RSC/Q6601: Grader(Ribbed Smoked Sheet Trading)

Brief Job Description

The Grader - Ribbed Smoked Sheet (RSS) Trading is responsible for inspecting, classifying, and grading smoked rubber sheets based on BIS/ISO standards, ensuring proper documentation, labeling, and storage to maintain quality and traceability. The role involves visual inspection, identification of defects, applying grading criteria, maintaining records, labeling batches, and adhering to sustainable, safe handling, and storage practices as per trading and export norms. The individual works under supervision, follows industry standards, and ensures consistent product quality to meet customer and export specifications.

Personal Attributes

The individual in this job must have good eye sight and vision. The individual should also be a team player with good ability to understand and implement instructions.

Applicable National Occupational Standards (NOS)

Compulsory NOS:

Qualification Pack

RSC/N6601: Inspect and Sort Rubber Sheets for Grading

Description

This unit covers the competencies required to inspect, assess, and grade ribbed smoked sheets based on BIS/ISO grading standards, physical parameters, and visual inspection techniques.

Scope

The scope covers the following :

- Prepare for grading operations
- Inspect and identify defects
- Sort and grade sheets

Elements and Performance Criteria

Prepare for grading operations

To be competent, the user/individual on the job must be able to:

- PC1.** identify the grading standards applicable for ribbed smoked sheet (RSS)
- PC2.** check the lot and batch numbers for traceability before inspection
- PC3.** ensure the workplace, tools, and illumination meet inspection requirements
- PC4.** wear appropriate PPE such as gloves, apron, and safety shoes
- PC5.** ensure that the sheets are properly cured and dried before grading
- PC6.** segregate sheets that show signs of contamination, wetness, or fungal growth

Inspect and identify defects

To be competent, the user/individual on the job must be able to:

- PC7.** examine each sheet visually for air bubbles, blisters, and tackiness
- PC8.** check color uniformity, translucency, and cleanness of the sheets
- PC9.** assess thickness and uniformity using manual or mechanical gauges
- PC10.** identify physical defects such as cuts, tears, or foreign matter
- PC11.** detect foul odor, uneven drying, or burnt appearance
- PC12.** classify sheets with multiple minor defects as per grading norms

Sort and grade sheets

To be competent, the user/individual on the job must be able to:

- PC13.** separate sheets based on grades RSS1 to RSS5 (or relevant BIS grades)
- PC14.** ensure uniform stacking of sheets within each grade category
- PC15.** cross-check sample sheets against standard grade reference panels
- PC16.** tag and label each stack with grade, lot, and date
- PC17.** record the grading outcome in the inspection register
- PC18.** report any deviations or abnormal defects to the supervisor
- PC19.** ensure no cross-contamination between different grade stacks
- PC20.** maintain cleanliness and organization in the grading area

Qualification Pack

PC21. follow safety and ergonomic practices during manual handling

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** natural rubber latex and sheet formation process
- KU2.** smoking and drying methods used in RSS production
- KU3.** standards and parameters defined for RSS grading (e.g., BIS 4588)
- KU4.** grading criteria - color, translucency, thickness, air bubbles, cleanliness
- KU5.** common defects and their causes (mold, air bubble, tackiness, tears)
- KU6.** use and calibration of inspection tools and measuring devices
- KU7.** procedures for maintaining traceability and batch identification
- KU8.** importance of accurate grading on product value and export compliance
- KU9.** environmental and safety guidelines during grading operations
- KU10.** personal hygiene and ergonomic practices during inspection work

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** communicate effectively with team members and supervisors
- GS2.** read and interpret grading charts, lot numbers, and labels
- GS3.** record grading details accurately in manual or digital format
- GS4.** follow SOPs and industry safety norms
- GS5.** demonstrate attention to detail and visual accuracy
- GS6.** maintain cleanliness and 5S at the workplace
- GS7.** identify areas of self-improvement and seek feedback

RSC/N1014: Ensure Proper Documentation and Labeling of Grading

Description

This unit involves maintaining proper documentation, labeling, and traceability for each graded batch of RSS, ensuring compliance with quality, trading, and export norms.

Scope

The scope covers the following :

- Record grading details
- Label and tag graded lots
- Maintain traceability and data management

Elements and Performance Criteria

Record grading details

To be competent, the user/individual on the job must be able to:

- PC1.** collect grading sheets and inspection records from the grading area
- PC2.** enter batch details in the grading register or digital log
- PC3.** verify that recorded grades match physical stacks
- PC4.** maintain data accuracy and legibility in all entries
- PC5.** report inconsistencies in records to quality control personnel
- PC6.** ensure documentation follows company and BIS formats

Label and tag graded lots

To be competent, the user/individual on the job must be able to:

- PC7.** prepare labels with grade, lot, and date details
- PC8.** affix tags securely to stacks without damaging the sheets
- PC9.** use waterproof and durable label materials
- PC10.** ensure label information matches recorded data
- PC11.** cross-check labels for legibility and placement consistency
- PC12.** segregate and color-code labels for different grade categories

Maintain traceability and data management

To be competent, the user/individual on the job must be able to:

- PC13.** update daily grading summary reports
- PC14.** file and archive completed records for future audits
- PC15.** assist supervisors in preparing export or dispatch documents
- PC16.** handle digital data entry on ERP or spreadsheet formats
- PC17.** maintain confidentiality and accuracy of all documentation
- PC18.** follow workplace record-keeping norms and timelines

Knowledge and Understanding (KU)

Qualification Pack

The individual on the job needs to know and understand:

- KU1.** importance of record-keeping in quality control and trading
- KU2.** BIS and export documentation norms for RSS
- KU3.** methods of labeling, tagging, and color coding
- KU4.** use of digital tools for data entry and report generation
- KU5.** procedures for audit readiness and data retention
- KU6.** understanding traceability and batch control systems
- KU7.** basic computer literacy and documentation etiquette
- KU8.** standard terminologies used in grading reports

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** communicate clearly during documentation handover
- GS2.** write legibly and use technical vocabulary
- GS3.** operate computers or tablets for record entry
- GS4.** follow organizational SOPs for labeling and documentation
- GS5.** ensure discipline and accuracy in data maintenance

RSC/N1016: Follow Handling and Storage Practices

Description

This unit involves ensuring safe and proper handling, stacking, and storage of graded RSS sheets to prevent deterioration, contamination, or damage before dispatch.

Scope

The scope covers the following :

- Handle graded sheets safely
- Store and preserve quality
- Follow environmental and safety practices

Elements and Performance Criteria

Handle graded sheets safely

To be competent, the user/individual on the job must be able to:

- PC1.** use clean gloves while handling rubber sheets
- PC2.** avoid folding, dragging, or pressing the sheets
- PC3.** stack sheets of the same grade in uniform piles
- PC4.** maintain gap between stacks for air circulation
- PC5.** avoid contact of sheets with oil, dirt, or chemicals
- PC6.** follow ergonomic lifting and carrying methods

Store and preserve quality

To be competent, the user/individual on the job must be able to:

- PC7.** maintain proper ventilation and humidity in storage areas
- PC8.** monitor temperature and moisture conditions periodically
- PC9.** identify signs of fungal or bacterial growth
- PC10.** apply preventive measures for pest control
- PC11.** ensure FIFO (First In First Out) rotation of stocks
- PC12.** maintain cleanliness and 5S in storage areas
- PC13.** handle damaged or downgraded sheets as per SOP

Follow environmental and safety practices

To be competent, the user/individual on the job must be able to:

- PC14.** use PPE and safety signage during handling operations
- PC15.** dispose of waste rubber pieces responsibly
- PC16.** follow company norms for fire safety and housekeeping
- PC17.** report any safety or environmental hazards promptly
- PC18.** participate in safety drills and mock exercises
- PC19.** maintain compliance with sustainable and ethical practices

Qualification Pack

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** principles of safe handling and ergonomic movement
- KU2.** importance of proper stacking and air circulation
- KU3.** environmental factors affecting RSS quality
- KU4.** temperature and humidity requirements for RSS storage
- KU5.** causes and prevention of fungal contamination
- KU6.** FIFO and stock rotation methods
- KU7.** fire safety and emergency response protocols
- KU8.** sustainable and waste management practices

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** communicate effectively about stock condition
- GS2.** identify and report storage-related defects
- GS3.** maintain discipline and hygiene in the warehouse
- GS4.** adhere to 5S and sustainability norms
- GS5.** demonstrate teamwork during loading/unloading

RSC/N5603: Follow ethical and sustainable practices at the workplace

Description

This unit is about Greening of Jobs, PwD, and Behavioural Skills

Scope

The scope covers the following :

- Adopt resource conservation practices (Greening)
- Follow effective waste management practices
- Display behavioural Skills at workplace
- Adopt workplace practices and policies respecting gender and ability differences

Elements and Performance Criteria

Adopt resource conservation practices (Greening)

To be competent, the user/individual on the job must be able to:

- PC1.** follow organizational policies for usage of alternate energy source, such as solar energy, for the site
- PC2.** ensure proper usage of fuels (such as diesel) to minimise pollution and conserve energy
- PC3.** use resources in a responsible manner
- PC4.** ensure water conservation practices at the workplace
- PC5.** carry out processes to prevent soil erosion during plantation and other related activities

Follow effective waste management practices

To be competent, the user/individual on the job must be able to:

- PC6.** identify and segregate different types of waste such as recyclable, non-recyclable, and hazardous waste generated
- PC7.** store waste into different types of bins/containers or appropriate areas based on their categorisation
- PC8.** undertake disposal of non-recyclable waste appropriately as per the prescribed procedure
- PC9.** organise storage of recyclable and reusable material at identified location
- PC10.** ensure proper disposal of hazardous waste as per specified processes

Display behavioural Skills at workplace

To be competent, the user/individual on the job must be able to:

- PC11.** ensure timely execution of the assigned tasks.
- PC12.** exhibit proper etiquette and emotional behaviour at workplace and among team members

Adopt workplace practices and policies respecting gender and ability differences

To be competent, the user/individual on the job must be able to:

- PC13.** follow appropriate non verbal communications taking gender and disability of the person into consideration
- PC14.** communicate in a polite and appropriate manner irrespective of the ability and gender of the person

Qualification Pack

PC15. ensure to provide work assistance/support to PwD team members and coordinate with them if needed or requested

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** alternate energy sources (such as solar and wind energy) and their advantages
- KU2.** alternate fuels (such as bio-fuel), their production and consumption for cluster sites
- KU3.** harmful effect (such as pollution) of using fuel such as diesel on the environment and ways to prevent it
- KU4.** efficient utilisation of resources
- KU5.** water harvesting techniques and common practices of conserving water
- KU6.** what is soil erosion and how to prevent it
- KU7.** different types of waste and the ways to categorize waste into dry, wet, recyclable, non-recyclable and items of single-use plastics
- KU8.** usage of different colours of dustbins for proper waste management and waste disposal methods
- KU9.** feedback from supervisor and deal in constructive manner
- KU10.** gender based and PwD concepts, issues and legislation and statutory laws, acts, and provisions defined for PwD
- KU11.** various medical conditions associated with PwD and rights and duties at the workplace with respect to PwD

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** make timely decisions for efficient utilization of resources
- GS2.** write in English/regional language and complete written work with attention to detail
- GS3.** communicate effectively with colleagues
- GS4.** identify cause and effect of greening of jobs
- GS5.** maintain data on waste disposal at workplace
- GS6.** ensure punctuality, proper utilization of time and management workload efficiently
- GS7.** interact with all stakeholders in a polite and courteous manner
- GS8.** provide support in dealing with stress and anxiety help colleagues to work efficiently
- GS9.** create awareness about maintaining hygiene at workplace

DGT/VSQ/N0101: Employability Skills (30 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

PC1. understand the significance of employability skills in meeting the job requirements

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

PC2. identify constitutional values, civic rights, duties, personal values and ethics and environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

PC3. explain 21st Century Skills such as Self-Awareness, Behavior Skills, Positive attitude, self-motivation, problem-solving, creative thinking, time management, social and cultural awareness, emotional awareness, continuous learning mindset etc.

Basic English Skills

To be competent, the user/individual on the job must be able to:

PC4. speak with others using some basic English phrases or sentences

Communication Skills

To be competent, the user/individual on the job must be able to:

PC5. follow good manners while communicating with others

PC6. work with others in a team

Qualification Pack

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

PC7. communicate and behave appropriately with all genders and PwD

PC8. report any issues related to sexual harassment

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

PC9. use various financial products and services safely and securely

PC10. calculate income, expenses, savings etc.

PC11. approach the concerned authorities for any exploitation as per legal rights and laws

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

PC12. operate digital devices and use its features and applications securely and safely

PC13. use internet and social media platforms securely and safely

Entrepreneurship

To be competent, the user/individual on the job must be able to:

PC14. identify and assess opportunities for potential business

PC15. identify sources for arranging money and associated financial and legal challenges

Customer Service

To be competent, the user/individual on the job must be able to:

PC16. identify different types of customers

PC17. identify customer needs and address them appropriately

PC18. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC19. create a basic biodata

PC20. search for suitable jobs and apply

PC21. identify and register apprenticeship opportunities as per requirement

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use basic spoken English language

KU6. Do and dont of effective communication

KU7. inclusivity and its importance

KU8. different types of disabilities and appropriate communication and behaviour towards PwD

KU9. different types of financial products and services

Qualification Pack

- KU10.** how to compute income and expenses
- KU11.** importance of maintaining safety and security in financial transactions
- KU12.** different legal rights and laws
- KU13.** how to operate digital devices and applications safely and securely
- KU14.** ways to identify business opportunities
- KU15.** types of customers and their needs
- KU16.** how to apply for a job and prepare for an interview
- KU17.** apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** communicate effectively using appropriate language
- GS2.** behave politely and appropriately with all
- GS3.** perform basic calculations
- GS4.** solve problems effectively
- GS5.** be careful and attentive at work
- GS6.** use time effectively
- GS7.** maintain hygiene and sanitisation to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack

Qualification Pack

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Assessment Weightage

Compulsory NOS

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
