NIE/ITS/N0204: Office automation with IT Tools-

Description

This module provides a foundational understanding of computer fundamentals, operating systems, and office automation tools. Students will gain hands-on experience with word processing, spreadsheets, and presentation software to create and manage professional documents. The module also covers efficient internet navigation, online research, e-governance services, and cyber security principles to ensure data protection. Additionally, students will explore emerging technologies such as Artificial Intelligence, Cloud Computing, IoT, and Data Analytics. Practical training includes using digital financial tools like online banking, UPI, and Aadhaar-enabled payment services, ensuring secure financial transactions in a digital environment.

Scope

The scope covers the following :

- s module develops essential IT skills for office automation, including computer fundamentals, operating systems, and productivity software. It enhances digital literacy through internet navigation, online research, and e-governance services while emphasizing cyber security and data protection. Students also explore emerging technologies like AI, Cloud Computing, and IoT and gain hands-on experience with digital financial tools for secure transactions.

Elements and Performance Criteria

Computer Operations and Office Productivity

To be competent, the user/individual on the job must be able to:

- PC1.** Understand computer components, functions, and operating systems.
- PC2.** Navigate and operate different operating system environments.
- PC3.** Utilize word processors, spreadsheets, and presentation tools for document creation and data management.

Internet Usage, Cyber Security, and Digital Awareness

To be competent, the user/individual on the job must be able to:

- PC4.** Use the internet effectively for research, communication, and e-governance services.
- PC5.** Implement basic cyber security measures to protect data and privacy.
- PC6.** Gain awareness of emerging technologies such as AI, Cloud Computing, and IoT.

Digital Financial Transactions and Security

To be competent, the user/individual on the job must be able to:

- PC7.** • Perform secure transactions using online banking, UPI, and Aadhaar-enabled payment services.
- PC8.** Utilize digital wallets and financial applications for managing payments securely.
- PC9.** Follow financial security best practices to prevent fraud and ensure safe transactions.

Knowledge and Understanding (KU)

Qualification Pack

The individual on the job needs to know and understand:

- KU1.** Understanding computer hardware, operating systems, and essential office automation software for document creation, data management, and presentations.
- KU2.** Gaining knowledge of internet navigation, online research, email communication, cyber security practices, and an overview of AI, Cloud Computing, and IoT.
- KU3.** Understanding digital payment systems, online banking, UPI, Aadhaar-enabled payment services, and security measures to ensure safe financial transactions.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Develop the ability to operate computers, navigate operating systems, and efficiently use office productivity tools for professional tasks.
- GS2.** Enhance skills in effective online communication, email etiquette, and implementing cyber security measures to protect data and privacy.
- GS3.**
 - Acquire proficiency in using digital financial tools, conducting secure online transactions, and
 - applying best practices for financial security and fraud prevention.

NIE/ITS/N0205: Communicate in English language with the ethics of BPO-

Description

This module focuses on enhancing English communication skills essential for a BPO environment. It covers effective verbal and written communication, pronunciation, phonetics, and voice modulation to minimize first-language interference. Students will develop business communication skills, including email writing, report drafting, and professional etiquette. The module also emphasizes public speaking, presentation skills, and voice and accent training to improve clarity and confidence in client interactions. Additionally, ethical communication practices in a BPO setting are reinforced to ensure professionalism and adherence to industry standards.

Scope

The scope covers the following :

- This module equips learners with essential English communication skills for a BPO environment, focusing on verbal fluency, pronunciation, and phonetics to enhance clarity and professionalism. It covers business communication, including email writing, report drafting, and professional etiquette. The module also develops public speaking and presentation skills while incorporating voice and accent training for effective client interactions. Emphasis is placed on ethical communication, active listening, and adherence to industry standards to ensure professionalism in workplace communication.

Elements and Performance Criteria

Effective Communication in a BPO Setting

To be competent, the user/individual on the job must be able to:

- PC1.** Demonstrate proficiency in verbal and written communication by using appropriate vocabulary, tone, and clarity in BPO interactions.
- PC2.** Apply active listening techniques to understand customer queries and respond accurately with professionalism.
- PC3.** Engage in role-plays and real-life scenarios to enhance conversational skills and handle customer interactions effectively

Pronunciation, Phonetics, and Accent Neutralization

To be competent, the user/individual on the job must be able to:

- PC4.** Apply phonetic rules and accent training techniques to minimize first language interference and improve pronunciation.
- PC5.** Participate in voice modulation exercises to enhance clarity and professionalism in speech.
- PC6.** Practice neutral or desired accent adaptation to ensure better interaction with international clients.

Business Communication and Ethics in BPO

To be competent, the user/individual on the job must be able to:

- PC7.** Develop proficiency in writing professional emails, reports, and business documents following BPO industry standards.

Qualification Pack

- PC8.** Apply ethical communication principles while handling sensitive customer information and workplace interactions.
- PC9.** Utilize presentation techniques and public speaking skills to confidently convey information in meetings and client interactions.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Understanding the fundamentals of verbal and written communication, including clarity, tone, and professional etiquette in a BPO environment.
- KU2.** Gaining knowledge of phonetics, accent neutralization, and voice modulation techniques to improve speech clarity and reduce first-language interference.
- KU3.** Understanding the structure and tone of professional emails, reports, and customer interactions while adhering to ethical standards in a BPO setting.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Develop the ability to communicate fluently and professionally in English, ensuring clarity in verbal and written interactions.
- GS2.** Enhance listening skills to understand customer needs, respond appropriately, and adapt communication styles based on different situations.
- GS3.** Apply proper business etiquette, maintain professionalism in client interactions, and uphold ethical communication practices in a BPO setting.

NIE/ITS/N0202: Use of soft skills for BPO

Description

This module focuses on developing essential soft skills required for a successful career in the BPO industry. It enhances communication, teamwork, and leadership abilities while emphasizing professionalism in customer interactions. Learners will gain expertise in handling customer calls, managing stress, and applying emotional intelligence to resolve queries effectively. The module also covers time management, corporate culture, and customer relationship management (CRM) principles. Through practical exercises, students will improve their problem-solving skills, confidence in public speaking, and ability to handle workplace challenges efficiently.

Scope

The scope covers the following :

- This module covers key soft skills necessary for success in the BPO industry, including effective communication, emotional intelligence, teamwork, and leadership. It focuses on enhancing verbal and listening skills for better customer interactions, stress management, and time management to improve workplace productivity. The scope also includes developing skills in call handling, conflict resolution, and customer relationship management (CRM), along with building confidence for public speaking and interviews. Overall, the module prepares learners to navigate professional scenarios with confidence and professionalism in a BPO environment.

Elements and Performance Criteria

Effective Communication and Emotional Intelligence in BPO

To be competent, the user/individual on the job must be able to:

- PC1.** Demonstrate strong verbal and listening skills to engage professionally with customers and colleagues.
- PC2.** Apply emotional intelligence techniques to handle customer interactions with empathy and patience.
- PC3.** Utilize problem-solving and conflict resolution strategies to manage and resolve customer complaints effectively.

Stress Management and Professional Etiquette

To be competent, the user/individual on the job must be able to:

- PC4.** Implement stress and time management techniques to enhance workplace productivity and maintain self-motivation.
- PC5.** Exhibit professional etiquette in handling customer calls, maintaining data security, and following ethical communication standards.
- PC6.** Adapt to workplace challenges with confidence, using self-esteem-building techniques to maintain a positive attitude.

Leadership, Teamwork, and Corporate Culture

To be competent, the user/individual on the job must be able to:

- PC7.** Participate actively in team-building activities and collaborative projects to develop leadership and teamwork skills.

Qualification Pack

- PC8.** Demonstrate an understanding of corporate culture, organizational values, and customer relationship management (CRM) principles in professional interactions.
- PC9.** Apply effective presentation and public speaking skills in professional scenarios such as group discussions, interviews, and role-plays.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Understanding the principles of effective communication, including verbal and non-verbal communication, active listening, and professional etiquette in customer interactions.
- KU2.** Gaining knowledge of emotional intelligence techniques to manage customer interactions empathetically, along with strategies for managing stress and maintaining professionalism in high-pressure situations.
- KU3.** Understanding the importance of corporate culture in a BPO setting, including the application of CRM principles to build positive client relationships and foster teamwork.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Develop the ability to communicate clearly and professionally, while using active listening techniques to understand and respond appropriately to customer needs.
- GS2.** Enhance skills in managing stress and time effectively to maintain productivity and well-being in a fast-paced BPO environment.
- GS3.** Build collaborative teamwork skills and leadership qualities to foster a positive work environment and manage customer service challenges with confidence.

NIE/ITS/N0203: Project-Customer Interaction & Professional Communication in ITES BPO (Voice)

Description

This project focuses on enhancing the communication, business ethics, and soft skills of ITES BPO executives (Voice). The project aims to improve verbal communication proficiency, customer handling skills, ethical practices, and emotional intelligence in real-world BPO scenarios. Through this project, learners will gain hands-on experience in handling customer queries, resolving complaints, and delivering high-quality service while adhering to BPO industry standards.

Scope

The scope covers the following :

- The scope of this project includes:
- Effective communication in English, including pronunciation, voice modulation, and accent training.
- Business communication, including email writing, report drafting, and ethical standards in the BPO industry.
- Soft skills development, including leadership, teamwork, stress management, and customer handling techniques.
- Practical implementation through mock call scenarios, role plays, and real-time client interaction simulations.

Elements and Performance Criteria

Effective Business Communication & Ethical Practices in BPO

To be competent, the user/individual on the job must be able to:

- PC1.** Demonstrate clarity and professionalism in verbal communication by using appropriate tone, pronunciation, and grammar during customer interactions.
- PC2.** Apply active listening techniques to accurately understand customer needs, respond effectively, and ensure a seamless conversation flow.
- PC3.** Utilize business communication skills to draft clear and professional emails, reports, and other essential documents in compliance with BPO ethics.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Understanding the fundamentals of effective communication and the communication process in BPO.
- KU2.** Knowledge of BPO business ethics, data security, and compliance standards.
- KU3.** Awareness of emotional intelligence, customer handling techniques, and stress management strategies.

Generic Skills (GS)

Qualification Pack

User/individual on the job needs to know how to:

- GS1.** Ability to engage in clear, confident, and professional customer interactions.
- GS2.** Capability to draft and respond to business communication while maintaining professionalism and ethics.
- GS3.** Proficiency in managing stress, time, and teamwork to ensure productivity and efficiency in a BPO work environment.

DGT/VSQ/N0101: Employability Skills (30 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

PC1. understand the significance of employability skills in meeting the job requirements

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

PC2. identify constitutional values, civic rights, duties, personal values and ethics and environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

PC3. explain 21st Century Skills such as Self-Awareness, Behavior Skills, Positive attitude, self-motivation, problem-solving, creative thinking, time management, social and cultural awareness, emotional awareness, continuous learning mindset etc.

Basic English Skills

To be competent, the user/individual on the job must be able to:

PC4. speak with others using some basic English phrases or sentences

Communication Skills

To be competent, the user/individual on the job must be able to:

PC5. follow good manners while communicating with others

PC6. work with others in a team

Qualification Pack

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

PC7. communicate and behave appropriately with all genders and PwD

PC8. report any issues related to sexual harassment

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

PC9. use various financial products and services safely and securely

PC10. calculate income, expenses, savings etc.

PC11. approach the concerned authorities for any exploitation as per legal rights and laws

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

PC12. operate digital devices and use its features and applications securely and safely

PC13. use internet and social media platforms securely and safely

Entrepreneurship

To be competent, the user/individual on the job must be able to:

PC14. identify and assess opportunities for potential business

PC15. identify sources for arranging money and associated financial and legal challenges

Customer Service

To be competent, the user/individual on the job must be able to:

PC16. identify different types of customers

PC17. identify customer needs and address them appropriately

PC18. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC19. create a basic biodata

PC20. search for suitable jobs and apply

PC21. identify and register apprenticeship opportunities as per requirement

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use basic spoken English language

KU6. Do and dont of effective communication

KU7. inclusivity and its importance

KU8. different types of disabilities and appropriate communication and behaviour towards PwD

KU9. different types of financial products and services

Qualification Pack

- KU10.** how to compute income and expenses
- KU11.** importance of maintaining safety and security in financial transactions
- KU12.** different legal rights and laws

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

- Assessment of the qualification evaluates candidates to ascertain that they can integrate knowledge, skills and values for carrying out relevant tasks as per the defined learning outcomes and assessment criteria.
- The underlying principle of assessment is fairness and transparency. The evidence of the outcomes and assessment criteria. competence acquired by the candidate
- can be obtained by conducting Theory (Online), Practical assessment, Internal assessment, Project/Presentation/ Assignment, Major Project. The emphasis is on the
- practical demonstration of skills & knowledge gained by the candidate through the training. Each OUTCOME is assessed & marked separately.

A candidate is required to pass all OUTCOMES individually based on the passing criteria.

About Examination Pattern:

1. The question papers for the theory and practical exams are set by the Examination wing (assessor) of NIELIT HQS.

Qualification Pack

2. The assessor assigns roll number
 3. The assessor carries out theory online assessments through remote proctoring methodology. Theory examination would be conducted online and the paper comprise of MCQ. Conduct of assessment are through trained proctors. Once the test begins, remote proctors have full access to candidate's video feeds and computer screens. Proctors authenticate the candidate based on registration details, pre-test image captured and I- card in possession of the candidate. Proctors can chat with candidates or give warnings to candidates. Proctors can also take screenshots, terminate a specific user's test session, or re-authenticate candidates based on video feeds.
 4. An External Examiner/ Observer may be deployed including NIELIT officials for evaluation of Practical examination/ internal assessment / Project/ Presentation/. Major Project (if applicable) would be evaluated preferably by external/ subject expert including NIELIT officials.
 5. Pass percentage would be 50% marks in each component
 6. Candidates may apply for re-examination within the validity of registration (only in the assessment component in which the candidate failed).
 7. For re-examination prescribed examination fee is required to be paid by the candidate only for the assessment component in which the candidate wants to reappear.
 8. There would be no exemption for any paper/module for candidates having similar qualifications or skills.
 9. The examination will be conducted in English language only.
- Quality assurance activities: A pool of questions is created by a subject matter expert and moderated by other SME. Test rules are set beforehand. Random set of questions which are according to syllabus appears which may differ from candidate to candidate. Confidentiality and impartiality are maintained during all the examination and evaluation processes.

Minimum Aggregate Passing % at QP Level : 50

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.
Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.

Qualification Pack

Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
National Occupational Standard	NOS define the measurable performance outcomes required from an individual engaged in a particular task. They list down what an individual performing that task should know and also do.
Qualification	A formal outcome of an assessment and validation process which is obtained when a competent body determines that an individual has achieved learning outcomes to given standards
Qualification File	A Qualification File is a template designed to capture necessary information of a Qualification from the perspective of NSQF compliance. The Qualification File will be normally submitted by the awarding body for the qualification.
Sector	A grouping of professional activities on the basis of their main economic function, product, service or technology.
Long Term Training	Long-term skilling means any vocational training program undertaken for a year and above. https://ncvet.gov.in/sites/default/files/NCVET.pdf
National Occupational Standard	NOS define the measurable performance outcomes required from an individual engaged in a particular task. They list down what an individual performing that task should know and also do.
Qualification	A formal outcome of an assessment and validation process which is obtained when a competent body determines that an individual has achieved learning outcomes to given standards.
