SPF/N1147: Plan a swimming program

Description

This unit is about planning a swimming program for the different participants.

Scope

The scope covers the following :

- Determine participants need
- Design swimming program
- Plan for a safe learning environment
- Maintain hygiene and sanitation

Elements and Performance Criteria

Determine participant needs

To be competent, the user/individual on the job must be able to:

- PC1.** collect health/medical data of the participants
- PC2.** conduct physical fitness assessment of participants and maintain record
- PC3.** identify participants' needs and potential
- PC4.** maintain confidential information, following legal and organizational procedures

Design swimming program

To be competent, the user/individual on the job must be able to:

- PC5.** establish appropriate goals for each participant
- PC6.** categorize group members based on their goal and abilities
- PC7.** develop program structures that encourage participants' development and retention
- PC8.** develop training plan to enhance the participant's swimming skills and fitness levels
- PC9.** plan equipment and support staff required to execute the program
- PC10.** identify appropriate equipment and support system for participants with special needs
- PC11.** ensure session plans are inclusive and progressive

Plan for a safe learning environment

To be competent, the user/individual on the job must be able to:

- PC12.** ensure pool, surrounding area, facilities and equipment are regularly inspected for cleanliness, safety and usage
- PC13.** ensure the protocols are set for any medical emergencies
- PC14.** establish an agreement with the nearby medical facility for emergency situations
- PC15.** identify methods to minimize potential risks which may arise during the swimming program

Maintain hygiene and sanitation

To be competent, the user/individual on the job must be able to:

- PC16.** ensure personal hygiene
- PC17.** ensure equipment, pool area, common area, etc. are sanitized before and after the usage

Qualification Pack

PC18. report advanced hygiene and sanitation issues to appropriate authority

PC19. ensure everyone practices hygiene and sanitation requirements at workplace

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. swimming pool specifications as per facility (length, breadth, size etc.)

KU2. guidelines for scheduling training sessions

KU3. procedure for training for the swimming sessions

KU4. emergency response to injury / accident

KU5. emergency evacuation procedure/ protocol

KU6. various swimming strokes and techniques

KU7. need-based training schedules

KU8. how to conduct skill and fitness drills

KU9. usage of swimming aids and equipment

KU10. different types of disabilities

KU11. safety acts and measures for activities

KU12. basic first aid practices

KU13. types of emergency equipment such as self-breathing equipment, personal safety devices

KU14. roles and responsibilities of all individuals/teams relevant to the pool facility

KU15. guest rules/ rights for usage of pool/swimming facility

KU16. how to operate and maintain aquatic equipment such as water filtration, sanitation equipment etc.

KU17. safety signs and instructions for swimmers/pool users

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. create annual training plan

GS2. prepare a questionnaire for the need-based assessments

GS3. inform about an event, an incident, report a grievance

GS4. seek permission for help and support via written communication

GS5. read and comprehend all job-related documents like policy, code of conduct, curriculum, etc.

GS6. incorporate feedback

GS7. implement and follow policies governing the protection of children and vulnerable adults from abuse

GS8. use appropriate swimming related vocabulary

GS9. use age-appropriate language

GS10. listen to and understand any challenges faced by participants

Qualification Pack

- GS11.** interact with all relevant stakeholders- parents, sporting officials, athletes in an open and patient manner
- GS12.** address any deviation in the yearly plan and change it accordingly to meet the desired goal

SPF/N1148: Conduct swimming sessions

Description

This unit is about understanding how to instruct effective swimming sessions

Scope

The scope covers the following :

- Prepare to conduct swimming sessions
- Teach water familiarization, buoyance and mobility skills
- Teach swimming strokes
- Guide on water safety and survival skills

Elements and Performance Criteria

Prepare to instruct swimming sessions

To be competent, the user/individual on the job must be able to:

- PC1.** undertake safety checks to ensure the training environment meets the required standards
- PC2.** ensure lifeguards are stationed at their designated places during the sessions
- PC3.** confirm water temperature, pH and chlorine levels as per the standards
- PC4.** confirm all safety checks for hazards, electrical components, etc. are done before the session
- PC5.** ensure the required floating aids, equipment and accessories are available
- PC6.** set up equipment safely for the planned activity(s)
- PC7.** explain the emergency procedures to the participants
- PC8.** ensure first aid kit is complete and easily accessible
- PC9.** inform participants of individual and session goals
- PC10.** check if participants' outfits, gears are appropriate for swimming activities
- PC11.** document key instructional information to be incorporated during the session

Teach water familiarisation, buoyancy and mobility skills

To be competent, the user/individual on the job must be able to:

- PC12.** introduce participants to the water (entering, leaving and moving through the water)
- PC13.** allocate sufficient space and assemble floating aids, equipment for the drills, activities or games
- PC14.** determine appropriate drills, activities and or games for the participant group
- PC15.** conduct drills, activities and games which incorporate water familiarisation, buoyancy and mobility skills
- PC16.** ensure drills, activities and or games are age-appropriate
- PC17.** provide clear and accurate instruction during drills, activities or games
- PC18.** modify the activity as required according to participant needs and factors which affect skills acquisition
- PC19.** monitor the performance of each swimmer and provide feedback as required

Qualification Pack

PC20. respond to the concerns and questions of the participants

Teach swimming strokes

To be competent, the user/individual on the job must be able to:

PC21. conduct appropriate warm-up and lead-up activities

PC22. ensure participants have understood the instructions on session and safety

PC23. identify the basic biomechanical principles of the strokes and break each part into its components

PC24. conduct drills to teach freestyle, backstroke, breaststroke and butterfly stroke

PC25. teach breathing techniques associated with each type of stroke

PC26. identify and document technique checklist

PC27. introduce one stroke at a time depending on the level of the participants

PC28. change the delivery plans as per the circumstances/needs

PC29. apply instructing techniques and strategies as per the training plan

PC30. provide opportunities for the active involvement of all participants

PC31. ensure participants respect the opposite gender

PC32. use gender-sensitive, non-discriminatory language

PC33. provide equal opportunities to all participants irrespective of gender and disability

PC34. identify alternative activities as appropriate to meet changing needs of participants

PC35. use appropriate cool down activities to end the sessions

PC36. conclude every session summarizing participants' progress and areas of improvement

Guide on water safety and survival skills

To be competent, the user/individual on the job must be able to:

PC37. conduct water entry and exit drills

PC38. teach breathing techniques to preserve oxygen levels

PC39. teach survival techniques without flotation equipment such as survival backstroke, sidestroke, logroll technique, etc.

PC40. teach survival and rescue techniques using flotation equipment

PC41. teach hand signals and other clues to attract attention for support during emergencies

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. buoyancy, center of gravity, lift force, water friction, etc.

KU2. type of learners (auditory, visual, kinesthetic, etc.)

KU3. principles of aquatic training

KU4. principles of session planning to develop activity-specific plans

KU5. guidelines for scheduling training sessions

KU6. forces effecting movement in water and the factors that affect each force

KU7. stages of skill development and skill acquisition

KU8. motivational techniques to encourage slow learners, reluctant learners, etc.

Qualification Pack

- KU9.** various types and techniques of swimming strokes
- KU10.** need-based training schedules
- KU11.** how to conduct skill and fitness drills
- KU12.** usage of pool equipment
- KU13.** types of disabilities
- KU14.** importance of gender sensitivity and respecting personal space
- KU15.** types of misbehavior behaviour as per organizational policy
- KU16.** safety acts and safety measures during activities
- KU17.** emergency evacuation procedure/ protocol (during fire, earthquake, etc.)
- KU18.** basic first aid practices

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** document sessions
- GS2.** work with checklist
- GS3.** communicate effectively
- GS4.** incorporate feedback
- GS5.** implement and follow organizational policies
- GS6.** explain rights of pool users
- GS7.** use appropriate language in accordance to the age group
- GS8.** listen to and understand any challenges faced by participants
- GS9.** determine the type of technical training in swimming
- GS10.** identify and plan activities for the participants based on their capabilities and inclinations
- GS11.** determine the corrective actions for slow and fast learners
- GS12.** organize and conduct the sessions and meetings
- GS13.** maintain a count of equipment, machinery etc.
- GS14.** resolve conflicts during coaching sessions
- GS15.** interact with all relevant stakeholders- parents, sporting officials in an open and patient manner
- GS16.** address any deviation in the yearly plan and change it accordingly to meet the desired goal
- GS17.** implement remedial plans
- GS18.** set achievable challenges

SPF/N1149: Review the swimming program

Description

This unit is about understanding how to review the swimming program

Scope

The scope covers the following :

- Evaluate the participants' progress
- Evaluate the effectiveness of the program
- Work effectively with others

Elements and Performance Criteria

Evaluate the participants' progress

To be competent, the user/individual on the job must be able to:

- PC1.** identify the assessment metrics to conduct assessment for endurance and speed
- PC2.** conduct technique assessments for all strokes
- PC3.** assess knowledge of the application of the principles of movement in water
- PC4.** prepare the assessment report for each participant which summarizes their performance, progress, achievements and areas of improvement
- PC5.** conduct personal feedback session for all participants
- PC6.** set achievable goals of improvement for each participant
- PC7.** design strategies and training methods to address areas of development

Evaluate the effectiveness of the program

To be competent, the user/individual on the job must be able to:

- PC8.** collect information from appropriate sources on the effectiveness of the program
- PC9.** analyze the findings to make modifications to the training program
- PC10.** review the data on retention of participants
- PC11.** identify aspects needing further emphasis or attention in future sessions
- PC12.** review own performance and identify areas of improvement

Work effectively with others

To be competent, the user/individual on the job must be able to:

- PC13.** interact (verbal, non-verbal and written) with clients in a gender, disability, and culturally sensitive manner
- PC14.** promote safe and interactive environment by educating participants on rules of safety
- PC15.** identify and report inappropriate behaviour (e.g. sexual harassment) to appropriate authority
- PC16.** create participants' feedback form on the sessions conducted

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

Qualification Pack

- KU1.** methods of fitness assessment in swimming
- KU2.** pros and cons of various methods of fitness assessments and their suitability for clients
- KU3.** methods to analyse the outcomes assessments
- KU4.** policies and procedures to enable ethical and compliant collection, use and storage of client information
- KU5.** usage of various floating aids and equipment
- KU6.** methods of collecting information about participants
- KU7.** various health screening procedures, metrics, equipment
- KU8.** guidelines on safe and effective program design
- KU9.** key health hazards, barriers to swimming program
- KU10.** methods to improve the validity and reliability of testing for exercise clients
- KU11.** basic principles of project planning (SMART, Plan-Check-Act, etc.)
- KU12.** types of behaviour which are outside the scope of participant-trainer relationship

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** document medical and fitness history of participants
- GS2.** read and understand the needs of participants
- GS3.** read and understand all usage and safety manuals for pool equipment
- GS4.** read and learn about latest nutritional updates
- GS5.** communicate in a clear and polite manner with others when receiving enquiries, clarifications or feedback on performance
- GS6.** explain the training schedule and effects
- GS7.** ensure participants adhere to safety guideline
- GS8.** decide if training should be terminated or altered in special circumstances
- GS9.** discuss sensitive health issues with participants in an open and understanding manner
- GS10.** treat clients with care and follow organizational policy in case of conflicts
- GS11.** ensure clients are physically comfortable during training
- GS12.** identify problems and apply solutions
- GS13.** assess the situation and provide instructions/follow directions to deal with emergency situations

SGJ/N1702: Optimize resource utilization at workplace

Description

This unit is about adopting sustainable practices and optimizing use of resources, especially material, energy and waste, in day-to-day operations at work

Scope

The scope covers the following :

- Material conservation practices
- Energy/electricity conservation practices
- Effective waste management/recycling practices

Elements and Performance Criteria

Material conservation practices

To be competent, the user/individual on the job must be able to:

- PC1.** identify ways to optimize usage of material including water in various tasks/activities/processes
- PC2.** check for spills/leakages in various tasks/activities/processes
- PC3.** plug spills/leakages and escalate to appropriate authority if unable to rectify
- PC4.** carry out routine cleaning of tools, machines and equipment

Energy/electricity conservation practices

To be competent, the user/individual on the job must be able to:

- PC5.** identify ways to optimize usage of electricity/energy in various tasks/activities/processes
- PC6.** check if the equipment/machine is functioning normally before commencing work and rectify wherever required
- PC7.** report malfunctioning (fumes/sparks/emission/vibration/noise) and lapse in maintenance of equipment
- PC8.** ensure electrical equipment and appliances are properly connected and turned off when not in use

Effective waste management/recycling practices

To be competent, the user/individual on the job must be able to:

- PC9.** identify recyclable and non-recyclable, and hazardous waste generated
- PC10.** segregate waste into different categories
- PC11.** dispose non-recyclable waste appropriately
- PC12.** deposit recyclable and reusable material at identified location
- PC13.** follow processes specified for disposal of hazardous waste

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

Qualification Pack

- KU1.** potential hazards, risks and threats based on the nature of work
- KU2.** layout of the workstation and electrical and thermal equipment used
- KU3.** organizations procedures for minimizing waste
- KU4.** efficient and inefficient utilization of material and water
- KU5.** ways of efficiently managing material and water in the process
- KU6.** basics of electricity and prevalent energy efficient devices
- KU7.** ways to recognize common electrical problems
- KU8.** common practices of conserving electricity
- KU9.** usage of different colours of dustbins
- KU10.** categorization of waste into dry, wet, recyclable, non-recyclable and items of single-use plastics
- KU11.** waste management and methods of waste disposal
- KU12.** common sources of pollution and ways to minimize it

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** record data on waste disposal at workplace
- GS2.** complete statutory documents relevant to safety and hygiene
- GS3.** read Standard Operating Practices (SOP) documents
- GS4.** communicate with colleagues on the significance of greening of jobs
- GS5.** make timely decisions for efficient utilization of resources
- GS6.** complete tasks efficiently and accurately within stipulated time
- GS7.** work with supervisors/team members to carry out work related tasks
- GS8.** identify cause and effect of greening of jobs

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down the proportion of marks for Theory and Skills Practical for each PC.
2. The assessment for the theory part will be based on the knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for the theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score a minimum of 70% of % aggregate marks to successfully clear the assessment.

Qualification Pack

7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack

Minimum Aggregate Passing % at QP Level : 70

(**Please note:** Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Assessment Weightage

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
