropriate use is being made of camera and lighting techniques during pre-production and production
- PC8.** liaise with the producer at key points during production

Testing & approving the character rig

To be competent, the user/individual on the job must be able to:

- PC9.** test and approve the character rig

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** the creative vision of the production
- KU2.** the production budget and timelines
- KU3.** roles and responsibilities of members of the pre-production, production and post-production teams
- KU4.** the fundamentals and principles of animation and film-making
- KU5.** how to enact and emote; and thereby animate characters in accordance to the demands of the script and animatic
- KU6.** principles of movement and timing

Qualification Pack

- KU7.** the principles of continuity
- KU8.** the technical aspects of production
- KU9.** design standards and specifications that needs to be complied with to produce the final output
- KU10.** how to guide and motivate the team to realise overall objectives cohesively as a team
- KU11.** how to make decisions and lead a team
- KU12.** relevant copyright norms and intellectual property rights
- KU13.** applicable health and safety guidelines

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** document specific technical guidelines to assist the animation production process e.g. range of movements of mouth, eyes, max min limits and approve expressions on characters
- GS2.** read the script, storyboard and dialogues
- GS3.** understand the creative vision and requirements from the director
- GS4.** communicate requirements to the animation team
- GS5.** manage work according to the requirements and agreed timelines
- GS6.** manage within the agreed budget and minimize overruns
- GS7.** how to resolve any technical problems during the animation process

MES/N1307: Direct the post-production process

Description

This OS unit is about directing and guiding the finalisation of the end-product during post-production

Elements and Performance Criteria

Managing and guiding the post production process

To be competent, the user/individual on the job must be able to:

- PC1.** guide/direct the entire post-production process to ensure that the final output is in line with the creative vision (can include editing, special effects, colour grading, dubbing, rendering, rotoscoping, compositing, wire removal, chroma, sound design, sound editing, music and sound mixing)

Preparing the final version including correction of the screenplay (if required)

To be competent, the user/individual on the job must be able to:

- PC2.** identify any gaps/deficiencies through critical feedback
- PC3.** guide/direct the relevant post-production processes to ensure the final version incorporates all changes
- PC4.** prepare a directors cut of the film (optional)

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** the creative vision of the production
- KU2.** the target audience and their tastes and preferences
- KU3.** the production budget and timelines
- KU4.** roles and responsibilities of members of the post-production team
- KU5.** the technical aspects of post-production
- KU6.** the principles of continuity
- KU7.** the post-production process, techniques and activities
- KU8.** technologies of post production and the various workflows involved in editing, sound post production, color correction, animation, VFX and printing
- KU9.** the impact of each activity on the entire process workflow
- KU10.** how to make decisions and lead a team
- KU11.** how to guide and motivate the post-production team to work cohesively to realise overall production objectives
- KU12.** how to promote and project the film to the right audiences
- KU13.** how to protect the confidentiality of the entire production process
- KU14.** relevant copyright norms and intellectual property rights
- KU15.** applicable health and safety guidelines

Qualification Pack

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** document notes/links/suggestions to assist the post-production team
- GS2.** track the action plans and schedules during the post-production process
- GS3.** research and gather references from already executed projects/available in the public domain
- GS4.** communicate preferred takes and sequence of activities to the editors to help guide the editing process
- GS5.** manage work according to the requirements and agreed timelines
- GS6.** manage within the agreed budget and minimize overruns
- GS7.** how to resolve any technical problems during post-production
- GS8.** appraise the quality of the final product to ensure it is in line with the expected quality standards and suggest areas of improvement

DGT/VSQ/N0102: Employability Skills (60 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Career Development & Goal Setting
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** identify employability skills required for jobs in various industries
- PC2.** identify and explore learning and employability portals

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

- PC3.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. and personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC4.** follow environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC5.** recognize the significance of 21st Century Skills for employment
- PC6.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life

Basic English Skills

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC7.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC8.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC9.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC10.** understand the difference between job and career
- PC11.** prepare a career development plan with short- and long-term goals, based on aptitude

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC12.** follow verbal and non-verbal communication etiquette and active listening techniques in various settings
- PC13.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC14.** communicate and behave appropriately with all genders and PwD
- PC15.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC16.** select financial institutions, products and services as per requirement
- PC17.** carry out offline and online financial transactions, safely and securely
- PC18.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC19.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC20.** operate digital devices and carry out basic internet operations securely and safely
- PC21.** use e- mail and social media platforms and virtual collaboration tools to work effectively
- PC22.** use basic features of word processor, spreadsheets, and presentations

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC23.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC24.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC25.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC26.** identify different types of customers
- PC27.** identify and respond to customer requests and needs in a professional manner.

Qualification Pack

PC28. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC29. create a professional Curriculum vitae (Résumé)

PC30. search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively

PC31. apply to identified job openings using offline /online methods as per requirement

PC32. answer questions politely, with clarity and confidence, during recruitment and selection

PC33. identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills and different learning and employability related portals

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up

KU6. importance of career development and setting long- and short-term goals

KU7. about effective communication

KU8. POSH Act

KU9. Gender sensitivity and inclusivity

KU10. different types of financial institutes, products, and services

KU11. how to compute income and expenditure

KU12. importance of maintaining safety and security in offline and online financial transactions

KU13. different legal rights and laws

KU14. different types of digital devices and the procedure to operate them safely and securely

KU15. how to create and operate an e- mail account and use applications such as word processors, spreadsheets etc.

KU16. how to identify business opportunities

KU17. types and needs of customers

KU18. how to apply for a job and prepare for an interview

KU19. apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. read and write different types of documents/instructions/correspondence

GS2. communicate effectively using appropriate language in formal and informal settings

Qualification Pack

- GS3.** behave politely and appropriately with all
- GS4.** how to work in a virtual mode
- GS5.** perform calculations efficiently
- GS6.** solve problems effectively
- GS7.** pay attention to details
- GS8.** manage time efficiently
- GS9.** maintain hygiene and sanitization to avoid infection

Qualification Pack

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Qualification Pack

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Assessment Weightage

Compulsory NOS

Qualification Pack

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.
Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.

Qualification Pack

Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
BUDGET	Budget is an estimate of the total cost of production that may include a break-up of cost components
COLOUR GRADING	Colour grading is the process of modifying/enhancing the colour of productions
COMPOSITING	Compositing is the process of combining layers of images/elements into a single frame
COMPUTER GENERATED EFFECTS	Computer-generated effects is the process of creating illusionary images for use in productions
CONTINUITY	Continuity represents the seamless transition from one shot to another
COPYRIGHT LAWS	A legal framework linked to intellectual property and the rights given to creators of original products/ concepts
CREATIVE BRIEF	Creative brief is a document that captures the key questions that serve as a guide for the production including the vision, objective of the project, target audience, timelines, budgets, milestones, stakeholders etc.
DIGITAL INTERMEDIATE	Digital Intermediate is the process of altering the colour characteristics of a digital version of the production

Qualification Pack
