Qualification Pack

NFD/MES/N0304: Follow Workplace Health & Safety Protocols

Description

This NOS is designed to follow workplace health & safety protocols

Scope

The scope covers the following :

- Follow the health, safety and security risks prevalent in the workplace

Elements and Performance Criteria

Follow the health, safety and security risks prevalent in the workplace

To be competent, the user/individual on the job must be able to:

- PC1.** Adhere to established safety protocols, promptly reporting any identified hazards to relevant authorities and consistently avoiding unsafe practices.
- PC2.** Advocate for and maintain a healthy posture during work activities, incorporating regular breaks to mitigate the risk of work-related injuries.
- PC3.** Prioritize proper eye care by taking regular breaks to prevent eye strain while working on screens, ensuring sustained productivity and well-being.
- PC4.** Comply with government health and safety norms and policies, including familiarity with emergency procedures such as evacuation protocols for illness, accidents, or fires.
- PC5.** Engage in relevant health and safety training programs to remain updated on workplace best practices, ensuring a proactive approach to safety measures.
- PC6.** Implement effective stress management techniques to sustain personal well-being and optimize productivity amidst workplace demands.
- PC7.** Recognize and respond to security signals, such as fire alarms, and familiarize oneself with designated safety locations like staircases, fire warden stations, and medical rooms.
- PC8.** Execute emergency procedures swiftly in the event of an accident or fire, ensuring personal and collective safety.
- PC9.** Take proactive measures to promptly address safety concerns as they arise, contributing to a secure work environment for oneself and others.
- PC10.** Uphold personal health and safety, as well as that of colleagues, through consistent adherence to precautionary measures and safety guidelines.
- PC11.** Demonstrate awareness of and responsiveness to safety-related protocols and instructions, maintaining a vigilant approach to workplace safety.
- PC12.** Contribute to a culture of safety by actively promoting and adhering to established safety practices, fostering a secure and conducive work environment.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

Qualification Pack

- KU1.** Explain the importance of maintaining health and safety in the workplace.
- KU2.** Identify common health, safety, and security risks associated with video editing, including:
- KU3.** Analyze the potential consequences of neglecting health and safety protocols.
- KU4.** Describe relevant government health and safety regulations and policies.
- KU5.** Explain the benefits of participating in health and safety training programs.
- KU6.** Identify and assess different stress management techniques.
- KU7.** Explain the importance of a safety culture in the workplace.
- KU8.** Demonstrate proficiency in operating video editing equipment safely.
- KU9.** Implement proper workstation setup and ergonomics principles.
- KU10.** Utilize screen time management techniques to prevent eye strain.
- KU11.** Identify and report potential electrical hazards.
- KU12.** Implement basic cybersecurity practices to protect equipment and data.
- KU13.** Understand and follow emergency procedures for evacuation, fire drills, and first aid.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Follow established safety protocols and procedures.
- GS2.** Identify and report potential hazards to relevant authorities.
- GS3.** Advocate for and maintain a healthy work posture.
- GS4.** Take regular breaks to prevent eye strain and fatigue.
- GS5.** Demonstrate knowledge of emergency procedures and evacuation routes.
- GS6.** Implement stress management techniques to mitigate job-related stress.
- GS7.** Understand the importance of personal health and safety for productivity.
- GS8.** Take proactive measures to address safety concerns in the workplace.
- GS9.** Uphold personal and collective safety by adhering to precautions and guidelines.
- GS10.** Demonstrate awareness and responsiveness to safety protocols and instructions.
- GS11.** Actively promote and adhere to established safety practices.
- GS12.** Contribute to a positive safety culture through collaboration and communication.
- GS13.** Foster a secure and conducive work environment for colleagues and oneself.
- GS14.** Report safety concerns clearly and concisely to relevant authorities.
- GS15.** Advocate for safe work practices through verbal and written communication.
- GS16.** Participate in safety meetings and training programs actively.
- GS17.** Provide safety-related instructions and information to colleagues effectively.
- GS18.** Stay updated on workplace health and safety regulations and policies.
- GS19.** Participate in relevant training programs to acquire new safety knowledge and skills.
- GS20.** Adapt to changing safety protocols and procedures effectively.
- GS21.** Apply critical thinking skills to assess and address safety risks and concerns.
- GS22.** Identify potential safety hazards and analyze their risks.
- GS23.** Evaluate the effectiveness of existing safety protocols and procedures.

Qualification Pack

- GS24.** Make informed decisions to optimize safety measures and mitigate risks.
- GS25.** Take responsibility for personal safety and contribute to a safe work environment.

DGT/VSQ/N0102: Employability Skills (60 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Career Development & Goal Setting
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** identify employability skills required for jobs in various industries
- PC2.** identify and explore learning and employability portals

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

- PC3.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. and personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC4.** follow environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC5.** recognize the significance of 21st Century Skills for employment
- PC6.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life

Basic English Skills

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC7.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC8.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC9.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC10.** understand the difference between job and career
- PC11.** prepare a career development plan with short- and long-term goals, based on aptitude

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC12.** follow verbal and non-verbal communication etiquette and active listening techniques in various settings
- PC13.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC14.** communicate and behave appropriately with all genders and PwD
- PC15.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC16.** select financial institutions, products and services as per requirement
- PC17.** carry out offline and online financial transactions, safely and securely
- PC18.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC19.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC20.** operate digital devices and carry out basic internet operations securely and safely
- PC21.** use e- mail and social media platforms and virtual collaboration tools to work effectively
- PC22.** use basic features of word processor, spreadsheets, and presentations

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC23.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC24.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC25.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC26.** identify different types of customers
- PC27.** identify and respond to customer requests and needs in a professional manner.

Qualification Pack

PC28. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC29. create a professional Curriculum vitae (Résumé)

PC30. search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively

PC31. apply to identified job openings using offline /online methods as per requirement

PC32. answer questions politely, with clarity and confidence, during recruitment and selection

PC33. identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills and different learning and employability related portals

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up

KU6. importance of career development and setting long- and short-term goals

KU7. about effective communication

KU8. POSH Act

KU9. Gender sensitivity and inclusivity

KU10. different types of financial institutes, products, and services

KU11. how to compute income and expenditure

KU12. importance of maintaining safety and security in offline and online financial transactions

KU13. different legal rights and laws

KU14. different types of digital devices and the procedure to operate them safely and securely

KU15. how to create and operate an e- mail account and use applications such as word processors, spreadsheets etc.

KU16. how to identify business opportunities

KU17. types and needs of customers

KU18. how to apply for a job and prepare for an interview

KU19. apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. read and write different types of documents/instructions/correspondence

GS2. communicate effectively using appropriate language in formal and informal settings

Qualification Pack

- GS3.** behave politely and appropriately with all
- GS4.** how to work in a virtual mode
- GS5.** perform calculations efficiently
- GS6.** solve problems effectively
- GS7.** pay attention to details
- GS8.** manage time efficiently
- GS9.** maintain hygiene and sanitization to avoid infection

NFD/MES/N1001: Prepare for theatrical makeup applications.

Description

This NOS is about how to prepare for theatrical makeup applications.

Scope

The scope covers the following :

- Perform script analysis for makeup requirements
- Researching historical periods and character profiles
- Identify appropriate makeup products and techniques
- Maintain hygiene and sanitation protocols in the makeup kit

Elements and Performance Criteria

Perform script analysis for makeup requirements

To be competent, the user/individual on the job must be able to:

- PC1.** Identify key information in scripts relevant to makeup design, such as character descriptions, historical setting, and emotional states.
- PC2.** Analyze the script to identify specific makeup requirements for each character, considering factors like age, social status, and the overall tone of the production.
- PC3.** Evaluate the impact of stage lighting on makeup visibility and choose techniques that will ensure the desired effect is achieved under performance conditions.

Researching historical periods and character profiles

To be competent, the user/individual on the job must be able to:

- PC4.** Identify key resources for researching historical clothing, hairstyles, and makeup trends for different periods.
- PC5.** Utilize research skills to gather information about specific historical periods relevant to the production.
- PC6.** Develop a visual reference board or mood board depicting makeup styles and character inspirations based on research findings.

Identifying appropriate makeup products and techniques

To be competent, the user/individual on the job must be able to:

- PC7.** Identify different types of makeup products and their functionalities (e.g., foundations, concealers, contouring products).
- PC8.** Analyze the desired makeup effects for each character and select the most appropriate products and techniques to achieve them (e.g., prosthetics for aging effects, airbrushing for flawless base).
- PC9.** Evaluate the suitability of makeup products based on factors like actor skin type, budget constraints, and the overall design concept.

Maintaining hygiene and sanitation protocols in the makeup kit

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC10.** Identify the importance of hygiene and sanitation in preventing the spread of bacteria and infections during makeup application.
- PC11.** Implement proper cleaning and disinfection protocols for makeup brushes, sponges, and other tools.
- PC12.** Inspect and assess the cleanliness of the makeup kit before each use, identifying and replacing any expired or contaminated products.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Principles of makeup application for different characters and themes.
- KU2.** Understanding of face anatomy, skin tones, and facial features.
- KU3.** Techniques for special effects makeup (scars, aging, fantasy characters, etc.).
- KU4.** Use of prosthetics, wigs, and hairpieces.
- KU5.** Different types of makeup products (creams, powders, paints, adhesives).
- KU6.** Knowledge of brushes, sponges, airbrush machines, and other application tools.
- KU7.** Proper usage and sanitation of tools.
- KU8.** Skin types and conditions.
- KU9.** Allergies and sensitivity to makeup products.
- KU10.** Hygiene and safety standards while working with skin and products.
- KU11.** Color mixing and correction.
- KU12.** Use of color for dramatic effect under different stage lights.
- KU13.** Understanding the script to interpret character requirements
- KU14.** Adapting makeup to suit time periods, locations, moods, and character evolution.
- KU15.** How makeup appears under stage lighting and camera angles.
- KU16.** Adjusting makeup for black & white vs. color productions.
- KU17.** Inventory of makeup kits, prosthetic materials, and hygiene products.
- KU18.** Storage, handling, and disposal of makeup materials safely.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Understanding director and costume designer's vision
- GS2.** Explaining makeup plans clearly to performers and team members.
- GS3.** Giving and receiving constructive feedback.
- GS4.** Creating original looks based on the character or theme.
- GS5.** Thinking innovatively for special effects and character transformation.
- GS6.** Working within tight timelines during rehearsals and live performances.
- GS7.** Managing multiple actors and quick changes efficiently.
- GS8.** Coordinating with costume designers, hairstylists, lighting experts, and stage managers

Qualification Pack

- GS9.** Working harmoniously with performers and the backstage crew.
- GS10.** Precision in makeup application.
- GS11.** Recognizing small inconsistencies that could affect stage appearance.
- GS12.** Working in various environments (theatre, outdoor venues, live shows).
- GS13.** Adjusting to last-minute changes in character design or performance schedule.
- GS14.** Working calmly under high-pressure situations like live performances or quick backstage changes.

NFD/MES/N1002: Apply advanced makeup techniques.

Description

This Nos is about the application of advanced makeup techniques.

Scope

The scope covers the following :

- Base application and foundation techniques
- Creating realistic features and prosthetics application
- Applying aging makeup and special effects

Elements and Performance Criteria

Base application and foundation techniques

To be competent, the user/individual on the job must be able to:

- PC1.** Identify different types of foundations and their suitability for various skin types and lighting conditions.
- PC2.** Skillfully apply foundation using appropriate techniques (e.g., brush, sponge) to achieve a flawless and even base.
- PC3.** Analyze facial features and skin tones to choose the correct foundation shade and color theory principles to enhance or diminish certain features.
- PC4.** Evaluate the effectiveness of foundation application, identifying and correcting any imperfections for a natural-looking finish.
- PC5.** Apply creative contouring and highlighting techniques to sculpt and define facial features according to the desired character portrayal.

Creating realistic features and prosthetics application

To be competent, the user/individual on the job must be able to:

- PC6.** Identify different types of prosthetics (e.g., pre-made, sculpted) and their appropriate applications.
- PC7.** Apply adhesives and blend prosthetic pieces seamlessly onto the skin to create a realistic and believable illusion.
- PC8.** Analyze the character design and select the most suitable prosthetic application techniques (e.g., blending edges, adding texture).
- PC9.** Evaluate the overall realism and adherence of prosthetics, making necessary adjustments to ensure a natural and seamless integration with the makeup.
- PC10.** Creatively sculpt and customize prosthetic pieces (if applicable) to achieve unique and personalized character features.

Applying aging makeup and special effects

To be competent, the user/individual on the job must be able to:

- PC11.** Identify key techniques for creating realistic aging effects, such as wrinkles, age spots, and liver spots.

Qualification Pack

- PC12.** Skillfully apply makeup products and techniques to create believable aging effects that reflect the desired character's age and physical condition.
- PC13.** Analyze the script and character descriptions to determine the appropriate level and type of aging effects needed for each character.
- PC14.** Evaluate the overall effectiveness of the aging makeup, ensuring a natural and believable portrayal without appearing overly theatrical.
- PC15.** Develop creative and innovative techniques to create unique special effects, such as wounds, scars, or blood, that enhance the visual impact of the performance.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Principles of makeup application for different characters and themes.
- KU2.** Understanding of face anatomy, skin tones, and facial features.
- KU3.** Techniques for special effects makeup (scars, aging, fantasy characters, etc.).
- KU4.** Use of prosthetics, wigs, and hairpieces.
- KU5.** Different types of makeup products (creams, powders, paints, adhesives).
- KU6.** Knowledge of brushes, sponges, airbrush machines, and other application tools.
- KU7.** Proper usage and sanitation of tools.
- KU8.** Skin types and conditions.
- KU9.** Allergies and sensitivity to makeup products.
- KU10.** Hygiene and safety standards while working with skin and products.
- KU11.** Color mixing and correction.
- KU12.** Use of color for dramatic effect under different stage lights.
- KU13.** Understanding the script to interpret character requirements.
- KU14.** Adapting makeup to suit time periods, locations, moods, and character evolution.
- KU15.** How makeup appears under stage lighting and camera angles.
- KU16.** Adjusting makeup for black & white vs. color productions.
- KU17.** Inventory of makeup kits, prosthetic materials, and hygiene products.
- KU18.** Storage, handling, and disposal of makeup materials safely.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Understanding director and costume designer's vision
- GS2.** Explaining makeup plans clearly to performers and team members.
- GS3.** Giving and receiving constructive feedback.
- GS4.** Creating original looks based on the character or theme.
- GS5.** Thinking innovatively for special effects and character transformation.
- GS6.** Working within tight timelines during rehearsals and live performances.

Qualification Pack

- GS7.** Managing multiple actors and quick changes efficiently.
- GS8.** Coordinating with costume designers, hairstylists, lighting experts, and stage managers.
- GS9.** Working harmoniously with performers and the backstage crew.
- GS10.** Precision in makeup application.
- GS11.** Recognizing small inconsistencies that could affect stage appearance.
- GS12.** Working in various environments (theatre, outdoor venues, live shows).
- GS13.** Adjusting to last-minute changes in character design or performance schedule.
- GS14.** Working calmly under high-pressure situations like live performances or quick backstage changes.

NFD/MES/N1003: Collaborate with actors and the production team

Description

This OS is about how to effectively collaborate with actors and the production team

Scope

The scope covers the following :

- Communicate with actors regarding makeup application and comfort
- Collaborate with directors and costume designers on character visualization
- Maintain makeup continuity throughout the performance
- Remove makeup safely and effectively

Elements and Performance Criteria

Communication with actors regarding makeup application and comfort

To be competent, the user/individual on the job must be able to:

- PC1.** Understand (Remember): Recognize the importance of open communication and building trust with actors during the makeup application process.
- PC2.** Apply (Apply): Clearly explain the makeup application process to actors, addressing any concerns or questions they may have.
- PC3.** Analyze (Analyze): Identify potential sensitivities or allergies actors may have to specific makeup products and adapt techniques accordingly.
- PC4.** Evaluate (Evaluate): Evaluate the comfort level of actors throughout the application process and make adjustments to ensure their well-being during the performance.

Collaborate with directors and costume designers on character visualization

To be competent, the user/individual on the job must be able to:

- PC5.** Recognize the director's vision for the overall production and the role of makeup in achieving it.
- PC6.** Analyze costume designs and collaborate with costume designers to ensure makeup complements the overall character portrayal.
- PC7.** Propose creative makeup concepts that contribute to the director's vision and enhance the visual storytelling of the production.
- PC8.** Evaluate the effectiveness of proposed makeup designs in collaboration with the director and costume designer, making adjustments based on feedback.

Maintain makeup continuity throughout the performance

To be competent, the user/individual on the job must be able to:

- PC9.** Identify the importance of maintaining consistent makeup appearance throughout the performance, considering factors like sweat, tears, and stage lighting.
- PC10.** Utilize appropriate setting sprays and techniques to ensure makeup longevity throughout the performance.
- PC11.** Anticipate potential challenges to makeup continuity, such as weather or high-energy scenes, and prepare touch-up kits accordingly.

Qualification Pack

PC12. Monitor makeup appearance throughout the performance and make discreet touch-ups as needed to maintain consistency.

Remove makeup safely and effectively

To be competent, the user/individual on the job must be able to:

PC13. Identify appropriate makeup removers for different types of makeup products (e.g., oil-based removers for heavy makeup, gentle cleansers for sensitive skin).

PC14. Utilize safe and effective techniques for removing makeup, minimizing irritation and protecting the actor's skin.

PC15. Identify any specific concerns or sensitivities actors may have regarding makeup removal and adjust techniques accordingly.

PC16. Ensure all makeup is thoroughly removed after the performance, leaving the actor's skin clean and healthy.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. Principles of makeup application for different characters and themes.

KU2. Understanding of face anatomy, skin tones, and facial features.

KU3. Techniques for special effects makeup (scars, aging, fantasy characters, etc.).

KU4. Use of prosthetics, wigs, and hairpieces.

KU5. Different types of makeup products (creams, powders, paints, adhesives).

KU6. Knowledge of brushes, sponges, airbrush machines, and other application tools.

KU7. Proper usage and sanitation of tools.

KU8. Skin types and conditions.

KU9. Allergies and sensitivity to makeup products.

KU10. Hygiene and safety standards while working with skin and products

KU11. Color mixing and correction.

KU12. Use of color for dramatic effect under different stage lights.

KU13. Understanding the script to interpret character requirements.

KU14. Adapting makeup to suit time periods, locations, moods, and character evolution.

KU15. How makeup appears under stage lighting and camera angles.

KU16. Adjusting makeup for black & white vs. color productions.

KU17. Inventory of makeup kits, prosthetic materials, and hygiene products.

KU18. Storage, handling, and disposal of makeup materials

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. Understanding directors and costume designer's vision.

GS2. Explaining makeup plans clearly to performers and team members

GS3. Giving and receiving constructive feedback.

Qualification Pack

- GS4.** Creating original looks based on the character or theme.

NFD/MES/N1004: Makeup for Period Productions

Description

This OS is about how to apply makeup for Period Productions.

Scope

The scope covers the following :

- Researching historical makeup styles and techniques
- Selecting and applying period-appropriate makeup products
- Creating realistic aging effects
- Adapting makeup designs for different social classes

Elements and Performance Criteria

Researching historical makeup styles and techniques

To be competent, the user/individual on the job must be able to:

- PC1.** Identify key resources for researching historical makeup trends, such as paintings, fashion plates, and historical texts.
- PC2.** Distinguish between makeup styles for different social classes, genders, and age groups within a specific historical period.
- PC3.** Utilize research findings to identify the most appropriate makeup techniques for the characters in the production.
- PC4.** Critically assess the historical accuracy and theatrical effectiveness of potential makeup design choices for the period.
- PC5.** Develop a comprehensive research document or mood board that visually represents the target historical makeup styles and informs design decisions.

Selecting and applying period-appropriate makeup products

To be competent, the user/individual on the job must be able to:

- PC6.** Identify the types of makeup products commonly used during different historical periods (e.g., natural pigments, kohl, greasepaint).
- PC7.** Analyze the ingredients and functionalities of period-appropriate makeup products to select the safest and most effective options for the production.
- PC8.** Apply period-appropriate makeup techniques using knowledge of historical application methods and tools.
- PC9.** Assess the compatibility of modern and period-specific makeup products to ensure desired effects and actor safety.
- PC10.** Develop customized makeup blends using modern products to accurately replicate the look and texture of historical makeup.

Creating realistic aging effects

To be competent, the user/individual on the job must be able to:

- PC11.** Identify the key anatomical and facial changes associated with aging.

Qualification Pack

- PC12.** Analyze the desired age range for each character and identify the appropriate techniques to create realistic aging effects (e.g., wrinkle lines, age spots).
- PC13.** Apply makeup techniques such as shading, highlighting, and stippling to create a believable illusion of aged skin.
- PC14.** Assess the realism and consistency of the aging effects from various viewing angles and lighting conditions.
- PC15.** Develop innovative techniques for creating realistic aging effects that are unique to each character and enhance their portrayal.

Adapting makeup designs for different social classes

To be competent, the user/individual on the job must be able to:

- PC16.** Recognize the social hierarchy of the historical period and its impact on costume and makeup styles.
- PC17.** Analyze the script and character descriptions to identify social class distinctions relevant to makeup design.
- PC18.** Adapt makeup designs to reflect social class differences (e.g., more elaborate makeup for nobility, simpler makeup for working class).
- PC19.** Evaluate the effectiveness of the makeup design in conveying the social status of each character within the production's context.
- PC20.** Develop subtle yet impactful makeup variations that visually distinguish characters from different social classes.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Principles of makeup application for different characters and themes.
- KU2.** Understanding of face anatomy, skin tones, and facial features.
- KU3.** Techniques for special effects makeup (scars, aging, fantasy characters, etc.).
- KU4.** Use of prosthetics, wigs, and hairpieces.
- KU5.** Different types of makeup products (creams, powders, paints, adhesives).
- KU6.** Knowledge of brushes, sponges, airbrush machines, and other application tools.
- KU7.** Proper usage and sanitation of tools.
- KU8.** Skin types and conditions.
- KU9.** Allergies and sensitivity to makeup products.
- KU10.** Hygiene and safety standards while working with skin and products.
- KU11.** Color mixing and correction.
- KU12.** Use of color for dramatic effect under different stage lights.
- KU13.** Understanding the script to interpret character requirements.
- KU14.** Adapting makeup to suit time periods, locations, moods, and character evolution.
- KU15.** How makeup appears under stage lighting and camera angles.
- KU16.** Adjusting makeup for black & white vs. color productions.
- KU17.** Inventory of makeup kits, prosthetic materials, and hygiene products.
- KU18.** Storage, handling, and disposal of makeup materials safely.

NFD/MES/N1005: Hair styling for Theatrical Productions

Description

Researching historical hairstyles and trends

Scope

The scope covers the following :

- Researching historical hairstyles and trends
- Selecting and applying hair styling techniques
- Creating and maintaining wigs and hairpieces
- Adapting hairstyles for different characters and eras

Elements and Performance Criteria

Researching historical hairstyles and trends

To be competent, the user/individual on the job must be able to:

- PC1.** Identify key resources for researching historical hairstyles and trends for different periods (e.g., paintings, photographs, fashion plates).
- PC2.** Analyze historical context, social status, and cultural influences on hairstyles within a specific era.
- PC3.** Evaluate the feasibility of replicating historical hairstyles for theatrical productions, considering factors like practicality, actor hair length, and performance needs.
- PC4.** Develop a visual reference board depicting various historical hairstyles relevant to the production, highlighting key features and techniques.

Selecting and applying hair styling techniques

To be competent, the user/individual on the job must be able to:

- PC5.** Identify different hair styling tools and equipment and their functionalities (e.g., curling irons, flat irons, hair dryers, setting sprays).
- PC6.** Analyze the desired hairstyles for each character and select the most appropriate hair styling techniques to achieve them (e.g., braiding, pinning, weaving).
- PC7.** Apply hair styling techniques to create the desired shapes, volume, and texture for each character.
- PC8.** Evaluate the effectiveness and durability of hair styles throughout the performance period, making adjustments as necessary.

Creating and maintaining wigs and hairpieces

To be competent, the user/individual on the job must be able to:

- PC9.** Identify different types of wigs and hairpieces used in theatrical productions (e.g., lace front wigs, full wigs, hair extensions).
- PC10.** Analyze the design concept and character requirements to determine the most suitable type of wig or hairpiece.
- PC11.** Creatively construct or customize wigs and hairpieces to achieve the desired style, color, and texture.

Qualification Pack

PC12. Securely apply wigs and hairpieces to actors' heads using appropriate adhesives and techniques.

PC13. Evaluate the fit, security, and overall appearance of wigs and hairpieces, making adjustments to ensure a natural and comfortable look for the actor.

Adapting hairstyles for different characters and eras

To be competent, the user/individual on the job must be able to:

PC14. Identify key characteristics of different hairstyles across various eras (e.g., Victorian updos, flapper waves, modern pixie cuts).

PC15. Analyze the specific requirements of each character and adapt historical hairstyles to suit individual features and the overall production concept.

PC16. Develop creative variations and modifications on historical hairstyles to create unique and character-specific looks.

PC17. Skillfully adapt historical hairstyles to individual actors' hair types and textures while maintaining the overall historical essence.

PC18. Evaluate the effectiveness of hairstyle adaptations in portraying different characters and eras, ensuring accuracy and visual appeal.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. Principles of makeup application for different characters and themes.

KU2. Understanding of face anatomy, skin tones, and facial features.

KU3. Techniques for special effects makeup (scars, aging, fantasy characters, etc.).

KU4. Use of prosthetics, wigs, and hairpieces.

KU5. Different types of makeup products (creams, powders, paints, adhesives).

KU6. Knowledge of brushes, sponges, airbrush machines, and other application tools.

KU7. Proper usage and sanitation of tools.

KU8. Skin types and conditions.

KU9. Allergies and sensitivity to makeup products.

KU10. Hygiene and safety standards while working with skin and products.

KU11. Color mixing and correction.

KU12. Use of color for dramatic effect under different stage lights.

KU13. Understanding the script to interpret character requirements.

KU14. Adapting makeup to suit time periods, locations, moods, and character evolution.

KU15. How makeup appears under stage lighting and camera angles

KU16. Adjusting makeup for black & white vs. color productions.

KU17. Inventory of makeup kits, prosthetic materials, and hygiene products.

KU18. Storage, handling, and disposal of makeup materials safely.

Generic Skills (GS)

User/individual on the job needs to know how to:

Qualification Pack

Description

This OS is about Creating and Maintaining Character Prosthetics

Scope

The scope covers the following :

- Selecting and sculpting prosthetic materials
- Applying and adhering prosthetics to actors
- Blending prosthetics seamlessly with actors' skin
- Maintaining and repairing prosthetics throughout the production

Elements and Performance Criteria

Selecting and sculpting prosthetic materials

To be competent, the user/individual on the job must be able to:

- PC1.** Identify different types of prosthetic materials (e.g., latex, silicone, foam latex) and their properties.
- PC2.** Analyze the desired prosthetic effect and select the most suitable material based on factors like flexibility, durability, and skin-safe properties.
- PC3.** Sculpt prosthetic pieces using appropriate tools and techniques to achieve the desired shape and detail for the character.
- PC4.** Evaluate the sculpted prosthetic for accuracy, symmetry, and adherence to the makeup design concept.
- PC5.** Apply mold-making techniques to create reusable molds for prosthetics that require multiple applications.

Applying and adhering prosthetics to actors

To be competent, the user/individual on the job must be able to:

- PC6.** Recall the importance of proper skin preparation before prosthetic application to ensure optimal adhesion.
- PC7.** Analyze the actor's facial features and apply prosthetics with appropriate placement and blending techniques.
- PC8.** Select and utilize different adhesives (spirit gum, skin adhesives) based on the prosthetic material and desired wear time.
- PC9.** Assess the security and comfort of the applied prosthetic, making adjustments as necessary.
- PC10.** Develop creative solutions for adhering prosthetics to actors with unique facial features or allergies.

Blending prosthetics seamlessly with actors' skin

To be competent, the user/individual on the job must be able to:

- PC11.** Recognize the importance of color matching between the prosthetic and the actor's skin tone.

Qualification Pack

- PC12.** Analyze the actor's skin texture and complexion to select appropriate camouflage makeup products for seamless blending.
- PC13.** Apply advanced makeup techniques (stippling, feathering) to create a natural transition between the prosthetic and the actor's skin.
- PC14.** Evaluate the blending effect under different lighting conditions, identifying and correcting any inconsistencies in color or texture.
- PC15.** Develop customized camouflage techniques to address specific challenges posed by the prosthetic design or the actor's skin tone.

Maintaining and repairing prosthetics throughout the production

To be competent, the user/individual on the job must be able to:

- PC16.** Recall proper cleaning and storage protocols for prosthetic materials to ensure their longevity.
- PC17.** Identify signs of wear and tear on the prosthetic and determine the appropriate repair method.
- PC18.** Apply specific repair techniques (e.g., patching, re-adhering) to maintain the integrity and functionality of the prosthetic.
- PC19.** Evaluate the effectiveness of repairs and ensure the prosthetic remains secure and cosmetically appealing throughout the performance.
- PC20.** Develop proactive maintenance routines to minimize damage and extend the lifespan of the prosthetics during the production.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Principles of makeup application for different characters and themes.
- KU2.** Understanding of face anatomy, skin tones, and facial features.
- KU3.** Techniques for special effects makeup (scars, aging, fantasy characters, etc.).
- KU4.** Use of prosthetics, wigs, and hairpieces.
- KU5.** Different types of makeup products (creams, powders, paints, adhesives).
- KU6.** Knowledge of brushes, sponges, airbrush machines, and other application tools.
- KU7.** Proper usage and sanitation of tools.
- KU8.** Skin types and conditions.
- KU9.** Allergies and sensitivity to makeup products.
- KU10.** Hygiene and safety standards while working with skin and products.
- KU11.** Color mixing and correction.
- KU12.** Use of color for dramatic effect under different stage lights.
- KU13.** Understanding the script to interpret character requirements.
- KU14.** Adapting makeup to suit time periods, locations, moods, and character evolution.
- KU15.** How makeup appears under stage lighting and camera angles.
- KU16.** Adjusting makeup for black & white vs. color productions
- KU17.** Inventory of makeup kits, prosthetic materials, and hygiene products.
- KU18.** Storage, handling, and disposal of makeup materials safely.

Qualification Pack

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Understanding director and costume designer's vision
- GS2.** Explaining makeup plans clearly to performers and team members.
- GS3.** Giving and receiving constructive feedback.
- GS4.** Creating original looks based on the character or theme.
- GS5.** Thinking innovatively for special effects and character transformation.
- GS6.** Working within tight timelines during rehearsals and live performances.
- GS7.** Managing multiple actors and quick changes efficiently.
- GS8.** Coordinating with costume designers, hairstylists, lighting experts, and stage managers.
- GS9.** Working harmoniously with performers and the backstage crew.
- GS10.** Precision in makeup application.
- GS11.** Recognizing small inconsistencies that could affect stage appearance.
- GS12.** Working in various environments (theatre, outdoor venues, live shows).
- GS13.** Adjusting to last-minute changes in character design or performance schedule.
- GS14.** Working calmly under high-pressure situations like live performances or quick backstage changes.

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/training center based on this criterion.
6. To pass the Qualification Pack, every trainee should score a minimum of 70% of aggregate marks to successfully clear the assessment.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Qualification Pack

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Assessment Weightage

Compulsory NOS

National Occupational Standards	Theory Marks	Practical Marks	Project Marks	Viva Marks	Total Marks	Weightage

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
