Qualification Pack

RSC/Q8016: Operator-Plastic Products Making (Plastic Toy/ Ball Pen)

Brief Job Description

The individual at work is responsible for the assembling, finishing and inspecting plastic products.

Personal Attributes

The individual should be calm, physically fit, and a keen observer along with an eye for detail.

Applicable National Occupational Standards (NOS)

Compulsory NOS:

1. [RSC/N8027: Carry out assembling and finishing of plastic products](#)
2. [RSC/N8028: Carry out inspection activities of plastic products](#)
3. [RSC/N5610: Coordinate and communicate effectively at the workplace](#)
4. [RSC/N5001: Carry out housekeeping](#)
5. [RSC/N5007: Follow health & safety protocol](#)
6. [RSC/N5603: Follow ethical and sustainable practices at the workplace](#)
7. [DGT/VSQ/N0102: Employability Skills \(60 Hours\)](#)

Electives (mandatory to select at least one):

Elective 1: Plastic toy finishing and packaging

The individual at work is responsible for finishing and packaging toys.

1. [RSC/N8029: Perform toy finishing activities](#)
2. [RSC/N8030: Package the toys for shipment](#)

Elective 2: Plastic ball pen assembling and finishing

The individual at work is responsible for assembling and finishing of plastic ball pen.

1. [RSC/N8031: Assembling and finishing of plastic ball pen](#)

Qualification Pack

RSC/N8027: Carry out assembling and finishing of plastic products

Description

The OS unit is about preparing and performing assembling and finishing activities for plastic products as per SOP.

Scope

The scope covers the following :

- Prepare for plastic product assembling and finishing activities
- Perform plastic products assembling and finishing activities

Elements and Performance Criteria

Prepare for plastic product assembling and finishing activities

To be competent, the user/individual on the job must be able to:

- PC1.** obtain the job card cum product design features and drawing from the supervisor
- PC2.** check the type of assembling requirements like mechanical, welding and solvent bonding, or adhesive
- PC3.** check the specifications like size, shape, colour, material properties, characteristics, etc.
- PC4.** identify and collect various components, tools, accessories, and other materials as per work instructions
- PC5.** ensure work area is cleaned as per SOP
- PC6.** make sure required tools, equipment, auxiliary tools, machinery are cleaned and hazard free as per standards
- PC7.** perform pre-operational checks on the machine and equipment
- PC8.** set up tools and equipment as per the supervisor's instructions

Perform plastic products assembling and finishing activities

To be competent, the user/individual on the job must be able to:

- PC9.** operate machines, equipment, tools to cut, shape, splice and fit plastic material to form parts and assemblies
- PC10.** carry out assembling operations such as adhesive joining, mechanical joining, plastic welding as required
- PC11.** assemble composite materials on patterns to form parts and assemblies using bonding agents while welding/ adhesive joining
- PC12.** apply resin mixtures to metal or wooden mould to form plastic products
- PC13.** load and operate autoclave oven to cure and bond plastic and composite parts and sub-assemblies
- PC14.** trim, grind or buff plastic products to form final product
- PC15.** clean the area after assembling and finishing to ensure work environment is maintained in a safe and productive manner
- PC16.** ensure safe usage of machines

Qualification Pack

PC17. clean, maintain and store all the tools, equipment, and machinery after use as per SOP

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** methods to interpret job card cum product design features and drawing, etc.
- KU2.** types of assembling process such as mechanical joining (snap and fit joints, screws, rivets, nuts and bolts, etc.), adhesive joining (glue, adhesive tapes, etc.), plastic welding (laser, ultrasound, thermal, hotplate, infrared, etc.)
- KU3.** specifications of parts of the product size, shape, colour, material properties, characteristics, etc.
- KU4.** methods to collect requirements like components, tools, accessories, and other materials as per work instructions
- KU5.** SOP for clean work area
- KU6.** methods to clean, maintain and store tools, equipment, auxiliary tools, machinery
- KU7.** ways to perform pre-operational checks on the machine and equipment
- KU8.** types of machines, equipment, tools require to cut, shape and splice to fit plastic materials to form parts and assemblies
- KU9.** how to assemble composite materials on the pattern using bonding agents
- KU10.** methods to apply resin mixture to metal or wooden mould
- KU11.** operating procedure for autoclave oven
- KU12.** operating finishing equipment for trimming, grinding and buffing

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** read and interpret job card and other related documents
- GS2.** note down the information communicated by the supervisor
- GS3.** communicate effectively with supervisor and team members
- GS4.** fill material requisition forms

RSC/N8028: Carry out inspection activities of plastic products

Description

The OS unit is about performing inspection and post- inspection activities as per SOP.

Scope

The scope covers the following :

- Perform inspection and post- inspection activities

Elements and Performance Criteria

Perform inspection and post- inspection activities

To be competent, the user/individual on the job must be able to:

- PC1.** measure the specifications of the finished products as per quality standards
- PC2.** carry out inspection of manufactured plastic products for defects using visual methods or instruments
- PC3.** make minor adjustments and repairs to the product
- PC4.** affix seals and tags to mark approved plastic product and defective products
- PC5.** re-route defective products for repair or recycling process
- PC6.** prepare product inspection report and submit them to the appropriate authority
- PC7.** assist supervisor in training new workers
- PC8.** prepare logs and records as per organizational standards

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** methods to perform inspection of manufactured plastic products
- KU2.** types of defects like flow lines, weld lines, burn marks, assembling, finishing, etc.
- KU3.** how to make minor adjustments and repairs to the product
- KU4.** SOP to affix seals, tags, and mark to the approved products
- KU5.** how to fill inspection report format
- KU6.** basic training procedure

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** read and interpret job card and other related documents
- GS2.** note down the information communicated by the supervisor
- GS3.** communicate effectively with supervisor and team members

RSC/N5610: Coordinate and communicate effectively at the workplace

Description

This OS unit is about communicating effectively with seniors, colleagues and others, coordinating with cross-functional teams at workplace as per standards.

Scope

The scope covers the following :

- Communicate effectively with colleagues and seniors
- Coordinate with cross-functional teams

Elements and Performance Criteria

Communicate effectively with colleagues and seniors

To be competent, the user/individual on the job must be able to:

- PC1.** interact with colleagues and senior in a polite and professional manner
- PC2.** listen actively to the issues or requirements of colleagues and respond timely and appropriately
- PC3.** exhibit trust, support and respect to all colleagues and seniors
- PC4.** pass on essential information to the colleagues timely
- PC5.** maintain clarity, honesty and transparency while communicating with the seniors and colleagues
- PC6.** coordinate with seniors on work-related and behavioral feedback
- PC7.** comply with organization's policies and procedures for team work
- PC8.** seek clarification on the information provided by seniors, if needed
- PC9.** respect the personal and professional space of colleagues and superiors
- PC10.** report status of work as per the schedule to seniors and inform about any deviations or anomalies
- PC11.** provide information in the desired format and frequency

Coordinate with cross-functional teams

To be competent, the user/individual on the job must be able to:

- PC12.** support colleagues of other departments for smooth work process, as required
- PC13.** coordinate with maintenance/engineering team for preventive and corrective maintenance, break down and calibration errors
- PC14.** provide inputs to the concerned stakeholders in periodic fence line review to detect non-compliance
- PC15.** coordinate with health and safety team for incident or authorized personnel, accident and emergency, if any

Knowledge and Understanding (KU)

Qualification Pack

The individual on the job needs to know and understand:

- KU1.** organizational policies on behavioural etiquette and professionalism
- KU2.** organizational policies on gender sensitive service practices at workplace
- KU3.** organizational hierarchy and reporting structure
- KU4.** importance of communicating clearly with other
- KU5.** effective ways of team coordination
- KU6.** key helpline numbers

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** note down instructions received from the seniors
- GS2.** read and interpret written instructions

RSC/N5001: Carry out housekeeping

Description

This NOS unit is about implementing housekeeping practices

Scope

The scope covers the following :

- Prepare for housekeeping practices
- Carry out housekeeping operations
- Perform post housekeeping activities

Elements and Performance Criteria

Prepare for housekeeping activities

To be competent, the user/individual on the job must be able to:

- PC1.** inspect the area/s to identify the different types of surfaces that require cleaning
- PC2.** determine the material requirements for cleaning the areas inspected considering risk, time, efficiency and type of stain
- PC3.** ensure that cleaning equipment is in proper working condition
- PC4.** ensure that the suitable alternatives are selected for cleaning the areas, in case the appropriate equipment and materials are not available
- PC5.** ensure that the correct sequence/steps are followed for cleaning the area to avoid re-soiling clean areas and surfaces
- PC6.** ensure the usage of appropriate signage to inform about the cleaning activity being carried out
- PC7.** ensure adequate ventilation for the work being carried out
- PC8.** wear personal protective equipment suitable for the cleaning method and cleaning materials being used

Carry out housekeeping operations

To be competent, the user/individual on the job must be able to:

- PC9.** ensure that the cleaning activity is carried out as per SOP
- PC10.** manage accidental damage, as per the workplace procedure, caused while carrying out the work
- PC11.** report to the appropriate person regarding difficulties in carrying out the work
- PC12.** identify and report to the appropriate person if any additional cleaning required that is outside one's responsibility or skill

Perform post housekeeping activities

To be competent, the user/individual on the job must be able to:

- PC13.** ensure that housekeeping equipment and supplies are stored and maintained as per company standards
- PC14.** ensure that, on completion of the work, the area is left clean and dry as per the requirements

Qualification Pack

- PC15.** ensure that the equipment, materials and personal protective equipment that were used, are returned to their respective places in appropriate manner
- PC16.** ensure appropriate disposal of the waste garnered from the cleaning activity
- PC17.** ensure that all necessary supplies or consumables are replenished as per the requirement

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** the different factors to determine what type of cleaning is required as per the surface
- KU2.** the level of hygiene required by workplace and why it is important to maintain them during your work
- KU3.** the methods and materials used for cleaning variety of surfaces
- KU4.** the types of cleansing agents that are not advisable to be mixed together
- KU5.** the importance of following manufacturer's instructions on cleaning agents
- KU6.** the most appropriate place to carry out test cleaning and why this should be done before using any new cleaning agents
- KU7.** the importance of attending trouble shooting
- KU8.** the importance of learning proper procedures and techniques
- KU9.** the correct sequence of cleaning activities for the work area
- KU10.** the implications of not following the organizational requirement of prior approval for undertaking the specific task
- KU11.** the importance of team work
- KU12.** knowledge of do's and don'ts (company's HR instructions)
- KU13.** health, safety and environment guidelines, legislation and regulations as applicable
- KU14.** the importance of Personal Protective Equipment (PPE)
- KU15.** the appropriate PPE for the work area, cleaning equipment, tools, materials and chemicals used
- KU16.** the implications of not following the defined procedures/work instructions
- KU17.** interpret coding/signage used in the organisation
- KU18.** the importance of optimal utilization of resources
- KU19.** the process of cleaning the surfaces without causing injury or damage
- KU20.** the importance of providing feedback for improvement
- KU21.** the escalation procedures for soils or stains that could not be removed
- KU22.** the rectification/solution of problems/conflicts for the smooth functioning of the organization
- KU23.** the procedures for reporting any unidentified soiling
- KU24.** the impact of poor practices on the individual's and organization's performance
- KU25.** the method to check the treated surface and equipment on completion of the cleaning process
- KU26.** the importance of completing the activities as per the schedule
- KU27.** the time taken in the cleaning activities
- KU28.** the procedures for disposing off or storing personal protective equipment

Qualification Pack

KU29. the procedures for disposing off waste

KU30. the correct method for cleaning equipment and/or machinery used for the cleaning activities

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. read and understand documentation clearly

GS2. apply problem-solving approach prior to resolve difficulties

GS3. communicate with all stakeholders in a polite and courteous manner using effective communication skills

GS4. write in English or any regional language

RSC/N5007: Follow health & safety protocol

Description

This unit is about maintaining health and safety of self and others at workplace.

Scope

The scope covers the following :

- Maintain a clean and efficient workplace
- Render appropriate emergency procedures
- Maintain standard safety procedures at the workplace
- Participate in safety awareness campaigns
- Understand potential sources of accidents
- Use safety gears to avoid accidents

Elements and Performance Criteria

Maintain a clean and efficient workplace

To be competent, the user/individual on the job must be able to:

- PC1.** undertake basic safety checks before operation of all machinery and equipment and report hazards to the appropriate supervisor
- PC2.** work for which protective clothing or equipment is required is identified and the appropriate protective clothing or equipment is used in performing these duties in accordance with workplace policy
- PC3.** read and understand the hazards of use and contamination mentioned on the labels of chemicals, utilities etc
- PC4.** prior to performing manual handling jobs, risk is assessed and work is carried out according to currently recommended safe practices.
- PC5.** use equipment and materials safely and correctly and return the same to designated storage when not in use
- PC6.** dispose off waste safely and correctly in a designated area
- PC7.** risks to bystanders are recognized and action taken to reduce risk associated with jobs in the workplace
- PC8.** perform work in a manner which minimizes environmental damage
- PC9.** all procedures and work instructions for controlling risk are followed closely
- PC10.** report any accidents, incidents or problems without delay to an appropriate person and take immediate necessary action to reduce further danger

Render appropriate emergency procedures

To be competent, the user/individual on the job must be able to:

- PC11.** follow procedures for dealing with accidents, fires and emergencies, including communicating location and directions to emergency.
- PC12.** follow emergency procedures as per company standards and workplace requirements

Qualification Pack

- PC13.** use emergency equipment in accordance with manufacturers' specifications and workplace requirements
- PC14.** provide treatment appropriate to the patient's injuries in accordance with recognized first aid techniques.
- PC15.** recover (if practical), clean, inspect/test, refurbish, replace and store the first aid equipment as appropriate
- PC16.** dispose off medical waste in accordance with workplace requirements
- PC17.** report details of first aid administered in accordance with work place procedures

Maintain standard safety procedures at the workplace

To be competent, the user/individual on the job must be able to:

- PC18.** comply with general safety procedures
- PC19.** follow standard safety procedures while handling equipment, hazardous material or tool
- PC20.** check parts of the workplace and take preventive actions like spraying and other steps to protect from leakages, water logging, pests, fire, pollution, etc.
- PC21.** ensure no accidents and damages at the workplace, reporting of any breach of company safety procedure
- PC22.** keep the workplace organized, swept, clean and hazard free

Participate in safety awareness campaigns

To be competent, the user/individual on the job must be able to:

- PC23.** attend fire drills and other safety related workshops organized at the workplace
- PC24.** be aware of first aid, evacuation and emergency procedures
- PC25.** be alert of any events and do not be negligent to any safety procedures to be followed

Understand potential sources of accidents

To be competent, the user/individual on the job must be able to:

- PC26.** avoid accidents while using hazardous chemicals, machines, sharp tools and equipment

Use safety gears to avoid accidents

To be competent, the user/individual on the job must be able to:

- PC27.** use safety materials such as protective gear, goggles, caps, shoes, etc.(as applicable with workplace)
- PC28.** handle heavy and hazardous materials with care and using appropriate tools and handling equipment such as trolleys, ladders

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** policies on incentives, delivery standards, and personnel management.
- KU2.** occupational safety and health policy followed
- KU3.** emergency evacuation procedure
- KU4.** medical policy
- KU5.** company laws and acts
- KU6.** the risks to health and safety and the measures to be taken to control those risks in the area of work

Qualification Pack

- KU7.** workplace procedures and requirements for the handling of workplace injuries/illnesses.
- KU8.** basic emergency first aid procedure
- KU9.** local emergency services
- KU10.** reporting on accidents, incidents and problems to appropriate authorities.
- KU11.** how to use machines as per standard operating procedure
- KU12.** how to maintain work area safe and secure
- KU13.** use of hazardous materials, tools and equipments
- KU14.** emergency evacuation and first aid procedures to be followed
- KU15.** personal hygiene and fitness requirements
- KU16.** general duties under the relevant health and safety legislation
- KU17.** what personal protective equipment and clothing should be worn and how it is cared for
- KU18.** the correct and safe way to use materials and equipment required for work
- KU19.** the importance of good housekeeping in the workplace
- KU20.** safe disposal methods for waste
- KU21.** methods for minimizing environmental damage during work

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** record data which are required for record keeping purpose
- GS2.** report problems to the appropriate person in a timely manner
- GS3.** write descriptions and details about incidents in reports
- GS4.** read instruction manuals for hand tools and equipment
- GS5.** read instructions on work orders and procedures
- GS6.** receive instructions and seek advice from superiors
- GS7.** communicate clearly and effectively with others
- GS8.** take a decision for any change/issue based on earlier successes(documented previous history)on similar issues
- GS9.** work out changes in case a new improved machine/equipment is added in the process or any new material/chemical is developed replacing existing one.
- GS10.** make changes in cycle time due to improved process.
- GS11.** use the standard operating procedure or trouble shooting manuals for trouble shooting and other reference documents approved by plant management
- GS12.** consult the peer group and superiors to arrive at a favourable decision.
- GS13.** use of standard available problem solving techniques for decision making
- GS14.** review and analyze the process steps to check on system non adherence andnon conformity
- GS15.** review the current sop and other standards for continuous improvement to facilitate decision making
- GS16.** take a calculated risk with minimum losses
- GS17.** schedule daily activities and drawing up priorities; allocate start times, estimation of completion times and materials, equipment and assistance required for completion.

Qualification Pack

- GS18.** match customer needs/specification by adjusting the processing conditions (interact with customer in case any clarification required)
- GS19.** ensure that performance of his action/operation/activity does not lead to any divergence from the specified quality of the final product as required by the customer.
- GS20.** complete the assigned task in timely manner so that the final product is delivered in the timeline given by the customer.
- GS21.** communicate effectively to the superior/customer for any delay in supplies to the clients.
- GS22.** work towards fulfilling the customers requirement as per their demand.
- GS23.** in case of any complaint, ensure its timely resolution if the problem is emanating at his level
- GS24.** communicate effectively to the superior/customer for any delay in resolving the problem faced by the customer.
- GS25.** maintain good/cordial relation with customers.
- GS26.** work on the feedback received from customer regarding the product.
- GS27.** use first aid treatment in case of any injury/accident.
- GS28.** monitor and maintain the condition of tools and equipment
- GS29.** assess situation & identify appropriate control measures
- GS30.** act, communicate and report in emergency situation

RSC/N5603: Follow ethical and sustainable practices at the workplace

Description

This unit is about Greening of Jobs, PwD, and Behavioural Skills

Scope

The scope covers the following :

- Adopt resource conservation practices (Greening)
- Follow effective waste management practices
- Display behavioural Skills at workplace
- Adopt workplace practices and policies respecting gender and ability differences

Elements and Performance Criteria

Adopt resource conservation practices (Greening)

To be competent, the user/individual on the job must be able to:

- PC1.** follow organizational policies for usage of alternate energy source, such as solar energy, for the site
- PC2.** ensure proper usage of fuels (such as diesel) to minimise pollution and conserve energy
- PC3.** use resources in a responsible manner
- PC4.** ensure water conservation practices at the workplace
- PC5.** carry out processes to prevent soil erosion during plantation and other related activities

Follow effective waste management practices

To be competent, the user/individual on the job must be able to:

- PC6.** identify and segregate different types of waste such as recyclable, non-recyclable, and hazardous waste generated
- PC7.** store waste into different types of bins/containers or appropriate areas based on their categorisation
- PC8.** undertake disposal of non-recyclable waste appropriately as per the prescribed procedure
- PC9.** organise storage of recyclable and reusable material at identified location
- PC10.** ensure proper disposal of hazardous waste as per specified processes

Display behavioural Skills at workplace

To be competent, the user/individual on the job must be able to:

- PC11.** ensure timely execution of the assigned tasks.
- PC12.** exhibit proper etiquette and emotional behaviour at workplace and among team members

Adopt workplace practices and policies respecting gender and ability differences

To be competent, the user/individual on the job must be able to:

- PC13.** follow appropriate non verbal communications taking gender and disability of the person into consideration
- PC14.** communicate in a polite and appropriate manner irrespective of the ability and gender of the person

Qualification Pack

- PC15.** ensure to provide work assistance/support to PwD team members and coordinate with them if needed or requested

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** alternate energy sources (such as solar and wind energy) and their advantages
- KU2.** alternate fuels (such as bio-fuel), their production and consumption for cluster sites
- KU3.** harmful effect (such as pollution) of using fuel such as diesel on the environment and ways to prevent it
- KU4.** efficient utilisation of resources
- KU5.** water harvesting techniques and common practices of conserving water
- KU6.** what is soil erosion and how to prevent it
- KU7.** different types of waste and the ways to categorize waste into dry, wet, recyclable, non-recyclable and items of single-use plastics
- KU8.** usage of different colours of dustbins for proper waste management and waste disposal methods
- KU9.** feedback from supervisor and deal in constructive manner
- KU10.** gender based and PwD concepts, issues and legislation and statutory laws, acts, and provisions defined for PwD
- KU11.** various medical conditions associated with PwD and rights and duties at the workplace with respect to PwD

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** make timely decisions for efficient utilization of resources
- GS2.** write in English/regional language and complete written work with attention to detail
- GS3.** communicate effectively with colleagues
- GS4.** identify cause and effect of greening of jobs
- GS5.** maintain data on waste disposal at workplace
- GS6.** ensure punctuality, proper utilization of time and management workload efficiently
- GS7.** interact with all stakeholders in a polite and courteous manner
- GS8.** provide support in dealing with stress and anxiety help colleagues to work efficiently
- GS9.** create awareness about maintaining hygiene at workplace

DGT/VSQ/N0102: Employability Skills (60 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Career Development & Goal Setting
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** identify employability skills required for jobs in various industries
- PC2.** identify and explore learning and employability portals

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

- PC3.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. and personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC4.** follow environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC5.** recognize the significance of 21st Century Skills for employment
- PC6.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life

Basic English Skills

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC7.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC8.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC9.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC10.** understand the difference between job and career
- PC11.** prepare a career development plan with short- and long-term goals, based on aptitude

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC12.** follow verbal and non-verbal communication etiquette and active listening techniques in various settings
- PC13.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC14.** communicate and behave appropriately with all genders and PwD
- PC15.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC16.** select financial institutions, products and services as per requirement
- PC17.** carry out offline and online financial transactions, safely and securely
- PC18.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC19.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC20.** operate digital devices and carry out basic internet operations securely and safely
- PC21.** use e- mail and social media platforms and virtual collaboration tools to work effectively
- PC22.** use basic features of word processor, spreadsheets, and presentations

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC23.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC24.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC25.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC26.** identify different types of customers
- PC27.** identify and respond to customer requests and needs in a professional manner.

Qualification Pack

PC28. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC29. create a professional Curriculum vitae (Résumé)

PC30. search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively

PC31. apply to identified job openings using offline /online methods as per requirement

PC32. answer questions politely, with clarity and confidence, during recruitment and selection

PC33. identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills and different learning and employability related portals

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up

KU6. importance of career development and setting long- and short-term goals

KU7. about effective communication

KU8. POSH Act

KU9. Gender sensitivity and inclusivity

KU10. different types of financial institutes, products, and services

KU11. how to compute income and expenditure

KU12. importance of maintaining safety and security in offline and online financial transactions

KU13. different legal rights and laws

KU14. different types of digital devices and the procedure to operate them safely and securely

KU15. how to create and operate an e- mail account and use applications such as word processors, spreadsheets etc.

KU16. how to identify business opportunities

KU17. types and needs of customers

KU18. how to apply for a job and prepare for an interview

KU19. apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. read and write different types of documents/instructions/correspondence

GS2. communicate effectively using appropriate language in formal and informal settings

Qualification Pack

- GS3.** behave politely and appropriately with all
- GS4.** how to work in a virtual mode
- GS5.** perform calculations efficiently
- GS6.** solve problems effectively
- GS7.** pay attention to details
- GS8.** manage time efficiently
- GS9.** maintain hygiene and sanitization to avoid infection

RSC/N8029: Perform toy finishing activities

Description

The OS unit is about performing finishing activities like painting, varnishing and latest finishing methods to give appropriate finishing to a toy product.

Scope

The scope covers the following :

- Prepare for finishing activities
- Finish the toy product

Elements and Performance Criteria

Prepare for finishing activities

To be competent, the user/individual on the job must be able to:

- PC1.** collect instructions and specifications regarding toy finishing from the senior operator
- PC2.** check the specification sheet to choose the finishing operation to be performed
- PC3.** verify the finishing treatment to be given to the toy product
- PC4.** arrange all tools and equipment to give finishing to the toys
- PC5.** clean and maintain the work area in an orderly manner
- PC6.** place a cloth on the finishing workstation
- PC7.** keep some spare clothes handy to remove any excess chemicals
- PC8.** wear PPE like rubber gloves, safety glasses, etc.
- PC9.** sort, inspect, and stack the toys to be finished, as instructed
- PC10.** diagnose and repair or return the damaged toys, as per SOP
- PC11.** operate forklifts or other equipment to unload containers, move, and transport toys

Finish the toy product

To be competent, the user/individual on the job must be able to:

- PC12.** choose the finish depending on the physical and chemical properties of the toy product
- PC13.** perform finishing activities such as painting or varnishing the toy product
- PC14.** make sure the finishing process is done in line with the application of the toy product
- PC15.** smoothen the edges of the toys to ensure there are no sharp edges to hurt the children
- PC16.** ensure the painting and varnishing of the toys are done using prescribed non-toxic colors and chemicals
- PC17.** perform vacuum metalizing, if required
- PC18.** use the right finish to the toys to hide the machine marks or flow lines
- PC19.** perform texture finishing to improve grip etc., if required
- PC20.** verify the finishing process follows the prescribed child safety criteria
- PC21.** mark identification numbers, trademarks, grades, sizes, or model numbers, etc. on toys
- PC22.** stack finished toys and load them on racks or carts to go for packaging

Qualification Pack

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** types of finishing of toys as per application, usage and physical and chemical properties
- KU2.** tools and equipment required for toy finishing
- KU3.** procedure to clean the work area
- KU4.** method to stock the workstation
- KU5.** types and usage of PPE
- KU6.** SOP to sort, inspect, stack, repair, or replacement of the toys
- KU7.** procedure to operate forklifts or other transportation equipment
- KU8.** types of texture finishing for toys
- KU9.** procedure of vacuum metalizing
- KU10.** child safety criterion for toys

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** read and interpret job related documents
- GS2.** note down the information communicated by the supervisor
- GS3.** communicate effectively with supervisor and team members

Qualification Pack

RSC/N8030: Package the toys for shipment

Description

The OS unit is about packing the toys and packaging the cartons for shipment.

Scope

The scope covers the following :

- Prepare for packaging activities
- Package the toys

Elements and Performance Criteria

Prepare for packaging activities

To be competent, the user/individual on the job must be able to:

- PC1.** collect the specification sheet from the senior operator
- PC2.** arrange the required packaging equipment and material
- PC3.** inspect and remove defective products and packaging material
- PC4.** check the packaging machines for proper functioning
- PC5.** clean, oil, and make minor adjustments or repairs to machinery and equipment, such as opening valves or setting guides
- PC6.** report the machines or equipment to be repaired or replaced to the authorized person
- PC7.** ensure all toy products are in good operational condition, safe, and meet the specified quality standards
- PC8.** sort, grade, weigh, and inspect toy products, as per SOP
- PC9.** verify and adjust the toys weight or measurement to meet the specifications of the packaging

Package the toys

To be competent, the user/individual on the job must be able to:

- PC10.** start the packaging machine by engaging controls
- PC11.** adjust machine components and machine tension and pressure according to the size or processing angle of the toys
- PC12.** regulate machine flow, speed, or temperature, and operate the machines that package the toys
- PC13.** ensure proper supply of toys and packaging material to the feeding devices
- PC14.** monitor the production line for problems like pile-ups, jams, etc.
- PC15.** stop or reset machines when malfunctions occur, clear machine jams, and report malfunctions to a supervisor
- PC16.** observe machine operations to ensure quality and conformity of packaged toys as per child safety criteria
- PC17.** remove finished packaged toys from the machine and separate the rejected items

Qualification Pack

- PC18.** stack finished packaged toys, or wrap protective material around each item, and pack the items in cartons or containers, as required
- PC19.** attach identification labels to finished packaged toys, or cut stencils and stencil information on containers, such as lot numbers or shipping destinations
- PC20.** secure finished packaged toys by hand tying, sewing, gluing, stapling, or attaching fastener, as applicable
- PC21.** replenish packaging supplies, such as wrapping paper, plastic sheets, boxes, cartons, glue, ink, or labels

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** types of packaging material for toys
- KU2.** child safety criterion for packaging material of toys
- KU3.** types, operating procedure and general maintenance of packaging machines
- KU4.** procedure to sort, grade and inspect toys as required for specific packages
- KU5.** types of malfunctions and their solutions for packaging machinery and equipment
- KU6.** quality parameters of packaged toys
- KU7.** standard procedure to stack the packaged toys as per SOP
- KU8.** types of labels and importance of mentioning lot number etc. in the packaged toys
- KU9.** methods to secure the packaged toys in cartons, etc.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** read and interpret job related documents
- GS2.** note down the information communicated by the supervisor
- GS3.** communicate effectively with supervisor and team members

Qualification Pack

Assessment Criteria

Assessment Criteria for Outcomes	Theory Marks	Practical Marks	Project Marks	Viva Marks
<i>Prepare for packaging activities</i>	20	30	-	-
PC1. collect the specification sheet from the senior operator	2	3	-	-
PC2. arrange the required packaging equipment and material	2	3	-	-
PC3. inspect and remove defective products and packaging material	2	4	-	-
PC4. check the packaging machines for proper functioning	2	3	-	-
PC5. clean, oil, and make minor adjustments or repairs to machinery and equipment, such as opening valves or setting guides	3	4	-	-
PC6. report the machines or equipment to be repaired or replaced to the authorized person	2	3	-	-
PC7. ensure all toy products are in good operational condition, safe, and meet the specified quality standards	2	4	-	-
PC8. sort, grade, weigh, and inspect toy products, as per SOP	3	3	-	-
PC9. verify and adjust the toys weight or measurement to meet the specifications of the packaging	2	3	-	-
<i>Package the toys</i>	20	30	-	-
PC10. start the packaging machine by engaging controls	1	3	-	-
PC11. adjust machine components and machine tension and pressure according to the size or processing angle of the toys	2	2	-	-
PC12. regulate machine flow, speed, or temperature, and operate the machines that package the toys	2	3	-	-

Qualification Pack

Assessment Criteria for Outcomes	Theory Marks	Practical Marks	Project Marks	Viva Marks
PC13. ensure proper supply of toys and packaging material to the feeding devices	2	2	-	-
PC14. monitor the production line for problems like pile-ups, jams, etc.	1	3	-	-
PC15. stop or reset machines when malfunctions occur, clear machine jams, and report malfunctions to a supervisor	2	2	-	-
PC16. observe machine operations to ensure quality and conformity of packaged toys as per child safety criteria	2	3	-	-
PC17. remove finished packaged toys from the machine and separate the rejected items	1	2	-	-
PC18. stack finished packaged toys, or wrap protective material around each item, and pack the items in cartons or containers, as required	2	3	-	-
PC19. attach identification labels to finished packaged toys, or cut stencils and stencil information on containers, such as lot numbers or shipping destinations	1	2	-	-
PC20. secure finished packaged toys by hand tying, sewing, gluing, stapling, or attaching fastener, as applicable	2	3	-	-
PC21. replenish packaging supplies, such as wrapping paper, plastic sheets, boxes, cartons, glue, ink, or labels	2	2	-	-
NOS Total	40	60	-	-

Qualification Pack

RSC/N8031: Assembling and finishing of plastic ball pen

Description

This OS is about assembling various pre-designed/manufactured parts of plastic ball pen

Scope

The scope covers the following :

- Prepare for plastic ball pen assembling and finishing activities
- Perform plastic ball assembling and finishing activities

Elements and Performance Criteria

Prepare for plastic ball pen assembling and finishing activities

To be competent, the user/individual on the job must be able to:

- PC1.** obtain the job card cum product design features and drawing from the supervisor
- PC2.** check the type of assembling requirements like Drilled Nozzle Plate, Ink cartridges, Centrifuging Machines, Ink Filling Machine etc and check the specifications like size, shape, colour, material properties, characteristics, etc.
- PC3.** identify and collect various components, tools, accessories, and other materials as per work instructions
- PC4.** ensure work area is cleaned as per SOP
- PC5.** make sure required tools, equipment, auxiliary tools, machinery are cleaned and hazard free as per standards
- PC6.** perform pre-operational checks on the machine and equipment
- PC7.** set up tools and equipment as per the supervisor's instructions

Perform plastic ball assembling and finishing activities

To be competent, the user/individual on the job must be able to:

- PC8.** operate machines, equipment, tools to cut, shape, splice and fit plastic material to form parts and assemblies of plastic ball point pens
- PC9.** carry out assembling operations plastic ball pens such as adhesive joining, mechanical joining, as required
- PC10.** assemble composite materials on patterns to form parts of plastic ball pen and assemblies using bonding agents while adhesive joining
- PC11.** clean the area after assembling and finishing to ensure work environment is maintained in a safe and productive manner
- PC12.** ensure safe usage of machines
- PC13.** clean, maintain and store all the tools, equipment, and machinery after use as per SOP

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

Qualification Pack

- KU1.** methods to interpret job card cum product design of plastic ball point pen's features and drawing, etc.
- KU2.** types of plastic ball pen assembling process such as mechanical joining (snap and fit joints, screws, rivets, nuts and bolts, etc.), adhesive joining (glue, adhesive tapes, etc.), plastic welding (laser, ultrasound, thermal, hotplate, infrared, etc.)
- KU3.** specifications of parts of plastic ball point pen such as size, shape, colour, material properties, characteristics, etc.
- KU4.** methods to collect requirements like components, tools, accessories, and other materials as per work instructions
- KU5.** SOP for clean work area
- KU6.** methods to clean, maintain and store tools, equipment, auxiliary tools, machinery
- KU7.** ways to perform pre-operational checks on the machine and equipment
- KU8.** types of machines, equipment, tools require to cut, shape and splice to fit plastic materials to form parts and assemblies
- KU9.** how to assemble composite materials on the pattern using bonding agents
- KU10.** operating finishing equipment for trimming, grinding and buffing

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** read and interpret job card and other related documents
- GS2.** note down the information communicated by the supervisor
- GS3.** communicate effectively with supervisor and team members
- GS4.** fill material requisition forms

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Qualification Pack

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Assessment Weightage

Compulsory NOS

National Occupational Standards	Theory Marks	Practical Marks	Project Marks	Viva Marks	Total Marks	Weightage
RSC/N8027.Carry out assembling and finishing of plastic products	40	60	0	0	100	20
RSC/N8028.Carry out inspection activities of plastic products	40	60	0	0	100	15
RSC/N5610.Coordinate and communicate effectively at the workplace	40	60	-	-	100	5
RSC/N5001.Carry out housekeeping	40	60	-	-	100	5
RSC/N5007.Follow health & safety protocol	30	70	-	-	100	5

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
