MES/Q3507: VFX Assistant

Brief Job Description

Individuals at this job need to create illusionary elements/images/segments for production

Personal Attributes

This job requires the individual to have a good understanding of the techniques for creating computer-generated effects and for rectifying production. The individual must be aware of the principles of film-making, cinematography and photography. The individual must be able to define how footage needs to be shot to ensure that the desired effects can be incorporated. The individual must be able to assess if the footage is suitable, and create effects using digital software such as After Effects, Final Cut Pro and Blender.

Applicable National Occupational Standards (NOS)

Compulsory NOS:

1. [MES/N3503: Create Visual Effects During Post Production](#)
2. [DGT/VSQ/N0104: Employability Skills \(120 Hours\)](#)

Qualification Pack

MES/N3503: Create Visual Effects During Post Production

Description

This OS unit is about creating illusionary elements/images/segments for production

Elements and Performance Criteria

Conceptualising effects that can be created for productions

To be competent, the user/individual on the job must be able to:

- PC1.** determine requirements for visual effects from the script and provide instructions to the production team on how footage should be shot to ensure that the desired effects can be created (supervisor). (sometimes this may require them to be present on set)
- PC2.** assess shoot footage to determine capability to generate effects
- PC3.** visualise the story and conceptualise effects that would enhance, rectify or complete the production
- PC4.** identify and finalise the techniques that could be used to create the desired effects

Creating realistic effects through the use of software

To be competent, the user/individual on the job must be able to:

- PC5.** generate the required effects that conform to requirements and quality standards
- PC6.** ensure continuity in the final output

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** production vision, objectives, expected output and distribution/exhibition channels
- KU2.** the technical, budget and time constraints applicable
- KU3.** the creative and technical specifications of the work-product, including the quality standards expected of the final output
- KU4.** established data management and work flow systems
- KU5.** the production pipeline
- KU6.** how to maintain quality control as production scales
- KU7.** the principles of film-making and cinematography
- KU8.** the fundamentals of photography
- KU9.** how to draw/illustrate
- KU10.** how to interpret visual tricks and optical illusions
- KU11.** how to generate images using digital software such as After Effects, Final Cut Pro, Adobe, Blender and Autodesk Maya
- KU12.** techniques for creating computer-generated effects e.g. chroma keying, in-camera optical effects
- KU13.** techniques for rectifying production including removing rigs, dust-busting, removing visual faults, retouching and restoration

Qualification Pack

- KU14.** how to determine, select and assess the type of raw material/ footage that would be required to produce the desired effects
- KU15.** how to create pre-visualisation using tools for better production planning
- KU16.** how to make effects look inconspicuous
- KU17.** how to save interim and final deliverables in the required format using appropriate file naming conventions
- KU18.** the implication of the format on the quality of the end-product
- KU19.** domestic and international best practices prevalent in the industry
- KU20.** applicable health and safety guidelines

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** document notes on the creative possibilities for creating effects, for discussion and for personal use during post-production
- GS2.** prepare documentation to accompany the work-product
- GS3.** document notes and specifications for guidance and reference during other post production processes such as colour grading, editing, compositing and rendering
- GS4.** read the script and determine requirements for effects that need to or could potentially be generated to enhance the script
- GS5.** gather suitable references from various sources for use during production
- GS6.** research attributes of end-products from the genre, language, culture, region of the production to determine attributes that may need to be reflected in the final output
- GS7.** research and keep updated on the different types of effects produced for different productions
- GS8.** understand the creative vision and discuss creative possibilities for effects with the director and producer to finalise effects that need to be built into the production
- GS9.** provide instructions to the production crew
- GS10.** discuss and finalise the design and techniques for effects to be created
- GS11.** discuss interim/final work-products with the director and producer and solicit their feedback on improvements that can be made to make sure the initial version is coming out as planned
- GS12.** plan and prioritise work according to the requirements
- GS13.** manage and enforce deadlines successfully--on time
- GS14.** work well in a fast-paced environment
- GS15.** address comments on the interim/final work-products and make changes accordingly
- GS16.** suggest ways to compensate for unsuitable footage, keeping in mind time and budget constraints applicable
- GS17.** define how the footage needs to be shot to ensure that the desired effects can be created
- GS18.** envision the impact of chosen effects on the budget, key activities and timelines
- GS19.** appraise the quality of effects to ensure they are in line with the expected quality standards and suggest improvements that can be made through further post-production processes such as colour grading and compositing

Qualification Pack

GS20. assess the quality of footage to determine if effects can be added

GS21. check that your own work meets customer/project requirements

DGT/VSQ/N0104: Employability Skills (120 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Career Development & Goal Setting
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** understand the significance of employability skills in meeting the current job market requirement and future of work
- PC2.** identify and explore learning and employability relevant portals
- PC3.** research about the different industries, job market trends, latest skills required and the available opportunities

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

- PC4.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. for personal growth and the nation's progress
- PC5.** follow personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC6.** follow and promote environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC7.** recognize the significance of 21st Century Skills for employment

Qualification Pack

- PC8.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life
- PC9.** adopt a continuous learning mindset for personal and professional development

Basic English Skills

To be competent, the user/individual on the job must be able to:

- PC10.** use English as a medium of formal and informal communication while dealing with topics of everyday conversation in different contexts
- PC11.** speak over the phone in English, in an audible manner, using appropriate greetings, opening, and closing statements both on personal and work front
- PC12.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC13.** write short messages, notes, letters, e-mails etc., using accurate English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC14.** identify career goals based on the skills, interests, knowledge, and personal attributes
- PC15.** prepare a career development plan with short- and long-term goals

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC16.** follow verbal and non-verbal communication etiquette while communicating in professional and public settings
- PC17.** use active listening techniques for effective communication
- PC18.** communicate in writing using appropriate style and format based on formal or informal requirements
- PC19.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC20.** • ensure personal behaviour, conduct, and use appropriate communication by taking gender into consideration
- PC21.** empathize with a PwD and aid a PwD, if asked
- PC22.** escalate any issues related to sexual harassment at the workplace in accordance with the POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC23.** identify and select reliable institutions for various financial products and services such as bank account, debit and credit cards, loans, insurance etc.
- PC24.** carry out offline and online financial transactions, safely and securely, using various methods and check the entries in the passbook
- PC25.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC26.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

Qualification Pack

To be competent, the user/individual on the job must be able to:

- PC27.** operate digital devices and use their features and applications securely and safely
- PC28.** carry out basic internet operations by connecting to the internet safely and securely, using the mobile data or other available networks through Bluetooth, Wi-Fi, etc.
- PC29.** display responsible online behaviour while using various social media platforms
- PC30.** create a personal email account, send and process received messages as per requirement
- PC31.** carry out basic procedures in documents, spreadsheets and presentations using respective and appropriate applications
- PC32.** utilize virtual collaboration tools to work effectively

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC33.** identify different types of Entrepreneurship and Enterprises
- PC34.** use research and networking skills to identify and assess opportunities for potential business
- PC35.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC36.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC37.** identify different types of customers
- PC38.** identify and respond to customer requests and needs in a professional manner
- PC39.** use appropriate tools to collect customer feedback
- PC40.** follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

- PC41.** create a professional Curriculum vitae (Résumé)
- PC42.** search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively
- PC43.** apply to identified job openings using offline /online methods as per requirement
- PC44.** answer questions politely, with clarity and confidence, during recruitment and selection
- PC45.** identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** need for employability skills
- KU2.** different learning and employability related portals
- KU3.** various constitutional and personal values
- KU4.** different environmentally sustainable practices and their importance
- KU5.** Twenty first (21st) century skills and their importance

Qualification Pack

- KU6.** how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up
- KU7.** importance of career development and setting long- and short-term goals
- KU8.** Do's and don'ts of effective communication
- KU9.** POSH Act
- KU10.** inclusivity and its importance
- KU11.** different types of disabilities and appropriate verbal and non-verbal communication and behaviour towards PwD
- KU12.** different types of financial institutes, products, and services
- KU13.** components of salary and how to compute income and expenditure
- KU14.** importance of maintaining safety and security in offline and online financial transactions
- KU15.** different legal rights and laws
- KU16.** different types of digital devices and the procedure to operate them safely and securely
- KU17.** how to create and operate an e- mail account
- KU18.** use applications such as word processors, spreadsheets etc.
- KU19.** different types of Enterprises and ways to identify business opportunities
- KU20.** types and needs of customers
- KU21.** how to apply for a job and prepare for an interview
- KU22.** apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** read and write different types of documents/instructions/correspondence in English and other languages
- GS2.** communicate effectively using appropriate language in formal and informal settings
- GS3.** behave politely and appropriately with all to maintain effective work relationship
- GS4.** how to work in a virtual mode, using various technological platforms
- GS5.** perform calculations efficiently
- GS6.** solve problems effectively
- GS7.** pay attention to details
- GS8.** manage time efficiently
- GS9.** maintain hygiene and sanitization to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Qualification Pack

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.
Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.

Qualification Pack

Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
BUDGET	Budget is an estimate of the total cost of production that may include a break-up of cost components
COLOUR GRADING	Colour grading is the process of modifying/enhancing the colour of productions
COMPOSITING	Compositing is the process of combining layers of images/elements into a single frame
COMPUTER GENERATED EFFECTS	Computer-generated effects is the process of creating illusionary images for use in productions
CREATIVE BRIEF	Creative brief is a document that captures the key questions that serve as a guide for the production including the vision, objective of the project, target audience, timelines, budgets, milestones, stakeholders etc.
DIGITAL INTERMEDIATE	Digital Intermediate is the process of altering the colour characteristics of a digital version of the production
EDITING	Editing is the process of organizing, cutting and putting together audio, visual footage to prepare an accurate, condensed and consistent final output that communicates the expected content
FOOTAGE	Recorded medium in any media

Qualification Pack

INGEST	Ingest is the process of importing the relevant audio visual files and/or images to the computer's hard disk and uploading them to the editing software
MODELLING	Modeling is the process of creating three-dimensional models for animation using a specialised software application.
RENDERING	Rendering is the process of converting three-dimensional models into two-dimensional images with 3D effects
ROTOSCOPY	Rotoscopy is the process of breaking down content into individual frames, tracing out individual images and altering content according to requirements
SCREEN CONVERSION	Screen conversion is the process of conversion from 2D to 3D
SOUND EDITING	Editing of sound materials with/ without visuals
VISUAL EFFECTS	Visual effects is the process of integrating live-action footage with computer-generated effects
TIMELINES	It is a basic part of editing software to view/ cut material
SECTOR	Sector is a conglomeration of different business operations having similar businesses and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
SUB-SECTOR	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
VERTICAL	Vertical may exist within a sub-sector representing different domain areas or the client industries served by the industry.
OCCUPATION	Occupation is a set of job roles, which perform similar/related set of functions in an industry
FUNCTION	Function is an activity necessary for achieving the key purpose of the sector, occupation, or area of work, which can be carried out by a person or a group of persons. Functions are identified through functional analysis and form the basis of OS.
SUB-FUNCTIONS	Sub-functions are sub-activities essential to fulfill the achieving the objectives of the function.
JOB ROLE	Job role defines a unique set of functions that together form a unique employment opportunity in an organization.

Qualification Pack

OCCUPATIONAL STANDARDS (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the knowledge and understanding they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
PERFORMANCE CRITERIA	Performance Criteria are statements that together specify the standard of performance required when carrying out a task
NATIONAL OCCUPATIONAL STANDARDS (NOS)	NOS are Occupational Standards which apply uniquely in the Indian context.
QUALIFICATION PACK CODE	Qualifications Pack Code is a unique reference code that identifies a qualifications pack.
QUALIFICATION PACK (QP)	Qualifications Pack comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A Qualifications Pack is assigned a unique qualification pack code.
