Qualification Pack

PWD/N4020: Prepare and maintain housing for broiler / layer birds.

Description

This OS unit is about preparing and maintaining poultry sheds for rearing broiler/layer birds

Scope

The scope covers the following :

- Assist in preparing the housing area for broiler/layer birds
- Maintain the housing area for broiler/layer birds

Elements and Performance Criteria

Prepare the housing area for broiler/layer birds

To be competent, the user/individual on the job must be able to:

- PC1.** carry out micro-planning of activities for poultry business with assistance
- PC2.** Assist in identifying a suitable location with optimum size and space for the construction of housing area for the broiler/layer birds
- PC3.** procure the required inputs for the establishment of the poultry farm with assistance
- PC4.** prepare the housing area, adhering to the industry norms and recommendations under supervision
- PC5.** Assist in build nesting units for the egg-layers to facilitate proper hatching
- PC6.** provide adequate number of feeders, water holders and other equipment for the birds housed under supervision
- PC7.** monitor the supply of inputs as per the requirement of birds

Maintain the housing area for broiler/layer birds

To be competent, the user/individual on the job must be able to:

- PC8.** follow cleaning routine on a regular basis
- PC9.** ensure the housing area is sanitized frequently, following the industry standards
- PC10.** ensure all the tools and equipment are routinely sanitized and stored in designated places as per the industry norms
- PC11.** follow the techniques which promote health and safety of the birds as per SOP
- PC12.** Assist in managing the problems arising while monitoring the housing in order to maintain health and safety of the birds, workers, helpers, etc

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** rules and regulations pertaining to poultry welfare and farming
- KU2.** own job role & responsibilities and standard operating procedures

Qualification Pack

- KU3.** relevant legislation, standards, policies and procedures for preparation and management of poultry shed
- KU4.** relevant health and safety requirements applicable to the work environment
- KU5.** types of poultry housing
- KU6.** how to build nesting unit
- KU7.** required quantity and quality of materials and equipment required in the poultry shed for maintaining health and hygiene of birds
- KU8.** potential hazards which may arise in the shed owing to the materials used or any equipment malfunction or by the birds/humans
- KU9.** factors to be considered while monitoring the poultry shed and environmental conditions
- KU10.** safe waste disposal techniques as per the industry norms
- KU11.** Impact of not following the health, hygiene, safety and quality standards on birds, consumers and the business
- KU12.** seasonal management techniques to combat the climatic stress to the birds

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Note / record the information communicated by the workers and helpers
- GS2.** Note / record the data which are required for record keeping purpose and maintain the process charts
- GS3.** maintain effective work relationship with other workers, helpers and customers
- GS4.** identify problems that may arise in carrying out tasks and take preventative action
- GS5.** plan and organize the work orders & activities with the workers to utilize time and equipment effectively under supervision

PWD/N4022: Prepare the poultry shed to receive and manage the chicks / birds.

Description

This OS unit is about the preparation of the poultry shed to receive the chicks/birds and manage them.

Scope

The scope covers the following :

- Receive and handle the chicks/birds
- Manage chicks/birds for better livability and productivity

Elements and Performance Criteria

Receive and handle the chicks/birds

To be competent, the user/individual on the job must be able to:

- PC1.** wear suitable personal protective equipment when receiving and handling poultry birds in their accommodation/sheds
- PC2.** ensure the shed and its surrounding area is thoroughly sanitized before the receipt of new batch of chicks/birds
- PC3.** prepare and arrange adequate quantity of materials and establish suitable equipment necessary for the reception of birds prior to their arrival
- PC4.** maintain a conducive environment during the arrival and establishment of chicks/birds
- PC5.** adhere to standard operating procedures while carrying out work

Manage chicks/birds for better livability and productivity

To be competent, the user/individual on the job must be able to:

- PC6.** ensure adequate light and heat in the area to make the place conducive for proper growth and development of chicks/birds
- PC7.** ensure adequate feed and water is available with sufficient area for the chicks/birds to move around as recommended in the SOP
- PC8.** Assist in arranging for bio-security measures and vaccination schedules for better health of chicks/birds
- PC9.** ensure balanced feed and sanitized water is being provided to chicks/birds
- PC10.** Assist in maintaining the quality of litter with optimum moisture and ammonia level by racking
- PC11.** monitor and assess the condition of chicks/birds to ensure their health and safety
- PC12.**
 - ensure the disposal of waste materials is done in an eco-friendly manner, adhering to
 - industry standards

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

Qualification Pack

- KU1.** rules and regulations pertaining to poultry welfare and farming
- KU2.** own job roles & responsibilities and standard operating procedures
- KU3.** types of housing areas suitable for the chicks/birds
- KU4.** appropriate stocking density as per the age of birds
- KU5.** quantity & quality of materials and equipment required in the poultry shed for maintaining health and hygiene of birds
- KU6.** the signs of stress, normal/abnormal behavior in birds and its alleviation methods
- KU7.** disinfection process for poultry shed, equipment and other tools
- KU8.** impact of not following the health, hygiene, safety and quality standards on birds, consumers and the business
- KU9.** waste disposal techniques for litter & discarded feed as per the industry guidelines and policies

PWD/N4024: Maintain the supply of feed and water for poultry birds

Description

This OS unit is about procuring, storing and providing feed and water to the birds

Scope

The scope covers the following :

- Receive and store feed matter
- Provide feed and water to broiler/layer birds

Elements and Performance Criteria

Receive and store feed matter

To be competent, the user/individual on the job must be able to:

- PC1.** check the quantity, quality and type of feed for suitability of feeding to the birds
- PC2.** report any issue with quantity, quality or type of the feed received to the concerned person immediately
- PC3.** ensure the feed is stored safely over wooden pallets to prevent moisture or fungal/pest infestation
- PC4.** assess the quality of stored feed on a routine basis for any moisture or fungal/pest infestation and take necessary action
- PC5.** assess and maintain the feed stock levels as per the requirement of birds in the poultry house

Provide feed and water to the broiler/layer birds

To be competent, the user/individual on the job must be able to:

- PC6.** ensure to wash hands appropriately before and after handling bird feed
- PC7.** ensure all the equipment, PPE, etc. being used to prepare, distribute and manage feed and water are sanitized
- PC8.** prepare the correct amount of bird feed as directed in the feeding plan in a way that minimizes wastage
- PC9.** ensure proper distribution of balanced feed and sanitized water to the birds
- PC10.** use the distribution cup to distribute the feed
- PC11.** provide appropriate feed supplements essential for bird nutrition and growth, if necessary
- PC12.** adopt feed grams as per the birds' age and body-weight gained under supervision
- PC13.** ensure safe disposal of stale and unused feed & water periodically following the SOP
- PC14.** monitor the feed & water consumption of the birds and take necessary action in case of any discrepancy
- PC15.** modify the distribution of feed and water process according to the season under supervision

Knowledge and Understanding (KU)

Qualification Pack

The individual on the job needs to know and understand:

- KU1.** job responsibilities and duties as per the industry policies and guidelines
- KU2.** procedures of maintaining & sanitizing of feed and water equipment as per the SOP
- KU3.** different types of feed and supplements
- KU4.** principles of stock rotation under supervision
- KU5.** the quantity and type of feed and water requirements of birds as per their breed, season and growth stage
- KU6.** impact of storing feed and water in unclean & improper conditions on birds health and the business
- KU7.** management techniques of different pests and diseases which affect the feed under supervision.
- KU8.** waste disposal techniques for discarded feed as per the industry guidelines and policies

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** communicate relevant information to the workers and helpers
- GS2.** note the information required for the record keeping purpose
- GS3.** identify problems that may arise in carrying out tasks and take preventative action

PWD/N4025: Maintain the health of birds at poultry farm

Description

This OS unit is about maintaining good health and well-being of the poultry birds

Scope

The scope covers the following :

- Monitor the health and well-being of birds
- Provide basic treatment to ailing birds

Elements and Performance Criteria

Monitor the health and well-being of birds

To be competent, the user/individual on the job must be able to:

- PC1.** monitor the biosecurity measures such as human spray, food dip, vehicle dip/spray and movement of predator animals
- PC2.** ensure the birds are treated in a manner which complies with relevant regulations, minimizes any likelihood of stress and injury while maintaining their health and well-being
- PC3.** ensure sufficient stocking density for movement and comfort of birds
- PC4.** carry out debeaking of poultry birds at an appropriate age
- PC5.** carry out regular deworming of poultry birds
- PC6.** observe for any clinical signs for the prevalence of any disease, and take necessary action
- PC7.** check for the incidence of any ecto-parasites in birds
- PC8.** follow the recommended vaccination schedule for immunizing the birds against diseases
- PC9.** take veterinary assistance, if there is any symptom of diseases in the flock
- PC10.** ensure specific measures are in place to prevent the spread of any pest or disease and promote good health and well-being of birds
- PC11.** monitor the safe disposal of the poultry waste

Provide basic treatment to ailing birds

To be competent, the user/individual on the job must be able to:

- PC12.** store the emergency drugs and vaccines for use, in case of any disease outbreak
- PC13.** use only uncontaminated and prescribed medication for the intended birds
- PC14.** ensure the correct techniques are employed to give the specified treatment at the correct time
- PC15.** report any difficulties, in administering treatments, immediately to the concerned authority
- PC16.** record the vaccination and medication details in the concerned register
- PC17.** observe closely the response to treatment given to the birds, and report to the concerned person
- PC18.** observe closely the response to treatment given to the birds, and report to the concerned person

PWD/N4029: Carry out collection of eggs and lifting of broiler birds for market.

Description

This OS unit is about harvesting eggs from the layer birds and lifting of broiler/meat birds for marketing

Scope

The scope covers the following :

- Collect eggs for marketing
- Lift birds for the meat market
- Practice inclusion at the workplace

Elements and Performance Criteria

Collect eggs for marketing

To be competent, the user/individual on the job must be able to:

- PC1.** assess the poultry shed to roughly estimate the number of eggs laid by the birds
- PC2.** ensure the eggs are collected on a regular basis in cushioned trays to avoid any crack or breakage
- PC3.** ensure that hygiene standards are met at the time of egg collection as per the industry norms
- PC4.** grade and store the collected eggs under supervision

Lift birds for the meat market

To be competent, the user/individual on the job must be able to:

- PC5.** lift the birds during cool hours or at night time to avoid stress and shrinkage
- PC6.** place the lifted birds into plastic crates or aluminium modules designed with good ventilation and safety attributes
- PC7.** ensure the transportation of live birds is done with care and precaution maintaining full safety standards

Practice inclusion at the workplace

To be competent, the user/individual on the job must be able to:

- PC8.** maintain a conducive environment for all the genders and Persons with Disabilities (PwD) at the workplace
- PC9.** encourage appropriate behaviour and conduct with people across genders and PwD
- PC10.** practice appropriate verbal and non-verbal communication while interacting with PwD and across gender
- PC11.** ensure equal participation of people across genders and PwD in discussions

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

Qualification Pack

- KU1.** relevant health and safety requirements applicable to the work environment
- KU2.** own job roles & responsibilities and standard operating procedures
- KU3.** impact of not following the health, hygiene, safety and quality standards on birds, consumers and the business
- KU4.** how to maintain a conducive environment for collecting eggs and lifting of bird
- KU5.** different techniques and methods employed as per the industry guidelines for collection of eggs and lifting of birds
- KU6.** inclusive practices at the workplace

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Note/record the information communicated by the workers
- GS2.** maintain effective work relationship with the workers, helpers and customers
- GS3.** Communicate clearly and effectively with the stakeholder
- GS4.** follow work orders & activities with the workers to utilize time and equipment effectively

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** identify employability skills required for jobs in various industries
- PC2.** identify and explore learning and employability portals

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

- PC3.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. and personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC4.** follow environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC5.** recognize the significance of 21st Century Skills for employment
- PC6.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life

Qualification Pack

Basic English Skills

To be competent, the user/individual on the job must be able to:

- PC7.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC8.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC9.** write short messages, notes, letters, e-mails etc. in English

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC10.** follow verbal and non-verbal communication etiquette and active listening techniques in various settings
- PC11.** recognize how to eliminate barriers to effective communication
- PC12.** work collaboratively with others in a team

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC13.** operate digital devices and carry out basic internet operations securely and safely
- PC14.** use e-mail and social media platforms, search engines and virtual collaboration tools to work effectively
- PC15.** use basic features of word processor, spreadsheets, and presentations
- PC16.** identify popular sites for learning & career growth

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC17.** communicate and behave appropriately with all genders and PwD
- PC18.** explain business benefits of inclusive workplace
- PC19.** identify common barriers to Diversity & Inclusion
- PC20.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC21.** select financial institutions, products, and services as per requirement
- PC22.** carry out offline and online financial transactions, safely and securely
- PC23.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC24.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC25.** understand the difference between job and career
- PC26.** prepare a career development plan with short- and long-term goals, based on aptitude, interest & explain steps involved in conducting a market scan

Customer Service

To be competent, the user/individual on the job must be able to:

- PC27.** identify different types of customers
- PC28.** identify and respond to customer requests and needs in a professional manner.

Qualification Pack

PC29. Elaborate types and importance of closing techniques during customer interface

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC30. follow appropriate hygiene and grooming standards

PC31. identify four stages of action to prepare for employment

PC32. identify common workplace solutions for better output

PC33. create a professional Curriculum vitae (Résumé)

PC34. search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively

PC35. apply to identified job openings using offline /online methods as per requirement

PC36. answer questions politely, with clarity and confidence, during recruitment and selection

PC37. evaluate failures and rejections for future opportunities

PC38. identify apprenticeship opportunities and register for it as per guidelines and requirements

Disability Specific Skills

To be competent, the user/individual on the job must be able to:

PC39. identify the requirements and challenges of employment in terms of one's limitations and strengths

PC40. apply four stages of action for employment

PC41. apply solutions for challenges associated with one's disability at workplace

PC42. discuss significance of workplace challenges for the Persons with Disability

PC43. describe importance and impact of independent functioning for a person with disability at home, work place or community at large

PC44. illustrate skills like independent mobility, note taking and communication.

PC45. discuss ways to break barriers with colleagues owing to one's disability

PC46. use positive language to communicate about one's disability and possible intervention

Entrepreneurship

To be competent, the user/individual on the job must be able to:

PC47. identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research

PC48. develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion

PC49. identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills and different learning and employability related portals

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty one century skills and their importance

Qualification Pack

- KU5.** how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up
- KU6.** importance of career development and setting long- and short-term goals
- KU7.** about effective communication
- KU8.** POSH Act
- KU9.** Gender sensitivity and inclusivity
- KU10.** different types of financial institutes, products, and services
- KU11.** how to compute income and expenditure
- KU12.** importance of maintaining safety and security in offline and online financial transactions
- KU13.** different legal rights and laws
- KU14.** different types of digital devices and the procedure to operate them safely and securely
- KU15.** how to create and operate an e- mail account and use applications such as word processors, spreadsheets etc.
- KU16.** how to identify business opportunities
- KU17.** types and needs of customers
- KU18.** how to apply for a job and prepare for an interview
- KU19.** apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** read and write different types of documents/instructions/correspondence
- GS2.** communicate effectively using appropriate language in formal and informal settings
- GS3.** behave politely and appropriately with all
- GS4.** how to work in a virtual mode
- GS5.** perform calculations efficiently
- GS6.** solve problems effectively
- GS7.** pay attention to details
- GS8.** manage time efficiently
- GS9.** maintain hygiene and sanitization to avoid infection

PWD/N4030: Undertake sanitization and biosecurity measures for the replacement stock

Description

This OS unit is about sanitizing the shed and complying with the biosecurity measures for the replacement stock.

Scope

The scope covers the following :

- Sanitize the shed after lifting the birds
- Comply with the bio-security standards

Elements and Performance Criteria

Sanitise the shed after lifting the birds

To be competent, the user/individual on the job must be able to:

- PC1.** plan in advance for the post-harvest cleanout
- PC2.** carry out dry and wet cleaning procedure
- PC3.** ensure all the equipment, feed & water bowls, electrical appliances in the shed are taken out for maintenance and upkeep
- PC4.** use a high pressure hose to clean the whole shed thoroughly
- PC5.** white wash the floor and side walls
- PC6.** segregate waste into different categories
- PC7.** deposit recyclable and reusable material at identified location
- PC8.** dispose non-recyclable waste appropriately

Comply with the biosecurity standards

To be competent, the user/individual on the job must be able to:

- PC9.** minimize the human and vehicle traffic with precaution
- PC10.** provide signage boards for directions and entry restrictions
- PC11.** prevent the stray animals and wild birds entering into the farm premises
- PC12.** ensure the workers comply with the industry's safety and hygiene norms viz. use of sanitizers, wearing PPE, etc
- PC13.** ensure safe disposal of dead birds and other poultry waste, as per the industry norms

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** method of cleanout post-harvesting
- KU2.** procedures of maintaining and sanitizing of feed and water equipment
- KU3.** safe waste disposal methods for litter, discarded feed, dead birds and other poultry waste

Qualification Pack

- KU4.** impact of not following proper techniques and methods of sanitising and waste disposal on birds' health and the business
- KU5.** Causes of disease spread and methods of preventing disease spread from humans and other birds and animals and vice-versa

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Note/Record the information communicated by the worker
- GS2.** stay updated with the latest development in poultry farming by reading brochures, pamphlets, etc.
- GS3.** maintain effective work relationship with the worker
- GS4.** identify problems that may arise in carrying out tasks and take preventative action
- GS5.** Follow work orders & activities with the workers to utilise time and equipment effectively
- GS6.** identify problems that may arise in carrying out tasks and take preventative action

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each PC. The assessment for the theory part will be based on knowledge bank of questions created by the SSC. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below). Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria. In case of successfully passing only certain number of NOSs, the trainee is eligible to take subsequent assessment on the balance NOS's to pass the Qualification Pack. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack – within 6 months (preferably)

Minimum Aggregate Passing % at QP Level : 40

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
