SGJ/Q6103: Waste Picker

Brief Job Description

Waste picker collects, segregates and safely handles biodegradable, recyclable, nonrecyclable and hazardous waste from households, streets and waste management facilities. The individual supports door-to-door collection, ensures proper segregation using basic tools and PPE and prepares recyclable materials (sorting, cleaning, weighing and storing) for sale to recyclers or aggregators to earn a livelihood. The qualification also educates learners about the benefits of the NAMASTE Scheme and other relevant government welfare and social security schemes to promote occupational safety, financial inclusion and improved livelihood opportunities.

Personal Attributes

A waste picker should have physical stamina, a safety-conscious attitude, and good hygiene practices to handle waste effectively. They should also have attention to detail for proper segregation, basic communication skills, and a sense of responsibility. Additionally, environmental awareness and willingness to learn help improve their work and livelihood opportunities.

Applicable National Occupational Standards (NOS)

Compulsory NOS:

1. [SGJ/N3301: Introduce Roles and Responsibilities of a Waste Picker](#)
2. [SGJ/N3302: Execute Door-to-Door Segregated Waste Collection](#)
3. [SGJ/N0803: Follow Personal Health, Hygiene and Safety Practices at Work](#)
4. [SGJ/N3303: Apply Waste Handling Practices and Seek Livelihood & Welfare Support](#)
5. [SGJ/N3304: Prepare Reusable and Recyclable Waste for Sale](#)
6. [DGT/VSQ/N0101: Employability Skills \(30 Hours\)](#)

Qualification Pack

SGJ/N3301: Introduce Roles and Responsibilities of a Waste Picker

Description

This NOS covers the role of a waste picker and basics of waste segregation, including identifying, collecting, and sorting recyclable waste safely.

Scope

The scope covers the following :

- It covers understanding the waste pickers role and work context, along with identification, collection, and safe segregation of reusable and recyclable waste.

Elements and Performance Criteria

Introduction to the Role of Waste Picker

To be competent, the user/individual on the job must be able to:

- PC1.** Explain why waste collection is important for a clean environment, good health and earning a livelihood.
- PC2.** Describe the role and main duties of a Waste Picker.
- PC3.** Explain the importance of discipline, punctuality, honesty and good behaviour at work.
- PC4.** Identify simple communication skills needed to talk politely with households, supervisors, and team members
- PC5.** Explain basic points of the Solid Waste Management Rules, 2016 and latest amendments that a Waste Picker must follow.
- PC6.** Explain what the NAMASTE Scheme is and why it is implemented for sanitation and waste workers
- PC7.** Describe the basic steps of municipal solid waste management such as waste generation, collection, transport, and disposal
- PC8.** Explain the importance of equal participation of women and men in waste collection work.
- PC9.** Describe simple examples of organised waste collection models from cities like Pune (SWaCH) and Bengaluru (Hasiru Dala).
- PC10.** Show polite and respectful behaviour while collecting waste from households
- PC11.** Speak clearly and politely with households during door-to-door waste collection.
- PC12.** Work together with team members during waste collection activities
- PC13.** Follow instructions given by the supervisor during daily work
- PC14.** Take part in a simple group presentation on a successful waste collection model from a city.
- PC15.** Share key learnings from stories of organised waste collection models like SWaCH-Pune and Hasiru Dala-Bengaluru
- PC16.** Use pictures, charts or videos to identify benefits and support services under the NAMASTE Scheme.

Identify, Collect and Segregate Reusable and Recyclable Waste

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC17.** Explain categories of solid waste: biodegradable, recyclable, non-recyclable and hazardous.
- PC18.** Describe physical characteristics of common waste materials (plastic, paper, metal, glass, organic waste).
- PC19.** Explain basic source-level segregation principles.
- PC20.** Identify tools and equipment used for waste identification and collection (bags, magnets, sticks, containers).
- PC21.** Explain selection and purpose of PPE for waste identification and collection
- PC22.** Explain signs and symbols related to waste segregation and storage.
- PC23.** Demonstrate different categories of waste from mixed samples
- PC24.** Segregate reusable, recyclable, non-recyclable and hazardous waste correctly.
- PC25.** Use basic tools such as sticks and magnets for safe waste picking
- PC26.** Demonstrate the Do's and Don'ts of waste handling
- PC27.** Demonstrate how to prepare the equipment used for waste collection
- PC28.** Show to read Signs and Symbols used for waste collection
- PC29.** Demonstrate proper handling of Recyclable waste

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Understanding the role, duties, and work environment of a Waste Picker.
- KU2.** Knowledge of importance of waste collection for environment, health, and livelihood.
- KU3.** Awareness of discipline, punctuality, and proper work behaviour.
- KU4.** Basic understanding of Solid Waste Management Rules, 2016 and relevant guidelines.
- KU5.** Knowledge about NAMASTE Scheme and its benefits for sanitation workers.
- KU6.** Understanding of municipal solid waste management process (generation to disposal).
- KU7.** Identification of different waste categories (biodegradable, recyclable, non-recyclable, hazardous).
- KU8.** Knowledge of segregation principles and characteristics of common waste materials.
- KU9.** Awareness of tools, equipment, and PPE used in waste collection.
- KU10.** Understanding of basic communication and teamwork skills in daily work.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Ability to segregate waste correctly into different categories.
- GS2.** Skill to communicate politely with households, supervisors, and team members.
- GS3.** Ability to follow instructions and work in a disciplined manner.
- GS4.** Skill to use basic tools and PPE safely during waste collection.
- GS5.** Ability to work effectively in a team during collection activities.
- GS6.** Skill to handle waste safely and follow Dos and Dons.

Qualification Pack

- GS7.** Ability to identify waste types using signs, symbols, and physical characteristics.
- GS8.** Skill to maintain cleanliness and hygiene during work
- GS9.** Ability to participate in basic discussions or presentations.
- GS10.** Skill to adapt to different work environments and situations.

SGJ/N3302: Execute Door-to-Door Segregated Waste Collection

Description

This NOS covers door-to-door collection of segregated waste, ensuring proper handling, segregation, and transportation.

Scope

The scope covers the following :

- It covers door-to-door collection of segregated waste, including use of tools, route planning, safe handling, and transportation to collection points.

Elements and Performance Criteria

Practice Door to Door collection of Segregated waste

To be competent, the user/individual on the job must be able to:

- PC1.** Explain the concept and importance of door-to-door segregated waste collection.
- PC2.** Describe collection routes, schedules and coordination with households and supervisors.
- PC3.** Identify primary collection tools such as bins, bags, handcarts and wheelbarrows.
- PC4.** Explain procedures for collecting segregated waste from waste generators.
- PC5.** Describe containerization and temporary storage of segregated waste
- PC6.** Explain basic transportation of waste to secondary collection points while maintaining segregation
- PC7.** Demonstrate use of handcarts, bins and bags for door-to-door collection
- PC8.** Demonstrate how to collect segregated waste from households following route plans
- PC9.** Show how to maintain segregation during loading and unloading activities
- PC10.** Sort collected waste in appropriate containers.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Understanding door-to-door segregated waste collection.
- KU2.** Knowledge of routes, schedules, and coordination.
- KU3.** Awareness of collection tools and equipment.
- KU4.** Understanding collection and transportation procedures.
- KU5.** Knowledge of maintaining waste segregation.

Generic Skills (GS)

User/individual on the job needs to know how to:

Qualification Pack

- GS1.** Ability to collect waste door-to-door as per routes and schedule.
- GS2.** Skill to use collection tools like bins, bags, and handcarts properly.
- GS3.** Ability to maintain segregation during collection and transport.
- GS4.** Skill to coordinate and communicate with households and supervisors.
- GS5.** Ability to handle waste safely while maintaining hygiene.

SGJ/N0803: Follow Personal Health, Hygiene and Safety Practices at Work

Description

This NOS focuses on maintaining personal health, hygiene, and safety at the workplace, including use of PPE, hazard identification, and basic first-aid practices.

Scope

The scope covers the following :

- It covers personal hygiene, use of PPE, identification of workplace hazards, and following safety and first-aid procedures during waste management activities.

Elements and Performance Criteria

Workplace Health, Hygiene and Safety Practices

To be competent, the user/individual on the job must be able to:

- PC1.** Explain importance of personal cleanliness, hygiene and infection control
- PC2.** Identify workplace hazards related to waste handling and collection
- PC3.** Explain types and use of PPE such as gloves, masks, shoes and protective clothing
- PC4.** Describe safety SOPs for collection, segregation, storage and transportation activities
- PC5.** Explain basic first-aid requirements and emergency reporting procedures.
- PC6.** Demonstrate how wear and remove PPE correctly before and after work
- PC7.** Demonstrate the proper use of gloves, masks and other PPE
- PC8.** Demonstrate good housekeeping practices and infection control guidelines
- PC9.** Demonstrate how to identify the location of first aid materials and administer first-aid.
- PC10.** Demonstrate how to follow processes specified for disposal of hazardous waste
- PC11.** Follow safety procedures during simulated waste management tasks.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Understanding the importance of personal hygiene and infection control.
- KU2.** Knowledge of workplace hazards in waste management activities.
- KU3.** Awareness of types and proper use of PPE.
- KU4.** Understanding of safety SOPs for waste handling and transportation.
- KU5.** Knowledge of basic first-aid and emergency procedures.

SGJ/N3303: Apply Waste Handling Practices and Seek Livelihood & Welfare Support

Description

This NOS focuses on safe waste handling and transportation practices, along with awareness of livelihood opportunities and welfare schemes to improve the workers safety and income.

Scope

The scope covers the following :

- It covers safe handling and transportation of waste, along with accessing livelihood opportunities and welfare schemes for improved safety and income

Elements and Performance Criteria

Follow Waste Handling & Transportation Practices

To be competent, the user/individual on the job must be able to:

- PC1.** Explain standard procedures for handling segregated waste at collection and storage points.
- PC2.** Describe risks associated with improper handling and non-compliance with SOPs.
- PC3.** Explain materials movement and internal transport practices within waste management facilities.
- PC4.** Describe record keeping and simple reporting in waste management operations
- PC5.** Explain workplace discipline and compliance requirements
- PC6.** Handle and move segregated waste safely within work areas.
- PC7.** Apply to store waste materials properly to avoid contamination and loss
- PC8.** Maintain cleanliness of work area after handling activities
- PC9.** Fill basic records related to waste handling and movement
- PC10.** Follow workplace SOPs during simulated operations.

Access Livelihood Support and Welfare Services

To be competent, the user/individual on the job must be able to:

- PC11.** Explain the importance of financial inclusion for informal workers.
- PC12.** Identify basic financial services such as bank accounts, savings, insurance and pension schemes.
- PC13.** Explain the importance of identity documents for accessing financial services and government schemes.
- PC14.** Identify welfare and social security schemes relevant to Waste Pickers, such as NAMASTE, ESIC and PM-JAY.
- PC15.** Explain the main benefits of social security schemes, including health care, insurance and pension support
- PC16.** Describe the basic eligibility, enrolment process and documents required for selected social security and livelihood support schemes

Qualification Pack

- PC17.** Explain common difficulties faced while accessing social security benefits and simple ways to overcome them
- PC18.** Explain the harmful effects of substance abuse and the purpose of awareness campaigns such as Nasha Mukta Bharat Abhiyaan.
- PC19.** Identify and organise required documents for enrolment in financial, welfare and social security schemes.
- PC20.** Assist in filling simple application and enrolment forms using given information.
- PC21.** Prepare a simple household or savings budget.
- PC22.** Maintain basic records related to savings, benefits and scheme enrolment
- PC23.** Use charts, pictures or videos to identify enrolment steps and service linkages for social security and health schemes.
- PC24.** Take part in a simple “Myth vs Fact” activity related to social security schemes such as NAMASTE, ESIC and PM-JAY.
- PC25.** Demonstrate responsible and respectful behaviour while accessing banks, offices or service centres.
- PC26.** Participate in group role-play activities to show teamwork and handle simple workplace conflicts.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Understanding SOPs for safe waste handling, storage, and transportation.
- KU2.** Knowledge of risks and hazards of improper waste handling.
- KU3.** Awareness of material movement and internal transport practices.
- KU4.** Understanding of basic record keeping and reporting in waste operations.
- KU5.** Knowledge of workplace discipline and compliance requirements.
- KU6.** Understanding the importance of financial inclusion for waste workers.
- KU7.** Awareness of basic financial services (banking, savings, insurance, pension).
- KU8.** Knowledge of identity documents required for schemes and services.
- KU9.** Understanding of welfare and social security schemes (NAMASTE, ESIC, PM-JAY) and their benefits.
- KU10.** Awareness of enrolment process, challenges, and basic solutions, including risks of substance abuse.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Ability to handle and move waste safely as per SOPs.
- GS2.** Skill to store waste properly to avoid contamination and loss.
- GS3.** Ability to maintain cleanliness of the work area.
- GS4.** Skill to follow workplace rules and discipline.

Qualification Pack

- GS5.** Ability to maintain basic records and reports.
- GS6.** Skill to organise and manage required documents for schemes.
- GS7.** Ability to assist in filling simple forms and applications.
- GS8.** Skill to manage basic savings and budgeting.
- GS9.** Ability to access and use welfare and financial services responsibly.
- GS10.** Skill to work in a team and handle simple workplace situations effectively.

SGJ/N3304: Prepare Reusable and Recyclable Waste for Sale

Description

This NOS focuses on preparing, cleaning, grading, storing, and selling recyclable waste to ensure better quality and value in the market.

Scope

The scope covers the following :

- It covers cleaning, grading, storage, weighing, and selling of recyclable waste, ensuring quality standards and safe, ethical practices with buyers.

Elements and Performance Criteria

Preparation and Sale of Reusable and Recyclable Waste

To be competent, the user/individual on the job must be able to:

- PC1.** Explain importance of cleaning and preparing recyclable waste before sale.
- PC2.** Identify categories of recyclable materials suitable for sale (plastic, paper, metal, glass, etc.)
- PC3.** Describe cleaning, drying and grading methods for different materials.
- PC4.** Explain quality parameters required by aggregators and recyclers
- PC5.** Describe safe storage practices to avoid contamination and value loss.
- PC6.** Explain basic weighing, pricing and selling procedures
- PC7.** Explain ethical and safe practices while dealing with buyers.
- PC8.** Show proper clean and dry recyclable waste before storage or sale.
- PC9.** Demonstrate how to store prepared materials properly to maintain quality.
- PC10.** Demonstrate how to weigh recyclable waste using basic weighing tools.
- PC11.** Perform how to calculate basic price and prepare for sale.
- PC12.** Demonstrate safe and ethical interaction with buyers and aggregators.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Understanding the importance of preparing recyclable waste before sale.
- KU2.** Knowledge of different categories of recyclable materials.
- KU3.** Awareness of cleaning, drying, and grading methods.
- KU4.** Understanding of quality standards required by buyers/aggregators.
- KU5.** Knowledge of basic weighing, pricing, and selling procedures.

Generic Skills (GS)

User/individual on the job needs to know how to:

Qualification Pack

- GS1.** Ability to clean, dry, and prepare recyclable waste properly.
- GS2.** Skill to store materials safely to maintain quality.
- GS3.** Ability to use weighing tools accurately.
- GS4.** Skill to calculate basic pricing for sale.
- GS5.** Ability to interact safely and ethically with buyers/aggregators.

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the assessment, every trainee should score the Recommended Pass % aggregate for the Qualification.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification.

Qualification Pack

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
