Qualification Pack

PWD/N4021: Maintain work area, tools, and machines.

Description

This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required to organize/ maintain work areas and activities to ensure tools and machines are maintained as per norms. It also covers procedures and compliance standards to identify, prevent, control, minimize and eliminate hazards and potential risks to self and others at the workplace

Scope

The scope covers the following :

- Maintain the work area, handle tools and machine

Elements and Performance Criteria

Maintain the work area, handle tools and machines

To be competent, the user/individual on the job must be able to:

- PC1.** Handle materials, machinery, equipment and tools safely and correctly to maintain a clean and hazard free working area
- PC2.** Use correct lifting and handling procedures
- PC3.** Use materials appropriately to minimize wastage and dispose off waste safely at the designated location.
- PC4.** Carry out running maintenance and/or cleaning within one's responsibility and agreed schedules
- PC5.** Ensure that the correct machine guards are in place
- PC6.** Work in a comfortable position and maintain correct posture
- PC7.** Use cleaning equipment and methods appropriate for the work to be carried out

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Importance of good health, personal hygiene and duty of care
- KU2.** Importance of safe working practices and Social Accountability standards followed by the organization/ industry
- KU3.** The limits of your own responsibility
- KU4.** The production process and the specific work activities that relate to the whole process
- KU5.** The line and importance of appropriate communication with superiors and colleagues
- KU6.** The Organisation's rule quality standards reporting procedures and guidelines (including Time keeping)
- KU7.** The Instructions of equipment operating procedures/manufactures
- KU8.** The work instructions and specifications and interpret them accurately

Qualification Pack

- KU9.** Different ways of minimizing waste and proper disposal system for waste and by-products
- KU10.** The work instructions and specifications and interpret them accurately
- KU11.** Effects of contamination on products Eg. machine oil , dirt.
- KU12.** The work instructions and specifications and interpret them accurately
- KU13.** Safe working practices for cleaning and the method of carrying them out

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Speak and communicate effectively with to peers and supervisors
- GS2.** Use correct technical terms while interacting with supervisor
- GS3.** Work with supervisors/ team mates to carry out work related tasks
- GS4.** Plan for cleaning and lubricating the concerned machinery, tools, and workplace daily before and after operations
- GS5.** Ensure and follow organizational procedures pertaining to health and safety are followed

PWD/N4027: Maintain health, safety and secure work place with Gender and PwD Sensitization.

Description

This unit provides performance criteria, knowledge & understanding, and skills & abilities required to comply with health, safety, and security requirements at the workplace and covers procedures to prevent, control and minimize risk to self and others

Scope

The scope covers the following :

- Potential risks associated with hazardous processes and guidelines for medical emergencies

Elements and Performance Criteria

Hazards and potential risks associated with the process, guidelines for medical emergencies and evacuation process; gender & PwD sensitization

To be competent, the user/individual on the job must be able to:

- PC1.** Comply with health, safety gender and PwD (People with disability) related instructions applicable to the workplace
- PC2.** Actively participate in mock drills
- PC3.** Use and maintain materials and equipment as per protocol
- PC4.** Capable to perform first-aid, firefighting

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** How to communicate, offer help, respecting space, parking etc. for people with disabilities or special needs.
- KU2.** Promote a safe, accessible and healthy workplace for disabled employees
- KU3.** Health and safety related practices applicable at the workplace.
- KU4.** Layout of the plant and details of emergency exits, escape routes, emergency equipment and assembly points.
- KU5.** The occupational health and safety risks and method importance of personal protective equipment and method of use.
- KU6.** Identification handling and storage of hazardous substance
- KU7.** Signage related to health and safety and their meaning
- KU8.** The importance of personal health and hygiene and the ill effects of usage of intoxicants such as alcohol, tobacco and drugs.

Generic Skills (GS)

Qualification Pack

User/individual on the job needs to know how to:

- GS1.** Create a positive and inclusive workplace atmosphere without any kind of bias/discrimination towards any employee.
- GS2.** Evaluate and use correct PPE kit and other safety gear while at the workplace
- GS3.** Work with supervisors/ team mates to carry out work related tasks as per schedule
- GS4.** Keep work area free from potential hazards
- GS5.** Follow organizational procedures pertaining to health and safety.

PWD/N4026: Carry out stitching activities using a machine or by hand.

Description

This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required to stitch components using machines

Scope

The scope covers the following :

- Prepare for stitching operations
- Stitch components to produce specific garments.

Elements and Performance Criteria

Prepare for stitching operations

To be competent, the user/individual on the job must be able to:

- PC1.** Make sure the work area is free from hazards
- PC2.** Follow the instructions on the work ticket/ job card in line with the responsibilities of respective operation
- PC3.** Use the correct Patterns and work-aids
- PC4.** Select the correct component parts and correct fabric grain line for the style being worked on
- PC5.** Check that the materials to be used as per desired and defect free
- PC6.** Ensure the materials used meet the specification matching: -1 within a product.2. between a pair of products where applicable
- PC7.** Check needles, and threads regularly
- PC8.** Leave work area safe and secure when work is complete and clean the machine and cover it with machine cover before you leave

Stitch components to produce apparels

To be competent, the user/individual on the job must be able to:

- PC9.** Carry out the sewing process within the estimated length of time
- PC10.** Set thread tension as per the thickness of stitching thread and sewing fabric cut panel with assistance.
- PC11.** Cut the thread appropriately after completion of sewing operation
- PC12.** Thread the needle in the machine and adjust the needle as per the requirements and whenever change in the fabric type
- PC13.** Perform a test sewing run to ensure appropriate stitching
- PC14.** Operate machines safely and in accordance with guidelines and use appropriate needle guard
- PC15.** Check the equipment prior to making the stitching, including: a) Correct tools b) Correct attachments c) Changing needles d) Changing threads e) Changing awls f) Correct timing with assistance.
- PC16.** Stitch the correct materials in the right sequence as required by the production specification

Qualification Pack

- PC17.** Ensure stitched product conforms to shape and size requirement
- PC18.** Ensure stitched products meets specification in terms of labels and trims
- PC19.** Pass the stitched item to the next stage in the manufacturing process after Self checking
- PC20.** Seek feedback from team mates or supervisors and quality checkers on work related performance
- PC21.** Check with in charge /others when any doubts of new product details or construction
- PC22.** Clean and make safe machines after use and cover the machine with machine cover
- PC23.** Clean and make safe machines after use and cover the machine with machine cover

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Responsibilities under health, safety and environmental legislation
- KU2.** Guidelines for storage and disposal of waste materials
- KU3.** machines and the safety precautions that must be taken
- KU4.** Importance of team work and harmonious working relationships
- KU5.** Different types apparels and their parts
- KU6.** Common factors which affect stitching quality
- KU7.** Different types of needles and applications on different types of fabric
- KU8.** Thread thickness, shade and sizes and parts of needles
- KU9.** The importance of machine, needle, foot needle guard and spool checks
- KU10.** Adjusting the top and bottom thread tension
- KU11.** machines and the safety precautions that must be taken
- KU12.** Increase and decrease the pressure foot pressure as applicable
- KU13.** Bobbins and its part and procedures to adjust bobbins tension
- KU14.** Procedures to use bobbin winder and threading
- KU15.** Use treadle
- KU16.** The typical faults of stitching machines and methods to rectify them
- KU17.** The actions to take in the event of a machine ceasing to function correctly
- KU18.** Common hazards in the work area and workplace procedures for correctly
- KU19.** The main pieces of equipment needed to stitch the item and their capabilities
- KU20.** The characteristics of the materials and how they differ
- KU21.** Garment parts (pockets, fronts, backs, collars, cuffs, sleeves, etc.)
- KU22.** Assembling different garment part to make the final product
- KU23.** Different types of sewing defects
- KU24.** The sewing machine parts and its application
- KU25.** Method of sharing Stitching related information with team members
- KU26.** Safety precautions to be taken when stitching

Generic Skills (GS)

Qualification Pack

User/individual on the job needs to know how to:

- GS1.** Listen actively to the instructions given by superiors
- GS2.** Communicate effectively with supervisors, managers, etc
- GS3.** Take appropriate actions in terms of any deviations from the process
- GS4.** Organize tools and equipment to be used
- GS5.** Pitch components as per client specifications
- GS6.** Clarify instructions given by the supervisors if any doubts

PWD/N4028: Contribute to achieve product quality in stitching operation.

Description

This Unit performance criteria knowledge & understanding and skills & abilities required to monitor the quality of the production while undertaking stitching related activities to ensure products meet specifications

Scope

The scope covers the following :

- Contribute to achieving the product quality in stitching operations

Elements and Performance Criteria

Contribute to achieving the product quality in stitching operations

To be competent, the user/individual on the job must be able to:

- PC1.** Identify and use materials required based on the job card/ work ticket
- PC2.** Report and replace identified faulty materials and component parts which do not meet specification or quality standards
- PC3.** Identify defects and rework on them
- PC4.** Carry out work safely and at a rate which maintains work flow
- PC5.** Test sort track feed & examine work in progress

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Safe working practices and organizational procedures
- KU2.** The organization's procedures and guidelines
- KU3.** Quality systems and sewing processes practiced in the organization
- KU4.** Limits of personal responsibility
- KU5.** Reporting procedure in case of faults in own/ other processes
- KU6.** Different types of faults that are likely to be found and how to put them right
- KU7.** Different types of defects
- KU8.** Reasons for keeping stitched items out of contamination
- KU9.** Identify mark and place rejects in the designated locations
- KU10.** Own responsibilities at work during production

Generic Skills (GS)

User/individual on the job needs to know how to:

DGT/VSQ/N0101: Employability Skills (30 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

PC1. understand the significance of employability skills in meeting the job requirements

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

PC2. identify constitutional values, civic rights, duties, personal values and ethics and environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

PC3. explain 21st Century Skills such as Self-Awareness, Behavior Skills, Positive attitude, self-motivation, problem-solving, creative thinking, time management, social and cultural awareness, emotional awareness, continuous learning mindset etc.

Basic English Skills

To be competent, the user/individual on the job must be able to:

PC4. speak with others using some basic English phrases or sentences

Communication Skills

To be competent, the user/individual on the job must be able to:

PC5. follow good manners while communicating with others

PC6. work with others in a team

Qualification Pack

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

PC7. communicate and behave appropriately with all genders and PwD

PC8. report any issues related to sexual harassment

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

PC9. use various financial products and services safely and securely

PC10. calculate income, expenses, savings etc.

PC11. approach the concerned authorities for any exploitation as per legal rights and laws

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

PC12. operate digital devices and use its features and applications securely and safely

PC13. use internet and social media platforms securely and safely

Entrepreneurship

To be competent, the user/individual on the job must be able to:

PC14. identify and assess opportunities for potential business

PC15. identify sources for arranging money and associated financial and legal challenges

Customer Service

To be competent, the user/individual on the job must be able to:

PC16. identify different types of customers

PC17. identify customer needs and address them appropriately

PC18. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC19. create a basic biodata

PC20. search for suitable jobs and apply

PC21. identify and register apprenticeship opportunities as per requirement

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use basic spoken English language

KU6. Do and dont of effective communication

KU7. inclusivity and its importance

KU8. different types of disabilities and appropriate communication and behaviour towards PwD

KU9. different types of financial products and services

Qualification Pack

- KU10.** how to compute income and expenses
- KU11.** importance of maintaining safety and security in financial transactions
- KU12.** different legal rights and laws
- KU13.** how to operate digital devices and applications safely and securely
- KU14.** ways to identify business opportunities
- KU15.** types of customers and their needs
- KU16.** how to apply for a job and prepare for an interview
- KU17.** apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** communicate effectively using appropriate language
- GS2.** behave politely and appropriately with all
- GS3.** perform basic calculations
- GS4.** solve problems effectively
- GS5.** be careful and attentive at work
- GS6.** use time effectively
- GS7.** maintain hygiene and sanitisation to avoid infection

Next Review Date	12/03/2029
NSQC Clearance Date	12/03/2026

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each PC. The assessment for the theory part will be based on knowledge bank of questions created by the SSC. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below). Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria. In case of successfully passing only certain number of NOSs, the trainee is eligible to take subsequent assessment on the balance NOS's to pass the Qualification Pack. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack – within 6 months (preferably)

Minimum Aggregate Passing % at QP Level : 40

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to

Qualification Pack

successfully clear the Qualification Pack assessment.)

Assessment Weightage

Compulsory NOS

National Occupational Standards	Theory Marks	Practical Marks	Project Marks	Viva Marks	Total Marks	Weightage

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
