SSC/N3022: Undertake data entry services

Description

This unit is responsible for performing data entry work using a personal computer and appropriate software, entering, updating, researching, verifying and/or retrieving data into/from various systems, and ensuring the accuracy and confidentiality of information recorded..

Scope

The scope covers the following :

- Collection of customer information within estimated timeframe
- Problems related to networking/connectivity/operating system/software installation/ configuration of computer/ hardware data entry
- Errors related to database management, database access management, service request delay, etc.
- Interact with appropriate people like line manager/supervisor/ subject matter experts

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** obtain sufficient information from the customer /client to understand the need and perform initial task
- PC2.** assist the customer in providing sufficient information to be entered and collate the same
- PC3.** provide the customer with a reasonable estimate time of entering data
- PC4.** prioritize service requests according to organizational guidelines
- PC5.** refer the problem to the technical support team if it cannot be resolved by the operator
- PC6.** monitor the problem and keep the customer informed about progress or any delays in the process
- PC7.** record and perform the service request accurately as per organizational processes and policies
- PC8.** transcribe, enter, and verify data from a variety of source material including financial, personnel, police and other records and correct any errors with the source
- PC9.** receive source documents from various departments, public, agencies, etc. and verify accuracy of material, prior to input
- PC10.** transcribe selected data into a computer and scan source documents in accordance with specific program instructions and compare the same
- PC11.** obtain help or advice from supervisor if the problem is outside his/her area of competence or experience
- PC12.** determine the cause of error message while entering data and make corrections
- PC13.** maintain files of source documents or other information relative to data entered
- PC14.** perform various related functions to maintain computer and other hardware
- PC15.** assist in (or perform) the filing and storage of security and back up data files
- PC16.** perform back-up or relief clerical duties as needed (i.e., switchboard, receptionist, fingerprinting, etc.)

Qualification Pack

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** relevant legislation, standards, policies, and procedures followed in the company
- KU2.** how to engage with both internal and external specialists for support in order to perform the desired task
- KU3.** data entry procedures, tools, and techniques
- KU4.** potential helpdesk customers and their typical requirements
- KU5.** role and importance of the data entry operator in supporting business operations
- KU6.** the adequacy of existing helpdesk feedback systems and suggest improvements
- KU7.** basic understanding of computer and its terminology
- KU8.** different software needed for report writing including MS office suit or Open-source software
- KU9.** basic and advance PC workstation configuration, maintenance, networking as well as trouble shooting
- KU10.** the operation and use of a standard alphanumeric keyboard
- KU11.** how to compile simple reports from data entered and ability to make comparisons between them through use of various database management software
- KU12.** how to make error free data entry with the help of software devices
- KU13.** typical problems raised by customers and their solutions, including workaround (alternate/situational) solutions
- KU14.** typical response times and service times for problem mitigation
- KU15.** the importance of documenting, classifying, prioritizing service requests, crowd management and others
- KU16.** maintain a knowledge-base of the known problems, helpdesk system, policies, etc.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** document call logs, reports, task lists, and schedules with co-workers
- GS2.** prepare status and progress reports and write in at least one language
- GS3.** read about the software and the documents, products and services with reference to the organization
- GS4.** keep abreast with the latest knowledge by reading newspaper , pamphlets, and product information sheets
- GS5.** read comments, suggestions, and responses to frequently asked questions (FAQs) posted on the helpdesk portal
- GS6.** discuss task lists, schedules, and work-loads with co-workers
- GS7.** question customers appropriately in order to understand the nature of the problem and make a diagnosis
- GS8.** give clear instructions to customers and perform the task and inform about the progress
- GS9.** avoid using jargon, slang or acronyms when communicating with a customer, unless it is required

Qualification Pack

- GS10.** follow rule-based decision-making processes to identify anomalies in data and refer it to the supervisor
- GS11.** work effectively, independently and collaboratively in a team environment
- GS12.** carry out rule-based transactions in line with customer-specific guidelines/procedures and service level agreements
- GS13.** apply problem-solving approaches in different situations
- GS14.** configure data and disseminate relevant information to others
- GS15.** use information technology effectively to input and/or extract data accurately
- GS16.** apply balance judgments to different situations in a detailed and constructive way

DGT/VSQ/N0101: Employability Skills (30 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

PC1. understand the significance of employability skills in meeting the job requirements

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

PC2. identify constitutional values, civic rights, duties, personal values and ethics and environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

PC3. explain 21st Century Skills such as Self-Awareness, Behavior Skills, Positive attitude, self-motivation, problem-solving, creative thinking, time management, social and cultural awareness, emotional awareness, continuous learning mindset etc.

Basic English Skills

To be competent, the user/individual on the job must be able to:

PC4. speak with others using some basic English phrases or sentences

Communication Skills

To be competent, the user/individual on the job must be able to:

PC5. follow good manners while communicating with others

PC6. work with others in a team

Qualification Pack

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

PC7. communicate and behave appropriately with all genders and PwD

PC8. report any issues related to sexual harassment

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

PC9. use various financial products and services safely and securely

PC10. calculate income, expenses, savings etc.

PC11. approach the concerned authorities for any exploitation as per legal rights and laws

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

PC12. operate digital devices and use its features and applications securely and safely

PC13. use internet and social media platforms securely and safely

Entrepreneurship

To be competent, the user/individual on the job must be able to:

PC14. identify and assess opportunities for potential business

PC15. identify sources for arranging money and associated financial and legal challenges

Customer Service

To be competent, the user/individual on the job must be able to:

PC16. identify different types of customers

PC17. identify customer needs and address them appropriately

PC18. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC19. create a basic biodata

PC20. search for suitable jobs and apply

PC21. identify and register apprenticeship opportunities as per requirement

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use basic spoken English language

KU6. Do and dont of effective communication

KU7. inclusivity and its importance

KU8. different types of disabilities and appropriate communication and behaviour towards PwD

KU9. different types of financial products and services

Qualification Pack

- KU10.** how to compute income and expenses
- KU11.** importance of maintaining safety and security in financial transactions
- KU12.** different legal rights and laws
- KU13.** how to operate digital devices and applications safely and securely
- KU14.** ways to identify business opportunities
- KU15.** types of customers and their needs
- KU16.** how to apply for a job and prepare for an interview
- KU17.** apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** communicate effectively using appropriate language
- GS2.** behave politely and appropriately with all
- GS3.** perform basic calculations
- GS4.** solve problems effectively
- GS5.** be careful and attentive at work
- GS6.** use time effectively
- GS7.** maintain hygiene and sanitisation to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

Common guidelines for assessment of Trainees from all the categories of Disability

- Validate the type of Disability of the candidate along with the original Disability Certificate (Please note: In PMKVY, the batch should not have the candidates with Multiple Disabilities and the Disability type should be same as provided in SDMS).
- Do ask questions openly. Do not assume anything. For example, ask your trainees with disabilities if they need any change in the kind of assessment setup provided.
- Be prepared to make your assessments person-specific including the practical part too without compromising on the criteria set up by the Domain SSC.
- Provide the candidate with the desired assistive devices which may vary from candidate to candidate.
- Do understand that every trainee with disability has a journey: he/she are likely to have identified solutions that best work for him/her. Do not expect your trainees with disability to go through the same processes with the same rigour as your trainees without disability.
- Remember that your trainees with disability are going to work with persons without disability. Pitying,

Qualification Pack

belittling or lowering the standards would defeat the purpose.

- An extension of 20 minutes per hour is recommended. This can be further increased as per circumstances/ requirement of the candidate (for details please refer to the Examination Guideline developed by MSJE).
- Services of scribe/ writer/ reader/ lab assistant should be allowed to any person who has Disability of 40% or more if so desired by the person.
- General comfort of the candidate should be kept in view inside the assessment room.
- Follow the health/ safety guidelines if any issued by the authorities.

Minimum Aggregate Passing % at QP Level : 40

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Minimum Passing % at NOS Level: 40

(Please note: A Trainee must score the minimum percentage for each NOS separately as well as on the QP as a whole.)

Assessment Weightage

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
Helpdesk	Helpdesk is an entity to which the customers will report their IT problems. IT Service Helpdesk Attendant is responsible for managing the helpdesk.
Helpdesk	Helpdesk is an entity to which the customers will report their IT problems. IT Service Helpdesk Attendant is responsible for managing the helpdesk
