MSU/THC/Q0201: Sustainable Tourism Manager

Brief Job Description

This is a short-term qualification that prepares individuals to effectively manage and promote sustainable practices within the tourism industry, focusing on environmental, social, and economic impacts.

Personal Attributes

A sustainable tourism manager should have strong environmental awareness, problem-solving skills, and leadership abilities. Effective communication, cultural sensitivity, and collaboration are key, alongside analytical thinking and adaptability. Passion for sustainability and a commitment to responsible tourism are essential for success in this role.

Applicable National Occupational Standards (NOS)

Compulsory NOS:

1. [MSU/THC/N0201: Develop sustainable tourism strategies for hospitality and tourism enterprises](#)
2. [MSU/THC/N0202: Organise staff training and development for sustainable tourism](#)
3. [MSU/THC/N0204: Implement sustainable tourism activities and operations](#)
4. [MSU/THC/N0203: Generate awareness and engage guests and tourists](#)
5. [MSU/THC/N0205: Ensure compliance and certification](#)
6. [DGT/VSQ/N0102: Employability Skills \(60 Hours\)](#)

MSU/THC/N0201: Develop sustainable tourism strategies for hospitality and tourism enterprises

Description

This NOS equips learners with the skills and knowledge required to apply environmental management system, sustainable procurement and supply chain management and implement sustainable infrastructure and facilities in tourism sector. This unit of competency could be practically applied in various settings within the tourism industry like hotels, resorts, lodges, promoters of tourism in specific destinations, NGOs working in the tourism sector, tourism management and hospitality schools and NGOs working in the tourism sector.

Scope

The scope covers the following :

- Assess the Environmental Impact
- Assess goals, objectives and sustainability needs of the hospitality/tourism enterprise
- Ensure Supply chain, infrastructure, and facilities management

Elements and Performance Criteria

Assess the Environmental Impact

To be competent, the user/individual on the job must be able to:

- PC1.** Identify sustainable tourism processes applicable to the tourist destination
- PC2.** Collect and analyze data related to environmental performance and sustainability indicators
- PC3.** Interpret data to identify trends, areas for improvement, and potential environmental risks
- PC4.** Evaluate the sustainable tourism planning technique being employed
- PC5.** Develop a set of practical and feasible strategies to achieve a balance between the organization's growth and sustainability
- PC6.** Engage stakeholders in the organization's sustainability agenda and actively solicit their input on effective sustainability measures in their realm of operation

2. Assess goals, objectives and sustainability needs of the hospitality/tourism enterprise

To be competent, the user/individual on the job must be able to:

- PC7.** Describe the Global Sustainable Tourism Council's criteria and guidelines to identify relevant environmental, social, and economic indicators
- PC8.** Discuss the principles of responsible tourism, as outlined by World Tourism Organization (UNWTO)
- PC9.** List and explain the stakeholder engagement models and sustainable development frameworks
- PC10.** Name and explain the various impact assessment methodologies

Ensure Supply chain, infrastructure, and facilities management

To be competent, the user/individual on the job must be able to:

- PC11.** Assist stakeholders in mapping their work areas (like supply chain, construction) to identify environmental and social risks, areas for improvement, and develop mitigation strategies

Qualification Pack

- PC12.** Communicate to the stakeholders the positive impacts of engaging residents, businesses, and organizations in decision-making processes
- PC13.** Develop and implement strategies to optimize energy and resource consumption
- PC14.** Monitor and manage energy, water, and waste systems and minimize environmental impact and maximize efficiency

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Sustainable tourism processes and their applicability to the specific tourist destination
- KU2.** Collection and analysis of data related to environmental performance and sustainability indicators
- KU3.** Interpretation of data effectively to identify trends, areas for improvement, and potential environmental risks
- KU4.** Evaluation of the effectiveness of sustainable tourism planning techniques being employed
- KU5.** Strategies that achieve a balance between the organization's growth and sustainability
- KU6.** Importance of engaging stakeholders and actively soliciting their input on effective sustainability measures within their realm of operation
- KU7.** Map stakeholders work areas (e.g., supply chain, construction) to identify environmental and social risks, areas for improvement, and develop effective mitigation strategies
- KU8.** Positive impacts of engaging local residents, businesses, and organizations in decision-making processes
- KU9.** Strategies to optimize energy and resource consumption
- KU10.** Significance of energy, water, and waste systems to minimize environmental impact and maximize efficiency

MSU/THC/N0202: Organise staff training and development for sustainable tourism

Description

This NOS equips learners with the skills and knowledge required to effectively plan, implement, and evaluate staff training and development programs and teach them communication strategies to promote eco-friendly behaviour.

Scope

The scope covers the following :

- conduct sustainable tourism training program
- develop staff engagement and communication strategies

Elements and Performance Criteria

conduct sustainable tourism training program

To be competent, the user/individual on the job must be able to:

- PC1.** effectively educate staff members on the fundamental principles of sustainable tourism
- PC2.** explain the importance of responsible tourism and its impacts on the environment, local communities, and cultural heritage
- PC3.** provide guidance on integrating sustainability into daily operations and guest interactions

develop staff engagement and communication strategies

To be competent, the user/individual on the job must be able to:

- PC4.** train staff in feasible and practical specific skills and techniques related to sustainable operations
- PC5.** enhance staff knowledge in waste management, energy conservation, water efficiency, and biodiversity conservation
- PC6.** promote eco-friendly practices and behaviors among staff members
- PC7.** train staff to provide information, answer queries, and promote sustainable behaviors and choices to guests

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** sustainable tourism principles, concepts, and best practices
- KU2.** environmental, social, and cultural impacts of tourism and the importance of responsible tourism
- KU3.** sustainable operations and strategies for integrating sustainability into daily operations and guest interactions
- KU4.** techniques related to waste management, energy conservation, water efficiency, and biodiversity conservation

Qualification Pack

- KU5.** eco-friendly practices and behaviours and the ability to effectively promote and encourage their adoption among staff members
- KU6.** answer queries, and promote sustainable behaviours and choices to guests
- KU7.** effectively educate and engage staff members on sustainable tourism topics
- KU8.** latest developments and trends in sustainable tourism practices and initiatives
- KU9.** adapt and tailor sustainable tourism education and training programs to the specific needs and context of the organization
- KU10.** relevant laws, regulations, and certifications related to sustainable tourism and their implementation

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** ability to break down complex sustainability concepts into easy-to-understand terms for a diverse audience
- GS2.** ability to connect with staff on an individual level is key to fostering enthusiasm and buy-in for sustainable practices
- GS3.** can create engaging presentations, using a variety of teaching methods, and assessing learning outcomes

MSU/THC/N0204: Implement sustainable tourism activities and operations

Description

This NOS equips learners with the skills and knowledge required to Plan and organise sustainable tourist activities and ensure safety of guests, promote natural and cultural heritage, collaboration with local community members and sustainable practices.

Scope

The scope covers the following :

- Implement principles, interpretation techniques and safety precautions
- Incorporate environmental initiatives

Elements and Performance Criteria

implement principles, interpretation techniques and safety precautions

To be competent, the user/individual on the job must be able to:

- PC1.** plan and organise tourist activities that are sustainable in nature including but not limited to ecotourism, adventure tourism, cultural tourism, rural tourism, culinary tourism, wildlife tourism, etc.
- PC2.** organise promotion of the natural and cultural heritage of the destination
- PC3.** ensure that required safety precautions plans for guests
- PC4.** arrange training for staff to take appropriate action in emergency situations

incorporate environmental initiatives

To be competent, the user/individual on the job must be able to:

- PC5.** organise environmental awareness among guests about local ecosystems, biodiversity, and conservation efforts
- PC6.** promote responsible behavior and respect for the environment and community during tourism activities
- PC7.** develop strong partnerships and collaborations with local communities, ensuring that they benefit from tourism activities while actively participating in cultural preservation efforts
- PC8.** organise assessments to identify the needs, skills, and capacity of the local community for tourism-related employment
- PC9.** collaborate with local community members to develop community-based tourism initiatives that showcase their culture, traditions, and natural resources, creating employment opportunities for the community
- PC10.** develop and implement sustainable practices and guidelines for the organisation focusing on waste management, energy and water conservation, responsible use of natural resources, and biodiversity conservation

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

Qualification Pack

- KU1.** various sustainable tourism activities including their principles, practices, and potential impacts on the environment and local communities
- KU2.** destination promotion strategies and techniques to effectively showcase and promote the natural and cultural heritage of the location
- KU3.** safety regulations and the ability to develop and implement comprehensive safety precautions plans for guests during tourist activities
- KU4.** organize and deliver training programs for staff members to ensure their preparedness to take appropriate action in emergency situations
- KU5.** local ecosystems, biodiversity, and conservation efforts to effectively organize environmental awareness programs for guests
- KU6.** responsible tourism principles and practices and promotion of responsible behaviour and respect for the environment and local communities
- KU7.** build strong partnerships and collaborations with local communities
- KU8.** conduct assessments to identify the needs, skills, and capacity of the local community for tourism-related employment opportunities
- KU9.** collaborate with local community members to develop and implement community-based tourism initiatives
- KU10.** sustainable practices and guidelines focusing on waste management, energy and water conservation, use of natural resources, and biodiversity conservation

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** dadadadasdas
- GS2.** ability to plan, organize, and execute complex tourist activities, ensuring all aspects (safety, logistics, and sustainability) are considered
- GS3.** ability to create compelling marketing materials and strategies to attract tourists who are interested in responsible travel
- GS4.** ability to identify potential issues and develop solutions that prioritize safety, sustainability, and community well-being

MSU/THC/N0203: Generate awareness and engage guests and tourists

Description

This NOS equips learners with the skills and knowledge required for effective messaging and communication strategies to promote responsible tourism, interactive activities and experiences that allow guests to participate in sustainable practices and implementing guest feedback mechanisms to assess perceptions and satisfaction.

Scope

The scope covers the following :

- Messaging and communication strategies
- Interactive activities and experiences
- Guests feedback mechanisms
- Develop methods to ensure guests feedback mechanisms

Elements and Performance Criteria

messaging and communication strategies

To be competent, the user/individual on the job must be able to:

- PC1.** develop effective messaging and communication strategies to promote responsible tourism to guests
- PC2.** oversee the design of awareness materials, brochures, and signage highlighting sustainable practices and initiatives

interactive activities and experiences

To be competent, the user/individual on the job must be able to:

- PC3.** oversee the utilization of digital and social media platforms to engage and educate guests on responsible tourism topics
- PC4.** design interactive activities and experiences that allow guests to participate in sustainable practices, conservation efforts, community initiatives, or local cultural experiences
- PC5.** facilitate opportunities for guests to learn about the positive impacts of responsible tourism

guests feedback mechanisms

To be competent, the user/individual on the job must be able to:

- PC6.** implement guest feedback mechanisms to assess perceptions and satisfaction with sustainable tourism efforts
- PC7.** analyze feedback data to identify areas for improvement and innovation
- PC8.** develop strategies to continuously engage and educate guests on responsible tourism practices

develop methods to ensure guests feedback mechanisms

To be competent, the user/individual on the job must be able to:

- PC9.** implement guest feedback mechanisms to assess perceptions and satisfaction with sustainable tourism efforts
- PC10.** analyze feedback data to identify areas for improvement and innovation

Qualification Pack

PC11. develop strategies to continuously engage and educate guests on responsible tourism practices

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** effective messaging and communication strategies
- KU2.** graphic design principles to oversee the design of awareness material
- KU3.** digital and social media platforms
- KU4.** interactive activities and experiences that involve guests active participation
- KU5.** positive impacts of responsible tourism on the environment, local communities, and cultural heritage
- KU6.** guest feedback mechanisms, such as surveys, comment cards, and online review platforms
- KU7.** data analysis techniques and tools
- KU8.** strategies to continuously engage and educate guests on responsible tourism practices

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** ability to craft clear messaging about responsible tourism for various channels (digital, print), alongside analyzing guest feedback to improve communication strategies.
- GS2.** ability to develop engaging content (brochures, signage, and interactive activities) that educates guests on responsible tourism practices
- GS3.** ability to analyze guest feedback data on sustainability initiatives to identify areas for improvement

MSU/THC/N0205: Ensure compliance and certification

Description

This NOS equips learners with the skills and knowledge required to ensure compliance with regulations, standards, and certifications within tourism industry

Scope

The scope covers the following :

- Ensure certification compliance and management
- Develop audit plans
- Ensure certification and continuous improvement

Elements and Performance Criteria

ensure certification compliance and management

To be competent, the user/individual on the job must be able to:

- PC1.** monitor and stay updated on the conditions and requirements of various certification agencies
- PC2.** develop, monitor and report frameworks to ensure compliance with certification standards
- PC3.** implement corrective actions to address non-compliance issues
- PC4.** assess compliance with sustainability guidelines and standards

develop audit plans

To be competent, the user/individual on the job must be able to:

- PC5.** develop audit plans, checklists, and protocols
- PC6.** develop strategies and action plans to enhance compliance and achieve higher levels of certification

ensure certification and continuous improvement

To be competent, the user/individual on the job must be able to:

- PC7.** manage the process of certification renewal and maintaining compliance over time
- PC8.** identify opportunities for continuous improvement in sustainability performance

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** various certification agencies, their standards, and requirements related to sustainable tourism, such as Global Sustainable Tourism Council (GSTC), Leadership in Energy and Environmental Design (LEED), Earth Check, etc.
- KU2.** frameworks and protocols necessary to ensure compliance with certification standards, including the ability to develop, monitor, and report on the implementation of these frameworks within the organization
- KU3.** non-compliance issues through regular monitoring and assessments and the ability to implement corrective actions to address these issues effectively

Qualification Pack

- KU4.** sustainability guidelines and standards beyond certification requirements to assess the organization's overall compliance and alignment with sustainable practices
- KU5.** developing audit plans, checklists, and protocols to conduct comprehensive assessments of the organization's sustainability performance
- KU6.** audit findings and translate them into actionable improvement measures to enhance sustainability performance
- KU7.** process of certification renewal, including the necessary documentation, data collection, and compliance verification, and maintaining compliance over time
- KU8.** identify opportunities for continuous improvement in sustainability performance by staying updated on industry trends, best practices, and emerging certification standards

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** ability to understand various sustainability certification requirements and the ability to develop and monitor frameworks to ensure compliance
- GS2.** skills to create plans, checklists, and protocols for internal sustainability audits
- GS3.** ability to identify and address non-compliance issues, as well as find opportunities for continuous improvement in sustainability performance
- GS4.** ability to develop and manage action plans to achieve higher levels of certification, overseeing the certification renewal process
- GS5.** the ability to analyze data to identify areas for improvement in sustainability performance

DGT/VSQ/N0102: Employability Skills (60 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Career Development & Goal Setting
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** identify employability skills required for jobs in various industries
- PC2.** identify and explore learning and employability portals

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

- PC3.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. and personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC4.** follow environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC5.** recognize the significance of 21st Century Skills for employment
- PC6.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life

Basic English Skills

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC7.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC8.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC9.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC10.** understand the difference between job and career
- PC11.** prepare a career development plan with short- and long-term goals, based on aptitude

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC12.** follow verbal and non-verbal communication etiquette and active listening techniques in various settings
- PC13.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC14.** communicate and behave appropriately with all genders and PwD
- PC15.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC16.** select financial institutions, products and services as per requirement
- PC17.** carry out offline and online financial transactions, safely and securely
- PC18.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC19.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC20.** operate digital devices and carry out basic internet operations securely and safely
- PC21.** use e-mail and social media platforms and virtual collaboration tools to work effectively
- PC22.** use basic features of word processor, spreadsheets, and presentations

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC23.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC24.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC25.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC26.** identify different types of customers
- PC27.** identify and respond to customer requests and needs in a professional manner.

Qualification Pack

PC28. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC29. create a professional Curriculum vitae (Résumé)

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Assessment System Overview:

- Batches assigned to the assessment agencies for conducting the assessment on SIP or email
- Assessment agencies send the assessment confirmation to VTP/TC looping Madhavi Skills University (MSU)
- Assessment agency deploys the ToA-certified Assessor for executing the assessment
- MSU monitors the assessment process & records

2. Testing Environment:

- Check the Assessment location, date and time
- If the batch size is more than 30, then there should be 2 Assessors.
- Check that the allotted time for the candidates to complete Theory & Practical Assessment is correct.

Qualification Pack

3. Assessment Quality Assurance levels/Framework:

- Question bank is created by the Subject Matter Experts (SME) are verified by the other SMEs
- Questions are mapped to the specified assessment criteria
- Assessor must be ToA certified & trainer must be ToT Certified

4. Types of evidence or evidence-gathering protocol:

- Time-stamped & geotagged reporting of the assessor from the assessment location
- Centre photographs with signboards and scheme-specific branding

5. Method of verification or validation:

- Surprise visit to the assessment location

6. Method for assessment documentation, archiving, and access

- Hard and copies of the documents are stored

On the Job:

1. Each module (which covers the job profile) will be assessed separately.
2. The candidate must score 60% in each module to complete the OJT.
3. Tools of Assessment that will be used for assessing whether the candidate is having desired skills and aptitude are:
 - Videos of Trainees during OJT
 - Portfolio of items produced
 - Viva
 - Demonstrations
4. Assessment of each Module will ensure that the candidate is able to:
 - Perform the skills mentioned in the assessment criteria.
 - Apply underpinning knowledge and understanding to the tasks performed to achieve desired level of competencies
 - Demonstrate behavioral and attitudinal soft skills as mentioned in the assessment criteria.

Qualification Pack

Minimum Aggregate Passing % at QP Level : 60

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
